Item 4 – Advisory Services

A. Firm Information

PCG Wealth Management (“PCG Wealth Management” or the “Advisor”) is a registered investment advisor with the SEC, which is organized as a Limited Liability Company (LLC) under the laws of the State of Kansas. PCG Wealth Management was founded in November 2017, and is owned and operated by Craig Kurth and Alexandra Kurth. This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by PCG Wealth Management.

B. Advisory Services Offered

PCG Wealth Management offers investment advisory services to individuals, high net worth individuals, trusts, estates in the State of Kansas and other states (each referred to as a “Client”).

Investment Management Services

PCG Wealth Management provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and related advisory services. PCG Wealth Management works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy. PCG Wealth Management will then construct a portfolio, consisting of low-cost, diversified mutual funds and/or exchange-traded funds (“ETFs”) to achieve the Client’s investment goals. The Advisor may also utilize individual stocks, bonds or options contracts to meet the needs of its Clients. The Advisor may retain certain types of investments based on a Client’s legacy portfolio construction.

PCG Wealth Management’s investment strategy[ies] is primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held less than one year to meet the objectives of the Client or due to market conditions. PCG Wealth Management will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

PCG Wealth Management evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. PCG Wealth Management may recommend, on occasion, redistributing investment allocations to diversify the portfolio. PCG Wealth Management may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. PCG Wealth Management may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client’s risk tolerance.

At no time will PCG Wealth Management accept or maintain custody of a Client’s funds or securities, except for authorized deduction of the Advisor’s fees. All Client assets will be managed within their designated brokerage account or pension account, pursuant to the Client investment advisory agreement. Please see Item 12.

Financial Planning Services

PCG Wealth Management will typically provide a variety of financial planning and consulting services to Clients, pursuant to a written financial planning agreement. Services are offered in several areas of a Client’s financial situation, depending on their goals, objectives and financial situation.

Generally, such financial planning services involve preparing a formal financial plan or rendering a specific financial consultation based on the Client’s financial goals and objectives. This planning or consulting may encompass one or more areas of need, including but not limited to, investment planning, retirement planning, personal savings, education savings and other areas of a Client’s financial situation.

PCG Wealth Management

Phone: (913) 323-3112 | Fax: (913) 323-3109

A financial plan developed for, or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs.

PCG Wealth Management may also refer Clients to an accountant, attorney or other specialists, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of the Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendations may pose a conflict between the interests of the Advisor and the interests of the Client. For example, a recommendation to engage the Advisor for investment management services or to increase the level of investment assets with the Advisor would pose a conflict, as it would increase the advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to effect the transaction through the Advisor.

C. Client Account Management

Prior to engaging PCG Wealth Management to provide investment advisory services, each Client is required to enter into an investment advisory agreement with the Advisor that defines the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – PCG Wealth Management, in connection with the Client, may develop a statement that summarizes the Client's investment goals and objectives along with the broad strategy[ies] to be employed to meet the objectives.
- Asset Allocation – PCG Wealth Management will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance of risk for each Client.
- Portfolio Construction – PCG Wealth Management will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – PCG Wealth Management will provide investment management and ongoing oversight of the Client's investment portfolio.

D. Wrap Fee Programs

PCG Wealth Advisors includes securities transaction fees together with its investment advisory fees. Including these fees into a single asset-based fee is considered a "Wrap Fee Program". The Advisor customizes its investment management services for its Clients. The Advisor sponsors the PCG Wealth Advisors Wrap Fee Program solely as a supplemental disclosure regarding the combination of fees. Depending on the level of trading required for the Client's account[s] in a particular year, the Client may pay more or less in total fees than if the Client paid its own transaction fees. Please see Appendix 1 –Wrap Fee Program Brochure, which is included as a supplement to this Disclosure Brochure.

E. Assets Under Management

As of April 2018, the firm has approximately \$243 Million of discretionary assets under management. Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into a written agreement with the Advisor.

