Description of the Types of Advisory Services We Offer

Financial Planning & Consulting:

We provide a variety of financial planning and consulting services to individuals, families and other clients regarding the management of their financial resources based upon an analysis of the client's current situation, goals, and objectives. Generally, such financial planning services will involve preparing a financial plan or rendering a financial consultation for clients based on the client's financial goals and objectives. This planning or consulting may encompass one or more of the following areas: Investment Planning, Retirement Planning, Estate Planning, Charitable Planning, Education Planning, Corporate and Personal Tax Planning, Cost Segregation Study, Corporate Structure, Real Estate Analysis, Mortgage/Debt Analysis, Insurance Analysis, Lines of Credit Evaluation, Business and Personal Financial Planning.

Our written financial plans or financial consultations rendered to clients usually include general recommendations for a course of activity or specific actions to be taken by the clients. For example, recommendations may be made that the clients begin or revise investment programs, create or revise wills or trusts, obtain or revise insurance coverage, commence or alter retirement savings, or establish education or charitable giving programs. It should also be noted that we refer clients to an accountant, attorney or other specialist, as necessary for non-advisory related services. Plans or consultations are typically completed within six (6) months of the client signing a contract with us, assuming that all the information and documents we request from the client are provided to us promptly. Implementation of the recommendations will be at the discretion of the client.

Pension Consulting:

We provide pension consulting services to employer plan sponsors on a one-time or ongoing basis. Generally, such pension consulting services consist of assisting employer plan sponsors in establishing, monitoring and reviewing their company's participant-directed retirement plan. As the needs of the plan sponsor dictate, areas of advising could include: investment options, plan structure and participant education.

All pension consulting services shall be in compliance with the applicable state law(s) regulating pension consulting services. This applies to client accounts that are pension or other employee benefit plans ("Plan") governed by the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). If the client accounts are part of a Plan, and we accept appointments to provide

our services to such accounts, we acknowledge that we are a fiduciary within the meaning of Section 3(21) of ERISA (but only with respect to the provision of services described in section 1 of the Pension Consulting Agreement).

LPL Financial Sponsored Advisory Programs:

Our firm may provide advisory services through certain programs sponsored by LPL Financial, LLC ("LPL"), a registered investment advisor and broker-dealer. Below is a brief description of each LPL advisory program available to our firm. For more information regarding the LPL programs, including more information on the advisory services and fees that apply, the types of investments available in the programs and the potential conflicts of interest presented by the programs please see the program account packet (which includes the account agreement and LPL Form ADV program brochure) and the Form ADV, Part 2A of LPL or the applicable program.

The following advisory services are made available through LPL:

- **Manager Access Select (MAS)**

Manager Access Select offers clients the ability to participate in the Separately Managed Account Platform (the "SMA Platform") or the Model Portfolio Platform (the "MP Platform"). In the SMA Platform, our firm will assist client in identifying a third party portfolio manager (SMA Portfolio Manager) from a list of SMA Portfolio Managers made available by LPL, and the SMA Portfolio Manager manages client's assets on a discretionary basis. Our firm will provide initial and ongoing assistance regarding the SMA Portfolio Manager selection process. In the MP Platform, clients authorize LPL to direct the investment and reinvestment of the assets in their accounts, in accordance with the selected model portfolio provided by LPL's Research Department or a third-party investment advisor.

A minimum account value of \$50,000 is required for Manager Access Select, however, in certain instances, the minimum account size may be lower or higher.

- **Model Wealth Portfolios Program (MWP)**

MWP offers clients a professionally managed mutual fund asset allocation program. Our firm will obtain the necessary financial data from the client, assist the client in determining the suitability of the MWP program and assist the client in setting an appropriate investment objective. Our firm will initiate the steps necessary to open an MWP account and have discretion to select a model portfolio designed by LPL's Research Department consistent with the client's stated investment objective. LPL's Research Department, a third-party portfolio strategist and/or Advisor, through its IAR, may act as a portfolio strategist responsible for selecting the mutual funds or ETFs within a model portfolio and for making changes to the mutual funds or ETFs selected.

The client will authorize LPL to act on a discretionary basis to purchase and sell mutual funds and ETFs and to liquidate previously purchased securities. The client will also authorize LPL to effect rebalancing for MWP accounts.

