Item 2 – Material Changes

Form ADV 2 is divided into two parts: *Part 2A (the "Disclosure Brochure")* and *Part 2B (the "Brochure Supplement")*. The Disclosure Brochure provides information about a variety of topics relating to an Advisor's business practices and conflicts of interest. The Brochure Supplement provides information about the Advisory Persons of Oxinas Partners. For convenience, we have combined these documents into a single disclosure document.

Oxinas Partners believes that communication and transparency are the foundation of its relationship with Clients and will continually strive to provide its Clients with complete and accurate information at all times. Oxinas Partners encourages all current and prospective Clients to read this Disclosure Brochure and discuss any questions you may have with us. And of course, we always welcome your feedback.

Material Changes

The following material changes have been made to this Disclosure Brochure since the last filing and distribution to Clients:

- Matt Wagner is a Partner of Oxinas Partners
- The Advisor has added 3(21) retirement plan advisory services. Please see Items 4 and 5 for more information.
- Oxinas Partners may engage and compensate an unaffiliated third-party (a "solicitor") for Client referrals. Please see Item 14B for details.

Future Changes

From time to time, we may amend this Disclosure Brochure to reflect changes in our business practices, changes in regulations and routine annual updates as required by the securities regulators. This complete Disclosure Brochure or a Summary of Material Changes shall be provided to each Client annually and if a material change occurs.

At any time, you may view the current Disclosure Brochure on-line at the SEC's Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with our firm name or our CRD# 297462. Item 4 – Advisory Services

A. Firm Information

Oxinas Partners Wealth Management LLC (“Oxinas Partners” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission, which is organized as a Limited Liability Company (LLC) under the laws of the State of Indiana. Oxinas Partners was founded in January 2018 and is owned and operated by Gary Bouch (Partner), Brian Coxon (Partner) and Matthew Wagner (Partner and Chief Compliance Officer). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Oxinas Partners.

B. Advisory Services Offered

Oxinas Partners offers investment advisory services to individuals, high net worth individuals, retirement plans, trusts, and estates (each referred to as a “Client”).

The Advisor serves as a fiduciary to Clients, as defined under applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. Our fiduciary commitment is further described in our Code of Ethics. For more information regarding our Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

Investment Management Services

Oxinas Partners provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and related advisory services. Oxinas Partners works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy. Oxinas Partners will then construct an investment portfolio, consisting of low-cost, diversified mutual funds and/or exchange-traded funds (“ETFs”) to achieve the Client’s investment goals. The Advisor may also utilize individual stocks, bonds, Real Estate Investment Trusts or options contracts to meet the needs of its Clients. The Advisor may retain certain types of investments based on a Client’s legacy portfolio construction.

Oxinas Partners’ investment strategies are primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held less than one year to meet the objectives of the Client or due to market conditions. Oxinas Partners will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

Oxinas Partners evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. Oxinas Partners may recommend, on occasion, redistributing investment allocations to diversify the portfolio. Oxinas Partners may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. Oxinas Partners may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of the Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client’s risk tolerance.

At no time will Oxinas Partners accept or maintain custody of a Client’s funds or securities except for the limited authority as outlined in Item 15 - Custody. All Client assets will be managed within the designated account[s] at the Custodian, pursuant to the terms of the agreement. Please see Item 12 – Brokerage Practices.

Selection of Other Advisors

Oxinas Partners may periodically recommend and refer Clients to unaffiliated money managers or investment advisors at Oxinas Partners’ discretion or Client’s request. Through this arrangement, the Client may then enter into an advisory agreement with that unaffiliated money managers or investment advisors to which that unaffiliated money managers or investment advisors will assist and advise the Client in establishing investment

objectives and develop an investment strategy to meet those objectives by identifying appropriate investments and monitoring such investments. In consideration for such services, the unaffiliated money managers or investment advisors will receive an investment advisory fee, billed based on the fee schedule the Client establishes with the unaffiliated money manager[s] or investment advisor[s].

Oxinas Partners will receive a portion of the investment advisory fee for the solicitation and referral of the Client to the unaffiliated money managers or investment advisors and may assist the Client in completing their Client questionnaire and account opening paperwork. Oxinas Partners may also assist in the development of the initial policy recommendations and managing the ongoing Client relationship.