A. Fees for Advisory Services

Investment Management Services

Investment advisory fees are paid quarterly in advance or in arrears pursuant to the terms of the investment advisory agreement. Investment advisory fees are based on the market value of assets under management at the end of the prior calendar quarter. Investment advisory fees are determined by the nature and complexity of each Client's circumstances not to exceed 1.60%

The investment advisory fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with Advisor. All securities held in accounts managed by PCG Wealth Management will be independently valued by the designated Custodian. PCG Wealth Management will not have the authority or responsibility to value portfolio securities.

The Advisor's fee is exclusive of, and in addition to, brokerage fees, transaction fees, and other related costs and expenses, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

Financial Planning Services

PCG Wealth Advisors offers financial planning services either on an hourly basis or a fixed engagement fee. Hourly engagements range up to \$500 per hour. Fixed fee engagement fee range up to \$10,000. Fees may be negotiable based on the nature and complexity of the services to be provided and the overall relationship with the Advisor. An estimate for total hours and total costs will be provided to the Client prior to engaging for these services.

B. Fee Billing

Investment Management Services

Investment advisory fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. Depending on the Custodian, the Advisor shall send an invoice indicating the amount of the fees to be deducted from the Client's account[s] or such fees will be deducted by a direct agreement with the custodian that does not require an invoice. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with PCG Wealth Management at the end of the prior (if advance billing) or the beginning of the new quarter (if in arrears). Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. Each Client will be provided with a report itemizing the fee, including the calculation period covered by the fee, the account value and the methodology used to calculate the fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting PCG Wealth Management to be paid directly from their account[s] held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Financial Planning Services

Financial planning fees may be invoiced up to fifty percent (50%) of the expected total fee upon execution of the financial planning agreement. The balance shall be invoiced upon completion of the agreed upon deliverable[s].

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties in connection with investments made on behalf of the Client's account[s]. PCG Wealth Advisors includes securities transactions costs as part of its overall investment advisory fee through the PCG Wealth Advisors Wrap Fee Program. Securities transaction fees for Client-directed trades may be charged back to the Client. Please see Item 4.D. above as well as Appendix 1 – Wrap Fee Program Brochure.

In addition, all fees paid to PCG Wealth Advisors for investment advisory services or part of the PCG Wealth Advisors Wrap Fee Program are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible

distribution fee. A Client could invest in these products directly, without the services of PCG Wealth Advisors, but would not receive the services provided by PCG Wealth Advisors which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by PCG Wealth Advisors to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

Investment Management Services

PCG Wealth Management is compensated for its services either in advance of the quarter or at the end after investment advisory services are rendered. Either party may terminate the investment advisory agreement, at any time, by providing advance written notice to the other party. The Client may terminate the investment advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. If fees are charged in advance, Advisor will refund any unearned, prepaid investment advisory fees from the effective date of termination to the end of the quarter. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior approval.

Financial Planning Services

PCG Wealth Advisors requires an advance deposit as described above. Either party may terminate the financial planning agreement by providing advance written notice to the other party. The Client may terminate the financial planning agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Client shall be billed for [actual hours logged on the planning project times the contractual hourly rate or in the case of a fixed fee engage, the percentage of the engagement scope completed by the Advisor]. The Advisor will refund any unearned, prepaid planning fees from the effective date of termination. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior approval.

E. Compensation for Sales of Securities

Certain investment advisor representatives are also registered representatives of LPL Financial ("LPL"). LPL is an unaffiliated separate entity that is registered as a broker-dealer (CRD No. 6413), member FINRA / SIPC. In a separate capacity as a registered representative of LPL, certain investment advisor representatives of PCG Wealth Management can implement securities transactions through LPL doing business as PCG Wealth Management. In such instances, the investment advisor representative will receive commission-based compensation in connection with the purchase and sale of securities, including 12b-1 fees for the sale of investment company products. Compensation earned by the Advisory Person in one's capacity as a registered representative is separate and in addition to the Advisor's fees. This practice presents a conflict of interest because the Advisory Person who is a registered representative has an incentive to effect securities transactions for the purpose of generating commissions rather than solely based on the Client. Clients are not obligated to implement any recommendation provided by the Advisor nor Advisory Persons. Neither the Advisor nor Advisory Persons will earn ongoing investment advisory fees in connection with any products or services implemented in the Advisory Person's separate capacity as a registered representative Please see "Item 10 – Other Financial Industry Activities and Affiliations".

