Chief Compliance Officer**

This brochure provides information about the qualifications and business practices of Bell & Brown Wealth Advisors, LLC. If you have any questions about the contents of this brochure, please contact us by telephone at (949) 396-1088 or email lantz@bellbrownadvisors.com or jeff@bellbrownadvisors.com. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any State Securities Authority.

Additional information about Bell & Brown Wealth Advisors, LLC also is available on the SEC's website at www.adviserinfo.sec.gov.

Please note that the use of the term "registered investment adviser" and description of Bell & Brown Wealth Advisors, LLC and/or our associates as "registered" does not imply a certain level of skill or training. You are encouraged to review this Brochure and Brochure Supplements for our firm's associates who advise you for more information on the qualifications of our firm and our employees.

Item 2: Material Changes

Bell & Brown Wealth Advisors, LLC is required to advise you of any material changes to the Wrap Brochure ("Wrap Brochure") from our last annual update.

Since the last annual amendment filed on 02/20/2018, we do not have any material changes to disclose.

Item 7: Client Information Provided to Portfolio Manager(s)	8
Item 8: Client Contact with Portfolio Manager(s).....	8
Item 9: Additional Information.....	8

Item 4: Services, Fees & Compensation

We offer wrap fee programs as described in this Wrap Fee Program Brochure. Our wrap fee accounts are managed on an individualized basis according to the client's investment objectives, financial goals, risk tolerance, etc.

A wrap fee program allows our clients to pay a specified fee for investment advisory services and the execution of transactions. The advisory services may include portfolio management, and the fee is not based directly upon transactions in your account. Your fee is bundled with our costs for executing transactions in your account(s). This results in a higher advisory fee to you. We do not charge our clients higher advisory fees based on their trading activity, but you should be aware that we may have an incentive to limit our trading activities in your account(s) because we are charged for executed trades. By participating in a wrap fee program, you may end up paying more or less than you would through a non-wrap fee program where a lower advisory fee is charged, but trade execution costs are passed directly through to you by the executing broker.

Our Wrap Advisory Service

Wrap Asset Management:

As part of our Wrap Asset Management service, a portfolio is created, consisting of individual stocks, bonds, exchange traded funds ("ETFs"), options, mutual funds and other public and private securities or investments. The client's individual investment strategy is tailored to their specific needs and may include some or all of the previously mentioned securities. Portfolios will be designed to meet a particular investment goal, determined to be suitable to the client's circumstances. Once the appropriate portfolio has been determined, portfolios are continuously and regularly monitored, and if necessary, rebalanced based upon the client's individual needs, stated goals and objectives. As part of our Wrap Asset Management service, our firm may offer you a complimentary Financial Consultation.

The maximum annual fee charged for this service will not exceed 1.50%. Fees to be assessed will be outlined in the advisory agreement to be signed by the Client. Annualized fees are billed on a pro-rata basis quarterly in advance based on the value of the account on the last day of the previous quarter. Fees are negotiable and will be deducted from your account. As part of this process, Clients understand the following:

- a) The client's independent custodian sends statements at least quarterly showing the market values for each security included in the Assets and all account disbursements, including the amount of the advisory fees paid to our firm;
- b) Clients will provide authorization permitting our firm to be directly paid by these terms. Our firm will send an invoice directly to the custodian; and
- c) If our firm sends a copy of our invoice to the client, legend urging the comparison of information provided in our statement with those from the qualified custodian will be included.

Other Types of Fees & Expenses:

You may pay custodial fees, charges imposed directly by a mutual fund, index fund, or exchange traded fund which shall be disclosed in the fund's prospectus (i.e., fund management fees and other fund expenses), mark-ups and mark-downs, spreads paid to market makers, wire transfer fees and

other fees and taxes on brokerage accounts and securities transactions. These fees are not included within the wrap-fee you are charged by our firm.

