Item 4 – Advisory Services

A. Firm Information

Hutchens & Kramer Investment Management Group, LLC d/b/a Monon Wealth Management (“Monon Wealth Management” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”), which is organized as a limited liability company (“LLC”) under the laws of the State of Indiana. Monon Wealth Management was founded in October 2014 and is owned and operated by John (Darrick) D. Hutchens (Managing Partner) and Raymond J. Kramer (Managing Partner, Chief Compliance Officer). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Monon Wealth Management.

B. Advisory Services Offered

Monon Wealth Management offers wealth management services to individuals, high net worth individuals, businesses and retirement plans (each referred to as a “Client”).

The Advisor serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. Our fiduciary commitment is further described in our Code of Ethics. For more information regarding our Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

Wealth Management Services

Monon Wealth Management may provide Clients with wealth management services, which generally includes a broad range of comprehensive financial planning and consulting services in connection with discretionary management of investment portfolios. These services are described below.

Investment Management Services

Monon Wealth Management provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and related advisory services. Monon Wealth Management begins with a risk tolerance questionnaire to align the Clients goals and risk tolerance to one of our model portfolios. Within the model portfolios the Advisor uses a combination of exchange-traded funds (“ETFs”) institutional mutual fund shares, stocks and bonds as investment holdings, making our picks based upon a combination of cost, performance, fundamental and technical comparisons. The Advisor may retain certain legacy investments based on portfolio fit and/or tax considerations.

Monon Wealth Management’s investment strategies are primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held less than one year to meet the objectives of the Client or due to market conditions. Monon Wealth Management will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

Monon Wealth Management evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. Monon Wealth Management may recommend, on occasion, redistributing investment allocations to diversify the portfolio. Monon Wealth Management may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. Monon Wealth Management may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of the Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client’s risk tolerance.

At no time will Monon Wealth Management accept or maintain custody of a Client’s funds or securities, except for the limited authority as outlined in Item 15 - Custody. All Client assets will be managed within their designated

account[s] at the Custodian, pursuant to the terms of the agreement. For additional information, please see Item 12 – Brokerage Practices.

Financial Planning Services

Monon Wealth Management will typically provide a variety of financial planning and consulting services to Clients, pursuant to a written financial planning agreement. Services are offered in several areas of a Client's financial situation, depending on their goals, objectives and financial situation.

Generally, such financial planning services involve preparing a formal financial plan or rendering a specific financial consultation based on the Client's financial goals and objectives. This planning or consulting may encompass one or more areas of need, including but not limited to, investment planning, retirement planning, personal savings, education savings, insurance needs and other areas of a Client's financial situation.

A financial plan developed for, or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs.

Monon Wealth Management may also refer Clients to an accountant, attorney or other specialists, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of the Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six (6) months of contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendations may pose a conflict between the interests of the Advisor and the interests of the Client. For example, a recommendation to engage the Advisor for investment management services or to increase the level of investment assets with the Advisor would pose a conflict, as it would increase the advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

C. Client Account Management

Prior to engaging Monon Wealth Management to provide wealth management services, each Client is required to enter into a wealth management agreement with the Advisor that defines the terms, conditions, authority and responsibilities of the parties. These services may include:

- Establishing an Investment Strategy – Monon Wealth Management, in connection with the Client, will develop an investment strategy that seeks to achieve the Client's investment goals and objectives.
- Asset Allocation – Monon Wealth Management will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance of risk for each Client.
- Portfolio Construction – Monon Wealth Management will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – Monon Wealth Management will provide investment management and ongoing oversight of the Client's investment portfolio.

D. Wrap Fee Programs

Monon Wealth Management does not manage or place Client assets into a wrap fee program. Investment management services are provided directly by Monon Wealth Management.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into a written agreement with the Advisor.

A. Fees for Advisory Services

Wealth Management Services

Wealth management fees are paid quarterly, in advance of each calendar quarter, pursuant to the terms of the wealth management agreement. Wealth management fees are based on the market value of assets under management at the end of the prior calendar quarter. Wealth management fees are based on the following schedule:

Assets Under Management (\$)	Annual Rate (%)
Up to \$1,000,000	1.25%
\$1,000,001 to \$2,500,000	1.00%
\$2,500,001 to \$5,000,000	1.00%
Over \$5,000,000	0.85%

Fees may vary from the above fee schedule depending on the nature and complexity of each Client's circumstances, or with the inclusion of financial planning or other services, pursuant to the terms of the wealth management agreement.

