A. Firm Information

Sandbox Financial Partners, LLC (“Sandbox Financial” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”), which is organized as a Limited Liability Company (“LLC”) under the laws of the State of Delaware in June 2018. Sandbox Financial is owned and operated by Brian Salcetti (Chief Executive Officer and Managing Partner), Frederick Bohlander (Founder and Managing Partner), and Andrew Salcetti (Chief Compliance Officer). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Sandbox Financial.

For more information regarding this disclosure Brochure, please contact Andrew Salcetti, the Chief Compliance Officer, at (301) 214-4190.

B. Advisory Services Offered

Sandbox Financial provides advisory services to individuals, families, trusts, estates, charitable organizations, businesses and retirement plans (each referred to as a “Client”). Sandbox Financial provides individualized services to each Client, which are determined during initial conversations and updated over the course of the relationship as needed or requested by the Client.

Sandbox Financial serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. Our fiduciary commitment is further described in our Code of Ethics. For more information regarding our Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

Investment Management Services

Sandbox Financial works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy. Sandbox Financial will then construct a portfolio, consisting of primarily of active and passive mutual funds, exchange-traded funds (“ETFs”), individual equity securities, individual fixed income securities and other types of investments, as appropriate to meet the needs of each Client. Evaluation of legacy investments will include a review of portfolio fit, tax situation and other considerations. The Advisor may retain certain legacy investments based on portfolio fit and/or tax considerations.

Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor. Sandbox Financial will construct, implement and monitor the portfolio on a discretionary basis with respect to the Client’s investment policy statement. At no time will Sandbox Financial accept or maintain custody of a Client’s funds or securities. All Client assets will be managed within their designated account[s] at the Custodian, pursuant to the Client investment advisory agreement. Please see Item 12 – Brokerage Practices and Item 15 - Custody.

Use of Independent Managers

Sandbox may also recommend that a Client utilize one or more unaffiliated investment managers or investment platforms (collectively “Independent Managers”) for all or a portion of a Client’s investment portfolio. In such instances, the Client may be required to authorize and enter into an advisory agreement with the Independent Manager[s] that defines the terms in which the Independent Manager[s] will provide investment management and related services. The Advisor may also assist in the development of the initial policy recommendations and managing the ongoing Client relationship. The Advisor will perform initial and ongoing oversight and due diligence over the selected Independent Manager[s] to ensure each Independent Manager’s strategies and target allocations remain aligned with the Client’s investment objectives and overall best interests. The Client, prior to entering into an agreement with unaffiliated investment manager[s] or investment platform[s], will be provided with the Independent Manager’s Form ADV 2A (or a brochure that makes the appropriate disclosures).

Investment Management Platform

For certain accounts, Sandbox Financial may recommend that all or a portion of a Client's investment portfolio be established in an automated managed program through Strategic Advisers, Inc. ("Strategic Advisers"), a registered investment adviser and a wholly owned subsidiary of FMR LLC (collectively with Strategic Advisers and its affiliates, "Fidelity Investments" or "Fidelity") and Geode Capital Management, LLC ("Geode") (herein "AMP"), the appointed sub-advisor, a registered investment advisor not affiliated with Fidelity. AMP is an online investment management platform serving registered investment advisors and other financial services firms. Through advanced technology and low-cost mutual fund and ETF portfolios, a portfolio[s] will be constructed to achieve the investment goals of the Client. Client portfolios are customized based on the Client's investment goals, financial situation, tolerance for risk and other factors. AMP automatically rebalances the Client's investment portfolio as part of its discretionary management. The Advisor will work closely with the Client to develop the initial investment strategy and provide ongoing investment oversight of AMP.

To establish an AMP relationship through Fidelity, the Client will be required to enter into an additional agreement with Fidelity and the Advisor that defines the terms of the arrangement and fees to all parties. The Advisor will provide the necessary disclosures to utilize AMP. The Advisor's investment advisory fee is added to the Fidelity platform fee, which also includes securities transaction fees. The Advisor does not share in any fees charged by Fidelity. The Advisor shall only earn its fees as described in Item 5 below. For additional information regarding the brokerage practices for Fidelity accounts, please see Item 12.

AMP automatically rebalances securities in the Client's investment portfolio. Geode assumes the investment discretion via the agreement to trade the Client's portfolio consistent with the investment parameters provided by the Advisor. The Advisor will work closely with the Client to develop the initial investment strategy and obtain approval to implement through AMP.

