This brochure provides information about the qualifications and business practices of Pinnacle Peak Private Client Group, LLC. If clients have any questions about the contents of this brochure, please contact us at (480) 771-4301. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any State Securities Authority. Additional information about our firm is also available on the SEC's website at www.adviserinfo.sec.gov by searching CRD #282003.

Please note that the use of the term "registered investment adviser" and description of our firm and/or our associates as "registered" does not imply a certain level of skill or training. Clients are encouraged to review this Brochure and Brochure Supplements for our firm's associates who advise clients for more information on the qualifications of our firm and our employees.

Item 2: Material Changes

Pinnacle Peak Private Client Group, LLC is required to make clients aware of information that has changed since the last annual update to the Firm Brochure ("Brochure") and that may be important to them. Clients can then determine whether to review the brochure in its entirety or to contact us with questions about the changes.

Since the last annual amendment filed on 01/24/2018, the following changes have been made:

- We have changed our address.

Item 4: Advisory Business

Our firm is dedicated to providing individuals and other types of clients with a wide array of investment advisory services. Our firm is a limited liability company formed under the laws of the State of Arizona in 2016 and has been in business as an investment adviser since that time. Our firm is owned by Brian P. Jack, Matthew Figueroa and Teresa Flores.

Our firm provides asset management and investment consulting services for many different types of clients to help meet their financial goals while remaining sensitive to risk tolerance and time horizons. As a fiduciary, it is our duty to always act in the client's best interest. This is accomplished in part by knowing the client. Our firm has established a service-oriented advisory practice with open lines of communication. Working with clients to understand their investment objectives while educating them about our process, facilitates the kind of working relationship we value.

Types of Advisory Services Offered

Comprehensive Portfolio Management:

As part of our Comprehensive Portfolio Management service clients will be provided asset management and financial planning or consulting services. This service is designed to assist clients in meeting their financial goals through the use of a financial plan or consultation. Our firm conducts client meetings to understand their current financial situation, existing resources, financial goals, and tolerance for risk. Based on what is learned, an investment approach is presented to the client, consisting of individual stocks, bonds, ETFs, options, mutual funds and other public and private securities or investments. Once the appropriate portfolio has been determined, portfolios are continuously and regularly monitored, and if necessary, rebalanced based upon the client's individual needs, stated goals and objectives. Upon client request, our firm provides a summary of observations and recommendations for the planning or consulting aspects of this service.

Financial Planning & Consulting:

Our firm provides a variety of standalone financial planning and consulting services to clients for the management of financial resources based upon an analysis of current situation, goals, and objectives. Financial planning services will typically involve preparing a financial plan or rendering a financial consultation for clients based on the client's financial goals and objectives. This planning or consulting may encompass Investment Planning, Retirement Planning, Estate Planning, Charitable Planning, Education Planning, Corporate and Personal Tax Planning, Cost Segregation Study, Corporate Structure, Real Estate Analysis, Mortgage/Debt Analysis, Insurance Analysis, Lines of Credit Evaluation, or Business and Personal Financial Planning.

Written financial plans or financial consultations rendered to clients usually include general recommendations for a course of activity or specific actions to be taken by the clients. Implementation of the recommendations will be at the discretion of the client. Our firm provides clients with a summary of their financial situation, and observations for financial planning engagements. Financial consultations are not typically accompanied by a written summary of observations and recommendations, as the process is less formal than the planning service.

Assuming that all the information and documents requested from the client are provided promptly, plans or consultations are typically completed within six (6) months of the client signing a contract with our firm.

Retirement Plan Consulting:

Our firm provides retirement plan consulting services to employer plan sponsors on an ongoing basis. Generally, such consulting services consist of assisting employer plan sponsors in establishing, monitoring and reviewing their company's participant-directed retirement plan. As the needs of the plan sponsor dictate, areas of advising could include: investment options, plan structure and participant education.