MWP requires a minimum asset value for a program account to be managed. The minimums vary depending on the portfolio(s) selected and the account's allocation amongst portfolios.

The lowest minimum for a portfolio is \$25,000. In certain instances, a lower minimum for a portfolio is permitted.

- **Guided Wealth Portfolios Program (“GWP”):**

GWP offers clients the ability to participate in a centrally managed, algorithm-based investment program, which is made available to users and clients through a web-based, interactive account management portal (“Investor Portal”). Investment recommendations to buy and sell open-end mutual funds and exchange-traded funds are generated through proprietary, automated, computer algorithms (collectively, the “Algorithm”) of Xulu, Inc., doing business as FutureAdvisor (“FutureAdvisor”), based upon model portfolios constructed by LPL and selected for the account as described below (such model portfolio selected for the account, the “Model Portfolio”). Communications concerning GWP are intended to occur primarily through electronic means (including but not limited to, through email communications or through the Investor Portal), although our firm will be available to discuss investment strategies, objectives or the account in general in person or via telephone.

A preview of the GWP Program (the “Educational Tool”) is provided for a period of up to 45 days to help users determine whether they would like to become advisory clients and receive ongoing financial advice from LPL, FutureAdvisor and our firm by enrolling in the advisory service (the “Managed Service”). The Educational Tool and Managed Service are described in more detail in the GWP Program Brochure. Users of the Educational Tool are not considered to be advisory clients of LPL, FutureAdvisor or our firm, do not enter into an advisory agreement with LPL, FutureAdvisor or our firm, do not receive ongoing investment advice or supervisions of their assets, and do not receive any trading services.

A minimum account value of \$5,000 is required to enroll in the Managed Service.

Newsletters/Educational Seminars

We may offer newsletters which generally include market updates. We may also offer educational seminars covering topics such as retirement, investments and financial planning.

Tailoring of Advisory Services

We offer general investment advice to clients utilizing our Financial Planning & Consulting, LPL Sponsored Advisory Programs and Pension Consulting services.

Each client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio. However, restrictions on investments in certain securities or types of securities may not be possible due to the level of difficulty this would entail in managing the account.

Participation in Wrap Fee Programs

We offer wrap fee programs as further described in Part 2A, Appendix 1 (the “Wrap Fee Program Brochure”) of our Brochure. Our wrap fee accounts are managed on an individualized basis according to the client’s investment objectives, financial goals, risk tolerance, etc. As further described in our Wrap Fee Program Brochure, we receive a portion of the wrap fee for our services.

Regulatory Assets Under Management

As of December 31, 2021, our firm manages \$120,641,000 on a discretionary basis and \$17,948,000 on a non-discretionary basis.

Item 5: Fees & Compensation

How We Are Compensated for Our Advisory Services

Financial Planning & Consulting:

We charge on an hourly or flat fee basis for financial planning and consulting services. The total estimated fee, as well as the ultimate fee that we charge you, is based on the scope and complexity of our engagement with you. Our hourly fee is \$350. Flat fees generally range from \$2,000 to \$5,000.

We require a retainer of fifty-percent (50%) of the ultimate financial planning or consulting fee with the remainder of the fee directly billed to you and due to us within thirty (30) days of your financial plan being delivered or consultation rendered to you. In all cases, we will not require a retainer exceeding \$1,200 when services cannot be rendered within 6 (six) months.

Pension Consulting:

We charge on an hourly, flat fee, or percentage of assets under management for pension consulting services. The total estimated fee, as well as the ultimate fee that we charge you, is based on the scope and complexity of our engagement with you.

For one-time engagements, our hourly fee is \$350. Our flat fees generally range from \$2,000 to \$5,000.

For ongoing monitoring and management, we charge based on a percentage of assets under management up to 1.00%.

The fee-paying arrangements for pension consulting service will be determined on a case-by-case basis and will be detailed in the signed Pension Consulting Agreement. Clients will either be invoiced directly or fees may be withdrawn from their managed account.