The Client, prior to entering into an agreement with unaffiliated money manager[s] or investment advisor[s], will be provided with the advisor's Form ADV 2 (or a brochure that makes the appropriate disclosures).

Retirement Plan Advisory Services

Oxinas Partners provides 3(21) retirement plan advisory services on behalf of the retirement plans (each a "Plan") and the company (the "Plan Sponsor"). The Advisor's retirement plan advisory services are designed to assist the Plan Sponsor in meeting its fiduciary obligations to the Plan. Each engagement is customized to the needs of the Plan and Plan Sponsor. Services may include:

- Vendor Analysis
- Plan Participant Enrollment and Education Tracking
- Performance Reporting
- Ongoing Investment Recommendation and Assistance
- Benchmarking Services

These services are provided by Oxinas Partners serving in the capacity as a fiduciary under the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). In accordance with ERISA Section 408(b)(2), the Plan Sponsor is provided with a written description of Oxinas Partners' fiduciary status, the specific services to be rendered and all direct and indirect compensation the Advisor reasonably expects under the engagement.

Financial Planning Services

Oxinas Partners will typically provide a variety of financial planning and consulting services to Clients, pursuant to a written financial planning agreement. Services are offered in several areas of a Client's financial situation, depending on their goals, objectives and financial situation. Generally, such financial planning services involve preparing a formal financial plan or rendering a specific financial consultation based on the Client's financial goals and objectives. This planning or consulting may encompass one or more areas of need, including but not limited to, investment planning, retirement planning, insurance needs, personal savings, education savings and other areas of a Client's financial situation.

A financial plan developed for, or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs.

Oxinas Partners may also refer Clients to an accountant, attorney or other specialists, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of the Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six (6) months of contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendations may pose a conflict between the interests of the Advisor and the interests of the Client. For example, a recommendation to engage the Advisor for investment management services or to increase the level of investment assets with the Advisor would pose a conflict, as it would increase the advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the

recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

C. Client Account Management

Prior to engaging Oxinas Partners to provide investment advisory services, each Client is required to enter into one or more agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – Oxinas Partners, in connection with the Client, will develop a strategy that seeks to achieve the Client's goals and objectives.
- Asset Allocation – Oxinas Partners will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance of risk for each Client.
- Portfolio Construction – Oxinas Partners will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – Oxinas Partners will provide investment management and ongoing oversight of the Client's investment portfolio.

D. Wrap Fee Programs

Oxinas Partners does not manage or place Client assets into a wrap fee program. Investment management services are provided directly by Oxinas Partners.

E. Assets Under Management

As of December 31, 2018, Oxinas Partners Wealth Management LLC manages the following assets:

Assets Under Management	Assets
Discretionary Assets	\$132,817,636
Non-Discretionary Assets	\$3,196,096
Total Assets Under Management	\$136,013,732

Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into a written agreement with the Advisor.

A. Fees for Advisory Services

Investment Management Services

Investment advisory fees are paid monthly, in advance, pursuant to the terms of the agreement. Investment advisory fees are based on the market value of assets under management at the end of the prior calendar month. Investment advisory fees range from 0.5% to 2.5% annually based on several factors, including: the complexity of the services to be provided, the level of assets to be managed, and the overall relationship with the Advisor. Relationships with multiple objectives, specific reporting requirements, portfolio restrictions and other complexities may be charged a higher fee.

The investment advisory fee in the first month of service is prorated from the inception date of the account[s] to the end of the first month. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by Oxinas Partners will be independently valued by the Custodian. Oxinas Partners will not have the authority or responsibility to value portfolio securities.

The Advisor's fee is exclusive of, and in addition to, brokerage fees, transaction fees, and other related costs and expenses, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

Use of Independent Managers

For Clients referred by the Advisor to an Independent Manager, the Client's fee may be deducted from the Client's account[s] with the respective Independent Manager and a portion of the fee will be provided to Oxinas Partners based on Oxinas Partners' agreement with the Client. Oxinas Partners does not receive any compensation or fees from the Independent Manager. Oxinas Partners suggest Clients refer to the Independent Manager's Part 2 for additional information regarding fees.

Retirement Plan Advisory Services

Fees for retirement plan advisory services are charged an annual asset-based fee of up to 2.5%, billed monthly in advance, pursuant to the terms of the agreement. Retirement plan fees are based on the market value of assets under management at the end of the prior calendar month. Fees may be negotiable depending on the size and complexity of the Plan.

