Item 4 – Advisory Services

A. Firm Information

Dravo Bay LLC dba Blue Rock Dravo Bay (“Blue Rock Dravo Bay” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”), which is organized as a limited liability company (“LLC”) under the laws of Delaware. Blue Rock Dravo Bay was founded in August 2018 and is owned and operated by Todd A. Roselle (Principal and Chief Compliance Officer). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Blue Rock Dravo Bay.

B. Advisory Services Offered

Blue Rock Dravo Bay offers advisory services to individuals, high net worth individuals, families, trusts, estates, and businesses and retirement plans (each referred to as a “Client”). Blue Rock Dravo Bay provides a comprehensive approach to its wealth advisory services. Services are tailored to the unique needs of each Client.

The Advisor serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. Our fiduciary commitment is further described in our Code of Ethics. For more information regarding our Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

Investment Management Services

Blue Rock Dravo Bay provides customized wealth management solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and planning services. Blue Rock Dravo Bay works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create an investment strategy. Blue Rock Dravo Bay customizes its investment management services for its Clients. Blue Rock Dravo Bay will implement the investment strategy with its internal management and/or the use of unaffiliated money managers or investment platforms (as described below).

Internal Investment Management – The Advisor’s investment philosophy is based primarily on modern portfolio theory. The Advisor will develop a strategic asset allocation for the Client based on the Client’s unique situation. The Advisor will then construct an investment portfolio primarily utilizing exchange-traded funds (“ETFs”). The Advisor may also incorporate open-end mutual funds, individual equity securities and/or individual fixed income securities in a Client’s portfolio. For mutual funds, the Advisor primarily selects passive managers and will seek institutional share classes when available.

Blue Rock Dravo Bay typically employs a long-term investment approach for Clients, but may buy, sell or re-allocate positions that have been held less than one year to meet the objectives of the Client or due to market conditions. Blue Rock Dravo Bay will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

Blue Rock Dravo Bay will provide investment management and related advisory services. At no time will Blue Rock Dravo Bay accept or maintain custody of a Client’s funds or securities, except for limited authority as outlined in Item 15 - Custody. All Client assets will be managed within their designated account[s] at the Custodian, pursuant to the Client Investment Advisory Agreement.

Use of Independent Managers - Blue Rock Dravo Bay may recommend to Clients that all or a portion of their investment portfolio be implemented by utilizing one or more unaffiliated money managers or investment platforms (collectively “Independent Managers”). Independent Managers may be sourced directly or accessed through an investment management platform. The Client will be required to enter into a separate agreement with the Independent Manager[s]. Prior to recommending an Independent Manager to a Client, Dravo Bay will review the Independent manager’s regulatory filings to ensure the manager is properly registered, noticed filed or exempt from registration with the appropriate securities regulators.

Blue Rock Dravo Bay serves as the Client’s primary advisor and relationship manager. However, the Independent Manager[s] will assume discretionary authority for the day-to-day investment management of those assets placed in their control. Blue Rock Dravo Bay will assist and advise the Client in establishing investment objectives for their account[s],

the selection of the Independent Manager[s], and defining any restrictions on the account[s]. Blue Rock Dravo Bay will continue to provide oversight of the Client's account[s] and ongoing monitoring of the activities of these unaffiliated parties. The Independent Manager[s] will implement the selected investment strategies based on their investment mandates. The Client may be able to impose reasonable investment restrictions on these accounts, subject to the acceptance of these third parties.

Investment Management Platform

Betterment Institutional Platform - Blue Rock Dravo Bay may recommend that certain Clients implement their investment portfolios through Betterment Institutional, a division of Betterment LLC (herein "Betterment Institutional" or the "Investment Platform"). Betterment Institutional is what is often termed a "robo-advisor", an online wealth management service that provides automated, algorithm-based portfolio management advice. Robo-advisors use technology to deliver similar services as traditional advisors, but generally only offer portfolio management and do not get involved in a Client's personal situation, such as taxes and retirement or estate planning. Blue Rock Dravo Bay chose to affiliate with Betterment Institutional due to the Investment Platform's customized portfolio allocations, automated rebalancing, and competitive fees. Blue Rock Dravo Bay utilizes Betterment Institutional as a complement to its comprehensive financial planning services to provide cost effective investing coupled with personalized financial planning.

