Item 4 – Advisory Services

A. Firm Information

BridgeLight Capital LLC ("BridgeLight" or the "Advisor") is a registered investment advisor located in the State of Arizona, which is organized as a Limited Liability Company (LLC) under the laws of the State of Arizona. BridgeLight was founded in February 2010, and is owned and operated by Gary T. Stringer (Founder and CEO). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by BridgeLight.

B. Advisory Services Offered

BridgeLight offers investment advisory services to individuals and high net worth individuals in the State of Arizona and other states (each referred to as a "Client"). BridgeLight is registered as an investment adviser with the U.S. Securities and Exchange Commission and is notice filed in Arizona and other states, as required.

Investment Management Services

BridgeLight provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and related advisory services. BridgeLight works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy. BridgeLight will then construct a portfolio, consisting of diversified mutual funds and/or exchange-traded funds ("ETFs") to achieve the Client's investment goals. The Advisor may also utilize individual stocks, bonds or options contracts to meet the needs of its Clients. The Advisor may retain certain types of investments based on a Client's legacy portfolio construction.

BridgeLight's investment strategy[ies] is primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held less than one year to meet the objectives of the Client or due to market conditions. BridgeLight will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

BridgeLight evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. BridgeLight may recommend, on occasion, redistributing investment allocations to diversify the portfolio. BridgeLight may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. BridgeLight may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client's risk tolerance.

At no time will BridgeLight accept or maintain custody of a Client's funds or securities, except for authorized deduction of the Advisor's fees. All Client assets will be managed within their designated brokerage account or pension account, pursuant to the Client investment advisory agreement. Please see Item 12.

Financial Planning Services

BridgeLight will typically provide a variety of financial planning and consulting services to Clients, pursuant to a written financial planning agreement. Services are offered in several areas of a Client's financial situation, depending on their goals, objectives and financial situation.

Generally, such financial planning services involve preparing a formal financial plan or rendering a specific financial consultation based on the Client's financial goals and objectives. This planning or consulting may encompass one or more areas of need, including but not limited to, investment planning, retirement planning, personal savings, education savings, estate planning, tax planning and other areas of a Client's financial situation.

A financial plan developed for or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs. BridgeLight may also refer Clients to an accountant, attorney or other specialist, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendations may pose a conflict between the interests of the Advisor and the interests of the Client. For example, a recommendation to engage the Advisor for investment management services or to increase the level of investment assets with the Advisor would pose a conflict, as it would increase the advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to effect the transaction through the Advisor.

Use of Independent Managers

BridgeLight may recommend that a Client utilize one or more unaffiliated investment managers or investment platforms (collectively "Independent Managers") for all or a portfolio of a Client's investment portfolio. In such instances, the Client will then enter into an advisory agreement with the Independent Manager[s] that defines the terms in which the Independent Manager[s] will provide investment management and related services. BridgeLight may also assist in the development of the initial policy recommendations and managing the ongoing Client relationship. BridgeLight will perform initial and ongoing oversight and due diligence over the selected Independent Manager[s] to ensure the Independent Managers' strategies and target allocations remain aligned with its clients' investment objectives and overall best interests. The Client, prior to entering into an agreement with unaffiliated money manager[s] or investment advisor[s], will be provided with the advisor's Form ADV 2A (or a brochure that makes the appropriate disclosures).

C. Client Account Management

Prior to engaging BridgeLight to provide investment advisory services, each Client is required to enter into or more agreements with the Advisor that defines the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – BridgeLight, in connection with the Client, may develop a statement that summarizes the Client's investment goals and objectives along with the broad strategy[ies] to be employed to meet the objectives.
- Asset Allocation – BridgeLight will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.
- Portfolio Construction – BridgeLight will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – BridgeLight will provide investment management and ongoing oversight of the Client's relationship's investment portfolio.

D. Wrap Fee Programs

BridgeLight may include the securities transaction costs and platform fees together with a slightly higher investment advisory fee. Including these fees into a single asset-based fee is considered a "wrap fee program". Depending on the level of trading required for the Client's account[s] in a particular year, the Client may pay more or less in total fees than if the Client paid its own transaction fees. Clients may incur charges for other account services provided not directly related to the execution and clearing of transactions, including, but not limited to: IRA custodial fees, safekeeping fees, wire transfer fees, interest charges on margin loans, exchange fees, and fees for transfers of securities.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into a written agreement with the Advisor.

