## Item 4. Advisory Business

---

GSA is a Delaware limited liability company wholly owned by Green Street Parent LLC. GSA's business lines consist of subscription, Real Estate Analytics, and Advisory & Consulting.

For more than 25 years the GSA team has been committed to discovering and delivering insights and foresight to our clients. We have roughly forty research professionals covering the commercial real estate industry in the U.S. Our affiliate Green Street Advisors (UK) Limited (GSA-UK) also provides coverage for the European real estate industry. Our research staff analyze data as well as evaluate properties, markets, and companies in depth. We specialize in providing research and data analytics on publicly traded Real Estate Investment Trusts (REITs) and cover over 100 companies together with GSA-UK as of the date of this brochure. We also analyze broader trends in the private real estate markets. In addition, we provide a broad range of advisory & consulting services to commercial real estate market participants. A brief breakdown of what our team provides and their experience follows:

### **Senior Management Team:**

Our senior management team provides experience, insight, and innovative thinking in specialized property fields such as apartment, industrial, office, mall, healthcare, lab space, student housing, self storage, lodging and strip center properties.

### **Managing Directors:**

The six (6) managing directors of the firm directly involved in research have an average tenure in the industry of over twenty (20) years.

### **Description of the Types of Advisory Services We Offer**

---

#### **Research:**

- **North America:**

We publish a variety of research reports and statistical analyses covering the public and private real estate markets on a monthly, quarterly, and ad hoc basis. Our research explores the property sector fundamentals and valuations in both the private and public markets. We provide coverage of individual publicly traded REIT securities as well as broader sector and macro trends. We also offer a research product called Real Estate Analytics that provides analysis on the private commercial real estate markets through digestible, conclusion-driven reports to help real estate investors and service providers make capital allocation decisions. In addition, GSA offers online access to our extensive proprietary databases, built through years of research, analysis, and property visits conducted by our dedicated research team, enabling clients to carry out customized detailed analyses on a variety of topics at the company and property-sector levels.

- **Europe**

Our international expansion began in early 2008 with the formation of our affiliate GSA-UK and the opening of an office in London. This expansion was driven by client demand for the type of research and analysis on European companies that we provide in North America. GSA-UK has assembled a team of industry professionals that apply the same core operating principles as GSA.

Our research reports are based on extensive quantitative and qualitative analyses and they include “BUY,” “SELL,” or “HOLD” recommendations based on the strength of a company and how its shares are currently priced. Research reports are typically sold pursuant to individually negotiated agreements with individually negotiated pricing.

### **Advisory & Consulting Services:**

GSA’s advisory & consulting group provides our broad range of clients with tailored solutions that address their specific needs. Some of the advisory & consulting services that we offer are:

- Strategic Planning:

GSA's advisory & consulting team conducts research and valuation studies to identify optimal public and private market strategies designed to maximize value, mitigate risk, reduce conflicts of interest, enhance competitive positioning and increase liquidity. We provide insight and guidance on analyzing, structuring, and executing firm-level planning and re-organization activities for publicly traded REITs, and private real estate companies. Our strategic planning assignments have included initial public offerings (IPOs), privatizations, mergers, acquisitions and sales.

- Valuation:

GSA's advisory & consulting team uses our proprietary net asset value (NAV) methodology and recurring cash flow analysis to value a variety of real estate entities, including publicly traded REITs, public non-traded REITs, private REITs and private real estate companies. This quantitative and qualitative analysis identifies strengths and weaknesses of the public REIT peer group. We also provide insight in valuing real estate as an asset class by comparing real estate's risk-adjusted returns to the broader equity and debt markets.

- Custom Research:

Our advisory & consulting group aims to present analysis with clarity and insight. We execute a diverse range of assignments while leveraging our understanding of the most effective structures and strategies in operating, capitalizing and financing a competitive real estate business. We offer a customized product for each client to accommodate specific profiles and objectives. Our clients have included private REIT management teams, boards of directors, legal practitioners, institutional investors, and individual property owners.

