Item 4: Advisory Business

A. Description of the Advisory Firm

The Pinnacle Financial Group is a Corporation organized in the state of New York. The firm was formed in May of 2012, and the principal owner is Joseph Esposito.

B. Types of Advisory Services

The Pinnacle Financial Group (hereinafter "PFG") offers the following services to advisory clients:

Investment Supervisory Services

PFG offers ongoing portfolio management services based on the individual goals, objectives, time horizon, and risk tolerance of each client. PFG creates an Investment Policy Statement for each client, which outlines the client's current situation (income, tax levels, and risk tolerance levels) and then constructs a plan (the Investment Policy Statement) to aid in the selection of a portfolio that matches each client's specific situation. Investment Supervisory Services include, but are not limited to, the following:

- Investment strategy
- Asset allocation
- Risk tolerance
- Personal investment policy
- Asset selection
- Regular portfolio monitoring

PFG evaluates the current investments of each client with respect to their risk tolerance levels and time horizon. PFG will request discretionary authority from clients in order to select securities and execute transactions without permission from the client prior to each transaction. Risk tolerance levels are documented in the Investment Policy Statement, which is given to each client.

Pension Consulting Services

PFG offers ongoing consulting services to pension or other employee benefit plans (including but not limited to 401(k) plans) based on the demographics, goals, objectives, time horizon, and/or risk tolerance of the plan's participants.

Selection of Other Advisors

PFG may direct clients to third-party money managers. PFG will be compensated via a fee share from the advisors to which it directs those clients. The fees shared will not exceed any limit imposed by any regulatory agency. Before selecting other advisors for clients, PFG will always ensure those other advisors are properly licensed or registered as investment advisor.

Services Limited to Specific Types of Investments

PFG generally limits its investment advice and money management to mutual funds, equities, bonds, fixed income, debt securities, ETFs, REITs, insurance products including annuities, options and government securities. PFG may use other securities as well to help diversify a portfolio when applicable.

Financial Planning

Financial plans and financial planning may include, but are not limited to: investment planning; life insurance; tax concerns; retirement planning; college planning; and debt/credit planning.

C. Client Tailored Services and Client Imposed Restrictions

PFG offers the same suite of services to all of its clients. However, specific client financial plans and their implementation are dependent upon the client Investment Policy Statement which outlines each client's current situation (income, tax levels, and risk tolerance levels) and is used to construct a client specific plan to aid in the selection of a portfolio that matches restrictions, needs, and targets.

Clients may not impose restrictions in investing in certain securities or types of securities in accordance with their values or beliefs.

D. Wrap Fee Programs

A wrap fee program is an investment program where the investor pays one stated fee that includes management fees, transaction costs, fund expenses, and any other administrative fees. PFG may recommend a wrap fee program sponsored by LPL and managed by outside third parties. Appropriate disclosure documents will be provided to any client investing in a wrap fee program.

E. Amounts Under Management

PFG has the following assets under management:

Discretionary Amounts:	Non-discretionary Amounts:	Date Calculated:
\$392,605,537.00	\$18,590,885.00	December 2017

Item 5: Fees and Compensation

A. Fee Schedule

Investment Supervisory Services Fees

Fees for clients on LPL SWM platform:

Total Assets Under Management	Annual Fee
All assets under management	0.0 - 2.50% *

*Clients pay an annual average fee of 1.75%. Clients with assets on the LPL SWM platform pay separate transactions fees.

Fees for clients in wrap fee accounts recommended by PFG:

Total Assets Under Management	Annual Fee
All assets under management	0.56 - 2.50% **

**Clients pay an annual average fee of 2.4%. Clients with assets in wrap fee accounts do not pay separate transaction fees.

Fees for clients using Schwab or Pershing as a custodian:

Total Assets Under Management	Annual Fee
All assets under management	0.0 - 1.75%***

***Clients pay separate transaction fees.

These fees are negotiable depending upon the needs of the client and complexity of the situation. The final fee schedule is attached as Exhibit II of the Investment Advisory Contract. Fees are paid quarterly in advance, and clients may terminate their contracts with seven days' written notice.

