ITEM 4: ADVISORY BUSINESS

We specialize in the following types of services: comprehensive portfolio management, or asset management, financial planning and consulting and pension consulting.

A. Description of our advisory firm, including how long we have been in business and our principal owner(s)¹.

We are dedicated to providing individuals and other types of clients with a wide array of investment advisory services. Our firm is a corporation formed in the State of Nebraska. Our firm has been in business as an investment adviser since 2012 and is wholly owned by Craig Hundt, Sr., President and Chief Compliance Officer of our firm. Craig has been in the financial services industry for more than 20 years. He started at IDS/American Express Financial Services (now Ameriprise) in 1986, and then joined Shearson Lehman Brothers in 1988 (now Morgan Stanley Smith Barney). He left Smith Barney in 2003 to affiliate with Wachovia Securities (now Wells Fargo Advisors), and opened Hundt Capital Management now known as Prairie Wealth Advisors, Inc. Craig is a graduate of Wayne State College where he earned a degree in Business Administration, majoring in Finance. See Craig's ADV2B for more information.

B. Description of the types of advisory services we offer.

(i) Comprehensive Portfolio Management:

Our Comprehensive Portfolio Management service encompasses asset management as well as providing financial planning/financial consulting to clients. It is designed to assist clients in meeting their financial goals through the use of financial investments. We conduct at least one, but sometimes more than one meeting (in person if possible, otherwise via telephone conference) with clients in order to understand their current financial situation, existing resources, financial goals, and tolerance for risk. Based on what we learn, we propose an investment approach to the client. We may propose an investment portfolio, consisting of exchange traded funds ("ETFs"), mutual funds, individual stocks or bonds, or other securities. Upon the client's agreement to the proposed investment plan, we work with the client to establish or transfer investment accounts so that we can manage the client's portfolio. Once the relevant accounts are under our management, we review such accounts on a regular basis and at least quarterly.

¹ Please note that: (1) For purposes of this item, our principal owners include the persons we list as owning 25% or more of our firm on Schedule A of Part 1A of Form ADV (Ownership Codes C, D or E). (2) If we are a publicly held company without a 25% shareholder, we simply need to disclose that we are publicly held. (3) If an individual or company owns 25% or more of our firm through subsidiaries, we must identify the individual or parent company and intermediate subsidiaries. If we are a state-registered adviser, on Form ADV Part 2A Page 2, we must identify all intermediate subsidiaries. If we are an SEC-registered adviser, we must identify intermediate subsidiaries that are publicly held, but not other intermediate subsidiaries.

We may periodically rebalance or adjust client accounts under our management. If the client experiences any significant changes to his/her financial or personal circumstances, the client must notify us so that we can consider such information in managing the client's investments.

We may utilize Independent Money Managers, where we may design an investment portfolio and provide ongoing corresponding comprehensive Portfolio Management services on a fee-only basis for a percentage of assets in conjunction with another investment advisory firm. Before selecting other advisers, we make sure that the other advisers are properly licensed or registered.

(ii) Asset Management:

We emphasize continuous and regular account supervision. As part of our asset management service, we generally create a portfolio, consisting of individual stocks or bonds, exchange traded funds ("ETFs"), options, mutual funds and other public and private securities or investments. The client's individual investment strategy is tailored to their specific needs and may include some or all of the previously mentioned securities. Each portfolio will be initially designed to meet a particular investment goal, which we determine to be suitable to the client's circumstances. Once the appropriate portfolio has been determined, we review the portfolio at least quarterly and if necessary, rebalance the portfolio based upon the client's individual needs, stated goals and objectives. Each client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio.

We may utilize Independent Money Managers, where we may design an investment portfolio and provide ongoing corresponding asset management services on a fee-only basis for a percentage of assets in conjunction with another investment advisory firm. Before selecting other advisers, we make sure that the other advisers are properly licensed or registered.

(iii) Pension Consulting:

We provide pension consulting services to employer plan sponsors on an ongoing basis. Generally, such pension consulting services consist of assisting employer plan sponsors in establishing, monitoring and reviewing their company's participant-directed retirement plan. As the needs of the plan sponsor dictate, areas of advising could include: investment options, plan structure and participant education.

All pension consulting services shall be in compliance with the applicable state law(s) regulating pension consulting services. This applies to client accounts that are pension or other employee benefit plans ("Plan") governed by the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). If the client accounts are part of a Plan, and we accept appointments to provide our services to such accounts, we acknowledge that we are a fiduciary within the meaning of Section 3(21) of ERISA (but only with

respect to the provision of services described in section 1 of the Pension Consulting Agreement).

(iv) Financial Planning and Consulting:

We provide a variety of financial planning and consulting services to individuals, families and other clients regarding the management of their financial resources based upon an analysis of the client's current situation, goals, and objectives. Generally, such financial planning services will involve preparing a financial plan or rendering a financial consultation for clients based on the client's financial goals and objectives. This planning or consulting may encompass one or more of the following areas: Investment Planning, Retirement Planning, Estate Planning, Charitable Planning, Education Planning, Corporate and Personal Tax Planning, Cost Segregation Study, Corporate Structure, Real Estate Analysis, Mortgage/Debt Analysis, Insurance Analysis, Lines of Credit Evaluation, Business and Personal Financial Planning.

Our written financial plans or financial consultations rendered to clients usually include general recommendations for a course of activity or specific actions to be taken by the clients. For example, recommendations may be made that the clients begin or revise investment programs, create or revise wills or trusts, obtain or revise insurance coverage, commence or alter retirement savings, or establish education or charitable giving programs. It should also be noted that we refer clients to an accountant, attorney or other specialist, as necessary for non-advisory related services. For written financial planning engagements, we provide our clients with a written summary of their financial situation, observations, and recommendations. For financial consulting engagements, we usually do not provide our clients with a written summary of our observations and recommendations as the process is less formal than our planning service. Plans or consultations are typically completed within six (6) months of the client signing a contract with us, assuming that all the information and documents we request from the client are provided to us promptly. Implementation of the recommendations will be at the discretion of the client.