Retirement Plan Consulting services typically include:

- Establishing an Investment Policy Statement – Our firm will assist in the development a statement that summarizes the investment goals and objectives along with the broad strategies to be employed to meet the objectives.
- Investment Options – Our firm will work with the Plan Sponsor to evaluate existing investment options and make recommendations for appropriate changes.
- Asset Allocation and Portfolio Construction – Our firm will develop strategic asset allocation models to aid Participants in developing strategies to meet their investment objectives, time horizon, financial situation and tolerance for risk.
- Investment Monitoring – Our firm will monitor the performance of the investments and notify the client in the event of over/underperformance and in times of market volatility.

In providing services for retirement plan consulting, our firm does not provide any advisory services with respect to the following types of assets: employer securities, real estate (excluding real estate funds and publicly traded REITS), participant loans, non-publicly traded securities or assets, other illiquid investments, or brokerage window programs (collectively, “Excluded Assets”).

All retirement plan consulting services shall be in compliance with the applicable state laws regulating retirement consulting services. This applies to client accounts that are retirement or other employee benefit plans (“Plan”) governed by the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). If the client accounts are part of a Plan, and our firm accept appointments to provide services to such accounts, our firm acknowledges its fiduciary standard within the meaning of Section 3(21) of ERISA as designated by the Retirement Plan Consulting Agreement with respect to the provision of services described therein.

Tailoring of Advisory Services

Our firm offers individualized investment advice to our Comprehensive Portfolio Management clients. General investment advice will be offered to our Financial Planning & Consulting and Retirement Plan Consulting clients.

Each Comprehensive Portfolio Management client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio. Restrictions on investments in certain securities or types of securities may not be possible due to the level of difficulty this would entail in managing the account.

Participation in Wrap Fee Programs

Our firm offers a wrap fee program as further described in Part 2A, Appendix 1 (the “Wrap Fee Program Brochure”). Our firm does not manage wrap fee accounts in a different fashion than non-wrap fee accounts. All accounts are managed on an individualized basis according to the client’s investment objectives, financial goals, risk tolerance, etc.

Regulatory Assets Under Management

As of December 31st, 2019, our firm manages \$121,844,882 on a discretionary basis and \$2,731,583 on a non-discretionary basis.

Item 5: Fees & Compensation

Compensation for Our Advisory Services

Comprehensive Portfolio Management:

The annual fee charged for this service is 2.00%. Fees are negotiable and based on the client’s assets under management, scope and complexity of the services provided. Fees to be assessed will be outlined in the advisory agreement to be signed by the client. Annualized fees are billed on a pro-rata basis quarterly in advance based on the value of the account(s) on the last day of the previous billing period. We also have the option to charge fees billed on a pro-rata basis quarterly in arrears based on the value of the account(s) on the last day of the quarter. Fees will be deducted from client account(s). Our firm does not offer direct billing as an option. As part of this process, the client is made aware of the following:

- a) The client’s independent custodian sends statements at least quarterly showing the market values for each security included in the Assets and all account disbursements, including the amount of the advisory fees paid to our firm;
- b) Clients will provide authorization permitting our firm to be directly paid by these terms. Our firm will send an invoice directly to the custodian; and
- c) If our firm sends a copy of our invoice to the client, legend urging the comparison of information provided in our statement with those from the qualified custodian will be included.

Financial Planning & Consulting:

Our firm charges on a flat fee basis for financial planning and consulting services. The total estimated fee, as well as the ultimate fee charged, is based on the scope and complexity of our engagement with the client. Flat fees range from \$500 to \$5,000. The fee will be directly billed to the client and due within thirty (30) days of a financial plan being delivered or consultation rendered.

Retirement Plan Consulting:

Our Retirement Plan Consulting services are billed on an hourly or flat fee basis or a fee based on the percentage of Plan assets under management. The total estimated fee, as well as the ultimate fee charged, is based on the scope and complexity of our engagement with the client. The maximum hourly fee to be charged will not exceed \$300. Our flat fees range from \$500 to \$5,000. Fees based on a percentage of managed Plan assets will not exceed 1.00%. The fee-paying arrangements for Retirement Plan Consulting service will be determined on a case-by-case basis and will be detailed in the signed consulting agreement. Clients will be invoiced directly for the fees.