Refunds are given on a prorated basis, based on the number of days remaining in a quarter at the point of termination. Fees that are collected in advance will be refunded based on the prorated amount of work completed up to the day of termination within the quarter terminated. The fee refunded will be the balance of the fees collected in advance minus the daily rate* times the number of days in the quarter up to and including the day of termination. (*The daily rate is calculated by dividing the quarterly AUM fee by the number of days in the termination quarter). Clients may terminate their contracts without penalty, for full refund, within 5 business days of signing the advisory contract.

Advisory fees are withdrawn directly from the client's accounts with client's written authorization.

Pension Consulting Services Fees

The rate for pension consulting services is 2.5% of the plan assets for which PFG is providing such consulting services. These fees are negotiable.

Selection of Other Advisors Fees

PFG will direct clients to third-party money managers. PFG will be compensated via a fee share from the advisors to which it directs those clients. This relationship will be disclosed in each contract between PFG and each third-party adviser. The fees shared will not exceed any limit imposed by any regulatory agency. These fees are negotiable depending upon the needs of the client and complexity of the situation. Payment of fees for third-party money managers will depend on the specific third-party advisor selected. Clients may terminate the contract without penalty, for full refund, within five business days of signing the contract. Thereafter, clients may terminate the contract with seven days' written notice.

Financial Planning Fees

Fixed Fees

The rate for creating client financial plans is between \$1500 and \$10,000. The fees are negotiable and the final fee schedule will be attached as Exhibit II of the Financial Planning Agreement.

Certain investment adviser representatives of PFG are also associated with LPL Financial as broker-dealer registered representatives ("Dually Registered Persons"). In their capacity as registered representatives of LPL Financial, certain Dually Registered Persons may earn commissions for the sale of securities or investment products that they recommend for brokerage clients. They do not earn commissions on the sale of securities or investment products recommended or purchased in advisory accounts through PFG. Clients have the option of purchasing many of the securities and investment products we make available to you through another broker-dealer or investment adviser. However, when purchasing these securities and investment products away from PFG, you will not receive the benefit of the advice and other services we provide.

B. Payment of Fees

Payment of Investment Supervisory Fees

Advisory fees are withdrawn directly from the client's accounts with client's written authorization. Fees are paid quarterly in advance.

Payment of Financial Planning Fees

Fixed Financial Planning fees are paid via check. Fees are paid 50% in advance and 50% paid upon delivery within 6 months.

C. Clients Are Responsible For Third Party Fees

Clients are responsible for the payment of all third party fees (i.e. custodian fees, brokerage fees, mutual fund fees, transaction fees, etc.). Those fees are separate and distinct from the fees and expenses charged by PFG. Please see Item 12 of this brochure regarding broker/custodian.

D. Prepayment of Fees

PFG collects fees in advance. Fees that are collected in advance will be refunded based on the prorated amount of work completed at the point of termination and the total days during the billing period. Fees will be returned within fourteen days to the client. Fees will be deposited back into client's account within fourteen days.

The fee refunded will be the balance of the fees collected in advance minus the daily rate* times the number of days in the quarter up to and including the day of termination. (*The daily rate is calculated by dividing the quarterly AUM fee by the number of days in the termination quarter).

E. Outside Compensation For the Sale of Securities to Clients

Joseph Esposito and other investment adviser representatives are registered representatives with LPL Financial LLC and insurance agents. They accept compensation for the sale of securities to PFG clients.

1. Sale of Securities to Clients and Compensation

PFG and its supervised persons may accept compensation for the sale of securities or other investment products. This presents a conflict of interest and gives PFG or the supervised person an incentive to recommend products based on the compensation received rather than on the client's needs.

Please note that when PFG or its representatives provides investment advisory services, he or she is a fiduciary under the Investment Advisers Act and has a duty to act in your best interests and to make full and fair disclosure to you of all material facts and conflicts of interest.

2. Clients Have the Option to Purchase Recommended Products From Other Brokers

Clients always have the option to purchase PFG recommended products through other brokers or agents that are not affiliated with PFG. However, PFG can only provide advisory services to clients who purchase products through LPL Financial, Schwab, or Pershing.

