B. Advisory Services Offered

Vigil Wealth offers investment advisory services to individuals, high net worth individuals, trusts, estates, businesses and pension and profit-sharing plans (each referred to as a “Client”).

Investment Management Services

Vigil Wealth provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and related advisory services. Vigil Wealth works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy. Vigil Wealth will then construct a portfolio, consisting of low-cost, diversified mutual funds and/or exchange-traded funds (“ETFs”) to achieve the Client’s investment goals. The Advisor may also utilize individual stocks, individual bonds, covered options, and other types of investments, as necessary and appropriate to meet the needs of the Client. The Advisor may also retain certain legacy investments based portfolio fit and/or tax implications.

Vigil Wealth’s investment strategy[ies] is primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held less than one year to meet the objectives of the Client or due to market conditions. Vigil Wealth will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

Vigil Wealth evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. Vigil Wealth may recommend, on occasion, redistributing investment allocations to diversify the portfolio. Vigil Wealth may recommend specific positions to increase sector or asset class weightings. The

Advisor may recommend employing cash positions as a possible hedge against market movement. Vigil Wealth may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client's risk tolerance.

At no time will Vigil Wealth accept or maintain custody of a Client's funds or securities, except for authorized deduction of the Advisor's fees. All Client assets will be managed within their designated account[s] at the Custodian, pursuant to the Client investment advisory agreement. Please see Item 12.

Financial Planning Services

Vigil Wealth will typically provide a variety of financial planning and consulting services to Clients, pursuant to a written financial planning agreement. Services are offered in several areas of a Client's financial situation, depending on their goals, objectives and financial situation. Generally, such financial planning services involve preparing a formal financial plan or rendering a specific financial consultation based on the Client's financial goals and objectives. This planning or consulting may encompass one or more areas of need, including but not limited to, investment planning, retirement planning, personal savings, education savings, insurance needs, and other areas of a Client's financial situation.

A financial plan developed for or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs.

Vigil Wealth may also refer Clients to an accountant, attorney or other specialists, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendations may pose a conflict between the interests of the Advisor and the interests of the Client. For example, a recommendation to engage the Advisor for investment management services or to increase the level of investment assets with the Advisor would pose a conflict, as it would increase the advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to effect the transaction through the Advisor.

Retirement Plan Advisory Services

Vigil Wealth provides 3(21) retirement plan advisory services on behalf of the retirement plans (each a "Plan") and the company (the "Plan Sponsor"). The Advisor's retirement plan advisory services are designed to assist the Plan Sponsor in meeting its fiduciary obligations to the Plan and its Plan Participants. Each engagement is customized to the needs of the Plan and Plan Sponsor. Services generally include:

- Vendor Analysis
- Plan Participant Enrollment and Education Tracking
- Investment Policy Statement ("IPS") Design and Monitoring
- Investment Management
- Performance Reporting
- Ongoing Investment Recommendation and Assistance
- ERISA 404(c) Assistance
- Benchmarking Services

These services are provided by Vigil Wealth serving in the capacity as a fiduciary under the Employee

Retirement Income Security Act of 1974, as amended ("ERISA"). In accordance with ERISA Section 408(b)(2), the Plan Sponsor is provided with a written description of Vigil Wealth's fiduciary status, the specific services to be rendered and all direct and indirect compensation the Advisor reasonably expects under the engagement.

C. Client Account Management

Prior to engaging Vigil Wealth to provide investment advisory services, each Client is required to enter into one or more agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – Vigil Wealth, in connection with the Client, develop a strategy that seeks to achieve the Client's goals and objectives.
- Asset Allocation – Vigil Wealth, will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance of risk for each Client.

- Investment Management and Supervision – Vigil Wealth, will provide investment management and ongoing oversight of the Client's investment portfolio.