Financial Planning Services

Financial Planning Services are at the core of the Client relationship with Sandbox Financial. Financial planning is an evaluation of a Client's current and future financial state by using currently known variables to predict future cash flows, asset values and withdrawal plans while also understanding personal values, goals and objectives. Through the financial planning process, all questions, information and analysis are considered as they impact and are impacted by the entire financial and life situation of the Client.

Sandbox Financial will provide financial planning and consulting services to Clients pursuant to a written financial planning agreement. Services are offered in several areas depending on the Client's goals, objectives and financial situation. Generally, such financial planning services will involve a written report which provides the Client with a detailed financial plan to assist the Client in achieving his or her financial goals and objectives. This planning or consulting may encompass one or more areas of need, including but not limited to, financial position, tax considerations, employee benefits, investment analysis, insurance analysis, retirement analysis, death and disability considerations, and estate planning. Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly by the Client.

Financial planning and consulting recommendations may pose a conflict between the interests of the Advisor and the interests of the Client. Implementation of financial planning recommendations is entirely at the Client's discretion. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor. Sandbox Financial will work with Clients to implement recommendations and referrals to other professionals may be made where appropriate to meet the Client's needs.

Retirement Plan Advisory Services

Sandbox Financial provides advisory services to retirement plans (each a "Plan") pursuant to The Employee Retirement Income Security Act of 1974 ("ERISA"). Services include both fiduciary and non-fiduciary services to the sponsor of the Plan (the "Plan Sponsor") and the participants of the Plan (the "Plan Participants"). Services may be provided on a non-discretionary basis (ERISA 3(21) Fiduciary Services) or on a discretionary basis (ERISA 3(38) Services). Advisory services are negotiated based on the needs of the Plan and the direction and engagement by the Plan Sponsor and are included in the terms of a retirement plan advisory agreement.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into one or more written agreements with the Advisor.

A. Fees for Advisory Services

Investment Management Services

Investment advisory fees are paid quarterly, at an annual rate ranging from 0.50% to 1.50%, pursuant to the terms of the investment advisory agreement. Fees are based on several factors including the scope and complexity of the services to be provided, the level of assets to be managed and the overall relationship with the Advisor. Fees are collected in advance of each calendar quarter based on the market value of assets under management at the end of the prior calendar quarter. The investment advisory fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with Advisor. All securities held in accounts managed by Sandbox Financial will be independently valued by the Custodian. Sandbox Financial will not have the authority or responsibility to value portfolio securities.

The Client may make additions or withdrawals from the account[s] at any time, subject to the Advisor's right to terminate an account or the overall relationship. Additions may be in cash or securities provided that the Advisor reserves the right to liquidate any transferred securities or decline to accept particular securities into a Client's account[s]. Clients may withdraw account assets on notice to Sandbox Financial, subject to the usual and customary securities settlement procedures. However, withdrawals from the Client's account[s] may impede the Advisor's ability to implement the investment strategy designed for the Client. Clients are advised that when such securities are liquidated, they may be subject to securities transaction fees, short-term redemption fees, and/or tax ramifications. An adjustment will be made in the next billing period to reflect the fee difference.

The Advisor's fee is exclusive of, and in addition to, brokerage fees, transaction fees, and other related costs and expenses, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

Use of Independent Managers

For Clients referred by the Advisor to an Independent Manager, the Client's fee may be separately billed or deducted from the Client's account[s] by the Independent Manager. The Client, prior to entering into an agreement with an Independent Manager will be provided with the Independent Manager's Form ADV 2A (or a brochure that makes the appropriate disclosures) disclosing their fee.

Investment Management Platform

Client accounts implemented through AMP will be charged fees based on the average daily market value of the Client[s] account[s] for the month or quarter. Fees are based on the fee schedule above plus the AMP fee of 0.25%. The Client authorizes this fee deduction through the investment platform agreement signed by the Client, the Advisor and AMP.

Financial Planning Services

Sandbox Financial may include financial planning services as part of the overall investment advisory fee or its may be offered separately. Project-based engagements may be offered at an hourly rate ranging from \$150 to \$300 per hour based on the experience of the Advisory Person rendering services and/or the complexity of the services provided. Fixed fee projects are based on the expected duration to complete the engagement deliverable[s] at the Advisor's hourly rate. Fees may be negotiable based on the nature and complexity of the services to be provided and the overall relationship with the Advisor. The Advisor may also engage for ongoing planning services payable in advance of each quarter, based on the Client's anniversary date. An estimate for total hours and/or costs will be provided prior to engaging for these services.