3. Commissions are not the Primary Source of Income for this RIA

Commissions are not PFG's primary source of compensation.

4. Advisory Fees in Addition to Commissions or Markups

Advisory fees that are charged to clients are not reduced to offset the commissions or markups on securities or investment products recommended to clients.

Item 6: Performance-Based Fees and Side-By-Side Management

PFG does not accept performance-based fees or other fees based on a share of capital gains on or capital appreciation of the assets of a client.

Item 7: Types of Clients

PFG generally provides management supervisory services to the following types of clients:

- ❖ Individuals
- ❖ High-Net-Worth Individuals
- ❖ Pension and Profit Sharing Plans
- ❖ Trusts, Estates, or Charitable Organizations
- ❖ Corporations or Business Entities

Minimum Account Size

There is an account minimum, \$25,000, which may be waived by the investment advisor, based on the needs of the client and the complexity of the situation.

Item 8: Methods of Analysis, Investment Strategies, and Risk of Investment Loss

A. Methods of Analysis and Investment Strategies

Methods of Analysis

PFG's methods of analysis include fundamental analysis.

Fundamental analysis involves the analysis of financial statements, the general financial health of companies, and/or the analysis of management or competitive advantages.

Investment Strategies

PFG uses long term trading and short term.

Investing in securities involves a risk of loss that you, as a client, should be prepared to bear.

B. Material Risks Involved

Methods of Analysis

Fundamental analysis concentrates on factors that determine a company's value and expected future earnings. This strategy would normally encourage equity purchases in stocks that are undervalued or priced below their perceived value. The risk assumed is that the market will fail to reach expectations of perceived value.

Investment Strategies

Long term trading is designed to capture market rates of both return and risk. Frequent trading, when done, can affect investment performance, particularly through increased brokerage and other transaction costs and taxes.

Short term trading generally holds greater risk and clients should be aware that there is a material risk of loss using any of those strategies.

Investing in securities involves a risk of loss that you, as a client, should be prepared to bear.

C. Risks of Specific Securities Utilized

PFG generally seeks investment strategies that do not involve significant or unusual risk beyond that of the general domestic and/or international equity markets.

Mutual Funds: Investing in mutual funds carries the risk of capital loss. Mutual funds are not guaranteed or insured by the FDIC or any other government agency. You can lose money investing in mutual funds. All mutual funds have costs that lower investment returns. They can be of bond "fixed income" nature (lower risk) or stock "equity" nature (mentioned above).

Equity investment generally refers to buying shares of stocks by an individual or firms in return for receiving a future payment of dividends and capital gains if the value of the stock increases. There is an innate risk involved when purchasing a stock that it may decrease in value and the investment may incur a loss.

Treasury Inflation Protected/Inflation Linked Bonds: The Risk of default on these bonds is dependent upon the U.S. Treasury defaulting (extremely unlikely); however, they carry a potential risk of losing share price value, albeit rather minimal.

Fixed Income is an investment that guarantees fixed periodic payments in the future that may involve economic risks such as inflationary risk, interest rate risk, default risk, repayment of principal risk, etc.

Debt securities carry risks such as the possibility of default on the principal, fluctuation in interest rates, and counterparties being unable to meet obligations.

Stocks & Exchange Traded Funds (ETF): Investing in stocks & ETF's carries the risk of capital loss (sometimes up to a 100% loss in the case of a stock holding bankruptcy). Investments in these securities are not guaranteed or insured by the FDIC or any other government agency.

REITs have specific risks including valuation due to cash flows, dividends paid in stock rather than cash, and the payment of debt resulting in dilution of shares.

Precious Metal ETFs (Gold, Silver, Palladium Bullion backed “electronic shares” not physical metal): Investing in precious metal ETFs carries the risk of capital loss.

Long term trading is designed to capture market rates of both return and risk. Due to its nature, the long-term investment strategy can expose clients to various other types of risk that will typically surface at various intervals during the time the client owns the investments. These risks include but are not limited to inflation (purchasing power) risk, interest rate risk, economic risk, market risk, and political/regulatory risk.