- Benchmarking:

Utilizing publicly available and proprietary data, GSA delivers direct, insightful comparisons between companies and sectors, thus providing a platform for knowledge enhancement and

informed decision making. The spectrum of metrics studied may include historical and projected operating performance, key valuation drivers, and analysis of capital structure, among others. GSA consultants focus on each client's unique areas of interest to provide information that is tailored to meet their specific needs.

- Operating Partnership Unit (OP unit) Advisory:

In an OP unit transaction, we capitalize on our expertise to assist clients with analyzing opportunities to sell assets, provide independent valuation of REIT stock and OP units offered, and recommend the best REIT partner. GSA helps structure OP unit transaction terms and explains the investment merits represented by the potential REIT buyers.

- Transaction Advisory:

GSA provides advisory services to support commercial real estate transactions across all major asset classes and geographic markets. GSA's team assists clients in numerous ways, including investment identification and selection, acquisition/disposition analysis, analysis of strategic alternatives, and OP unit advisory services. We believe the combination of deep transactional experience and our robust REIT research enables GSA to add value during all phases of a transaction.

- Investment Fund Advisory:

GSA works with money managers to devise capital allocation strategies for public and private real estate assets and to evaluate potential investments from a risk/return and fair value perspective. The investment analysis techniques and methodologies that GSA has developed and refined over the past 25 years provide a time-tested platform from which sound investment frameworks and strategies can be developed.

## **Tailoring of Advisory Services**

---

We offer customized research and advisory & consulting services, including tailored research projects in the public and private real estate arenas.

## **Participation in Wrap Fee Programs**

---

We do not offer wrap fee programs.

## **Regulatory Assets Under Management**

---

GSA provides a variety of research reports and statistical analyses to our research and advisory & consulting clients; however, it does not provide continuous and regular supervisory or management services to clients.

---

## Item 5. Fees & Compensation

---

We are required to describe our brokerage, custody, fees and fund expenses so our clients will know how much they are charged and by whom. Our fees are generally negotiable.

### **How We Are Compensated for Our Advisory Services**

---

#### **Research:**

Research reports are typically sold pursuant to individually negotiated agreements with individually negotiated pricing. These agreements typically require clients to pay for our research in advance. The cost of our research will depend upon the type of subscription purchased.

Fees for research subscriptions are typically paid in advance on an annual basis and due within thirty (30) days of receipt of invoice.

#### **Advisory & Consulting Services:**

Advisory & consulting clients are invoiced based on the size and scope of the engagement. Fees are billed on a flat fee basis and are variable and negotiable .

Advisory & consulting services payment terms are determined on a case by case basis. Generally, one half of the fees will be due at the commencement of our work, and the other half upon completion of the advisory & consulting services.

#### **Other Fees:**

Clients may incur brokerage expenses such as commissions from trading or other transaction-based fees when buying shares using our “Buy,” “Hold,” “Sell” research reports. These transaction fees are separate from our fees and should be disclosed by the firm through which the trades are executed.

### **Policy Regarding Fees Due In Advance**

---

We charge advisory fees for our research reports on an individual basis in advance. In the event that a customer wishes to terminate our services, we typically will not refund the unearned portion of our advisory fee, unless GSA terminates our advisory agreement with the client. If a client wishes to terminate our services, they will need to notify us in writing.

---

## **Item 6. Performance-Based Fees & Side-By-Side Management**

---

We do not charge performance-based fees to our clients.

---

## **Item 7. Types of Clients & Account Requirements**

---

We have the following types of clients:

- High Net Worth Individuals;
- Banking or Thrift Institutions;
- Investment Companies;
- Pensions, Endowments, Foundations, and Profit Sharing Plans;
- State or Municipal Government Entities;
- Corporations, Limited Liability Companies and/or Other Business Types;
- Real Estate Owners, Managers, and Operators; and
- Professional Organizations, Accountants, Lawyers, and Consultants;
- Insurance Companies

We generally do not require a minimum account balance nor do we require a minimum fee for research-based projects.