Other Types of Fees & Expenses

Non-Wrap fee clients will incur transaction charges for trades executed in their accounts. These transaction fees are separate from our firm's advisory fees and will be disclosed by the chosen custodian. Clients may also pay charges imposed directly by a mutual fund, index fund, or exchange traded fund, which shall be disclosed in the fund's prospectus (i.e., fund management fees, initial or deferred sales charges, mutual fund sales loads, 12b-1 fees, surrender charges, variable annuity fees, IRA and qualified retirement plan fees, and other fund expenses). Our firm does not receive a portion of these fees.

Wrap fee clients will not incur transaction costs for trades. More information about this can be found in our separate Wrap Fee Program Brochure.

Termination & Refunds

Either party may terminate the advisory agreement signed with our firm for Comprehensive Portfolio Management services in writing at any time. Upon notice of termination our firm will process a pro-rata refund of the unearned portion of the advisory fees charged in advance at the beginning of the quarter or charge a pro-rata portion for the services rendered up to the point of termination.

Financial Planning & Consulting clients may terminate their agreement at any time before the delivery of a financial plan by providing written notice. For purposes of calculating refunds, all work performed by us up to the point of termination shall be calculated at the hourly fee currently in effect for the time and effort expended by our firm.

Either party to a Retirement Plan Consulting Agreement may terminate at any time by providing written notice to the other party. Full refunds will only be made in cases where cancellation occurs within five (5) business days of signing an agreement. After five (5) business days from initial signing, either party must provide the other party thirty (30) days written notice to terminate billing. Billing will terminate 30 days after receipt of termination notice. Clients will be charged on a pro-rata basis, which takes into account work completed by our firm on behalf of the client. Clients will incur charges for bona fide advisory services rendered up to the point of termination (determined as 30 days from receipt of said written notice) and such fees will be due and payable.

Commissionable Securities Sales

Representatives of our firm are registered representatives of BCG Securities, Inc. ("BCG"), member FINRA/SIPC. As such they are able to accept compensation for the sale of securities or other investment products, including distribution or service ("trail") fees from the sale of mutual funds. Clients should be aware that the practice of accepting commissions for the sale of securities presents a conflict of interest and gives our firm and/or our representatives an incentive to recommend investment products based on the compensation received. Our firm generally addresses commissionable sales conflicts that arise when explaining to clients these sales create an incentive to recommend based on the compensation to be earned and/or when recommending commissionable mutual funds, explaining that "no-load" funds are also available. Our firm does not prohibit clients from purchasing recommended investment products through other unaffiliated brokers or agents.

Item 6: Performance-Based Fees & Side-By-Side Management

Our firm does not charge performance-based fees.

Item 7: Types of Clients & Account Requirements

Our firm has the following types of clients:

- Individuals and High Net Worth Individuals;
- Trusts, Estates or Charitable Organizations;
- Pension and Profit Sharing Plans;
- Corporations, Limited Liability Companies and/or Other Business Types

Our firm requires a minimum household balance of \$100,000 for our Comprehensive Portfolio Management service. This minimum household balance would be required throughout the course of the client's relationship with our firm and may be negotiable in certain instances.

Item 8: Methods of Analysis, Investment Strategies & Risk of Loss

Methods of Analysis

Our firm will utilize several disciplines of analysis. On occasion we will use a technical analysis for forecasting the direction of prices through the study of past market data, primarily price and volume by examining what investors fear or think about those developments and whether or not investors have the wherewithal to back up their opinions as opposed to a fundamental analysis which examines earnings, dividends, new products, research and the like. Technical analysis is frequently contrasted with fundamental analysis and each has limitations because of assumptions about the market. We enlist a more rational approach by utilizing both types of analyses. In addition to these we may employ charting which plot the span between the high and low prices of a trading period. Some widen

and fill the interval between the open and close prices to emphasize the open/close relationship. The risk of relying on charting would be similar to the weaknesses of the technical approach, where the price reflects the trend as opposed to fundamental which holds that economic factors influence the price. Studying recurring, preferably periodic, movements in prices or other time series or cyclical analysis may also be incorporated in our methods of analysis. Cyclical may too narrowly predict price without integrating relevant factors. We strive to avoid risks of any one method by incorporating several methods.