Past performance is not a guarantee of future returns. Investing in securities involves a risk of loss that you, as a client, should be prepared to bear

Item 9: Disciplinary Information

A. Criminal or Civil Actions

There are no criminal or civil action to report on behalf of the PFG and its management.

B. Administrative Proceedings

There are no administrative proceedings to report on behalf of the PFG and its management.

C. Self-regulatory Organization (SRO) Proceedings

There are no self-regulatory organization proceedings to report on behalf of the PFG and its management.

Item 10: Other Financial Industry Activities and Affiliations

A. Registration as a Broker/Dealer or Broker/Dealer Representative

Joseph Esposito, Vincent Famulari and the other investment adviser representatives are registered representatives of LPL Financial LLC.

B. Registration as a Futures Commission Merchant, Commodity Pool Operator, or a Commodity Trading Advisor

Neither PFG nor its representatives are registered as or have pending applications to become a Futures Commission Merchant, Commodity Pool Operator, or a Commodity Trading Advisor.

C. Registration Relationships Material to this Advisory Business and Possible Conflicts of Interests

Joseph Esposito, Vincent J Famulari and other investment adviser representatives of PFG are registered representatives of LPL Financial LLC. LPL restricts the securities that its registered representatives such as Mr. Esposito and the other representatives of PFG can recommend to their clients. PFG's representatives also may sell insurance and may receive commissions for insurance product sales.

From time to time, they may offer clients advice or products from those activities. Clients should be aware that these services pay a commission and involve a conflict of interest, as commissionable products conflict with the fiduciary duties of a registered investment adviser. PFG always acts in the best interest of the client; including the sale of commissionable products to advisory clients. Clients are in no way required to utilize the services of any representative of PFG in their capacity as a registered representative. If you have any questions regarding the compensation PFG or its representatives receives when recommending a security or insurance product, you should ask PFG or its representatives.

Certain employees of PFG are Dually Registered Persons. LPL Financial is a broker-dealer that is independently owned and operated and is not affiliated with PFG. Please refer to Item 12 for a discussion of the benefits PFG may receive from LPL Financial and the conflicts of interest associated with receipt of such benefits.

D. Selection of Other Advisers or Managers and How This Adviser is Compensated for Those Selections

PFG may recommend the following LPL platforms to clients:
OMP - Optimum Market Portfolios Program
PWP - Personal Wealth Portfolios Program
MWP - Model Wealth Portfolios Program

MAS - Manger Access Select Program
SWM – Strategic Wealth Management
SWM II – Strategic Wealth Management II

PFG will always act in the best interests of the client, including when determining which third party manager to recommend to clients. PFG will ensure that all recommended advisors or managers are licensed or notice filed in the states in which PFG is recommending them to clients. If PFG directs clients to third-party money managers, PFG will be compensated via a fee share from the advisors to which it directs those clients. This relationship will be disclosed in each contract between PFG and each third-party adviser. The fees shared will not exceed any limit imposed by any regulatory agency. These fees are negotiable depending upon the needs of the client and complexity of the situation. Payment of fees for third-party money managers will depend on the specific third-party advisor selected.

Item 11: Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

We have a written Code of Ethics that covers the following areas: Prohibited Purchases and Sales, Insider Trading, Personal Securities Transactions, Exempted Transactions, Prohibited Activities, Conflicts of Interest, Gifts and Entertainment, Confidentiality, Service on a Board of Directors, Compliance Procedures, Compliance with Laws and Regulations, Procedures and Reporting, Certification of Compliance, Reporting Violations, Compliance Officer Duties, Training and Education, Recordkeeping, Annual Review, and Sanctions. Our Code of Ethics is available free upon request to any client or prospective client.

B. Recommendations Involving Material Financial Interests

PFG does not recommend that clients buy or sell any security in which a related person to PFG or PFG has a material financial interest.