LPL Sponsored Advisory Programs:

The account fee charged to the client for each LPL advisory program is negotiable, subject to the following maximum account fees:

Advisory Program	Annual Percentage of Assets Charge
Manager Access Select	3.00%
Model Wealth Portfolios	2.65%
Guided Wealth Portfolios	1.35%

Account fees are payable quarterly in advance. LPL Financial has a separate billing process which we have no control over. In general, they will directly bill you and describe how this works in their separate written disclosure documents. Unless otherwise noted in writing, our firm bills on cash.

Our firm receives compensation as a result of a client's participation in an LPL program. Depending on, among other things, the type and size of the account, type of securities held in the account, changes in its value over time, the ability to negotiate fees or commissions, the historical or expected size or number of transactions, and the number and range of supplementary advisory and client-related services provided to the client, the amount of this compensation may be more or less than what the our firm would receive if the client participated in other programs, whether through LPL or another sponsor, or paid separately for investment advice, brokerage and other services.

The account fee may be higher than the fees charged by other investment advisors for similar services. For instance, FutureAdvisor offers direct-to-consumer services similar to GWP. Therefore, clients could generally pay a lower advisory fee for algorithm-driven, automated ("robo") investment advisory services through FutureAdvisor or other robo providers. However, clients using such direct robo services will forgo opportunities to utilize LPL-constructed model portfolios or to work directly with a financial advisor.

Clients should consider the level and complexity of the advisory services to be provided when negotiating the account fee (or the advisor fee portion of the account fee, as applicable) with our firm. With regard to accounts utilizing third-party portfolio managers under aggregate, all-in-one account fee structures (including MAS, PWP and the legacy MWP fee structure), because the portion of the account fee retained by our firm varies depending on the portfolio strategist fee associated with a portfolio, our firm has a financial incentive to select one portfolio instead of another portfolio.

Please refer to the relevant LPL Form ADV program brochure for a more detailed discussion of conflicts of interest.

Newsletters/Educational Seminars

We do not charge a fee for these services.

Other Types of Fees & Expenses

Wrap fee clients will receive our Form ADV, Part 2A, Appendix 1 (the "Wrap Fee Program Brochure"). Wrap fee clients will not incur transaction costs for trades. More information about this is disclosed in our separate Wrap Fee Program Brochure.

Termination & Refunds

We charge our advisory fees quarterly in advance. In the event that you wish to terminate our services, we will refund the unearned portion of our advisory fee to you. You need to contact us in writing and state that you wish to terminate our services. Upon receipt of your letter of termination, we will proceed to close out your account and process a pro-rata refund of unearned advisory fees.

Commissionable Securities Sales

As registered representatives of LPL Financial, LLC ("LPL"), our adviser representatives may sell securities for a commission. Our supervised persons may accept compensation for the sale of securities or other investment products, including distribution or service ("trail") fees from the sale of mutual funds. You should be aware that the practice of accepting commissions for the sale of securities:

- 1) Presents a conflict of interest and gives our firm and/or our supervised persons an incentive to recommend investment products based on the compensation received, rather than on your needs. We generally address commissionable sales conflicts that arise when explaining to clients that commissionable securities sales creates an incentive to recommend products based on the compensation we and/or our supervised persons may earn and may not necessarily be in the best interests of the client; or when recommending commissionable mutual funds, explaining that “no-load” funds are available through our firm if the client wishes to become an investment advisory client.
- 2) In no way prohibits you from purchasing investment products recommended by us through other brokers or agents which are not affiliated with us.
- 3) Does not exceed more than 50% of our revenue.
- 4) Does not reduce your advisory fees to offset the commissions our supervised persons receive.

The individuals that are licensed as registered representatives of LPL Financial are subject to regulations that restrict them from conducting securities transactions away from LPL Financial without written authorization from LPL Financial. Clients should, therefore, be aware that our firm is limited to offering services and investment vehicles that are approved by LPL Financial, and may be prohibited from offering services and investment vehicles that may be available through other broker/dealers and custodians

Item 6: Performance-Based Fees & Side-By-Side Management

We do not charge performance fees to our clients.

Item 7: Types of Clients & Account Requirements

We have the following types of clients:

- Individuals;
- High Net Worth Individuals;
- Trusts, Estates or Charitable Organizations;
- Pension and Profit-Sharing Plans; and

We do not require a minimum account size to open or maintain an account.

