Sage, through its Advisory Persons, provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing either discretionary or non-discretionary investment management and related advisory services.

Sage works with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to develop an appropriate investment strategy for the Client. Sage will then construct an investment portfolio that seeks to achieve the outcome[s] for the strategy. Sage may recommend the internal investment management by its Advisory Persons and/or the use of independent managers or investment platforms (please see below).

Internal Management – Sage will primarily construct Client portfolios utilizing low-cost, diversified mutual funds and exchange-traded funds (“ETFs”). Sage may also utilize individual equities, individual bonds, limited partnerships, and other types of, as appropriate, to meet the needs of the Client. Sage may retain certain legacy positions of the Client based on portfolio fit and/or tax implications.

Sage’s investment strategies are primarily long-term focused, but the Adviser may buy, sell or re-allocate investments that have been held less than one year to meet the objectives of the Client or due to market conditions. Sage will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Adviser.

Sage evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. Sage may recommend, on occasion, redistributing investment allocations to diversify the portfolio. Sage may recommend specific positions to increase sector or asset class weightings. The Adviser may recommend employing cash positions as a possible hedge against market movement. Sage may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client’s risk tolerance.

At no time will Sage accept or maintain custody of a Client’s funds or securities, except for the limited authority as detailed in Item 15 - Custody. All Client assets will be managed within their designated account[s], pursuant to the Client investment advisory agreement.

Use of Independent Managers – Sage may recommend that a Client utilize one or more unaffiliated investment managers or investment platforms (collectively “Independent Managers”) in connection with a Client’s investment strategy[ies].

In such instances, the Client may be required to authorize and enter into an advisory agreement with the Independent Manager[s] that defines the terms in which the Independent Manager[s] will provide investment management and related services.

Advisory Persons of the Adviser will assist in the development of investment policy recommendations and managing the ongoing Client relationship. The Adviser will perform initial and ongoing oversight and due diligence over the selected Independent Manager[s] to ensure the Independent Managers’ strategies and target allocations remain aligned with the Clients’ investment objectives and overall best interests of the Client.

The Client, prior to entering into an agreement with unaffiliated investment manager[s] or investment platform[s], will be provided with the Independent Manager’s Form ADV 2A (or a brochure that makes the appropriate disclosures).

Financial Planning Services

Sage will typically provide a variety of financial planning services to Clients, pursuant to a written financial planning agreement or included as part of an overall wealth management engagement. Services are offered in several areas of a Client’s financial situation, depending on their goals, objectives and financial situation.

Generally, such financial planning services will involve preparing a financial plan or rendering a financial consultation based on the Client’s financial goals and objectives. This planning or consulting may encompass one or more areas of need, including, but not limited to investment planning, retirement planning, estate planning, personal savings, education savings, insurance planning, and other areas of a Client’s financial situation.

A financial plan developed for or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs.

Sage may also refer Clients to an accountant, attorney or other specialist, as appropriate for their unique situation. For certain financial planning engagements, the Adviser will provide a written summary of Client’s financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Adviser may not provide a written summary. Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendations may pose a potential conflict between the interests of the Adviser and the interests of the Client. For example, a recommendation to engage the Adviser for investment management services or to increase the level of investment assets with the Adviser would pose a conflict, as it would increase the advisory fees paid to the Adviser. Clients are not obligated to implement any recommendations made by the Adviser or maintain an ongoing relationship with the Adviser. If the Client elects to act on any of the recommendations made by the Adviser, the Client is under no obligation to effect the transaction through the Adviser.

C. Client Account Management

Prior to engaging Sage to provide investment advisory services, each Client is required to enter into one or more advisory agreements with the Adviser that define the terms, conditions, authority and responsibilities of the Adviser and the Client.

These services may include:

- Establishing an Investment Strategy – Sage, in connection with the Client, will develop an investment strategy targeted to achieve the Client's investment goals and objectives.
- Asset Allocation – Sage will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.
- Portfolio Construction – Sage will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – Sage will provide investment management and ongoing oversight of the Client's portfolio.

