Item 2: Material Changes

Hawkins Wealth Management is required to make clients aware of information that has changed since the last annual update to the Wrap Brochure ("Wrap Brochure") and that may be important to them. Clients can then determine whether to review the brochure in its entirety or to contact us with questions about the changes.

Last Annual Amendment Filing: 03/30/2017

As of our last annual amendment, the following changes have been made:

1. The Securities and Exchange Commission issued a Cease-and-Desist Order against TRH Financial LLC dba Hawkins Wealth Management on 09/26/2017 for failing to disclose that it received a forgivable loan almost \$350,000 from LPL Financial, which provides clearing and custody services for Hawkins Wealth Management's advisory clients. Please see Item 9 of our Brochure for additional information.
2. Starting December 2017, our firm now recommends clients utilize TD Ameritrade Institutional program. TD Ameritrade Institutional is a division of TD Ameritrade, Inc. ("TD Ameritrade") member FINRA/SIPC instead of LPL Financial, LLC, member FINRA/SIPC. As part of this ongoing relationship, TD Ameritrade is going to pay a portion of our client's Orion costs for accounts opened on April 1, 2017 or after for a period of one year. Please see Item 9 for additional information.
3. Our firm has entered into an agreement with, Mutual Securities Inc., member FINRA/SIPC, whereby Mutual Securities will provide operational support services as a platform provider of clients directly held investments. Please refer to Item 9 for additional information.
4. Starting January 2018, our firm no longer offers non-wrap program services.
5. Starting January 2018, Angela Breitsprecher has assumed the role of Chief Compliance Officer.
6. Our firm has updated our fees for our Wrap Comprehensive Portfolio Management Service. Please refer to Item 4 for additional information.

Item 4: Services, Fees & Compensation

- A. Description of our services, including the types of portfolio management services, provided under each program. We must indicate the wrap fee charged for each program, or, if fees vary according to a schedule, provide such schedule. Further, we are required to indicate whether fees are negotiable and identify the portion of the total fee, or range of fees, paid to portfolio managers.

Wrap Fee Program: Comprehensive Portfolio Management

As part of our Wrap Comprehensive Portfolio Management service clients will be provided asset management and financial planning or consulting services. This service is designed to assist clients in meeting their financial goals through the use of a financial plan or consultation. Our firm conducts client meetings to understand their current financial situation, existing resources, financial goals, and tolerance for risk. Based on what is learned, an investment approach is presented to the client, consisting of individual stocks, bonds, exchange traded funds (ETF), Unit Investment Trust (UIT), mutual funds and other public and private securities or investments. Once the appropriate portfolio has been determined, portfolios are continuously and regularly monitored, and if necessary, rebalanced based upon the client's individual needs, stated goals and objectives. Upon client request, our firm provides a summary of observations and recommendations for the planning or consulting aspects of this service.

Wrap Fee Program Fee Schedule:

On an annualized basis, our firm's fees for continuous portfolio management services are as follows:

| Assets Under Management | Annual Percentage of Assets Charge |
|--------------------------------|---|
| \$0 to \$100,000 | 1.85% |
| \$100,001 to \$500,000 | 1.45% |
| \$500,001 to \$1,000,000 | 1.35% |
| \$1,000,001 to \$3,000,000 | 1.15% |
| \$3,000,001 to \$5,000,000 | 1.05% |
| \$5,000,001 to 10,000,000 | 0.95% |
| \$10,000,001 to \$20,000,000 | 0.80% |
| \$20,000,001 and above | 0.50% |

Fees to be assessed will be outlined in the advisory agreement to be signed by the client. Annualized fees are billed on a pro-rata basis quarterly in advance based on the value of the account(s) on the last day of the previous quarter. Fees are negotiable and will be deducted from client managed account. Adjustments will be made for deposits and withdrawals during the quarter. These adjustments may result in Client moving between tiers during the quarter and could result in a higher annual percentage charged to the client should Client fall below the minimum Assets Under Management for any tier at the end of the quarter. The fees determined in the client's advisory agreement will be deducted from their designated account. As part of this process, the client is made aware of the following:

- a) The client's independent custodian sends statements at least quarterly showing the market values for each security included in the Assets and all account disbursements, including the amount of the advisory fees paid to our firm;
 - b) Clients will provide authorization permitting our firm to be directly paid by these terms. Our firm will send an invoice directly to the custodian; and
 - c) If our firm sends a copy of our invoice to the client, legend urging the comparison of information provided in our statement with those from the qualified custodian will be included.
- B. Explanation that a wrap fee program may cost you more or less than purchasing such services separately and description of the factors that bear upon the relative cost of the program, such as the cost of the services if provided separately and the trading activity in your account(s).

