The Services described in this document are tailored to you and designed to meet your needs. They are drawn from research and analysis we believe to be appropriate to your circumstances.

The fees charged by us in connection with the implementation of our consulting services are in addition to the fees incurred by you under this agreement for fee-based personal planning and consulting services. We share a portion of these fees—whether advisory fees or brokerage expenses and commissions—with your FA. As a result, your FA has an incentive to recommend the implementation of the plan through us and has an incentive to recommend certain products or services over others based on the compensation they receive. We intend, however, to make all recommendations independent of such compensation considerations and based solely on our obligations to consider your objectives and needs.

Termination

Either you or we may terminate this Agreement at any time prior to the completion of the Services under this Agreement by written notice to the other party at the address specified in the Agreement (or such other address as specified by either party to the other in writing). If you terminate this Agreement early, you shall remain responsible for compensating us for the Services rendered up to the time of termination. If we terminate this Agreement, you shall not be obligated to compensate us for the Services hereunder. Subject to the preceding two sentences, termination of this Agreement shall not affect the liabilities and obligations of the parties arising from or in connection with the Services performed prior to such termination.

This agreement also automatically will terminate upon the earlier of: the completion of the agreed upon Services under this Agreement (as evidenced by our mailing to you of the Client Summary letter); or within 6 months of acceptance and approval of this agreement. This Agreement does not automatically renew and continuation of services after termination of the Agreement requires the execution of a new Fee-Based Planning Services agreement.

Methods of Analysis, Investment Strategies and Risk of Loss

The advice and recommendations associated with these Services are developed by your Financial Advisor using information, materials and/or tools provided by Wells Fargo. Certain planning tools may employ simulation techniques (e.g. Monte Carlo simulations, retirement income calculators) and complex statistical analyses to illustrate or present the likelihood of possible investment and financial outcomes. These tools are used as part of the planning process and inform the process; the outputs of these tools are not intended, in and of themselves, to be viewed as nor construed as, planning and advice. The outcomes rendered from these tools are hypothetical in nature and are no guarantee of future actual investment results or future income streams. The outputs of these tools can vary with each use and over time.

You have the option whether to implement all or a part of our planning advice through us. If you choose to implement any portion of our planning advice through one of the advisory Programs that we offer, you will be provided with an additional disclosure document describing those services.

Risk of Loss

If you choose to implement any portion of your plan through us, please be aware that all investments shall be at your risk exclusively, and you must understand that we do not guarantee any return on the investments recommended or advised upon.

<http://www.adviserinfo.sec.gov/>

In August 2023, Wells Fargo Clearing Services, LLC and Wells Fargo Advisors Financial Network, LLC (collectively, the "Firm") agreed to a settlement with the SEC regarding allegations that from at least 2002 through December 2022, the Firm and its predecessor firms overcharged approximately 10,945 accounts of advisory clients, for accounts opened through 2014, for more than \$26.8 million in advisory fees and failed to adopt and implement written compliance policies and procedures reasonably designed to prevent the overbilling in willful violation of Sections 206(2) and 206(4) of the Investment Advisers Act of 1940 and Rule 206(4)-7 thereunder. Specifically, from at least 2002 through 2014, certain investment adviser representatives from Wells Fargo and its predecessor firms agreed to reduce the firms' standard, pre-set advisory fee rate for certain clients at the time these clients agreed to open accounts. The representatives made handwritten or typed changes on the clients' standard investment advisory agreements that reflected the reduced fee rate. However, in certain instances, the account processing employees at Wells Fargo and its predecessor firms failed to enter the agreed-upon reduced advisory fee rate into the firms' billing systems when setting up the clients' accounts. In 2022 and 2023, the Firm corrected the advisory fees to be charged to the accounts and issued payments for the overcharged advisory fees, plus interest, to the affected accountholders. Without admitting or denying the findings, the Firm consented to a settlement that included a cease and desist order, censure and civil money penalty of \$35,000,000.