---

## **Item 8. Methods of Analysis, Investment Strategies & Risk of Loss**

---

We employ a multi-step process of REIT valuation. Our company-level analytical work includes the following:

- Extensive quantitative and qualitative analyses to assess the current market value of each company's assets and liabilities, for example:
  - Estimating NAVs based on the characteristics of a REIT's underlying property portfolio including location, quality, lease structure and growth prospects
  - Applying prevailing cap rates, as determined by the generally active and liquid real estate markets, to forward looking NOI estimates. Our analysts spend significant time speaking with market participants (e.g. REIT executives, private real estate market participants, brokers, etc.), tracking comparable transactions, reading trade publications and reviewing findings of providers of transaction information to determine the appropriate cap rate
- A systematic approach to evaluating the best REITs on a variety of critical factors to determine their merits relative to their peers, including:
  - Franchise value

- General and administrative overhead
- Balance sheet risk
- Corporate governance
- Translating these evaluations into premiums/discounts to asset value at which the REITs' shares should be valued
- Applying the warranted premiums/discounts to the NAV estimates to determine the warranted share prices
- Comparing the warranted share prices to the current stock prices to form our BUY/HOLD/SELL recommendations for REIT stocks.

It is important to note that we employ a relative pricing model when conducting our REIT analysis and making our company-specific BUY/HOLD/SELL recommendations. We generally have an equal number of Buy-rated stocks and Sell-rated stocks within each property sector. In essence, we answer the question of which REIT stocks are overpriced and which stocks are underpriced at any point in time relative to their respective property-sector peers. The strength of our research is rooted in the focus that we place on property-level analysis through our published reports. Green Street analysts focus solely on their analytical work and providing support to our clients – we are not distracted by obligations faced by typical Wall Street analysts, whose firms are involved in investment banking activities.

**Please Note the Following Risks:**

Investment Risk. Investing in securities involves risk of loss that clients should be prepared to bear. While asset markets may increase and your account(s) could enjoy a gain, it is also possible that asset markets may decrease and your account(s) could suffer a loss. It is important that you understand the risks associated with investing in asset markets, and that you are appropriately diversified in your investments.

Advisory Risk. The success of our research, advisory & consulting, and investment strategies depends on our ability to effectively analyze and evaluate securities. However, our analyses and evaluations may fail to predict the future performance of securities.

REIT Risk. REITs are susceptible to many of the same risks associated with direct ownership of real estate, such as the following: declines in property values; increases in property taxes, operating expenses, interest rates or competition; overbuilding; zoning changes; and losses from casualty or condemnation. Additionally, REITs are reliant on the ability of their managers to effectively manage their properties, have limited diversification across asset classes, and could be significantly affected by changes in tax laws.

---

## **Item 9. Disciplinary Information**

---

Registered investment advisers are required to disclose all material facts regarding any legal or disciplinary events that would be material to a client's or investor's evaluation of the adviser or the integrity of the adviser's management. Neither GSA nor any of its officers, directors, employees or other

management persons, have been involved in any legal or disciplinary events in the past 10 years that would require disclosure in response to this Item.

---

## **Item 10. Other Financial Industry Activities & Affiliations**

---

Our firm or our management persons have a material relationship with the following related person(s) as follows:

- 1851 Securities, Inc, a broker-dealer
- Angel Island Capital Management, LLC, a registered investment adviser
- Angel Island Capital Services, LLC, a broker-dealer
- Aperio Group, LLC
- Coramerica Capital, LLC, a registered investment adviser
- Coramerica Loan Company, LLC, a registered investment adviser
- Golden Gate Private Equity Inc, a registered investment adviser
- Nassau Corporate Credit LLC, a registered investment advisor
- Saybrus Equity Services, Inc, a broker-dealer

GSA's related person, Green Street Trading (GST) is registered as a broker-dealer and executes customer transactions for commissions. GST is also a member of the Financial Industry Regulatory Authority (FINRA).

