Item 4: Services, Fees & Compensation

We offer wrap fee programs as described in this Wrap Fee Program Brochure. Our wrap fee accounts are managed on an individualized basis according to the client's investment objectives, financial goals, risk tolerance, etc. The wrap fee program was started as an accommodation to legacy clients and new clients are generally not placed in a wrap program.

A wrap fee program allows our clients to pay a specified fee for investment advisory services and the execution of transactions. The advisory services may include portfolio management and the fee is not based directly upon transactions in your account. Your fee is bundled with our costs for executing transactions in your account(s). This results in a higher advisory fee to you. We do not charge our clients higher advisory fees based on their trading activity, but you should be aware that we may have an incentive to limit our trading activities in your account(s) because we are charged for executed trades. By participating in a wrap fee program, you may end up paying more or less than you would through a non-wrap fee program where a lower advisory fee is charged, but trade execution costs are passed directly through to you by the executing broker.

Our Wrap Advisory Services

Wrap Portfolio Management:

Alpha Cubed Investments, LLC emphasizes continuous and regular account supervision. As part of our asset management service, we generally create a portfolio, consisting of individual stocks or bonds, exchange traded funds ("ETFs"), options such as but not limited to covered calls, margin trading, mutual funds, short sales and other public and private securities or investments. We also offer single stock management. We offer individualized investment advice as well as model portfolios. The client's individual investment strategy is tailored to their specific needs and may include some or all of the previously mentioned securities. Each discretionary portfolio will be initially designed to meet a particular investment goal, which we determine to be suitable to the client's circumstances. Once the appropriate portfolio has been determined, we review the portfolio at least quarterly and if necessary, rebalance the portfolio based upon the client's individual needs, stated goals and objectives. Each discretionary client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio. Non-Discretionary clients will determine the entirety of their portfolio. We may utilize Independent Money Managers, where we design an investment portfolio on a fee-only basis for a percentage of assets in conjunction with another investment advisory firm. Before selecting other advisers, we make sure that the other advisers are properly licensed or registered. Each client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio. Restrictions on investments in certain securities or types of securities may not be possible due to the level of difficulty this would entail in managing the account. A basic financial planning review may be included with your advisory fees upon request. Per client request, we will provide a complimentary financial plan. Plan requests should be made by the client in writing to their Investment Adviser Representative. The financial planning is designed to assist clients in meeting their financial goals through the use of comprehensive financial analysis.

Our asset management programs will provide discretionary or non-discretionary asset allocation services across all major asset classes including but not limited to cash and currency, taxable fixed income and non-taxable fixed income (municipal securities) US and international equities, real estate related securities and commodity related securities. Our programs will utilize different securities in each category to implement the diversified asset allocation program, including: indexes and exchange traded funds/notes, options (index, ETF or single security) and single issue (stocks & bonds). Our

fees are based on the complexity of the account, time involved, trading activity and program objective best suited for the client. A basic financial planning review may be included with your advisory fees upon request.

We offer flat non-tiered fees for wrap program accounts not to exceed 1.5% of investable assets under management. Fees are negotiable. The annual negotiated fee as agreed upon will be finalized in your advisory agreement with us. Our firm's fees are billed on a pro-rata annualized basis quarterly in advance based on the value of your account on or about the last day of March, June, September, and December (the corresponding previous quarter). Adjustments will be made for deposits and withdrawals on the quarterly billing cycles. Clients entering into an advisory agreement mid-quarter will have their initial bill debited the month following the transfer of assets and based on the end value of the account of the prior month. These accounts will be billed on a quarterly basis in advance on the start of the following quarterly schedule. Adjustments for deposits or withdrawals will not be made on the account's initial billing cycle.