While providing financial planning services to a client regarding client's retirement account, Prairie Wealth Advisors and/or its investment adviser representatives may recommend clients invest in specific types of investment products through the investment adviser representative in his or her separate capacity as a registered representative of a broker-dealer. In this separate capacity, the investment adviser representative generally will receive a commission from the product sponsor which is typically based upon the percentage of the amount invested by the client. However, the commission rates can vary among types of investment products and specific investment product sponsors. The investment adviser representative of Prairie Wealth Advisors, in his or her capacity as a registered representative of a broker-dealer, typically recommend investments that generally pay commissions to the broker-dealer and registered representative which can be significantly higher than the annual investment advisory fee charged by Prairie Wealth Advisors for advisory services. Consequently, the investment adviser representative, in his or her registered representative capacity of a broker-dealer, has an economic incentive

to recommend types of investment products and specific investments with a higher commission rate, which is a conflict of interest. We recommend that prior to making an investment with a broker-dealer and our investment adviser representative, in his or her registered representative capacity, that the client request and review detailed information regarding the range of commissions generally paid and the specific commissions to be paid to the broker-dealer and registered representative for any recommended investment.

(v) Retirement Plan Rollover to IRA

When recommending that a client rollover his or her account from a current retirement plan to an IRA, Prairie Wealth Advisors and its investment adviser representatives have a conflict of interest. Prairie Wealth Advisors and its representatives can earn investment advisory fees by recommending that a client rollover his or her account at the retirement plan to an IRA; however, Prairie Wealth Advisors and its investment adviser representatives will not earn any investment advisory fee if client does not rollover the funds in the retirement plan (unless a client retained Prairie Wealth Advisors to provide advice about my retirement plan account). Thus, Prairie Wealth Advisors and its investment adviser representatives have an economic incentive to recommend a rollover of your retirement plan account, which is a conflict of interest. We have taken steps to help manage this conflict of interest arising from rolling over funds from an ERISA covered retirement plan to an IRA. Prairie Wealth Advisors and its investment adviser representatives will (i) provide investment advice to ERISA covered retirement plan participant regarding a rollover of funds from the ERISA covered retirement plan in accordance with the fiduciary status described below, (ii) not recommend investments which result in Prairie Wealth Advisors receiving unreasonable compensation related to the rollover of funds from the ERISA covered retirement plan to an IRA, and (iii) fully disclose compensation received by Prairie Wealth Advisors and its supervised persons and any material conflicts of interest related to Prairie Wealth Advisors recommending the rollover of funds from the ERISA covered retirement plan to an IRA and refrain from making any materially misleading statements regarding such rollover.

To the extent Prairie Wealth Advisors provides investment advice to a participant in a retirement plan under Employee Retirement Income Security Act of 1974 as amended ("ERISA") regarding whether to maintain investments and/or proceeds in an ERISA retirement plan, rollover such investment/proceeds from the ERISA retirement plan to an individual retirement account ("Rollover IRA account") or make a distribution from the ERISA retirement plan, we hereby acknowledge our fiduciary obligations with regard to investment advice about whether to maintain, rollover or distribute proceeds from those ERISA retirement plans, and as such a fiduciary with respect to its investment advice about whether to maintain, rollover or distribute proceeds from those ERISA retirement plans, Prairie Wealth Advisors and its representatives shall act with the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and with like aims, based on the investment objectives, risk, tolerance, financial circumstances, and a client's needs, without regard to the financial or other interests of Prairie Wealth Advisors or its affiliates.

C. Explanation of whether (and, if so, how) we tailor our advisory services to the individual needs of clients, whether clients may impose restrictions on investing in certain securities or types of securities.

(i) Individual Tailoring of Advice to Clients:

We offer individualized investment advice to clients utilizing the following services offered by our firm: Comprehensive Portfolio Management and Asset Management. Additionally, we offer general investment advice to clients utilizing the following services offered by our firm: Financial Planning and Consulting and Pension Consulting.

(ii) Ability of Clients to Impose Restrictions on Investing in Certain Securities or Types of Securities:

Each client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio. Restrictions on investments in certain securities or types of securities may not be possible due to the level of difficulty this would entail in managing the account. Restrictions would be limited to our Comprehensive Portfolio Management and Asset Management services. We do not manage assets through our other services.

D. Participation in wrap fee programs.

We offer wrap fee programs as further described in Part 2A, Appendix 1 (the “Wrap Fee Program Brochure”) of our Brochure. Our wrap fee and non-wrap fee accounts are managed on an individualized basis according to the client’s investment objectives, financial goals, risk tolerance, etc. We do not manage wrap fee accounts in a different fashion than non-wrap fee accounts. As further described in our Wrap Fee Program Brochure, we receive a portion of the wrap fee for our services.

E. Disclosure of the amount of client assets we manage on a discretionary basis and the amount of client assets we manage on a non-discretionary basis.

As of January 11, 2019, we managed² a total of \$212,219,034. All of our assets under management are managed on a discretionary basis.

² Please note that our method for computing the amount of “client assets we manage” can be different from the method for computing “assets under management” required for Item 5.F in Part 1A of Form ADV. However, we have chosen to follow the method outlined for Item 5.F in Part 1A of Form ADV. If we decide to use a different method at a later date to compute “client assets we manage,” we must keep documentation describing the method we use and inform you of the change. The amount of assets we manage may be disclosed by rounding to the nearest \$100,000. Our “as of” date must not be more than three months before the date we last updated our Brochure in response to Item 4.E of Form ADV Part 2A.

(i) Comprehensive Portfolio Management:

Our firm's fees are billed on a pro-rata annualized basis quarterly in advance based on the value of your account on the last day of the previous quarter. Fees will generally be automatically deducted from your managed account*. As part of this process, you understand and acknowledge the following:

- a) Your independent custodian sends statements at least quarterly to you showing all disbursements for your account, including the amount of the advisory fees paid to us;
- b) You provide authorization permitting us to be directly paid by these terms;
- c) If we send a copy of our invoice to you, we send a copy of our invoice to the independent custodian at the same time we send the invoice to you;
- d) If we send a copy of our invoice to you, our invoice includes a legend as required by paragraph (a)(2) of Rule 206(4)-2 under the Investment Advisers Act of 1940.**

*In rare cases, we may agree to directly bill clients.