In December 2021, Wells Fargo Clearing Services, LLC and Wells Fargo Advisors Financial Network, LLC agreed to a settlement with FINRA regarding allegations that for more than three years beginning in November 2016, the Firm failed to store 13 million records, pertaining to 8.2 million customers, related to its anti-money laundering Customer Identification Program (CIP) in the required non-erasable and non-writable "Write Once, Read Many" (WORM) format in violation of Exchange Act Rule 17A-4(F)(2)(II)(A) and failed to notify FINRA prior to using the non-WORM compliant storage platform in violation of Exchange Act rules 17A-4(F)(3)(V) and 17A-4(F)(2)(I). Without admitting or denying the findings, the firms consented to a settlement that included a censure and fine, jointly and severally, of \$2,250,000.

On August 27, 2020, Wells Fargo Clearing Services, LLC agreed to a settlement with FINRA regarding allegations that the Firm failed to reasonably supervise the activities of two former registered representatives, thus violating its own written supervisory procedures along with NASD Rule 3010(a) and FINRA Rules 3110(a) and 2010. Between November 2012 and October 2015, the two representatives recommended that many of their customers invest a substantial portion of their assets in four high-risk energy securities, which generated multiple red flags regarding overconcentration and suitability in their customers' accounts that the firm failed to reasonably investigate. The Firm has previously compensated 67 clients over \$9.7 million for losses in these investments. Without admitting or denying the findings, the Firm agreed to a settlement that included a censure, a fine of \$350,000 and restitution in the amount of \$201,498 plus interest to additional specified clients.

On February 27, 2020, the Securities and Exchange Commission ("Commission") entered an order against Wells Fargo Clearing Services, LLC and Wells Fargo Advisors Financial Network, LLC, following the Firms' offers of settlement. The Commission found that, from April 2012 through September 2019, the Firms recommended that many retail investment advisory clients and brokerage customers buy and hold single-inverse exchange-traded funds ("ETFs") without having adequate compliance policies and procedures and without providing financial advisors proper

training and supervision of single-inverse ETFs. The Commission found that, as a result, certain investment adviser representatives and registered representatives made unsuitable recommendations to certain clients. The Commission found that the Firms willfully violated Section 206(4) of the Advisers Act and Rule 206(4)-7 thereunder, failed reasonably to fulfill their supervisory responsibilities within the meaning of Section 203(e)(6) of the Advisers Act and failed reasonably to fulfill their supervisory responsibilities within the meaning of Section 15(b)(4)(E) of the Exchange Act. The Firms consented, without admitting or denying the findings contained in the Order, to: cease and desist from committing or causing any violations and any future violations of Section 206(4) of the Advisers Act and Rule 206(4)-7 thereunder; be censured; and jointly and severally pay a civil monetary penalty in the amount of \$35,000,000.

In 2018, Wells Fargo Clearing Services, LLC and Wells Fargo Advisors Financial Network, LLC elected to participate in the Securities and Exchange Commission's Mutual Fund Share Class Selection Disclosure Initiative ("SCSD Initiative"). The SCSD Initiative provided investment advisers with the opportunity to voluntarily self-report to the SEC's Division of Enforcement possible securities law violations related to the adequacy of their disclosures concerning mutual fund share class selection and fees received pursuant to Rule 12b-1 under the Investment Company Act of 1940. As part of the SCSD Initiative, the Firms reviewed disclosures and activities related to mutual fund share class selection within advisory programs. At the conclusion of the SCSD Initiative, the Firms jointly and severally consented to a settlement agreement alleging violations of Sections 206(2) and Section 207 of the Investment Advisers Act of 1940 and entry of an order under which the Firms were censured, agreed to cease and desist from committing further violations, and agreed to pay disgorgement and prejudgment interest totaling \$17,363,847.29. The SEC did not impose a fine or civil monetary penalty in recognition of the fact that the Firms self-reported.

In December 2017, Wells Fargo Advisors agreed to a settlement with the State of Illinois Securities Department regarding allegations that it received, reviewed and/or analyzed documents and information from a financial advisory firm concerning certain money manager strategies that contained information that was later found to be false and misleading. The findings stated that we included the financial advisory firm's money manager strategies in certain of our externally managed Separately Managed Account Programs, but that we did not utilize inaccurate historical performance data in connection with our decision to onboard the money manager strategies and we did not incorporate inaccurate performance data in our advertisements or Program marketing materials. Without admitting or denying the findings, the Firm agreed to a total monetary payment of \$270,000.