In rare cases, we will agree to invoice clients. Fees will generally be automatically deducted from your managed account. As part of this process, client is made aware of the following:

- a) You provide authorization permitting us to be directly paid by these terms from the managed account held by the independent custodian;
- b) Our firm sends an electronic request to the custodian indicating the amount of the fee to be paid from the client's managed account;
- c) Your independent custodian sends statements at least quarterly to you showing the market values for each security included in the Assets and all disbursements in your account including the amount of the advisory fees paid to us;
- d) ERISA Regulation Section 2550.408b-2(c) requires that we disclose our direct and indirect compensation for advisory services provided for ERISA plans for which we act as a fiduciary within the meaning of Section 3(21)(A) of ERISA. We never receive indirect compensation for these services and only charge the agreed upon amount specified in the advisory agreement executed by the client. Alpha Cubed Investments, LLC does not provide record keeping services or charge for such services. The qualified custodian sends monthly statements of holdings and fees.

Other Types of Fees & Expenses:

You may pay custodial fees, charges imposed directly by a mutual fund, index fund, or exchange traded fund which shall be disclosed in the fund's prospectus (i.e., fund management fees and other fund expenses), mark-ups and mark-downs, spreads paid to market makers, wire transfer fees and other fees and taxes on brokerage accounts and securities transactions. These fees are not included within the wrap-fee you are charged by our firm.

We do not recommend or offer the wrap program services of other providers. Our investment advisory representatives receive a portion of the advisory fee that you pay us, either directly as a percentage of your overall fee or as their salary from our firm. In cases where our investment advisory representatives are paid a percentage of your overall advisory fee, this may create an incentive to recommend that you participate in a wrap fee program rather than a non-wrap fee program (where you would pay for trade execution costs) or brokerage account where commissions are charged. This is because, in some cases, we may stand to earn more compensation from advisory fees paid to us through a wrap fee program arrangement if your account is not actively traded.

Item 5: Account Requirements & Types of Clients

Our requirements for opening and maintaining accounts or otherwise engaging us:

- We generally require a \$50,000 minimum account balance for our wrap asset management programs.

This wrap fee program is only made available to clients of newly affiliated advisors to Alpha Cubed Investments to accommodate their client's existing fee arrangements, which may include any of the following types of clients:

- Individuals;
- Trusts, Estates or Charitable Organizations;
- Pension and Profit Sharing Plans;
- Other Investment Advisers;
- Corporations, limited liability companies and/or other business types.

Item 6: Portfolio Manager Selection & Evaluation

Our firm and its related persons act as portfolio manager(s) for this wrap fee program. This may create a conflict of interest in that other investment advisory firms may charge the same or lower fees than our firm for similar services.

Advisory Business:

See Item 4 for information about our wrap fee advisory program. We offer individualized investment advice to clients utilizing our Wrap Portfolio Management service.

Each client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio. Restrictions on investments in certain securities or types of securities may not be possible due to the level of difficulty this would entail in managing the account. Restrictions would be limited to our Wrap Portfolio Management service. We do not manage assets through our other services.

Participation in Wrap Fee Programs:

Our wrap fee and non-wrap fee accounts are managed on an individualized basis according to the client's investment objectives, financial goals, risk tolerance, etc. We do not manage wrap fee accounts in a different fashion than non-wrap fee accounts.

Performance-Based Fees & Side-By-Side Management:

We do not charge performance fees to our clients.

Methods of Analysis, Investment Strategies & Risk of Loss:

Our firm subscribes one any one or more of the following methods of analysis and investment strategies in formulating investment advice or managing assets.

Methods of Analysis:

- Charting;

- Fundamental;
- Technical;
- Cyclical.

Investment Strategies We Use:

- Long term purchases (securities held at least a year);
- Short term purchases (securities sold within a year);
- Trading (securities sold within 30 days);
- Short sales;
- Margin transactions;
- Option writing, including covered options, uncovered options or spreading strategies.

Please note:

Investing in securities involves risk of loss that clients should be prepared to bear. While the stock market may increase and your account(s) could enjoy a gain, it is also possible that the stock market may decrease and your account(s) could suffer a loss. It is important that you understand the risks associated with investing in the stock market, are appropriately diversified in your investments, and ask us any questions you may have.