**The legend urges the client to compare information provided in their statements with those from the qualified custodian in account opening notices and subsequent statements sent to the client for whom the adviser opens custodial accounts with the qualified custodian.

(ii) Asset Management:

(iii) Pension Consulting:

The fee-paying arrangements for pension consulting service will be determined on a case-by-case basis and will be detailed in the signed Pension Consulting Agreement. The client will be invoiced directly if fees are not deducted from a managed account.

(iv) Financial Planning and Consulting:

We do not require a retainer of the total financial consulting fee.

C. Description of any other types of fees or expenses clients may pay in connection with our advisory services, such as custodian fees or mutual fund expenses.

Non-Wrap fee Clients will incur transaction charges for trades executed in their accounts. These transaction fees are separate from our fees and will be disclosed by the firm that the trades are executed through. Also, clients will pay the following separately incurred expenses, which we do not receive any part of: charges imposed directly by a mutual fund, index fund, or exchange traded fund which shall be disclosed in the fund's prospectus (i.e., fund management fees and other fund expenses).

Wrap fee clients will receive our Form ADV, Part 2A, Appendix 1 (the "Wrap Fee Program Brochure"). Wrap fee clients will not incur transaction costs for trades. More information about this is disclosed in our separate Wrap Fee Program Brochure.

You need to contact us in writing and state that you wish to terminate our services. Upon receipt of your letter of termination, we will proceed to close out your account and process a pro-rata refund of unearned advisory fees.

- E. Commissionable securities sales.

In non-advisory accounts we can offer securities for a commission because Craig Hundt, Sr. is a registered representative of Purshe Kaplan Sterling Investments, Inc., member FINRA/SIPC. Craig may accept compensation for the sale of securities or other investment products, including distribution or service ("trail") fees from the sale of mutual funds. You should be aware that the practice of accepting commissions for the sale of securities:

- 1) This presents a conflict of interest and gives our firm and/or Craig Hundt, Sr. an incentive to recommend investment products based on the compensation received, rather than on your needs. We generally address commissionable sales conflicts that arise:
 - a) when explaining to clients that commissionable securities sales creates an incentive to recommend products based on the compensation we and/or our supervised persons may earn and may not necessarily be in the best interests of the client;
 - b) when recommending commissionable mutual funds, explaining that "no-load" funds are available through our firm if the client wishes to become an investment advisory client.
- 2) In no way prohibits you from purchasing investment products recommended by us through other brokers or agents who are not affiliated with us.

ITEM 7: TYPES OF CLIENTS AND ACCOUNT REQUIREMENTS

We have the following types of clients:

- Individuals and High Net Worth Individuals;
- Trusts, Estates or Charitable Organizations; and
- Corporations, limited liability companies and/or other business types.

Our requirements for opening and maintaining accounts or otherwise engaging us:

- We do not require a minimum account balance.
- We charge a minimum fee of \$1,000 for written financial plans, which may be negotiable.

ITEM 8: METHODS OF ANALYSIS, INVESTMENT STRATEGIES AND RISK OF LOSS

A. Description of the methods of analysis and investment strategies we use in formulating investment advice or managing assets.

Methods of Analysis:

Fundamental Analysis. We attempt to measure the intrinsic value of a security by looking at economic and financial factors (including the overall economy, industry conditions, and the financial condition and management of the company itself) to determine if the company is underpriced (indicating it may be a good time to buy) or overpriced (indicating it may be time to sell). Fundamental analysis does not attempt to anticipate market movements. This presents a potential risk, as the price of a security can move up or down along with the overall market regardless of the economic and financial factors considered in evaluating the stock.

Technical Analysis. We analyze past market movements and apply that analysis to the present in an attempt to recognize recurring patterns of investor behavior and potentially predict future price movement. Technical analysis does not consider the underlying financial condition of a company. This presents a risk in that a poorly-managed or financially unsound company may underperform regardless of market movement.

Investment Strategies we use:

We may use the following strategies in managing client accounts, provided that such strategies are appropriate to the needs of the client and consistent with the client's investment objectives, risk tolerance, and time horizons, among other considerations. Typically, we may employ this strategy when:

- we believe the securities to be currently undervalued, and/or
- we want exposure to a particular asset class over time, regardless of the current projection for this class.

Long-term purchases. When utilizing this strategy, we may purchase securities with the idea of holding them for a relatively long time (typically held for at least a year). A risk in a long-term purchase strategy is that by holding the security for this length of time, we may not take advantages of short-term gains that could be profitable to a client. Moreover, if our predictions are incorrect, a security may decline sharply in value before we make the decision to sell.

Short-term purchases. When utilizing this strategy, we may also purchase securities with the idea of selling them within a relatively short time (typically a year or less). We do this in an attempt to take advantage of conditions that we believe will soon result in a price swing in the securities we purchase.

Please note:

Investing in securities involves risk of loss that clients should be prepared to bear. While the stock market may increase and your account(s) could enjoy a gain, it is also possible that the stock market may decrease and your account(s) could suffer a loss. It is important that you understand the risks associated with investing in the stock market, are appropriately diversified in your investments, and ask us any questions you may have.

ITEM 9: DISCIPLINARY INFORMATION

We are required to disclose whether there are legal or disciplinary events that are material to a client's or prospective client's evaluation of our advisory business or the integrity of our management. There are a number of specific legal and disciplinary events that we must presume are material for this Item. If our advisory firm or a management person has been involved in one of these events, we must disclose it under this Item for ten years following the date of the event, unless (1) the event was resolved in our or the management person's favor, or was reversed, suspended or vacated, or (2) the event is not material. For purposes of calculating this ten-year period, the "date" of an event is the date that the final order, judgment, or decree was entered, or the date that any rights of appeal from preliminary orders, judgments or decrees lapsed.