Financial Planning Services

Oxinas Partners offers financial planning services on an hourly basis ranging up to \$250 per hour. Fees may be negotiable based on the nature and complexity of the services to be provided and the overall relationship with the Advisor. An estimate for total hours and overall costs will be provided to the Client prior to engaging for these services.

Oxinas Partners may also offer financial planning services on a fixed retainer basis of \$1,000.

B. Fee Billing

Investment Management Services

Investment advisory fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] by the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the beginning of the respective month. The amount due is calculated by applying the quarterly rate (annual rate divided by 12) to the total assets under management with Oxinas Partners at the end of the prior month. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. In addition, the Advisor will provide the Client a report itemizing the fee, including the calculation period covered by the fee, the account value and the methodology used to calculate the fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting advisory fees to be deducted by Oxinas Partners directly from their account[s] held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Use of Independent Managers

For Clients referred by the Advisor to an Independent Manager, the Client's fee may be separately billed or deducted from the Client's account[s] with the respective manager and a portion of the investment advisory fee may be provided to Oxinas Partners. Please refer to the Independent Investment Manager's disclosure brochure for additional information regarding fee billing.

Retirement Plan Advisory Services

Oxinas Partners is compensated for its services at the beginning of the month before advisory services are rendered. Fees may be directly invoiced to the Plan Sponsor or deducted from the assets of the Plan, depending on the terms of the retirement plan advisory agreement.

Financial Planning Services

Hourly Fees - Financial planning fees are invoiced by the Advisor and are due upon completion of the agreed upon deliverable[s].

Retainer Fees - Financial planning fees will be invoiced, in full, upon execution of the financial planning agreement.

C. Other Fees and Expenses

Clients of Oxinas Partners will be charged a \$45 annual administrative fee. Clients may incur certain fees or charges imposed by third parties, other than Oxinas Partners, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all custody and securities execution fees charged by the Custodian and executing broker-dealer. The fees charged by Oxinas Partners are separate and distinct from these custodial and execution fees.

In addition, all fees paid to Oxinas Partners for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client could invest in these products directly, without the services of Oxinas Partners, but would not receive the services provided by Oxinas Partners which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by Oxinas Partners to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

Investment Management Services

Oxinas Partners is compensated for its services in advance of the month in which investment advisory services are rendered. Either party may terminate the investment advisory agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the investment advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. The Advisor will refund any unearned, prepaid investment advisory fees from the effective date of termination to the end of the month. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Retirement Plan Advisory Services

Oxinas Partners is compensated for its retirement plan advisory services in advance of the month in which services are rendered. Either party may terminate the retirement plan advisory agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the retirement plan advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Advisor will refund any unearned, prepaid investment advisory fees from the effective date of termination to the end of the month. The Client's retirement plan advisory agreement with the Advisor is non-transferable without the Client's written consent.

Financial Planning Services

Oxinas Partners may be compensated for its services upon completion of the engagement deliverable[s] or require an advance deposit as described above. Either party may terminate the financial planning agreement by providing advance written notice to the other party. The Client may also terminate the financial planning agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Client shall be billed for actual hours logged on the planning project times the contractual hourly rate. If Client engages the Advisor on a retainer basis and exceeds the amount the pre-paid fees, the Advisor will contact the Client before rendering any further advisory services. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior consent.

E. Compensation for Sales of Securities

Oxinas Partners does not buy or sell securities to earn commissions and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Certain Advisory Persons are also registered representatives of Purshe Kaplan Sterling Investments ("PKS"). PKS is a registered broker-dealer (CRD# 35747), member FINRA, SIPC. In their separate capacity as registered representatives, Advisory Persons will typically receive commissions for the implementation of recommendations for commissionable transactions. Clients are not obligated to implement any recommendation provided by Advisory Persons. Neither the Advisor nor Advisory Persons will earn ongoing investment advisory fees in connection with any products or services implemented in their separate capacity as a registered representative.

