Services, Fees, and Compensation

This brochure describes the investment advisory services we provide through our wrap-fee program. In addition to being an investment adviser, our firm is affiliated with a broker-dealer and insurance agency. We provide securities (such as stocks, bonds, mutual funds and variable insurance, among others), investment advice and other financial services to clients. We provide investment advice through investment adviser representatives registered with our firm. We refer to these investment adviser representatives as "Advisors" in this brochure. Most of our Advisors are also registered representatives of our affiliated broker-dealer, Kestra Investment Services, LLC (Kestra IS). In addition, many of our Advisors also act as insurance agents independent from our firm. We generally do not provide fixed insurance products or services. To the extent your Advisor provides fixed insurance products or services to you, he or she does so outside of our firm and supervision.

We have entered into an agreement with Envestnet Asset Management, Inc. (Envestnet) that enables our Advisors to offer the AdvisorEnterprise wrap-fee program and the services described below to you (AdvisorEnterprise Program).

The process for engaging us to provide you services begins with our Advisor obtaining financial information from you in order to develop investment recommendations that meet your goals and objectives. Our Advisor will review your information and analyze it in order to recommend appropriate products and service based on your investment objectives, investment time horizon and risk tolerance. You will enter into a contract with our company setting forth terms and conditions of the advisory services relationship for the AdvisorEnterprise Program. You will also enter into separate custodial/clearing agreements with the applicable custodian. We typically clear transactions pursuant to our clearing agreement through National Financial Services, LLC (National Financial or NFS); however, we reserve the right to designate alternative clearing and custody companies similar to those we have with National Financial. National Financial, and not our firm, maintains custody of funds and securities in your account. Additional Information regarding National Financial is described below. In addition to this Brochure, you will also receive a copy of our Privacy Policy. You will also receive the Envestnet Brochure that further describes their services as an investment adviser.

Our Advisors will contact you, and typically meet with you, at least annually to review the performance of your AdvisorEnterprise Program account and any changes to your financial situation and investment goals and objectives. You are required to provide your Advisor with updated information regarding your financial condition and changes that may have occurred in your objectives, time horizon or risk tolerance. You are encouraged to contact your Advisor should you have questions about the management of your account in the AdvisorEnterprise Program.

We or our affiliated broker-dealer make available hundreds of different mutual fund and variable insurance products to our representatives and customers. We also make available many retirement vehicles such as 401(k) and group variable annuity products, as well as alternative investment products such as limited partnerships, real estate investment trusts, and hedge fund products. Our Advisors are free to choose what products they sell to customers from among these many products. Because of the numerous investment and insurance alternatives available, we or our affiliates focus on the sale of products of a select number of providers ("Select Providers"). Select Providers are given increased access to our Advisors for the purpose of providing marketing, education and product support.

We or our affiliated broker-dealer receive both financial and non-financial support from certain mutual fund, insurance and other companies or their affiliates based upon the sale of such companies' products. We or our affiliate receive more compensation for the sale of products of Select Providers than for the products of other providers we sell and thus have a financial incentive to sell the products of Select Providers. The amounts and forms of compensation we or our affiliate receive from Select Providers vary based on a number of factors including level of past sales, prospective future sales and the types of service and access to distribution we provide. We or our affiliate receive one or more of the forms of compensation described below in connection with our arrangements with each Select Provider. These payments are made from the resources of the investment adviser or distributor (or one of their affiliates) in the case of mutual fund Select Providers, and from the resources of the insurance company (or its affiliate) in the case of variable annuities, group annuities, and variable life products. These payments are in addition to the sales charges, rule 12b-1 fees, service fees, redemption fees, deferred sales charges and other fees and charges described in the prospectus fee tables or offering documents of the various products.

The select provider payments listed below are as of the date of this filing and subject to change. These relationships create a conflict of interest as they result in increased compensation to us, your Advisor or our affiliates.

Please visit our website <https://www.kestrafinancial.com/disclosures/company-information> more information regarding the companies and amounts and types of compensation we receive. If you do not have access to our website, you may contact your Advisor or our home office for additional information.

Mutual Funds and ETFs

Select Providers of mutual funds and ETFs pay us or our affiliate either an amount of up to 0.07% off of AUM of products attributable to us, or 20% of the overall net expense ratio of no transaction fee funds, or fixed fees of up to \$200,000 annually to support and participate in various conferences and seminars conducted by us and our affiliates.

Variable Annuities

Select Providers of variable annuities pay us or our affiliate an amount of up to 0.25% of the amount of our new sales of their products quarterly. Such providers may also pay us or our affiliate fixed fees of up to \$65,000 annually to support and participate in various conferences and seminars conducted by us and our affiliates.

Equity and Fixed Indexed Annuities

Select providers of equity and fixed indexed annuities pay us or our affiliate an amount of up to 0.50% based on gross new sales volume. Such providers may also pay us or our affiliate fixed fees of up to \$65,000 annually to support and participate in various conferences and seminars conducted by us and our affiliates

Retirement Products

Select Providers of 401(k), group annuity and other retirement products pay fixed fees for the benefit of Kestra AS or its affiliates up to \$250,000 annually to support and participate in conferences and seminars.

Alternative Investments

Select Providers of alternative investment products, including limited partnership, real estate investment trust (REIT), and hedge fund products, pay us or our affiliate an amount of up to 1.50%

of new investments in such products. In addition, such providers pay us or our affiliate fixed fees of up to \$75,000 annually to support and participate in conferences and seminars. Select Providers of alternative investment products also pay us or our affiliates an initial fee of up to \$5,000 and an annual fee of up to \$1,500 to support the due diligence efforts of Kestra IS and its affiliates related to such products and providers.

Variable Life Insurance

Select Providers of variable life insurance products may pay Kestra IS or our affiliated insurance agencies wholesale overrides in an amount of up to approximately 31% of first year target premium and an amount of up to approximately 4% of any renewal premiums. Select Providers of variable life products also pay us or our affiliate up to \$45,000 annually to support various workshops and meetings, to support development of account management tools and other technology and to support our due diligence efforts. In the case of variable life insurance products, Select Providers provide a variety of policy and underwriting support services to Kestra IS, our affiliate and our Advisors. Kestra IS may pay our Advisors a higher percentage of compensation for sales of Select Provider variable life insurance products than for other such products we sell.

Generally, you may purchase alternative investments on a commission basis through your Advisor in their capacity as a registered representative of Kestra IS, or purchase such investments at net asset value (NAV) in an advisory account, in which case your Advisor will charge an ongoing advisory fee as a percentage of the investment's value. There are different costs associated with purchasing these investments with a commission or at NAV. You and your Advisor must evaluate and determine which option is most appropriate based on the services being provided, and how long you anticipate holding the investment, among other factors. If you choose to purchase an alternative investment on a commission basis, we will not charge an advisory fee on the value of that investment. Should your alternative investment, after a period of time, be converted by the issuer to an advisory share class, it will be eligible at that time to be assessed an advisory fee. Note that you will likely pay more in advisory fees versus up-front commissions over the typical holding period of these investments.

