March 30th, 2018

This wrap fee program brochure provides information about the qualifications and business practices of Capital Asset Advisory Services, LLC. If you have any questions about the contents of this brochure, please contact us at (517) 339-7662 or at kene@wealth-advisor.biz. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any state securities authority. Additional information about Capital Asset Advisory Services, LLC is available on the SEC's website at www.adviserinfo.sec.gov. You can search this site by a unique identifying number, known as a CRD number. The CRD number for Capital Asset Advisory Services, LLC is 110929. Registration with the Securities and Exchange Commission does not imply a certain level of skill or training.

Item 2. Summary of Material Changes

We have made no material changes to this Form ADV Part 2A Appendix 1 Wrap Fee Brochure since it was filed with the SEC in March 2017.

We will ensure that the Client receives a summary of any material changes to this and subsequent Brochures within 120 days of the close of our business' fiscal year which is December 31st. We will provide other ongoing disclosure information about material changes as necessary. We will also provide the Client with a new Brochure, as necessary, based on changes or new information. Currently, our Brochure may be requested at any time, without charge, by contacting our Chief Compliance Officer ("CCO") 517-339-7662.

Item 4. Services, Fees and Compensation

Capital Asset Advisory Services, LLC is an SEC-registered investment adviser with its principal place of business located in Michigan. Capital Asset Advisory Services, LLC. (“CAAS”) began conducting business in 2004.

Listed below are the firm's principal shareholders (i.e., those individuals and/or entities controlling 25% or more of this company).

Anthony Joseph Mazzali, Managing Member

We offer our Clients a package of supervisory investment management discretionary and non-discretionary advisory services that includes brokerage, custody, financial planning, administration, fee billing, and reporting, where Client assets are held at unaffiliated qualified banking institutions established through direct Client negotiated arrangements with the banking institution. Portfolio management is provided through a Client selected model of predetermined investments designed to meet our Clients’ financial plan investment objectives and needs. All models are constructed, managed, and maintained by CAAS, including separately customized models constructed by independent representatives for a limited number of Clients who do not select one of the models more fully described below. We maintain all models on our systems, software, and technology, some of which is provided to us, in part, from custodians where Client assets are held, that is used to deliver a total package of investment advisory and related services to our Clients, collectively referred to as the Managed Client Account Platform (“MCAP” or the “Platform”).

Our fees for Platform services include an advisory fee and an administrative fee, as set forth in the Fees section below.

WealthMark, WealthMark II, and WealthBuilder Model Program Accounts (“Program Accounts”)

We assist our Clients in determining investment goals and objectives, risk tolerance, and retirement plan time horizon often contained in a financial plan or investment policy statement. Based on this information, we create an initial portfolio allocation designed to complement a Client’s educational, home ownership, and retirement goals and objectives. We also recommend investing in more than one of our model portfolios if suitable, depending on risk threshold and other factors mentioned immediately above.

The WealthMark Program Accounts consist of the WealthMark, WealthMark II, and WealthBuilder models (“The Account”), which are discretionary advisory accounts. This means that the Client authorizes the Adviser to buy, sell, or otherwise trade securities or other investments in the Account without discussing the transactions with the Client in advance. The model securities are limited to open-end mutual funds and exchange-traded funds (“ETFs”). Securities selection in WealthMark program allocations fall into two groups. Portfolios including mutual funds with

higher minimum investment requirements are called “WealthMark Portfolios”; portfolios including mutual funds with lower minimum investments are called “WealthBuilder Portfolios.” The WealthMark program includes an allocation to Dimensional Fund Adviser Products, as well as other model alternative investments. The WealthMark II program does not use Dimensional Funds Adviser Products or alternative investments. Our investment policy committee manages all WealthMark, WealthMark II, and WealthBuilder portfolios on a discretionary basis.

Clients have the option to select from among the following Program Accounts:

Wealthbuilder Conservative • Wealthbuilder Moderate Conservative • Wealthbuilder Moderate • Wealthbuilder Moderate Aggressive • Wealthbuilder Aggressive • WealthMark Conservative • WealthMark Moderate Conservative • WealthMark Moderate • WealthMark Moderate Aggressive • WealthMark Aggressive • WealthMark II Conservative • WealthMark II Moderate Conservative • WealthMark II Moderate • WealthMark II Moderate Aggressive • WealthMark II Aggressive • WealthMark Income Only • WealthMark Income with Growth • WealthMark Michigan Municipal Income • WealthMark Missouri Municipal Income • WealthMark Municipal Income • WealthMark NonQualified Moderate Conservative • WealthMark NonQualified Moderate • WealthMark NonQualified Moderate Aggressive • WealthMark Tactical

The WealthMark Tactical Program Account is based on securities selection and trading signals provided by Dorsey Wright, an unaffiliated firm.

Optimark Program Accounts

The Optimark Program is a discretionary advisory account program (the "Account"). This means that the Client authorizes the Adviser to buy, sell, or otherwise trade securities or other investments in the Account without discussing the transactions with Client in advance. The securities are limited to open-end mutual funds, SMA Managers in which they have discretion to select individual securities, and exchange-traded funds (“ETFs”). Optimark Accounts are managed in accordance with one of the Optimark Models described below. There is a \$1 million minimum Client overall requirement of investable assets with CAAS in order to invest in this program. We waive these minimums at our discretion based on these criteria. Due to Envestnet requirements, we access the SMA managers directly through Envestnet.

There are currently 9 model portfolios available to Clients of the Optimark Program:

Optimark Active Conservative • Optimark Active Balanced • Optimark Active Growth • Optimark Passive Conservative • Optimark Passive Balanced • Optimark Passive Growth • Optimark Endowment Conservative • Optimark Endowment Balanced • Optimark Endowment Growth

Optimark Active Conservative, Optimark Active Balanced, Optimark Active Growth, Optimark Passive Conservative, Optimark Passive Balanced, Optimark Passive Growth, Optimark Endowment Conservative, Optimark Endowment Balanced, and Optimark Endowment Growth.

Advisor as Portfolio Manager Accounts (“APM”)

For a more customized portfolio than those offered in the WealthMark, WealthMark II, WealthBuilder, or Optimark programs, we provide APM models, in which one of our Investment Adviser Representatives (“IARs”) will individually manage the Client’s account. These accounts include individual non-investment vehicle listed securities as well as mutual funds and ETFs, and in suitable circumstances, Fee Based Annuities available through TD Ameritrade. The Client’s IAR at times will recommend the use of Level One (covered) option writing if the IAR believes it is appropriate for the Client’s needs and is consistent with the Client’s tolerance for risk. This investment strategy is described in Item 6 of this Brochure.

The Client account can be managed on a discretionary or a non-discretionary basis. In a discretionary account, we will place trades in the Client account without calling the Client to obtain permission for the specific trades. In a nondiscretionary account, we call to obtain consent for each transaction before we place it with an unaffiliated broker for execution. The investment strategies and securities selections for APM accounts are model driven strategies with investments determined by the Client and the IAR managing the account. Investments selected often differs among similarly managed accounts.

Retirement Plan Services

We provide investment advisory services to companies sponsoring 401(k) plans. We work with plan trustees and the third-party administrators (“TPAs”) selected by the plan to recommend and periodically review investment selections to be made available in the plan.

Trustees of 401(k) plans select one or more portfolios we manage as investment options for their participants. 403(b) trustees may provide an option under which plan participants may engage us for personalized investment advice concerning the participants’ sub-accounts. In both situations, the participant may select from among several investment models based on various asset classes. We will then instruct the TPA to create a portfolio using the funds available in the plan that correlate to the investment classes in the model portfolio. We will communicate changes in the model portfolios to the various TPAs, who will make the appropriate changes in the participant’s holdings.

Trading in WealthMark, WealthMark II, and WealthBuilder Program Accounts, Optimark Program Accounts, and Advisor As Portfolio Manager Accounts

We suggest that Clients invested in WealthMark, WealthMark II, WealthBuilder, Optimark, and APM Accounts execute trades through TD Ameritrade Institutional. CAAS participates in the institutional advisor program offered by TD Ameritrade Institutional. TD Ameritrade Institutional is a division of TD Ameritrade Inc., member FINRA/SIPC (“TD Ameritrade”), an unaffiliated SEC-registered broker-dealer and FINRA member. TD Ameritrade offers to independent investment advisors services which include custody of securities, trade execution, clearance, and

settlement of transactions. CAAS receives some benefits from TD Ameritrade through its participation in the TD Ameritrade Institutional Program.