Our firm sponsors and offers a wrap fee program, which allows clients to pay a single fee for investment advisory services and associated custodial transaction costs. Transaction fees will be paid by our firm via individual transaction charges. Because our firm absorbs client transaction fees, an incentive exists to limit trading activities in client accounts

- C. Description of any fees that you may pay in addition to a wrap fee, and description of the circumstances under which you may pay these fees, including, if applicable, mutual fund expenses and mark-ups, mark-downs, or spreads paid to market makers.

In addition to our advisory fees above, Clients may also pay holdings charges imposed by the chosen custodian for certain investments, charges imposed directly by a mutual fund, index fund, or exchange traded fund, which shall be disclosed in the fund's prospectus (i.e., fund management fees, initial or deferred sales charges, mutual fund sales loads, 12b-1 fees, surrender charges, variable annuity fees, IRA and qualified retirement plan fees, and other fund expenses), mark-ups and mark-downs, spreads paid to market makers, fees for trades executed away from custodian, wire transfer fees and other fees and taxes on brokerage accounts and securities transactions. Our firm does not receive a portion of these fees.

- D. If someone recommending a wrap fee program to you, receives compensation as a result of your participation in the program, we must disclose this fact. Further, we are required to explain, if applicable, that the amount of the compensation may be more than what the person would receive if you participated in another wrap fee program or paid separately for investment advice, brokerage and other services. Finally, we must explain that someone recommending a wrap fee program may have a financial incentive to recommend the wrap fee program over other programs or services.

We do not recommend or offer the wrap program services of other providers.

Item 5: Account Requirements & Types of Clients

Our firm mainly services individuals and high net worth individuals. We generally require a minimum account balance of \$500,000. Minimum account balances are negotiable on a case by case basis upon firm approval, but are generally required to be maintained throughout the course of the client's relationship with our firm.

Item 6: Portfolio Manager Selection & Evaluation

- A. Description of how our firm selects and reviews portfolio managers, our basis for recommending or selecting portfolio managers for particular clients, and our criteria for replacing or recommending the replacement of portfolio managers for the program and for particular clients.

Our firm does not utilize outside portfolio managers. All accounts are managed by our in-house licensed investment adviser representatives ("IAR"s) of our firm. Prior to becoming licensed with our firm, each IARs industry experience, licensure, outside business activities, client complaints (if any), disciplinary or regulatory history (if any) and financial well-being will be reviewed. Each IAR will then have a Form U4 and ADV Part 2B on file with our firm.

- B. Disclosure of whether our firm or any related persons act as a portfolio manager for a wrap fee program described in the wrap fee program brochure. We must explain the conflicts of interest that we face because of this arrangement and describe how we address these conflicts of interest. Further, we must disclose whether related person portfolio managers are subject to the same selection and review as the other portfolio managers that participate in the wrap fee program. If they are not, we must describe how we select and review related person portfolio managers.

Our firm's IARs act as portfolio manager(s) for this wrap fee program. A conflict arises in that other investment advisory firms may charge the same or lower fees than our firm for similar services. Our IARs are subject to individual licensing requirements as imposed by state securities boards. Our firm is required to confirm or update each IAR's Form U4 on an annual basis. IAR supervision is conducted by our Chief Compliance Officer or management personnel.

- C. If our firm, or any of our supervised persons covered under or investment adviser registration, act as a portfolio manager for a wrap fee program described in the wrap fee program brochure, we must respond to Items 4.B, 4.C, 4.D (Advisory Business), 6 (Performance-Based Fees and Side-By-Side Management), 8.A (Methods of Analysis, Investment Strategies and Risk of Loss) and 17 (Voting Client Securities) of Part 2A of Form ADV (Firm Brochure).

(1) Advisory Business:

Information about our wrap fee services can be found in Item 4 of this brochure.

(2) Participation in Wrap Fee Programs.

Our firm only offers wrap fee accounts to our clients, which are managed on an individualized basis according to the client's investment objectives, financial goals, risk tolerance, etc.

(3) Performance-Based Fees & Side-By-Side Management.

Our firm does not charge performance fees to our clients.

(4) Methods of Analysis, Investment Strategies & Risk of Loss

Methods of Analysis:

Fundamental Analysis. We attempt to measure the intrinsic value of a security by looking at economic and financial factors (including the overall economy, industry conditions, and the financial condition and management of the company itself) to determine if the company is underpriced (indicating it may be a good time to buy) or overpriced (indicating it may be time to sell). Fundamental analysis does not attempt to anticipate market movements. This presents a potential risk, as the price of a security can move up or down along with the overall market regardless of the economic and financial factors considered in evaluating the stock.