We generally invest client's cash balances in money market funds, FDIC Insured Certificates of Deposit, high-grade commercial paper and/or government backed debt instruments. Ultimately, we try to achieve the highest return on our client's cash balances through relatively low-risk conservative investments. In most cases, at least a partial cash balance will be maintained in a money market account so that our firm may debit advisory fees for our services related to our asset management service, as applicable.

Voting Client Securities:

We will not accept proxy voting authority on behalf of our wrap fee program clients.

Item 7: Client Information Provided to Portfolio Manager(s)

We are required to describe the information about you that we communicate to your portfolio manager(s), and how often or under what circumstances we provide updated information. Our firm communicates with your portfolio manager(s) on a regular basis as needed (daily, weekly, monthly, etc.) to ensure your most current investment goals and objectives are understood by your portfolio manager(s). In most cases, we will communicate such information as part of our regular investment management duties. Nevertheless, we will also communicate information to your portfolio manager(s) when you ask us to, when market or economic conditions make it prudent to do so, etc.

Item 8: Client Contact with Portfolio Manager(s)

Clients are always free to directly contact their portfolio manager(s) with any questions or concerns they have about their portfolios or other matters.

Item 9: Additional Information

Disciplinary Information

There are no legal or disciplinary events that are material to a client's or prospective client's evaluation of our advisory business or the integrity of our management.

Financial Industry Activities & Affiliations

Some representatives of our firm are also Investment Adviser Representatives of Empowerment Financial Group, Ascendant Advisers LLC, Newport Wealth Strategies, or Sound Wealth Partners, which are Registered Investment Advisers. As a result of those relationships, these representatives may receive normal and customary fees. These representatives will not solicit ACI's clients to engage with the above-mentioned firms for any services. It is our fiduciary duty to make every effort to put our client's best interest before our own and to comply with our firm's Code of Ethics.

Some representatives of our firm are insurance agents/brokers. They may offer insurance products and receive customary fees as a result of insurance sales. A conflict of interest may arise as these insurance sales may create an incentive to recommend products based on the compensation adviser and/or our supervised persons may earn. In every case, however, it is the commitment of our firm and its associates to act in the best interests of the client.

Some representatives of our firm are registered representative of The Leaders Group, Inc. member FINRA/SIPC. They may accept compensation for the sale of securities or other investment products, including distribution or service ("trail") fees from the sale of mutual funds. A conflict of interest may arise as these commissionable securities sales may create an incentive to recommend products incentive to recommend products based on the compensation adviser and/or our supervised persons may earn.

Our firm's Alpha Cubed Balanced Growth strategy is made available to institutional advisers through Envestnet's Fund Strategist Platform. Our firm earns a portion of the fees that are collected by the institutional advisers and manages such accounts on a discretionary basis. Envestnet provides the relationship management portion of the service and makes the recommendation to offer the strategy to their clients. The institutional advisers ultimately have the fiduciary duty to these clients to ensure that the strategy is suitable for their clients' portfolios.

Our firm may utilize the services of a third-party manager. This will only be utilized for a select number of accounts to accommodate client request(s). The manager earns a portion of the total advisory fee for the services provided. ACI provides relationship management and the manager is responsible for trade execution and reconciliation of accounts for a portion of the total advisory fee and may also have investment discretion over accounts. Specific terms will be outlined in the service agreement(s). ACI ultimately holds a fiduciary duty to these clients to ensure that the strategy is suitable for their portfolios.

Our firm also acts as a sub-manager to a select number of advisory accounts held at Equis Capital Management, Inc. ("Equis"), a SEC Registered Investment Adviser. Our firm manages advisory accounts, executes discretionary trades and earns a portion of the total advisory fee for the services provided. Equis provides the relationship management aspect of the service and accounts for a portion

of the total advisory fee. Equis ultimately holds a fiduciary duty to these clients to ensure that the strategy is suitable for their clients' portfolios.