We require illiquid alternative investments subject to fee billing in advisory accounts to be valued at NAV. This valuation serves as the basis for fee calculations for advisory accounts where fees are assessed based on assets under management (AUM). NAV for illiquid alternative investments may be calculated as often as quarterly but no less frequently than annually. In the case where an alternative investment is valued annually, the underlying value of the asset may fluctuate, but the NAV will continue to serve as the basis for the AUM calculation. This could result in you experiencing higher or lower fees than if the NAV were calculated more frequently.

Kestra IS sponsors a Free Ticket Program through which we provide clients the opportunity to place trades for select mutual funds and ETFs at no cost to the Advisor or client. We are able to provide the Free Ticket Program because certain fund families have agreed to pay or reimburse our affiliate broker dealer for trading costs associated with their funds. These Free Ticket Funds can be purchased and exchanged at NFS without trading fees to our Advisors and their clients. However, there are trading fees on the sale of these same funds. Some participants of the Free Ticket Program may also be Select Providers. While there are no transaction costs associated with the purchase or exchange of these mutual funds and ETFs, they may not provide the lowest overall costs over time when compared to mutual funds or ETFs with transaction fees. This relationship creates a conflict of interest as it results in increased compensation to our affiliates and to your Advisor to the extent your advisor would normally absorb any trading costs.

Kestra IS has entered into a Securities Backed Lending (SBLOC) program with The Bancorp Bank, Tristate Capital Bank, and Goldman Sachs Private Bank Select. This program allows clients to collateralize their securities in order to obtain a line of credit. In consideration of the marketing of the products by Kestra IS to its clients, The Bancorp Bank, Tristate Capital Bank, and Goldman Sachs Private Bank Select pay Kestra IS quarterly revenue sharing payments based on the average daily outstanding loan balance (total loan amount) of the SBLOC. Additional details are available regarding this calculation upon request.

Through the custodial agreement between Kestra IS and NFS, NFS remits fees to Kestra IS for each transaction fee mutual fund position held in custody at NFS, and these fees increase as the amount of all of your positions, not limited to transaction fee positions, held in the custody of NFS increases. This compensation creates a conflict of interest as we are incentivized to hold more of your assets at NFS. Your Advisor does not receive any portion of the fees paid to Kestra IS for the custody of your assets.

NFS offers a no-transaction-fee (NTF) program where the transaction charge is waived for the purchase and sale of mutual funds participating in the program. Other mutual funds participate in a program where the transaction charge is waived for the purchase of mutual funds but not the sale. Participating funds compensate NFS or IWS as applicable, which in turn compensates us or our affiliated broker-dealer based on the amount of assets invested in those funds. As a result, we have a conflict of interest to the extent Advisors recommend these funds, because we or our affiliated broker-dealer will receive compensation in addition to any advisory fees you pay. If your Advisor absorbs the transaction fees for your account, the NTF program creates a conflict of interest as it results in increased compensation to your Advisor. The funds in the program also have higher expense ratios than similar funds not in the program. Thus over time, you will pay higher costs for funds in this program than you would for non-NTF funds subject to transaction charges.

Kestra IS offers a no-transaction-fee (NTF) program where the transaction charge is waived for the purchase and sale of ETFs participating in the program. Other ETFs participate in a program where the transaction charge is waived for the purchase of ETFs but not the sale. Participating funds pay our affiliate a rate based on the amount of assets invested in those funds and the expense ratio of the fund. As a result, we have a conflict of interest to the extent Advisors recommend these funds, because our affiliated broker-dealer will receive compensation in addition to any advisory fees you pay. If your Advisor absorbs the transaction fees for your account, the NTF program creates a conflict of interest as it results in increased compensation to your Advisor.

Kestra IS receives securities service fees, 12b-1 fees and other third-party payments if you implement our recommendations through our affiliated broker-dealer. Relative to your mutual fund purchases, for the period in which you maintain an investment with the mutual fund, our affiliated broker-dealer will receive ongoing 12b-1 and service fees directly from the mutual fund company or ongoing fees from the adviser, underwriter or distributor of the mutual fund. Mutual funds with 12b-1 fees are generally more expensive than those funds without such fees. There is a conflict of interest when we recommend these products or services since they result in increased compensation to our affiliated broker-dealer. To mitigate this conflict of interest, we credit back to your account an amount equal to the 12b-1 and service fees collected in connection with your advisory assets, except for 12b-1 fees generated through the default sweep money market mutual funds available on the NFS platform, which NFS remits to Kestra IS and Kestra IS retains.

When you establish an account with Kestra IS on the NFS platform, you are required to select a bank sweep option or money market mutual fund in which the cash in your account will be held.

The FDIC bank deposit sweep program is the default option for cash contributed to non-entity (individual) accounts and we receive more from NFS for assets held in that sweep program than we do for assets placed into a money market fund. Entities are not eligible to participate in the bank deposit sweep program.

The bank sweep account will have a yield that will vary based on prevailing interest rates. Kestra IS has the ability to dictate what portion of the yield (interest rate paid) on the bank sweep accounts it will retain. Kestra IS's ability to adjust the yield creates a conflict of interest since the lower the portion of the yield paid to you, the more Kestra IS earns. Our Advisors do not receive any portion of the bank sweep compensation paid to Kestra IS.

In addition to a bank sweep deposit option, Kestra IS makes available a limited number of money market funds that you may elect to have serve as the cash sweep vehicle for your brokerage account. Pursuant to Kestra IS's clearing agreement with NFS, NFS remits to Kestra IS the amount of 12b-1 fees and shareholding servicing fees for money market mutual funds affiliated with or specified by NFS in amounts set forth in the prospectus or other offering document for such funds, plus ten basis points of amounts invested in such funds. The higher the 12b-1 fees paid by the money market mutual fund, the lower the yield on cash in your account. This revenue sharing creates a conflict of interest as the increased revenue generated from the default money market funds is paid to our affiliated broker dealer. Because our affiliated broker-dealer receives and retains these amounts, we have an incentive to recommend a brokerage account offering sweep money market funds paying 12b-1 fees, which in turn will negatively impact the amount you earn on cash in your account. Our Advisors do not receive any portion of the money market compensation paid to Kestra IS.

Kestra IS does not make available other share classes of the same funds, including those that do not pay 12b-1 fees, available as sweep money market options, however, you may purchase other money market funds, including those that do not pay 12b-1 fees, and move assets from the money market fund or bank deposit account that serves as your cash sweep vehicle into such other funds. While you are not obligated to maintain your assets in the core sweep money market fund or bank deposit sweep account you select, cash in your brokerage account will be placed in the sweep option you select by default and remain in that sweep option until the funds are invested elsewhere or you withdraw the cash from your account.