Investment Strategies We Use

Our firm will make long term purchases (securities held at least a year) in client accounts. In addition, our firm may use option writing, including covered options, uncovered options or spreading strategies may be used to implement our strategies.

Risk of Loss

Investing in securities involves risk of loss that clients should be prepared to bear. While the stock market may increase and the account(s) could enjoy a gain, it is also possible that the stock market may decrease and the account(s) could suffer a loss. It is important that clients understand the risks associated with investing in the stock market, are appropriately diversified in investments, and ask any questions.

Additional Information

Our firm generally invests client cash balances in money market funds, FDIC Insured Certificates of Deposit, high-grade commercial paper and/or government backed debt instruments. Ultimately, our firm tries to achieve the highest return on client cash balances through relatively low-risk conservative investments. In most cases, at least a partial cash balance will be maintained in a money market account so that our firm may debit advisory fees for our services related to our Comprehensive Portfolio Management service, as applicable.

Item 9: Disciplinary Information

Our firm and management personnel have nothing to disclose under the aforementioned standard.

Item 10: Other Financial Industry Activities & Affiliations

Representatives of our firm are registered representatives of BCG Securities Inc., member FINRA/SIPC, and licensed insurance agents. As a result of these transactions, they receive normal and customary commissions. A conflict of interest exists as these commissionable securities sales create an incentive to recommend products based on the compensation earned. To mitigate this potential conflict, our firm will only recommend products that are in the client's best interest.

Mr. Figueroa and Mr. Jack are direct owners of Federal Employee Retirement Counselors, LLC, offering non-fiduciary educational services to federal employees concerning thrift saving plans and

various retirement products. Additionally, Mr. Figueroa and Mr. Jack are direct owners of Federal Employee Benefit Counselors, LLC offering life and disability insurance services. Clients of Pinnacle Peak are not solicited to engage the services of either firm.

Item 11: Code of Ethics, Participation or Interest in Client Transactions & Personal Trading

As a fiduciary, it is an investment adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times. Our fiduciary duty is the underlying principle for our firm's Code of Ethics, which includes procedures for personal securities transaction and insider trading. Our firm requires all representatives to conduct business with the highest level of ethical standards and to comply with all federal and state securities laws at all times. Upon employment with our firm, and at least annually thereafter, all representatives of our firm will acknowledge receipt, understanding and compliance with our firm's Code of Ethics. Our firm and representatives must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. This disclosure is provided to give all clients a summary of our Code of Ethics. If a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided promptly upon request.

Our firm recognizes that the personal investment transactions of our representatives demands the application of a Code of Ethics with high standards and requires that all such transactions be carried out in a way that does not endanger the interest of any client. At the same time, our firm also believes that if investment goals are similar for clients and for our representatives, it is logical, and even desirable, that there be common ownership of some securities.

In order to prevent conflicts of interest, our firm has established procedures for transactions effected by our representatives for their personal accounts¹. In order to monitor compliance with our personal trading policy, our firm has pre-clearance requirements and a quarterly securities transaction reporting system for all of our representatives.

Neither our firm nor a related person recommends, buys or sells for client accounts, securities in which our firm or a related person has a material financial interest without prior disclosure to the client.

Related persons of our firm may buy or sell securities and other investments that are also recommended to clients. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request.

