The Advisor was formerly known under the following business names: Kardia Planning d/b/a Kardia Planning and Dunavant Wealth Strategies; E Six Thirteen LLC d/b/a Dunavant Wealth; and Paradiem Invest. The Advisor serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. Investment Management Services

Paradiem provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and consulting services. Paradiem works with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy. Paradiem constructs portfolios with individual equity securities, exchange-traded funds (“ETFs”), individual fixed income securities and mutual funds to achieve the Client’s investment goals. Paradiem’s investment strategies are primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held less than one year to meet the objectives of the Client or due to market conditions. Paradiem will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to the acceptance by the Advisor.

Paradiem evaluates and selects ETFs and mutual funds for inclusion in Client portfolios only after applying their internal due diligence process. Paradiem may recommend, on occasion, redistributing investment allocations to diversify the portfolio. Paradiem may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. Paradiem may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client’s risk tolerance.

Prior to rendering investment advisory services, Paradiem will ascertain, in conjunction with the Client, the Client’s financial situation, risk tolerance, and investment objective[s]. Paradiem will provide investment advisory and related services. At no time will Paradiem accept or maintain custody of a Client’s funds or securities. All Client assets will be managed within their designated account[s] at the Custodian, pursuant to the Client investment advisory agreement.

Prior to engaging Paradiem to provide investment advisory services, each Client is required to enter into one or more advisory agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client.

Research done by the Williams Group out of San Clemente, CA found that families attributed only 5% of this failure to estate planning issues. The remaining 95% were a combination of lack of communication/trust, unprepared heirs and lack of agreed mission among other factors. Our Family Legacy services are designed to help families inspire vision and wisdom into future generations. The following areas are addressed depending on the needs and complexities of each family.

Planning or consulting services may also encompass one or more areas of specific need, including but not limited to, investment planning, retirement planning, personal savings, education savings and other areas of a Client's financial situation. The Advisor may provide guidance on any type of security, depending on the needs, goals, financial situation and current positions held by a Client. The Advisor may also provide guidance on non-securities investment products, as appropriate.

Financial planning and consulting recommendations pose a conflict between the interests of the Advisor and the interests of the Client. For example, a recommendation to engage the Advisor for investment management services or to increase the level of investment assets with the Advisor would pose a conflict, as it would increase the advisory fees paid to the Advisor. This causes a conflict of interest; to mitigate this conflict Clients always have the right to choose to implement any recommendation with any broker-dealer or insurance agency. Clients always have the right to decide whether to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to implement on any of the recommendations made by the Advisor, the Client always has the right to execute the transaction through another advisor. The Investment Advisor Representatives (herein "Advisory Persons") will typically receive commissions for the implementation of recommendations for insurance transactions, in their separate capacity as insurance professionals.

These services may include:

- Establishing an Investment Strategy – Paradiem, in connection with the Client, will develop a strategy that seeks to achieve the Client's goals and objectives.
- Asset Allocation – Paradiem will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance of risk for each Client.

- **Portfolio Construction** – Paradiem will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- **Investment Management and Supervision** – Paradiem will provide investment management and ongoing oversight of the Client’s investment portfolio.

Paradiem does manage a wrap fee program. For certain Clients, the Advisor may include the securities transaction fees as part of its investment advisory fees above for discretionary trading following the Advisor’s strategies (See Appendix 1 - Wrap Fee Program Brochure). Please see Item 5 - Fees and Compensation.

As of December 31, 2018, the Advisor manages \$182,432,238 in assets, all of which are on a discretionary basis. In addition, as of December 31, 2018, the Advisor also has \$128,889,515 in assets under advisement. Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client shall sign one or more agreements that detail the responsibilities of Paradiem and the Client.

Investment Management Services

Investment advisory fees are paid in advance of each month, pursuant to the terms of the investment advisory agreement. Investment advisory fees are based on the market value of assets under management at the end of the last business day of the preceding month.

Investment advisory fees are based on investment program[s] in which the Client’s account[s] are invested and are based on the following tiered schedule:

Assets Under Management	Annual Rate (%)
Up to \$500,000	1.25%
500,001 to \$2,999,999	1.00%
Next \$3,000,000 to \$4,999,999	0.80%
\$5,000,000 to \$14,999,999	0.60%
\$15,000,000 - \$29,999,999	0.40%
Over \$30,000,000	0.30%

The investment advisory fee in the first month of service is prorated to the inception date of the account[s] to the end of the first month. Fees may be negotiable at the sole discretion of the Advisor. The Client’s fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by Paradiem will be independently valued by the Custodian. Paradiem will not have the authority or responsibility to value portfolio securities.