C. Investing Personal Money in the Same Securities as Clients

From time to time, representatives of PFG may buy or sell securities for themselves that they also recommend to clients. This may provide an opportunity for representatives of PFG to buy or sell the same securities before or after recommending the same securities to clients resulting in representatives profiting off the recommendations they provide to clients. Such transactions may create a conflict of interest. PFG will always document any transactions that could be construed as conflicts of interest and will always transact client business before their own when similar securities are being bought or sold.

D. Trading Securities At/Around the Same Time as Clients' Securities

From time to time, representatives of PFG may buy or sell securities for themselves at or around the same time as clients. This may provide an opportunity for representatives of PFG to buy or sell securities before or after recommending securities to clients resulting in representatives profiting off the recommendations they provide to clients. Such transactions may create a conflict of interest. PFG will always transact client's transactions before its own when similar securities are being bought or sold.

Item 12: Brokerage Practices

A. Factors Used to Select Custodians and/or Broker/Dealers

PFG uses LPL Financial, LLC, Schwab and Pershing as custodians. The custodians were chosen based on their relatively low transaction fees and access to mutual funds and ETFs. PFG will never charge a premium or commission on transactions, beyond the actual cost imposed by the custodians.

PFG will generally recommend, request or require] that clients establish a brokerage account with LPL Financial to maintain custody of clients' assets and to effect trades for their accounts. LPL Financial provides brokerage and custodial services to independent investment advisory firms, including PFG. For PFG's accounts custodied at LPL Financial, LPL Financial generally is compensated by clients through commissions, trails, or other transaction-based fees for trades that are executed through LPL Financial or that settle into LPL Financial accounts. For IRA accounts, LPL Financial generally charges account maintenance fees. In addition, LPL Financial also charges clients miscellaneous fees and charges, such as account transfer fees. [LPL Financial charges PFG an asset-based administration fee for administrative services provided by LPL Financial. Such administration fees are not directly borne by clients, but may be taken into account when PFG negotiates its advisory fee with clients.]

While LPL Financial does not participate in, or influence the formulation of, the investment advice PFG provides, certain supervised persons of PFG are Dually Registered Persons. Dually Registered Persons are restricted by certain FINRA rules and policies from maintaining client accounts at another custodian or executing client transactions in such client accounts through any broker-dealer or custodian that is not approved by LPL Financial. As a result, the use of other trading platforms must be approved not only by PFG, but also by LPL Financial.

Clients should also be aware that for accounts where LPL Financial serves as the custodian, PFG is limited to offering services and investment vehicles that are approved by LPL Financial, and may be prohibited from offering services and investment vehicles that may be available through other broker-dealers and custodians, some of which may be more suitable for a client's portfolio than the services and investment vehicles offered through LPL Financial.

Clients should understand that not all investment advisers [require, request or recommend] that clients custody their accounts and trade through specific broker-dealers.

Clients should also understand that LPL Financial is responsible under FINRA rules for supervising certain business activities of [PFG and its Dually Registered Persons] that are conducted through broker-dealers and custodians other than LPL Financial. LPL Financial charges a fee for its oversight of activities conducted through these other broker-dealers and custodians. This arrangement presents a conflict of interest because PFG has a financial incentive to recommend that you maintain your account with LPL Financial rather than with another broker-dealer or custodian to avoid incurring the oversight fee.

Benefits Received by PFG Personnel

LPL Financial makes available to PFG various products and services designed to assist PFG in managing and administering client accounts. Many of these products and services may be used to service all or a substantial number of PFG's accounts, including accounts not held with LPL Financial. These include software and other technology that provide access to client account data (such as trade confirmation and account statements); facilitate trade execution (and aggregation and allocation of trade orders for multiple client accounts); provide research, pricing information and other market data; facilitate payment of PFG's fees from its clients' accounts; and assist with back-office functions; recordkeeping and client reporting.

LPL Financial also makes available to PFG other services intended to help PFG manage and further develop its business. Some of these services assist PFG to better monitor and service program accounts maintained at LPL Financial, however, many of these services benefit only PFG, for example, services that assist PFG in growing its business. These support services and/or products may be provided without cost, at a discount, and/or at a negotiated rate, and include practice management-related publications; consulting services; attendance at conferences and seminars, meetings, and other educational and/or social

events; marketing support; and other products and services used by PFG in furtherance of the operation and development of its investment advisory business.