We do not recommend or offer the wrap program services of other providers. Our investment advisory representatives receive a portion of the advisory fee that you pay us, either directly as a percentage of your overall fee or as their salary from our firm. In cases where our investment advisory representatives are paid a percentage of your overall advisory fee, this may create an incentive to recommend that you participate in a wrap fee program rather than a non-wrap fee program (where you would pay for trade execution costs) or brokerage account where commissions are charged. This is because, in some cases, we may stand to earn more compensation from advisory fees paid to us through a wrap fee program arrangement if your account is not actively traded.

Item 5: Account Requirements & Types of Clients

We do not impose requirements for opening and maintaining accounts or otherwise engaging us.

Types of clients we typically manage wrap fee accounts on behalf of, include:

- Individuals and High Net-Worth Individuals;
- Trusts, Estates or Charitable Organizations;
- Pension and Profit Sharing Plans;
- Corporations, Limited Liability Companies and/or Other Business Types.

Item 6: Portfolio Manager Selection & Evaluation

Our firm does not utilize outside portfolio managers. Our firm's investment adviser representatives ("IARs") act as portfolio manager(s) for this wrap fee program. A conflict arises in that other investment advisory firms may charge the same or lower fees than our firm for similar services. Our IARs are subject to individual licensing requirements as imposed by state securities boards. Our firm is required to confirm or update each IAR's Form U4 on an annual basis. IAR supervision is conducted by our Chief Compliance Officer or management personnel.

Advisory Business:

See Item 4 for information about our wrap fee advisory program. We offer individualized investment advice to clients utilizing our Wrap Asset Management service.

Each client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio. Restrictions on investments in certain securities or types of securities may not be possible due to the level of difficulty this would entail in managing the account. Restrictions would be limited to this service.

Participation in Wrap Fee Programs:

Our wrap fee accounts are managed on an individualized basis according to the client's investment objectives, financial goals, risk tolerance, etc. We do not manage wrap fee accounts in a different fashion than non-wrap fee accounts.

Performance-Based Fees & Side-By-Side Management:

We do not charge performance fees to our clients.

Methods of Analysis, Investment Strategies & Risk of Loss:

Our investment style begins with an assessment of the overall economic environment and makes a general asset allocation decision regarding various sectors of the financial markets and the various industries in each of those sectors. Your account(s) will generally carry 25 to 50 different equity positions depending on, but not limited to, sector and industry weightings. As a general rule, the securities selected for your account(s) will be large capitalization equities. High grade fixed income securities and cash equivalence in order to tailor your account to your specific needs and risk tolerance.

In formulating our investment advice and/or managing client assets, we use a Fundamental Analysis, where we attempt to measure the intrinsic value of a security by looking at economic and financial factors (including the overall economy, industry conditions, and the financial condition and management of the company itself) to determine if the company is underpriced (indicating it may be a good time to buy) or overpriced (indicating it may be time to sell). Fundamental analysis does not attempt to anticipate market movements. This presents a potential risk, as the price of a security can move up or down along with the overall market regardless of the economic and financial factors considered in evaluating the stock.

We use a Long-Term Purchase strategy when managing client accounts, provided that such strategy is appropriate to the needs of the client and consistent with the client's investment objectives, risk tolerance, and time horizons, among other considerations. When utilizing a Long-Term Purchase strategy, we may purchase securities with the idea of holding them for a relatively long time (typically held for at least a year). A risk in a long-term purchase strategy is that by holding the security for this length of time, we may not take advantages of short-term gains that could be profitable to a client. Moreover, if our predictions are incorrect, a security may decline sharply in value before we make the decision to sell. Typically, we employ this sub-strategy when we believe the securities to be well valued; and/or we want exposure to a particular asset class over time, regardless of the current projection for this class.

Please Note: Investing in securities involves risk of loss that clients should be prepared to bear. While the stock market may increase and your account(s) could enjoy a gain, it is also possible that the stock market may decrease and your account(s) could suffer a loss. It is important that you understand the risks associated with investing in the stock market, are appropriately diversified in your investments, and ask us any questions you may have.