The SEC and/or State Regulators have not provided us with an exclusive list of material disciplinary events, which need to be disclosed. If our advisory firm or a management person has been involved in a legal or disciplinary event that is not specifically required to be disclosed, but nonetheless is material to a client's or prospective client's evaluation of our advisory business or the integrity of our management, we must disclose the event. Similarly, even if more than ten years has passed since the date of the event, we must disclose the event if it is so serious that it remains currently material to a client's or prospective client's evaluation of our firm or management.

We have determined that our firm and management should disclose the following about Investment Advisor Representative, PAULA DEITERING under the aforementioned standard:

In 2014, Prairie Wealth Advisors, Inc. hired Paula Deitering as an Investment Advisor Representative in Omaha, Nebraska. Paula had a disciplinary action PRIOR to joining Prairie Wealth Advisors, Inc. but while at Morgan Stanley Smith Barney, Inc. The Nebraska Department of Banking and Finance was the regulatory body in this instance. Their findings and further information are below in narrative form. In this regulatory action, the NEBRASKA DEPARTMENT OF BANKING AND FINANCE FOUND THAT: 1) BETWEEN JANUARY 26, 2000 AND OCTOBER 21, 2006, DEITERING, WAS REGISTERED AS AN AGENT OF EDWARD D.

JONES & CO., L.P. 2)PRIOR TO THE MARCH 23, 2007 DISSOLUTION OF HER MARRIAGE TO [EX-SPOUSE], DEITERING PROCESSED FOUR ADDRESS CHANGES ON [THE] CUSTODIAL ACCOUNT FOR THEIR MINOR CHILD, ON WHICH [EX-SPOUSE] WAS THE CUSTODIAN AND DEITERING WAS THE "INVESTMENT ADVISER". UPON OPENING, THE ACCOUNT STATEMENTS WERE MAILED TO THE [EX-SPOUSE'S] RESIDENTIAL ADDRESS. IN OCTOBER 2000, THE MAILING ADDRESS WAS CHANGED TO DEITERING'S BRANCH ADDRESS. IN MAY 2001, THE ADDRESS WAS CHANGED BACK TO THE [EX-SPOUSES'] RESIDENTIAL ADDRESS. IN JULY 2002, THE ADDRESS WAS CHANGED TO A POST OFFICE BOX IN BELLEVUE, NEBRASKA. IN MARCH 2004, THE ADDRESS WAS CHANGED AGAIN TO DEITERING'S BRANCH ADDRESS. 3)ON JULY 30, 2003, DEITERING SIGNED [EX-SPOUSE'S] NAME TO A LETTER OF AUTHORIZATION TO CHANGE REGISTRATION OR TRANSFER ASSETS ("LETTER OF AUTHORIZATION") FORM TO TRANSFER A PORTION OF THE ASSETS OF [THE] ACCOUNT TO AN ACCOUNT TITLED IN THE NAME OF DEITERING AS CUSTODIAN FOR THE [EX-SPOUSE'S] MINOR CHILD. THE TRANSFER WAS NOT COMPLETED. 4)FROM MAY 3, 2006 TO SEPTEMBER 25, 2006, FIVE CHECKS TOTALING \$4,341.57, WERE DRAWN ON [THE] ACCOUNT AND PAYABLE TO [EX-SPOUSE] AS CUSTODIAN OF THE ACCOUNT AND THEN MAILED TO DEITERING'S BRANCH ADDRESS. 5)DEITERING REPRESENTED TO THE DEPARTMENT THAT THE MONEY WAS DEPOSITED INTO THE MINOR CHILD'S 529(B) HARTFORD ACCOUNT OR SAC FEDERAL CREDIT UNION ACCOUNT OR WAS USED TO PAY EXPENSES OF THE MINOR CHILD, INCLUDING A TRIP TO HAWAII AND CAMP IN COLORADO. 6)DEITERING ADMITTED TO SIGNING THE DOCUMENTS AND ENDORSING THE CHECKS, BUT CLAIMED THAT HER ACTIONS WERE TAKEN IN HER CAPACITY AS [EX-SPOUSE'S] SPOUSE RATHER THAN AS THE INVESTMENT REPRESENTATIVE OF THE ACCOUNT. 7)[EX-SPOUSE] CLAIMED TO HAVE NO PRIOR KNOWLEDGE OF THE ACCOUNT ADDRESS CHANGES, SIGNED LETTER OF AUTHORIZATION, OR ABOVE-MENTIONED CHECKS WRITTEN IN THE ACCOUNT. MORGAN STANLEY WAS FORCED TO TERMINATE MS. DEITERING AS THE SELF REGULATORY ORGANIZATION "FINRA" DSQUALIFIED DEITERING. THIS REGULATORY ACTION ALSO RESULTED IN A 3 DAY SUPSPENSION, A \$5,000 FINE, AND A REQULIFICATION SERIES 66 TEST. ALL QULIFICATIONS ARE NOW MET AND MS DEITERING IS PART OF PRAIRIE WEALTH ADVISORS INC. MS DEITERING STATED, "THESE ISSUES RELATED TO THE ACTIVITY FROM 2000 TO 2006 AND WERE FILED BY MY MALICIOUS EX HUSBAND."

You may also find additional information about Paula Deitering by searching www.adviserinfo.sec.gov. Prairie Wealth Advisors, Inc. has also included this information in Paula Deitering's form ADV2B and her form U-4. ITEM 10: OTHER FINANCIAL INDUSTRY ACTIVITIES AND AFFILIATIONS

- A. Our firm or our management persons are registered, or have an application pending to register, as a broker-dealer or a registered representative of a broker-dealer. The details are as follows:

Mr. Hundt is a registered representative with Purshe Kaplan Sterling Investments, Inc. ("PKS"), a registered broker-dealer and Member FINRA/SIPC. Prairie Wealth Advisors, Inc. is not affiliated with PKS. In order to comply with FINRA Conduct Rule 3040, PKS as an unaffiliated broker-dealer may periodically review the investment advisory transactions of

Prairie Wealth Advisors, Inc. This information will be viewed by PKS' compliance department personnel for supervisory purposes only. No information viewed will be utilized for purposes of solicitation or shared with any affiliation outside the scope of regulatory compliance.