Advisory Persons may also be licensed as independent insurance professionals. These persons will earn commission-based compensation for selling insurance products, including insurance products they sell to Clients. Insurance commissions earned by these persons are separate and in addition to our advisory fees. This practice presents a conflict of interest because persons providing investment advice on behalf of our firm who are insurance agents have an incentive to recommend insurance products to you for the purpose of generating commissions rather than solely based on the Client's needs. However, you are under no obligation, contractually or otherwise, to purchase insurance products through any person affiliated with the Advisor.

Item 6 – Performance-Based Fees and Side-By-Side Management

Oxinas Partners does not charge performance-based fees for its investment advisory services. The fees charged by Oxinas Partners are as described in Item 5 above and are not based upon the capital appreciation of the funds or securities held by any Client.

Oxinas Partners does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Oxinas Partners offers investment advisory services to individuals, high net worth individuals, retirement plans, trusts, and estates in the State of Indiana and other states. The amount of each type of Client is available on Oxinas Partners' Form ADV Part 1A. These amounts may change over time and are updated at least annually by the Advisor. Oxinas Partners generally does not impose a minimum relationship size.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Oxinas Partners primarily employs fundamental, technical, and model signals analysis methods in developing investment strategies for its Clients. The Advisor may also employ a cyclical and charting method of analysis in order to achieve the Client's objective. Research and analysis from Oxinas Partners are derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. This criteria consists generally of ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Technical analysis involves the analysis of past market data rather than specific company data in determining the recommendations made to clients. Technical analysis may involve the use of charts to identify market patterns and trends, which may be based on investor sentiment rather than the fundamentals of the company. The primary risk in using technical analysis is that spotting historical trends may not help to predict such trends in the future. Even if the trend will eventually reoccur, there is no guarantee that Oxinas Partners will be able to accurately predict such a reoccurrence.

Cyclical analysis is similar to technical analysis in that it involves the analysis of market conditions at a macro (entire market/economy) or micro (company specific) level, rather than the overall fundamental analysis of the health of the particular company that Oxinas Partners is recommending. The risks with cyclical analysis are similar to those of technical analysis.

Charting analysis utilizes various market indicators as investment selection criteria. These criteria are generally pricing trends that may indicate movement in the markets. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the technical and charting analysis may lose value and may have negative investment performance. The Advisor monitors these market indicators to determine if adjustments to strategic allocations are appropriate.

As noted above, Oxinas Partners generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Oxinas Partners will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Oxinas Partners may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Oxinas Partners will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. The following are some of the risks associated with certain components of the Advisor's strategy:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs has a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Bond ETFs

Bond ETFs are subject to specific risks, including the following: (1) interest rate risks, i.e. the risk that bond prices will fall if interest rates rise, and vice versa, the risk depends on two things, the bond's time to maturity, and the coupon rate of the bond. (2) reinvestment risk, i.e. the risk that any profit gained must be reinvested at a lower rate than was previously being earned, (3) inflation risk, i.e. the risk that the cost of living and inflation increase at a rate that exceeds the income investment thereby decreasing the investor's rate of return, (4) credit default risk, i.e. the risk associated with purchasing a debt instrument which includes the possibility of the company defaulting on its repayment obligation, (5) rating downgrades, i.e. the risk associated with a rating agency's downgrade of the company's rating which impacts the investor's confidence in the company's ability to repay its debt and (6) Liquidity Risks, i.e. the risk that a bond may not be sold as quickly as there is no readily available market for the bond.

Mutual Fund Risks

The performance of mutual funds are subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Options Contracts

Investments in options contracts have the risk of losing value in a relatively short period of time. Option contracts are leveraged instruments that allow the holder of a single contract to control many shares of an underlying stock. This leverage can compound gains or losses.

Margin Borrowings

The use of short-term margin borrowings may result in certain additional risks to a Client. For example, if securities pledged to brokers to secure a Client's margin accounts decline in value, the Client could be subject to a "margin call", pursuant to which it must either deposit additional funds with the broker or be the subject of mandatory liquidation of the pledged securities to compensate for the decline in value.

Real Estate Investment Trusts ("REITs")

Investing in Real Estate Investment Trusts ("REITs") involves certain distinct risks in addition to those risks associated with investing in the real estate industry in general. For example, equity REITs may be affected by changes in the value of the underlying property owned by the REITs, while mortgage REITs may be affected by the quality of credit extended. REITs are subject to heavy cash flow dependency, default by borrowers and self-liquidation. REITs, especially mortgage REITs, are also subject to interest rate risk (i.e., as interest rates rise, the value of the REIT may decline).