Where such services are provided by a third party vendor, LPL Financial will either make a payment to PFG to cover the cost of such services, reimburse PFG for the cost associated with the services, or pay the third party vendor directly on behalf of PFG.

The products and services described above are provided to PFG as part of its overall relationship with LPL Financial. While as a fiduciary PFG endeavors to act in its clients' best interests, the receipt of these benefits creates a conflict of interest because PFG's [requirement, request or recommendation] that clients custody their assets at LPL Financial is based in part on the benefit to PFG of the availability of the foregoing products and services and not solely on the nature, cost or quality of custody or brokerage services provided by LPL Financial. PFG's receipt of some of these benefits may be based on the amount of advisory assets custodied on the LPL Financial platform.

Transition Assistance Benefits

LPL Financial provides various benefits and payments to Dually Registered Persons that are new to the LPL Financial platform to assist the representative with the costs (including foregone revenues during account transition) associated with transitioning his or her business to the LPL Financial platform {collectively referred to as "Transition Assistance"}. The proceeds of such Transition Assistance payments are intended to be used for a variety of purposes, including but not necessarily limited to, providing working capital to assist in funding the Dually Registered Person's business, satisfying any outstanding debt owed to the Dually Registered Person's prior firm, offsetting account transfer fees {ACATs} payable to LPL Financial as a result of the Dually Registered Person's clients transitioning to LPL Financial's custodial platform, technology set-up fees, marketing and mailing costs, stationary and licensure transfer fees, moving expenses, office space expenses, staffing support and termination fees associated with moving accounts.

The amount of the Transition Assistance payments are often significant in relation to the overall revenue earned or compensation received by the Dually Registered Person at [his/her] prior firm. Such payments are generally based on the size of the Dually Registered Person's business established at [his/her] prior firm and/or assets under custody on the LPL Financial. Please refer to the relevant Part 2B brochure supplement for more information about the specific Transition Payments your representative receives.

Transition Assistance payments and other benefits are provided to associated persons of PFG in their capacity as registered representatives of LPL Financial. However, the receipt of Transition Assistance by such Dually Registered Persons creates conflicts of interest relating to PFG's advisory **business** because it creates a financial incentive for PFG's representatives to recommend that its clients maintain their accounts with LPL Financial. In certain instances, the receipt of such benefits is dependent on a Dually Registered Person maintaining its clients' assets with LPL Financial and therefore PFG has an incentive to recommend that clients maintain their account with LPL Financial in order to generate such benefits.

PFG attempts to mitigate these conflicts of interest by evaluating and recommending that clients use LPL Financial's services based on the benefits that such services provide to our clients, rather than the Transition Assistance earned by any particular Dually Registered Person. PFG considers LPL Financial's when recommending or requiring that clients maintain accounts with LPL Financial. However, clients should be aware of this conflict and take it into consideration in making a decision whether to custody their assets in a brokerage account at LPL Financial.

1. Research and Other Soft-Dollar Benefits

PFG receives no research, product, or services other than execution from a broker-dealer or third party in connection with client securities transactions ("soft dollar benefits").

2. Brokerage for Client Referrals

PFG receives no referrals from a broker-dealer or third party in exchange for using that broker-dealer or third party.

3. Clients Directing Which Broker/Dealer/Custodian to Use

PFG will not allow clients to direct PFG to use a specific broker-dealer to execute transactions. Clients must use PFG recommended custodian (broker-dealer).

B. Aggregating (Block) Trading for Multiple Client Accounts

PFG maintains the ability to block trade purchases across accounts. Block trading may benefit a large group of clients by providing PFG the ability to purchase larger blocks resulting in smaller transaction costs to the client. Declining to block trade can cause more expensive trades for clients.

Item 13: Reviews of Accounts

A. Frequency and Nature of Periodic Reviews and Who Makes Those Reviews

Client accounts are reviewed at least annually by the investment adviser representative of PFG assigned to the account. Each investment adviser representative is instructed to review clients' accounts with regards to their investment policies and risk tolerance levels.