D. Wrap Fee Programs

Sage includes securities transaction fees together with its investment advisory fees. Including these fees into a single asset-based fee is considered a "Wrap Fee Program". The Adviser customizes its investment management services for its Clients. The Adviser sponsors the Sage Wrap Fee Program solely as a supplemental disclosure regarding the combination of fees. Depending on the level of trading required for the Client's account[s] in a particular year, the Client may pay more or less in total fees than if the Client paid its own transaction fees. Please see Appendix 1 – Wrap Fee Program Brochure, which is always included as a supplement to this Disclosure Brochure.

E. Assets Under Management

As of September 4, 2019, Sage manages the following assets:

Discretionary Assets	\$42,506,382
Non-Discretionary Assets	\$0
Total Assets Under Management	\$42,506,382

Clients may request more current information at any time by contacting the Advisor

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Adviser. Each Client shall sign one or more agreements that detail the responsibilities of Sage and the Client.

A. Fees for Advisory Services

Investment Management Services

Investment advisory fees are paid monthly, in advance of each month, pursuant to the terms of the investment advisory agreement. Investment advisory fees are based on the market value of assets under management at the end of the prior month. Investment advisory fees range from 0.50% to 1.40% based on the following incremental fee schedule.

Assets Under Management	Annual Fee (%)
Up to \$250,000	2.00%
\$250,001 to \$500,000	1.50%
\$500,001 to \$2,000,000	1.00%
\$2,000,001 to \$5,000,000	0.75%
Over \$5,000,000	0.50%

The investment advisory fee in the first month of service is prorated from the inception date of the account[s] to the end of the first month. Fees may be negotiable at the sole discretion of the Adviser. The Client's fees will take into consideration the aggregate assets under management with Adviser. All securities held in accounts managed by Sage will be independently valued by the designated Custodian. Sage will not have the authority or responsibility to value portfolio securities.

Use of Independent Managers

For Client with account[s] implemented through an Independent Manager, the Client's overall fee will include Sage's investment advisory fee (as noted above) plus the advisory fee and/or platform fee charged by the Independent Manager[s]. The Independent Manager may assume responsibility for calculating the Client's fees and deduct the fees from the Client's account[s]. In such instances, Sage will not separately calculate and deduct its fee.

Financial Planning Services

Financial planning services may be included as part of an overall wealth management engagement or provided as a stand-alone engagement. For separate engagements, financial planning and consulting services are offered at an hourly rate of up to \$250 per hour or as a fixed engagement fee. Fees are based on several factors, including the experience of the Advisory Person performing the services, the complexity the Client's situation and/or duration the services to be provided. An estimate for total hours and/or costs will be provided to the Client prior to engaging for these services.

B. Fee Billing

Investment Management Services

Investment advisory fees will be calculated by the Adviser or its delegate and deducted from the Client's account[s] at the Custodian. The Adviser shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the respective month-end date. The amount due is calculated by applying the monthly rate (annual rate divided by 12) to the total assets under management with Sage at the end of the prior month. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting Sage to be paid directly from their accounts held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Use of Independent Managers

Client account[s] implemented through Independent Manager[s] will be billed in accordance to the separate agreement[s] with the respective parties. As noted above, the Independent Manager[s] may include Sage's investment advisory fee and deduct the overall fee from the Client's account[s] or Sage's fee may be billed separately by Sage.

Financial Planning Services

Financial planning and consulting fees are invoiced up to fifty percent (50%) of the expected project fee upon the execution of the financial planning or consulting agreement with the balance due upon completion of the engagement deliverable[s].

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties in connection with investments made on behalf of the Client's account[s], including securities transaction fees, custody fees or other fees charged by the Custodian such as wire transfer fees, fees for trades executed away from the Custodian.