- B. Our firm or our management persons are registered, or have an application pending to register, as a futures commission merchant, commodity pool operator, a commodity trading advisor, or an associated person of the foregoing entities. The details are as follows:

Not applicable.

- C. Description of any relationship or arrangement that is material to our advisory business or to our clients, that we or any of our management persons have with any related person³ listed below. We are required to identify the related person and if the relationship or arrangement creates a material conflict of interest with clients, describe the nature of the conflict and how we address it.

Our management persons are also licensed insurance agents and will offer insurance products and receive normal and customary fees as a result of insurance sales. A conflict of interest can arise as these insurance sales will create an incentive to recommend products based on the compensation adviser and/or our supervised persons will earn and may not necessarily be in the best interests of the client. In order to minimize this conflict of interest, our management persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics as well as clearly explaining this conflict when recommending any such products to our clients. Clients are informed they are not obligated to purchase these products.

- D. If we recommend or select other investment advisers for our clients and we receive compensation directly or indirectly from those advisers, or we have other business relationships with those advisers, we are required to describe these practices and discuss the conflicts of interest these practices create and how we address them.

Not applicable.

ITEM 11: CODE OF ETHICS, PARTICIPATION OR INTEREST IN CLIENT TRANSACTIONS AND PERSONAL TRAINING

- A. Brief description of our Code of Ethics adopted pursuant to SEC rule 204A-1 and offer to provide a copy of our Code of Ethics to any client or prospective client upon request.

³ Our Related Persons are any advisory affiliates and any person that is under common control with our firm. Advisory Affiliate: Our advisory affiliates are (1) all of our officers, partners, or directors (or any person performing similar functions); (2) all persons directly or indirectly controlling or controlled by us; and (3) all of our current employees (other than employees performing only clerical, administrative, support or similar functions). Person: A natural person (an individual) or a company. A company includes any partnership, corporation, trust, limited liability company ("LLC"), limited liability partnership ("LLP"), sole proprietorship, or other organization.

We recognize that the personal investment transactions of members and employees of our firm demand the application of a high Code of Ethics and require that all such transactions be carried out in a way that does not endanger the interest of any client. At the same time, we believe that if investment goals are similar for clients and for members and employees of our firm, it is logical and even desirable that there be common ownership of some securities.

Therefore, in order to prevent conflicts of interest, we have in place a set of procedures (including a pre-clearing procedure) with respect to transactions effected by our members, officers and employees for their personal accounts⁴. In order to monitor compliance with our personal trading policy, we have a quarterly securities transaction reporting system for all of our associates, including maintaining said accounts of members and employees at the firm without charge.

Furthermore, our firm has established a Code of Ethics which applies to all of our associated persons. An investment adviser is considered a fiduciary. As a fiduciary, it is an investment adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times. We have a fiduciary duty to all clients. Our fiduciary duty is considered the core underlying principle for our Code of Ethics which also includes Insider Trading and Personal Securities Transactions Policies and Procedures. We require all of our supervised persons to conduct business with the highest level of ethical standards and to comply with all federal and state securities laws at all times. Upon employment or affiliation and at least annually thereafter, all supervised persons will sign an acknowledgement that they have read, understand, and agree to comply with our Code of Ethics. Our firm and supervised persons must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. This disclosure is provided to give all clients a summary of our Code of Ethics. However, if a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided promptly upon request.

- B. If our firm or a related person recommends to clients, or buys or sells for client accounts, securities in which our firm or a related person has a material financial interest (excluding an interest as a shareholder of an SEC-registered, open-end investment company), we must describe our practice and discuss the conflicts of interest it presents.

Not applicable.

- C. If our firm or a related person invests in the same securities (or related securities, e.g., warrants, options or futures) that our firm or a related person recommends to clients, we are required to describe our practice and discuss the conflicts of interest this presents and generally how we address the conflicts that arise in connection with personal trading.

⁴ For purposes of the policy, our associate's personal account generally includes any account (a) in the name of our associate, his/her spouse, his/her minor children or other dependents residing in the same household, (b) for which our associate is a trustee or executor, or (c) which our associate controls, including our client accounts which our associate controls and/or a member of his/her household has a direct or indirect beneficial interest in.

See Item 11A of this Brochure. Related persons of our firm may buy or sell securities and other investments that are also recommended to clients. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request.

- D. If our firm or a related person recommends securities to clients, or buys or sells securities for client accounts, at or about the same time that you or a related person buys or sells the same securities for our firm's (or the related person's own) account, we are required to describe our practice and discuss the conflicts of interest it presents. We are also required to describe generally how we address conflicts that arise.

See Item 11A of this brochure. Related persons of our firm may buy or sell securities for themselves at or about the same time they buy or sell the same securities for client accounts. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request. Further, our related persons will refrain from buying or selling the same securities within 48 hours prior to buying or selling for our clients. If related persons' accounts are included in a block trade, our related persons will always trade personal accounts last.

ITEM 12: BROKERAGE PRACTICES

- A. Description of the factors that we consider in selecting or recommending broker-dealers for client transactions and determining the reasonableness of their compensation (e.g., commissions).
1. Research and Other Soft Dollar Benefits. If we receive non-soft dollar research or other products or services other than execution from a broker-dealer or a third party in connection with client securities transactions ("soft dollar benefits"), we are required to disclose our practices and discuss the conflicts of interest they create. Please note that we must disclose all soft dollar benefits we receive, including, in the case of research, both proprietary research (created or developed by the broker-dealer) and research created or developed by a third party.