Technical Analysis. We analyze past market movements and apply that analysis to the present in an attempt to recognize recurring patterns of investor behavior and potentially predict future price movement. Technical analysis does not consider the underlying financial condition of a company. This presents a risk in that a poorly-managed or financially unsound company may underperform regardless of market movement.

Investment Strategies We Use:

Long-term Purchases. When utilizing this strategy, we purchase securities with the idea of holding them for a relatively long time (typically held for at least a year). A risk in a long-term purchase strategy is that by holding the security for this length of time, we may not take advantages of short-term gains that could be profitable to a client. Moreover, if our predictions are incorrect, a security may decline sharply in value before we make the decision to sell.

Risk of Loss:

Investing in securities involves risk of loss that clients should be prepared to bear. While the stock market may increase and your account(s) could enjoy a gain, it is also possible that the stock market may decrease and your account(s) could suffer a loss. It is important that you understand the risks associated with investing in the stock market, are appropriately diversified in your investments, and ask us any questions you may have.

(5) Voting Client Securities

We do not and will not accept the proxy authority to vote client securities. Clients will receive proxies or other solicitations directly from their custodian or a transfer agent. In the event that proxies are sent to our firm, we will forward them on to you and ask the party who sent them to mail them directly to you in the future. Clients may call, write or email us to discuss questions they may have about particular proxy votes or other solicitations.

Item 7: Client Information Provided to Portfolio Manager(s)

All accounts are managed by our in-house licensed IARs. The IAR selected to manage the client's account(s) or portfolio(s) will be privy to the client's investment goals and objectives, risk tolerance, restrictions placed on the management of the account(s) or portfolio(s) and relevant client notes

taken by our firm. Please see our firm's Privacy Policy for more information on how our firm utilizes client information.

Item 8: Client Contact with Portfolio Manager(s)

Clients are always free to directly contact their IAR(s) with any questions or concerns they have about their portfolios or other matters.

Item 9: Additional Information

- A. We are required to respond to: 1. Item 9 (Disciplinary Information); and 2. Item 10 (Other Financial Industry Activities and Affiliations) of Part 2A of Form ADV.

The Securities and Exchange Commission issued a Cease-and-Desist Order against TRH Financial LLC dba Hawkins Wealth Management on 09/26/2017 for failing to disclose that it received a forgivable loan of almost \$350,000 from LPL Financial, which provided clearing and custody services for Hawkins Wealth Management's advisory clients. Hawkins Wealth Management violated Section 206(2) of the Advisers Act by failing to disclose its conflict of interest completely and accurately and Section 207 of the Advisers Act by omitting material facts concerning its relationship with LPL Financial. Hawkins Wealth Management has been ordered to cease and desist from committing or causing any violations and any future violations of Sections 206(2) and 207 of the Advisers Act, censured, and ordered to pay a civil monetary penalty in the amount of \$35,000 to the Securities and Exchange Commission. Additional information about the Cease-and-Desist Order is available at <https://www.sec.gov/litigation/admin/2017/ia-4776.pdf>.

We have the following financial industry activities and affiliations to disclose:

Our firm is not registered, nor does it have an application pending to register, as a broker-dealer, registered representative of a broker dealer.

Representatives of our firm are insurance agents/brokers. They offer insurance products and receive customary fees as a result of insurance sales. A conflict of interest exists as these insurance sales create an incentive to recommend products based on the compensation adviser and/or our supervised persons may earn. To mitigate this potential conflict, our firm will act in the client's best interest.

Tim Hawkins and Aaron Robertson are part owners of several real estate holding companies. These activities are not investment-related, clients are not solicited to invest, and therefore no conflicts of interest exist.

Our firm has entered into an agreement with, Mutual Securities Inc., member FINRA/SIPC, whereby Mutual Securities will provide operational support services as a platform provider of clients directly held investments. These might include mutual funds, 529 plans, and variable annuities. This contractual engagement does not include assuming discretionary authority over brokerage accounts or the monitoring of securities positions. Clients will be solicited to utilize Mutual Securities, but are under no obligation to move their mutual funds, 529 plans, and

variable annuities. For clients of Mutual Securities who provide Mutual Securities with written consent requesting ongoing investment advisory services, our firm will be engaged to provide ongoing sub-advisory investment-related services which may include a general review of client investment holdings, general investment advice, and specific securities recommendations on client's investment holdings. For our sub-advisory services, our firm is compensated by Mutual Securities through a percentage of the overall assets under management not to exceed 0.75%.