Kestra IS is credited 50% of the interest assessed on margin accounts by NFS. This credit creates a conflict of interest since our affiliated broker-dealer receives additional compensation beyond the advisory fees collected on accounts custodied at NFS, which provides an incentive to place business with that custodian.

Program Services and Fees

Third-party Strategists*

We have, or Envestnet has, entered into agreements with various third-party strategists that provide allocation models for investments in mutual funds and exchange-traded funds (ETFs). Through this service, our Advisors use the models provided by these strategists to recommend an allocation of your assets among mutual funds and/or ETFs. Envestnet is responsible for the actual trading and investment of your assets based on the recommendation of our Advisor and strategist model. You may be restricted in your ability to directly contact and consult with the strategists or Envestnet, but our Advisors are available to address any questions, issues or concerns regarding the strategists or their models. The result is an account portfolio comprised of selected mutual funds and/or ETFs based on your investment objectives and risk tolerance. Accounts using third-

party strategists typically have a minimum account size requirement between \$10,000 and \$50,000. The fees for management of your account with third-party strategists are generally within the ranges set forth below. The AdvisorEnterprise Program Fee includes fees for our firm, Envestnet and the services of the applicable third-party strategist managing your account. Custody and trading services are included in the AdvisorEnterprise Program Fee. Any additional fees are disclosed with your client agreement.

In the event Loring Ward is selected as a third party manager, Loring Ward will absorb the cost of the platform fee typically assessed to the client, up to 30 bps with a minimum of \$55 per account, on assets invested in Loring Ward investor models. Our Advisors do not retain any portion of the platform fee.

*Total Fee is the sum of the Program Fee plus the Advisor's Fee. In instances where the maximum Program Fee plus Advisor Fee would exceed 2.5 percent, the Advisor fee is reduced so as to not exceed a 2.5 percent. Annual platform minimum of \$55 if threshold is not met.

Institutional Money Management

Envestnet has entered into agreements with various third parties that will manage your assets either directly or through pooled investment vehicles. Under this service, our Advisors recommend managers to invest your assets based on your investment objectives and risk tolerance. You may be restricted in your ability to directly contact and consult with managers or Envestnet, but our Advisors are available to address any questions, issues or concerns regarding these managers or their recommendations. The primary ways an Advisor provides access to a manager through the AdvisorEnterprise Program are described below:

Separately Managed Accounts (SMAs)

SMAs are accounts managed by firms that typically invest assets for large institutions and high net worth individuals. Unlike mutual funds, where your assets are pooled with those of other investors, SMAs provide direct ownership by you of the individual securities and ETFs within the SMA portfolio. This structure provides more control over your assets, allowing both you and your Advisor to customize an investment solution that reflects your individual goals and objectives. SMA accounts typically have a minimum account size requirement of \$100,000, though some third-party managers require a minimum account size of \$250,000. The fees for management of your SMA are generally within the ranges set forth below. Except where otherwise designated, the AdvisorEnterprise Program Fee includes fees for our firm, Envestnet, custody and trading services and services of the applicable third party managing your account.

Equity SMA* Schedule

<u>AdvisorEnterprise Program Fee</u>		<u>Advisor's Fee</u>		<u>Total Fee</u>	
<u>Equity SMA</u>	<u>Fee</u>	<u>Minimum</u>	<u>Maximum</u>	<u>Minimum</u>	<u>Maximum</u>
First \$250,000	1.05%	0.00%	1.45%	1.05%	2.50%
Next \$250,000	0.88%	0.00%	1.62%	0.88%	2.50%
Next \$500,000	0.81%	0.00%	1.69%	0.81%	2.50%

Over \$5,000,000	0.70%	0.00%	1.80%	0.70%	2.50%

*The following will apply:

- An annual minimum custody charge of \$250 per manager may apply if threshold is not met.
- Annual minimum platform fee of \$75 may apply if threshold is not met.
- Minimum account size of \$100, 000.
- Manager fees may vary based upon SMA manager chosen.

Fixed Income SMA* Schedule

<u>AdvisorEnterprise Program Fee</u>		<u>Advisor's Fee</u>		<u>Total Fee</u>	
<u>Fixed Income SMA</u>	<u>Fee</u>	<u>Minimum</u>	<u>Maximum</u>	<u>Minimum</u>	<u>Maximum</u>
First \$250,000	0.75%	0.00%	1.75%	0.75%	2.50%

Over \$5,000,000	0.48%	0.00%	2.02%	0.48%	2.50%

*The following will apply:

- An annual minimum custody charge of up to \$220 per manager may apply if threshold is not met.
- Annual minimum platform fee of \$75 may apply if threshold is not met.
- Minimum account size of \$100,000.
- Manager fees may vary based upon SMA manager chosen.

Multi-manager Accounts (MMAs)

MMAs are accounts that allocate client assets in accordance with predetermined models in various asset classes. Your assets are directly invested within each asset class by a separate account manager. An overlay manager is typically responsible for initially allocating assets within each asset class and monitoring and rebalancing among the asset classes. MMAs typically have account minimums of \$30,000. The fees for management of your MMA are generally within the ranges set forth below. Except where otherwise designated, the AdvisorEnterprise Program Fee includes fees for Kestra AS and its affiliates, Envestnet, custody and trading services and services of the applicable third party managing your account.

MMA Schedule

<u>AdvisorEnterprise Program Fee</u>			<u>Advisor's Fee</u>		<u>Total Fee*</u>	
	Minimum	Maximum	Minimum	Maximum	Minimum	Maximum
First \$500,000	0.72%	0.82%	0.00%	1.78%	0.72%	2.50%
Next \$500,000	0.67%	0.77%	0.00%	1.83%	0.67%	2.50%

Next \$300,000,000	0.61%	0.66%	0.00%	1.89%	0.61%	2.50%
Over \$500,000,000	0.58%	0.63%	0.00%	1.92%	0.58%	2.50%

* The following will apply

- Manager fees may vary based on MMA manager chosen.
- Minimum annual custody fee of up to \$250

Unified Manager Accounts (UMAs)

UMAs are accounts that combine traditional SMAs, third party strategists, equities, mutual funds and ETFs into a single diversified portfolio. Your assets are directly invested within each asset class by an overlay manager that is typically responsible for initially allocating assets within each asset class and monitoring and rebalancing among the asset classes. UMAs typically have a minimum annual account size requirement of \$150,000. The fees for management of your UMA are generally within the ranges set forth below. Except where otherwise designated, the AdvisorEnterprise Program Fee includes fees for Kestra AS and its affiliates, Envestnet, custody and trading services and services of the applicable third party managing your account.