We reasonably believe that in the case of managed accounts, TD Ameritrade's blend of execution services, commission, and transaction costs as well as professionalism is consistent with our best execution and fiduciary duty to the Client. We anticipate that most trades will be executed at TD Ameritrade; however, in unusual circumstances, we reserve the right to engage the services of other custodians, for example, to execute transactions in thinly-traded ETFs. In this situation with thinly-traded ETFs, CAAS will absorb the trading costs associated with the use of another custodian.

In addition to using TD Ameritrade as a custodian, CAAS has a relationship with Mid Atlantic Capital Group, Inc. ("Mid Atlantic") which CAAS uses for situations where TD Ameritrade is not a fit for that particular Client.

Generally, Envestnet will aggregate all Wealthmark, Wealthmark II, and Wealthbuilder model driven orders through their platform for the purchase and sale of securities if aggregation is consistent with achieving best execution for the various Client accounts. Orders are placed with the execution broker through a trade order module which automatically aggregates all Client model driven transactions for the same security in the same direction that is electronically delivered to the broker. All executed transactions are auto-filled directly into the Client's accounts account at the Client selected custodian. All participating accounts receive the average share price for the transaction and bears a proportionate share of all transaction costs, based on each account's participation in the transaction, subject to our discretion primarily for individually traded accounts depending on factual or market conditions and the duty to achieve best execution for Client accounts. We may include proprietary or personal accounts in block trades. These proprietary or personal accounts are treated as Client accounts and are given neither preferential nor inferior treatment versus other Client accounts.

Envestnet allocates orders among Client accounts in a fair and equitable manner. Generally, the Client model(s) automatically pre-allocate orders based on style drift and during periodic account rebalancing based on accounts with the same or similar investment objective on a pro rata basis according to the difference between existing holdings and the model recommendations. During times of style drift, the order is automatically generated to bring the Client(s) account(s) back in line with the specific Client selected model. We do not allocate trades on the basis of account performance or the amount or structure of management fees.

However, the following factors will impact the manner in which an allocation to a Client's accounts deviates either from the model and individually traded accounts that do not participate in an eligible recommendation:

1. an account's existing positions in securities;
2. the cash availability of one or more particular accounts;
3. a partial fill of the block trade;

4. tax reasons.

We receive no additional compensation or remuneration of any kind due to the aggregation of Client trades.

In APM Accounts, trades executed on Envestnet flow directly from the site to the custodian without Envestnet's intervention. This means that there is a straight flow through of trade instructions placed in Envestnet sent directly to the custodian. Advisors also have the ability to place trades directly with TD Ameritrade using TD Ameritrade's Veo trading tool. Trade information flows back and forth from TD Ameritrade and Envestnet via a data feed.

Additional Disclosures Regarding TD Ameritrade

TD Ameritrade provides certain trading and operational services to the Adviser at no cost, the substantial benefits of which are passed on to Clients. These services include, among others, brokerage, custodial, administrative support, record keeping, and related services that are intended to support intermediaries like the Adviser in conducting business and in serving the best interests of their Clients but that benefit CAAS in the form of administrative support, software, and systems. CAAS receives some benefits from TD Ameritrade through its participation in the Program.

We have negotiated a standard pricing model with TD Ameritrade that is favorable for our Clients based on the fact that we are not a high-volume or tactical trader. However, for accounts using a strategy that requires more active trading in APM accounts, TD Ameritrade may assess transaction charges which we do not have the ability to negotiate. As disclosed above, CAAS participates in TD Ameritrade's institutional customer program and CAAS recommends TD Ameritrade to Clients for custody and brokerage services. There is no direct link between CAAS' participation in the program and the investment advice it gives to its Clients. Benefits include the following products and services (provided without cost or at a discount): receipt of duplicate Client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving CAAS participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to Client accounts); the ability to have advisory fees deducted directly from Client accounts; access to an electronic communications network for Client order entry and account information; access to mutual funds with no transaction fees and to certain institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to CAAS by third party vendors.

The benefits received by CAAS or its personnel through participation in the program does not depend on the amount of brokerage transactions directed to TD Ameritrade. As part of its fiduciary duties to Clients, CAAS endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits by CAAS or its related persons in and of itself creates a potential conflict of interest and may indirectly influence CAAS's choice of TD Ameritrade for custody and brokerage services. This potential conflict is addressed by passing through benefits received in the form of Clients receiving brokerage transactions for no commission and other execution related costs where appropriate.

CAAS and TD Ameritrade have entered into a separate agreement (“Additional Services Addendum”) to govern the terms of the provision of the Additional Services. Specifically, the Additional Services include financial support used to assist in paying for Envestnet. CAAS utilizes Envestnet for several functions, including trading, proposal generation, reporting functionality, and Client advisory fee billing and collection. This arrangement is not dependent upon CAAS generating a minimum number of transactions or commissions for TD Ameritrade and is used to benefit all CAAS Clients.

CAAS’ receipt of Additional Services raises potential conflicts of interest where CAAS may have an incentive to recommend to its Clients that the assets under management by CAAS be held in custody with TD Ameritrade and to place transactions for Client accounts with TD Ameritrade. CAAS’s receipt of Additional Services does not diminish its duty to act in the best interests of its Clients, including seeking best execution of trades for Client accounts. CAAS passes certain benefits to Clients through the provision of services provided and no brokerage transactions charge.

CAAS considers a number of factors in selecting brokers and custodians at which to locate (or recommend location of) its Client accounts, including, but not limited to, execution capability, experience and financial stability, reputation, and the quality of services provided. CAAS performs an analysis of services provided in light of the overall costs that is compared to competitors in the industry as part of its ongoing due diligence of TD.

TD Ameritrade does not supervise CAAS and has no responsibility for CAAS’s management of Client portfolios or CAAS’s other advice or services.

Fees

WealthMark, WealthMark II, and WealthBuilder Program

WealthMark, WealthMark II, and WealthBuilder Program Accounts are offered on a wrap fee basis, in which the Client will pay an annual advisory fee of up to 2.25%. All WealthMark Accounts pay an annual administrative fee of up to .40% to cover costs associated with servicing the Client’s account (including costs for technology and miscellaneous costs associated with providing administrative services apart from investment advice, such as processing Client requests for asset transfers, disbursements, portfolio management and trading costs, compliance, and other such administrative matters.) These cost can be higher or lower depending on the type of Client and difficulty in administering the account.

These administrative services are provided by Wealth Advisory Group, an affiliate of CAAS. This presents a conflict of interest which is discussed in more detail in *Item 9- Other Financial Industry Activities and Affiliations* below.

WealthMark, WealthMark II, and WealthBuilder Program fees are directly debited from Client’s custodial accounts, unless billed directly.

Optimark Program Accounts

We offer Optimark Program Accounts on a wrap fee basis, in which the Client pays an annual advisory fee of up to 2.25%. All UMA Program Accounts will pay an additional administrative fee of up to .80% to cover costs associated with servicing the Client account (including costs for technology and miscellaneous costs associated with providing administrative services apart from investment advice, such as processing Client requests for asset transfers, disbursements, portfolio management, trading costs, compliance, and other such administrative matters.) These administrative services are provided by Wealth Advisory Group, an affiliate of CAAS. This presents a conflict of interest which is discussed in more detail in *Item 9- Other Financial Industry Activities and Affiliations* below. In addition, SMA Managers also charge a quarterly manager fee for use of their SMA products on the Envestnet platform.

We will directly debit the Optimark Program fees from the Client's custodial account, unless we agree to bill the Client directly.

Advisor As Portfolio Manager Accounts

We offer APM Accounts on a wrap fee basis, in which the fee includes ticket charges (unless waived), or on a fee-only basis, in which case the Client is charged separately for ticket charges. In either case, we charge an annual advisory fee of up to 2.25% of assets under management. These Accounts will pay an additional annual administrative fee of up to 0.40% to cover costs associated with servicing the Client account (including costs for technology and miscellaneous costs associated with providing administrative services apart from investment advice, such as processing Client requests for asset transfers, disbursements, portfolio management and trading costs, compliance, and other such administrative matters.) These administrative services are provided by Wealth Advisory Group, an affiliate of CAAS. This presents a conflict of interest which is discussed in more detail in *Item 9- Other Financial Industry Activities and Affiliations* below. We will directly debit APM Account fees from the Client's custodial account(s), unless we agree to bill the Client directly.