D. Wrap Fee Programs

Vigil Wealth includes securities transaction fees together with its investment advisory fees. Including these fees into a single asset-based fee is considered a "Wrap Fee Program". The Advisor customizes its investment management services for its Clients. The Advisor sponsors the Vigil Wealth Wrap Fee Program solely as a supplemental disclosure regarding the combination of fees. Depending on the level of trading required for the Client's account[s] in a particular year, the Client may pay more or less in total fees than if the Client paid its own transaction fees. Please see Appendix 1 – Wrap Fee Program Brochure, which is included as a supplement to this Disclosure Brochure.

E. Assets Under Management

Vigil Wealth is a newly established advisor. Assets under management shall be reported following the Advisor's December 31, 2018 fiscal year end. Clients may request more current information at any time by contacting the Advisor.

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into one or more written agreements with the Advisor.

A. Fees for Advisory Services

Investment Management Services

Investment advisory fees are paid quarterly, in advance of each calendar quarter, pursuant to the terms of the investment advisory agreement. Investment advisory fees are based on the market value of assets under management at the end of the prior calendar quarter. Investment advisory fees are based on the scope and complexity of the Client relationship but do not exceed 2.50% for non-wrap fee program accounts and 2.75% for a wrap fee program accounts.

Fees may vary from the above fee schedule depending on the nature and complexity of each Client's circumstances, or with the inclusion of financial planning or other services, pursuant to the terms of the wealth management agreement. An estimate for the total costs will be provided prior to establishing the advisory relationship.

Financial Planning Services

Vigil Wealth offers financial planning services either on an hourly basis or as a fixed engagement fee. Hourly engagements generally range from \$100 to \$450 per hour. Fixed fee engagements generally range from \$250 to \$10,000. Fees may exceed \$10,000 as circumstances may warrant. An estimate for total hours and/or total costs will be provided to the Client prior to engaging for these services.

Retirement Plan Advisory Services

Fees for retirement plan advisory services are charged an annual asset-based fee of up to .50% and are billed quarterly in arrears, pursuant to the terms of the retirement plan advisory agreement. Retirement plan fees are based on the market value of assets under management at the end of each calendar quarter. Fees may be negotiable depending on the size and complexity of the Plan.

B. Fee Billing

Investment Management Services

Investment advisory fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian in advance of each calendar quarter. Fees are calculated based on the following formula: $[\text{Quarter End Value} \times \text{Advisory Fee}] / 360 \times 90 \text{ Days}$.

Financial Planning Services

Retirement Plan Advisory Services

Retirement plan advisory fees will be deducted from the assets of the Plan.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties in connection with investments made on behalf of the Client's account[s]. Vigil Wealth may include securities transactions costs as part of its overall investment advisory fee through the Vigil Wealth Wrap Fee Program. Securities transaction fees for Client-directed trades may be charged back to the Client. Please see Item 4.D. above as well as Appendix 1 – Wrap Fee Program Brochure.

In addition, all fees paid to Vigil Wealth for investment advisory services or part of the Vigil Wealth Wrap Fee Program are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client could invest in these products directly, without the services of Vigil Wealth, but would not receive the services provided by Vigil Wealth which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by Vigil Wealth to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

effective date of termination to the end of the quarter. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Financial Planning Services

Vigil Wealth may require an advance deposit for its financial planning services. Either party may terminate the financial planning agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the financial planning agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Client shall be either billed for actual hours logged on the planning project times the contractual hourly rate or in the case of a fixed fee engagement, the percentage of the engagement scope completed by the Advisor or unearned, prepaid planning fees from the effective date of termination will be refunded. E. Compensation for Sales of Securities

Mr. Vigil also serves as a registered representative of LPL Financial LLC ("LPL Financial"). LPL Financial is a registered broker-dealer (CRD No. 6413), a member FINRA/SIPC. In his separate capacity as a registered representative of LPL Financial Mr. Vigil may implement securities transactions through LPL Financial, not through Vigil Wealth. In such instances, Mr. Vigil will receive commission-based compensation in connection with the purchase and sale of securities, including 12b-1 fees for the sale of investment company products. Compensation earned by Mr. Vigil in his capacity as a registered representative is separate and in addition to the Advisor's fees. This practice presents a conflict of interest because Mr. Vigil who is a registered representative has an incentive to effect securities transactions for the purpose of generating commissions rather than solely based on the Client. Clients are not obligated to implement any recommendation provided by the Advisor nor Mr. Vigil. Neither the Advisor nor Mr. Vigil will earn ongoing investment advisory fees in connection with any products or services implemented in the Mr. Vigil's separate capacity as a registered representative Please see "Item 10 – Other Financial Industry Activities and Affiliations".