To establish accounts with Betterment Institutional, the Client will also enter into one or more agreements with Betterment that provides the authority for discretionary investment management by the Investment Platform. Blue Rock Dravo Bay remains the Client's primary advisor and relationship contact and will select or construct a portfolio of ETFs and/or cash equivalents from the universe of investments included on the Investment Platform.

Blue Rock Dravo Bay will have the discretionary authority to instruct Betterment Institutional with respect to portfolio construction, asset allocation and other investment decisions, subject to the limitations described herein. Betterment Institutional will implement the portfolio and be responsible for the discretionary trading of the ETFs in the Client's portfolio, including the purchase and sale of investments and the automatic rebalancing back to targets.

Betterment Institutional utilizes between ten to twelve different ETF's, representing various asset classes for the construction of investment portfolios. As discussed above, Blue Rock Dravo Bay will work with each Client to select/construct a portfolio to meets the needs of the Client. The Client has limited ability to put restrictions on its accounts. The account[s] cannot contain investments that are not included in the Betterment Institutional universe of ETFs and cash equivalents.

Betterment Institutional, under its discretionary authority, will automatically adjust and rebalance the Client's accounts daily based on the drift tolerance established for the positions in the investment portfolio. The Advisor's investment philosophy is long-term, but the Advisor may make such tactical overrides to take advantage of market pricing anomalies or strong market sectors. The Advisor does not actively trade in the Client's account[s] and is also limited to a enter one allocation change per account per trading day through Betterment Institutional, the Client should be aware of these potential disadvantages.

For its services, Betterment Institutional will charge an asset-based fee that is in addition to the Advisor's fee. Betterment Institutional's fee includes the securities transaction fees for all trades. The Advisor will only receive its investment advisory fees as detailed in Item 5.A. below and does not share in any fees earned by Betterment Institutional.

The Client, prior to entering into an agreement with the Investment Platform, will be provided with the Investment Platform's Form ADV Part 2A (or a brochure that makes the appropriate disclosures).

Financial Planning Services

Blue Rock Dravo Bay will typically provide to its Clients a variety of financial planning services. Such services may be included in the overall advisory services or contracted separately, based on the Client's needs and complexity of the services to be provided. Services may be provided in several areas of a Client's financial situation, depending on their goals, objectives and financial situation. Planning or consulting may encompass one or more areas of need, including, but not limited to investment advice and planning, retirement planning, distributions, personal savings, education savings, spending, insurance needs, estate planning, charitable strategies, and other areas of a Client's financial situation. Blue Rock Dravo Bay may deliver specific planning modules to the Client or a comprehensive plan, based on the needs of the Client.

In certain circumstances, Blue Rock Dravo Bay may also refer Clients to an accountant, attorney or other specialist, as appropriate for the Client's unique situation. For certain financial planning engagements, the Advisor will generally provide a written report that contains observations and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly.

Financial planning recommendations may pose a potential conflict between the interests of the Advisor and the interests of the Client. For example, a recommendation to engage the Advisor for investment management services or to increase the level of investment assets with the Advisor would pose a conflict, as it would increase the advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor. Financial planning services may be included in an overall wealth management engagement or provided as a separate service, pursuant to the terms of the agreement with the Client.

Retirement Plan Advisory Services

Blue Rock Dravo Bay provides advisory services to retirement plans (each a "Plan") and the company/sponsor of the Plan (the "Plan Sponsor"). The Advisor's retirement plan advisory services are designed to assist the Plan Sponsor in meeting its fiduciary obligations to the Plan and its Plan Participants. Each engagement is customized to the needs of the Plan and Plan Sponsor.