Additionally, we have the ability to offer certain fee based annuity products to Clients through TD Ameritrade. The annuities are charged an advisor fee of up to 2.25% of assets under management in addition to the fee from the annuity product company that has a relationship with TD Ameritrade. CAAS does not collect an admin fee on these APM Accounts.

Retirement Plan Services

CAAS IARs charge an advisory fee for their services in which CAAS receives a portion of. Additionally, the Third Party Administrator, in most cases, charges an administration fee for use of the platform and the costs of administering the platform. CAAS does not receive any portion of this fee. There are also no additional ticket charges or commissions received for any Retirement Plan Services through CAAS.

Additional Information about our Services and Fees

We generally do not separately offer the services provided under the WealthMark, WealthMark II, WealthBuilder, and Optimark Programs. However, the client may be able to purchase services similar to those offered under the WealthMark, WealthMark II, WealthBuilder, and Optimark Programs from other service providers either separately or as part of a similar wrap fee program. These services or programs may cost more or less than the WealthMark, WealthMark II, WealthBuilder, and Optimark Programs, depending on the fees charged by such other service providers.

As noted above, we offer APM Accounts on a wrap fee basis, in which the fee may include ticket charges, or on a fee-only basis, in which case the client is charged separately for ticket charges. However, the client may be able to purchase similar services from other service providers either separately or as part of a similar wrap fee program. These services or programs may cost more or less than what we charge for APM Accounts, depending on the fees charged by such other service providers.

In evaluating “wrap fee” investment programs, the client should recognize that transactions are usually effected “net”, that is, without commission. A portion of the wrap fee is generally considered as being in lieu of commissions. We require that trades be executed through TD Ameritrade, so that we will not engage in the practice of similar investment advisers with larger trading volumes in securities that include general securities (i.e., non-investment vehicles, such as mutual funds) where seeking best execution by placing transactions with other custodians can be achieved. While we anticipate that TD Ameritrade will be able to obtain best execution with respect to mutual funds and ETFs, it is possible that better execution for these and other types of securities may be available through other custodians. Since mutual funds are acquired at their net asset value with no commission on behalf of our Clients, this does not raise the same best execution concerns that generally securities customarily represent.

The Client should also consider that, depending upon the level of the wrap fee we charge, the amount of portfolio activity in the Client account, the value of custodial and other services which are provided under the arrangement, and other factors, the “wrap fee” may or may not exceed the aggregate cost of such services if they were to be provided separately.

Our fees are separate and distinct from the fees and expenses charged by mutual funds, ETFs, and SMA Managers. These fees and expenses are described in each fund's prospectus. These fees will generally include a management fee, other fund expenses, and a possible distribution fee. The Client could invest in a mutual fund or and ETF directly, without our services. In that case, the Client would not receive the services provided by us which are designed, among other things, to assist the Client in determining which mutual fund or funds or ETFs are most appropriate to the Client's financial condition and objectives. Accordingly, the Client should review both the fees charged by the funds, SMA Managers, and ETFs and the fees charged by us to fully understand the total amount of fees the Client is to pay in order to evaluate our advisory services.

The Investment Adviser Representative recommending the WealthMark, WealthMark II, and WealthBuilder Programs to the Client receives compensation as a result of the Client's participation in these Programs.

The Client or we may terminate the agreement with CAAS within five days of the date of acceptance with no penalty. After the five-day period, either party, upon written notice to the other, may terminate the agreement. The Client will receive, where applicable, a prorated refund of any prepaid advisory fees. Such prorated refunds will be based upon actual services and termination costs incurred up to and at the time the assets transfer out of the Client's account. Any earned, unpaid fees will be due and payable upon termination.

Mid Atlantic charges Clients a quarterly fee of .15% of their total assets in order to use their custodial services, which CAAS does not absorb.

We do not charge a performance fee for any Client account we manage.

Item 5. Account Requirements and Types of Clients

We recommend a minimum amount of \$100,000 per family for WealthMark and WealthMark II portfolios and \$50,000 per family for WealthBuilder portfolios. These minimums may be waived at our discretion. Client Assets under CAAS Management minimums for UMA Program Accounts is \$1 million. We do not have account minimums for APM.

The WealthMark, WealthMark II, WealthBuilder Program, UMA Program, and APM Accounts are available to individuals, pension and profit sharing plans, trusts, estates, charitable organizations, corporations and other business entities.

Item 6. Portfolio Manager Selection and Evaluation

We select portfolio managers to support different types of product offerings described in this wrap brochure. At times when we are considering the inclusion of a particular investment suitable for our Clients or to support our model offerings, we also evaluate the investment manager of those products. The different types of portfolio managers we select are independent IARs of unaffiliated brokers/dealer FINRA member firms and investment advisory firms who serve as portfolio managers to support our proprietary Wealthmark and Optimark Models, that are developed, maintained and monitored by our Investment Committee, in addition to bespoke models that are developed for Clients on a more customized basis. Committee members are selected on by a number of criteria including knowledge of investments and experience in the financial industry. All portfolio managers are subject to the oversight and review of CAAS both in the manner in which they discharge their advisory services to Clients and CAAS' compliance program, as more fully described below.

Before bringing on an IAR to CAAS, we perform due diligence on each rep, including an evaluation of their investment style through personal interviews with the Chief Compliance Officer and background checks for any securities related violation and disciplinary action. We also

periodically require the completion of a Request for Proposal (“RFP”) from our IARs in order to ensure that investment philosophy matches that of CAAS.

In certain circumstances, CAAS allows IARs to allocate Client assets to portfolio managers, as a separate account, who are available through the Envestnet platform – an unaffiliated platform providing operational services to subscribers and access to other investment advisers.

For our proprietary Wealthmark, Wealthmark II, Wealthbuilder, and Optimark portfolios, our Investment Policy Sub Committees, who report to the full Investment Committee, are responsible for selecting portfolio managers of products selected for the Wealthmark Models and for the allocation of Client assets to be managed as separately managed accounts by outside portfolio managers through the Optimark Model. We require an RFP from the outside portfolio managers of all proprietary models as part of our due diligence packet before approving any outside manager. Additionally, we present all of the information gathered on the outside manager and present to our Investment Policy Committee before approval. CAAS has full discretion to approve or remove any manager from both our proprietary models and the Envestnet platform.

The Investment Committee provides oversight by tracking, reviewing, and changing any managers and positions in our models that they deem necessary. Common factors that are used to measure these positions include track record performance, performance against peers, fund cost, and the funds ability to stay within their stated discipline. If any of these positions drifts out of our levels of expectations, our Investment Policy Subcommittees meet with the fund manager to evaluate all aspects of the fund, and make a decision to keep or replace based on a full view of information. The Investment Policy Sub Committees also make the decision on the appropriate weights for each asset class and position within our model portfolios.

We use the following standards in order to calculate portfolio manager performance. We look at percentage rank of the specific product in its respective category for a 12-month period and 3-year period. We also look at the pre-calculated 3-year performance returns with respect to a greater than 90% best-fit index. In evaluating the product that the portfolio manager offers, we also evaluate the manager as a whole by overall industry ranking, while also evaluating them intrinsically to ensure their philosophy matches our Clients’ needs and goals.

We utilize MorningStar Analytics to review our performance information and verify accuracy of numbers.

Related persons of CAAS act as portfolio managers for certain of our portfolios in a wrap fee program described in this brochure. Conflicts of interests can arise with respect to a variety of business and other relationships in almost any investment advisory program. In order to address these conflicts of interest, we have developed RIA Compliance policies and procedures designed to monitor and prevent such matters as outside business interests, personal trading conflicts with Clients and the mishandling of Client funds, as examples. Essentially, all related persons serving as portfolio managers are Supervised Persons and employees who are subject to the full extent CAAS’ compliance program, adopted to comply with the compliance program Rule 206(7)-7, under the Investment Adviser Act of 1940 (depending on where else this is mentioned, use the adopted or defined name). Upon initial Client setup, all Clients fill out an IPS used to establish

their risk tolerance and suitability. Through Envestnet, we are able to monitor each accounts risks related to their overall household risk tolerance. We also monitor IAR trading in order to track trades compared to Client trades. We also screen each of our IARs before starting a relationship with CAAS, and provide periodic branch audits.