UMA Schedule

<u>AdvisorEnterprise Program Fee</u>			<u>Advisor's Fee</u>		<u>Total Fee*</u>	
	Minimum	Maximum	Minimum	Maximum	Minimum	Maximum
Up to \$500,000	0.32%	1.05%	0.00%	2.18%	0.32%	2.50%
Next \$500,000	0.27%	1.00%	0.00%	2.23%	0.27%	2.50%
Next \$100,000,000	0.23%	0.96%	0.00%	2.27%	0.23%	2.50%
Next \$300,000,000	0.20%	0.93%	0.00%	2.30%	0.20%	2.50%
Over \$500,000,000	0.18%	0.91%	0.00%	2.32%	0.18%	2.50%

* The following will apply

- An annual minimum custody charge of up to \$250 per sleeve may apply if threshold is not met.
- An annual minimum platform fee of \$75 may apply if threshold is not met.
- Minimum account size of \$150,000.
- Manager fees may vary based on SMA manager chosen.
- Total Fee is the sum of the Program Fee plus the Advisor's Fee. In instances where the maximum Program Fee plus Advisor Fee would exceed 2.5 percent, the Advisor fee is reduced so as to not exceed a 2.5 percent Total Fee.

Passive Laddered Bonds

These are strategies of investments in intermediate and long-term fixed income instruments purchased by a third-party manager available through Envestnet. Passive Laddered Bond accounts typically have a minimum annual account size requirement of \$250,000. The fees for management of your account with Passive Laddered Bonds are generally within the ranges set forth below. Except where otherwise designated, the AdvisorEnterprise Program Fee includes fees for Kestra AS and its affiliates, Envestnet and services of the applicable third party managing your account.

Passive Laddered Bond Schedule

<u>AdvisorEnterprise Program Fee</u>		<u>Advisor's Fee</u>		<u>Total Fee*</u>	
<u>Year 1</u>	<u>Fee</u>	<u>Minimum</u>	<u>Maximum</u>	<u>Minimum</u>	<u>Maximum</u>

Next \$1,000,000	0.35%	0.00%	2.15%	0.35%	2.50%
Next \$3,000,000	0.33%	0.00%	2.17%	0.33%	2.50%
Over \$5,000,000	0.30%	0.00%	2.20%	0.30%	2.50%

* Custody and trading charges will be on a transaction based pricing schedule provided by your Advisor.

Alternative Investments

These are investments in pooled investment vehicles offered or sponsored by third parties. Your investment in an alternative investment solution will be a direct investment in a pooled vehicle. The AdvisorEnterprise Program offers this service in the following manner: Kestra Alternatives, which are investments in pooled vehicles such as hedge funds, fund of funds, limited partnerships and other direct participation programs, with a required minimum initial investment typically of \$25,000. The fees for management of your account with Alternative Investments are generally within the ranges set forth below. Except where otherwise designated, the AdvisorEnterprise Program Fee includes fees for Kestra AS and its affiliates, Envestnet and trading services and services of the applicable third party managing your account. However, fees for custody and trading may be separate.

Additional Information about Fees

All AdvisorEnterprise Program fees are negotiable, subject to the maximum amount set forth above and are charged on a per account basis. The cost of the services provided to you through the AdvisorEnterprise Program may be more or less than the cost of purchasing similar services separately. Among the factors impacting the cost of the program are the account size, type of account registration (e.g., retirement), nature of services we provide you, amount of assets specific to a particular strategy and the particular service or third-party manager selected.

Your Advisor generally receives compensation as a result of your participation in the AdvisorEnterprise platform. The amount of this compensation is generally more than what your Advisor would receive if you participated in our other platforms or programs or separately paid for investment advice, brokerage and other services. Your Advisor therefore has a financial incentive to recommend this platform over other programs or services we offer. An Advisor receives additional economic benefit as a result of business with us in the form of reduced charges for the platforms and services we make available to the Advisor for use with their clients, as well as additional compensation from Kestra AS in the form of an increased payout. The reduced charges and additional compensation is generally based on the aggregate amount of assets of the Advisor's clients that utilize platforms and services of us or our affiliates or other factors in our discretion. An Advisor therefore has a financial incentive to recommend the AdvisorEnterprise Program over other platforms or services we provide. This additional financial benefit is not shared with you, which creates a conflict of interest based on incentive for an Advisor to utilize the AdvisorEnterprise Platform.

Other costs that may be assessed to you and that are not part of the AdvisorEnterprise Program Fee include fees for portfolio transactions executed away from National Financial, dealer markups, electronic fund and wire transfers, spreads paid to market-makers, market maker spreads and exchange fees, among others. Any and all brokerage account fees, including retirement account annual custodial fees, apply to each of your accounts. For Advisor as Manager accounts, a \$60 minimum platform fee applies. The above-listed amounts do not include other amounts that you

may be subject to, such as the initial and ongoing expenses paid to third-party investments or third-party pooled investment vehicles, such as mutual funds, annuities or alternative investments. Such expenses are usually set forth in the applicable offering document of the investment and are payable or borne by you in addition to any fee outlined above.

Our Chief Compliance Officer is available to address any questions that a client or prospective client may have regarding its prospective engagement and the corresponding conflict of interest presented by such an engagement.

Investment and Brokerage Discretion

By choosing to participate in the AdvisorEnterprise Program, you are required to grant discretionary investment authority to us so that we may take all necessary steps for providing advisory services for your account, such as determining the securities and amount to be bought or sold and recommending any appropriate third-party strategist or third-party manager.

By choosing to participate in the AdvisorEnterprise Program, you have designated National Financial as the broker/custodian for your assets. By designating National Financial as your broker/custodian, we will not have authority to negotiate commissions among various brokers or to obtain volume discounts, and best execution may not be achieved. You may pay higher commissions and transaction cost, and receive less favorable net prices than other clients. Third-party managers may have policies to aggregate trades with their own trades or trades for other clients as disclosed in more detail in each third party's disclosure Brochure. Not all investment advisers require directed brokerage.

Kestra IS introduces accounts on a fully disclosed basis to National Financial. For advisory accounts, we do not typically act in a principal capacity when initiating any trade order; however, National Financial or underlying managers may act in a principal capacity when executing a trade order. Any principal trades in an advisory account will be handled in accordance with applicable law. Agency cross transaction take place when we cause a security to be transferred from one account to another. Agency cross transactions are not permitted in Advisory Accounts.

OTHER SERVICES

Advisor as Portfolio Manager

Through a service separate from the AdvisorEnterprise Program, our Advisors directly manage your accounts and assets using tools, resources and technology provided by Envestnet that are also be available on the AdvisorEnterprise Program. These services include the ability to produce detailed proposals, create investment models, allocate assets, monitor client specifications on an account, aggregate trading and rebalance an account. In acting as a portfolio manager for you as described in this brochure, Advisors generally invest in individual equity or fixed income securities as well as pooled investment vehicles such as mutual funds. Please see our Brochure for more information on this service.

