Item 4: Services, Fees & Compensation

Our firm manages assets for many different types of clients to help meet their financial goals while remaining sensitive to risk tolerance and time horizons. As a fiduciary it is our duty to always act in the client's best interest. This is accomplished in part by knowing the client. Our firm has established a service-oriented advisory practice with open lines of communication. Working with clients to understand their investment objectives while educating them about our process, facilitates the kind of working relationship we value.

As a fiduciary it is our duty to always act in the client's best interest. This is accomplished in part by knowing the client. Our firm has established a service-oriented advisory practice with open lines of communication. Working with clients to understand their investment objectives while educating them about our process, facilitates the kind of working relationship we value. Our program allows clients to pay a single fee for investment advisory services and associated custodial transaction costs. Because our firm absorbs client transaction fees, an incentive exists to limit trading activities in client accounts.

Our Wrap Advisory Services

Wrap Comprehensive Wealth Management:

As part of our Wrap Comprehensive Wealth Management service clients will be provided asset management and financial planning or consulting services. This service is designed to assist clients in meeting their financial goals through the use of a financial plan or consultation. Our firm conducts client meetings to understand their current financial situation, existing resources, financial goals, and tolerance for risk. Based on what is learned, an investment approach is presented to the client, consisting of individual stocks, bonds, ETFs, options, mutual funds and other public and private securities or investments. Once the appropriate portfolio has been determined, portfolios are continuously and regularly monitored, and if necessary, rebalanced based upon the client's individual needs, stated goals and objectives. Upon client request, our firm provides a summary of observations and recommendations for the planning or consulting aspects of this service.

Fee Schedule

The maximum annual fee charged for this service will not exceed 0.75%. Fees to be assessed will be outlined in the advisory agreement to be signed by the client in Schedule A. Annualized fees are billed on a pro-rata basis quarterly or monthly in arrears based on the average daily balance throughout the quarter or the month. Fees are negotiable and will be deducted from client account(s). Adjustments will be made for deposits and withdrawals during the quarter. In rare cases, our firm will agree to direct bill clients. As part of this process, Clients understand the following:

- a) The client's independent custodian sends statements at least quarterly showing the market values for each security included in the Assets and all account disbursements, including the amount of the advisory fees paid to our firm;
- b) Clients will provide authorization permitting our firm to be directly paid by these terms. Our firm will send an invoice directly to the custodian; and
- c) If our firm sends a copy of our invoice to the client, legend urging the comparison of information provided in our statement with those from the qualified custodian will be included.

Other Types of Fees & Expenses:

The fees not included in the advisory fee for our wrap services are charges imposed directly by a mutual fund, index fund, or exchange traded fund which shall be disclosed in the fund's prospectus (i.e., fund management fees and other fund expenses), mark-ups and mark-downs, spreads paid to market makers, wire transfer fees and other fees and taxes on brokerage accounts and securities transactions.

Please note that clients with accounts held at American Funds will be subject to an annual fee of \$10.

Wrap Fee Program Recommendations

Our firm does not recommend or offer the wrap program services of other providers.

Item 5: Account Requirements & Types of Clients

Our firm has the following types of clients:

- Individuals and High Net Worth Individuals;
- Trusts, Estates or Charitable Organizations;
- Pension and Profit Sharing Plans;
- Corporations, Limited Liability Companies and/or Other Business Types

Our requirements for opening and maintaining accounts or otherwise engaging us:

- Our firm requires a minimum account balance of \$100,000 for our Wrap Fee Program accounts. Generally, this minimum account balance requirement is not negotiable and would be required throughout the course of the client's relationship with our firm.

Item 6: Portfolio Manager Selection & Evaluation

Selection of Portfolio Managers

Our firm's investment adviser representatives ("IAR"s) act as portfolio manager(s) for this wrap fee program. A conflict arises in that other investment advisory firms may charge the same or lower fees than our firm for similar services. Our IARs are subject to individual licensing requirements as imposed by state securities boards. Our firm is required to confirm or update each IAR's Form U4 on an annual basis. IAR supervision is conducted by our Chief Compliance Officer or management personnel.