- B. We are required to respond to: 1. Items 11 (Code of Ethics or Interest in Client Transactions and Personal Trading); 2. Item 13 (review of Accounts); 3. Item 14 (Client Referrals and Other Compensation); and 4. Item 18 (Financial Information) of Part 2A of Form ADV, as applicable to our wrap fee clients.

1. Code of Ethics, Participation or Interest in Client Transactions & Personal Trading.

As a fiduciary, it is an investment adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times. Our fiduciary duty is the underlying principle for our firm's Code of Ethics, which includes procedures for personal securities transaction and insider trading. Our firm requires all representatives to conduct business with the highest level of ethical standards and to comply with all federal and state securities laws at all times. Upon employment with our firm, and at least annually thereafter, all representatives of our firm will acknowledge receipt, understanding and compliance with our firm's Code of Ethics. Our firm and representatives must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. This disclosure is provided to give all clients a summary of our Code of Ethics. If a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided promptly upon request.

Our firm recognizes that the personal investment transactions of our representatives demands the application of a Code of Ethics with high standards and requires that all such transactions be carried out in a way that does not endanger the interest of any client. At the same time, our firm also believes that if investment goals are similar for clients and for our representatives, it is logical, and even desirable, that there be common ownership of some securities.

In order to prevent conflicts of interest, our firm has established procedures for transactions effected by our representatives for their personal accounts. In order to monitor compliance with our personal trading policy, our firm has pre-clearance requirements and a quarterly securities transaction reporting system for all of our representatives.

Compliance with Department of Labor Fiduciary Rule

Our firm provides investment advice to assets affected by the Department of Labor ("DOL") Fiduciary Rule for a level fee. As such, we abide by the Impartial Conduct Standards as defined by the DOL. To comply with these standards, our firm and our advisors give advice that is in our clients' best interest, charge no more than reasonable compensation (within the meaning of ERISA Section 408(b)(2) and Internal Revenue Code Section 4975(d)(2), and make no misleading statements about investment transactions, compensation, conflicts of interest, and any other matters related to investment decisions.

As a level-fee fiduciary, we maintain a non-variable compensation structure that is provided on the

basis of a fixed percentage of the value of assets or a set fee that does not vary with the particular investment recommended, as opposed to a commission or other transaction based fee.

- a) If our firm or a related person recommends to clients, or buys or sells for client accounts, securities in which our firm or a related person has a material financial interest (excluding an interest as a shareholder of an SEC-registered, open-end investment company), our firm must describe our practice and discuss the conflicts of interest it presents.

Neither our firm nor a related person recommends, buys or sells for client accounts, securities in which our firm or a related person has a material financial interest without prior disclosure to the client.

- b) If our firm or a related person invests in the same securities (or related securities, e.g., warrants, options or futures) that our firm or a related person recommends to clients, our firm is required to describe our practice and discuss the conflicts of interest this presents and generally the conflicts that arise in connection with personal trading are addressed.

Related persons of our firm may buy or sell securities and other investments that are also recommended to clients. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request.

- c) If our firm or a related person recommends securities to clients, or buys or sells securities for client accounts, at or about the same time that you or a related person buys or sells the same securities for our firm's (or the related person's own) account, our firm is required to describe our practice and discuss the conflicts of interest it presents. Our firm is also required to describe generally how conflicts that arise are addressed.

Likewise, related persons of our firm buy or sell securities for themselves at or about the same time they buy or sell the same securities for client accounts. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request. Further, our related persons will refrain from buying or selling the same securities prior to buying or selling for our clients in the same day. If related persons' accounts are included in a block trade, our related persons will always trade personal accounts last. In all situations, related persons' personal accounts are traded at the end of the day.

2. Review of Accounts.

Our management personal or financial advisors review portfolios on at least a quarterly basis for our clients. Individual accounts are reviewed either annually or semi-annually, depending on the client's review schedule. The nature of these reviews is to learn whether clients' accounts are in line with their investment objectives, appropriately positioned based on market conditions, and investment policies, if applicable.

We may review client accounts more frequently than described above. Among the factors which may trigger an off-cycle review are major market or economic events, the client's life events, requests by the client, etc.

We do not provide written reports to clients, unless asked to do so. Verbal reports to clients take place on at least an annual basis when we contact clients.

3. Client Referrals & Other Compensation.

- a) If someone who is not a client provides an economic benefit to our firm for providing investment advice or other advisory services to our clients, we must generally describe the arrangement. For purposes of this Item, economic benefits include any sales awards or other prizes.