The wealth management fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with Advisor. All securities held in accounts managed by Monon Wealth Management will be independently valued by the Custodian. Monon Wealth Management will not have the authority or responsibility to value portfolio securities.

The Advisor's fee is exclusive of, and in addition to, brokerage fees, transaction fees, and other related costs and expenses, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

Financial Planning Services

Monon Wealth Management offers annual financial planning services for an annual fee up to \$5,000, billed at the end of each calendar quarter. Fees may be negotiable at the sole discretion of the Advisor based on the nature and complexity of the services to be provided.

B. Fee Billing

Wealth Management Services

Wealth management fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the beginning of the respective quarter. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with Monon Wealth Management at

the end of the prior quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the wealth management fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting advisory fees to be deducted by Monon Wealth Management directly from their account[s] held by the Custodian as part of the wealth management agreement and separate account forms provided by the Custodian.

Financial Planning Services

Financial planning fees are invoiced by the Advisor and billed at the end of each calendar quarter. At no point will the Advisor collect advance fees of \$1,200 or more for any services that will be completed six (6) months or more in advance.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than Monon Wealth Management, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all custody and securities execution fees charged by the Custodian. The fees charged by Monon Wealth Management are separate and distinct from these custody and execution fees.

In addition, all fees paid to Monon Wealth Management for wealth management services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of Monon Wealth Management, but would not receive the services provided by Monon Wealth Management which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by Monon Wealth Management to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

Wealth Management Services

Monon Wealth Management is compensated for its services in advance of the quarter in which wealth management services are rendered. Either party may terminate the wealth management agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the wealth management agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. The Advisor will refund any unearned, prepaid wealth management fees from the effective date of termination to the end of the quarter. The Client's wealth management agreement with the Advisor is non-transferable without the Client's prior consent.

E. Compensation for Sales of Securities

Monon Wealth Management does not buy or sell securities and does not receive any compensation for securities transactions in any Client account, other than the wealth management fees noted above.

Certain Advisory Persons are also registered representatives of Purshe Kaplan Sterling Investments, Inc. ("PKS"). PKS is a registered broker-dealer (CRD# 35747), member FINRA, SIPC. In one's separate capacity as a registered representative of PKS, the Advisory Person may implement securities transactions under PKS and not through Monon Wealth Management. In such instances, the Advisory Person will receive commission-based compensation in connection with the purchase and sale of securities, including 12b-1 fees for the sale of investment company products. Compensation earned by the Advisory Person in one's capacity as a registered representative is separate and in addition to the Advisor's fees. This practice presents a conflict of interest because the Advisory Person who is a registered representative has an incentive to effect securities transactions for the purpose of generating commissions rather than solely based on the Client. Clients are not obligated to implement any recommendation provided by the Advisor nor Advisory Persons. Neither the Advisor nor Advisory Persons will earn ongoing wealth management fees in connection with any products or services implemented in the Advisory Person's separate capacity as a registered representative. Please see Item 10 – Other Financial Industry Activities and Affiliations.

Certain Advisory Persons are also licensed as independent insurance professionals. As an independent insurance professional, the Advisory Person may earn commission-based compensation for selling insurance products, including insurance products they sell to Clients. Insurance commissions earned by these persons are separate and in addition to advisory fees. This practice presents a conflict of interest because the person providing investment advice on behalf of the Advisor who is also an insurance agent has an incentive to recommend insurance products to Clients for the purpose of generating commissions rather than solely based on Client needs. However, Clients are under no obligation, contractually or otherwise, to purchase insurance products through any Advisory Person affiliated with the Advisor.

Item 6 – Performance-Based Fees and Side-By-Side Management

Monon Wealth Management does not charge performance-based fees for its wealth management services. The fees charged by Monon Wealth Management are as described in Item 5 – Fees and Compensation above and are not based upon the capital appreciation of the funds or securities held by any Client.

Monon Wealth Management does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Monon Wealth Management offers wealth management services to individuals, high net worth individuals, retirement plans and businesses. The amount of each type of Client is available on the Advisor's Form ADV Part 1A. These amounts may change over time and are updated at least annually by the Advisor. Monon Wealth Management generally does not impose a minimum account size for establishing a relationship.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Monon Wealth Management employs fundamental, technical and charting analysis methods in developing investment strategies for its Clients. Research and analysis from Monon Wealth Management are derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment

criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in "Item 13 – Review of Accounts".