A. Fees for Advisory Services

Investment Management Services

Investment advisory fees are paid quarterly in advance pursuant to the terms of the investment advisory agreement. Investment advisory fees are based on the market value of assets under management at the end of each calendar quarter. Investment advisory fees are based on the following schedule:

Assets Under Management (\$)	Annual Rate (%)
Up to \$500,000	2.00%
\$500,001 to \$1,000,000	1.75%
\$1,000,001 to \$2,500,000	1.50%
\$2,500,001 to \$5,000,000	1.25%
\$5,000,001 to \$10,000,000	1.00%
Over \$10,000,000	Negotiable

Investment advisory fees in the first quarter of service are prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with Advisor. All securities held in accounts managed by BridgeLight will be independently valued by the designated Custodian. BridgeLight will not have the authority or responsibility to value portfolio securities. Lower fees for comparable services may be available from other sources.

Financial Planning Services

BridgeLight offers financial planning services on a fixed engagement fee. Fixed fee engagement fee range from \$1,000 to \$15,000. Fees may be negotiable based on the nature and complexity of the services to be provided and the overall relationship with the Advisor. An estimate for total costs will be provided to the Client prior to engaging for these services.

The Advisor's fee is exclusive of, and in addition to, brokerage fees, transaction fees, and other related costs and expenses, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

Use of Independent Managers

BridgeLight's management fee for clients utilizing independent managers' investment programs ranges from 1% to 1.5% annually. Our fee is negotiable. Separate and apart from BridgeLight's advisory fee, the independent manager will also charge the client an advisory fee that is established and payable in accordance with the independent manager's disclosure document and any written agreements the client is required to enter into with the independent manager. The independent managers' annual fees are based on a percentage of assets under management and typically range from 0.2% to 1.5% annually depending on the amount of assets under management and the investment program utilized. BridgeLight's and the independent managers' annual fees are billed quarterly in advance based on the market value of the assets on the last day of the preceding quarter. The independent manager will deduct BridgeLight's advisory fee from the client's account in accordance with the client authorization in the independent manager's account agreement and remit payment to BridgeLight. Clients should refer to the independent manager's disclosure documents (Part 2A: Firm Brochure and/or Part 2A Appendix 1: Wrap Fee Program Brochure) for information regarding its fees, billing practices, minimum required investments and termination of advisory agreements.

B. Fee Billing

Investment Management Services

Investment advisory fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. As may be required by certain state regulations, the Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the respective quarter end date. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with BridgeLight at the end of each quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. In addition, as may be required by certain state regulations, the Advisor will provide the Client a report itemizing the fee, including the calculation period covered by the fee, the account value and the methodology used to calculate the fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting BridgeLight to be paid directly from their account[s] held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Financial Planning Services

Financial planning fees may be invoiced up to fifty percent (50%) of the expected total fee upon execution of the financial planning. The balance shall be invoiced upon completion of the agreed upon deliverable[s]. At no time shall deliverable[s] be completed more than 6 months from the execution of the financial planning agreement.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than BridgeLight, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all custodial and securities execution fees charged by the custodian and executing broker-dealer. The Investment Advisory Fee charged by BridgeLight is separate and distinct from these custodian and execution fees.

In addition, all fees paid to BridgeLight for investment advisory services are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client could invest in these products directly, without the services of BridgeLight, but would not receive the services provided by BridgeLight which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by BridgeLight to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

Investment Management Services

BridgeLight is compensated for its services in advance of the quarter in which investment advisory services are rendered. Either party may terminate the investment advisory agreement by providing advance written notice to the other party. The Client may terminate the investment advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Advisor will refund any unearned, prepaid investment advisory fees from the effective date of termination to the end of the quarter. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior approval.

Financial Planning Services

BridgeLight requires an advance deposit as described above. Either party may terminate the financial planning agreement by providing advance written notice to the other party. The Client may terminate the financial planning agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Client shall be billed for the percentage of the engagement scope completed by the Advisor. The Advisor will refund any unearned, prepaid planning fees from the effective date of termination. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior approval.