Certain investment advisor representatives are also licensed as an independent insurance professional. As an independent insurance professional, they earn commission-based compensation for selling insurance products, including insurance products they sell to you. Insurance commissions earned by these persons are separate and in addition to our advisory fees. This practice presents a conflict of interest because the person providing investment advice on behalf of the Advisor who is also an insurance agent has an incentive to recommend insurance products to you for the purpose of generating commissions rather than solely based on your needs. However, you are under no obligation, contractually or otherwise, to purchase insurance products through any Advisory Person affiliated with the Advisor.

Phone: (913) 323-3112 | Fax: (913) 323-3109

Item 6 – Performance-Based Fees and Side-By-Side Management

PCG Wealth Management does not charge performance-based fees for its investment advisory services. The fees charged by PCG Wealth Management are as described in “Item 5 – Fees and Compensation” above and are not based upon the capital appreciation of the funds or securities held by any Client.

PCG Wealth Management does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

PCG Wealth Management offers investment advisory services individuals, high net worth individuals, trusts, estates in the State of Kansas and other states. The percentage of each type of Client is available on PCG Wealth Management’s Form ADV Part 1A. These percentages may change over time and are updated at least annually by the Advisor. PCG Wealth Management generally does not impose a minimum account size for establishing a relationship.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

PCG Wealth Management primarily employs fundamental, technical, cyclical analysis methods in developing investment strategies for its Clients. Research and analysis from PCG Wealth Management is derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor’s review process are included below in “Item 13 – Review of Accounts”.

Technical

Technical analysis involves the analysis of past market data rather than specific company data in determining the recommendations made to clients. Technical analysis may involve the use of charts to identify market patterns and trends, which may be based on investor sentiment rather than the fundamentals of the company. The primary risk in using technical analysis is that spotting historical trends may not help to predict such trends in the future. Even if the trend will eventually reoccur, there is no guarantee that PCG Wealth Management will be able to accurately predict such a reoccurrence.

Cyclical

Cyclical analysis is similar to technical analysis in that it involves the analysis of market conditions at a macro (entire market/economy) or micro (company specific) level, rather than the overall fundamental analysis of the health of the particular company that PCG Wealth Management is recommending. The risks with cyclical analysis are similar to those of technical analysis.

As noted above, PCG Wealth Management generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. PCG Wealth Management will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash

needs of Clients. At times, PCG Wealth Management may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. PCG Wealth Management will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in "Item 13 – Review of Accounts".

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. The following are some of the risks Clients should understand and consider:

- **Market Risk** – the risk that the value of securities may go up or down, sometimes rapidly or unpredictably, due to factors affecting securities markets generally or particular industries. This is a risk that will affect all securities in the same manner caused by some factor that cannot be controlled by diversification
- **Interest Rate Risk** – the risk that fixed income securities will decline in value because of an increase in interest rates; a bond or a fixed income fund with a longer duration will be more sensitive to changes in interest rates than a bond or bond fund with a shorter duration.
- **Credit Risk** – the risk that an investor could lose money if the issuer or guarantor of a fixed income security is unable or unwilling to meet its financial obligations.
- **Business Risk** – the measure of risk associated with a particular security. It is also known as unsystematic risk and refers to the risk associated with a specific issuer of a security. Generally speaking, all businesses in the same industry have similar types of business risk. More specifically, business risk refers to the possibility that the issuer of a particular company stock or a bond may go bankrupt or be unable to pay the interest or principal in the case of bonds.
- **Taxability Risk** – the risk that a security that was issued with tax-exempt status could potentially lose that status prior to maturity. Since municipal bonds carry a lower interest rate than fully taxable bonds, the bond holders would end up with a lower after-tax yield than originally planned.
- **Call Risk** – the risk specific to bond issues and refers to the possibility that a debt security will be called prior to maturity. Call risk usually goes hand in hand with reinvestment risk because the bondholder must find an investment that provides the same level of income for equal risk. Call risk is most prevalent when interest rates are falling, as companies trying to save money will usually redeem bond issues with higher coupons and replace them on the bond market with issues with lower interest rates.