GSA has a material arrangement with GST regarding our advisory business. GST will purchase research from us to provide to its clients in return for directing brokerage to GST. GST may also handle securities transactions on a commission basis for some GST clients at the client's request. Additionally, in order to satisfy the credit requirements of a GST trading customer, GSA has agreed to guarantee the obligations of GST as it relates to that customer. We do not believe this relationship will adversely affect GSA clients or create any material conflicts of interests.

We have entered into a "participating affiliate" arrangement with our non-U.S. advisory affiliate, Green Street Advisors (UK) Limited ("Green Street UK"). Certain employees of Green Street UK are considered "associated persons" of ours when providing certain advisory services through us for our U.S. clients, including (but not limited to), providing research, and in this capacity are subject to our oversight and regulatory supervision. Green Street UK is authorized and regulated by the United Kingdom Financial Conduct Authority.

GSA has an additional affiliation with Green Street Investors, LLC (GSI). GSI is under common control with GSA and is a registered investment adviser. While GSI shares a physical address with us, GSI is in a separate locked office and does not trade with GST's trading desk. GSI will not have preferred access to our research as a result of this arrangement. We do not believe this relationship will adversely affect GSA clients or create any material conflicts of interests.

---

## **Item 11. Code of Ethics, Participation or Interest in Client Transactions & Personal Trading**

---

Our firm has established a Code of Ethics which applies to all of our associated persons. An investment adviser is considered a fiduciary. As a fiduciary, it is an investment adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times. We have a fiduciary duty to all clients. Our fiduciary duty is considered the core underlying principle for our Code of Ethics which also includes Insider Trading and Personal Securities Transactions Policies and Procedures. We require all of our supervised persons to conduct business with the highest level of ethical standards and to comply with all federal and state securities laws at all times. Upon employment or affiliation and at least annually thereafter, all supervised persons will sign an acknowledgement that they have read, understand, and agree to comply with our Code of Ethics. Our firm and supervised persons must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. This disclosure is provided to give all clients a summary of our Code of Ethics. However, if a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided promptly upon request.

Additionally, we require that the personal investment transactions of members and employees of our firm comply with our Code of Ethics and that all such transactions be carried out in a way that does not endanger the interest of any client. Accordingly, in order to prevent conflicts of interest, we have in place a set of procedures (including a pre-clearing procedure) with respect to transactions effected by our members, officers and employees for their personal accounts<sup>1</sup>. In order to monitor compliance with our personal trading policy, we have a quarterly securities transaction reporting system for all of our associates. Further, the firm's related persons may not trade for their own individual accounts and are not allowed to own REIT stocks.

---

## **Item 12. Brokerage Practices**

---

We do not utilize nor recommend custodians. However, our firm may recommend affiliated broker dealers to execute trades for clients.

---

## **Item 13. Review of Accounts or Financial Plans**

---

Due to the nature of our business (providing research reports and advisory & consulting services), we do not hold any reviews.

---

<sup>1</sup> For purposes of the policy, our associate's personal accounts generally includes any accounts (a) in the name of our associate, his/her spouse, his/her minor children or other dependents residing in the same household, (b) for which our associate is a trustee or executor, or (c) which our associate controls, including our client accounts which our associate controls and/or a member of his/her household has a direct or indirect beneficial interest in.

---

## **Item 14. Client Referrals & Other Compensation**

---

GSA clients may enter into arrangements with unaffiliated broker-dealers to pay our research fees on our clients' behalf, and GSA provides research to our affiliated broker-dealers, who provide the research to their clients. Please see Item 10 of this Firm Brochure for information regarding the receipt of compensation from GST.

We do not pay referral fees (non-commission based) to independent solicitors (non-registered representatives) for the referral of their clients to our firm.

---

## **Item 15. Custody**

---

We do not have custody of our clients' funds. Due to the nature of our business, our clients do not receive periodic account statements from GSA.