You should promptly notify us if there is ever any change in your financial situation or investment objectives since it make cause us to review, evaluate or revise our previous recommendations and services to you.

As of December 31, 2018, we managed approximately \$21,745,900,000 in assets for approximately 81,360 clients. Approximately \$14,773,000,000 is managed on a discretionary basis, and approximately \$6,972,000,000 is managed on a non-discretionary basis.

Account Requirements and Types of Clients

Our clients include individuals, pension and profit sharing plans, corporations and other business organizations, trusts, estates and charitable organizations. We generally require a minimum account value of \$25,000 for a single account or \$10,000 for new accounts where the combined household account value will meet a minimum of \$25,000 of managed assets, although we may waive the account minimum from time to time at our discretion.

Portfolio Manager Selection and Evaluation

Our research and due diligence process is a multi-step approach designed to identify and monitor the managers in the AdvisorEnterprise Program to provide services for you over various market cycles. Through our relationship with Envestnet, we rely primarily on Envestnet to identify prospective managers and to perform due diligence on such managers that may be selected in the AdvisorEnterprise Program. Managers are typically evaluated based on data and information from various third-party sources, such as independent databases, and from the particular manager. Among the information collected and analyzed are historical performance, investment philosophy, investment style, historical volatility and correlation across asset classes.

To the extent Envestnet has not performed the research and due diligence on a third-party manager, we will review the third party through our internal due diligence process. Managers are typically evaluated based on data and information from various third-party sources, such as independent databases, and from the particular manager. Among other things, our process entails examining items such as the disclosure Brochure on Form ADV, Part 2A of the manager, any applicable offering document, performance reports and other information as deemed necessary to help determine the third party's investment strategy. We also attempt to verify information by comparing it to publicly available sources.

Advisors are also responsible for the selection of any third-party investments or investment vehicle based upon your specific situation, requirements and suitability. Advisors will recommend the replacement of any third-party investments or investment vehicle consistent with their duties as a fiduciary under applicable law.

As soon as possible, but in no event later than 45 days after the end of each calendar quarter, we, the custodian or Envestnet will make available to you via electronic means a quarterly statement containing a description of all activity in your account during the previous quarter. Account statements will be forwarded by National Financial on a quarterly basis. If trading activity occurs in the account during a month that is not a quarter-end month, a monthly statement will be sent to you.

Statements will be sent in one package per account group with a Consolidated Summary of Accounts Page as long as the address on each account matches the primary account. If a primary account is not designated, we or your Advisor will select one. National Financial will make copies of account statements and summary pages available electronically on its Wealthscape system for us or your Advisor and on its MyStreetscape system for you. Your Advisor must be enrolled on the

Wealthscape system in order for you to view statements online with MyStreetscape. Please contact your Advisor should you want access to MyStreetscape. As with all investments, we do not guarantee positive performance results.

We typically do not review performance information of third parties, and performance information may not be calculated on a uniform or consistent basis among each third-party manager available through AdvisorEnterprise. Further, third parties may not calculate performance in accordance with any industry or other standards.

We use the same research, selection and review process for any Kestra Affiliate as we do unaffiliated firms.

Client Information Provided to Portfolio Managers

Your information is forwarded to Envestnet so that it may be sent along to any appropriate third-party strategist or third-party manager to perform the services of the AdvisorEnterprise Program described above.

You should be aware that for some of the services outlined above, National Financial may transmit certain of your personal account information to a third-party vendor, Checkfree Investment Services, a division of Checkfree Services Corporation (Checkfree), solely for the purpose of managing your account. The type of information that may be submitted includes (i) account detail information such as your name, address and Social Security number, (ii) account balances such as margin and core cash balances, (iii) account positions such as securities held and number of shares; and (iv) account transactions such as buys, sells and dividends. Checkfree, the third-party vendor, is storing such personal information at their site for fulfilling its obligation to us.

Client Contact with Portfolio Managers

You may be restricted in your ability to directly contact and consult with the strategists, portfolio managers and Envestnet regarding your account and participation in the AdvisorEnterprise Program. However, our Advisors are available to address any questions, issues or concerns regarding the strategists and their models or portfolio managers and their recommendations.

Disciplinary History

We have periodically been subject to administrative sanctions by state and self-regulatory agencies. A summary of the events is provided below for your reference. Prior to 4/7/2016 we were a dual registrant with our affiliated broker-dealer, Kestra IS (formerly known as NFP Advisor Services, LLC and NFP Securities, Inc.) and a summary of administrative actions applicable to Kestra AS and Kestra IS during the time we were dually registered follows. Additional detail regarding Kestra IS matters is available through FINRA's Broker/Check system.

Kestra AS:

On March 11, 2019, Kestra AS entered into an order by the U.S. Securities and Exchange Commission related to the recommendation of mutual fund share classes generating

compensation to Kestra AS's affiliated broker-dealer without adequate disclosure of such compensation and the additional expenses associated with the share classes in violation of Sections 206(2) and 207 of the Advisers Act. Without admitting or denying the underlying findings, Kestra AS offered to accept a censure and pay eligible customers an estimated \$5,628,383.60 in disgorgement and \$567,895.75 in interest.

On July 19, 2016, Kestra AS agreed to pay \$100,000 to the Commonwealth of Massachusetts for failing to register its investment adviser representatives who had a place of business in Massachusetts and ensure that its representatives were properly registered with the Commonwealth prior to providing investment advisory services.

Kestra IS:

On July 16, 2015, Kestra IS agreed to pay FINRA a fine of \$500,000 in connection with the supervision of private securities transactions of registered representatives registered with third party registered investment advisers, preservation of securities-related email, approving and preserving certain advertising materials, and updating Form U4 for certain representatives in a timely fashion.

On June 20, 2012, Kestra IS agreed to pay FINRA a fine of \$43,121.39 in connection with markups on several corporate bond transactions.

On April 6, 2011, Kestra IS agreed to pay FINRA a fine of \$50,000 in connection with advertising and sales literature published by an Advisor.

On July 15, 2009, Kestra IS agreed to pay FINRA a fine of \$7,500 related to the purchase and sale of municipal securities.

Other Financial Industry Activities or Affiliations

Kestra IS and Kestra AS are affiliated entities and subsidiaries of Kestra Financial, Inc. Kestra AS utilizes Kestra IS as its primary broker-dealer, and there are inherent conflicts of interest as a result of this arrangement.