Oil and Gas interest

Investing oil and gas interest whether directly or as part of a fund/ETF involves distinct risks. The price of oil and gas interests may fluctuate to a greater degree than other securities and contain additional risks based on the supply and demand for oil and gas. Some of these additional risks include, the ability to obtain reliable oil and gas supply, oil and gas reserve estimates, the ability to locate markets for oil and gas, fluctuations in prices. The values of oil and gas interests are subject to market risk by a range of variables that could cause trends to differ materially.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

Oxinas Partners values the trust you place in us. As we advise all Clients, we encourage you to perform the requisite due diligence on any advisor or service provider with whom you partner. Our backgrounds are available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with our firm name or our CRD# 297462.

Securities laws require an advisor to disclose any instances where the Advisor or its Advisory Persons have been found liable in a legal, regulatory, civil or arbitration matter that alleges violation of securities and other statutes; fraud; false statements or omissions; theft, embezzlement or wrongful taking of property; bribery, forgery, counterfeiting, or extortion; and/or dishonest, unfair or unethical practices. In July 2010, The State of Indiana alleged that from approximately January 29, 2009 through February 24, 2009, Mr. Gary G. Bouch Jr. transacted business in the State of Indiana as an agent of Ameriprise Advisor Services, Inc., although he was not registered or exempted from registration during that time. The matter was resolved through a Consent Order where Mr. Bouch paid a monetary penalty of \$500 plus an administrative penalty of \$1,500. You may independently view the background of Mr. Bouch on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with his name or his individual CRD# 1807688.

Item 10 – Other Financial Industry Activities and Affiliations

Broker-Dealer Affiliation

Certain Advisory Persons are also registered representatives of M.S. Howells & Co. ("M.S. Howells"). M.S. Howells is a registered broker-dealer (CRD# 104100), member FINRA, SIPC. In their separate capacity as registered representative, Advisory Persons will typically receive commissions for the implementation of recommendations for commissionable transactions. Clients are not obligated to implement any recommendation provided by Advisory Persons. Neither the Advisor nor Advisory Persons will earn ongoing investment advisory fees in connection with any products or services implemented in their separate capacity as registered representatives.

Insurance Agency Affiliations

Certain Advisory Person are also licensed insurance professionals. Implementation of insurance recommendations are separate and apart from their role with Oxinas Partners. As insurance professionals, Advisory Persons may receive customary commissions and other related revenues from the various insurance companies whose products are sold. Advisory Persons are not required to offer the products of any particular insurance company. Commissions generated by insurance sales do not offset regular advisory fees. The potential for receipt of commissions and other compensation may provide an incentive to recommend insurance products based on compensation received, rather than on Client's needs. This may cause a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by Advisory Persons or the Advisor.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Oxinas Partners has implemented a Code of Ethics (the “Code”) that defines our fiduciary commitment to each Client. This Code applies to all persons associated with Oxinas Partners (our “Supervised Persons”). The Code was developed to provide general ethical guidelines and specific instructions regarding our duties to you, our Client. Oxinas Partners and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Oxinas Partners’s Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of our Code, please contact us at (812) 725-8649.

B. Personal Trading with Material Interest

Oxinas Partners allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Oxinas Partners does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Oxinas Partners does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Oxinas Partners allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities we recommend (purchase or sell) to you presents a conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures. As noted above, we have adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons may have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can potentially be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Oxinas Partners requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer (“CCO”) or delegate. We have also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While Oxinas Partners allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will Oxinas Partners, or any Supervised Person of Oxinas Partners, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Oxinas Partners does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the “Custodian”) to safeguard Client assets and authorize Oxinas Partners to direct trades to the Custodian as agreed upon in the investment advisory agreement. Further, Oxinas Partners does not have the discretionary authority to negotiate commissions on behalf of our Clients on a trade-by-trade basis.

Where Oxinas Partners does not exercise discretion over the selection of the Custodian, it may recommend the Custodian[s] to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost associated with using a Custodian not recommended by Oxinas Partners. However, the Advisor may be limited in the services it can provide if the recommended Custodian is not engaged. Oxinas Partners may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, its reputation and/or the location of the Custodian’s offices.