---

## **Item 16. Investment Discretion**

---

GSA does not accept discretionary authority to manage securities accounts on behalf of our clients.

---

## **Item 17. Voting Client Securities**

---

We do not and will not accept the proxy authority to vote client securities. Clients will receive proxies or other solicitations directly from their custodian or a transfer agent. In the unlikely event that proxies are sent to our firm, we will forward them on to our client and ask the party who sent them to mail them directly to our client in the future.

---

## **Item 18. Financial Information**

---

- We do not take custody of client funds or securities.
- We do not have a financial condition or commitment that impairs our ability to meet contractual and fiduciary obligations to clients.
- We guarantee the obligations of GST as it relates to a trading customer.
- See attached balance sheet

GSA has never been the subject of a bankruptcy proceeding.

## **Independent Auditors' Report**

The Member  
Green Street Advisors, LLC:

We have audited the accompanying consolidated balance sheet of Green Street Advisors, LLC and its subsidiaries as of December 31, 2017 and the related notes to the consolidated balance sheet.

### **Management's Responsibility for the Consolidated Balance Sheet**

Management is responsible for the preparation and fair presentation of this consolidated balance sheet in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the consolidated balance sheet that is free from material misstatement, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on the consolidated balance sheet based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated balance sheet is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated balance sheet. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated balance sheet, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated balance sheet in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated balance sheet.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the consolidated balance sheet referred to above presents fairly, in all material respects, the financial position of Green Street Advisors, LLC and its subsidiaries as of December 31, 2017, in accordance with U.S. generally accepted accounting principles.

**Green Street Advisors, LLC**  
**Notes to Consolidated Balance Sheet**  
**December 31, 2017**

**1. ORGANIZATION AND BASIS OF PRESENTATION**

Green Street Advisors, LLC and subsidiaries (the “Company”) is a limited liability company formed in the State of Delaware in June 2014. The Company is a wholly-owned subsidiary of Green Street Parent, LLC (“GSP”) and was formed in conjunction with a business combination in which it became the sole member of Green Street Investors, LLC (“GSI”), Green Street Advisors UK, Ltd. (“GSA-UK”), and Green Street Trading, LLC (“GST”) in December 2014.

In January 2017, the Company distributed 100% of its interest in GSI and the associated goodwill to GSP. The distribution of equity interests and goodwill associated with GSI was \$1,153,734 and \$1,211,985, respectively. GSI specializes in investment advisory services for pension plans that manage equity securities, particularly in the real estate industry. GSA-UK is registered as a broker-dealer with the Financial Conduct Authority, a regulator of the financial services industry in the United Kingdom. GST is a registered broker-dealer with the Securities and Exchange Commission under the Securities Exchange Act of 1934 and is a member of the Financial Industry Regulatory Authority and the Security Investor Protection Corporation (“SIPC”).

The Company operates an independent research and consulting practice concentrating primarily on publicly traded real estate securities and the private commercial real estate markets. The accompanying consolidated balance sheet includes the accounts of the Company, and its wholly-owned subsidiaries GSA-UK and GST. All significant intercompany accounts and transactions have been eliminated in consolidation.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

***Use of Estimates***

The presentation of the consolidated balance sheet in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated balance sheet. Actual results could differ from those estimates. Management adjusts estimates and assumptions when facts and circumstances change.

***Restricted Cash***

The Company holds a cash account in accordance with SEC Rule 15c3-3(k)(2)(i) with a balance of \$93,481 at December 31, 2017. The Company disburses this cash to third parties on behalf of certain customers at the customers’ direction.

**Green Street Advisors, LLC**  
**Notes to Consolidated Balance Sheet**  
**December 31, 2017**

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

***Receivable from Clearing Organization***

Receivable from clearing organization represent commissions earned on securities transactions. These receivables are stated at face amount with no allowance for doubtful accounts as all amounts are considered collectible.