Use of Independent Managers

In the event that a Client should wish to terminate their relationship with the Investment Platform and any Independent Manager, the terms for termination will be set forth in the respective agreements between the Client and those third parties. BridgeLight will assist the Client with the termination and transition as appropriate.

E. Compensation for Sales of Securities

BridgeLight does not buy or sell securities and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above. Certain Supervised Persons of the Advisor may also be licensed insurance professionals and will receive commissions for the implementations of insurance recommendations. Clients are under no obligation to implement any recommendations made by Advisory Persons or the Advisor. Please see Item 10 for additional details.

Item 6 – Performance-Based Fees and Side-By-Side Management

BridgeLight does not charge performance-based fees for its investment advisory services. The fees charged by BridgeLight are as described in "Item 5 – Fees and Compensation" above and are not based upon the capital appreciation of the funds or securities held by any Client.

BridgeLight does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

BridgeLight offers investment advisory services to individuals and high net worth individuals in State of Arizona and other states. The percentage of each type of Client is available on BridgeLight's Form ADV Part 1A. These percentages may change over time and are updated at least annually by the Advisor.

BridgeLight generally does not require a minimum account balance for investment advisory services. We may impose a minimum annual advisory fee of \$500 per account. We generally charge a minimum fee of \$750 for written financial plans.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

BridgeLight primarily employs a fundamental analysis in developing investment strategies for its Clients. Research and analysis from BridgeLight is derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in "Item 13 – Review of Accounts".

B. Investment Strategies

As noted above, BridgeLight generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. BridgeLight will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, BridgeLight may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

BridgeLight also uses the following strategies in managing client accounts, provided that such strategies are appropriate to the needs of the client and consistent with the client's investment objectives, risk tolerance, and time horizons, among other considerations:

- **Margin loans.** On occasion, it may be appropriate for a client to obtain a margin loan on a short-term basis. A risk in margin loans is that, in volatile markets, securities prices can fall very quickly. If the value of the securities in your account minus what you owe the broker falls below a certain level, the broker will issue a "margin call," and you will be required to sell your position in the security on margin and/or add more cash to the account.
- **Options:** We may utilize options as an investment strategy. An option is a contract that gives the buyer the right, but not the obligation, to buy or sell an asset (such as a share of stock) at a specific price on or before a certain date. An option, just like a stock or bond, is a security. An option is also a derivative because it derives its value from an underlying asset.

The two types of options are calls and puts:

1. A call gives the buyer the right to buy an asset at a certain price within a specified period of time.
2. A put gives the buyer the right to sell an asset at a certain price within a specified period of time.

BridgeLight does not utilize call buying or put buying as an investment strategy.

- **Option Writing:** From time to time BridgeLight will sell covered calls against a client's security positions, or sell cash backed puts on securities that the client has earmarked cash to buy. In this strategy, the client receives a cash premium for selling the option to the buyer in exchange for the obligation to sell their stock at a particular price for a specific time period (a covered call), or the obligation to purchase stock at a particular price for a period of time (cash-backed put). When a call option is exercised, clients are forced to sell their security at the strike price of the call option. This is likely to be below the market value of the stock. When a put is assigned, clients are forced to purchase the security at the price of the put option. This is likely to be above the market value of the security. If these options expire without being exercised, the seller keeps the premium received as income.

C. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. BridgeLight will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in "Item 13 – Review of Accounts".

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with the potential speculative components of the Advisor's strategy:

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

Item 10 – Other Financial Industry Activities and Affiliations

Broker-Dealer Affiliation

Certain Advisory Persons are also a registered representative of Purshe Kaplan Sterling Investments, Inc. (“PKS”) of Albany, NY. PKS is a registered broker-dealer (CRD No. 35747), member FINRA, SIPC. In one’s separate capacity as a registered representative, Advisory Persons will typically receive commissions for the implementation of recommendations for commissionable transactions. Clients are not obligated to implement any recommendation provided by Advisory Persons. Neither the Advisor nor Advisory Persons will earn ongoing investment advisory fees in connection with any services implemented in Advisory Persons’ separate capacity as a registered representative.