Item 7. Client Information Provided to Portfolio Managers

As previously stated in Item 4 of this Brochure, we will assist the Client in determining their investment goals and objectives, risk tolerance, and retirement plan time horizon. Based on this information, we will create an initial portfolio allocation designed to complement the Client's educational, home ownership, and retirement goals and objectives.

The majority of the portfolio managers are IARs of CAAS, which have entered a relationship directly with the Client and CAAS. As part of the initial on boarding process for a Client, the advisor has the Client fill out an Investment Policy Statement ("IPS") which asks for standard Client information including social security number, date of birth, marital status, employment status, among other general information pieces. Additionally, the IPS requests further financial information that the IAR uses in order to develop a financial plan, including annual income, net worth, tax information, investment experience, income requirements, and feelings on investing and the market. The IAR then will combine this information to develop an overall risk score with the help of Risk Software such as Riskalyze, Envestnet, or the CAAS IPS. IARs may request financial statements of CAAS and outside accounts in order to develop a holistic view of the Client's financial situation which will assist further to develop a suitable financial plan. CAAS IARs also follow up periodically to ensure that this information is up to date and accurate.

For portfolio managers that are not affiliated with CAAS, the Client information provided would be an investable account number and basic details such as current holdings and market value. As our wrap programs are primarily executed through Envestnet, the use of outside portfolio managers limits the Client data that they would receive. Certain outside portfolio managers require information from Clients, such as agreement to their standard terms and conditions, a Client profile or application, and other related documentation. The Client's IAR will work with the Client directly to obtain any outside portfolio manager required documentation.

A Client may impose reasonable restrictions on the management of their account assets being managed on Envestnet, such as the designations of particular securities or types of securities that should not be purchased or that should not be sold if held in the account. The Client should communicate such restrictions to their IAR to ensure that their account is set up properly.

Item 8. Client Contact with Portfolio Managers

We do not impose any restrictions on the Client's ability to contact our firm and our Investment Adviser Representatives. Non-CAAS portfolio managers, including Mutual Funds or SMA Managers, are generally not directly available to Clients. However, our IARs are readily available to address questions or concerns regarding these investments.

Item 9. Additional Information

A. Disciplinary Information

Our firm and our management personnel have no reportable disciplinary events to disclose.

Other Financial Industry Activities and Affiliations

Certain of our Investment Adviser Representatives ("IARs") are registered representatives of Geneos Wealth Management, Inc. ("Geneos") and Triad Advisors, LLC ("Triad"). Geneos and Triad are unaffiliated securities broker-dealers (member of FINRA, SIPC) and are investment advisers registered with the Securities and Exchange Commission.

In addition, our IARs are also licensed insurance agents. Our IARs receive compensation for their activities as registered representatives or insurance agents.

As registered representatives of Broker-Dealers, our IARs may recommend securities or insurance products offered by the broker-dealer, and receive customary commissions if products are purchased through them. Thus, a conflict of interest exists between the interests of the IARs and those of our advisory Clients, as the representative would be incentivized to recommend products that carry a commission. Our financial planning, 401(k), and non-discretionary Clients, who approve all recommendations and receive conflict disclosures in advance, are under no obligation to purchase products recommended by the IARs. No Client is obligated to place securities transactions or purchase insurance through Geneos or Triad.

Geneos receives a fee that is paid by the firm upon receipt of an invoice, in accordance with an arm's length agreement, to defray the costs for the functions Geneos are required to carry out by FINRA. This fee is not passed to our Clients in the form of increase execution or brokerage charges or imputed as part of our advisory fee.

Our owners are also the owners and officers of Capital Asset Insurance Services, Inc., ("CAIS") and Wealth Advisory Group Insurance Agency (WAGIA), licensed insurance agency in the State of Michigan. Through CAIS and WAGIA, licensed agents offer insurance products from a variety of product sponsors. Our IARs who are also licensed insurance agents effect transactions in insurance products and earn the standard and customary commissions for these activities. We have Clients who also are Clients of CAIS. Clients may use the insurance agency and agent of their choosing and are under no obligation to use the services of CAIS or of any of its insurance agents.

for insurance services. Our advisory fees are separate and distinct from any commissions earned by CAIS or WAGIA or its insurance agents for the sale and servicing of insurance products. Our firm and/or its related persons own, wholly or in part, several accounting firms. These firms provide accounting and tax preparation services to advisory Clients for separate and typical compensation. No advisory Client is obligated to use these accounting firms, and no accounting Client is obligated to use our advisory services. The Client should be aware that the receipt of additional compensation by our firm and our management persons or IARs creates a conflict of interest that may impair the objectivity of our firm and these individuals when making advisory recommendations. We endeavor at all times to put the interest of our Clients first as part of our fiduciary duty as a registered investment adviser.

We take the following steps to address these conflicts:

- disclose to Clients the existence of all material conflicts of interest, including the potential for our firm and our employees to earn compensation from advisory Clients in addition to our firm's advisory fees;
- disclose to Clients that they are not obligated to purchase recommended investment products from our employees or affiliated companies;
- collect, maintain and document accurate, complete and relevant Client background information, including the Client's financial goals, objectives and risk tolerance;
- our firm's management conducts regular reviews of each Client account to verify that all recommendations made to a Client are suitable relative to Client risk tolerance;
- require that our employees seek prior approval of any outside employment activity so that we may ensure that any conflicts of interests in such activities are properly addressed;
- periodically monitor these outside employment activities to verify that any conflicts of interest continue to be properly addressed by our firm; and
- educate our employees regarding the responsibilities of a fiduciary, including the need for having a reasonable and independent basis for the investment advice provided to Clients.

Certain of CAAS' owners are also the owners of Wealth Advisory Group ("WAG"). WAG provides administrative and compliance services to CAAS and its affiliates that include the following:

- Providing the Chief Compliance Officer for CAAS, the investment adviser;
- Implementing and Administering Compliance program for CAAS;
- Compliance assistance to all CAAS investment adviser representatives;
- Portfolio management;
- Trading Wealthmark Tactical in addition to a small amount of other models;

- Paying salary for Portfolio Manager for Optimark;
- Identifying and screening individuals for employment as investment adviser representatives;
- Payroll, accounting, bill-paying and other back-office services;
- Providing staff to assist in the above functions.

WAG does not provide investment advice.

This arrangement presents a conflict of interest since CAAS's affiliated entity WAG receives fees for the services they provide, which in turn compensates the shared owners for being the Client's investment adviser and performing the administrative and compliance functions. This gives CAAS an incentive to use WAG for these services since they share in the revenue generated.

We take the following steps to address this conflict:

- disclose to Clients the existence of all material conflicts of interest, including the potential for our firm and our employees to earn compensation from advisory Clients in addition to revenue from WAG's services;
- disclose to Clients that they are not obligated to purchase recommended investment products from our employees or affiliated companies.

Optimal Capital Advisors LLC ("Optimal") serves as the firm's Chief Investment Officer ("CIO"), in accordance with a service level agreement between the firm and Optimal, dated January 2, 2017 ("Services Agreement"). As the CIO, its principal owner provides investment research and recommendations to the firm's investment committee to consider in constructing, maintaining and creation of new investment models used to manage the firm's Client accounts. Optimal operates as an SEC registered investment adviser providing supervisory investment management services to its Client that is similar to the services provided by the firm to its Clients. This represents a conflict of interest between the firm and its Clients because Optimal has access to firm proprietary information, investment methodologies, processes, and investment opportunities that we use to manage and offer to our Clients, respectively. To mitigate this conflict of interest, we obtain multiple periodic certifications both from Optimal and its principal owner that neither Optimal, on behalf of its Clients, nor its principal owner has transacted, either directly or indirectly, in any issuer recommended to the firm, both in advance of and after its recommendation nor has Optimal and its principal owner utilized any firm proprietary information to benefit its Clients or principal owner, including information provided to the firm pursuant to the Services Agreement, at any time leading up and subsequent to January 2, 2017. Optimal and its principal owner further certifies that it will not seek to, either directly or indirectly, compete with the firm at any time during the effectiveness of the Services Agreement and for a reasonable period of time after its termination of not less than 1 year. In addition to these certifications, the Optimal principal owner is treated no differently than the firm's principal owners and is deemed to be an access person, in accordance with the firm's Code of Ethics ("COE"). As such, the Optimal principal owner fully complies

with the firm's COE and compliance manual, as applicable, by signing the corresponding acknowledgement indicating that the Optimal principal owner has read and has fully complied with the provisions of both documents.

B. Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Our officers, employees and IARs buy or sell – for their personal account(s) – investment products identical to those recommended to Clients. These investment products are widely held and publicly traded. It is our policy that no person employed by our firm shall give preference to his or her own interest to that of the advisory Client.

It is further noted that our investment advisory business is in and shall continue to be in total compliance with The Insider Trading and Securities Fraud Enforcement Act of 1988. Specifically, we have adopted a firm wide policy statement outlining insider-trading compliance by the Firm, its associated persons, and other employees.

We have established the following restrictions in order to ensure our fiduciary responsibilities:

1. Our employees, including associated persons, shall not buy or sell securities for their personal portfolio(s) where their decision is substantially derived, in whole or in part, by reason of his or her affiliation with our firm or Geneos, unless the information is also available to the investing public on reasonable inquiry. No person shall prefer his or her own interest to that of the advisory Clients;^{1 2}
2. We maintain a restricted list of issuers when the firm, including its officers, employees, and associated person, are in possession of material non-public information of a publicly listed security;
3. All personal and Client transactions are reviewed monthly to identify potential conflicts of interests and resolve any conflict, should one arise, in the best interest of our Clients;
4. All Clients are fully informed that certain individuals may receive separate compensation when effecting transactions during the implementation process;

¹ This investment policy has been established recognizing that some securities being considered for purchase and sale on behalf of our Clients' trade in sufficiently broad markets to permit transactions by Clients to be completed without an appreciable impact on the markets of the securities. Under certain circumstances, exceptions may be made to the policies stated above. Records of these trades, including the reasons for the exceptions, will be maintained with our records in the manner set forth above.

² Open-end mutual funds and/or the investment sub-accounts, which may comprise a variable insurance product, are purchased or redeemed at a fixed net asset value price per share specific to the date of purchase of redemption. As such, transactions in mutual funds and/or variable insurance products by IARs are not likely to have an impact on the prices of the fund shares in which Clients invest, and are therefore not prohibited by our investment policies and procedures.

5. We emphasize the unrestricted right of the Clients to decline to implement any advice rendered, except in situations where a Client has granted discretionary authority;
6. We require that all individuals must act in accordance with all applicable Federal and State regulations governing registered investment advisory practices;
7. Any individual not in observance of the above may be subject to termination.

In accordance with Section 204-A of the Investment Advisers Act of 1940, the Adviser also maintains and enforces written policies reasonably designed to prevent the misuse of material non-public information by the Adviser or any person associated with the Adviser.

CAAS provides a copy of its Code of Ethics (“COE”) to any Client or prospective Client upon request to the Chief Compliance Officer at CAAS’ principal address. The firm’s COE require all access persons, including immediate family members of the same household, to initially, upon employment, and annually thereafter to provide personal trading account holdings. We also require access persons to certify quarterly to any transactions during the period and whether they have opened or closed any personal trading brokerage accounts. In addition, certain types of transactions must be pre-cleared by the firm’s Compliance Department.

Review of Accounts

WealthMark, WealthMark II and WealthBuilder Program Accounts:

Our Investment Policy Committee continuously reviews the securities in WealthMark, WealthMark II, and WealthBuilder Portfolios. Allocations in model portfolios are reviewed by the Investment Policy Committee at least quarterly. The Client account is reviewed by the Investment Adviser Representative responsible for the Client account at least annually. More frequent reviews may be triggered by material economic, political or market events, or by changes in the Client’s financial situation.

We only change the securities and allocations in Tactical portfolios when we receive recommendations from the independent research provider. The Client account is reviewed at least annually by the Investment Adviser Representative responsible for the Client’s account.

Optimark Program Accounts:

Our Investment Policy Committee continuously reviews the securities in Optimark Program Account Portfolios. Allocations in model portfolios are reviewed by the Investment Policy Committee at least quarterly. The Client account is reviewed by the Investment Adviser Representative responsible for the Client account at least annually. More frequent reviews may be triggered by material economic, political or market events, or by changes in the Client’s financial situation.

Advisor as Portfolio Manager Accounts: We continuously review the securities held in APM Accounts. The Client account is reviewed at least quarterly by our compliance team is reviewed by the Investment Adviser Representative responsible for the Client’s account at least annually.

More frequent reviews may be triggered by material economic, political or market events, or by changes in the Client's financial situation.

Reports to Clients

The account custodian is responsible for providing monthly or quarterly account statements which reflect the position (and current pricing), as well as transactions in each account, including fees paid from an account. CAAS also makes available to Clients via their Client portal in Envestnet Quarterly Performance Reports.

Client Referrals and Other Compensation

Client Referrals

Our firm from time to time pays referral fees to independent persons or firms ("Solicitors") for introducing Clients to us. Whenever we pay a referral fee, we require the Solicitor to provide the prospective Client with a copy of this document (our *Firm Brochure*) and a separate disclosure statement that includes the following information:

- the Solicitor's name and relationship with our firm;
- the fact that the Solicitor is being paid a referral fee;
- the amount of the fee; and
- whether the fee paid to us by the Client will be increased above our normal fees in order to compensate the Solicitor.

As a matter of firm practice, the advisory fees paid to us by Clients referred by solicitors are not increased as a result of any referral.

Other Compensation

Neither our firm nor our Investment Adviser Representatives receive any additional compensation related to the WealthMark, WealthMark II, or WealthBuilder Program. However, we do receive benefits through our recommendation of TD Ameritrade for custody and brokerage services. Please refer to Item 4 of this Brochure for more information.

Financial Information

Under no circumstances do we require or solicit payment of fees in excess of \$1,200 per Client more than six months in advance of services rendered. Therefore, we are not required to include a financial statement.

As an advisory firm that has discretionary authority, we are also required to disclose any financial condition that is reasonable likely to impair our ability to meet our contractual obligations. Capital Asset Advisory Services, LLC has no additional financial circumstances to report.

Capital Asset Advisory Services, LLC has not been the subject of a bankruptcy petition at any time during the past ten years.

Supplement: *Multi Service Agreement*

CAPITAL ASSET ADVISORY SERVICES, LLC

ADVISORY FEE AGREEMENT

This agreement is entered into among the Account Owner ("Client") and Capital Asset Advisory Services, LLC, a registered investment adviser ("Adviser"). Client, being duly authorized, hereby agrees to employ and retain Adviser to act as investment manager for the Account in accordance with the following terms and conditions (the "Agreement").

CAAS Program Account (PHOM)

Account Management. Client is opening a directed brokerage advisory account with Adviser (the "Account"). Client authorizes Adviser to buy, sell, or otherwise trade securities or other investments in the Account without discussing the transactions with Client in advance. Such securities are limited to open-end mutual funds and exchange-traded funds ("ETFs"). Client also authorizes Adviser to take all necessary action to effect securities transactions for the Account. This grant of discretion shall remain in full force and effect until terminated by Client or Adviser pursuant to this Agreement, or until Adviser receives notice of Client's death. The termination of this grant of discretion shall constitute a termination of this Agreement. If, in the event of Client's death, Adviser acts in good faith pursuant to this grant of discretion without actual knowledge of Client's death, any action so taken, unless otherwise invalid or unenforceable, shall be binding on Client's successors in interest.

Adviser shall make investment decisions for the Account according to the investment objectives, risk tolerance, investment time horizon, and any investment policies, guidelines, or reasonable restrictions described by Client. Client acknowledges that Adviser has relied and will continue to rely on the information that Client has provided. Client agrees to notify Adviser promptly, in writing, of any change to the information provided by Client, including any change to any written investment objectives, risk tolerance, investment time horizon, and any investment policies, guidelines, or reasonable restrictions. Client shall provide Adviser with additional information as Adviser may request from time to time to assist it in managing the Account. Adviser shall have no liability for Client's failure to provide Adviser with accurate or complete information.

Selecting a Broker.