Oxinas Partners will generally recommend that Clients establish their account[s] at Charles Schwab & Co., Inc. ("Schwab"), a FINRA-registered broker-dealer and member SIPC. Schwab will serve as the Client's "qualified custodian". Oxinas Partners maintains an institutional relationship with Schwab, whereby the Advisor receives economic benefits from Schwab (Please see Item 14 – Client Referrals and Other Compensation below).

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with a broker-dealers/custodians in exchange for research and other services. **Oxinas Partners does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, the Advisor receives certain economic benefits from the Custodian. Please see Item 14 below.**

2. Brokerage Referrals - Oxinas Partners does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a "directed brokerage basis", where Oxinas Partners will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective brokerage account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). Oxinas Partners will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the designated Custodian. The Advisor may not be able to aggregate orders to reduce transaction costs in a Client directed brokerage account.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. Oxinas Partners will execute its transactions through the Custodian as authorized by the Client. Oxinas Partners may aggregate orders in a block trade or trades when securities are purchased or sold through the same broker-dealer for multiple (discretionary) accounts in the same trading day. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage any particular Client accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Matthew T. Wagner, Chief Compliance Officer of Oxinas Partners. Formal reviews are generally conducted at least annually or more frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify Oxinas Partners if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 – Client Referrals and Other Compensation

A. Compensation Received by Oxinas Partners

Oxinas Partners does not receive commissions or other compensation from product sponsors, broker-dealers or any un-related third party. Oxinas Partners may refer Clients to various unaffiliated, non-advisory professionals (e.g. attorneys, accountants, estate planners) to provide certain financial services necessary to meet the goals of its Clients. Likewise, Oxinas Partners may receive non-compensated referrals of new Clients from various third-parties.

Participation in Institutional Advisor Platform

Oxinas Partners has established an institutional relationship with Schwab through its "Schwab Advisor Services" unit, a division of Schwab dedicated to serving independent advisory firms like Oxinas Partners. As a registered investment advisor participating on the Schwab Advisor Services platform, Oxinas Partners receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Schwab. Services provided by Schwab Advisor Services benefit the Advisor and many, but not all services provided by Schwab will benefit Clients. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Services that Benefit the Client – Schwab's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of Client's funds and securities. Through Schwab, the Advisor may be able to access certain investments and asset classes that the Client would not be able to obtain directly or through other sources. Further, the Advisor may be able to invest in certain mutual funds and other investments without having to adhere to investment minimums that might be required if the Client were to directly access the investments.

Services that May Indirectly Benefit the Client – Schwab provides participating advisors with access to technology, research, discounts and other services. In addition, the Advisor receives duplicate statements for Client accounts, the ability to deduct advisory fees, trading tools, and back office support services as part of its relationship with Schwab. These services are intended to assist the Advisor in effectively managing accounts for its Clients, but may not directly benefit all Clients.

Services that May Only Benefit the Advisor – Schwab also offers other services and financial support to Oxinas Partners that may not benefit the Client, including: educational conferences and events, financial start-up support, consulting services and discounts for various service providers. Access to these services creates a financial incentive for the Advisor to recommend Schwab, which results in a potential conflict of interest. Oxinas Partners believes, however, that the selection of Schwab as Custodian is in the best interests of its Clients.

B. Client Referrals from Solicitors

Oxinas may engage and compensate an unaffiliated third-party (a "solicitor") for Client referrals in accordance with the requirements of Rule 206(4)-3 of the Investment Advisers Act of 1940. Clients will not pay a higher fee to the Advisor as a result of such payments to a solicitor. The Advisor shall enter into an agreement with the solicitor, which requires that full disclosure of the compensation and other conflicts is provided to the prospective client prior to or at the time of entering into the advisory agreement.

Item 15 – Custody

Oxinas Partners does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees. All Clients must place their assets with a "qualified custodian". Clients are required to engage the Custodian to retain their funds and securities and direct Oxinas Partners to utilize that Custodian for the Client's security transactions. Clients should review statements provided by the Custodian and compare to any reports provided by Oxinas Partners to ensure accuracy, as the Custodian does not perform this review. For more information about custodians and brokerage practices, see Item 12 - Brokerage Practices.