Code of Ethics, Participation or Interest in Client Transactions & Personal Trading

We recognize that the personal investment transactions of members and employees of our firm demand the application of a high Code of Ethics and require that all such transactions be carried out in a way that does not endanger the interest of any client. At the same time, we believe that if investment goals are similar for clients and for members and employees of our firm, it is logical and even desirable that there be common ownership of some securities.

Therefore, in order to prevent conflicts of interest, we have in place a set of procedures (including a pre-clearing procedure) with respect to transactions effected by our members, officers and employees for their personal accounts¹. In order to monitor compliance with our personal trading policy, we have a quarterly securities transaction reporting system for all of our associates.

Furthermore, our firm has established a Code of Ethics which applies to all of our associated persons. An investment adviser is considered a fiduciary. As a fiduciary, it is an investment adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times. We have a fiduciary duty to all clients. Our fiduciary duty is considered the core underlying principle for our Code of Ethics which also includes Insider Trading and Personal Securities Transactions Policies and Procedures. We require all of our supervised persons to conduct business with the highest level of ethical standards and to comply with all federal and state securities laws at all times. Upon employment or affiliation and at least annually thereafter, all supervised persons will sign an acknowledgement that they have read, understand, and agree to comply with our Code of Ethics. Our firm and supervised persons must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. Our duty to you extends to making you whole if when managing your assets we cause a trading error to occur. If in correcting an error a gain or a loss occurs, we reserve the right to pay those debits or credits to our master account at whichever custodian the trade error or correction occurred.

Related persons of our firm may buy or sell securities and other investments that are also recommended to clients. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request. Additionally, related persons of our firm may buy or sell securities for themselves at or about the same time they buy or sell the same securities for client accounts. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request. Further, our related persons will refrain from buying or selling the same securities prior to buying or selling for our clients in the same day. If related persons' accounts are included in a block trade, our related persons will always allocate personal accounts last.

This disclosure is provided to give clients a summary of our Code of Ethics. However, if a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided promptly upon request.

¹ For purposes of the policy, our associate's personal account generally includes any account (a) in the name of our associate, his/her spouse, his/her minor children or other dependents residing in the same household, (b) for which our associate is a trustee or executor, or (c) which our associate controls, including our client accounts which our associate controls and/or a member of his/her household has a direct or indirect beneficial interest in.

Review of Accounts

We review accounts on at least an annual basis for our clients subscribing to our Wrap Portfolio Management service. The nature of these reviews is to learn whether clients' accounts are in line with their investment objectives, appropriately positioned based on market conditions, and investment policies, if applicable. Only our Financial Advisors or Portfolio Managers will conduct reviews.

We may review client accounts more frequently than described above. Among the factors which may trigger an off-cycle review are major market or economic events, the client's life events, requests by the client, etc.

We do not provide written reports to clients, unless asked to do so. Verbal reports to clients take place on at least an annual basis when we meet with clients who subscribe to our Wrap Portfolio Management service.

Client Referrals & Other Compensation

Advisor participates in the institutional advisor program (the "Program") offered by TD Ameritrade Institutional. TD Ameritrade Institutional is a division of TD Ameritrade Inc., member FINRA/SIPC ("TD Ameritrade"), an unaffiliated SEC-registered broker-dealer and FINRA member. TD Ameritrade offers to independent investment advisors services which include custody of securities, trade execution, clearance and settlement of transactions. Advisor receives some benefits from TD Ameritrade through its participation in the Program.