Retirement Plan Advisory Services

Retirement plan advisory fees are paid quarterly, in advance of each calendar quarter, pursuant to the terms of the retirement plan advisory agreement. Fees are generally based on the market value of assets in the Plan at the end of the prior calendar quarter and charged at an annual rate ranging from 0.25% to 1.00% of Plan assets. Fee may also be billed at a fixed annual rate.

B. Fee Billing

Investment Management Services

Investment advisory fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the end of each calendar quarter. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with Sandbox Financial at the end of each quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting advisory fees to be deducted by Sandbox Financial directly from their account[s] held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Use of Independent Managers

For Clients referred by the Advisor to an Independent Manager, the Client's fee may be separately billed or deducted from the Client's account[s] with the respective manager and a portion of the investment advisory fee may be provided to Sandbox Financial.

Investment Management Platform

The overall fee will be calculated by Fidelity and deducted from the Client's account[s]. The Advisor's portion of the fee is directly remitted to the Advisor's account. Fees are calculated based on the average daily market value of the assets in the Client's accounts for the month or quarter. Clients will be provided a statement, at least quarterly from Fidelity.

Financial Planning Services

Project-based financial planning fees are invoiced by the Advisor upon completion of the agreed upon deliverable[s]. Ongoing retainer engagements are billed monthly in advance.

Retirement Plan Advisory Services

Fees may be directly invoiced to the Plan Sponsor or deducted from the account of each Plan Participant, depending on the terms of the retirement plan advisory agreement.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than Sandbox Financial, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all custody and securities execution fees charged by the Custodian. The fees charged by Sandbox Financial are separate and distinct from these custody and execution fees.

In addition, all fees paid to Sandbox Financial for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of Sandbox Financial, but would not receive the services provided by Sandbox Financial which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by Sandbox Financial to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

Investment Management Services

Sandbox Financial is compensated for its services at the end of the quarter after investment advisory services are rendered. Either party may terminate the investment advisory agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the investment advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur

charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Use of Independent Managers

In the event that a Client should wish to terminate their relationship with the Independent Manager, the terms for termination will be set forth in the respective agreements between the Client and that Independent Manager. Sandbox Financial will assist the Client with the termination and transition as appropriate.

Investment Management Platform

Fees charged for Fidelity accounts are collected monthly or quarterly, after services are provided. The Client may terminate the account[s] with Fidelity, at any time, by providing advance written notice to the Advisor and Fidelity. The Advisor will assist the Client with this process upon request. The Client shall be responsible for platform and advisory fees up to and including the effective date of termination. The Client may be subject to other terms as provided through the tri-party agreement with Fidelity.

Financial Planning Services

Sandbox Financial may be partially compensated for its services in advance of the engagement. Either party may terminate the financial planning agreement by providing advance written notice to the other party. The Client may also terminate the financial planning agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Client shall be billed for the percentage of the engagement scope completed by the Advisor and any unearned, prepaid fees will be promptly refunded to the Client. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior consent.

Retirement Plan Advisory Services

Sandbox Financial is typically compensated for its retirement plan advisory services in advance of the quarter in which services are rendered. Either party may request to terminate the retirement plan advisory agreement, at any time, by providing advance written notice to the other party. The Client shall be responsible for advisory fees up to and including the effective date of termination. Upon termination, Sandbox Financial will promptly refund any unearned, prepaid fees to the Client. The Client's investment advisory agreement with Sandbox Financial is non-transferable without the Client's written approval.

E. Compensation for Sales of Securities

Sandbox Financial does not buy or sell securities and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Certain Advisory Persons are also licensed as independent insurance professionals. As an independent insurance professional, an Advisory Person may earn commission-based compensation for selling insurance products, including insurance products they sell to Clients. Insurance commissions earned by an Advisory Person are separate and in addition to Sandbox Financial's advisory fees. This practice presents a conflict of interest because a person providing investment advice on behalf of the Advisor who is also an insurance agent has an incentive to recommend insurance products to Clients for the purpose of generating commissions rather than solely based on Client needs. However, Clients are under no obligation, contractually or otherwise, to purchase insurance products through an Advisory Person.

Item 6 – Performance-Based Fees and Side-By-Side Management

Sandbox Financial does not charge performance-based fees for its investment advisory services. The fees charged by Sandbox Financial are as described in Item 5 – Fees and Compensation above and are not based upon the capital appreciation of the funds or securities held by any Client.