We do not maintain custody of your assets on which we advise (although we may be deemed to have custody of your assets if you give us authority to withdraw assets from your account (*see Item 15 Custody, below*). Your assets must be maintained in an account at a "qualified custodian," generally a broker-dealer or bank. We recommend that our clients use Charles Schwab & Co., Inc. (Schwab), TD Ameritrade Institutional (TD), or Fidelity Institutional Wealth Services (Fidelity), all of which, are FINRA-registered broker-dealers, members SIPC, as the qualified custodian. We are independently owned and operated and not affiliated with Schwab and/or TD and/or Fidelity. Schwab and/or TD and/or Fidelity will hold your assets in a brokerage account and buy and sell securities when we instruct them to.

While we recommend that you use Schwab and/or TD and/or Fidelity as custodian/broker, you will decide whether to do so and open your account with Schwab and/or TD and/or Fidelity by entering into an account agreement directly with them. We do not open the account for you. Even though your account is maintained at Schwab and/or TD and/or Fidelity, we can still use other brokers to execute trades for your account, as described in the next paragraph.

- a. Explanation of when we use client brokerage commissions (or markups or markdowns) to obtain research or other products or services, and how we receive a benefit because our firm does not have to produce or pay for the research, products or services.

As part of the arrangement described in Item 12.A.1., Schwab and/or TD and/or Fidelity also make certain research and brokerage services available at no additional cost to our firm. These services include certain research and brokerage services, including research services obtained by Schwab and/or TD and/or Fidelity directly from independent research companies, as selected by our firm (within specific parameters). Research products and services provided by Schwab and/or TD and/or Fidelity to our firm may include research reports on recommendations or other information about, particular companies or industries; economic surveys, data and analyses; financial publications; portfolio evaluation services; financial database software and services; computerized news and pricing services; quotation equipment for use in running software used in investment decision-making; and other products or services that provide lawful and appropriate assistance by Schwab and/or TD and/or Fidelity to our firm in the performance of our investment decision-making responsibilities. The aforementioned research and brokerage services are used by our firm to manage accounts for which we have investment discretion. Without this arrangement, our firm might be compelled to purchase the same or similar services at our own expense.

Our investment advisory representatives receive a portion of the advisory fee that you pay us, either directly as a percentage of your overall fee or as their salary from our firm. We can receive more compensation from your participation in our wrap fee program than if you purchased our investment advisory services and Schwab and/or TD and/or Fidelity's (or another broker/custodian's) services separately. As part of the services for the fees we pay Schwab, Schwab pays for its affiliate to provide us with the Integrated Office (a customer relationship and portfolio management system and related support services). The Integrated Office may benefit us and may indirectly benefit you by enhancing our service to you. If we did not have the fee arrangement with Schwab, as described above, Integrated Office would be available to us only through paying fees for it directly to Schwab's affiliate. Consequently, we have an incentive to recommend that you participate in our wrap fee program and open your account with Schwab. That incentive can be based on our interest in receiving Integrated Office as part of our services/fees arrangement with Schwab rather than based on your interest in having the most appropriate fee arrangement for our investment advisory services and the best value in custody services and the most

favorable execution of your transactions. This is a conflict of interest. However, we are implementing a new portfolio management system, new CRM and another two custodians (TD and Fidelity). We believe that our recommendation of our wrap fee program, including the use of Schwab and/or TD and/or Fidelity as custodian and broker, is in the best interests of those of clients to whom we recommend it based on an assessment of their investment objectives, financial situation, our investment plans and anticipated trading activity in their accounts and all other relevant factors.

- b. Incentive to select or recommend a broker-dealer based on our interest in receiving the research or other products or services, rather than on our clients' interest in receiving best execution.

Schwab Advisor Services (formerly called Schwab Institutional), TD Ameritrade Institutional, and Fidelity Institutional are in the businesses serving independent investment advisory firms like us. They provide us and our clients with access to institutional brokerage – trading, custody, reporting and related services – many of which are not typically available to Schwab and/or TD and/or Fidelity retail customers. Schwab and/or TD and/or Fidelity also make available various support services. Some of those services help us manage or administer our clients' accounts while others help us manage and grow our business. Schwab and/or TD and/or Fidelity's support services described below are generally available on an unsolicited basis (we don't have to request them) and at no charge to us as long as we keep minimum amount of assets, of our firm's advisory clients, in accounts at Schwab and/or TD and/or Fidelity. The availability to us of Schwab and/or TD and/or Fidelity's products and services is not based on us giving particular investment advice, such as buying particular securities for our clients. As described below, however, the availability to us of some third-party products and services is contingent on our clients placing a specified amount of assets in accounts at Schwab and/or TD and/or Fidelity. Here is a more detailed description of Schwab and/or TD and/or Fidelity's support services:

Services that Benefit You. Schwab and/or TD and/or Fidelity's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of client assets. The investment products available through Schwab and/or TD and/or Fidelity include some to which we might not otherwise have access or that would require a significantly higher minimum initial investment by our clients. Schwab and/or TD and/or Fidelity's services described in this paragraph generally benefit you and your account.

Services that May Not Directly Benefit You. Schwab and/or TD and/or Fidelity also make available to us other products and services that benefit us but may not directly benefit you or your account. These products and services assist us in managing and administering our clients' accounts. They include investment research, both Schwab and/or TD and/or Fidelity's own and that of third parties. We may use this research to service all or some substantial number of our clients' accounts, including accounts not maintained at Schwab and/or TD and/or Fidelity. In addition to investment research,

Schwab and/or TD and/or Fidelity also makes available software and other technology that:

- provide access to client account data (such as duplicate trade confirmations and account statements);
- facilitate trade execution and allocate aggregated trade orders for multiple client accounts;
- provide pricing and other market data;
- facilitate payment of our fees from our clients' accounts; and
- assist with back-office functions, recordkeeping and client reporting.

Services that Generally Benefit Only Us. Schwab and/or TD and/or Fidelity also offers other services intended to help us manage and further develop our business enterprise. These services include:

- educational conferences and events;
- technology, compliance, legal, and business consulting;
- publications and conferences on practice management and business succession; and
- access to employee benefits providers, human capital consultants and insurance providers.