If you choose to purchase investment products through Kestra IS, the broker-dealer will receive commissions from an issuer (such as a mutual fund or insurance company) or its affiliate, or will charge brokerage commissions or markups to affect a transaction in stocks or bonds. A portion of the commissions or markups will be paid to the applicable Advisor. Brokerage commissions and markups charged by Kestra IS may be higher or lower than those charged by other broker-dealers. Commissions paid to Kestra IS by an issuer or its affiliate are typically set forth in the applicable offering documents. Mutual funds or their affiliates pay Kestra IS ongoing 12b-1 trailing commissions and shareholder servicing fees applicable to certain share classes purchased for a client account during the period that the client maintains the mutual fund investment. Advisory accounts are credited back an amount equal to the 12b-1 fees Kestra IS receives from the mutual funds, except for 12b-1 fees received by our clearing firm, NFS, in connection with sweep money market mutual funds, which NFS in turn pays to Kestra IS and Kestra IS retains.

There are significant differences between brokerage and advisory services, which are governed by different regulations, offer different compensation structures, and place different obligations on your Advisor. The services provided for brokerage and advisory accounts also differ, and one

arrangement may provide a lower overall cost than the other. Compensation for brokerage accounts is typically commission-based. Compensation for advisory services is typically fee-based. These fees may be assessed either as flat fee or based on a percentage of assets under management. In some instances, commissions might be the only compensation available. Typically, your Advisor will either offset the fees by the amount of the commissions received or will not assess a fee for those assets for a period of time.

You may, but are not obligated to, engage our Advisors, in their individual capacities as registered representatives of Kestra IS, to implement investment recommendations on a commission basis. The recommendation to purchase a commission product creates a conflict of interest since the receipt of commissions provides an incentive to recommend products based on commissions to be received rather than your particular needs. We do not oversee and are not responsible for overseeing the sale of fixed or general account insurance products or annuities sold on a commission basis by an Advisor in their individual agent capacity, except in the case of certain fixed index annuities sold through Kestra IS. You are under no obligation to purchase any commission-based products through our Advisors.

Our Advisors, in their capacity as registered representatives of Kestra IS, have the ability to offer various investment products to advisory clients. Such products include hedge funds, limited partnerships and privately offered securities. Generally, you must meet certain financial, experience or risk tolerance requirements before you may invest in such products through us or Kestra IS. While Kestra IS introduces accounts to NFS, Kestra AS may also use other custodian/clearing firms.

In addition to the advisory fees you pay, when portfolio transactions are effected on behalf of investment advisory clients through our affiliated broker-dealer, Kestra IS receives compensation. This compensation creates a conflict of interest to the extent we recommend products where Kestra IS executes the transaction.

Our parent company, Kestra Financial, Inc., owns other investment advisers, insurance agencies, and service providers (Kestra Affiliates). From time to time, our Advisors will recommend that you purchase or sell products and services of or through Kestra Affiliates, and these Kestra Affiliates, receive compensation as a result. Such a recommendation creates a conflict of interest since it would result in increased compensation to a Kestra Affiliate, and potentially our firm and your Advisor. By way of example, in addition to being a broker-dealer, Kestra IS is an insurance agency through which our Advisors may sell fixed indexed annuities. Advisors recommending that you purchase variable insurance or fixed indexed annuities utilize the services of Kestra IS, and we and your Advisor then directly or indirectly receive compensation in addition to advisory fees you pay. The use of Kestra IS to purchase insurance creates a conflict of interest since we, your Advisor and our affiliate receive compensation in addition to advisory fees you pay.

Some of our Advisors, in their individual capacities as insurance agents may recommend you purchase fixed or general account insurance products or annuities on a commission basis. We do not oversee and are not responsible for these insurance sales, however, we do refer our Advisors to certain third party broker general agencies (BGAs) and our affiliated insurance agencies receive compensation from the BGAs if our Advisors use the services of these BGAs. Our Advisors are not required to utilize the services of any BGA to whom we refer business.

Our affiliation with such insurance agencies and the additional compensation an Advisor receives, irrespective of our affiliation, creates a conflict of interest to the extent our affiliates or Advisors receive compensation in addition to the advisory fees you pay us.

Kestra Financial, Inc. and Kestra Affiliates are ultimately owned by Kingfisher Holding, LP (Kingfisher). Some of our Advisors own equity in Kingfisher and stand to benefit if Kestra AS and Kestra Affiliates perform well financially. This ownership creates a conflict of interest since Advisors owning equity in Kingfisher have an incentive to recommend the services of Kestra Affiliates.

Other relationships with other Kestra companies include our ability to recommend services of our affiliate, Trinity Financial Services. Trinity Financial Services is an affiliated third party administrator made available to Advisors for recommendation to retirement plan sponsors. The recommendation of Trinity Financial Services creates a conflict of interest since our affiliate would receive increased compensation.

We are affiliated with Arden Trust Company. The recommendation of this company creates a conflict of interest since our affiliate would receive increased compensation.

Some of our Advisors are registered with or affiliated with an investment adviser other than our firm. You should read the brochure and any other materials provided by these other investment advisers for information regarding their services and fees if you engage them to provide you with advisory services.

Some of our Advisors participate in incentive trips and receive other forms of non-cash compensation based on the amount of their sales through Kestra IS, non-affiliated marketing groups or product manufacturers. To the extent your Advisor participates in an incentive trip or receives other forms of non-cash compensation, a conflict of interest exists in connection with the Advisor's recommendation of products and services for which they receive these additional economic benefits. Kestra IS allows representatives to receive marketing reimbursements from product providers to help defray these expenses. There is no requirement or expectation that representatives refer clients to or place assets with such providers.

A number of our Advisors own their own companies or engage in other outside businesses that are not affiliated with our company (each an Outside Business), including but not limited to certain insurance agencies as discussed above. Kestra AS does not provide investment advisory services through these Outside Businesses, does not supervise these businesses and is not responsible for any product or service purchased through these businesses. To the extent you purchase a product or service through an Outside Business, the Advisor or his or her Outside Business will receive compensation in addition to any amount you pay Kestra AS for investment advisory services. Since we do not own or control these Outside Businesses, you should discuss any compensation or other arrangements regarding an Outside Business with your Advisor.

Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

We maintain a written code of ethics in accordance with the Advisers Act that is intended to promote an ethical culture for our firm. Our code of ethics requires our personnel and Advisors to treat sensitive information confidentially, not misuse material non-public information about client transactions, report violations of the code, and comply with federal securities laws. The code of ethics also requires certain personnel and Advisors to report their personal securities holdings. We will provide a copy of our code of ethics upon request.

Our personnel and Advisors may invest for their own accounts in interests in investment partnerships, venture capital vehicles, and hedge funds and other commingled products or individual investment accounts managed by other advisers we have recommended to you as well. These entities and managers may also separately buy or sell investments that you buy or sell for your own account or that we have recommended to you. Generally, our Advisors and personnel have no ability to influence or control these entities' transactions in securities. If such influence or control did exist, our personnel and Advisors would be subject to policies on employee trading described in our code of ethics and compliance manual to address this conflict of interest.