Voting Client Securities:

Policy for Voting Proxies

SEC Rule 206(4)-6 requires investment advisers who have voting authority with respect to securities held in their clients' accounts to monitor corporate actions and vote proxies in their clients' interests. We are required by the SEC to adopt written policies and procedures, make those policies and procedures available to clients, and retain certain records with respect to proxy votes cast. We

consider proxy voting an important right of our clients as shareholders and believe that reasonable care and diligence must be taken to ensure that such rights are properly and timely exercised.

1. Policy for voting proxies.

All proxies received by our firm will be processed and voting records retained electronically as well as records of accounts for securities our firm has voted are maintained. Based on our proxy voting guidelines outlined below, a determination of how our firm votes will be made if an inconsistency with clients' interests and Board recommendations becomes apparent. Proxies will generally be voted online.

2. Proxies voting guidelines.

Where voting authority exists, proxies are voted by our firm according to Board recommendations unless conflicts client financial goals and objectives. We abstain on motions to limit directors' liability. Material issues such as mergers, poison pills, social investing and miscellaneous shareholder proposals are dealt with on a case-by-case basis.

In cases where clients choose to vote against Board recommendation, we assist them in casting their vote. We recognize that under certain circumstances we may have a conflict of interest between us and our clients. Such circumstances may include, but are not limited to, situations where our firm or one or more of our affiliates, including officers, directors and employees, has or is seeking a client relationship with the issuer of the security that is the subject of the proxy vote. We shall periodically inform our employees that they are under an obligation to be aware of the potential for conflicts of interest on the part of our firm with respect to voting proxies on behalf of funds, both as a result of our employee's personal relationships and due to circumstances that may arise during the conduct of our business, and to bring conflicts of interest of which they become aware to the attention of the proxy manager. We shall not vote proxies relating to such issuers on behalf of client accounts until we have determined that the conflict of interest is not material or a method of resolving such conflict of interest has been agreed upon by our management team. A conflict of interest will be considered material to the extent that it is determined that such conflict has the potential to influence our decision-making in voting a proxy. Materiality determinations will be based upon an assessment of the particular facts and circumstances. If we determine that a conflict of interest is not material, we may vote proxies notwithstanding the existence of a conflict. If the conflict of interest is determined to be material, the conflict shall be disclosed to our management team and we shall follow the instructions of the management team. We shall keep a record of all material decisions and report them to the management team on an annual basis.

Lantz Bell will maintain files relating to our proxy voting. Records will be maintained and preserved for five years from the end of the fiscal year during which the last entry was made on a record. Records of the following will be included in the files:

- A copy of each proxy statement that we receive, provided however that our firm may rely on obtaining a copy of proxy statements from the SEC's Edgar system for those proxy statements that are available.
- A record of each vote that we cast.
- A copy of any document we created that was material to making a decision how to vote proxies, or that memorializes that decision.
- A copy of each written client request for information on how we voted such client's proxies, and a copy of any written response to any client request for information on how we voted their proxies.

We do not pay for proxy voting services with soft dollars. Also, we do not charge an additional fee to vote proxies. Our proxy voting policies and procedures are completely described in this Item. Clients may contact our Chief Compliance Officer, Lantz Bell by phone at (949) 396-1085 or by email at lantz@bellbrownadvisors.com with any questions about the proxy voting process.

Item 7: Client Information Provided to Portfolio Manager(s)

All accounts are managed by our in-house licensed IARs. The IAR selected to manage the client's account(s) or portfolio(s) will be privy to the client's investment goals and objectives, risk tolerance, restrictions placed on the management of the account(s) or portfolio(s) and relevant client notes taken by our firm. Please see our firm's Privacy Policy for more information on how our firm utilizes client information.