Planning and Consulting Services

Planning engagements are typically offered on a fixed fee per engagement that is based on the complexity and duration of the planning services provided. An estimate of the duration and work effort will be determined prior to establishing the advisory relationship. Planning fees may be negotiable at the sole discretion of the Advisor.

In certain instances, Clients may be offered an hourly fee for financial planning and consulting services at a rate of up to \$500 per hour.

The Advisor’s fee is exclusive of, and in addition to, transaction fees, and other related costs and expenses, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs. The hourly fees are determined after considering many factors, such as the level and scope of the services.

Paradiem’s Wealth Counseling Services are completed in four (4) phases of service, based on a fixed, negotiated retainer fee (as listed below). Fees are determined based on the complexity of the Client’s situation and the

anticipated effort and duration associated with the scope of work. All fees will be presented to the client BEFORE engagement of the relationship to ensure that all parties are in agreement to the scope of the work.

Wealth Counseling Service	Fee Rate
Phase One – Assessment	\$2,500 to \$25,000
Phase Two – Analysis and Solutions	\$10,000 – \$85,000
Phase Three – Ongoing Services	\$5,000 – \$60,000
Phase Four – Hourly Planning	\$5,000- \$45,000

Fees may be charged quarterly, in advance of each calendar quarter, or in advance of the engagement, pursuant to the terms of the agreement.

Investment Management Services

Investment advisory fees are calculated by the Custodian or delegate and deducted from the Client's account[s]. The Client shall instruct the Custodian to automatically deduct the investment advisory fee from the Client's account[s] for each billing period and pay the investment advisory fee[s] to the Advisor. The amount due is calculated by applying the quarterly rate (annual rate divided by 12) to the total assets under management with Paradiem at the beginning of each month. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting advisory fees to be deducted by Paradiem directly from their account[s] held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Clients may incur certain fees or charges imposed by third parties, other than Paradiem, in connection with investment made on behalf of the Client's account[s]. For certain Clients, the Advisor may include the securities transaction fees as part of its investment advisory fees above for discretionary trading following the Advisor's strategy. Unless otherwise specified in the investment advisory agreement or other forms with the custodian, the Client shall be responsible for all custodial and securities execution fees charged by the custodian and executing broker-dealer. The investment advisory fee charged by Paradiem is separate and distinct from these custodian and execution fees. In addition, all fees paid to Paradiem for investment advisory services are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee.

Financial Planning and Consulting Services

Financial planning and consulting fees are invoiced by the Advisor and are due in advance of services rendered. The Advisor will not collect fees that are greater than \$1,200 if the services will be for six months or more in the future. For annual retainers, the Advisor will bill in advance for services that will be completed in less than six months. Supplemental billing may be required during the year pursuant to the terms of the financial planning and consulting agreement.

Clients may incur certain fees or charges imposed by third parties, other than Paradiem, in connection with recommendations made to the Client. The Client is responsible for all such fees.

Investment Management Services

Paradiem is compensated for its services in advance of the month in which investment advisory services are rendered. Either party may request to terminate the investment advisory agreement with Paradiem, at any time, by providing advance written notice to the other party. In addition, the Client may also terminate the investment advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Advisor will refund any unearned, prepaid investment advisory fees from the effective date of termination to the end of the month. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Planning and Consulting Services

Either party may terminate a planning or consulting agreement at any time by providing written notice to the other party. In addition, the Client may also terminate the advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Refunds will be given on a pro-rata basis. The agreement for planning services is effectively terminated upon the presentation of the plan or specific deliverables included in the agreement.

Use of Independent Managers

In the event that a Client should wish to terminate their relationship with the Independent Manager, the terms for termination will be set forth in the respective agreements between the Client and that Independent Manager. Paradiem will assist the Client with the termination and transition as appropriate.

Paradiem does not buy or sell securities and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Advisory Persons may also be licensed as independent insurance professionals. These persons will earn commission-based compensation for selling insurance products, including insurance products they sell to you. Insurance commissions earned by these persons are separate and in addition to our advisory fees. This practice presents a conflict of interest because persons providing investment advice on behalf of our firm who are insurance agents have an incentive to recommend insurance products to you for the purpose of generating commissions rather than solely based on your needs. However, to mitigate this conflict, Clients always have the right to choose whether to purchase insurance products through any person affiliated with our firm.