Item 8: Methods of Analysis, Investment Strategies & Risk of Loss

Methods of Analysis:

Charting. In this type of technical analysis, we review charts of market and security activity in an attempt to identify when the market is moving up or down and to predict when how long the trend may last and when that trend might reverse.

Fundamental Analysis. We attempt to measure the intrinsic value of a security by looking at economic and financial factors (including the overall economy, industry conditions, and the financial condition and management of the company itself) to determine if the company is underpriced (indicating it may be a good time to buy) or overpriced (indicating it may be time to sell). Fundamental analysis does not attempt to anticipate market movements. This presents a potential risk, as the price of a security can move up or down along with the overall market regardless of the economic and financial factors considered in evaluating the stock.

Technical Analysis. We analyze past market movements and apply that analysis to the present in an attempt to recognize recurring patterns of investor behavior and potentially predict future price movement. Technical analysis does not consider the underlying financial condition of a company. This presents a risk in that a poorly-managed or financially unsound company may underperform regardless of market movement.

Cyclical Analysis. In this type of technical analysis, we measure the movements of a particular stock against the overall market in an attempt to predict the price movement of the security.

Investment Strategies We Use:

Long-Term Purchases. When utilizing this strategy, we may purchase securities with the idea of holding them for a relatively long time (typically held for at least a year). A risk in a long-term purchase strategy is that by holding the security for this length of time, we may not take advantages of short-term gains that could be profitable to a client. Moreover, if our predictions are incorrect, a security may decline sharply in value before we make the decision to sell.

Short-Term Purchases. When utilizing this strategy, we may also purchase securities with the idea of selling them within a relatively short time (typically a year or less). We do this in an attempt to take advantage of conditions that we believe will soon result in a price swing in the securities we purchase.

Trading. We purchase securities with the idea of selling them very quickly (typically within 30 days or less). We do this in an attempt to take advantage of our predictions of brief price swings.

Option Writing. We may use options as an investment strategy. An option is a contract that gives the buyer the right, but not the obligation, to buy or sell an asset (such as a share of stock) at a specific price on or before a certain date. An option, just like a stock or bond, is a security. An option is also a derivative, because it derives its value from an underlying asset.

Please Note: Investing in securities involves risk of loss that clients should be prepared to bear. While the stock market may increase and your account(s) could enjoy a gain, it is also possible that the stock market may decrease and your account(s) could suffer a loss. It is important that you understand the risks associated with investing in the stock market, are appropriately diversified in your investments, and ask us any questions you may have.

We generally invest client's cash balances in money market funds, FDIC Insured Certificates of Deposit, high-grade commercial paper and/or government backed debt instruments. Ultimately, we try to achieve the highest return on our client's cash balances through relatively low-risk conservative investments. In most cases, at least a partial cash balance will be maintained in a money market account so that our firm may debit advisory fees for our services, as applicable.

Item 9: Disciplinary Information

There are no legal or disciplinary events that are material to the evaluation of our advisory business or the integrity of our management.

Item 10: Other Financial Industry Activities & Affiliations

Our firm's supervised persons are registered representatives of LPL, member FINRA/SIPC. They may offer securities and receive normal and customary commissions as a result of securities transactions. A conflict of interest may arise as these commissionable securities sales may create an incentive to recommend products based on the compensation they may earn and may not necessarily be in the best interests of the client. This is fully disclosed to Clients and Clients are under no obligation to purchase securities from our firm's supervised persons.

Representatives of our firm are insurance agents/brokers. They may offer insurance products and receive normal and customary fees as a result of insurance sales. A conflict of interest may arise as these insurance sales may create an incentive to recommend products based on the compensation adviser and/or our supervised persons may earn and may not necessarily be in the best interests of the client. Clients are under no obligation to purchase insurance products from our representatives.

Item 11: Code of Ethics, Participation or Interest in Client Transactions & Personal Trading

We recognize that the personal investment transactions of members and employees of our firm demand the application of a high Code of Ethics and require that all such transactions be carried out in a way that does not endanger the interest of any client. At the same time, we believe that if investment goals are similar for clients and for members and employees of our firm, it is logical and even desirable that there be common ownership of some securities.