Sandbox Financial Partners, LLC

6903 Rockledge Drive, Suite 1200, Bethesda, MD 20817

Phone: (301) 214-4190 | Fax: (301) 214-4118

<http://www.sandboxfp.com>

Sandbox Financial does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Sandbox Financial offers investment advisory services to individuals, families, trusts, estates, charitable organizations, businesses and retirement plans. Sandbox Financial generally does not impose a minimum size for establishing a relationship.

Fidelity requires a minimum account size of \$5,000 to create an account on the AMP platform.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Investing in securities involves risk of loss that clients should be prepared to bear. Past performance is not a guarantee of future returns. The methods of analysis, tools and strategies utilized by Sandbox Financial may include any of the following:

Fundamental Analysis involves evaluating a security using real data such as company revenues, earnings, return on equity, and profit margins to determine underlying value and potential growth. Fundamental analysis may involve interest rate risk, market risk, business risk, and financial risk.

Cyclical Analysis involves analyzing the cycles of the market. Cyclical analysis may involve inflation risk, market risk, and currency risk.

Behavioral Finance proposes psychology-based theories to explain stock market anomalies. It assumes the information structure and the characteristics of market participants systematically influence the investment decisions of individuals as well as the market outcomes.

Modern Portfolio Theory ("MPT") assumes investors are risk averse which means when given two assets with the same expected return the investor will choose the less risky one. An investor is only willing to take more risk if the expected return is greater. Therefore, MPT aims to construct a portfolio of investments that has the best possible expected return for the level of risk.

Asset Allocation is an investment strategy used to balance risk and return according to a client's investment objective, risk tolerance and investment horizon. It is used to manage portfolio volatility by investment in different asset classes.

Diversification is a risk management strategy used to reduce the volatility of a portfolio by investing in different asset classes, different market sectors, and/or different companies.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Sandbox Financial will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals. While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the

Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with the Advisor's strategies:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs has a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Bond ETFs

Bond ETFs are subject to specific risks, including the following: (1) interest rate risks, i.e. the risk that bond prices will fall if interest rates rise, and vice versa, the risk depends on two things, the bond's time to maturity, and the coupon rate of the bond. (2) reinvestment risk, i.e. the risk that any profit gained must be reinvested at a lower rate than was previously being earned, (3) inflation risk, i.e. the risk that the cost of living and inflation increase at a rate that exceeds the income investment thereby decreasing the investor's rate of return, (4) credit default risk, i.e. the risk associated with purchasing a debt instrument which includes the possibility of the company defaulting on its repayment obligation, (5) rating downgrades, i.e. the risk associated with a rating agency's downgrade of the company's rating which impacts the investor's confidence in the company's ability to repay its debt and (6) Liquidity Risks, i.e. the risk that a bond may not be sold as quickly as there is no readily available market for the bond.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving Sandbox Financial or any of its Supervised Persons. Sandbox Financial values the trust you place in us. As we advise all Clients, we encourage you to perform the requisite due diligence on any advisor or service provider with whom you partner. Our backgrounds are available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with our firm name or our CRD# 297858.

Item 10 – Other Financial Industry Activities and Affiliations

Insurance Agency Affiliations

As noted in Item 5, certain Advisory Persons of Sandbox Financial may serve as insurance professionals. Implementations of insurance recommendations are separate and apart from an Advisory Person's role with Sandbox Financial. As insurance professionals, Advisory Persons may receive customary commissions and other related revenues from the various insurance companies whose products are sold. Commissions generated by insurance sales do not offset regular advisory fees. This may cause a conflict of interest in recommending insurance products. Clients are under no obligation to implement any recommendations made the Advisor or its Advisory Persons.

Broker-Dealer Affiliation

Advisory Persons of Sandbox Financial do not serve as registered representatives of a broker-dealer. The Advisor has entered into a financial arrangement with The Leaders Group, Inc., a FINRA-registered broker-dealer ("The Leaders Group"). Leaders Group serves as the broker of record for legacy commissionable accounts. All commission revenue attributable to these accounts are paid to The Leaders Group. The Leaders Group has engaged Sandbox Financial to provide financial consulting services for these accounts for a fixed fee. The receipt of revenue on these accounts poses a conflict of interest. The Advisor does not receive ongoing investment advisory fees on any these accounts.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Sandbox Financial has implemented a Code of Ethics (the "Code") that defines our fiduciary commitment to each Client. This Code applies to all persons associated with Sandbox Financial (our "Supervised Persons"). The Code was developed to provide general ethical guidelines and specific instructions regarding our duties to you, our Client. Sandbox Financial and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Sandbox Financial's Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of our Code, please contact us at (301) 214-4190.