Item 8: Client Contact with Portfolio Manager(s)

Any questions or concerns about the management of client portfolios shall be directed to our firm.

Item 9: Additional Information

Disciplinary Information

We have determined that our firm and management have no disciplinary information to disclose.

Financial Industry Activities & Affiliations

Our firm has no other financial industry activities and affiliations to disclose.

Code of Ethics, Participation or Interest in Client Transactions & Personal Trading

We recognize that the personal investment transactions of members and employees of our firm demand the application of a high Code of Ethics and require that all such transactions be carried out in a way that does not endanger the interest of any client. At the same time, we believe that if investment goals are similar for clients and for members and employees of our firm, it is logical and even desirable that there be common ownership of some securities.

Therefore, in order to prevent conflicts of interest, we have in place a set of procedures (including a pre-clearing procedure) with respect to transactions effected by our members, officers and employees for their personal accounts¹. In order to monitor compliance with our personal trading policy, we have a quarterly securities transaction reporting system for all of our associates.

Furthermore, our firm has established a Code of Ethics which applies to all of our associated persons. An investment adviser is considered a fiduciary. As a fiduciary, it is an investment adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times. We have a fiduciary duty to all clients. Our fiduciary duty is considered the core underlying principle for our Code of Ethics which also includes Insider Trading and Personal Securities

¹ For purposes of the policy, our associate's personal account generally includes any account (a) in the name of our associate, his/her spouse, his/her minor children or other dependents residing in the same household, (b) for which our associate is a trustee or executor, or (c) which our associate controls, including our client accounts which our associate controls and/or a member of his/her household has a direct or indirect beneficial interest in.

Transactions Policies and Procedures. We require all of our supervised persons to conduct business with the highest level of ethical standards and to comply with all federal and state securities laws at all times. Upon employment or affiliation and at least annually thereafter, all supervised persons will sign an acknowledgement that they have read, understand, and agree to comply with our Code of Ethics. Our firm and supervised persons must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. This disclosure is provided to give all clients a summary of our Code of Ethics. However, if a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided promptly upon request.

Review of Accounts

We review accounts on at least a weekly basis for our clients subscribing to our Wrap Asset Management service. The nature of these reviews is to learn whether clients' accounts are in line with their investment objectives, appropriately positioned based on market conditions, and investment policies, if applicable. Only our Financial Advisors or Portfolio Managers will conduct reviews. We may review client accounts more frequently than described above. Among the factors which may trigger an off-cycle review are major market or economic events, the client's life events, requests by the client, etc.

We do not provide written reports to clients, unless asked to do so. Verbal reports to clients take place on at least an annual basis when we meet with clients who subscribe to our Wrap Asset Management service.

Client Referrals & Other Compensation

We utilize the services of Charles Schwab & Co., Inc. ("Schwab") a FINRA-registered broker-dealer, member SIPC, as the qualified custodian. We are independently owned and operated and not affiliated with Schwab. Schwab offers to independent investment advisers non-soft dollar services which include custody of securities, trade execution, clearance and settlement of transactions. We receive an economic benefit from Schwab in the form of the support products and services it makes available to us and other independent investment advisers that have their clients maintain accounts at Schwab. These products and services, how they benefit us, and the related conflicts of interest are described above (*see Item 12 – Brokerage Practices of our Form ADV Part 2A*). The availability to us of Schwab's products and services is not based on us giving particular investment advice, such as buying particular securities for our clients.

Our firm does not pay referral fees (non-commission based) to independent solicitors (non-registered representatives) for the referral of their clients to our firm in accordance with Rule 206 (4)-3 of the Investment Advisers Act of 1940.

Financial Information

We are not required to provide financial information in this Brochure because we do not require the prepayment of more than \$1,200 in fees and six or more months in advance and we do not have a financial condition or commitment that impairs our ability to meet contractual and fiduciary obligations to clients. Furthermore, we have never been the subject of a bankruptcy proceeding.