Our employees and Advisors may invest for their own accounts in securities which may also be recommended, purchased, or sold for you as our advisory client. Our code of ethics requires Advisors to place the interests of clients before their own interests. Our compliance department reviews personnel and Advisor trades each quarter in an effort to ensure that their personal trading does not impact trades for clients and that our clients receive preferential treatment. Personal trades which consist of mutual funds or exchange-traded funds will typically not have an impact on client trading or securities markets.

Review of Accounts

Our Advisors will typically meet with you at least annually, to review the performance of your account, any changes to your financial situation, and investment goals and objectives. We also require you, in our standard client agreement, to inform your Advisor promptly of any changes to your information or circumstances, including changes to your financial condition or investment objectives. Our Advisors and our home office personnel are typically available during normal business hours to answer questions or concerns you may have.

Client Referrals and Other Compensation

We compensate various affiliated and unaffiliated third parties called "solicitors" to refer us clients and prospects they believe would benefit from our investment advisory services. Any such arrangements will be designed to comply with the Advisers Act, which requires, among other things, that you receive this brochure, we have an agreement with the solicitor, and that you receive a compensation disclosure detailing the amount we will pay the solicitor that referred you.

We may also enter into arrangements wherein we and our Advisors refer you to affiliated and unaffiliated investment advisers that will provide advisory services to you. When we make such a referral, we and our Advisor will typically receive a portion of the total fee the investment adviser charges you for as long as they provide you services. Any such arrangements will be designed to comply with the Advisers Act.

In order to help cover or defray the costs of transitioning from another investment adviser to Kestra AS our advisors generally receive various forms and amounts of transition assistance. Such transition assistance may include a promissory note loan, rent, technology services and equipment, legal expenses, administrative support, termination fees associated with moving accounts and regulatory services, payments based on production, reimbursement of fees, free or reduced-cost marketing material, attendance to conferences and events, and access to preferred pricing.

We make loans to Advisors which may be forgivable based on years of service with Kestra AS or its affiliates, assets under management, the amount of production with us or our affiliates or some

combination of these factors. This practice creates a conflict of interest since the Advisor has a financial incentive to recommend a client engage Kestra AS for advisory services, engage Kestra IS for brokerage services, and to recommend additional products and services in order for their loan to be forgiven.

We may issue payments in the form of loans to Advisors which may be forgivable based on years of service with, or the extent of their production with Kestra AS and its affiliates. This practice creates a conflict of interest in that the Advisor has a financial incentive to recommend a client engage Kestra AS for advisory services, engage Kestra IS for brokerage services and to recommend additional products and services in order for their loan to be forgiven. However, if you engage Kestra AS for an Advisor Managed Account, your Advisor will obtain the necessary financial data from you, assist you in determining the suitability for the Advisor Managed Account and help you set appropriate investment objectives. Your Advisor will then be able to purchase and sell securities in accordance with your investment objectives. Kestra AS periodically reviews advisory accounts to ensure suitability and adherence to investment objectives.

Kestra IS receives securities service fees, 12b-1 fees and other third-party payments if you implement our recommendations through our affiliated broker-dealer. Relative to your mutual fund purchases, for the period in which you maintain an investment with the mutual fund, our affiliated broker-dealer will receive ongoing 12b-1 and service fees directly from the mutual fund company or ongoing fees from the adviser, underwriter or distributor of the mutual fund. Mutual funds with 12b-1 fees are generally more expensive than those funds without such fees. There is a conflict of interest when we recommend these products or services since they result in increased compensation to our affiliated broker-dealer. To mitigate this conflict of interest, we credit back to your account an amount equal to the 12b-1 and service fees collected in connection with your advisory assets, except for 12b-1 fees generated through the default sweep money market mutual funds available on the NFS platform, which NFS remits to Kestra IS and Kestra IS retains. This credit is only available for accounts custodied at NFS. Other custodians available through Kestra AS retain any 12b-1 and service fees generated from the mutual fund holdings in your account.

When you establish an account with Kestra IS on the NFS platform, you are required to select a bank sweep option or money market mutual fund in which the cash in your account will be held. The FDIC bank deposit sweep program is the default option for cash contributed to non-entity (individual) accounts and we receive more from NFS for assets held in that sweep program than we do for assets placed into a money market fund. Entities are not eligible to participate in the bank deposit sweep program.

The bank sweep account will have a yield that will vary based on prevailing interest rates. Kestra IS has the ability to dictate what portion of the yield (interest rate paid) on the bank sweep accounts it will retain. Kestra IS's ability to adjust the yield creates a conflict of interest since the lower the portion of the yield paid to you, the more Kestra IS earns. Our Advisors do not receive any portion of the bank sweep compensation paid to Kestra IS.

In addition to a bank sweep deposit option, Kestra IS makes available a limited number of money market funds that you may elect to have serve as the cash sweep vehicle for your brokerage account. Pursuant to Kestra IS's clearing agreement with NFS, NFS remits to Kestra IS the amount of 12b-1 fees and shareholding servicing fees for money market mutual funds affiliated with or specified by NFS in amounts set forth in the prospectus or other offering document for such funds, plus ten basis points of amounts invested in such funds. The higher the 12b-1 fees paid by the money market mutual fund, the lower the yield on cash in your account. This revenue sharing creates a conflict of interest as the increased revenue generated from the default money market

funds is paid to our affiliated broker dealer. Because our affiliated broker-dealer receives and retains these amounts, we have an incentive to recommend a brokerage account offering sweep money market funds paying 12b-1 fees, which in turn will negatively impact the amount you earn on cash in your account. Our Advisors do not receive any portion of the money market compensation paid to Kestra IS.

Kestra IS does not make available other share classes of the sweep money market funds, including those that do not pay 12b-1 fees; however, you may purchase other money market funds, including those that do not pay 12b-1 fees, and move assets from the money market fund or bank deposit account that serves as your cash sweep vehicle into such other funds. While you are not obligated to maintain your assets in the core sweep money market fund or bank deposit sweep account you select, cash in your brokerage account will be placed in the sweep option you select by default and remain in that sweep option until the funds are invested elsewhere or you withdraw the cash from your account.

Kestra IS is credited 50% of the interest assessed on margin accounts by NFS. This credit creates a conflict of interest since our affiliated broker-dealer receives additional compensation beyond the advisory fees collected on accounts custodied at NFS, which provides an incentive to place business with that custodian.