The Client hereby directs that transactions for the Account should be executed through TD Ameritrade, Inc. or such other directed broker as Client may designate in writing (the "Directed Broker"). In selecting a Directed Broker, the Client has the sole responsibility for negotiating commission rates and other transaction costs with the Directed Broker. Although Client has selected a Directed Broker, Client agrees that Adviser will not be required to effect any transaction through the Directed Broker if Adviser reasonably believes that to do so may result in a breach of its duties as a fiduciary. Client understands that by instructing Adviser to execute all transactions on behalf of the Account through the Directed Broker, Client may not necessarily obtain commission rates and execution as favorable as those that would be obtained if Adviser were able to place transactions with other broker-dealers. Client may also forego benefits that Adviser may be able to obtain for its other clients through, for example, negotiating volume discounts or block trades.

If the Account is maintained on behalf of a plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA") or similar government regulation, Client represents that:

(a) The Directed Broker is capable of providing best execution for the Account's brokerage transactions, the commission rates that Client negotiated are reasonable in relation to the brokerage and other services received by the

plan, and Client will monitor the services provided by the Directed Broker to assure that the plan continues to receive best execution and pay reasonable commissions;

(b) The use of the Directed Broker is for the exclusive benefit of the plan, and the brokerage arrangement that Client is directing Adviser to implement is for the exclusive purpose of defraying reasonable administrative costs of Client and is in recognition that the goods and services that the Directed Broker provides will inure solely to the benefit of Client and its beneficiaries;

(c) The direction of brokerage commissions to the Directed Broker does not and will not constitute a "prohibited transaction" under Section 406 of ERISA, or otherwise contravene any other provision of ERISA or other applicable statute or regulation; and

(d) The direction of brokerage commissions to the Directed Broker is consistent with the applicable plan and/or trust documents and will not conflict with any contractual, fiduciary or other obligations of Client, fiduciary or any other person acting on behalf of Client.

In consideration of Adviser's agreement to direct transactions to the Directed Broker, Client hereby releases Adviser and its agents, directors, officers, employees, and affiliates. Client agrees to indemnify and hold each of them harmless from any expenses, damages or liabilities, including, without limitation, reasonable attorney's fees, which any of them may incur in the enforcement of this indemnification or as a result of or relating directly or indirectly to this directed brokerage arrangement.

Fees. The Account shall be charged a quarterly investment advisory fee of the net value of the assets in the Account on the last business day of the prior quarter (the "Fee"). Adviser will also charge a separate administrative fee to cover costs associated with servicing the client's account (including costs for technology and miscellaneous costs associated with providing administrative services apart from investment advice, such as processing client requests for asset transfers, disbursements, and other such administrative matters.)

Other Fees and Charges. The WealthMark program fee includes all commissions and other transaction charges, and any charge relating to the custody of securities in the Account. The Fee does not cover SEC fee, or taxes. Client shall be solely responsible for these additional expenses. Client understands that, in addition to the Fee paid to Adviser pursuant to this Agreement, each mutual fund in which Client may invest pursuant to this Agreement also bears its own investment advisory fees and other expenses which are disclosed in each fund's prospectus. Client further understands that the mutual funds recommended or purchased through this Agreement may be available directly from the funds pursuant to the terms of their prospectuses and without paying the Fee to Adviser.

Advisor As Portfolio Manager Account (Non-Discretionary)

Adviser will direct, with Client's prior written or oral approval, the investment and reinvestment of the assets in Client's account (the "Account") in securities and cash or cash equivalents. Client understands that neither Adviser nor its representatives will exercise any discretionary authority with respect to Client's Account or transactions. Client agrees to notify Adviser promptly of any significant change in the information provided by the Client or any significant change in Client's financial circumstances or investment objectives that might affect the manner in which Client's account should be invested. Client also agrees to provide Adviser with such additional information as Adviser may request from time to time to assist it in advising Client. Adviser's authority under this Agreement will remain in effect until changed or terminated by Client in writing.

Selecting a Broker.

The Client hereby directs that transactions for the Account should be executed through TD Ameritrade, Inc. or such other directed broker as Client may designate in writing (the "Directed Broker"). Any and all broker-dealers listed above are collectively referred to herein as the "Directed Broker". In selecting the Directed Broker, the Client has the sole responsibility for negotiating commission rates and other transaction costs with the Directed Broker. Although Client has selected a Directed Broker, Client agrees that Adviser will not be required to effect any transaction through

the Directed Broker if Adviser reasonably believes that to do so may result in a breach of its duties as a fiduciary. Client understands that by instructing Adviser to execute all transactions on behalf of the Account through the Directed Broker, Client may not necessarily obtain commission rates and execution as favorable as those that would be obtained if Adviser were able to place transactions with other broker-dealers. Client may also forego benefits that Adviser may be able to obtain for its other clients through, for example, negotiating volume discounts or block trades.

ERISA Accounts.

Fees. The Account shall be charged a quarterly investment advisory fee of the net value of the assets in the Account on the last business day of the prior quarter (the "Fee"). Adviser will also charge a separate administrative fee to cover costs associated with servicing the client's account (including costs for technology and miscellaneous costs associated with providing administrative services apart from investment advice, such as processing client requests for asset transfers, disbursements, and other such administrative matters.)

Other Fees and Charges. Client shall be solely responsible for all commissions and other transaction charges, and any charge relating to the custody of securities in the Account. The Fee covers only the investment management services provided by Adviser and does not include brokerage commissions, mark-ups and mark-downs, dealer spreads or other costs associated with the purchase and sale of securities, custodian fees, interest, taxes, or other Account expenses. Client shall be solely responsible for these additional expenses. Client understands that, in addition to the Fee paid to Adviser pursuant to this Agreement, each mutual fund in which Client may invest pursuant to this Agreement also bears its own investment advisory fees and other expenses which are disclosed in each fund's prospectus. Client further understands that the mutual funds recommended or purchased through this Agreement may be available directly from the funds pursuant to the terms of their prospectuses and without paying the Fee to Adviser.

Advisor As Portfolio Manager Account (Discretionary)

Services. The Non-Program Account is offered on a discretionary advisory basis with Adviser (the "Account"). This means that the Client authorizes Adviser to buy, sell or otherwise trade securities or other investments in the Account without discussing the transactions with Client in advance. Client also authorizes Adviser to take all necessary action to effect securities transactions for the Account.

Adviser shall make investment decisions for the Account according to the investment objectives, risk tolerance, investment time horizon, and any investment policies, guidelines or reasonable restrictions described by Client in the Account Application and Investment Policy Statement ("Questionnaire"). Client acknowledges that Adviser has relied and will continue to rely on the information that Client has provided in the Account Application and Questionnaire. Client agrees to notify Adviser promptly, in writing, of any change to the information provided by Client in the Account Application and Questionnaire, and promptly complete and return a new Account Application and Questionnaire containing the new information, including any change to any written investment objectives, risk tolerance, investment time horizon, and any investment policies, guidelines or reasonable restrictions. Client shall provide Adviser with additional information as Adviser may request from time to time to assist it in managing the Account. Adviser shall have no liability for Client's failure to provide Adviser with accurate or complete information in the Account Application and Questionnaire.

Execution Services and Settlement:

Any and all broker-dealers listed above are collectively referred to herein as the "Directed Broker." In selecting the Directed Broker, the Client has the sole responsibility for negotiating commission rates and other transaction costs with the Directed Broker. Client understands that by instructing Adviser to execute all transactions on behalf of the Account through the Directed Broker, Client may not necessarily obtain commission rates and execution as favorable as those that would be obtained if Adviser were able to place transactions with other broker-dealers. Client may also forego benefits that Adviser may be able to obtain for its other clients through, for example, negotiating volume discounts or block trades.

Fees. The Account shall be charged a quarterly investment advisory fee of the net value of the assets in the Account on the last business day of the prior quarter (the "Fee"). Adviser will also charge a separate administrative fee to cover costs associated with servicing the client's account (including costs for technology and miscellaneous costs associated with providing administrative services apart from investment advice, such as processing client requests for asset transfers, disbursements, and other such administrative matters.)