Likewise, related persons of our firm buy or sell securities for themselves at or about the same time they buy or sell the same securities for client accounts. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request. Further, our related persons will refrain from buying

¹ For purposes of the policy, our associate's personal account generally includes any account (a) in the name of our associate, his/her spouse, his/her minor children or other dependents residing in the same household, (b) for which our associate is a trustee or executor, or (c) which our associate controls, including our client accounts which our associate controls and/or a member of his/her household has a direct or indirect beneficial interest in.

or selling the same securities prior to buying or selling for our clients in the same day. If related persons' accounts are included in a block trade, our related persons will always trade personal accounts last.

Item 12: Brokerage Practices

Selecting a Brokerage Firm

Our firm does not maintain custody of client assets. Client assets must be maintained by a qualified custodian. Our firm seeks to recommend a custodian who will hold client assets and execute transactions on terms that are overall most advantageous when compared to other available providers and their services. The factors considered, among others, are these:

- Timeliness of execution
- Timeliness and accuracy of trade confirmations
- Research services provided
- Ability to provide investment ideas
- Execution facilitation services provided
- Record keeping services provided
- Custody services provided
- Frequency and correction of trading errors
- Ability to access a variety of market venues
- Expertise as it relates to specific securities
- Financial condition
- Business reputation
- Quality of services

With the aforementioned in consideration, we utilize the services of Charles Schwab & Co., Inc. ("Schwab"). Schwab is a FINRA-registered broker-dealer, member SIPC. We are independently owned and operated and not affiliated with Schwab or any other qualified custodian. Schwab offers to independent investment advisers non-soft dollar services which include custody of securities, trade execution, clearance and settlement of transactions.

Products and Services Available to Us from Schwab

Schwab Advisor Services (formerly called Schwab Institutional) is Schwab's business serving independent investment advisory firms like us. They provide us and our clients with access to its institutional brokerage – trading, custody, reporting and related services – many of which are not typically available to Schwab retail customers. Schwab also makes available various support services. Some of those services help us manage or administer our clients' accounts while others help us manage and grow our business. Here is a more detailed description of Schwab's support services:

Services that Benefit You

Schwab's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of client assets. The investment products available through Schwab include some to which we might not otherwise have access or that would require a significantly higher minimum initial investment by our clients. Schwab's services described in this paragraph generally benefit you and your account.

Services that May Indirectly Benefit You

Schwab also makes available to us other products and services that benefit us but may not directly benefit you or your account. These products and services assist us in managing and administering our clients' accounts. They include investment research, both Schwab's own and that of third parties. We may use this research to service all or some substantial number of our clients' accounts, including accounts not maintained at Schwab. In addition to investment research, Schwab also makes available software and other technology that:

- provide access to client account data (such as duplicate trade confirmations and account statements);
- facilitate trade execution and allocate aggregated trade orders for multiple client accounts;
- provide pricing and other market data;
- facilitate payment of our fees from our clients' accounts; and
- assist with back-office functions, recordkeeping and client reporting.

Services that Generally Benefit Our Firm

Schwab also offers other services intended to help us manage and further develop our business enterprise. These services include:

- educational conferences and events
 - technology, compliance, legal, and business consulting;
 - publications and conferences on practice management and business succession; and
 - access to employee benefits providers, human capital consultants and insurance providers.
- Schwab may provide some of these services itself. In other cases, it will arrange for third-party vendors to provide the services to us. Schwab may also discount or waive its fees for some of these services or pay all or a part of a third party's fees. Schwab may also provide us with other benefits such as occasional business entertainment of our personnel.

We do not use client brokerage commissions to obtain research or other products or services. The aforementioned research and brokerage services are used by our firm to manage accounts for which we have investment discretion. Without this arrangement, our firm might be compelled to purchase the same or similar services at our own expense.

As a result of receiving these services, we may have an incentive to continue to use or expand the use of Schwab services. Our firm examined this potential conflict of interest when we chose to enter into the relationship with Schwab and we have determined that the relationship is in the best interest of our firm's clients and satisfies our fiduciary obligations, including our duty to seek best execution.