In addition, all fees paid to Sage for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. Fees paid to Independent Managers are not shared with Sage. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client could invest in these products directly, without the services of Sage, but would not receive the services provided by Sage which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by Sage to fully understand the total fees to be paid.

D. Advance Payment of Fees and Termination

Investment Management Services

Sage is compensated for its investment management services in advance of the month in which services are rendered. Either party may request to terminate the investment advisory agreement with Sage, at any time, by providing advance written notice to the other party. The Client may also terminate the investment advisory agreement within five (5) business days of signing the Adviser's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client up to and including the effective date of termination. Upon termination, the Adviser will promptly refund any unearned, prepaid advisory fees. The Client's investment advisory agreement with the Adviser is non-transferable without the Client's prior consent.

Use of Independent Managers

In the event that a Client should wish to terminate its relationship with an Independent Manager, the terms for termination will be set forth in the respective agreements between the Client and those third parties. Sage will assist the Client with the termination and transition as appropriate.

Financial Planning Services

Sage may be partially compensated for its financial planning and consulting services upon execution of the engagement agreement. Either party may terminate the financial planning or consulting agreement, at any time, by providing written notice to the other party. Upon termination, the Client shall be responsible for fees based on the nature of the engagement and the services rendered by Sage. For hourly engagements, the Client shall be responsible for fees based on the hours of service performed by Sage and its Advisory Persons. For project-based engagements on a fixed fee, the retained fee shall be based on the percentage of the engagement deliverable[s] completed at the time of termination. For annual retainer engagements, the Client shall be responsible for fees through effective date of termination. Upon termination, any unearned prepaid fees will be promptly refunded to the Client. The Client's financial planning agreement with Sage is non-transferable without the Client's prior consent.

E. Compensation for Sales of Securities

Sage does not buy or sell securities to generate securities commissions and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Item 6 – Performance-Based Fees and Side-By-Side Management

Sage does not charge performance-based fees for its investment advisory services. The fees charged by Sage are as described in "Item 5 – Fees and Compensation" above and are not based upon the capital appreciation of the funds or securities held by any Client. Sage does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Sage offers investment advisory services to individuals, high net worth individuals, families, trusts, and estates. Sage does not impose a minimum account or relationship size; however certain investment strategies and Independent Managers will require a minimum size to effectively implement the investment mandate.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Sage primarily employs fundamental and technical analysis methods in developing investment strategies for its Clients. Research and analysis from Sage is derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment

with a value discounted by the market. While this type of analysis helps the Adviser in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Adviser monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Adviser's review process are included below in "Item 13 – Review of Accounts".

Technical analysis involves the analysis of past market data rather than specific company data in determining the recommendations made to clients. Technical analysis may involve the use of charts to identify market patterns and trends, which may be based on investor sentiment rather than the fundamentals of the company. The primary risk in using technical analysis is that spotting historical trends may not help to predict such trends in the future. Even if the trend will eventually reoccur, there is no guarantee that Sage will be able to accurately predict such a reoccurrence.

As noted above, Sage generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Sage will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Sage may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Sage will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Adviser shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Adviser of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing a Client's account[s]. The Adviser will work with each Client to determine their tolerance for risk as part of the portfolio construction process.

Following are some of the risks associated with the Adviser's strategies:

Market Risks – The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks – The performance of ETFs are subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs has a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Bond ETFs – Bond ETFs are subject to specific risks, including the following: (1) interest rate risks, i.e. the risk that bond prices will fall if interest rates rise, and vice versa, the risk depends on two things, the bond's time to maturity, and the coupon rate of the bond. (2) reinvestment risk, i.e. the risk that any profit gained must be reinvested at a lower rate than was previously being earned, (3) inflation risk, i.e. the risk that the cost of living and inflation increase at a rate that exceeds the income investment thereby decreasing the investor's rate of

return, (4) credit default risk, i.e. the risk associated with purchasing a debt instrument which includes the possibility of the company defaulting on its repayment obligation, (5) rating downgrades, i.e. the risk associated with a rating agency's downgrade of the company's rating which impacts the investor's confidence in the company's ability to repay its debt and (6) Liquidity Risks, i.e. the risk that a bond may not be sold as quickly as there is no readily available market for the bond.