***Property and Equipment, Net***

Property and equipment are stated at cost, net of accumulated depreciation. Expenditures for major additions and improvements enhancing the function and/or useful life are capitalized and minor replacements, maintenance, and repairs are charged to expense as incurred. When items are sold or retired, the related cost and accumulated depreciation are removed from the accounts and any gains or losses arising from such transactions are recognized. Depreciation is computed using the straight-line method over useful lives of the related assets. The estimated useful lives for significant property and equipment categories are as follows:

Computer software	5 years
Office equipment	5-7 years
Leasehold improvements	Life of lease

***Goodwill and Indefinite-Lived Intangible Assets***

As discussed in Note 1, the Company was formed in conjunction with a business combination that occurred on December 15, 2014. In 2014, a parent of the Company transferred cash in proportion to the determined fair value for a controlling interest in the Company. As the Company was formed in conjunction with the business combination and has been recognized as the acquirer, it recognized a step-up to fair value of the assets and liabilities acquired, and a corresponding step up to member's equity in 2014. The Company applied the acquisition method to account for the business combination, that requires among other things, assets acquired and liabilities assumed be recorded at their fair values as of the business combination date.

Goodwill was calculated as the excess of the consideration transferred over the net assets recognized and represents the future economic benefits arising from other assets acquired that could not be individually identified and separately recognized. The Company also recorded an indefinite-lived intangible asset related to the Company's trade name.

**Green Street Advisors, LLC**  
**Notes to Consolidated Balance Sheet**  
**December 31, 2017**

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

***Goodwill and Indefinite-Lived Intangible Assets (continued)***

Under Accounting Standards Codification (“ASC”) Topic 350, Intangibles – Goodwill and Other, goodwill and indefinite-lived intangible assets acquired in a business combination are not amortized, rather, evaluated for impairment on an annual basis, by reporting unit, or more often if events or circumstances indicate there may be impairment. The Company’s operating segments, Domestic and UK, are the identified reporting units in which goodwill and intangible assets are allocated.

Under ASC Topic 350, to determine whether it is necessary to perform the two-step impairment test, a company may assess qualitative factors to evaluate whether it is more likely than not that the fair value of a reporting unit is less than its carrying amount. If it concludes that it is more likely than not that the fair value of a reporting unit is less than its carrying amount or if the company elects not to assess qualitative factors, the company then performs the two-step impairment test. The first step is to determine the fair value of each reporting unit. The fair value of each reporting unit is compared to the carrying amount of the reporting unit. If the carrying value of the reporting unit exceeds the fair value, then the second step of the test is performed to measure the impairment loss. The second step of the impairment test compares the fair value of the reporting unit’s identifiable assets and liabilities against the fair value of the reporting unit to determine the implied fair value of goodwill. An impairment loss is recorded for the amount of the difference between the carrying amount of the goodwill and the implied fair value of the goodwill. See Note 6 for a further discussion.

***Finite-Lived Intangible Assets, Net***

As part of the business combination described in Note 1, the Company recorded finite-lived intangible assets on its consolidated balance sheet with estimated useful lives as follows:

Acquired internal-use software	4-6 years
Acquired research and analytical tools	5 years
Acquired core database	15 years
Acquired customer base	18-22 years

Under ASC Topic 360, Property, Plant, and Equipment, long-lived assets, including purchased intangibles subject to amortization, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets is measured by a comparison of the carrying amount of an asset to undiscounted future cash flows expected to be generated by the asset or asset group. If the carrying amount of an asset or asset group exceeds its estimated future cash flows, an impairment charge is recognized in the amount by which the carrying amount exceeds the fair value of the asset.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

***Finite-Lived Intangible Assets, Net (continued)***

The Company capitalizes certain costs to develop its website and internal-use software when planning stage efforts are successfully completed, management has committed project resourcing, and it is probable that the project will be completed and the software will be used as intended. Such costs are amortized on a straight-line basis over the estimated useful life of the related asset, which is five years. Costs incurred prior to meeting these criteria, together with costs incurred for training and maintenance, are expensed as incurred.