Item 6 – Performance-Based Fees and Side-By-Side Management

Paradiem does not charge performance-based fees for its investment advisory services. The fees charged by Paradiem are as described in Item 5 – Fees and Compensation above and are not based upon the capital appreciation of the funds or securities held by any Client. Paradiem does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Paradiem offers asset management and financial consulting services to individuals, families and charitable organizations in Louisiana and other states. The amount of each type of Client is available on the Advisor's Form ADV Part 1A. These amounts may change over time and are updated at least annually by the Advisor. Paradiem generally does not impose a minimum account size for establishing an asset management. For Principled Planning Introduction, Paradiem requires a minimum initial financial consulting fee of \$1,000. Paradiem has a minimum account size of \$350,000 per household, this minimum may be waived at the sole discretion of the Advisor.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

Paradiem primarily employs a fundamental analysis method in developing investment strategies for its Clients. Research and analysis from Paradiem is derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate.

As noted above, Paradiem generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Paradiem will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Paradiem may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the risk of loss. Paradiem will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals. Fundamental analysis utilizes economic and business indicators as investment selection criteria. More details on the Advisor's review process are included in Item 13.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with the Advisor's strategies.

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

Equity (Stock) Risks

Common stocks are subject to general stock market fluctuations and to volatile increases and decreases in value as market confidence and perception of their issuers change. There is also a certain level of company or industry specific risk that is inherent in each investment. There is the risk that the company will perform poorly or have its value reduced based on factors specific to the company or its industry,

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs has a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Real Estate Investment Trusts ("REITs")

Investing in Real Estate Investment Trusts ("REITs") involves certain distinct risks in addition to those risks associated with investing in the real estate industry in general. Equity REITs may be affected by changes in the value of the underlying property owned by the REITs, while mortgage REITs may be affected by the quality of credit extended. REITs are subject to heavy cash flow dependency, default by borrowers and self-liquidation.

REITs, especially mortgage REITs, are also subject to interest rate risk (i.e., as interest rates rise, the value of the REIT may decline).

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving Paradiem or any of its Supervised Persons. Paradiem and its Supervised Persons value the trust you place in us. As we advise all Clients, we encourage you to perform the requisite due diligence on any advisor or service provider in which you partner. Our backgrounds are available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with our firm name or our CRD# 158200.

Item 10 – Other Financial Industry Activities and Affiliations

Insurance Agency Affiliations

Certain Advisory Persons are also a licensed insurance professional. Implementations of insurance recommendations are separate and apart from one's role with Paradiem. As an insurance professional, the Advisory Persons may receive customary commissions and other related revenues from the various insurance companies whose products are sold. The Advisor ensures that the implementation of recommendations to the Client is done in the best interest of the Client. The Advisory Persons are not required to offer the products of any particular insurance company. Commissions generated by insurance sales do not offset regular advisory fees. This causes a conflict of interest in recommending certain products of the insurance companies. Clients always have the right to choose whether to implement any recommendations made by an Advisory Persons an Advisory Person of Paradiem, with any insurance professional.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Paradiem has implemented a Code of Ethics that defines our fiduciary commitment to each Client. This Code of Ethics applies to all persons associated with Paradiem (our "Supervised Persons"). The Code of Ethics was developed to provide general ethical guidelines and specific instructions regarding our duties to you, our Client. Paradiem and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Paradiem associates to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code of Ethics covers a range of topics that address employee ethics and conflicts of interest. To request a copy of our Code of Ethics, please contact us at (985) 727-0770.

Paradiem allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Paradiem does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advice an investment company. Paradiem does not have a material interest in any securities traded in Client accounts.

Paradiem allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities we recommend (purchase or sell) to you presents a conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures. As noted above, we have adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons have a conflict of interest when trading in the same securities. The fiduciary duty to act in the best interest of its Clients can be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Paradiem requiring reporting of personal securities trades in order to determine that the Advisory Persons is not putting the Client into a disadvantage and adhering to the policies and procedures by its Supervised Persons for review by the CCO, pursuant to its Code of Ethics. We have also adopted written policies and procedures to detect the misuse of material, non-public information. In addition, the Code of Ethics governs Gifts and Entertainment given by and provided to the Advisor, outside employment activities of employees, Employee reporting, sanctions for violations of the Code of Ethics, and records retention requirements for various aspects of the Code of Ethics.

TD Ameritrade is an independent and unaffiliated SEC-registered broker-dealer. TD Ameritrade offers to independent investment Advisors services, which include custody of securities, trade execution, clearance and settlement of transactions. Advisor receives some benefits from TD Ameritrade through its participation in the program. Please see the disclosure under Item 14 below.