Therefore, in order to prevent conflicts of interest, we have in place a set of procedures (including a pre-clearing procedure) with respect to transactions effected by our members, officers and employees for their personal accounts. In order to monitor compliance with our personal trading policy, we have a quarterly securities transaction reporting system for all of our associates.

Furthermore, our firm has established a Code of Ethics which applies to all of our associated persons. An investment adviser is considered a fiduciary. As a fiduciary, it is an investment adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times. We have a fiduciary duty to all clients. Our fiduciary duty is considered the core underlying principle for our Code of Ethics which also includes Insider Trading and Personal Securities Transactions Policies and Procedures. We require all of our supervised persons to conduct business with the highest level of ethical standards and to comply with all federal and state securities laws at all times. Upon employment or affiliation and at least annually thereafter, all supervised persons will sign an acknowledgement that they have read, understand, and agree to comply with our Code of Ethics. Our firm and supervised persons must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. This disclosure is provided to give all clients a summary of our Code of Ethics. However, if a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided promptly upon request.

Neither our firm nor a related person recommends to clients, or buys or sells for client accounts, securities in which our firm or a related person has a material financial interest.

Related persons of our firm may buy or sell securities and other investments that are also recommended to clients. In order to minimize this conflict of interest, our related persons will place

client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request.

Related persons of our firm may buy or sell securities for themselves at or about the same time they buy or sell the same securities for client accounts. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request.

Item 12: Brokerage Practices

We seek to recommend a custodian/broker who will hold your assets and execute transactions on terms that are overall most advantageous when compared to other available providers and their services. We consider a wide range of factors, including, among others, these:

- Ability to maintain the confidentiality of trading intentions
- Timeliness of execution
- Timeliness and accuracy of trade confirmations
- Liquidity of the securities traded
- Willingness to commit capital
- Ability to place trades in difficult market environments
- Research services provided
- Ability to provide investment ideas
- Execution facilitation services provided
- Record keeping services provided
- Custody services provided
- Frequency and correction of trading errors
- Ability to access a variety of market venues
- Expertise as it relates to specific securities
- Financial condition
- Business reputation

With this in consideration, our firm has an arrangement with LPL. LPL offers to independent investment advisers non-soft dollar services which include custody of securities, trade execution, clearance and settlement of transactions. We receive some non-soft dollar benefits from LPL through our participation in the program. Please see the disclosure under Item 14 of this Brochure.

Our firm receives support services and/or products from LPL Financial, many of which assist our firm to better monitor and service program accounts maintained at LPL Financial; however, some of the services and products benefit our firm and not client accounts. These support services and/or products may be received without cost, at a discount, and/or at a negotiated rate, and may include the following:

- investment-related research
- pricing information and market data
- software and other technology that provide access to client account data
- compliance and/or practice management-related publications
- consulting services
- attendance at conferences, meetings, and other educational and/or social events
- marketing support

- computer hardware and/or software
- other products and services used by our firm in furtherance of its investment advisory business operations

LPL Financial may provide these services and products directly, or may arrange for third party vendors to provide the services or products to Advisor. In the case of third party vendors, LPL Financial may pay for some or all of the third party's fees.

These support services are provided to our firm based on the overall relationship between our firm and LPL Financial. It is not the result of soft dollar arrangements or any other express arrangements with LPL Financial that involves the execution of client transactions as a condition to the receipt of services. Our firm will continue to receive the services regardless of the volume of client transactions executed with LPL Financial. Clients do not pay more for services as a result of this arrangement. There is no corresponding commitment made by the our firm to LPL or any other entity to invest any specific amount or percentage of client assets in any specific securities as a result of the arrangement. However, because Advisor receives these benefits from LPL Financial, there is a potential conflict of interest. The receipt of these products and services presents a financial incentive for Advisor to recommend that its clients use LPL Financial's custodial platform rather than another custodian's platform.