Mr. Vigil is also licensed as independent insurance professional. As an independent insurance professional, Mr. Vigil may earn commission-based compensation for selling insurance products, including insurance products they sell to you. Insurance commissions earned by these persons are separate and in addition to our advisory fees. This practice presents a conflict of interest because the person providing investment advice on behalf of the Advisor who is also an insurance agent has an incentive to recommend insurance products to you for the purpose of generating commissions rather than solely based on your needs. However, you are under no obligation, contractually or otherwise, to purchase insurance products through Mr. Vigil.

Item 6 – Performance-Based Fees and Side-By-Side Management

Vigil Wealth does not charge performance-based fees for its investment advisory services. The fees charged by Vigil Wealth are as described in "Item 5 – Fees and Compensation" above and are not based upon the capital appreciation of the funds or securities held by any Client.

Vigil Wealth does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Vigil Wealth offers investment advisory services to individuals, high net worth individuals, trusts, estates, businesses and pension and profit-sharing plans. Vigil Wealth generally does not impose a minimum size for establishing a relationship.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Vigil Wealth primarily employs a fundamental, technical, cyclical, behavioral, charting analysis methods in developing investment strategies for its Clients. Research and analysis from Vigil Wealth is derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in "Item 13 – Review of Accounts".

Technical analysis involves the analysis of past market data rather than specific company data in determining the recommendations made to Clients. Technical analysis may involve the use of charts to identify market patterns and trends, which may be based on investor sentiment rather than the fundamentals of the company. The primary risk in using technical analysis is that spotting historical trends may not help to predict such trends in the future. Even if the trend will eventually reoccur, there is no guarantee that Vigil Wealth will be able to accurately predict such a reoccurrence.

Cyclical analysis is similar to technical analysis in that it involves the analysis of market conditions at a macro (entire market/economy) or micro (company specific) level, rather than the overall fundamental analysis of the health of the particular company that Vigil Wealth is recommending. The risks with cyclical analysis are similar to those of technical analysis.

Charting analysis utilizes various market indicators as investment selection criteria. These criteria are generally pricing trends that may indicate movement in the markets. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the technical and charting analysis may lose value and may have negative investment performance. The Advisor monitors these market indicators to determine if adjustments to strategic allocations are appropriate.

As noted above, Vigil Wealth generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Vigil Wealth will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Vigil Wealth may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Vigil Wealth will assist Clients in determining an appropriate

strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in "Item 13 – Review of Accounts".

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process.

- *Market Risk* – the risk that the value of securities may go up or down, sometimes rapidly or unpredictably, due to factors affecting securities markets generally or particular industries.
- *Interest Rate Risk* – the risk that fixed income securities will decline in value because of an increase in interest rates; a bond or a fixed income fund with a longer duration will be more sensitive to changes in interest rates than a bond or bond fund with a shorter duration.
- *Credit Risk* – the risk that an investor could lose money if the issuer or guarantor of a fixed income security is unable or unwilling to meet its financial obligations.
- *Business Risk* – the measure of risk associated with a particular security. It is also known as unsystematic risk and refers to the risk associated with a specific issuer of a security. Generally speaking, all businesses in the same industry have similar types of business risk. More specifically, business risk refers to the possibility that the issuer of a particular company stock or a bond may go bankrupt or be unable to pay the interest or principal in the case of bonds.
- *Taxability Risk* – the risk that a security that was issued with tax-exempt status could potentially lose that status prior to maturity. Since municipal bonds carry a lower interest rate than fully taxable bonds, the bond holders would end up with a lower after-tax yield than originally planned.
- *Call Risk* – the risk specific to bond issues and refers to the possibility that a debt security will be called prior to maturity. Call risk usually goes hand in hand with reinvestment risk because the bondholder must find an investment that provides the same level of income for equal risk. Call risk is most prevalent when interest rates are falling, as companies trying to save money will usually redeem bond issues with higher coupons and replace them on the bond market with issues with lower interest rates.
- *Inflationary Risk* – the risk that future inflation will cause the purchasing power of cash flow from an investment to decline.
- *Liquidity Risk* – the possibility that an investor may not be able to buy or sell an investment as and when desired or in sufficient quantities because opportunities are limited.