Schwab and/or TD and/or Fidelity may provide some of these services themselves. In other cases, they will arrange for third-party vendors to provide the services to us. Schwab and/or TD and/or Fidelity will also discount or waive their fees for some of these services or pay all or a part of a third party's fees. Schwab and/or TD and/or Fidelity may also provide us with other benefits such as occasional business entertainment of our personnel.

Schwab has agreed that when the assets in our clients' accounts maintained at Schwab total at least \$50 million, it will pay for certain research, technology and marketing products and services provided to us by third parties.

The availability of the services described above from Schwab benefits us because we do not have to produce or purchase them. We don't have to pay for Schwab's services so long as we keep a total of at least \$10 million of client assets in accounts at Schwab. In addition, we don't have to pay for certain third-party research, technology and marketing products and services once the total of our clients' assets maintained in accounts at Schwab reaches \$50 million. These required amounts of client assets (\$10 million and \$50 million) gives us an incentive to require that you maintain your account with Schwab based on our interest in receiving Schwab's and the third parties' services that benefit our business rather than based on your interest in receiving the best value in custody services and the most favorable execution of your transactions. This is a conflict of interest. We believe, however, that our selection of Schwab as custodian and broker is in the best interests of our clients. It is primarily supported by the scope, quality and price of Schwab's services and not Schwab's or third parties' services that benefit only us or may only indirectly benefit you.

- c. Causing clients to pay commissions (or markups or markdowns) higher than those charged by other broker-dealers in return for soft dollar benefits (known as paying-up).

Our non-wrap fee program clients may pay a commission to Schwab and/or TD and/or Fidelity that is higher than another qualified broker dealer might charge to effect the same transaction where we determine in good faith that the commission is reasonable in relation to the value of the brokerage and research services received. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a broker-dealer's services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although we will seek competitive rates, to the benefit of all clients, we may not necessarily obtain the lowest possible commission rates for specific client account transactions.

- d. Disclosure of whether we use soft dollar benefits to service all of our clients' accounts or only those that paid for the benefits, as well as whether we seek to allocate soft dollar benefits to client accounts proportionately to the soft dollar credits the accounts generate.

We do not receive soft dollar benefits although the non-soft dollar investment research products and services that may be obtained by our firm will generally be used to service all of our clients, a brokerage commission paid by a specific client may be used to pay for research that is not used in managing that specific client's account.

- e. Description of the types of products and services our firm or any of our related persons acquired with client brokerage commissions (or markups or markdowns within our last fiscal year.

This item is not applicable.

- f. Explanation of the procedures we used during our last fiscal year to direct client transactions to a particular broker-dealer in return for soft dollar benefits we received.

This item is not applicable.

2. Brokerage for Client Referrals. If we use client brokerage to compensate or otherwise reward brokers for client referrals, we must disclose this practice, the conflicts of interest it creates, and any procedures we used to direct client brokerage to referring brokers during the last fiscal year (i.e., the system of controls used by us when allocating brokerage).

Our firm does not receive brokerage for client referrals.

3. Directed Brokerage.

- a. If we routinely recommend, request or require that a client directs us to execute transactions through a specified broker-dealer, we are required to describe our practice or policy. Further, we must explain that not all advisers require their clients to direct brokerage. If our firm and the broker-dealer are affiliates or have another economic relationship that creates a material conflict of interest, we are further required to describe the relationship and discuss the conflicts of interest it presents by explaining that through the direction of brokerage we may be unable to achieve best execution of client transactions, and that this practice may cost our clients more money.

Neither we nor any of our firm's related persons have discretionary authority in making the determination of the brokers with whom orders for the purchase or sale of securities are placed for execution, and the commission rates at which such securities transactions are affected.

- b. Permissibility of client-directed brokerage.

We allow clients to direct brokerage. However, we may be unable to achieve the most favorable execution of client transactions. Client directed brokerage may cost clients more money. For example, in a directed brokerage account, you may pay higher brokerage commissions because we may not be able to aggregate orders to reduce transaction costs, or you may receive less favorable prices.

- B. Discussion of whether, and under what conditions, we aggregate the purchase or sale of securities for various client accounts in quantities sufficient to obtain reduced transaction costs (known as bunching). If we do not bunch orders when we have the opportunity to do so, we are required to explain our practice and describe the costs to clients of not bunching.

We perform investment management services for various clients. There are occasions on which portfolio transactions may be executed as part of concurrent authorizations to purchase or sell the same security for numerous accounts served by our firm, which involve accounts with similar investment objectives. Although such concurrent authorizations potentially could be either advantageous or disadvantageous to any one or more particular accounts, they are affected only when we believe that to do so will be in the best interest of the effected accounts. When such concurrent authorizations occur, the objective is to allocate the executions in a manner which is deemed equitable to the accounts involved. In any given situation, we attempt to allocate trade executions in the most equitable manner possible, taking into consideration client objectives, current asset allocation and availability of funds using price averaging, proration and consistently non-arbitrary methods of allocation.

ITEM 13: REVIEW OF ACCOUNTS OR FINANCIAL PLANS

- A. Review of client accounts or financial plans, along with a description of the frequency and nature of our review, and the titles of our employees who conduct the review.

We review accounts on at least a quarterly basis for our clients subscribing to the following services: Comprehensive Portfolio Management and Asset Management. The nature of these reviews is to learn whether clients' accounts are in line with their investment objectives, appropriately positioned based on market conditions, and investment policies, if applicable. Only our Financial Advisors or Portfolio Managers will conduct reviews.

We provide ongoing services to pension consulting clients where we meet with such clients upon their request to discuss updates to their plans, changes in their circumstances, etc.

Financial planning clients do not receive reviews of their written plans unless they take action to schedule a financial consultation with us. We do not provide ongoing services to financial planning clients, but are willing to meet with such clients upon their request to discuss updates to their plans, changes in their circumstances, etc.

- B. Review of client accounts on other than a periodic basis, along with a description of the factors that trigger a review.

We may review client accounts more frequently than described above. Among the factors which may trigger an off-cycle review are major market or economic events, the client's life events, requests by the client, etc.