Paradiem may also recommend that Clients establish their account[s] at Mutual Securities, Inc. ("Mutual Securities"), a FINRA-registered broker-dealer and member SIPC. Mutual Securities will serve as the Client's "qualified custodian". Paradiem maintains an institutional relationship with Mutual Securities, whereby the Advisor receives economic benefits from Mutual Securities. Please see Item 14 below.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with a broker-dealer/custodian in exchange for research and other services. Paradiem receives soft dollar economic benefits from TD Ameritrade (Please see Item 14). Clients should be aware that the receipt of economic benefits from a Custodian creates a conflict of interest since these benefits may influence the Advisor's recommendation of the Custodian over one that does not furnish similar software, systems support, or services. To mitigate this conflict of interest the benefits received by the Advisor or its Advisory Persons through participation in the program do not depend on the amount of brokerage transactions directed to the Custodian. As part of its fiduciary duties to clients, the Advisor at all times puts the interests of its Clients first.

2. Brokerage Referrals - Paradiem does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - The Advisor does not utilize directed brokerage and the Client has the ability to choose whom they utilize for a Custodian. If a client engages a Custodian other than TD Ameritrade the Advisor's ability to aggregate a trade may be negated.

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. Paradiem will execute its transactions through the Custodian as authorized by the Client. Paradiem may aggregate orders in a block trade or trades when securities are purchased or sold through the Custodian for multiple (discretionary) accounts. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage particular Client accounts.

Item 13 – Review of Accounts

Securities in Client accounts are monitored regular and continuous basis, at least monthly by Mr. Dunavant, President of the Advisor. Formal reviews are generally conducted at least annually.

In addition to the investment monitoring each Client account shall be internally reviewed at least annually. Reviews may be conducted more or less frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify Paradiem if changes occur in his/her personal financial situation that might adversely affect his/her investment plan. Additional reviews may be triggered by material market, economic or political events.

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor or the Custodian may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 – Client Referrals and Other Compensation

Paradiem may refer Clients to various unaffiliated, non-advisory professionals (e.g. attorneys, accountants, estate planners) to provide certain financial services necessary to meet the goals of its Clients. Paradiem does not receive compensation for these referrals. Likewise, Paradiem may receive non-compensated referrals of new Clients from various third-parties.

Participation in Institutional Advisor Platform

As disclosed under Item 12, above, the Advisor participates in TD Ameritrade's institutional customer program and the Advisor may recommend TD Ameritrade to Clients for custody and brokerage services. There is no direct link between the Advisor's participation in the program and the investment advice it gives to its Clients, although the Advisor receives economic benefits through its participation in the program that are typically not available to TD Ameritrade retail investors. These benefits include the following products and services (provided without cost or at a discount): receipt of duplicate Client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving the Advisor participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to Client accounts); the ability to have advisory fees deducted directly from Client accounts; access to an electronic communications network for Client order entry and account information; access to mutual funds with no transaction fees and to certain institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to the Advisor by third party vendors. TD Ameritrade may also have paid for business consulting and professional services received by the Advisor's related persons. Some of the products and services made available by TD Ameritrade through the program may benefit the Advisor but may not benefit its Client accounts. These products or services may assist the Advisor in managing and administering Client accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD Ameritrade are intended to help the Advisor manage and further develop its business enterprise. The benefits received by the Advisor or its personnel through participation in the program do not depend on the amount of brokerage transactions directed to TD Ameritrade. As part of its fiduciary duties to clients, the Advisor endeavors at all times to put the interests of its clients first. Clients should be aware, however, that the receipt of economic benefits by the Advisor or its related persons in and of itself creates a potential conflict of interest and may indirectly influence the Advisor's choice of TD Ameritrade for custody and brokerage services.

Participation in Institutional Advisor Platform

Paradiem has established an institutional relationship with Mutual Securities ("Custodian") to assist the Advisor in managing Client account[s]. Access to the Mutual Securities platform is provided at no charge to the Advisor. The Advisor receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Mutual Securities. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this Custodian over one that does not furnish similar software, systems support, or services.

Paradiem does not engage paid solicitors for Client referrals.

Item 15 – Custody

Paradiem does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees, from the Client account at the Custodian. All Clients must place their assets with a qualified custodian. While Paradiem recommends TD Ameritrade and LPL Financial to be the Custodian, Clients are allowed to engage their own custodian to retain their funds and securities and direct Paradiem to utilize that Custodian for the Client's security transactions. Paradiem would be required to obtain permission to use a custodian other than TD Ameritrade and LPL Financial due to the oversight role TD Ameritrade and LPL Financial assumes over the Advisory Persons. Clients should review statements provided by the account custodian and compare to any invoices or reports provided by Paradiem to ensure accuracy, as the custodian does not perform this review. For more information about custodians and brokerage practices, see Item 12 – Brokerage Practices.