Schwab charges brokerage commissions and transaction fees for effecting certain securities transactions (i.e., transaction fees are charged for certain no-load mutual funds, commissions are charged for individual equity and debt securities transactions). Schwab enables us to obtain many no-load mutual funds without transaction charges and other no-load funds at nominal transaction charges. Schwab commission rates are generally discounted from customary retail commission rates. However, the commission and transaction fees charged by Schwab may be higher or lower than those charged by other custodians and broker-dealers.

Our non-wrap clients may pay a commission to Schwab that is higher than another qualified broker dealer might charge to effect the same transaction where we determine in good faith that the commission is reasonable in relation to the value of the brokerage and research services received. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the

transaction represents the best qualitative execution, taking into consideration the full range of a broker-dealer's services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although we will seek competitive rates, to the benefit of all clients, we may not necessarily obtain the lowest possible commission rates for specific client account transactions.

Soft Dollars

Our firm does not accept products or services that do not qualify for Safe Harbor outlined in Section 28(e) of the Securities Exchange Act of 1934, such as those services that do not aid in investment decision-making or trade execution.

Brokerage for Client Referrals

Our firm does not receive brokerage for client referrals.

Directed Brokerage

Neither we nor any of our firm's related persons have discretionary authority in making the determination of the brokers with whom orders for the purchase or sale of securities are placed for execution, and the commission rates at which such securities transactions are effected. We routinely recommend that a client directs us to execute through a specified broker-dealer. Our firm recommends the use of Schwab.

Permissibility of Client-Directed Brokerage

We allow clients to direct brokerage outside our recommendation. However, we may be unable to achieve the most favorable execution of client transactions. Client directed brokerage may cost clients more money. For example, in a directed brokerage account, you may pay higher brokerage commissions because we may not be able to aggregate orders to reduce transaction costs, or you may receive less favorable prices.

Special Considerations for ERISA Clients

A retirement or ERISA plan client may direct all or part of portfolio transactions for its account through a specific broker or dealer in order to obtain goods or services on behalf of the plan. Such direction is permitted provided that the goods and services provided are reasonable expenses of the plan incurred in the ordinary course of its business for which it otherwise would be obligated and empowered to pay. ERISA prohibits directed brokerage arrangements when the goods or services purchased are not for the exclusive benefit of the plan. Consequently, we will request that plan sponsors who direct plan brokerage provide us with a letter documenting that this arrangement will be for the exclusive benefit of the plan.

Aggregation of Purchase or Sale

We perform investment management services for various clients. There are occasions on which portfolio transactions may be executed as part of concurrent authorizations to purchase or sell the same security for numerous accounts served by our firm, which involve accounts with similar investment objectives. Although such concurrent authorizations potentially could be either advantageous or

disadvantageous to any one or more particular accounts, they are affected only when we believe that to do so will be in the best interest of the effected accounts. When such concurrent authorizations occur, the objective is to allocate the executions in a manner which is deemed equitable to the accounts involved. In any given situation, we attempt to allocate trade executions in the most equitable manner possible, taking into consideration client objectives, current asset allocation and availability of funds using price averaging, proration and consistently non-arbitrary methods of allocation.

Trading Away

Our firm participates in trading away services provided by different bond traders. Orders shall be transmitted to the bond company(ies) for the execution of trades. Schwab clears our trading away transactions in our block trading brokerage account established in the name of {firm name} and designated for our client account holders in an allocation established by us prior to placing orders. Our firm shall maintain prices from other sources to show best execution of trades.

A couple things to keep in mind when trading away: in Wrap accounts you'll still be responsible for fees charged per account. Best execution review for trading away will include being able to show that the client is receiving a better price than Schwab and other competitors.

Item 13: Review of Accounts or Financial Plans

Our management personnel or financial advisors review accounts on at least a quarterly basis for our Comprehensive Portfolio Management clients. The nature of these reviews is to learn whether client accounts are in line with their investment objectives, appropriately positioned based on market conditions, and investment policies, if applicable. Our firm may review client accounts more frequently than described above. Among the factors which may trigger an off-cycle review are major market or economic events, the client's life events, requests by the client, etc. Our firm provides monthly or quarterly performance reports, depending on the billing frequency, to clients. Verbal reports to clients take place on at least an annual basis when our Comprehensive Portfolio Management clients are contacted.