B. Personal Trading with Material Interest

Sandbox Financial allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Sandbox Financial does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Sandbox Financial does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Sandbox Financial allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities we recommend (purchase or sell) to you presents a conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures. As noted above, we have adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons may have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can potentially be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Sandbox Financial requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer ("CCO") or delegate. We have also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While Sandbox Financial allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will Sandbox Financial, or any Supervised Person of Sandbox Financial, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Sandbox Financial does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize Sandbox Financial to direct trades to the Custodian as agreed upon in the investment advisory agreement. Further, Sandbox Financial does not have the discretionary authority to negotiate commissions on behalf of our Clients on a trade-by-trade basis.

Where Sandbox Financial does not exercise discretion over the selection of the Custodian, it may recommend the Custodian[s] to Clients. Clients are not obligated to use the recommended Custodian and will not incur any extra fee or cost associated with using a broker not recommended by Sandbox Financial. However, if the recommended Custodian is not utilized the Advisor may be limited in the services it can provide to the Client comparable to other Clients. Sandbox Financial may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, its reputation, and/or location of the Custodian's offices. Sandbox Financial will generally recommend that Clients establish their account[s] at one of the following Custodians: Fidelity Clearing & Custody Solutions and related entities of Fidelity Investments, Inc. (collectively "Fidelity"). Fidelity is a FINRA-registered broker-dealer and member SIPC and will serve as the Client's "qualified custodian". Sandbox Financial maintains an institutional relationship with Fidelity whereby the Advisor receives economic benefits from Fidelity; TD Ameritrade Institutional a division of TD Ameritrade, Inc. ("TD Ameritrade"), member FINRA/SIPC. TD Ameritrade is an independent and unaffiliated SEC-registered broker-dealer. TD Ameritrade offers to independent investment Advisors services, which include custody of securities, trade execution, clearance and settlement of transactions. Advisor receives some benefits from TD Ameritrade through its participation in the program; Charles Schwab & Co., Inc ("Schwab"), a FINRA-registered broker-dealer and member SIPC. Schwab will serve as the Client's "qualified custodian". Sandbox Financial maintains an institutional relationship with Schwab, whereby the Advisor receives economic benefits from Schwab. Please see Item 14 below.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with the broker-dealer/custodian in exchange for research and other services. **Sandbox Financial does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, the Advisor receives certain economic benefits from Fidelity. Please see Item 14 below.**

2. Brokerage Referrals - Sandbox Financial does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a "directed brokerage basis", where Sandbox Financial will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective brokerage account[s], unless separately instructed by the Client. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). In selecting the Custodian, Sandbox Financial will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. Sandbox Financial will execute its transactions through the Custodian authorized by the Client. Sandbox Financial may aggregate orders in a block trade or trades when securities are purchased or sold through the same Custodian for multiple (discretionary) accounts in the same trading day. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage any particular Client accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Advisory Persons of Sandbox Financial and periodically by the CCO. Formal reviews are generally conducted at least annually or more or less frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify Sandbox Financial if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 - Client Referrals and Other Compensation

A. Compensation Received by Sandbox Financial

Sandbox Financial does not receive commissions from product sponsors or broker-dealers, except as noted in Item 10 above. Sandbox Financial may refer Clients to various unaffiliated professionals (e.g. attorneys, accountants, estate planners) to provide certain financial services necessary to meet the goals of its Clients. Likewise, Sandbox Financial may receive non-compensated referrals of new Clients from various third-parties.

Participation in Institutional Advisor Platform

Sandbox Financial has established an institutional relationship with Fidelity to assist the Advisor in managing Client account[s]. Access to the Fidelity platform is provided at no charge to the Advisor. The Advisor receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Fidelity. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this Custodian over one that does not furnish similar software, systems support, or services.

Additionally, the Advisor has received financial support from Fidelity to assist the Advisor in the launch of its advisory firm. The following benefits are also received from Fidelity: reimbursement to Clients for transfer costs to the platform/custodian; financing services; receipt of duplicate Client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its institutional participants; access to block trading

which provides the ability to aggregate securities transactions and then allocate the appropriate shares to Client accounts; and access to an electronic communication network for Client order entry and account information.