On December 21, 2016, Wells Fargo Clearing Services, LLC and Wells Fargo Advisors Financial Network, LLC agreed to a settlement with FINRA regarding allegations that the Firms failed to maintain approximately one million electronic brokerage records in non-erasable and non-rewritable format, which is intended to prevent the alteration or destruction of broker-dealer records stored electronically. The findings also stated that for approximately 1.5 million accounts, the Firm failed to preserve customer account form templates containing the terms and conditions related to the opening and maintenance of accounts, failed to retain certain communications and failed to notify FINRA at least 90 days prior to using new storage media to store electronic broker-dealer records. FINRA also found that the Firms failed to implement an audit system for those records, failed to provide its third-party vendors full access to the storage systems, failed to implement an adequate supervisory system and failed to enforce written procedures. Without admitting or denying the findings, the Firms agreed to a censure and fine, jointly and severally, of \$1,500,000. The Firms also consented to a review of its policies and procedures.

On December 5, 2016, Wells Fargo Clearing Services, LLC and Wells Fargo Advisors Financial Network, LLC agreed to a settlement with FINRA regarding allegations that the Firms failed to establish, maintain and enforce reasonable supervisory systems for the use of consolidated reports generated by their registered representatives through available applications. The findings stated that these applications allowed the Firms' representatives to manually enter information regarding customers' external accounts, assets and liabilities into a centralized table which the Firms maintained. This information would then be used to populate reports, including those that would be sent to the Firms' customers. FINRA found that the Firms did not have systems in place to review the contents of the reports, including information about customer holdings away from the Firms. In addition, the Firms' supervisory systems and procedures were inadequate because there was no mechanism allowing representatives to designate which reports were actually provided to customers and the system could not distinguish between draft reports and completed reports that were sent to customers, which should have been subject to the Firms' supervisory systems designed to review customer communications. Without admitting or denying the findings, the Firms agreed to a censure and fine, jointly and severally, of \$1,000,000.

In December 2014, Wells Fargo Advisors agreed to a settlement with FINRA regarding allegations that the Firm failed to comply fully with requirements to verify the identity of each customer opening a new account under its Customer Identification Program ("CIP"). Due to a design flaw in the Firm's CIP system, 220,000 accounts, out of the total 6.9

million accounts opened during the period from October 2003 through October 2012, were not subject to the Firm's CIP review. When considering sanctions, FINRA took into consideration that WFA discovered the system flaw through self-testing, performed remediation CIP on approximately 100,000 accounts that remained open, made system changes to prevent recurrences and reported the violations in accordance with FINRA Rule 4530(b). Without admitting or denying the allegations, the Firm agreed to a settlement that included a censure, and payment, jointly and severally with its affiliate Wells Fargo Advisors Financial Network, of a \$1,500,000 fine.

On September 22, 2014, the Securities and Exchange Commission ("Commission") entered an order against Wells Fargo Advisors, LLC following the firm's offer of settlement. The order stated that the firm did not adequately establish, maintain or enforce policies and procedures to prevent the misuse of material nonpublic information, particularly concerning the risk that its associated persons could obtain material nonpublic information from its customers or advisory clients. The order also stated that during the Commission's investigation, the firm unreasonably delayed production of certain documents and produced a document that was altered by an employee. The firm admitted the Commission's findings of fact, acknowledged that its conduct violated the federal securities laws and agreed to retain an independent compliance consultant to review relevant policies and procedures, as well as the making, keeping and preserving of certain required books and records. The order censured the firm, required that the firm cease and desist from violating the federal securities laws cited in the order and imposed a civil money penalty in the amount of \$5,000,000.

- Wells Fargo also provides retail brokerage and investment advisory services through Wells Fargo Advisors Financial Network, LLC ("WFAFN").
- Wells Fargo Investment Institute, Inc. ("WFI") (known prior to November 1, 2014 as Alternative Strategies Group, Inc. and before that as Wachovia Alternatives Strategies, Inc.) is a registered investment adviser and wholly owned subsidiary of Wells Fargo Bank, N.A. that provides advisory services and research to WFA.