- *Market Risk* – the risk that will affect all securities in the same manner caused by some factor that cannot be controlled by diversification.
- *Reinvestment Risk* – the risk that falling interest rates will lead to a decline in cash flow from an investment when its principal and interest payments are reinvested at lower rates.
- *Social/Political* – the possibility of nationalization, unfavorable government action or social changes resulting in a loss of value.
- *Legislative Risk* – the risk of a legislative ruling resulting in adverse consequences.
- *Currency/Exchange Rate Risk* – the risk of a change in the price of one currency against another.

There are different types of investments that involve varying degrees of risk, and it should not be assumed that future performance of any specific investment or investment strategy will be profitable or equal any specific performance level[s]. Past performance is not indicative of future results. **Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.**

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events that require disclosure. Securities laws require an advisor to disclose any instances where the Advisor or its Advisory Persons have been found liable in a legal, regulatory, civil or arbitration matter that alleges violation of securities and other statutes; fraud; false statements or omissions; theft, embezzlement or wrongful taking of property; bribery, forgery, counterfeiting, or extortion; and/or dishonest, unfair or unethical practices. Background information of the Advisor and its owner is available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching by our firm name or our CRD# 299619.

Item 10 – Other Financial Industry Activities and Affiliations

Broker-Dealer Affiliation

As noted in Item 5, Mr. Vigil is a registered representative of LPL Financial. In his separate capacity as a registered representative, commissions are paid for the implementation of recommendations for commissionable transactions. Clients are not obligated to implement any such recommendations. Ongoing investment advisory fees are not also earned in connection with services implemented as a registered representative.

Insurance Agency Affiliations

As noted in Item 5, Mr. Vigil is a licensed insurance professional. Implementations of insurance recommendations are separate and apart from Mr. Vigil's role with the Advisor. As an insurance professional, Mr. Vigil receives customary commissions and other related revenues from the various insurance companies whose products are sold. Mr. Vigil is not required to offer the products of any particular insurance company. Commissions generated by insurance sales do not offset regular advisory fees. This may cause a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any such recommendations.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Vigil Wealth has implemented a Code of Ethics (the "Code") that defines our fiduciary commitment to each Client. This Code applies to all persons associated with Vigil Wealth (our "Supervised Persons"). The Code was developed to provide general ethical guidelines and specific instructions regarding our duties to you, our Client.

Vigil Wealth and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Vigil Wealth's Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of our Code, please contact us at (904) 327-8000.

B. Personal Trading with Material Interest

Vigil Wealth allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Vigil Wealth does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Vigil Wealth does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Vigil Wealth allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities we recommend (purchase or sell) to you presents a conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures. As noted above, we have adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons may have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can potentially be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Vigil Wealth by conducting a coordinated review of personal accounts and the accounts of the Clients. We have also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While Vigil Wealth allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. At no time will Vigil Wealth, or any Supervised Person of Vigil Wealth, transact in any security to the detriment of any Client.