- C. Description of the content and indication of the frequency of written or verbal regular reports we provide to clients regarding their accounts.

We do not provide written reports to clients, unless asked to do so. Verbal reports to clients take place on at least an annual basis when we meet with clients who subscribe to the following services: Comprehensive Portfolio Management and Asset Management.

As also mentioned in Item 13A of this Brochure, financial planning clients do not receive written or verbal updated reports regarding their financial plans unless they separately contract with us for a post-financial plan meeting or update to their initial written financial plan.

ITEM 14: CLIENT REFERRALS AND OTHER COMPENSATION

- A. If someone who is not a client provides an economic benefit to our firm for providing investment advice or other advisory services to our clients, we must generally describe the arrangement. For purposes of this Item, economic benefits include any sales awards or other prizes.

We receive an economic benefit from Schwab and/or TD and/or Fidelity in the form of the support products and services they make available to us and other independent investment

advisors that have their clients maintain accounts at Schwab and/or TD and/or Fidelity. These products and services, how they benefit us, and the related conflicts of interest are described above (see *Item 12 – Brokerage Practices*). The availability to us of Schwab and/or TD and/or Fidelity's products and services is not based on us giving particular investment advice, such as buying particular securities for our clients.

- B. If our firm or a related person directly or indirectly compensates any person who is not our employee for client referrals, we are required to describe the arrangement and the compensation.

We will pay referral fees (non-commission based) to independent solicitors (non-registered representatives) for the referral of their clients to our firm in accordance with Rule 206 (4)-3 of the Investment Advisers Act of 1940. Such referral fee represents a share of our investment advisory fee charged to our clients. This arrangement will not result in higher costs to you. In this regard, we maintain Solicitors Agreements in compliance with Rule 206 (4)-3 of the Investment Advisers Act of 1940 and applicable state and federal laws. All clients referred by Solicitors to our firm will be given full written disclosure describing the terms and fee arrangements between our firm and Solicitor(s). In cases where state law requires licensure of solicitors, we ensure that no solicitation fees are paid unless the solicitor is registered as an investment adviser representative of our firm. If we are paying solicitation fees to another registered investment adviser, the licensure of individuals is the other firm's responsibility.

ITEM 15: CUSTODY

- A. If we have custody of client funds or securities and a qualified custodian as defined in SEC rule 206(4)-2 or similar state rules (for example, a broker-dealer or bank) and do not send account statements with respect to those funds or securities directly to our clients, we must disclose that we have custody and explain the risks that you will face because of this.

Under government regulations, we are deemed to have custody of your assets if you authorize us to instruct Schwab and/or TD and/or Fidelity to deduct our advisory fees directly from your account. Schwab and/or TD and/or Fidelity maintains actual custody of your assets. You will receive account statements directly from Schwab and/or TD and/or Fidelity at least quarterly. They will be sent to the email or postal mailing address you provided to Schwab and/or TD and/or Fidelity. You should carefully review those statements promptly when you receive them.

- B. If we have custody of client funds or securities and a qualified custodian sends quarterly, or more frequent, account statements directly to our clients, we are required to explain that you will receive account statements from the broker-dealer, bank, or other qualified custodian and that you should carefully review those statements.

We encourage our clients to raise any questions with us about the custody, safety or security of their assets. The custodians we do business with will send you independent account

statements listing your account balance(s), transaction history and any fee debits or other fees taken out of your account.

ITEM 16: INVESTMENT DIRECTION

If we accept discretionary authority to manage securities accounts on behalf of clients, we are required to disclose this fact and describe any limitations our clients may place on our authority. The following procedures are followed before we assume this authority:

Portfolio management services are provided on a non-discretionary or discretionary basis. If management services are provided on a non-discretionary basis, Advisor will always contact the client before implementing any transactions in an account. If management services are provided on a discretionary basis, Advisor makes all decisions to buy, sell or hold securities, cash or other investments, including types and amounts, in the managed account in its sole discretion without consulting with the client before implementing any transactions. Clients must provide Advisor with written authorization to exercise this discretionary authority. Clients can impose reasonable restrictions on management of their accounts.

When discretionary authority is granted, it is limited by the client. Advisor does not have access to client funds and/or securities with the exception of having advisory fees deducted from the client's account and paid to Advisor by the account custodian. Any fee deduction is done pursuant to the client's prior written authorization provided to the account custodian. Our clients need to sign a discretionary investment advisory agreement with our firm for the management of their account. This type of agreement only applies to our Comprehensive Portfolio and Asset Management clients. We do not take or exercise discretion with respect to our other clients.

ITEM 17: VOTING CLIENT SECURITIES

A. If we have, or will accept, proxy authority to vote client securities, we must briefly describe our voting policies and procedures, including those adopted pursuant to SEC Rule 206(4)-6.

Advisor does not vote proxies on behalf of clients. Clients are instructed to read through the information provided with the proxy-voting documents and to make a determination based on the information provided. Upon request from the client, Advisor's representatives may provide limited clarifications of the issues presented in the proxy voting materials based on his or her understanding of issues presented in the materials. However, the client has the ultimate responsibility for making all proxy-voting decisions.

ITEM 18: FINANCIAL INFORMATION

A. If we require or solicit prepayment of more than \$1,200 in fees per client, six months or more in advance, we must include a balance sheet for our most recent fiscal year.

We do not require nor do we solicit prepayment of more than \$1,200 in fees per client, six months or more in advance. Therefore, we have not included a balance sheet for our most recent fiscal year.

- B. If we are an SEC-registered adviser and have discretionary authority or custody of client funds or securities, or we require or solicit prepayment of more than \$1,200 in fees per client, six months or more in advance, we must disclose any financial condition that is reasonably likely to impair our ability to meet contractual commitments to clients.

We have nothing to disclose in this regard.

- C. If we have been the subject of a bankruptcy petition at any time during the past ten years, we must disclose this fact, the date the petition was first brought, and the current status.

We have nothing to disclose in this regard.