We participate in TD Ameritrade's institutional customer program and we may recommend TD Ameritrade to Clients for custody and brokerage services. There is no direct link between our firm's participation in the program and the investment advice we give to our Clients, although we receive economic benefits through our participation in the program that are typically not available to TD Ameritrade retail investors. These benefits include the following products and services (provided without cost or at a discount): receipt of duplicate Client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving our firm's participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to Client accounts); the ability to have advisory fees deducted directly from Client accounts; access to an electronic communications network for Client order entry and account information; access to mutual funds with no transaction fees and to certain institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to us by third party vendors. TD Ameritrade may also have paid for business consulting and professional services received by our firm's related persons. Some of the products and services made available by TD Ameritrade through the program may benefit our firm but may not benefit our Client accounts. These products or services may assist us in managing and administering Client accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD Ameritrade are intended to help us manage and further develop our business enterprise. The benefits received by our firm or our personnel through participation in the program do not depend on the amount of brokerage transactions directed to TD Ameritrade. As part of our fiduciary duties to our clients, we endeavor at all times to put the interests of our clients first. Clients should be aware, however, that the receipt of economic benefits by our firm or our related persons in and of itself creates a potential conflict of interest and may indirectly influence our firm's choice of TD Ameritrade for custody and brokerage services.

We may receive client referrals from TD Ameritrade through our participation in TD Ameritrade AdvisorDirect. In addition to meeting the minimum eligibility criteria for participation in AdvisorDirect, we may have been selected to participate in AdvisorDirect based on the amount and profitability to TD Ameritrade of the assets in, and trades placed for, client accounts maintained with TD Ameritrade. TD Ameritrade is a discount broker-dealer independent of and unaffiliated with us and there is no employee or agency relationship between us. TD Ameritrade has established AdvisorDirect as a means of referring its brokerage customers and other investors seeking fee-based personal investment management services or financial planning services to independent investment advisors. TD Ameritrade does not supervise us and has no responsibility for our management of client portfolios or our other advice or services. We pay TD Ameritrade an on-going fee for each successful client referral. This fee is usually a percentage (not to exceed 25%) of the advisory fee that the client pays to us ("Solicitation Fee"). We will also pay TD Ameritrade the Solicitation Fee on any advisory fees received by us from any of a referred client's family members, including a spouse, child or any other immediate family member who resides with the referred client and hired us on the recommendation of such referred client. We will not charge clients referred through AdvisorDirect any fees or costs higher than our standard fee schedule offered to our clients or otherwise pass Solicitation Fees paid to TD Ameritrade to our clients. For information regarding additional or other fees paid directly or indirectly to TD Ameritrade, please refer to the TD Ameritrade AdvisorDirect Disclosure and Acknowledgement Form.

Our participation in AdvisorDirect raises potential conflicts of interest. TD Ameritrade will most likely refer clients through AdvisorDirect to investment advisors that encourage their clients to custody their assets at TD Ameritrade and whose client accounts are profitable to TD Ameritrade. Consequently, in order to obtain client referrals from TD Ameritrade, we may have an incentive to recommend to clients that the assets under management by us be held in custody with TD Ameritrade and to place transactions for client accounts with TD Ameritrade. In addition, we have agreed not to solicit clients referred to our firm through AdvisorDirect to transfer their accounts from TD Ameritrade or to establish brokerage or custody accounts at other custodians, except when its fiduciary duties require doing so. Our participation in AdvisorDirect does not diminish our duty to seek best execution of trades for client accounts.

We may pay referral fees (non-commission based) to independent solicitors (non-registered representatives) for the referral of their clients to our firm in accordance with Rule 206 (4)-3 of the Investment Advisers Act of 1940. Such referral fee represents a share of our investment advisory fee charged to our clients. This arrangement will not result in higher costs to you. In this regard, we maintain Solicitors Agreements in compliance with Rule 206 (4)-3 of the Investment Advisers Act of 1940 and applicable state and federal laws. All clients referred by Solicitors to our firm will be given full written disclosure describing the terms and fee arrangements between our firm and Solicitor(s). In cases where state law requires licensure of solicitors, we ensure that no solicitation fees are paid unless the solicitor is registered as an investment adviser representative of our firm. If we are paying solicitation fees to another registered investment adviser, the licensure of individuals is the other firm's responsibility.

Financial Information

We do not require nor do we solicit prepayment of more than \$1,200 in fees per client, six months or more in advance. Therefore, we have not included a balance sheet for our most recent fiscal year. Neither have we been the subject of a bankruptcy petition at any time during the past ten years.