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Vigil Wealth does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize Vigil Wealth to direct trades to the Custodian as agreed in the investment advisory agreement. Where Vigil Wealth does not exercise discretion over the selection of the Custodian, it will recommend the Custodian to Clients for custody and execution services. As its Advisory Persons are also registered representatives of LPL Financial, Vigil Wealth and its Advisory Persons are limited in the custodian[s] in which they can recommend to Clients. Typically, Vigil Wealth will recommend that Clients establish their accounts at LPL Financial, where Vigil Wealth has access to LPL Financial's systems, back office support, research and other benefits. Vigil Wealth may also recommend that Clients establish their account[s] at Charles Schwab & Co., Inc. ("Schwab"), a FINRA-registered broker-dealer and member SIPC. Vigil Wealth maintains an institutional relationship with Schwab, whereby the Advisor receives economic benefits from Schwab. The Advisor must pay LP Financial an additional oversight fee for Client accounts at Schwab. Please also see Item 14 below.

While Vigil Wealth receives these economic benefits from these Custodians, we believe the Custodians provide quality execution and related services for our Clients at competitive prices. Price is not the sole factor Vigil Wealth considers in evaluating best execution and the recommendation of the Custodian. Vigil Wealth also considers the quality of the brokerage services provided by the Custodian, including the firm's reputation, execution capabilities, commission rates, and responsiveness to our Clients and our firm. Clients are free to use whatever broker-dealer/custodian they choose to implement financial planning recommendations. For investment

advisory services, Vigil Wealth would be required to obtain permission to use a broker-dealer or custodian other than LPL Financial due to the oversight role LPL Financial assumes over the Advisory Persons. Please see Item 14 for additional information.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with the broker-dealer/custodian in exchange for research and other services. Vigil Wealth does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, the Advisor receives certain economic benefits from the Custodians as detailed in Item 14.

2. Brokerage Referrals - Vigil Wealth does not receive any compensation from any third party in connection with the recommendation for establishing an account.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. Vigil Wealth will execute its transactions through an unaffiliated broker-dealer selected by the Client. Vigil Wealth may aggregate orders in a block trade or trades when securities are purchased or sold through the same broker-dealer for multiple (discretionary) accounts in the same trading day. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage any particular Client accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by David Vigil, Chief Compliance Officer of Vigil Wealth. Formal reviews are generally conducted at least annually or more frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify Vigil Wealth if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 – Client Referrals and Other Compensation

A. Compensation Received by Vigil Wealth

Vigil Wealth does not receive securities commissions from product sponsors, broker-dealers or any un-related third party. Vigil Wealth may refer Clients to various third parties to provide certain financial services necessary to meet the goals of its Clients. Likewise, Vigil Wealth may receive referrals of new Clients from a third-party. However, Vigil Wealth and certain Supervised Persons do receive compensation and other economic benefits from LPL Financial as detailed herein.

Participation in Institutional Advisor Platform (LPL)

Vigil Wealth has established institutional relationship with LPL Financial to assist the Advisor in managing Client account[s]. The Advisor receives access to software and related support as part of its relationship with LPL Financial. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of the Custodian over one that does not furnish similar software, systems support, or services. Additionally, the Advisor may receive the following benefits from LPL Financial: financial start-up support; reimbursement to Clients for transfer costs to the platform/custodian; financing services, receipt of duplicate Client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its institutional participants; access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to Client accounts; and access to an electronic communication network for Client order entry and account information.

In connection with the transition of Clients to the LPL Financial custodial platform and association as a registered representative of LPL Financial, Mr. Vigil received financial transition support from LPL Financial in the form of a 5-year forgivable loan that will be forgiven over time depending on the length of tenure with LPL Financial.

Participation in Institutional Advisor Platform ("Schwab")

Vigil Wealth has established an institutional relationship with Schwab through its "Schwab Advisor Services" unit, a division of Schwab dedicated to serving independent advisory firms like Vigil Wealth. As a registered investment advisor participating on the Schwab Advisor Services platform, Vigil Wealth receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Schwab. Services provided by Schwab Advisor Services benefit the Advisor and many, but not all services provided by Schwab will benefit Clients. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Services that Benefit the Client – Schwab's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of Client's funds and securities. Through Schwab, the Advisor may be able to access certain investments and asset classes that the Client would not be able to obtain directly or through other sources. Further, the Advisor may be able to invest in certain mutual funds and other investments without having to adhere to investment minimums that might be required if the Client were to directly access the investments.