Technical analysis involves the analysis of past market data rather than specific company data in determining the recommendations made to clients. Technical analysis may involve the use of charts to identify market patterns and trends, which may be based on investor sentiment rather than the fundamentals of the company. The primary risk in using technical analysis is that spotting historical trends may not help to predict such trends in the future. Even if the trend will eventually reoccur, there is no guarantee that Monon Wealth Management will be able to accurately predict such a reoccurrence.

Charting analysis utilizes various market indicators as investment selection criteria. These criteria are generally pricing trends that may indicate movement in the markets. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the technical and charting analysis may lose value and may have negative investment performance. The Advisor monitors these market indicators to determine if adjustments to strategic allocations are appropriate.

As noted above, Monon Wealth Management generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Monon Wealth Management will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Monon Wealth Management may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Monon Wealth Management will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process.

Following are some of the risks associated with the Advisor's strategy:

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs has a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving Monon Wealth Management or any of its Supervised Persons. Monon Wealth Management and its Advisory Persons values the trust you place in us. As we advise all Clients, we encourage you to perform the requisite due diligence on any advisor or service provider with whom you partner. Our backgrounds are available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with our firm name or our CRD# 289413.

Item 10 – Other Financial Industry Activities and Affiliations

Broker-Dealer Affiliation

As noted in Item 5.E, certain Advisory Persons are also registered representatives of Purshe Kaplan Sterling Investments, Inc. ("PKS"). PKS is a registered broker-dealer (CRD# 35747), member FINRA, SIPC. In one's separate capacity as a registered representative, the Advisory Person will typically receive commissions for the implementation of recommendations for commissionable transactions. Clients are not obligated to implement any recommendation provided by the Advisory Person. Neither the Advisor nor the Advisory Person will earn ongoing investment advisory fees in connection with any services implemented in the Advisory Person's separate capacity as a registered representative.

Insurance Agency Affiliations

As noted in Item 5.E, certain Advisory Persons are also licensed insurance professionals. Implementations of insurance recommendations are separate and apart from one's role with Monon Wealth Management. As an insurance professional, the Advisory Person may receive customary commissions and other related revenues from the various insurance companies whose products are sold. The Advisory Person is not required to offer the products of any particular insurance company. Commissions generated by insurance sales do not offset regular advisory fees. This may cause a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by the Advisory Persons or the Advisor.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Monon Wealth Management

Phone: (317) 993-3999 * Fax: (317) 564-0596

A. Code of Ethics

Monon Wealth Management has implemented a Code of Ethics (the "Code") that defines our fiduciary commitment to each Client. This Code applies to all persons associated with Monon Wealth Management (our "Supervised Persons"). The Code was developed to provide general ethical guidelines and specific instructions regarding our duties to you, our Client. Monon Wealth Management and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Monon Wealth Management's Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of our Code, please contact us at (317) 993-3999.

B. Personal Trading with Material Interest

Monon Wealth Management allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Monon Wealth Management does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Monon Wealth Management does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Monon Wealth Management allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities, we recommend (purchase or sell) to you presents a conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures. As noted above, we have adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons may have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can potentially be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Monon Wealth Management requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer ("CCO") or delegate. We have also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While Monon Wealth Management allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will Monon Wealth Management, or any Supervised Person of Monon Wealth Management, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Monon Wealth Management does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize Monon Wealth Management to direct trades to the Custodian as agreed upon in the wealth management agreement. Further, Monon Wealth Management does not have the discretionary authority to negotiate commissions on behalf of our Clients on a trade-by-trade basis.

Where Monon Wealth Management does not exercise discretion over the selection of the Custodian, it may recommend the Custodian[s] to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost associated with using a Custodian not recommended by Monon Wealth Management. The Advisor may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, reputation and/or the location of the Custodian's offices. Monon Wealth Management will generally recommend that Clients establish their account[s] at Charles Schwab & Co., Inc. ("Schwab"), a FINRA-registered broker-dealer and member SIPC. custodian". Monon Wealth Management maintains an institutional relationship with Schwab, whereby the Advisor receives economic benefits from Schwab. Please see Item 14 below.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers whereby an advisor enters into an agreement to place security trades with the Custodian in exchange for research and other services. **Monon Wealth Management does not participate in soft dollar programs sponsored or offered by any broker-dealer. However, the Advisor receives certain economic benefits from the Custodian. Please see 14 below.**