Financial Planning clients do not receive reviews of their written plans unless they take action to schedule a financial consultation with us. Our firm does not provide ongoing services to financial planning clients, but are willing to meet with such clients upon their request to discuss updates to their plans, changes in their circumstances, etc. Financial Planning clients do not receive written or verbal updated reports regarding their financial plans unless they separately engage our firm for a post-financial plan meeting or update to their initial written financial plan.

Retirement Plan Consulting clients receive ongoing reviews of their retirement plans for the duration of the service. Our firm will meet with clients upon their request to discuss updates to their plans, changes in their circumstances, etc. Retirement Plan Consulting clients will receive written reports, upon request. Verbal reports to clients take place on at least an annual basis when our Retirement Plan Consulting clients are contacted.

Item 14: Client Referrals & Other Compensation

Charles Schwab & Co., Inc.

We receive an economic benefit from Schwab in the form of the support products and services it makes available to us and other independent investment advisors that have their clients maintain accounts at Schwab. These products and services, how they benefit us, and the related conflicts of interest are described above (*see Item 12 – Brokerage Practices*). The availability to us of Schwab's products and services is not based on us giving particular investment advice, such as buying particular securities for our clients.

Referral Fees

Our firm pays referral fees (non-commission based) to independent solicitors (non-registered representatives) for the referral of their clients to our firm in accordance with Rule 206 (4)-3 of the Investment Advisers Act of 1940. Such referral fee represents a share of our investment advisory fee charged to our clients. This arrangement will not result in higher costs to the referred client. In this regard, our firm maintains Solicitors Agreements in compliance with Rule 206 (4)-3 of the Investment Advisers Act of 1940 and applicable state and federal laws. All clients referred by Solicitors to our firm will be given full written disclosure describing the terms and fee arrangements between our firm and Solicitor(s). In cases where state law requires licensure of solicitors, our firm ensures that no solicitation fees are paid unless the solicitor is registered as an investment adviser representative of our firm. If our firm is paying solicitation fees to another registered investment adviser, the licensure of individuals is the other firm's responsibility.

Item 15: Custody

Our firm does not have custody of client funds or securities. All of our clients receive account statements directly from their qualified custodians at least quarterly upon opening of an account. In addition, our firm also sends account statements to clients, which include a legend that recommends that the client compare the account statements received from the qualified custodian with those received from our firm. Clients are encouraged to raise any questions with us about the custody, safety or security of their assets and our custodial recommendations.

Item 16: Investment Discretion

Clients have the option of providing our firm with investment discretion on their behalf, pursuant to an executed investment advisory client agreement. By granting investment discretion, our firm is authorized to execute securities transactions, determine which securities are bought and sold, and the total amount to be bought and sold. Limitations may be imposed by the client in the form of specific constraints on any of these areas of discretion with our firm's written acknowledgement.

Item 17: Voting Client Securities

Investment advisers who have voting authority with respect to securities held in their clients' accounts are required to monitor corporate actions and vote proxies in their clients' interests. Our firm is required to adopt written policies and procedures, make those policies and procedures available to clients, and retain certain records with respect to proxy votes cast.

Our firm considers proxy voting an important right of our clients as shareholders and believe that reasonable care and diligence must be taken to ensure that such rights are properly and timely exercised. When our firm has discretion to vote the proxies of our clients, our firm will vote those proxies in the client's best interests and in accordance with these policies and procedures. Clients may request a copy of our written policies and procedures regarding proxy voting and/or information on how particular proxies were voted by contacting our Chief Compliance Officer.

Policy for Voting Proxies

All proxies received by our firm will be given to our Chief Compliance Officer or designated person for processing. Our Chief Compliance Officer will determine which accounts managed by our firm hold the security to which the proxy relates. These accounts and their shareholdings will be matched to the proxies received for each security. Missing proxies or significant variances in shares held will be investigated.