Services that May Indirectly Benefit the Client – Schwab provides participating advisors with access to technology, research, discounts and other services. In addition, the Advisor receives duplicate statements for Client accounts, the ability to deduct advisory fees, trading tools, and back office support services as part of its relationship with Schwab. These services are intended to assist the Advisor in effectively managing accounts for its Clients, but may not directly benefit all Clients.

Services that May Only Benefit the Advisor – Schwab also offers other services and support to Vigil Wealth that may not benefit the Client, including: educational conferences and events, financial start-up support, consulting services and discounts for various service providers. Access to these services creates a financial incentive for the Advisor to recommend Schwab, which results in a potential conflict of interest. Vigil Wealth believes, however, that the selection of Schwab as Custodian is in the best interests of its Clients.

B. Client Referrals from Solicitors

Vigil Wealth does not engage paid solicitors for Client referrals.

Item 15 – Custody

Vigil Wealth does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees. All Clients must place their assets with a "qualified custodian". Clients are required to engage the Custodian to retain their funds and securities and direct Vigil Wealth to utilize the Custodian for the Client's security transactions. Clients should review statements provided by the Custodian and compare to any reports provided by Vigil Wealth to ensure accuracy, as the Custodian does not perform this review. For more information about custodians and brokerage practices, see Item 12 - Brokerage Practices.

Item 16 – Investment Discretion

Vigil Wealth generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Vigil Wealth. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by Vigil Wealth will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

Vigil Wealth does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither Vigil Wealth nor its management, have any adverse financial situations that would reasonably impair the ability of Vigil Wealth to meet all obligations to its Clients. Private Wealth is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect fees of \$500 or more for services to be performed six months or more in advance.

Item 19 – Requirements for State Registered Advisors

CERTIFIED FINANCIAL PLANNER™ (“CFP®”)

The CERTIFIED FINANCIAL PLANNER™, CFP® and federally registered CFP® (with flame design) marks (collectively, the “CFP® marks”) are professional certification marks granted in the United States by Certified Financial Planner Board of Standards, Inc. (“CFP® Board”).

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with Clients. Currently, more than 71,000 individuals have obtained CFP® certification in the United States.

To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- *Education* – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP® Board's studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor's Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP® Board's financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- *Examination* – Pass the comprehensive CFP® Certification Examination. The examination includes case studies and client scenarios designed to test one's ability to correctly diagnose financial planning issues and apply one's knowledge of financial planning to real world circumstances;
- *Experience* – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and,
- *Ethics* – Agree to be bound by CFP® Board's *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- *Continuing Education* – Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and,

- *Ethics* – Renew an agreement to be bound by the *Standards of Professional Conduct*. The *Standards* prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their Clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP® Board's enforcement process, which could result in suspension or permanent revocation of their CFP® certification.

Certified Investment Management AnalystSM (CIMA®)

The CIMA certification signifies that an individual has met initial and ongoing experience, ethical, education, and examination requirements for investment management consulting, including advanced investment management theory and application. To earn CIMA certification, candidates must: submit an application, pass a background check and have an acceptable regulatory history; pass an online Qualification Examination; complete an in-person or online executive education program at an AACSB accredited university business school; pass an online Certification Examination; and have an acceptable regulatory history as evidenced by FINRA Form U-4 or other regulatory requirements and have three years of financial services experience at the time of certification.

CIMA certificants must adhere to IMCA's Code of Professional Responsibility, Standards of Practice, and Rules and Guidelines for Use of the Marks. CIMA designees must report 40 hours of continuing education credits, including two ethics hours, every two years to maintain the certification. The designation is administered through Investment Management Consultants Association (IMCA).