Phone: (913) 323-3112 | Fax: (913) 323-3109

- **Inflationary Risk** – the risk that future inflation will cause the purchasing power of cash flow from an investment to decline.
- **Liquidity Risk** – the possibility that an investor may not be able to buy or sell an investment as and when desired or in sufficient quantities because opportunities are limited.
- **Reinvestment Risk** – the risk that falling interest rates will lead to a decline in cash flow from an investment when its principal and interest payments are reinvested at lower rates.
- **Social/Political Risk** – the possibility of nationalization, unfavorable government action or social changes resulting in a loss of value.
- **Legislative Risk** – the risk of a legislative ruling resulting in adverse consequences.
- **Currency/Exchange Rate Risk** – the risk of a change in the price of one currency against another.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving PCG Wealth Management or any of its management persons. PCG Wealth Management values the trust you place in us. As we advise all Clients, we encourage you to perform the requisite due diligence on any advisor or service provider with whom you partner. Our backgrounds are on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching by our firm name or our CRD# 290977.

Item 10 – Other Financial Industry Activities and Affiliations

Broker-Dealer Affiliation

As noted in Item 5, certain investment advisor representatives are also a registered representative of LPL. LPL is a registered broker-dealer (CRD No. 6413), member FINRA / SIPC. In their separate capacity as a registered representative, they will typically receive commissions for the implementation of recommendations for commissionable transactions. Clients are not obligated to implement any recommendation. Neither the Advisor nor the investment advisor representative will earn ongoing investment advisory fees in connection with any services implemented in their separate capacity as a registered representative.

Insurance Agency Affiliations

As noted in Item 5, certain investment advisor representatives are also a licensed insurance professional. Implementations of insurance recommendations are separate and apart from one's role with PCG Wealth Management. As an insurance professional, customary commissions and other related revenues from the various insurance companies are received for products are sold. The Insurance professional is not required to offer the products of any particular insurance company. Commissions generated by insurance sales do not offset regular advisory fees. This causes a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made.

RKJ & Associates Ltd.

Certain investment advisor representatives offer third-party administrator ("TPA") services through RKJ & Associates Ltd. This presents a conflict as employees may benefit from additional revenues generated. Clients of PCG Wealth Management are not obligated to engage RKJ & Associates for TPA, accounting and related services.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

PCG Wealth Management has implemented a Code of Ethics (the “Code”) that defines our fiduciary commitment to each Client. This Code applies to all persons associated with PCG Wealth Management (our “Supervised Persons”). The Code was developed to provide general ethical guidelines and specific instructions regarding our duties to you, our Client. PCG Wealth Management and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of PCG Wealth Management’s Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of our Code, please contact us at (913) 323-3112 or via email at ckurth@lpl.com.

B. Personal Trading with Material Interest

PCG Wealth Management allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. PCG Wealth Management does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. PCG Wealth Management does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

PCG Wealth Management allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities we recommend (purchase or sell) to you presents a conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures. As noted above, we have adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons may have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can potentially be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by PCG Wealth Management requiring reporting of personal securities trades by its Supervised Persons with access to non-public information for review by the Chief Compliance Officer (“CCO”) or delegate/OR by conducting a coordinated review of personal accounts and the accounts of the Clients. We have also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While PCG Wealth Management allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will PCG Wealth Management, or any Supervised Person of PCG Wealth Management, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

As registered representatives of LPL, the Advisor is limited in using other broker-dealers/custodians as LPL must approve the use of any outside broker-dealer/custodian. PCG Wealth Management recommends the particular Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, and location of the Custodian’s offices.