Advisory Business:

Information about our wrap fee services can be found in Item 4 of this brochure. Our firm offers individualized investment advice to our Wrap Comprehensive Wealth Management clients.

Each Wrap Comprehensive Wealth Management client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio. Restrictions on investments in certain securities or types of securities may not be possible due to the level of difficulty this would entail in managing the account.

Participation in Wrap Fee Programs:

Our firm only offers wrap fee accounts to our clients, which are managed on an individualized basis according to the client's investment objectives, financial goals, risk tolerance, etc.

Performance-Based Fees & Side-By-Side Management:

Our firm does not charge performance-based fees.

Methods of Analysis, Investment Strategies & Risk of Loss:

The following methods of analysis are utilized by our firm when formulating investment advice and/or managing client assets:

Fundamental analysis considers the economic, financial, and other qualitative/quantitative factors that may impact the price of a security. Fundamental analysis attempts to measure its intrinsic value as compared to its current price. Risks may include using incorrect assumptions, financial misreporting and/or failure by management to disclose key, material events, and unforeseen micro/macro-economic factors that may cause the price of a security to diverge from its intrinsic value.

Asset Allocation: We believe in diversifying investments over various sectors of the fixed income and equity markets. Each sector of the market carries its own risk and return characteristics. According to Modern Portfolio Theory, individual holdings and sectors are subject to both systematic (widespread) and unsystematic (company or industry-specific) risk. By investing in more than one stock or sector of the market, an investor can reap the benefits of reducing the unsystematic risks associated with a single holding or sector of the market. This, in theory, should reduce the overall risk in the portfolio.

The following investment strategies are used managing client accounts, provided that such strategies are appropriate to the needs of the client and consistent with the client's investment objectives, risk tolerance, and time horizons, among other considerations:

Long-Term Purchases: We may buy securities for your account and hold them for a relatively long time (more than a year) in anticipation that the security's value will appreciate over a long horizon. The risk of this strategy is that we could miss out on potential short-term gains that could have been profitable to your account. Moreover, if our predictions are incorrect, it's possible that the security's value may decline sharply before we make a decision to sell.

Short-Term Purchases: We may buy securities for your account and decide to sell them within a relatively short time horizon (less than a year) in order to capitalize on short-term price fluctuations. There's no guarantee, however, that this strategy will be able to produce gains.

Margin Transactions: If your account is set up for margin transactions, we may buy on margin for your account. Buying on margin is essentially borrowing money from a broker/custodian to purchase the security. Because using borrowed money amplifies gains and losses, buying on margin can substantially increase the risk of your portfolio.

Option writing: If your account is set up and approved for options capabilities, we may employ options strategies to enhance your portfolio returns and/or hedge risk. An option is a contract that gives the buyer the right, but not the obligation to buy or sell a security at a specific price on or before

a certain date. We may use “covered call” writing strategies to generate income from selling an option against a security you own. We may also use call or put options to speculate on price movements on the underlying security. So called “naked calls or puts” may substantially increase the risk in your portfolio.

Please Note: Investing in securities involves risk of loss that clients should be prepared to bear. While the stock market may increase and your account(s) could enjoy a gain, it is also possible that the stock market may decrease and your account(s) could suffer a loss. It is important that you understand the risks associated with investing in the stock market, are appropriately diversified in your investments, and ask any questions you may have. Clients must also notify our firm of life changes or risk tolerance changes that may alter the asset allocation of their portfolio.

Voting Client Securities:

SEC Rule 206(4)-6 requires investment advisers who have voting authority with respect to securities held in their clients’ accounts to monitor corporate actions and vote proxies in their clients’ interests. Our firm is required by the SEC to adopt written policies and procedures, make those policies and procedures available to clients, and retain certain records with respect to proxy votes cast.