Item 3 – Disciplinary Information

There are no legal or civil events to disclose regarding Mr. Vigil. Mr. Vigil has never been involved in any regulatory, civil or criminal action. Securities laws require an advisor to disclose any instances where the advisor or its advisory persons have been found liable in a legal, regulatory, civil or arbitration matter that alleges violation of securities and other statutes; fraud; false statements or omissions; theft, embezzlement or wrongful taking of property; bribery, forgery, counterfeiting, or extortion; and/or dishonest, unfair or unethical practices. As previously noted, there are no legal, civil or disciplinary events to disclose regarding Mr. Vigil. However, we do encourage you to independently view the background of Mr. Vigil on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with his full name or his Individual CRD# 4873382.

Item 4 – Other Business Activities

Broker-Dealer Affiliation

Mr. Vigil is also a registered representative of LPL Financial LLC ("LPL Financial"). LPL Financial is a registered broker-dealer (CRD# 6413), member FINRA, SIPC. In Mr. Vigil's separate capacity as a registered representative, Mr. Vigil will typically receive commissions for the implementation of recommendations for commissionable transactions. Clients are not obligated to implement any recommendation provided by Mr. Vigil. Neither the Advisor nor Mr. Vigil will earn ongoing investment advisory fees in connection with any products or services implemented in Mr. Vigil's separate capacity as a registered representative.

Insurance Agency Affiliations

Mr. Vigil is also a licensed insurance professional. Implementations of insurance recommendations are separate and apart Mr. Vigil's role with Vigil Wealth. As an insurance professional, Mr. Vigil may receive customary commissions and other related revenues from the various insurance companies whose products are sold. Mr. Vigil is not required to offer the products of any particular insurance company. Commissions generated by insurance sales do not offset regular advisory fees. This may cause a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by Mr. Vigil or the Advisor.

Item 5 – Additional Compensation

Mr. Vigil has additional business activities that are detailed in Item 4 above.

In connection with the transition of Clients to the LPL Financial custodial platform and association as a registered representative of LPL Financial, Mr. Vigil received financial transition support from LPL Financial in the form of a 5-year forgivable loan that will be forgiven over time depending on the length of tenure with LPL Financial.

The amount of the loan, represents a substantial payment. Forgiveness of the loan, in whole or in part, is conditioned on remaining with LPL and based on the amount of business Mr. Vigil engages in with LPL Financial, including, but not limited to, the amount of client assets maintained with LPL Financial and/or using LPL Financial as the custodian for a certain percentage of all new client accounts.

The payment of financial assistance received is in addition to the production bonuses, stock options and other economic benefits that he may receive as a registered representative of LPL Financial. The amount of the financial assistance is significant in relation to the overall revenue earned or compensation received by his prior firm. Such assistance is generally based on the size of the representative's business established at his prior firm and/or the assets expected to be under custody on the LPL Financial platform.

Consequently, Mr. Vigil has a financial incentive and conflict of interest to recommend that Clients maintain their accounts with LPL Financial. This conflict is mitigated by Mr Vigil's fiduciary duty to act in the best interests of his Clients at all time and so doing.

Item 6 – Supervision

Mr. Vigil serves as the Principal and Chief Compliance of Vigil Wealth. Mr. Vigil can be reached at (904) 327-8000.

Vigil Wealth has implemented a Code of Ethics and internal compliance that guide each Supervised Person in meeting their fiduciary obligations to Clients of Vigil Wealth. Further, Vigil Wealth is subject to regulatory oversight by various agencies. These agencies require registration by Vigil Wealth and its Supervised Persons. As a registered entity, Vigil Wealth is subject to examinations by regulators, which may be announced or unannounced. Vigil Wealth is required to periodically update the information provided to these agencies and to provide various reports regarding the business activities and assets of the Advisor.

Item 7 – Requirements for State Registered Advisors

Mr. Vigil does not have any additional information to disclose.