Where PCG Wealth Management does not exercise discretion over the selection of the Custodian, PCG Wealth Management will generally recommend that Clients establish their account[s] at LPL Financial (“LPL”), a FINRA-registered broker-dealer and member SIPC. LPL will serve as the Client’s “qualified custodian”. PCG Wealth Management maintains an institutional relationship with LPL, whereby the Advisor receives economic benefits from LPL (Please see Item 14 below.).

As registered representatives of LPL Financial, the Advisor may be limited in using other broker-dealers/custodians as LPL Financial must approve the use of any outside broker-dealer/custodian.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers whereby an advisor enters into an agreement to place security trades with the broker in exchange for research and other services. **PCG Wealth Management does not participate in soft dollar programs sponsored or offered by any broker-dealer. However, the Advisor receives certain economic benefits from the Custodian. Please see Item 14.**

3. Directed Brokerage - All Clients are serviced on a “directed brokerage basis”, where PCG Wealth Management will place trades within the established account[s] at the custodian designated by the Client. Further, all Client accounts are traded within their respective brokerage account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor’s own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client’s account[s]). In selecting the Custodian, PCG Wealth Management will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the designated Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the broker. PCG Wealth Management will execute its transactions through an unaffiliated broker-dealer selected by the Client. PCG Wealth Management may aggregate orders in a block trade or trades when securities are purchased or sold through the same broker-dealer for multiple (discretionary) accounts in the same trading day. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage any particular Client accounts.

Trade Errors

The Advisor generally considers a trade error to be an error that results from an action or omission by the Advisor that does not meet the applicable standard of care for managing a Client’s assets and that results in a loss to the client. On occasion, an error may occur in a Client account that results in a loss or a profit to the Client. Regardless of trade error amount, the following resolution procedures will be followed.

- Any error that results in a gain will be retained by LPL Financial; and
- Any error that results in a direct loss will be reimbursed to the account by LPL Financial or absorbed by the Advisor, depending on the circumstances.

The Advisor maintains records of all errors it identifies, including the trade date, error correction date, error correction transactions, identification of who caused the error and the results of the error and any correction. The Advisor generally notifies clients of any material error correction that involves a guideline breach and/or reimbursement to the Client, but the form and timing of this notification may differ based on the particular Client, and the facts and circumstances.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Craig Kurth, Chief Compliance Officer of PCG Wealth Management. Formal reviews are generally conducted at least annually or more or less frequently depending on the needs of the Client.

B. Causes for Reviews

PCG Wealth Management

5700 W. 112th Street, Suite 120, Overland Park, KS 66211
Phone: (913) 323-3112 | Fax: (913) 323-3109

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account. The Client is encouraged to notify PCG Wealth Management if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the trustee or Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 - Client Referrals and Other Compensation

A. Compensation Received by PCG Wealth Management

Participation in Institutional Advisor Platform

PCG Wealth Management has established an institutional relationship with LPL ("Custodian") to assist the Advisor in managing Client account[s]. Access to the LPL platform is provided at no charge to the Advisor. The Advisor receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at LPL. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this Custodian over one that does not furnish similar software, systems support, or services.

B. Client Referrals from Solicitors

PCG Wealth Management does not engage paid solicitors for Client referrals.

Item 15 – Custody

PCG Wealth Management does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees. All Clients must place their assets with a qualified Custodian. Clients are required to engage the Custodian to retain their funds and securities and direct PCG Wealth Management to utilize that Custodian for the Client's security transactions. Clients should review statements provided by the Custodian and compare to any reports provided by PCG Wealth Management to ensure accuracy, as the Custodian does not perform this review. For more information about custodians and brokerage practices, see "Item 12 - Brokerage Practices".

Item 16 – Investment Discretion

PCG Wealth Management generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by PCG Wealth Management. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by PCG Wealth Management will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

PCG Wealth Management does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies,

however, the Client retains the sole responsibility for proxy decisions and voting.