B. Factors That Will Trigger a Non-Periodic Review of Client Accounts

Reviews may be triggered by material market, economic or political events, or by changes in client's financial situations (such as retirement, termination of employment, physical move, or inheritance).

C. Content and Frequency of Regular Reports Provided to Clients

Each client will receive at least quarterly from the custodian, a written report that details the client's account including assets held and asset value which will come from the custodian.

Item 14: Client Referrals and Other Compensation

A. Economic Benefits Provided by Third Parties for Advice Rendered to Clients (Includes Sales Awards or Other Prizes)

PFG or its representatives may receive compensation from product sponsors. Compensation may include such items as gifts valued at less than \$100 annually, an occasional dinner or ticket to a sporting event, or reimbursement in connection with educational and training events, marketing, advertising initiatives. Such compensation may not be tied to the sale of any products. LPL may pay PFG or its representatives bonuses based on production, award stock options to purchase shares of LPL's parent company, LPL Investment Holdings Inc., reimburse fees that PFG or its representatives pays to LPL for items such as administrative services, and provide other things of value such as free or reduced-cost marketing materials, payments in connection with the transition from another investment firm to LPL, or attendance at LPL conferences and events. These types of compensation from LPL may be based on overall business production and/or on the amount of assets serviced in LPL advisory programs. LPL is required to state in this item that these bonuses by LPL may give PFG or its representatives an incentive to recommend an advisory program over other programs and services. However, PFG or its representatives may only recommend a program or service that he or she believes is suitable for a client.

PFG and/or its Dually Registered Persons are incented to join and remain affiliated with LPL Financial and to recommend that clients establish accounts with LPL Financial through the provision of Transition Assistance (discussed in Item 12 above). LPL also provides other compensation to PFG and its Dually Registered Persons, including but not limited to, bonus payments, repayable and forgivable loans, stock awards and other benefits.

The receipt of any such compensation creates a financial incentive for your representative to recommend LPL Financial as custodian for the assets in your advisory account. We encourage you to discuss any such conflicts of interest with your representative before making a decision to custody your assets at LPL Financial.

B. Compensation to Non – Advisory Personnel for Client Referrals

PFG does not directly or indirectly compensate any person who is not advisory personnel for client referrals.

Item 15: Custody

PFG, with client written authority, has limited custody of client's assets through direct fee deduction of PFG's Fees only. If the client chooses to be billed directly by LPL Financial LLC, Schwab or Pershing, PFG would have constructive custody over that account and must have written authorization from the client to do so. Clients will receive all required account statements and billing invoices that are required in each jurisdiction, and they should carefully review those statements for accuracy.

Item 16: Investment Discretion

For those client accounts where PFG provides ongoing supervision, the client has given PFG written discretionary authority over the client's accounts with respect to securities to be bought or sold and the amount of securities to be bought or sold. Details of this relationship are fully disclosed to the client before any advisory relationship has commenced. The client provides PFG discretionary authority via a limited power of attorney in the Investment Advisory Contract and in the contract between the client and the custodian.

Item 17: Voting Client Securities (Proxy Voting)

PFG will accept voting authority for client securities in certain cases. In such cases, the firm has an agreement with a proxy advisory firm to receive and vote client securities in the best interest of the client. The client may obtain the voting record on securities by contacting firm at its phone number or email address listed on the cover page of this brochure. The client may receive a copy of the firm's proxy voting policies and procedures upon request.

Item 18: Financial Information

A. Balance Sheet

PFG does not require nor solicit prepayment of more than \$1,200 in fees per client, six months or more in advance and therefore does not need to include a balance sheet with this brochure.

B. Financial Conditions Reasonably Likely to Impair Ability to Meet Contractual Commitments to Clients

Neither PFG nor its management have any financial conditions that are likely to reasonably impair our ability to meet contractual commitments to clients.

C. Bankruptcy Petitions in Previous Ten Years

PFG has not been the subject of a bankruptcy petition in the last ten years.