***Share-Based Compensation – Equity Classified Awards***

Certain employees are issued awards by a parent of the Company. Share-based compensation expense is measured at fair value on the grant date, and is recognized on a straight-line basis as expense over the vesting periods of the awards. As the awards are not equity of the Company, they are recorded in member's equity as deemed contributions.

***Share-Based Compensation – Liability Classified Awards***

In July 2015, a non-controlling interest holder in a parent of the Company issued awards to certain employees of the Company. When an employee is terminated, the Company has historically exercised its option to cash settle these equity awards prior to the employee realizing economic risks and rewards for a reasonable period of time. As such, the awards are re-measured at fair value each reporting period. Compensation expense is recognized over the vesting period at the fair value of the award each year.

***Deferred Revenue***

Certain clients pay a set fee for a subscription to the Company's research and data analytics service and are invoiced for a period ranging typically from three months to a year. Deferred revenue represents the portion of revenue which is attributable to future periods covered by these agreements.

***Deferred Rent***

The Company leases office space under non-cancelable lease agreements with third parties, which expire on various dates through 2021. The Company reflects lease expense over the lease term on a straight-line basis.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

***Foreign Currency Translation***

GSA-UK uses the local currency of its respective country, United Kingdom Pound Sterling or GBP, as its functional currency. In accordance with ASC Topic 830, Foreign Currency Matters, assets and liabilities are translated at exchange rates prevailing at the consolidated balance sheet date.

***Subsequent Events***

The Company has evaluated events subsequent to the consolidated balance sheet date for items requiring recording or disclosure. The evaluation was performed through March 14, 2018, which is the date the consolidated balance sheet was available to be issued. Based upon this review, the Company has determined that there were no events which took place that would have a material impact on its consolidated balance sheet at December 31, 2017.

**3. RECEIVABLE FROM CLEARING ORGANIZATION**

GST has a brokerage agreement with Industrial and Commercial Bank of China Financial Services LLC and GSA-UK has a brokerage agreement with Pershing (collectively “Clearing Brokers”) to carry their respective account and the accounts of their respective clients as customers of the Clearing Brokers.

Pursuant to the broker agreements, GST and GSA-UK introduces all of its securities transactions to the Clearing Brokers on a fully disclosed basis. Customers’ money balances and security positions are carried on the books of the Clearing Brokers. As of December 31, 2017, the receivable from the Clearing Brokers of \$270,629 was pursuant to these clearance agreements.

**4. DEPOSIT WITH CLEARING ORGANIZATIONS**

At December 31, 2017, the Clearing Brokers had custody of \$589,002 of the Company’s cash balance which serves as collateral for any amounts due to the Clearing Brokers.

In accordance with the clearance agreements, GST and GSA-UK have agreed to indemnify the respective Clearing Brokers for losses, if any, which the Clearing Brokers may sustain from carrying securities transactions introduced by GST and GSA-UK. In accordance with the industry practice and regulatory requirements, GST and GSA-UK and the Clearing Brokers monitor collateral on the customers’ accounts.

**6. GOODWILL AND INTANGIBLE ASSETS, NET (continued)**

The Company evaluated its finite-lived intangible assets and concluded none were unrecoverable and no impairment was recorded at December 31, 2017.

No events have occurred since December 31, 2017 that would cause the Company to update its latest annual goodwill and finite-lived intangible assets impairment testing.

**7. INCOME TAXES**

The deferred tax liability of \$336,507 is related to the difference in book and tax amortization schedules of the intangible assets acquired as part of the business combination discussed in Note 1. In accordance with ASC Topic 740, Income Taxes, the Company assesses its tax positions based on available positive and negative evidence and, if it concludes that it is not more likely than not that its positions will withstand an examination, the position is unrecognized in the financial statements and a liability for uncertain tax positions is recorded along with respective estimated interest and penalties. At December 31, 2017, the Company had no uncertain tax positions.

Tax years that remain subject to examination by various tax jurisdictions are 2013 to 2016.