Our firm participates in the TD Ameritrade Institutional program. TD Ameritrade Institutional is a division of TD Ameritrade, Inc. ("TD Ameritrade") member FINRA/SIPC. TD Ameritrade is an independent [and unaffiliated] SEC-registered broker-dealer. TD Ameritrade offers to independent investment Advisors services which include custody of securities, trade execution, clearance and settlement of transactions. As such, our firm may recommend TD Ameritrade to Clients for custody and brokerage services. There is no direct link between our participation in the program and the investment advice we give our Clients, although our firm receives economic benefits through our participation in the program that are typically not available to TD Ameritrade retail investors. These benefits include the following products and services (provided without cost or at a discount): receipt of duplicate Client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving our participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to Client accounts); the ability to have advisory fees deducted directly from Client accounts; access to an electronic communications network for Client order entry and account information; access to mutual funds with no transaction fees and to certain institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to our firm by third party vendors. TD Ameritrade may also have paid for business consulting and professional services received by our firm's related persons. Some of the products and services made available by TD Ameritrade through the program may benefit our firm but may not benefit our Client accounts. These products or services may assist us in managing and administering Client accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD Ameritrade are intended to help us manage and further develop our business enterprise. The benefits received by our firm or our personnel through participation in the program do not depend on the amount of brokerage transactions directed to TD Ameritrade. As part of our fiduciary duty to clients, we endeavor at all times to put the interests of our clients first. Clients should be aware, however, that the receipt of economic benefits by our firm or our related persons in and of itself creates a potential conflict of interest and may indirectly influence our choice of TD Ameritrade for custody and brokerage services.

Our firm also receives from TD Ameritrade certain additional economic benefits ("Additional Services") that may or may not be offered to any other independent investment Advisors participating in the program. Specifically, the Additional Services include TD Ameritrade paying Orion Advisor Services \$55.00 per each client account our firm opens with them for a period of one year as of April 2017. TD Ameritrade provides the Additional Services to our firm in its sole discretion and at its own expense. Our firm does not pay any fees to TD Ameritrade for the Additional Services.

Our firm's receipt of Additional Services raises potential conflicts of interest. In providing Additional Services to our firm, TD Ameritrade most likely considers the amount and profitability to TD Ameritrade of the assets in, and trades placed for, our firm's Client accounts maintained with TD Ameritrade. TD Ameritrade has the right to terminate these Additional Services with our firm, in its sole discretion. Consequently, in order to continue to obtain the Additional Services from TD Ameritrade, our firm may have an incentive to recommend to its Clients that the assets under management by our firm be held in custody with TD Ameritrade and to place transactions for Client accounts with TD Ameritrade. Our firm's receipt of Additional Services does not diminish our duty to act in the best interests of our Clients, including to seek best execution of trades for Client accounts.

We may receive from a custodian, mutual fund company, or a ETF company without cost and/or at a discount support services and/or products, to assist us to better monitor and service client accounts maintained at such institutions. Included within the support services we may receive investment-related research, pricing information and market data, software and other technology that provide access to client account data, compliance and/or practice management-related publications, discounted or gratis consulting services, discounted and/or gratis attendance at conferences, meetings, and other educational and/or social events, marketing support, computer hardware and/or software and/or other products used by us to assist us in our investment advisory business operations.

Our firm will generally co-sponsors events with mutual fund companies that we have conducted business with over the previous year to ensure that we avoid conflicts of interest. We make no commitment to any mutual fund company or institution as a result of these arrangements. Additionally, our clients are not solicited to invest in the sponsoring funds unless the investment is in the best interest of the client. However, our firm may occasionally co-sponsor client events with unaffiliated mutual fund companies. Such sponsorship is not in connection with client securities transactions and our clients do not pay more for investment transactions effected and/or assets maintained as result of this arrangement.

- b) If our firm or a related person directly or indirectly compensates any person who is not our employee for client referrals, we are required to describe the arrangement and the compensation.

Our firm does not pay referral fees (non-commission based) to independent solicitors (non-registered representatives) for the referral of their clients to our firm in accordance with Rule 206 (4)-3 of the Investment Advisers Act of 1940.

4. Financial Information.

We are not required to provide financial information to our clients because:

- We do not require the prepayment of more than \$1,200 in fees when services cannot be rendered within 6 (six) months.
- We do not take custody of client funds or securities.
- We do not have a financial condition or commitment that impairs its ability to meet contractual and fiduciary obligations to clients.

We have never been the subject of a bankruptcy proceeding.