If the Client gives the Advisor authority to move money from one account to another account, the Advisor may have custody of those assets. In order to avoid additional regulatory requirements, the Custodian and the Advisor have adopted safeguards to ensure that the money movements are completed in accordance with the Client's instructions.

Item 16 – Investment Discretion

Oxinas Partners generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Oxinas Partners. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by Oxinas Partners will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

Oxinas Partners does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither Oxinas Partners, nor its management, have any adverse financial situations that would reasonably impair the ability of Oxinas Partners to meet all obligations to its Clients. Neither Oxinas Partners, nor any of its Advisory Persons, have been subject to a bankruptcy or financial compromise. Oxinas Partners is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect advance fees of \$1,200 or more for services to be performed six months or more in the future.

Oxinas Partners Wealth Management LLC ("Oxinas Partners" or the "Advisor") is committed to safeguarding the use of personal information of our Clients (also referred to as "you" and "your") that we obtain as your Investment Advisor, as described here in our Privacy Policy ("Policy").

Our relationship with you is our most important asset. We understand that you have entrusted us with your private information, and we do everything that we can to maintain that trust. Oxinas Partners (also referred to as "we", "our" and "us") protects the security and confidentiality of the personal information we have and implements controls to ensure that such information is used for proper business purposes in connection with the management or servicing of our relationship with you.

Oxinas Partners does not sell your non-public personal information to anyone. Nor do we provide such information to others except for discrete and reasonable business purposes in connection with the servicing and management of our relationship with you, as discussed below.

Details of our approach to privacy and how your personal non-public information is collected and used are set forth in this Policy.

Why you need to know?

Registered Investment Advisors ("RIAs") must share some of your personal information in the course of servicing your account. Federal and State laws give you the right to limit some of this sharing and require RIAs to disclose how we collect, share, and protect your personal information.

What information do we collect from you?

Driver's license number	Date of birth
Social security or taxpayer identification number	Assets and liabilities
Name, address and phone number[s]	Income and expenses
E-mail address[es]	Investment activity
Account information (including other institutions)	Investment experience and goals

What Information do we collect from other sources?

Custody, brokerage and advisory agreements	Account applications and forms
Other advisory agreements and legal documents	Investment questionnaires and suitability documents
Transactional information with us or others	Other information needed to service account

How do we protect your information?

To safeguard your personal information from unauthorized access and use we maintain physical, procedural and electronic security measures. These include such safeguards as secure passwords, encrypted file storage and a secure office environment. Our technology vendors provide security and access control over personal information and have policies over the transmission of data. Our associates are trained on their responsibilities to protect Client's personal information.

We require third parties that assist in providing our services to you to protect the personal information they receive from us.

How do we share your information?

An RIA shares Client personal information to effectively implement its services. In the section below, we list some reasons we may share your personal information.

Basis For Sharing	Do we share?	Can you limit?
Servicing our Clients We may share non-public personal information with non-affiliated third parties (such as administrators, brokers, custodians, regulators, credit agencies, other financial institutions) as necessary for us to provide agreed upon services to you, consistent with applicable law, including but not limited to: processing transactions; general account maintenance; responding to regulators or legal investigations; and credit reporting.	Yes	No
Marketing Purposes Oxinas Partners does not disclose, and does not intend to disclose, personal information with non-affiliated third parties to offer you services. Certain laws may give us the right to share your personal information with financial institutions where you are a customer and where Oxinas Partners or the client has a formal agreement with the financial institution. We will only share information for purposes of servicing your accounts, not for marketing purposes.	No	Not Shared
Authorized Users Your non-public personal information may be disclosed to you and persons that we believe to be your authorized agent[s] or representative[s].	Yes	Yes
Information About Former Clients Oxinas Partners does not disclose and does not intend to disclose, non-public personal information to non-affiliated third parties with respect to persons who are no longer our Clients.	No	Not Shared

Changes to our Privacy Policy

We will send you a copy of this Policy annually for as long as you maintain an ongoing relationship with us.

Periodically we may revise this Policy and will provide you with a revised Policy if the changes materially alter the previous Privacy Policy. We will not, however, revise our Privacy Policy to permit the sharing of non-public personal information other than as described in this notice unless we first notify you and provide you with an opportunity to prevent the information sharing.

Any Questions?

You may ask questions or voice any concerns, as well as obtain a copy of our current Privacy Policy by contacting us at (812) 725-8649.