Other Fees and Charges. Client shall be solely responsible for all commissions and other transaction charges, and any charge relating to the custody of securities in the Account. The Fee covers only the investment management services provided by Adviser and does not include brokerage commissions, mark-ups and mark-downs, dealer spreads or other costs associated with the purchase and sale of securities, custodian fees, interest, taxes, or other Account expenses. Client shall be solely responsible for these additional expenses. Client understands that, in addition to the Fee paid to Adviser pursuant to this Agreement, each mutual fund in which Client may invest pursuant to this Agreement also bears its own investment advisory fees and other expenses which are disclosed in each fund's prospectus. Client further understands that the mutual funds recommended or purchased through this Agreement may be available directly from the funds pursuant to the terms of their prospectuses and without paying the Fee to Adviser.

Optimark Unified Managed Account (UMA)

Account Management. Client is opening a directed brokerage advisory account with Adviser (the "Account"). Client authorizes Adviser to buy, sell or otherwise trade securities or other investments in the Account without discussing the transactions with Client in advance. Such securities are limited to open-end mutual funds, exchange-traded funds ("ETFs"), and Separately Managed Accounts ("SMA's"). Client also authorizes Adviser to take all necessary action to effect securities transactions for the Account. This grant of discretion shall remain in full force and effect until terminated by Client or Adviser pursuant to the termination section of this Agreement, or until Adviser receives notice of Client's death. The termination of this grant of discretion shall constitute a termination of this Agreement. If, in the event of Client's death, Adviser acts in good faith pursuant to this grant of discretion without actual knowledge of Client's death, any action so taken, unless otherwise invalid or unenforceable, shall be binding on Client's successors in interest.

Adviser shall make investment decisions for the Account according to the investment objectives, risk tolerance, investment time horizon, and any investment policies, guidelines or reasonable restrictions described by Client. Client acknowledges that Adviser has relied and will continue to rely on the information that Client has provided. Client agrees to notify Adviser promptly, in writing, of any change to the information provided by Client, including any change to any written investment objectives, risk tolerance, investment time horizon, and any investment policies, guidelines or reasonable restrictions. Client shall provide Adviser with additional information as Adviser may request from time to time to assist it in managing the Account. Adviser shall have no liability for Client's failure to provide Adviser with accurate or complete information.

Selecting a Broker. The Client hereby directs that transactions for the Account should be executed through TD Ameritrade, Inc. or such other directed broker as Client may designate in writing (the "Directed Broker"). In selecting the Directed Broker, the Client has the sole responsibility for negotiating commission rates and other transaction costs with the Directed Broker. Although Client has selected a Directed Broker, Client agrees that Adviser will not be required to effect any transaction through the Directed Broker if Adviser reasonably believes that to do so may result in a breach of its duties as a fiduciary. Client understands that by instructing Adviser to execute all transactions on behalf of the Account through the Directed Broker, Client may not necessarily obtain commission rates and execution as favorable as those that would be obtained if Adviser were able to place transactions with other broker-dealers. Client may also forego benefits that Adviser may be able to obtain for its other clients through, for example, negotiating volume discounts or block trades.

In consideration of Adviser's agreement to direct transactions to the Directed Broker, Client hereby releases Adviser and its agents, directors, officers, employees, and affiliates. Client agrees to indemnify and hold each of them harmless from any expenses, damages or liabilities, including, without limitation, reasonable attorney's fees, which any of them may incur in the enforcement of this indemnification or as a result of or relating directly or indirectly to this directed brokerage arrangement.

Fees. The Account shall be charged a quarterly investment advisory fee of the net value of the assets in the Account on the last business day of the prior quarter (the "Fee"). Adviser will also charge a separate administrative fee to cover costs associated with servicing the client's account (including costs for technology and miscellaneous costs associated with providing administrative services apart from investment advice, such as processing client requests for asset transfers, disbursements, and other such administrative matters.) In addition, the client is also charged a manager fee through Envestnet for the use of SMA's. A blended fee is generated as a sponsor fee. This fee goes directly to Envestnet, CAAS does not receive any portion of this fee.

Other Fees and Charges. The WealthMark program fee includes all commissions and other transaction charges, and any charge relating to the custody of securities in the Account. The Fee does not cover SEC fee, or taxes. Client shall be solely responsible for these additional expenses. Client understands that, in addition to the Fee paid to Adviser pursuant to this Agreement, each mutual fund in which Client may invest pursuant to this Agreement also bears its own investment advisory fees and other expenses which are disclosed in each fund's prospectus. Client further understands that the mutual funds recommended or purchased through this Agreement may be available directly from the funds pursuant to the terms of their prospectuses and without paying the Fee to Adviser.

THE FOLLOWING SECTIONS OF THE AGREEMENT APPLY TO ALL SERVICES DESCRIBED ABOVE.

Payment. The applicable Fee shall be payable quarterly, in advance, upon deposit of any funds or securities in the Account. Generally, the first payment is due upon acceptance of this Agreement. Non-consulting fees shall be based upon the opening market value of the assets in the Account on that date. The first payment shall be prorated to cover the period from the date the Account is opened through the end of the next full calendar quarter. Thereafter, the Fee shall be calculated based on the Account value on the last business day of the preceding calendar quarter and shall be due the following business day. The fee may be modified or changed by Adviser upon advance written notice to Client. Adviser is authorized to invoice the Custodian (if applicable) directly for its fees, although it will simultaneously send a copy of its bill to Client. Client shall be responsible for verifying the accuracy of the fee calculation -- the Custodian shall not determine whether the fee is calculated properly. Client agrees to instruct the Custodian to pay such fees directly to Adviser.

ERISA Accounts. If the Account is subject to the provisions of the Employment Retirement Income Security Act of 1974, as amended ("ERISA") or corresponding provisions of the Internal Revenue Code, as amended (the "IRC"), Adviser acknowledges that it is a "fiduciary" (as defined in ERISA and the IRC respectively) with respect to performing its duties under this Agreement. Client agrees to maintain appropriate ERISA bonding for the Account and to include within the coverage of the bond the Adviser and its personnel, as may be required by law. Client represents that employment of Adviser, and any instructions that have been given to Adviser with regard to the Account, are consistent with applicable plan and trust documents. Client agrees to furnish Adviser with copies of such governing documents. The person signing this Agreement on behalf of Client also acknowledges its status as a "named fiduciary" (as defined in ERISA and the IRC respectively) with respect to the control and management of the assets held in the Account, and agrees to notify Adviser promptly of any change in the identity of the named fiduciary with respect to the Account. Client also acknowledges that the Account is only a part of the plan's assets, and that Adviser is not responsible for overall compliance of such investments with the requirements of ERISA or any other governing law or documents.

If the Account is maintained on behalf of a plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA") or similar government regulation, the Client represents that:

(a) The Directed Broker is capable of providing best execution for the Account's brokerage transactions, the commission rates that Client negotiated are reasonable in relation to the brokerage and other services received by the plan, and Client will monitor the services provided by the Directed Broker to assure that the plan continues to receive best execution and pay reasonable commissions;

(b) The use of the Directed Broker is for the exclusive benefit of the plan, and the brokerage arrangement that Client is directing Adviser to implement is for the exclusive purpose of defraying reasonable administrative costs of Client and is in recognition that the goods and services that the Directed Broker provides will inure solely to the benefit of Client and its beneficiaries;

(c) The direction of brokerage commissions to the Directed Broker does not and will not constitute a "prohibited transaction" under Section 406 of ERISA, or otherwise contravene any other provision of ERISA or other applicable statute or regulation; and

(d) The direction of brokerage commissions to the Directed Broker is consistent with the applicable plan and/or trust documents and will not conflict with any contractual, fiduciary or other obligations of Client, fiduciary or any other person acting on behalf of Client.

In consideration of Adviser's agreement to direct transactions to the Directed Broker, Client hereby releases Adviser and its agents, directors, officers, employees, and affiliates. Client agrees to indemnify and hold each of them harmless from any expenses, damages or liabilities, including, without limitation, reasonable attorney's fees, which any of them may incur in the enforcement of this indemnification or as a result of or relating directly or indirectly to this directed brokerage arrangement.

Non-Exclusive Relationship. Client acknowledges and agrees that Adviser may act as an investment adviser to other clients and receive fees for such services. The advice given and the actions taken with respect to such clients and Adviser's own account may differ from advice given or the timing and nature of action taken with respect to Client's Account. Client further recognizes that transactions in a specific security may not be accomplished for all clients' accounts at the same time or at the same price. Client also acknowledges that in managing the Account, Adviser may purchase or sell securities in which Adviser, its officers, directors, or employees, directly or indirectly, have or may acquire a position or interest.