Item 16 – Investment Discretion

Paradiem generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. These purchases or sales are subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Paradiem. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by Paradiem will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

Paradiem does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements and supporting information directly from the Custodian. If questions arise, Paradiem may assist in answering questions, but cannot accept proxy-voting responsibility.

Item 18 – Financial Information

Neither Paradiem, nor its management, have any adverse financial situations that would reasonably impair the ability of Paradiem to meet all obligations to its Clients. Neither Paradiem, nor any of its Advisory Persons, have been subject to a bankruptcy or financial compromise. Paradiem is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect fees of \$1,200 for services to be performed six months or more in advance.

Item 4 – Services Fees and Compensation

Paradiem, LLC (“Paradiem” or the “Advisor”) provides customized investment advisory services for its Clients. This Wrap Fee Program Brochure is provided as a supplement to the Paradiem Disclosure Brochure (Form ADV 2A). This Wrap Fee Program Brochure is provided along with the complete Disclosure Brochure to provide full details of the business practices and fees when selecting Paradiem as your investment advisor.

As part of the investment advisory fees noted in Item 5 – Fees and Compensation of the Disclosure Brochure, Paradiem includes normal securities transaction fees as part of the overall investment advisory fee. Securities regulations often refer to this combined fee structure as a “Wrap Fee Program”. The Advisor sponsors the Paradiem Wrap Fee Program.

The sole purpose of this Wrap Fee Program Brochure is to provide additional disclosure relating the combination of securities transaction fees into the single “bundled” investment advisory fee. This Wrap Fee Program Brochure references back to the Paradiem Disclosure Brochure in which this Wrap Fee Program Brochure serves as an Appendix. **Please see Item 4 – Advisory Services of the Disclosure Brochure for details on Paradiem’s investment philosophy and related services.**

Advisory services provided by Paradiem are offered in a wrap fee structure whereby normal securities transaction costs are included in the overall investment advisory fee paid to Paradiem. As the level of trading in a Client’s account[s] may vary from year to year, the annual cost to the Client may be more or less than engaging for advisory services where the transactions costs are borne separately by the Client. The cost of the Wrap Fee Program varies depending on services to be provided to each Client, however, the Client is not charged more if there is higher trading activity in the Client’s account[s]. A Wrap Fee structure has a potential conflict of interest as the Advisor may have an incentive to limit the number of trades placed in the Client’s account[s]. **Please see Item 5 – Fees and Compensation of the Disclosure Brochure for complete details on fees.**

Investment advisory fees are paid quarterly or monthly (herein the “Billing Period”), in advance of each Billing Period, pursuant to the terms of the investment advisory agreement. Investment advisory fees are based on the market value of assets under management at the end of the last business day of the preceding Billing Period.

Assets Under Management (\$)	Annual Rate
Up to \$500,000	1.25%
\$500,001 to \$2,999,999	1.00%
\$3,000,000 to \$4,999,999	0.80%
\$5,000,000 to \$14,999,999	0.60%
\$15,000,000 – 29,999,999	0.40%
\$30,000,000+	0.30%

The investment advisory fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first Billing Period. Fees may be negotiable at the sole discretion of the Advisor. The Client’s fees will take into consideration the aggregate assets under management with Advisor. All securities held in accounts managed by Paradiem will be independently valued by the Custodian. Paradiem will not have the authority or responsibility to value portfolio securities.

As noted above, the Wrap Fee Program includes normal securities trading costs incurred in connection with the discretionary investment management services provided by Paradiem. Securities transaction fees for Client-directed trades may be charged back to the Client.

Clients may incur certain fees or charges imposed by third parties in connection with investments made on behalf of the Client’s account[s]. Under this Wrap Fee Program, Paradiem includes securities transactions costs as part of its overall investment advisory fee.

In addition, all fees paid to Paradiem for investment advisory services or part of the Wrap Fee Program are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund’s prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. The Client may also incur other costs assessed by the Custodian or other parties for account related activity fees, such as wire transfer fees, fees for trades

executed away from the Custodian and other fees. The Advisor does not control nor share in these fees. The Client should review both the fees charged by the fund[s] and the fees charged by Paradiem to fully understand the total fees to be paid. Please see Item 5.C. – Other Fees and Expenses in the Disclosure Brochure (included with this Wrap Fee Program Brochure).

Paradiem is the sponsor and portfolio manager of this Wrap Fee Program. Paradiem receives investment advisory fees paid by Clients for participating in the Wrap Fee Program and pays the Custodian for the costs associated with the normal trading activity in the Client's account[s].

Paradiem will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account[s]. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor. Please see Item 8.B. – Risk of Loss in the Disclosure Brochure for details on investment risks.

Proxy Voting

Paradiem does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.