Mutual Fund Risks – The performance of mutual funds are subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Alternative Investments (Limited Partnerships) – The performance of alternative investments (limited partnerships) can be volatile and may have limited liquidity. An investor could lose all or a portion of their investment. Such investments often have concentrated positions and investments that may carry higher risks. Client should only have a portion of their assets in these investments.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Adviser will work with each Client to determine their tolerance for risk as part of the portfolio construction process. **Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Adviser.**

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving Sage or its Supervised Persons. We value the trust you place in us. As we advise all Clients, we encourage you to perform the requisite due diligence on any advisor or service provider with whom you partner. Our backgrounds are on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with our firm name or our CRD# 304559.

Item 10 – Other Financial Industry Activities and Affiliations

No disclosures for this Item.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Sage has implemented a Code of Ethics that defines our fiduciary commitment to each Client. This Code of Ethics applies to all persons associated with Sage (our “Supervised Persons”). The Code of Ethics was developed to provide general ethical guidelines and specific instructions regarding our duties to you, our Client. Sage and its personnel owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Sage Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code of Ethics covers a range of topics that address employee ethics and conflicts of interest. To request a copy of our Code of Ethics, please contact us at (845) 240-1551.

B. Personal Trading with Material Interest

Sage allows the purchase or sale of the same securities that may be recommended to and purchased on behalf of Clients. Sage does not act as principal in any transactions. In addition, the Adviser does not act as the general partner of a fund, or advise an investment company. Sage does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Sage allows the purchase or sale of the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities we recommend (purchase or sell) to you presents a potential conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures. As noted above, we have adopted a Code of Ethics, which addresses insider trading (material non-public information controls) and personal securities reporting procedures. When trading for personal accounts, Supervised Persons

of Sage may have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can potentially be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Sage requiring reporting of personal securities trades by its employees for review by the CCO. We have also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While Sage allows the purchase or sale of the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will Sage transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Sage does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer or custodian (herein the "Custodian") to safeguard Client assets and authorize Sage to direct trades to this Custodian as agreed in the investment advisory agreement. Further, Sage does not have the discretionary authority to negotiate commissions on behalf of our Clients on a trade-by-trade basis.

Where Sage does not exercise discretion over the selection of the Custodian, it may recommend the Custodian to Clients. Sage may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, and its overall reputation. Clients are not obligated to use the recommended Custodian and will not incur any extra fee or cost associated with using a Custodian not recommended by Sage. However, if the recommended Custodian is not engaged, Sage may be limited in the services it can provide comparable to other clients.

Sage typically recommends that Clients establish accounts with TD Ameritrade Institutional, a division of TD Ameritrade, Inc. ("TD Ameritrade"), member FINRA/SIPC. TD Ameritrade is an independent and unaffiliated SEC-registered broker-dealer. TD Ameritrade offers services to independent investment advisers, which include custody of securities, trade execution, clearance and settlement of transactions. Adviser receives some benefits from TD Ameritrade through its participation in the program. Please see the disclosure under Item 14 below. Following are additional details regarding the brokerage practices of the Adviser:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers whereby an advisor enters into an agreement to place security trades with the broker in exchange for research and other services. Sage does not participate in soft dollar programs sponsored or offered by any broker-dealer. However, the Adviser does receive certain economic benefits from the TD Ameritrade. Please see Item 14 below.

2. Brokerage Referrals - Sage does not receive any compensation from any third party in connection with the recommendation for establishing a brokerage account.