Adviser may receive commissions, service fees or other forms of compensation in connection with the Account's investment in mutual funds. Accordingly, Adviser may have a conflict in recommending mutual funds for the Account as it has an incentive to recommend mutual funds which will pay such fees to it over those mutual funds that do not pay such fees.

Proxy Voting. Adviser shall have no obligation or authority to take any action or render any advice with respect to the voting of proxies solicited by or with respect to issuers of securities held by an Account.⁷ Client (or the plan fiduciary in the case of an Account subject to the provisions of the Employee Retirement Income Security Act of 1974 ["ERISA"]), expressly retains the authority and responsibility for, and Adviser is expressly precluded from rendering any advice or taking any action with respect to, the voting of any such proxies.

Assignment. This Agreement shall be binding on Client's heirs, executors, successors, administrators, conservators, and permitted assigns. Client may not assign (as that term is defined under the Investment Advisers Act of 1940, as amended) his or her rights or delegate his or her obligations under this Agreement, in whole or in part, without the prior written consent of Adviser.⁹ Adviser may not assign (as that term is defined under the Investment Advisers Act of 1940, as amended) this Agreement without Client's consent.

Termination. This Agreement may be terminated by either party at any time without penalty upon receipt of written notice. Such termination shall not, however, affect liabilities or obligations incurred or arising from transactions initiated under this Agreement prior to such termination, including the provisions regarding arbitration, which shall survive any expiration or termination of this Agreement. Upon termination, Client shall have the exclusive

responsibility to monitor the securities in the Account, and Adviser shall have no further obligation to act or advise with respect to those assets. If Client terminates this Agreement within five (5) business days of its signing, Client shall receive a full refund of all fees and expenses. If this Agreement is terminated after five (5) business days of its signing, any prepaid fees shall be prorated and the unused portion shall be returned to Client.

Representations.

a. Adviser represents that it is registered as an investment adviser with the Securities and Exchange Commission ("SEC") under the Investment Advisers Act of 1940, and is authorized and empowered to enter into this Agreement.

b. Client represents and confirms that: (i) Client has full power and authority to enter into this Agreement; (ii) the terms hereof do not violate any obligation by which Client is bound, whether arising by contract, operation of law, or otherwise; and (iii) this Agreement has been duly authorized and shall be binding according to its terms.

c. If this Agreement is entered into by a trustee or other fiduciary, such trustee or fiduciary represents that the services to be provided by Adviser are within the scope of the services and investments authorized by the governing instruments of, and/or laws and regulations applicable to Client. Such trustee or fiduciary further represents and warrants that he or she is duly authorized to negotiate the terms of this agreement and enter into and renew this Agreement. The trustee or fiduciary shall provide Adviser with copies of the governing instruments authorizing establishment of the Account. The trustee or fiduciary undertakes to advise Adviser of any material change in his or her authority or the propriety of maintaining the Account.

d. If Client is a corporation, partnership or limited liability company, the signatory on behalf of Client represents that the execution of this Agreement has been duly authorized by appropriate corporate action. Client undertakes to advise Adviser of any event that might affect this authority or the propriety of this Agreement.

Risk and Liability. Adviser shall manage only the securities, cash and other investments held in Client's Account, and in making investment decisions for the Account, Adviser shall not consider any other securities, cash or other investments owned by Client. Client recognizes that there may be loss or depreciation of the value of any investment due to the fluctuation of market values. Client represents that no party to this Agreement has made any guarantee, either oral or written, that Client's investment objectives will be achieved. Adviser shall not be liable for any error in judgment and/or for any investment losses in the Account in the absence of malfeasance, negligence or violation of applicable law. Adviser shall not be responsible for any loss incurred by reason of any act or omission of Client, custodian, any broker-dealer, or any other third party. Nothing in this Agreement shall constitute a waiver or limitation of any rights that Client may have under applicable state or federal law, including without limitation the state and federal securities laws.

Legal Proceedings. Adviser shall not render advice or take any action with respect to securities or other investments, or the issuers thereof, which become subject to any legal proceedings, including bankruptcies. Client hereby expressly retains the right and obligation to take such legal action relating to any such investments held in the Account.

Notice. Any notice or other communication required or permitted to be given pursuant to this Agreement shall be deemed to have been duly given when delivered in person, or transmitted by facsimile (with hard copy sent by U.S. mail), sent by overnight courier (postage prepaid), or three days after mailing by registered mail (first class postage prepaid). All notices or communications to Adviser should be sent to the portfolio manager of the Account at Adviser's principal address. All notices or communications to Client shall be sent to the address contained in the Client Questionnaire pertaining to the Account.

Governing Law. This Agreement and all of the terms herein shall be construed and governed according to the laws of the State of Michigan, without giving effect to principles of conflict of laws, provided that there is no inconsistency with federal laws.

Entire Agreement. This Agreement represents the parties' entire understanding with regard to the matters specified herein. No other agreements, covenants, representations or warranties, express or implied, oral or written, have been made by any party to any other party concerning the subject matter of this Agreement.

Severability. If any part of this Agreement is found to be invalid or unenforceable by statute, rule, regulation, decision of a tribunal, or otherwise, it shall not affect the validity or enforceability of the remainder of this Agreement. To this extent, the provisions of this Agreement shall be deemed to be severable.

Disclosure Documents. Client acknowledges receipt of: (a) Adviser's Form ADV, Part II or similar disclosure document; and (b) Adviser's Notice of Privacy Practices. Client also acknowledges that Client has reviewed and understands the risk factors and the fees associated with the Account. Client has the right to terminate this Agreement without penalty within five (5) business days after entering into the Agreement.

Amendments. Adviser shall have the right to amend this Agreement by modifying or rescinding any of its existing provisions or by adding new provisions. Any such amendment shall be effective thirty (30) days after Adviser has notified Client in writing of any change, or such later date as is established by Adviser. All other amendments must be in writing and signed by Adviser.

Pre-Dispute Arbitration. Any controversy or dispute that may arise between Client and Adviser concerning any transaction or the construction, performance or breach of this Agreement shall be settled by arbitration. Any arbitration shall be pursuant to the rules, then applying, of the American Arbitration Association, except to the extent set forth herein. The arbitration panel shall consist of at least three individuals, with at least one panelist having knowledge of investment advisory activities. The parties agree that any arbitration proceeding pursuant to this provision shall be held in a location as determined by the rules of the American Arbitration Association, and judgment upon the award rendered may be entered into in any court, state or federal, having jurisdiction.

- **Arbitration is final and binding on all parties.**
- **The parties are waiving their right to seek remedies in court, including the right to a jury trial, except to the extent such a waiver would violate applicable law.**
- **Pre-arbitration discovery is generally more limited than and different from court proceedings.**
- **The arbitrators' award is not required to include factual findings or legal reasoning and any party's right to appeal or to seek modification of rulings by the arbitrators is strictly limited.**
- **The panel of arbitrators will typically include a minority of arbitrators who were or are affiliated with the securities industry.**

No person shall bring a putative or certified class action to arbitration, nor seek to enforce any pre-dispute arbitration agreement against any person who has initiated in court a putative class action, or who is a member of a putative class who has not opted out of the class with respect to any claims encompassed by the putative class action until: (a) the class certification is denied; (b) the class is decertified; or (c) the customer is excluded from the class by the court. Such forbearance to enforce an agreement to arbitrate shall not constitute a waiver of any rights under this Agreement except to the extent stated herein.

The agreement to arbitrate does not entitle Client to obtain arbitration of claims that would be barred by the relevant statute of limitations if such claims were brought in a court of competent jurisdiction. If at the time a demand for arbitration is made or an election or notice of intention to arbitrate is served, the claims sought to be arbitrated would have been barred by the relevant statute of limitations or other time bar, any party to this Agreement may assert the limitations as a bar to the arbitration by applying to any court of competent jurisdiction. Client expressly agrees that any issues relating to the application of a statute of limitations or other time bar are referable to such a court. The failure to assert such bar by application to a court, however, shall not preclude its assertion before the arbitrators.

Miscellaneous.

- a. The effective date of this Agreement shall be the date of its acceptance by Adviser.
- b. All paragraph headings in this Agreement are for convenience of reference only, do not form part of this Agreement, and shall not affect in any way the meaning or interpretation of this Agreement.