As stated previously, individuals associated with our firm are licensed as registered representatives of LPL Financial. As a result of this licensing relationship, LPL Financial is responsible for supervising certain activities of our firm to the extent our firm manages assets at a broker/dealer and custodian other than LPL Financial. LPL Financial charges a fee for this oversight. This presents a conflict of interest in that our firm has a financial incentive to recommend that you maintain your account with LPL Financial rather than another custodian in order to avoid the oversight fee. However, to the extent our firm recommends you use LPL Financial for such services, it is because our firm believes that it is in your best interest to do so based on the quality and pricing of the execution, benefits of an integrated platform for brokerage and advisory accounts, and other services provided by LPL Financial.

Item 13: Review of Accounts or Financial Plans

We review accounts on at least a quarterly basis for our clients. The nature of these reviews is to learn whether clients' accounts are in line with their investment objectives, appropriately positioned based on market conditions, and investment policies, if applicable. Only our Financial Advisors or Portfolio Managers will conduct reviews.

We may review client accounts more frequently than described above. Among the factors which may trigger an off-cycle review are major market or economic events, the client's life events, requests by the client, etc.

We do not issue regular reports. Account statements are issued by the custodian(s). Clients receive confirmations of each transaction in accounts from the Custodian and an additional statement during any month in which a transaction occurs.

Item 14: Client Referrals & Other Compensation

LPL Financial

We may receive from LPL or a mutual fund company, without cost and/or at a discount non soft-dollar support services and/or products, to assist us to better monitor and service client accounts maintained at such institutions. Included within the support services we may receive investment-related research, pricing information and market data, software and other technology that provide access to client account data, compliance and/or practice management-related publications, discounted or gratis consulting services, discounted and/or gratis attendance at conferences, meetings, and other educational and/or social events, marketing support, computer hardware and/or software and/or other products used by us to assist us in our investment advisory business operations.

Referral Fees

Our firm pays referral fees (non-commission based) to independent solicitors (non-registered representatives) for the referral of their clients to our firm in accordance with Rule 206 (4)-3 of the Investment Advisers Act of 1940. Such referral fee represents a share of our investment advisory fee charged to our clients. This arrangement will not result in higher costs to the referred client. In this regard, our firm maintains Solicitors Agreements in compliance with Rule 206 (4)-3 of the Investment Advisers Act of 1940 and applicable state and federal laws. All clients referred by Solicitors to our firm will be given full written disclosure describing the terms and fee arrangements between our firm and Solicitor(s). In cases where state law requires licensure of solicitors, our firm ensures that no solicitation fees are paid unless the solicitor is registered as an investment adviser representative of our firm. If our firm is paying solicitation fees to another registered investment adviser, the licensure of individuals is the other firm's responsibility.

Item 15: Custody

We do not have custody of client funds or securities. All of our clients receive at least quarterly account statements directly from their custodians. Upon opening an account with a qualified custodian on a client's behalf, we promptly notify the client in writing of the qualified custodian's contact information. If we decide to also send account statements to clients, such notice and account statements include a legend that recommends that the client compare the account statements received from the qualified custodian with those received from our firm.

We encourage our clients to raise any questions with us about the custody, safety or security of their assets. The custodians we do business with will send you independent account statements listing your account balance(s), transaction history and any fee debits or other fees taken out of your account.

Item 16: Investment Discretion

Clients have the option of providing our firm with investment discretion on their behalf, pursuant to a signed investment advisory client agreement. By granting investment discretion, we are authorized to execute securities transactions, which securities are bought and sold, the total amount to be bought and sold, and the costs at which the transactions will be effected. Limitations may be imposed by the client in the form of specific constraints on any of these areas of discretion with our firm's written acknowledgement.

Item 17: Voting Client Securities

We do not and will not accept the proxy authority to vote client securities. Clients will receive proxies or other solicitations directly from their custodian or a transfer agent. In the event that proxies are sent to our firm, we will forward them on to you and ask the party who sent them to mail them directly to you in the future. Clients may call, write or email us to discuss questions they may have about particular proxy votes or other solicitations.

Item 18: Financial Information

We are not required to provide financial information in this Brochure because:

- We do not require the repayment of more than \$1,200 in fees and six or more months in advance.
- We do not take custody of client funds or securities.
- We do not have a financial condition or commitment that impairs its ability to meet contractual and fiduciary obligations to clients.
- We have never been the subject of a bankruptcy proceeding.