3. Directed Brokerage - All Clients are serviced on a "directed brokerage basis", where Sage will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective brokerage account[s]. The Adviser will not engage in any principal transactions (i.e., trade of any security from or to the Adviser's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). In selecting the Custodian, Sage will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the designated Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the broker. Sage will execute its transactions through an unaffiliated broker-dealer selected by the Client. Sage may aggregate orders in a block trade or trades when securities are

purchased or sold through the same broker-dealer for multiple (discretionary) accounts. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage particular Client accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Investments in Client accounts are monitored on a regular and continuous basis by Advisory Persons of Sage and periodically by the CCO. Formal reviews are generally conducted at least annually or more or less frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify Sage if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Adviser may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 – Client Referrals and Other Compensation

A. Compensation Received by Sage

Participation in Institutional Adviser Platform

As disclosed under Item 12, above, the Adviser participates in TD Ameritrade's institutional customer program and the Adviser may recommend TD Ameritrade to Clients for custody and brokerage services. There is no direct link between the Adviser's participation in the program and the investment advice it gives to its Clients, although the Adviser receives economic benefits through its participation in the program that are typically not available to TD Ameritrade retail investors. These benefits include the following products and services (provided without cost or at a discount): receipt of duplicate Client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving the Adviser participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to Client accounts); the ability to have advisory fees deducted directly from Client accounts; access to an electronic communications network for Client order entry and account information; access to mutual funds with no transaction fees and to certain institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to the Adviser by third party vendors. TD Ameritrade may also have paid for business consulting and professional services received by the Adviser's related persons. Some of the products and services made available by TD Ameritrade through the program may benefit the Adviser but may not benefit its Client accounts. These products or services may assist the Adviser in managing and administering Client accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD Ameritrade are intended to help the Adviser manage and further develop its business enterprise. The benefits received by the Adviser or its personnel through participation in the program do not depend on the amount of brokerage transactions directed to TD Ameritrade. As part of its fiduciary duties to clients, the Adviser endeavors at all times to put the interests of its clients first. Clients should be aware, however, that the receipt of economic benefits by the Adviser or its related persons in and of itself creates a potential conflict of interest and may indirectly influence the Adviser's choice of TD Ameritrade for custody and brokerage services.

B. Client Referrals from Solicitors

Sage does not engage paid solicitors for Client referrals.

Item 15 – Custody

Sage does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Adviser's fee and the limited authority for Client money movement requests as described below. All Clients must place their assets with a "qualified custodian". Clients are required to select their own Custodian to retain their funds and securities and direct Sage to utilize that Custodian for the Client's security transactions. Sage encourages Clients to review statements provided by the account Custodian. For more information about Custodians and brokerage practices, see "Item 12 - Brokerage Practices".

Item 16 – Investment Discretion

Sage generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Sage. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by Sage will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

Sage does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Adviser will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither Sage, nor its management, have any adverse financial situations that would reasonably impair the ability of Sage to meet all obligations to its Clients. Neither Sage, nor any of its Advisory Persons, has been subject to a bankruptcy or financial compromise. Sage is not required to deliver a balance sheet along with this Disclosure Brochure as the Adviser does not collect fees of \$1,200 or more for services to be performed six months or more in advance.

Item 4 – Services Fees and Compensation

A. Services

Sage Investment Advisers LLC (“Sage” or the “Adviser”) provides customized investment advisory services for its Clients. This Wrap Fee Program Brochure is provided as a supplement to the Sage Disclosure Brochure (Form ADV 2A). This Wrap Fee Program Brochure is provided along with the complete Disclosure Brochure to provide full details of the business practices and fees when selecting Sage as your investment advisor.

As part of the investment advisory fees noted in Item 5 of the Disclosure Brochure, Sage includes normal securities transaction fees as part of the overall investment advisory fee. Securities regulations often refer to this combined fee structure as a “Wrap Fee Program”. The Adviser sponsors the Sage Wrap Fee Program.