Item 4 – Services Fees and Compensation

A. Services

PCG Wealth Management provides customized investment advisory services for its Clients. This Wrap Fee Program Brochure is provided as a supplement to the PCG Wealth Management Disclosure Brochure (Form ADV 2A). This Wrap Fee Program Brochure is provided along with the complete Disclosure Brochure to provide full details of the business practices and fees when selecting PCG Wealth Management as your investment advisor.

As part of the investment advisory fees noted in Item 5 of the Disclosure Brochure, PCG Wealth Management includes normal securities transaction fees as part of the overall investment advisory fee. Securities regulations often refer to this combined fee structure as a “Wrap Fee Program”. The Advisor sponsors the PCG Wealth Management Wrap Fee Program.

The sole purpose of this Wrap Fee Program Brochure is to provide additional disclosure relating the combination of securities transaction fees into the single “bundled” investment advisory fee. This Wrap Fee Program Brochure references back to the PCG Wealth Management Disclosure Brochure in which this Wrap Fee Program Brochure serves as an Appendix. **Please see Item 4 – Advisory Services of the Disclosure Brochure for details on PCG Wealth Management’s investment philosophy and related services.**

B. Program Costs

Advisory services provided by PCG Wealth Management are offered in a wrap fee structure whereby normal securities transaction costs are included in the overall investment advisory fee paid to PCG Wealth Management. As the level of trading in a Client’s account[s] may vary from year to year, the annual cost to the Client may be more or less than engaging for advisory services where the transactions costs are borne separately by the Client. The cost of the Wrap Fee Program varies depending on services to be provided to each Client, however, the Client is not charged more if there is higher trading activity in the Client’s account[s]. A Wrap Fee structure has a potential conflict of interest as the Advisor may have an incentive to limit the number of trades placed in the Client’s account[s]. **Please see Item 5 – Fees and Compensation of the Disclosure Brochure for complete details on fees.**

C. Fees

Investment advisory fees are negotiated based on the nature and complexity of each Client’s circumstances not to exceed 1.60%

The investment advisory fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the discretion of the Advisor. The Client’s fees will take into consideration the aggregate assets under management with Advisor. All securities held in accounts managed by PCG Wealth Management will be independently valued by the designated Custodian. PCG Wealth Management will not have the authority or responsibility to value portfolio securities.

As noted above, the Wrap Fee Program includes normal securities trading costs incurred in connection with the discretionary investment management services provided by PCG Wealth Management. Securities transaction fees for Client-directed trades may be charged back to the Client.

Clients may incur certain fees or charges imposed by third parties in connection with investments made on behalf of the Client’s account[s]. Under this Wrap Fee Program, PCG Wealth Management includes securities transactions costs as part of its overall investment advisory fee.

In addition, all fees paid to PCG Wealth Management for investment advisory services or part of the Wrap Fee Program are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund’s prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. The Client may also incur other costs assessed by the Custodian or other parties for account related activity fees, such as wire transfer

fees, fees for trades executed away from the Custodian and other fees. The Advisor does not control nor share in these fees. The Client should review both the fees charged by the fund[s] and the fees charged by PCG Wealth Management to fully understand the total fees to be paid. Please see Item 5.C. – Other Fees and Expenses in the Disclosure Brochure (included with this Wrap Fee Program Brochure).

D. Compensation

PCG Wealth Management is the sponsor and portfolio manager of this Wrap Fee Program. PCG Wealth Management receives investment advisory fees paid by Clients for participating in the Wrap Fee Program and pays the Custodian for the costs associated with the normal trading activity in the Client's account[s].

Item 5 – Account Requirements and Types of Clients

Methods of Analysis

Please see Item 8 of the Disclosure Brochure (included with this Wrap Fee Brochure) for details on the research and analysis methods employed by the Advisor.

Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. PCG Wealth Management will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account[s]. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

at all times to put the interests of its Clients first.