A grid of securities being voted will be updated with each proxy being voted. The grid will also contain a list of clients with the security voted upon. Our Chief Compliance Officer will review each item for voting on each proxy. Based on our proxy voting guidelines outlined below, a determination of how our firm votes will be made. Proxies will generally be voted online unless custodian requires mailed forms. In the absence of standing voting guidelines from the client, our firm will vote proxies in the best interest of each particular client.

Proxies Voting Guidelines

Where voting authority exists, proxies are voted by our firm according to Board recommendations in categories listed below among others unless not deemed to be in the best interests of the client:

- for directors and for management on routine matters;
- for a limit on or reduction of the number of directors, and for an increase in the number of directors on a case by case basis;
- against the creation of a tiered board;
- for the elimination of cumulative voting;
- for independence of auditors;
- for deferred compensation;
- for profit sharing plans;
- for stock option plans unless the plan could result in material dilution to shares outstanding or is excessive;
- for stock repurchases;
- for an increase in authorized shares unless the authorization effectively results in a blind investment pool for shareholders;
- for reductions in the par value of stock;
- for company name changes;

- for routine appointments of auditors.

Our firm abstains on motions to limit directors' liability. Material issues not addressed above (e.g., mergers, poison pills, social investing and miscellaneous shareholder proposals) are dealt with on a case-by-case basis.

Our firm will defer to instruction from clients in all voting matters. Records of all issues and votes are maintained and reported to clients as requested.

Our firm recognizes that under certain circumstances our firm may have a conflict of interest between us and our clients. Such circumstances may include, but are not limited to, situations where our firm or one or more of our affiliates, including officers, directors and employees, has or is seeking a client relationship with the issuer of the security that is the subject of the proxy vote. Our firm shall periodically inform our employees that they are under an obligation to be aware of the potential for conflicts of interest on the part of our firm with respect to voting proxies on behalf of funds, both as a result of our employee's personal relationships and due to circumstances that may arise during the conduct of our business, and to bring conflicts of interest of which they become aware to the attention of the proxy manager. Our firm shall not vote proxies relating to such issuers on behalf of client accounts until our firm has determined that the conflict of interest is not material or a method of resolving such conflict of interest has been agreed upon by our management team. A conflict of interest will be considered material to the extent that it is determined that such conflict has the potential to influence our decision-making in voting a proxy. Materiality determinations will be based upon an assessment of the particular facts and circumstances. If our firm determines that a conflict of interest is not material, our firm may vote proxies notwithstanding the existence of a conflict. If the conflict of interest is determined to be material, the conflict shall be disclosed to our management team and our firm shall follow the instructions of the management team.

Our Chief Compliance Officer will maintain files relating to our proxy voting procedures. Records will be maintained and preserved for five years from the end of the fiscal year during which the last entry was made on a record, with records for the last two years kept on our premises. Records of the following will be included in the files:

- a copy of each proxy statement that our firm receives, provided however that our firm may rely on obtaining a copy of proxy statements from the SEC's EDGAR system for those proxy statements that are available;
- a record of each vote that our firm casts;
- a copy of any document our firm created that was material to making a decision how to vote proxies, or that memorializes that decision;
- a copy of each written client request for information on how our firm voted such client's proxies, and a copy of any written response to any client request for information on how our firm voted their proxies.

Our written policies and procedures regarding proxy voting are disclosed here. Information on how particular proxies were voted may contact our Chief Compliance Officer.

Item 18: Financial Information

Our firm is not required to provide financial information in this Brochure because:

- Our firm does not require the prepayment of more than \$1200 in fees and six or more months in advance.
- Our firm does not take custody of client funds or securities.
- Our firm does not have a financial condition or commitment that impairs our ability to meet contractual and fiduciary obligations to clients.

Our firm has never been the subject of a bankruptcy proceeding.