Services generally include:

- Vendor Analysis
- Plan Participant Enrollment and Education Tracking
- Investment Policy Statement ("IPS") Design and Monitoring
- Performance Reporting
- Ongoing Investment Recommendation and Assistance
- ERISA 404(c) Assistance

These services are provided by Blue Rock Dravo Bay serving in the capacity as a fiduciary under the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). In accordance with ERISA Section 408(b)(2), the Plan Sponsor is provided with a written description of the Advisor's fiduciary status, the specific services to be rendered and all direct and indirect compensation the Advisor reasonably expects under the engagement. The Advisor does not provide 3(38) discretionary services to the Plan or the plan Sponsor.

C. Client Account Management

Prior to engaging Blue Rock Dravo Bay to provide advisory services, each Client is required to enter into one or more agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – Blue Rock Dravo Bay will work with each Client to develop a custom investment strategy designed in connection with the Client's investment goals and objectives.
- Asset Allocation – Blue Rock Dravo Bay will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.
- Portfolio Construction – Blue Rock Dravo Bay will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – Blue Rock Dravo Bay will provide investment management and ongoing oversight of the Client's investment portfolio.

D. Wrap Fee Programs

Blue Rock Dravo Bay does not manage or place Client assets into a wrap fee program.

E. Assets Under Management

As of December 19, 2019, Blue Rock Dravo Bay manages the following assets:

Discretionary Assets	\$74,096,524
Non-Discretionary Assets	\$44,786,077
Total Assets Under Management	\$118,882,601

Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client shall sign one or more agreements that detail the responsibilities of Blue Rock Dravo Bay and the Client.

A. Fees for Advisory Services

Investment Advisory Services

Investment advisory fees are paid quarterly, at the end of each calendar quarter, pursuant to the terms of the investment advisory agreement. Fees are based on the closing market value of the assets under management in the account[s] and the end of the quarter based on the following schedule:

Assets Under Management	Annual Fee (%)
Up to \$1,000,000	1.30%
\$1,000,001 to \$2,000,000	1.05%
\$2,000,001 to \$3,000,000	0.92%
\$3,000,001 to \$4,000,000	0.79%
\$4,000,001 to \$5,000,000	0.66%
\$5,000,001 to \$7,500,000	0.54%
Over \$7,500,000	0.39%

The investment advisory fee in the first quarter of service is prorated from the inception date of the Client's account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by Blue Rock Dravo Bay will be independently valued by the Custodian (as discussed in Item 12). Blue Rock Dravo Bay will not have the authority or responsibility to value portfolio securities.

Clients may make additions to and withdrawals from their account[s] at any time, subject to Blue Rock Dravo Bay's right to terminate an account. Additions may be in cash or securities provided that Blue Rock Dravo Bay reserves the right to liquidate any transferred securities or decline to accept particular securities into a Client's account[s]. Clients may withdraw account assets on notice to Blue Rock Dravo Bay, subject to the usual and customary securities settlement procedures. However, Blue Rock Dravo Bay designs its portfolios as long-term investments and the withdrawal of assets may impair the achievement of a Client's investment objectives. Blue Rock Dravo Bay may consult with its Clients about the options and ramifications of transferring securities. However, Clients are advised that when transferred securities are liquidated, they are subject to transaction fees, fees assessed at the mutual fund level (i.e. contingent deferred sales charge) and/or tax ramifications.

Use of Independent Managers

For Client account[s] implemented through an Independent Manager, the Client's overall fee will include both Blue Rock Dravo Bay's investment advisory fee (as noted in the table above) plus advisory fees and/or platform fees charged by the Independent Manager[s]. The Independent Manager may assume responsibility for calculating the Client's overall fees (Blue Rock Dravo Bay's plus the Independent Manager[s] fees) and deduct all fees from the Client's account[s]. In such instances, Blue Rock Dravo Bay will not have responsibility for calculating or deducting the fee. In certain instances, Blue Rock Dravo Bay's fee and the Independent Manager's fees will be calculated and deducted separately. The overall fee will not exceed 3.00% annually.