The sole purpose of this Wrap Fee Program Brochure is to provide additional disclosure relating the combination of securities transaction fees into the single “bundled” investment advisory fee. This Wrap Fee Program Brochure references back to the Sage Disclosure Brochure in which this Wrap Fee Program Brochure serves as an Appendix. **Please see Item 4 – Advisory Services of the Disclosure Brochure for details on Sage’s investment philosophy and related services.**

B. Program Costs

Advisory services provided by Sage are offered in a wrap fee structure whereby normal securities transaction costs are included in the overall investment advisory fee paid to Sage. As the level of trading in a Client’s account[s] may vary from year to year, the annual cost to the Client may be more or less than engaging for advisory services where the transactions costs are borne separately by the Client. The cost of the Wrap Fee Program varies depending on services to be provided to each Client, however, the Client is not charged more if there is higher trading activity in the Client’s account[s]. A Wrap Fee structure has a potential conflict of interest as the Adviser may have an incentive to limit the number of trades placed in the Client’s account[s]. **Please see Item 5 – Fees and Compensation of the Disclosure Brochure for complete details on fees.**

C. Fees

Investment advisory fees are paid monthly, in advance of each calendar month, pursuant to the terms of the investment advisory agreement. Investment advisory fees are based on the market value of assets under management at the end of the prior month. Investment advisory fees range from 0.50% to 1.40% based on the following incremental fee schedule.

Assets Under Management	Annual Fee (%)
Up to \$250,000	2.00%
\$250,001 to \$500,000	1.50%
\$500,001 to \$2,000,000	1.00%
\$2,000,001 to \$5,000,000	0.75%
Over \$5,000,000	0.50%

The investment advisory fee in the first month of service is prorated from the inception date of the account[s] to the end of the first month. Fees may be negotiable at the sole discretion of the Adviser. The Client’s fees will take into consideration the aggregate assets under management with Adviser. All securities held in accounts managed by Sage will be independently valued by the designated Custodian. Sage will not have the authority or responsibility to value portfolio securities.

As noted above, the Wrap Fee Program includes normal securities trading costs incurred in connection with the discretionary investment management services provided by Sage. Securities transaction fees for Client-directed trades may be charged back to the Client.

Clients may incur certain fees or charges imposed by third parties in connection with investments made on behalf of the Client’s account[s]. Under this Wrap Fee Program, Sage includes securities transactions costs as part of its overall investment advisory fee.

In addition, all fees paid to Sage for investment advisory services or part of the Wrap Fee Program are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. The Client may also incur other costs assessed by the Custodian or other parties for account related activity fees, such as wire transfer fees, fees for trades executed away from the Custodian (if applicable) and other fees. The Adviser does not control nor share in these fees. The Client should review both the fees charged by the fund[s] and the fees charged by Sage to fully understand the total fees to be paid. Please see Item 5.C. – Other Fees and Expenses in the Disclosure Brochure (included with this Wrap Fee Program Brochure).

D. Compensation

Sage is the sponsor and portfolio manager of this Wrap Fee Program. Sage receives investment advisory fees paid by Clients for participating in the Wrap Fee Program and pays the Custodian for the costs associated with the normal trading activity in the Client's account[s].

Item 5 – Account Requirements and Types of Clients

Sage provides investment advisory services to high net worth individuals, families, trusts, estates and businesses. Sage does not impose a minimum account or relationship size; however its services are typical designed to meet the needs of high net worth Clients. Please see Item 7 – Types of Clients in the Disclosure Brochure for additional information.

Item 6 – Portfolio Manager Selection and Evaluation

Methods of Analysis

Please see Item 8 of the Disclosure Brochure (included with this Wrap Fee Program Brochure) for details on the research and analysis methods employed by the Adviser.

Sage will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account[s]. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Adviser shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided

information. It is the responsibility of the Client to inform the Adviser of any changes in financial condition, goals or other factors that may affect this analysis.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Adviser. Please see Item 8.B. – Risk of Loss in the Disclosure Brochure for details on investment risks.

Proxy Voting

Sage does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Adviser will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.