Generally, recommendations made by BridgeLight to its Clients are implemented by Advisory Persons in one’s role as an investment advisor representative not in their role as a Registered Representative. As such, Clients of BridgeLight will only pay advisory fees as described above.

Insurance Agency Affiliations

Certain Advisory Persons are also a licensed insurance professional. Implementations of insurance recommendations are separate and apart from one’s role with BridgeLight. As an insurance professional, Advisory Persons may receive customary commissions and other related revenues from the various insurance companies whose products are sold. Advisory Persons is not required to offer the products of any particular insurance company. Commissions generated by insurance sales do not offset regular advisory fees. This may cause a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by Advisory Persons or the Advisor.

BridgeLight Affiliates

Mr. Stringer is also the 100% owner and assists with the management of BridgeLight Insurance LLC and BridgeLight Real Estate LLC. Mr. Stringer spends less than 5% of his time on these activities. As previously disclosed, BridgeLight recommends the services of independent registered investment advisers (“Independent Managers”) to our clients. We receive no compensation directly or indirectly from these Independent Managers. All investment advisers to whom BridgeLight refers clients will be properly licensed or registered as an investment adviser.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

BridgeLight has implemented a Code of Ethics (the “Code”) that defines our fiduciary commitment to each Client. This Code applies to all persons associated with BridgeLight (our “Supervised Persons”). The Code was developed to provide general ethical guidelines and specific instructions regarding our duties to you, our Client. BridgeLight and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of BridgeLight’s Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of our Code, please contact us at (480) 270-5240.

B. Personal Trading with Material Interest

BridgeLight allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. BridgeLight does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. BridgeLight does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

BridgeLight allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities we recommend (purchase or sell) to you presents a conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures. As noted above, we have adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons may have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can potentially be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by BridgeLight requiring reporting of personal securities trades by its Supervised Persons for review by the CCO or delegate. We have also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While BridgeLight allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will BridgeLight, or any Supervised Person of BridgeLight, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

BridgeLight does not have discretionary authority to select the broker-dealer/custodian for custodial and execution services. The Client will select the broker-dealer or custodian (herein the "Custodian") to safeguard Client assets and authorize BridgeLight to direct trades to this Custodian as agreed in the investment advisory agreement. Further, BridgeLight does not have the discretionary authority to negotiate commissions on behalf of our Clients on a trade-by-trade basis.

Where BridgeLight does not exercise discretion over the selection of the Custodian, it may recommend the Custodian[s] to Clients for execution and/or custodial services. Clients are not obligated to use the recommended Custodian and will not incur any extra fee or cost associated with using a broker not recommended by BridgeLight.

BridgeLight may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, and location of the Custodian's offices.

BridgeLight recommends the brokerage services of Schwab Advisor Services, a division of Charles Schwab & Co., Inc. ("Schwab"), TD Ameritrade ("TDA") and Pershing Adviser Solutions ("PAS"), all of which are a registered broker-dealer, member SIPC. Clients are not obligated to use a recommended broker and/or custodian and will not incur any extra fee or cost associated with using a broker not recommended by BridgeLight.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers whereby an advisor enters into an agreement to place security trades with the broker in exchange for research and other services. **BridgeLight does not participate in soft dollar programs sponsored or offered by any broker-dealer.**

2. Brokerage Referrals - BridgeLight does not receive any compensation from any third party in connection with the recommendation for establishing a brokerage account.

3. Directed Brokerage - All Clients are serviced on a “directed brokerage basis”, where BridgeLight will place trades within the established account[s] at the custodian designated by the Client. Further, all Client accounts are traded within their respective brokerage account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor’s own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client’s account[s]). In selecting the Custodian, BridgeLight will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the designated Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the broker. BridgeLight will execute its transactions through an unaffiliated broker-dealer selected by the Client. BridgeLight may aggregate orders in a block trade or trades when securities are purchased or sold through the same broker-dealer for multiple (discretionary) accounts in the same trading day. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage any particular Client accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by BridgeLight. Formal reviews are generally conducted at least annually or more or less frequently depending on the needs of the Client. These accounts are reviewed by our Chief Executive Officer, Chief Compliance Officer and/or Managing Director.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client’s request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client’s financial situation, and/or large deposits or withdrawals in the Client’s account. The Client is encouraged to notify BridgeLight if changes occur in the Client’s personal financial situation that might adversely affect the Client’s investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the trustee or Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian’s website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client’s account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 - Client Referrals and Other Compensation