Our firm considers proxy voting an important right of our clients as shareholders and believe that reasonable care and diligence must be taken to ensure that such rights are properly and timely exercised. When our firm has discretion to vote the proxies of our clients, our firm will vote those proxies in the client’s best interests and in accordance with these policies and procedures. Clients may request a copy of our written policies and procedures regarding proxy voting and/or information on how particular proxies were voted by contacting our Chief Compliance Officer, Renee Michel, by phone at (530) 487-1777 or email at renee@sweeneymichel.com.

Policy for Voting Proxies

All proxies received by our firm will be given to our Chief Compliance Officer or designated person for processing. Our Chief Compliance Officer will determine which accounts managed by our firm hold the security to which the proxy relates. These accounts and their share holdings will be matched to the proxies received for each security. Missing proxies or significant variances in shares held will be investigated.

A grid of securities being voted will be updated with each proxy being voted. The grid will also contain a list of clients with the security voted upon. Our Chief Compliance Officer will review each item for voting on each proxy. Based on our proxy voting guidelines outlined below, a determination of how our firm votes will be made. Proxies will generally be voted online unless custodian requires mailed forms. In the absence of standing voting guidelines from the client, our firm will vote proxies in the best interest of each particular client.

Our firm seeks to ensure compliance with the new Exchange Act Rule 14a-11. In accordance with the aforementioned rule, our firm provides shareholders with the opportunity to nominate directors at a shareholder meeting under the applicable state or foreign law. Clients also have the ability to have their nominees included in the company proxy materials sent to all of our shareholders. Furthermore, the clients as shareholders also have the ability to use the shareholder proposal process to establish procedures for the inclusion of shareholder director nominations in company proxy materials.

Proxies Voting Guidelines

Where voting authority exists, proxies are voted by our firm according to Board recommendations in categories listed below among others unless not deemed to be in the best interests of the client:

- for directors and for management on routine matters;
- for a limit on or reduction of the number of directors, and for an increase in the number of directors on a case by case basis;
- against the creation of a tiered board;
- for the elimination of cumulative voting;
- for independence of auditors;
- for deferred compensation;
- for profit sharing plans;
- for stock option plans unless the plan could result in material dilution to shares outstanding or is excessive;
- for stock repurchases;
- for an increase in authorized shares unless the authorization effectively results in a blind investment pool for shareholders;
- for reductions in the par value of stock;
- for company name changes;
- for routine appointments of auditors.

Our firm abstains on motions to limit directors' liability. Material issues not addressed above (e.g., mergers, poison pills, social investing and miscellaneous shareholder proposals) are dealt with on a case-by-case basis.

Our firm will defer to instruction from clients in all voting matters. Records of all issues and votes are maintained and reported to clients as requested.

Our firm recognizes that under certain circumstances our firm may have a conflict of interest between us and our clients. Such circumstances may include, but are not limited to, situations where our firm or one or more of our affiliates, including officers, directors and employees, has or is seeking a client relationship with the issuer of the security that is the subject of the proxy vote. Our firm shall periodically inform our employees that they are under an obligation to be aware of the potential for conflicts of interest on the part of our firm with respect to voting proxies on behalf of funds, both as a result of our employee's personal relationships and due to circumstances that may arise during the conduct of our business, and to bring conflicts of interest of which they become aware to the attention of the proxy manager. Our firm shall not vote proxies relating to such issuers on behalf of client accounts until our firm has determined that the conflict of interest is not material or a method of resolving such conflict of interest has been agreed upon by our management team. A conflict of interest will be considered material to the extent that it is determined that such conflict has the potential to influence our decision-making in voting a proxy. Materiality determinations will be based upon an assessment of the particular facts and circumstances. If our firm determines that a conflict of interest is not material, our firm may vote proxies notwithstanding the existence of a conflict. If the conflict of interest is determined to be material, the conflict shall be disclosed to our management team and our firm shall follow the instructions of the management team.