2. Brokerage Referrals - Monon Wealth Management does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a "directed brokerage basis", where Monon Wealth Management will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective brokerage account[s] at the Custodian. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). Monon Wealth Management will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. Monon Wealth Management will execute its transactions through the Custodian as directed by the Client. Monon Wealth Management may aggregate orders in a block trade or trades when securities are purchased or sold through the Custodian for multiple (discretionary) accounts in the same trading day. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage any particular Client accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by the Principal Officers of Monon Wealth Management. Formal reviews are generally conducted at least annually or more or less frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A. above, each Client account shall be reviewed at least annually. Reviews may be conducted more frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify Monon Wealth Management if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage

statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 – Client Referrals and Other Compensation

A. Compensation Received by Monon Wealth Management

Participation in Institutional Advisor Platform

Monon Wealth Management has established an institutional relationship with Schwab through its “Schwab Advisor Services” unit, a division of Schwab dedicated to serving independent advisory firms like Monon Wealth Management. As a registered investment advisor participating on the Schwab Advisor Services platform, Monon Wealth Management receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Schwab. Services provided by Schwab Advisor Services benefit the Advisor and many, but not all services provided by Schwab will benefit Clients. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Services that Benefit the Client – Schwab's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of Client's funds and securities. Through Schwab, the Advisor may be able to access certain investments and asset classes that the Client would not be able to obtain directly or through other sources. Further, the Advisor may be able to invest in certain mutual funds and other investments without having to adhere to investment minimums that might be required if the Client were to directly access the investments.

Services that May Indirectly Benefit the Client – Schwab provides participating advisors with access to technology, research, discounts and other services. In addition, the Advisor receives duplicate statements for Client accounts, the ability to deduct advisory fees, trading tools, and back office support services as part of its relationship with Schwab. These services are intended to assist the Advisor in effectively managing accounts for its Clients, but may not directly benefit all Clients.

Services that May Only Benefit the Advisor – Schwab also offers other services and support to Monon Wealth Management that may not benefit the Client, including: educational conferences and events, consulting services and discounts for various service providers. Access to these services creates a financial incentive for the Advisor to recommend Schwab, which results in a potential conflict of interest. Monon Wealth Management believes, however, that the selection of Schwab as Custodian is in the best interests of its Clients.

B. Client Referrals from Solicitors

Monon Wealth Management does not engage paid solicitors for Client referrals.

Item 15 – Custody

Monon Wealth Management does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees. All Clients must place their assets with a “qualified custodian.” Clients are required to engage the Custodian to retain their funds and securities and direct Monon Wealth Management to utilize that Custodian for the Client's security transactions. Clients should review statements provided by the Custodian and compare to any reports provided by Monon Wealth Management to ensure accuracy, as the Custodian does not perform this review. For more information about custodians and brokerage practices, see Item 12 - Brokerage Practices.

If the Client gives the Advisor authority to move money from one account to another account, the Advisor may have custody of those assets. In order to avoid additional regulatory requirements, the Custodian and the Advisor have adopted safeguards to ensure that the money movements are completed in accordance with the Client's

instructions.

Item 16 – Investment Discretion

Monon Wealth Management generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Monon Wealth Management. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of a wealth management agreement containing all applicable limitations to such authority. All discretionary trades made by Monon Wealth Management will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

Monon Wealth Management does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither Monon Wealth Management, nor its management, have any adverse financial situations that would reasonably impair the ability of Monon Wealth Management to meet all obligations to its Clients. Neither Monon Wealth Management, nor any of its Advisory Persons, has been subject to a bankruptcy or financial compromise. Monon Wealth Management is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect fees of \$1,200 or more for services to be performed six months or more in advance.

CERTIFIED FINANCIAL PLANNER™ (“CFP®”)

The CERTIFIED FINANCIAL PLANNER™, CFP® and federally registered CFP® (with flame design) marks (collectively, the “CFP® marks”) are professional certification marks granted in the United States by Certified Financial Planner Board of Standards, Inc. (“CFP® Board”).

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 71,000 individuals have obtained CFP® certification in the United States.

To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- *Education* – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP® Board's studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor's Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP® Board's financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- *Examination* – Pass the comprehensive CFP® Certification Examination. The examination includes case studies and client scenarios designed to test one's ability to correctly diagnose financial planning issues and apply one's knowledge of financial planning to real world circumstances;
- *Experience* – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- *Ethics* – Agree to be bound by CFP® Board's *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- *Continuing Education* – Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- *Ethics* – Renew an agreement to be bound by the *Standards of Professional Conduct*. The *Standards* prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP® Board's enforcement process, which could result in suspension or permanent revocation of their CFP® certification.