A. Compensation Received by BridgeLight

Participation in Institutional Advisor Platform

BridgeLight has established an institutional relationship with Charles Schwab & Co., Inc., TD Ameritrade and Pershing Adviser Solutions (herein the "Custodian") to assist the Advisor in managing Client account[s]. Access to the Custodian platform is provided at no charge to the Advisor. The Advisor receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at the Custodian. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this Custodian over one that does not furnish similar software, systems support, or services.

For BridgeLight Client accounts using the Custodian, they generally do not charge separately for custody services but are compensated by account holders through commissions or other transaction-related or asset-based fees for securities trades that are executed through the custodian or that settle into the custodian accounts. BridgeLight would have to obtain the aforementioned services and products for cash if we did not have the relationship with the custodian to pay for them. As a result of receiving such products and services for no cost, we may have an incentive to continue to place Client trades through broker-dealers that offer similar arrangements. This interest conflicts with the Clients' interest of obtaining the lowest commission rate available. Therefore, we must determine in good faith, based on the best execution policy stated above that such commissions are reasonable in relation to the value of the services provided by such executing broker-dealers. Please see below for more information about the best execution determination for Clients choosing a recommended custodian.

Broker-Dealer Affiliation

Certain Advisory Persons are also registered representatives of PKS. In their separate capacity as registered representatives, the Advisory Persons will receive commissions for the implementation of recommendations for commissionable transactions. Additional details are included in Item 10 above.

Insurance Agency Affiliations

Certain Advisory Persons are also a licensed insurance professional. As insurance professionals, the Advisory Persons may receive customary commissions and other related revenues from the various insurance companies whose products are sold. Additional details are included in Item 10 above.

B. Client Referrals from Solicitors

BridgeLight may engage and compensate unaffiliated third party referral sources (a "solicitor") for Client referrals. Clients will not pay a higher fee to BridgeLight as a result of such payments to a solicitor. The Advisor shall enter into an agreement with the solicitor, which requires that the solicitor provide full disclosure of the compensation and other conflicts to the prospective client.

Item 15 – Custody

BridgeLight does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees. All Clients must place their assets with a qualified custodian. Clients are required to select their own custodian to retain their funds and securities and direct BridgeLight to utilize that custodian for the Client's security transactions. Clients should review statements provided by the account custodian and compare to any reports provided by BridgeLight to ensure accuracy, as the custodian does not perform this review. Investment advisory fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with BridgeLight at the end of each quarter.

BridgeLight Capital LLC

Phone: (480) 270-5240 * Fax: (480) 656-3316

<http://bridgelight.com>

Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting BridgeLight to be paid directly from their account[s] held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

For more information about custodians and brokerage practices, see "Item 12 - Brokerage Practices".

Item 16 – Investment Discretion

BridgeLight generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by BridgeLight. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by BridgeLight will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

BridgeLight does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither BridgeLight, nor its management, have any adverse financial situations that would reasonably impair the ability of BridgeLight to meet all obligations to its Clients. Neither BridgeLight, nor any of its advisory persons, has been subject to a bankruptcy or financial compromise. BridgeLight is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect fees of \$1,200 or more for services to be performed six months or more in advance.

As part of the investment advisory fees noted in Item 5 of the Disclosure Brochure, BridgeLight may include normal securities transaction fees as part of the overall investment advisory fee. Securities regulations often refer to this combined fee structure as a "Wrap Fee Program".

Assets Under Management (\$)	Annual Rate (%)

Investment advisory fees in the first quarter of service are prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with Advisor. All securities held in accounts managed by BridgeLight will be independently valued by the designated Custodian. BridgeLight will not have the authority or responsibility to value portfolio securities. Lower fees for comparable services may be available from other sources.