Investment Management Platform

Investment advisory fees are based on the market value of assets under management at the end of the prior calendar quarter at an annual rate of no greater than 1.20% pursuant to the terms of the investment management agreement. Fees may be negotiable at the sole discretion of the Advisor. As noted above, the investment management fee includes the securities transaction fees for implementing and rebalancing the Client's account[s].

Financial Planning Services

Blue Rock Dravo Bay offers financial planning services through several types of engagement methods. The Advisor may offer its services on an hourly basis, a fixed project fee or an annual/ongoing engagement. Hourly engagements are billed at a rate ranging from \$250 to \$350 per hour, based on the complexity of the services to be provided and the experience level of the Advisory Person. Fixed fee engagements are negotiated based on the expected number of hours to complete the engagement at the negotiated hourly rate. Annual/ongoing engagements start with a financial plan that is billed as a fixed fee ranging from \$1,500 to \$7,500, depending on the scope and complexity of the Client engagement. After the delivery of the initial financial plan, the ongoing fee ranges from \$100 to \$500 per month, based on the complexity and scope of the ongoing services. Fees may be negotiable at the sole discretion of the Advisor. An estimate for total hours and/or costs will be provided to the Client prior to engaging for these services. The Advisor's fee is exclusive of, and in addition to, brokerage fees, transaction fees, and other related costs and expenses, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs. For certain Clients, financial planning services are included in investment advisory fee.

Retirement Plan Advisory Services

Fees for retirement plan advisory services are charged a quarterly fee at an annual rate of up to 0.75% of Plan assets, pursuant to the terms of the retirement plan advisory agreement. Fees may be negotiable depending on the size and complexity of the Plan.

B. Fee Billing

Investment Advisory Services

Investment advisory fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor or its delegate shall provide the Custodian with an invoice instructing the Custodian to deduct its investment advisory fee. The amount due is calculated by applying the quarterly rate (annual rate divided by four) to the assets under management at the end of the quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting Blue Rock Dravo Bay to be paid directly from their account[s] held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Use of Independent Managers

Client account[s] implemented through Independent Manager[s] will be billed in accordance to the separate agreement[s] with the respective parties. These parties will typically add Blue Rock Dravo Bay's investment advisory fee and deduct the overall fee from the Client's account[s].

Investment Management Platform

For Clients referred by the Advisor to an Independent Manager, the Client's fee may be separately billed or deducted from the Client's account[s] with the respective manager and a portion of the investment advisory fee may be provided to Blue Rock Dravo Bay.

Financial Planning Services

Fees for project-based hourly and fixed fee financial planning engagements may be invoiced a deposit of up to 50% of the expected total engagement fee upon execution of the financial planning agreement. Upon completion of the engagement deliverable[s], the remaining balance of the engagement fees shall be invoiced by the Advisor and are due upon receipt of the invoice. Fees for annual/ongoing financial planning engagements may require an initial deposit or the initial financial planning fee to be paid in full at the start of the engagement. Upon completion of the engagement deliverable[s], the remaining balance of the engagement fees [if any] shall be invoiced by the Advisor and are due upon receipt of the invoice. If the Client is engaging for ongoing financial planning services, ongoing planning fees shall commence at the start of the following month and billed thereafter on a monthly basis, in advance of each month. Certain Clients may have their planning

fees included with their overall investment advisory fees. The Advisor does not collect advance fees of \$500 or more for any services that will be completed six (6) months or more in advance.

Retirement Plan Advisory Services

Fees may be directly invoiced to the Plan Sponsor or deducted from the assets of the Plan, depending on the terms of the retirement plan advisory agreement.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than Blue Rock Dravo Bay, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all custody and securities execution fees charged by the Custodian. The fees charged by Blue Rock Dravo Bay are separate and distinct from these custody and execution fees.