Our Chief Compliance Officer will maintain files relating to our proxy voting procedures. Records will be maintained and preserved for 5 years from the end of the fiscal year during which the last entry was made on a record, with records for the last two years kept on our premises. Records of the following will be included in the files:

- a copy of each proxy statement that our firm receives, provided however that our firm may rely on obtaining a copy of proxy statements from the SEC's EDGAR system for those proxy statements that are available;
- a record of each vote that our firm casts;
- a copy of any document our firm created that was material to making a decision how to vote proxies, or that memorializes that decision;
- a copy of each written client request for information on how our firm voted such client's proxies, and a copy of any written response to any client request for information on how our firm voted their proxies.

Our written policies and procedures regarding proxy voting are disclosed here. Information on how particular proxies were voted may contact our Chief Compliance Officer, Renee Michel, by phone at (530) 487-1777 or email at renee@sweeneymichel.com.

Our firm does not pay for proxy voting services with soft dollars. Also, our firm does not charge an additional fee to vote proxies.

Code of Ethics, Participation or Interest in Client Transactions & Personal Trading

As a fiduciary, it is an investment adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times. Our fiduciary duty is the underlying principle for our firm's Code of Ethics, which includes procedures for personal securities transaction and insider trading. Our firm requires all representatives to conduct business with the highest level of ethical standards and to comply with all federal and state securities laws at all times. Upon employment with our firm, and at least annually thereafter, all representatives of our firm will acknowledge receipt, understanding and compliance with our firm's Code of Ethics. Our firm and representatives must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. This disclosure is provided to give all clients a summary of our Code of Ethics. If a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided promptly upon request.

Our firm recognizes that the personal investment transactions of our representatives demands the application of a Code of Ethics with high standards and requires that all such transactions be carried out in a way that does not endanger the interest of any client. At the same time, our firm also believes that if investment goals are similar for clients and for our representatives, it is logical, and even desirable, that there be common ownership of some securities.

In order to prevent conflicts of interest, our firm has established procedures for transactions effected by our representatives for their personal accounts¹. In order to monitor compliance with our personal trading policy, our firm has pre-clearance requirements and a quarterly securities transaction reporting system for all of our representatives.

Neither our firm nor a related person recommends, buys or sells for client accounts, securities in which our firm or a related person has a material financial interest without prior disclosure to the client.

Related persons of our firm may buy or sell securities and other investments that are also recommended to clients. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request.

Likewise, related persons of our firm buy or sell securities for themselves at or about the same time they buy or sell the same securities for client accounts. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request. Further, our related persons will refrain from buying or selling the same securities prior to buying or selling for our clients in the same day. If related persons' accounts are included in a block trade, our related persons will always trade personal accounts last.

¹ For purposes of the policy, our associate's personal account generally includes any account (a) in the name of our associate, his/her spouse, his/her minor children or other dependents residing in the same household, (b) for which our associate is a trustee or executor, or (c) which our associate controls, including our client accounts which our associate controls and/or a member of his/her household has a direct or indirect beneficial interest in.

Review of Accounts

Our management personnel or financial advisors review accounts on at least a quarterly basis for our Wrap Comprehensive Wealth Management clients. The nature of these reviews is to learn whether clients' accounts are in line with their investment objectives, appropriately positioned based on market conditions, and investment policies, if applicable.

Our firm may review client accounts more frequently than described above. Among the factors which may trigger an off-cycle review are major market or economic events, the client's life events, requests by the client, etc.

Our firm will provide a portfolio evaluation, asset allocation, portfolio income, and performance measurement and analysis of cash additions or withdrawals on written reports to clients. Verbal reports to clients take place on at least an annual basis when our Wrap Comprehensive Wealth Management clients are contacted.

Our firm is independently operated and owned and is not affiliated with Fidelity. The institutional platform services include, among others, brokerage, custody, and other related services. Fidelity's institutional platform services that assist us in managing and administering clients' accounts include software and other technology that (i) provide access to client account data (such as trade confirmations and account statements); (ii) facilitate trade execution and allocate aggregated trade orders for multiple client accounts; (iii) provide research, pricing and other market data; (iv) facilitate payment of fees from its clients' accounts; and (v) assist with back-office functions, recordkeeping and client reporting.