Our affiliated broker-dealer also acts as a selling agent on a best efforts basis in their capacity as a broker-dealer for new issues of fixed income securities that our Advisor may purchase for your account. In such transactions, we or our affiliates generally receives both normal and customary transaction-related compensation as a selling agent for the new issue fixed income security as well as advisory fees on the fixed income security in your advisory account. Kestra IS has entered into an agreement with Advisors Asset Management, Inc. (AAM) and SumRidge to assist us in executing fixed income transactions. These relationships pay us compensation for order flow based upon the total amount of fixed income securities executed through AAM and SumRidge. The amount of compensation is a percentage of the concession charged by AAM or SumRidge for executing fixed income transactions. Kestra IS receives up to 25 percent of the concession charged by AAM or SumRidge for all our clients advisory and brokerage transactions. The use of AAM and SumRidge to place trades in advisory client accounts creates a conflict of interest since we have an incentive to utilize their services and increase compensation to our company.

If your Advisor is also a registered representative of our affiliated broker-dealer, or another broker-dealer, your Advisor may receive, or may have already received, compensation in connection with products or services purchased for you in addition to any advisory fees you pay us. Similarly, many of our Advisors are independent insurance agents that sell insurance through our Kestra Affiliates. As such, the Advisors and Kestra Affiliates may receive compensation in connection with your purchase of securities or insurance in addition to any advisory fees you pay us. These relationships create a conflict of interest as they result in increased compensation to us, your Advisor or Kestra Affiliates.

We or our affiliated broker-dealer receive both financial and non-financial support from certain mutual fund, insurance and other companies or their affiliates based upon the sale of such companies' products. These payments are in addition to the sales charges, service fees, redemption fees, deferred sales charges and other fees and charges described in the prospectus fee tables or offering documents of the various products. Additional information regarding the companies, amounts and types of compensation we receive is available on our website at **<https://www.kestrafinancial.com/disclosures/company-information>**. If you do not have access to our website, you may contact your Advisor or our home offices for additional information.

These relationships create a conflict of interest as they result in increased compensation to us, your Advisor or our affiliates.

We generally charge a non-refundable due diligence fee to third-party managers or product sponsors considered for inclusion in our investment platforms available to Advisors. Paying such a fee does not guarantee acceptance on any of our platforms or access to our Advisors. We do not share these fees with our Advisors. Initial fees charged may be up to \$5,000, depending on the complexity of the manager and the resources we need to perform the due diligence. Thereafter, the due diligence fee is typically \$1,500 annually, but may be more or less than this amount based upon the third-party manager and the nature of its services. We may waive these fees from time to time.

Kestra IS has entered into a custodial support services agreement with National Financial and Fidelity Brokerage Services, LLC in connection with our participation in their Fidelity Institutional Wealth Services (IWS) platform. We provide back-office, administrative, custodial support and clerical services in connection with your accounts on the IWS platform. For these services, we receive an amount up to 0.28 percent based upon our client assets on the IWS Platform.

If we utilize the services of other broker-dealers and custodians to execute or assist us in filling customer trade orders, we generally receive compensation from such broker-dealers in connection with the trades. In addition, we may receive execution price discounts and other compensation from these custodians and broker-dealers.

We have arrangements with various third-party managers or service providers that our Advisors may refer you to. We receive compensation from these managers or service providers to support conferences, training, marketing efforts, staffing, ongoing education of Advisors and the marketing efforts we perform on their behalf. These fees are negotiable, and such compensation ranges up to \$720,000 or up to 0.05 percent of the assets under management. In addition, we receive compensation from various third-party managers or service providers based upon a percentage of our client assets under their management. Such compensation ranges up to 0.05 percent of the assets under management. You are not charged a higher fee based upon these arrangements. The third-party managers or service providers with which we currently have such arrangements are: BTS, Clark Capital Management Group, Morningstar, AssetMark, SEI Investments Management Corporation ("SEI"), Brinker Capital, LWI Financial, City National Rochdale, Symmetry Partners, CLS Investment Management, Horizon Investments

In addition, Loring Ward offers all advisors with assets on their platform a basic subscription to MoneyGuidePro at no cost to the advisor. Furthermore, advisors can pay \$660 to receive an upgraded version of MoneyGuidePro with Loring Ward's data integrated into the software. Those advisors who place at least \$10MM on Loring Ward's platform receive the upgrade at no cost. This creates a conflict of interest because it incentivizes an advisor to place business with Loring Ward in exchange for software access.

Our Advisors also provide services in connection with clients' retirement accounts, such as individual retirement accounts (IRAs). Our services to IRA clients include those described above.

If you are participating in an employer sponsored retirement plan (such as 401(k) plan) and are no longer with that employer, you typically have four options (and may engage in a combination of these options): i) leave the money in the former employer's plan, if permitted, ii) roll over the assets to a new employer's plan, if one is available and rollovers are permitted, iii) rollover to an IRA, or iv) cash out the account value (which could, depending on your age, result in adverse tax consequences). To the extent you are a retirement plan client, please refer to our Retirement Plan Brochure.

Our Advisors may recommend that you roll over plan assets to an IRA under our management. As a result, we generally earn an asset-based fee. If you leave plan assets with your old employer's plan, or roll the assets to a plan sponsored by a new employer, we cannot manage the assets and will earn no compensation unless we are engaged to monitor or consult on your assets in the retirement plan. We have a financial incentive to encourage you to roll plan assets into an IRA that we will manage.

There are various factors you should consider before rolling over assets from a retirement plan to an IRA. These factors include: 1) the investment options available in the plan versus the investment options available in an IRA; 2) fees and expenses in the plan versus the fees and expenses in an IRA; 3) the services and responsiveness of the plan's investment professionals versus ours; 4) strategies for the protection of assets from creditors and legal judgments; 5) required minimum distributions and age considerations; and 6) employer stock tax consequences, if any. No client is under any obligation to roll over plan assets to an IRA managed by us or to engage our Advisors to monitor and/or consult on an account maintained in an existing retirement plan. A recommendation to roll assets out of an employer-sponsored plan **into an IRA will most likely result in more expenses and charges than if the assets were to remain in the plan.** Please speak to your Advisor to address any questions you may have regarding your engagement and the corresponding conflict of interest presented by such engagement.

Voting Client Securities

We do not, nor do our Advisors, vote proxies for any clients.

Financial Information

We do not have any financial condition likely to impair us from meeting our contractual commitments to you.

Miscellaneous

Termination of Accounts

Typically, both you and our company have the option under our standard agreements to terminate the agreement at any time. In addition, you have the right to terminate the contract without penalty within five (5) business days after entering into the contract. If you pay a fee in advance, fees will be pro-rated from the termination date and refunded to you.

Compliance Policies and Procedures

We maintain written compliance policies and procedures as required by the Advisers Act.

Anti-money Laundering Program

We maintain an anti-money laundering program in accordance with applicable regulations.

Business Continuity Plan

We maintain a business continuity plan designed to minimize the impact of disasters, emergencies and other unforeseen circumstances on our services and communications. A description of our plan is available on our website at <https://www.kestrafinancial.com/disclosures/company-information>, or by contacting your Advisor or our home office.