As disclosed under Item 12, above, the Advisor participates in TD Ameritrade's institutional customer program and the Advisor may recommend TD Ameritrade to Clients for custody and brokerage services. There is no direct link between the Advisor's participation in the program and the investment advice it gives to its Clients, although the Advisor receives economic benefits through its participation in the program that are typically not available to TD Ameritrade retail investors. These benefits include the following products and services (provided without cost or at a discount): receipt of duplicate Client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving the Advisor participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to Client accounts); the ability to have advisory fees deducted directly from Client accounts; access to an electronic communications network for Client order entry and account information; access to mutual funds with no transaction fees and to certain institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to the Advisor by third party vendors. TD Ameritrade may also have paid for business consulting and professional services received by the Advisor's related persons. Some of the products and services made available by TD Ameritrade through the program may benefit the Advisor but may not benefit its Client accounts. These products or services may assist the Advisor in managing and administering Client accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD Ameritrade are intended to help the Advisor manage and further develop its business enterprise. The benefits received by the Advisor or its personnel through participation in the program do not depend on the amount of brokerage transactions directed to TD Ameritrade. As part of its fiduciary duties to clients, the Advisor endeavors at all times to put the interests of its clients first. Clients should be aware, however, that the receipt of economic benefits by the Advisor or its related persons in and of itself creates a potential conflict of interest and may indirectly influence the Advisor's choice of TD Ameritrade for custody and brokerage services.

Sandbox has established an institutional relationship with Schwab through its "Schwab Advisor Services" unit, a division of Schwab dedicated to serving independent advisory firms like Sandbox. As a registered investment advisor participating on the Schwab Advisor Services platform, Sandbox receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Schwab. Services provided by Schwab Advisor Services benefit the Advisor and many, but not all services provided by Schwab will benefit Clients. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Services that Benefit the Client – Schwab's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of Client's funds and securities. Through Schwab, the Advisor may be able to access certain investments and asset classes that the Client would not be able to obtain directly or through other sources. Further, the Advisor may be able to invest in certain mutual funds and other investments without having to adhere to investment minimums that might be required if the Client were to directly access the investments.

Services that May Indirectly Benefit the Client – Schwab provides participating advisors with access to technology, research, discounts and other services. In addition, the Advisor receives duplicate statements for Client accounts, the ability to deduct advisory fees, trading tools, and back office support services as part of its relationship with Schwab. These services are intended to assist the Advisor in effectively managing accounts for its Clients, but may not directly benefit all Clients.

Services that May Only Benefit the Advisor – Schwab also offers other services and financial support to Sandbox that may not benefit the Client, including: educational conferences and events, financial start-up support, consulting services and discounts for various service providers. Access to these services creates a financial incentive for the Advisor to recommend Schwab, which results in a potential conflict of interest. Sandbox believes, however, that the selection of Schwab as Custodian is in the best interests of its Clients.

B. Client Referrals from Solicitors

Sandbox Financial may engage and compensate an unaffiliated third-party (a “solicitor”) for Client referrals in accordance with the requirements of Rule 206(4)-3 of the Investment Advisers Act of 1940. Clients will not pay a higher fee to Sandbox Financial as a result of such payments to a solicitor. The Advisor shall enter into an agreement with the solicitor, which requires that full disclosure of the compensation and other conflicts is provided to the prospective client prior to or at the time of entering into the advisory agreement.

Item 15 – Custody

All Clients must place their assets with a “qualified custodian”. Clients are required to engage the Custodian to retain their funds and securities and direct Sandbox Financial to utilize that Custodian for the Client’s security transactions. Sandbox Financial does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor’s fees or authorize transfers on the Client’s behalf. If the Client gives the Advisor authority to move money from one account to another account, the Advisor may have custody of those assets. In order to avoid additional regulatory requirements in these cases, the Custodian and the Advisor have adopted safeguards to ensure that the money movements are completed in accordance with the Client’s instructions.

Clients should review statements provided by the Custodian and compare to any reports provided by Sandbox Financial to ensure accuracy, as the Custodian does not perform this review. For more information about custodians and brokerage practices, see Item 12 - Brokerage Practices.

Item 16 – Investment Discretion

Sandbox Financial generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Sandbox Financial. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client’s execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by Sandbox Financial will be in accordance with each Client’s investment objectives and goals.

Item 17 – Voting Client Securities

Sandbox Financial does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. If the Client elects to direct proxies to the Advisor, such election does not result in the authority for the Advisor to vote such proxies. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither Sandbox Financial, nor its management, have any adverse financial situations that would reasonably impair the ability of Sandbox Financial to meet all obligations to its Clients. Neither Sandbox Financial, nor any of its Advisory Persons, have been subject to a bankruptcy or financial compromise. Sandbox Financial is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect fees of \$1,200 or more for services to be performed six months or more in advance.