In addition, all fees paid to Blue Rock Dravo Bay for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. The Client should review both the fees charged by the fund[s] and the fees charged by Blue Rock Dravo Bay to fully understand the total fees to be paid.

D. Advance Payment of Fees and Termination

Investment Advisory Services

Blue Rock Dravo Bay is compensated for its investment advisory services at the end of the quarter in which investment advisory services are rendered. Either party may terminate the investment advisory agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the investment advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Use of Independent Managers

In the event that a Client should wish to terminate their relationship with an Independent Manager, the terms for termination will be set forth in the respective agreements between the Client and those third parties. Blue Rock Dravo Bay will assist the Client with the termination and transition as appropriate.

Investment Management Platform

Fees charged for Betterment accounts are collected at the end of the quarter, in which services are provided. The Client may terminate the account[s] with Betterment Institutional, at any time, by providing advance written notice to the Advisor and Betterment Institutional. The Client shall be responsible for platform and advisory fees up to and including the effective date of termination. The Client may be subject to other terms as provided through the tri-party agreement with Betterment Institutional.

Financial Planning Services

Blue Rock Dravo Bay may be partially compensated for its financial planning services in advance of providing services (Please see Items 5.A. and 5.B. above.). Either party may terminate the financial planning agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the financial planning agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Client shall be responsible for planning fees based on the hours incurred or in the event of a fixed fee, the percentage of the engagement completed. For ongoing planning services, fees are prorated up to and including the effective day of termination. The initial planning fee is based on a percentage of the plan completed. Upon termination, the Advisor will refund any unearned, prepaid fees. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior consent.

Retirement Plan Advisory Services

Blue Rock Dravo Bay is compensated for its retirement plan advisory services at the end of the quarter, after services are rendered. Either party may request to terminate their services with Blue Rock Dravo Bay, at any time, by providing

advance written notice to the other party. The Client may also terminate the retirement advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. The Client shall be responsible for advisory fees up to and including the effective date of termination. The Client's retirement plan services agreement with the Advisor is non-transferable without the Client's prior consent.

E. Compensation for Sales of Securities

Blue Rock Dravo Bay does not buy or sell securities to generate commissions and does not receive a portion of the fees paid by Clients for securities transactions. Advisory Persons of Blue Rock Dravo Bay may also be registered representatives of Purshe Kaplan Sterling Investments, Inc. ("PKS"), a securities broker-dealer, and a member of the Financial Industry Regulatory Authority ("FINRA") and the Securities Investor Protection Corporation ("SIPC"). In one's separate capacity as a registered representative of PKS, an Advisory Person may implement securities transactions under PKS and not through Blue Rock Dravo Bay. In such instances, an Advisory Person will receive commission-based compensation in connection with the purchase and sale of securities, including 12b-1 fees for the sale of investment company products. Compensation earned by an Advisory Person in one's capacity as a registered representative is separate from and in addition to Blue Rock Dravo Bay's advisory fees. Please see Item 10.

Mr. Roselle is also licensed as an independent insurance professional. As an independent insurance professional, Mr. Roselle may earn commission-based compensation for selling insurance products, including insurance products they sell to Clients. Insurance commissions earned by Mr. Roselle are separate and in addition to Mr. Roselle's advisory fees. This practice presents a conflict of interest because a person providing investment advice on behalf of the Advisor who is also an insurance agent has an incentive to recommend insurance products to Clients for the purpose of generating commissions rather than solely based on Client needs. However, Clients are under no obligation, contractually or otherwise, to purchase insurance products through Mr. Roselle.

Item 6 – Performance-Based Fees and Side-By-Side Management

Blue Rock Dravo Bay does not charge performance-based fees for its investment advisory services. The fees charged by Blue Rock Dravo Bay are as described in Item 5 – Fees and Compensation above and are not based upon the capital appreciation of the funds or securities held by any Client.