**8. RELATED PARTY TRANSACTIONS**

At December 31, 2017, \$65,318 due from a related party was recorded on the consolidated balance sheet. \$46,705 related to administrative expenses paid by the Company on behalf of GSI.

The Company does not purport that the terms of related party transactions are the same as those that would result from transactions among wholly unrelated parties.

**9. EMPLOYEE PENSION PLAN**

The Company, along with other entities under common control, is part of a controlled group. The controlled group maintains a 401(k) Plan as a defined contribution retirement plan for all eligible employees. The 401(k) provides for tax-deferred contributions of employees' salaries, limited to a maximum annual amount as established by the IRS. In 2017, the Company matched 100% of employee contributions up to a maximum of four percent of total compensation.

GSA-UK operates a tax-deferred defined contribution plan for all eligible employees. Contributions are made as a percentage of compensation between five to ten percent depending on seniority and function. Personal contributions are not necessary to receive this contribution.

**10. CONCENTRATION OF CREDIT RISK**

GST and GSA-UK are engaged in various trading and brokerage activities in which counterparties primarily include broker-dealers, banks, and other financial institutions. In the event counterparties do not fulfill their obligations, GST and GSA-UK may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. GST and GSA-UK's policy is to review, as necessary, the credit standing of each counterparty.

**11. COMMITMENTS AND CONTINGENCIES**

The Company leases office space under non-cancelable lease agreements with third parties, which expire between 2020 and 2021. The Company reflects lease expense over the lease terms on a straight-line basis. Occupancy lease agreements, in addition to base rentals, generally are subject to escalation provisions based on certain costs incurred by the landlord.

At December 31, 2017, the minimum annual payments are as follows:

Year ending December 31:

2018	\$ 2,104,762
2019	2,104,762
2020	474,157
2021	101,596
	<u>\$ 4,785,277</u>

The Company maintains several bank accounts at financial institutions. These accounts are insured either by the Federal Deposit Insurance Commission ("FDIC"), up to \$250,000, or SIPC, up to \$500,000. At December 31, 2017, cash balances held in financial institutions were in excess of the FDIC and SIPC's insured limits. The Company has not experienced any losses in such accounts and management believes that it has placed its cash on deposit with financial institutions which are financially stable.

The Company is a guarantor to a loan facility that GSP is a party to. The facility also includes an optional revolver with a maximum commitment of \$12,500,000. If the parent company is unable to meet payment obligations, the Company will be responsible to the lender for satisfaction of all or a part of the loan. As of December 31, 2017, the outstanding balance of the loan facility recorded on GSP's consolidated financial statements was \$103,425,000.

**12. NET CAPITAL REQUIREMENT**

GST is subject to the SEC Uniform net Capital Rule (“Rule 15c3-1”), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. As of December 31, 2017, GST had net capital of \$4,108,055 which was \$3,858,055 in excess of its required net capital of \$250,000 and GST’s ratio of aggregate indebtedness (\$2,340,404) to net capital was .57 to 1, which is less than the 15 to 1 maximum allowed.

**13. RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS**

In February 2016, the FASB issued ASC 842, “Leases” (ASC 842). The core principle of ASC 842 is that an entity should recognize on its balance sheet assets and liabilities arising from a lease. In accordance with that principle, ASC 842 requires that a lessee recognize a liability to make lease payments (the lease liability) and a right-of-use asset representing its right to use the underlying leased asset for the lease term. The recognition, measurement, and presentation of expenses and cash flows arising from a lease by a lessee will depend on the lease classification as finance or operating lease. This new accounting guidance is effective for public companies for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. For all other entities, the new accounting guidance is effective for fiscal years beginning after December 15, 2019, and interim periods with fiscal years beginning after December 15, 2020. Early adoption is permitted for all entities.

Upon adoption of ASC 842 any remaining future lease payments will result in a gross up of the statement of financial position with a liability for the amount of discounted future lease payments with a corresponding amount allocated to a lease asset. The Company is still evaluating the impact on the statement of operations.