Blue Rock Dravo Bay does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Blue Rock Dravo Bay offers advisory services to individuals, high net worth individuals, families, trusts, estates, and businesses and retirement plans. Blue Rock Dravo Bay generally does not impose a minimum size for establishing a relationship. However, certain investments and strategies may require certain minimums for effective implementation.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Blue Rock Dravo Bay primarily employs fundamental analysis methods in developing investment strategies for its Clients. Research and analysis from Blue Rock Dravo Bay are derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

As noted above, Blue Rock Dravo Bay generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Blue Rock Dravo Bay will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Blue Rock Dravo Bay may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Blue Rock Dravo Bay will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with certain components of the Advisor's strategy:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs has a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Individual Securities Risks

Owning individual equity or fixed income securities may result in additional risks, such as the performance of an individual company or the comparison of the company against its peers, industry or the market in general. Investor sentiment can influence the valuation of such securities. For individual bonds, interest rate risk and reinvestment risk may also be present as interest rates will fluctuate over time.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving Blue Rock Dravo Bay or its Supervised Persons.

Blue Rock Dravo Bay values the trust you place in us. As we advise all Clients, we encourage you to perform the requisite due diligence on any advisor or service provider with whom you partner. Item 10 – Other Financial Industry Activities and Affiliations

Broker-Dealer Affiliation

As noted in Item 5.E. above, Advisory Persons of Blue Rock Dravo Bay are also registered representatives of PKS. In an Advisory Person's separate capacity as a registered representative, the Advisory Person will typically receive commissions for the implementation of recommendations for commissionable transactions. Clients are not obligated to implement any recommendation provided by an Advisory Person of Blue Rock Dravo Bay. Neither Blue Rock Dravo Bay nor an Advisory Person will earn ongoing investment advisory fees in connection with any services implemented in the Advisory Person's separate capacity as a registered representative. Under supervision by PKS, PKS may have access to certain confidential information of the Client, including, but not limited to financial information, investment objectives, transactions and holdings information.

Insurance Agency Affiliations

As noted in Item 5.E. above, Advisory Persons of Blue Rock Dravo Bay may serve as licensed insurance professionals. Implementations of insurance recommendations are separate and apart from an Advisory Person's role with Blue Rock Dravo Bay. As insurance professionals, Advisory Persons may receive customary commissions and other related revenues from the various insurance companies whose products are sold. Commissions generated by insurance sales do not offset regular advisory fees. Therefore, there is a conflict of interest in recommending insurance products to Clients. Clients are under no obligation to implement any recommendations made the Advisor or by its Advisory Persons.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Blue Rock Dravo Bay has implemented a Code of Ethics that defines our fiduciary commitment to each Client. This Code of Ethics applies to all persons associated with Blue Rock Dravo Bay (our "Supervised Persons"). The Code of Ethics was developed to provide general ethical guidelines and specific instructions regarding our duties to you, our Client. Blue Rock Dravo Bay and its personnel owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Blue Rock Dravo Bay associates to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code of Ethics covers a range of topics that address ethics and conflicts of interest. To request a copy, please contact us at (302) 660-3350.

B. Personal Trading with Material Interest

Blue Rock Dravo Bay allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Blue Rock Dravo Bay does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Blue Rock Dravo Bay does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Blue Rock Dravo Bay allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities we recommend (purchase or sell) to you presents a potential conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures. As noted above, we have adopted a Code of Ethics, which addresses insider trading (material non-public information controls) and personal securities reporting procedures. When trading for personal accounts, employees of Blue Rock Dravo Bay may have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can potentially be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Blue Rock Dravo Bay requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer ("CCO") or delegate. We have also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While Blue Rock Dravo Bay allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. At no time will any associated person of Blue Rock Dravo Bay, transact in any security to the detriment of any Client.

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Blue Rock Dravo Bay does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer or custodian (herein the "Custodian") to safeguard Client assets and authorize Blue Rock Dravo Bay to direct trades to the Custodian as agreed in the investment advisory agreement. Further, Blue Rock Dravo Bay does not have the discretionary authority to negotiate commissions on behalf of our Clients on a trade-by-trade basis.

Where Blue Rock Dravo Bay does not exercise discretion over the selection of the Custodian, it may recommend the Custodian[s] to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by Blue Rock Dravo Bay. As its Advisory Persons are also registered representatives of PKS, Blue Rock Dravo Bay and its Advisory Persons are limited in the Custodians in which they can recommend to Clients. Blue Rock Dravo Bay will generally recommend that Clients establish their account[s] at SEI, including SEI Trust Company and affiliates (collectively "SEI") or MTG, LLC d/b/a Betterment Securities. Please see Item 14 below.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with a broker-dealer/custodian in exchange for research and other services. Blue Rock Dravo Bay receives economic benefits from SEI, which are disclosed in Item 14 below. Blue Rock Dravo Bay does not have any incentive to trade in any Client's account[s]. Economic benefits provided by SEI are the same services provided by SEI to all Advisors.

2. Brokerage Referrals - Blue Rock Dravo Bay does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a "directed brokerage basis", where Blue Rock Dravo Bay will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective brokerage account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). Blue Rock Dravo Bay will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian. However, the Advisor will periodically evaluate the Custodian to ensure the Client is receiving best execution.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required. Blue Rock Dravo Bay will execute its transactions through the Custodian, unless otherwise instructed in writing by the Client. Blue Rock Dravo Bay may aggregate orders in a block trade or trades when securities are purchased or sold through the Custodian for multiple (discretionary) accounts. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage particular Client accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Mr. Roselle (the CCO). The CCO also has oversight of investment advisory processes. Formal reviews are generally conducted at least annually or more frequently depending on the needs of the Client. Clients are offered an annual financial plan, subject to scope of their agreement with the Advisor.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify Blue Rock Dravo Bay if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 – Client Referrals and Other Compensation

A. Compensation Received by Blue Rock Dravo Bay

Blue Rock Dravo Bay does not receive securities commissions from product sponsors, broker-dealers or any un-related third party. Blue Rock Dravo Bay may refer Clients to various third parties to provide certain financial services necessary to meet the goals of its Clients. Likewise, Blue Rock Dravo Bay may receive referrals of new Clients from a third-party. No compensation is received or paid for such referrals.

B. Client Referrals from Solicitors

The Advisor does not engage paid solicitors.

Item 15 – Custody

Blue Rock Dravo Bay does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fee. All Clients must place their assets with a "qualified custodian". Clients are required to engage the Custodian to retain their funds and securities and direct Blue Rock Dravo Bay to utilize the Custodian for the Client's security transactions. Blue Rock Dravo Bay encourages Clients to review statements provided by the Custodian. For more information about custodians and brokerage practices, see Item 12 - Brokerage Practices.

Item 16 – Investment Discretion

Blue Rock Dravo Bay generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Blue Rock Dravo Bay. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an Investment Advisory Agreement containing all applicable limitations to such authority. All discretionary trades made by Blue Rock Dravo Bay will be in accordance with each Client's investment objectives and goals. For Clients with account[s] established at an Independent Manager, those account[s] will also be managed by those parties on a discretionary basis.

Item 17 – Voting Client Securities

Blue Rock Dravo Bay does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither Blue Rock Dravo Bay, nor its management, have any adverse financial situations that would reasonably impair the ability of Blue Rock Dravo Bay to meet all obligations to its Clients. Neither Blue Rock Dravo Bay, nor any of its Advisory Persons, have been subject to a bankruptcy or financial compromise. Blue Rock Dravo Bay is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect fees of \$1,200 or more for services to be performed six months or more in advance.