Wells Capital Management Incorporated, Wells Fargo Funds Management, LLC, Wells Fargo Asset Management (International) LLC, Wells Fargo Funds Distributor, LLC and Galliard Capital Management, Inc. will no longer be related persons of WFCS. These companies were wholly owned by Wells Fargo and formed the asset management business that Wells Fargo operated under the trade name Wells Fargo Asset Management. These companies served as adviser, sub-adviser, and distributor of the Wells Fargo Funds and certain of the separately managed account programs offered through WFCS. Wells Fargo sold the Wells Fargo Asset Management business in 2021 and the new owners subsequently renamed the business Allspring Global Investments. The sale closed on November 1, 2021.

Allspring Global Investments ("Allspring") is the trade name used by the asset management businesses of Allspring Global Investments Holdings, LLC. This group of companies includes Allspring Funds Management, LLC, the investment adviser to each of the mutual funds within the Allspring Global family of funds, and Allspring Funds Distributor, LLC, the principal underwriter of the Allspring Global mutual funds. It also includes Allspring Global Investments, LLC, an investment adviser to pooled investment vehicles and separately managed accounts.

Wells Fargo will have no role in the management of Allspring. However, Wells Fargo will retain less than a 10% equity ownership interest in Allspring and, for a limited period of time following the close of the sale, continue to provide research and certain non-advisory transition services to Allspring for a fee. WFCS will continue to receive compensation from Allspring for the distribution, administrative and operational services that we provide to the Allspring Global mutual funds. Additionally, WFCS and WFII will continue to provide Allspring, for a fee, with thematic recommended lists and research regarding individual equities used by Allspring to construct portfolios for separately managed accounts that are exclusively distributed by WFCS and its related persons. For a limited period of time, WFII will also continue to provide manager research to Allspring for a fee.

Wells Fargo's equity ownership in Allspring and the agreements by WFCS and its related persons to provide ongoing services and research to Allspring for a fee will provide us with a financial incentive to continue to recommend to our Clients products that are managed and distributed by Allspring, including mutual funds, sweep vehicles, and separately managed account programs. Although Allspring will not be a related person of WFCS, WFCS and its related persons will continue to benefit from the sales of these products to a greater extent than the sale of other third-party products in which we do not have a similar financial interest.

The affiliated funds offered through the Programs may have provisions to allow sales through advisors at net asset value. In such cases, you understand that there is a potential conflict of interest where the advisor and/or we offer, recommend, and invest you in the affiliated funds because, where permitted by law, we and our affiliates would receive the Program compensation and the compensation for services provided to the fund.

We and our affiliates may give advice and take action in the performance of our duties to you that differs from advice given, or the timing and nature of action taken, with respect to other Program Clients and/or Clients in other advisory Programs. Key requirements of our Code of Ethics are summarized below, and you may obtain a complete copy through your FA.

- Conduct all aspects of Wells Fargo's business activities in an honest, ethical, and legal manner, and in accordance with all applicable laws, rules, and regulations and our policies and procedures.
- Provide accurate and complete information in dealings with Clients and others, including disclosure of conflicts of interest when they exist.
- Prepare and maintain accurate business records.
- Refrain from improper disclosure or misuse of confidential Client information and material, non-public information. Wells Fargo protects the private, personal, and proprietary information of Clients and others.
- Avoid conflicts of interest in personal and business activities.
- Rules specific to personal trading.

Participation or Interest in Client Transactions

With regards to our Fee-Based Planning Services, no specific investment recommendations are made and as a result, no Client transactions occur as part of these Services. You have the choice to implement all or a portion of our advice and recommendations through us, however implementation of our advice and recommendations is not a part of the contracted Services.

We have certain restrictions, internal procedures and Client disclosures regarding conflicts of interest that we may have with respect to our participation or interest in Client transactions. We communicate our policies and procedures related to participation in Client transactions to our Associates through our compliance policies and procedure manuals and Program- specific policy guidelines.

Personal Trading

We maintain policies and procedures to mitigate conflicts of interest between transactions in our Associates' personal investment Accounts, including Accounts of their immediate family members and transactions in our Clients' Accounts. To ensure Associate trading requirements are observed, certain Associate trading activity is subject to pre-approval. All Associates are subject to regular review by their supervisors, independent oversight by our Compliance Department, and systemic controls that automatically restrict entry of certain orders and generate related surveillance reporting.

Brokerage Practices

Potential conflicts may arise between your interests and ours in executing transactions through us as a broker-dealer if you choose to implement all or part of our planning or our consulting advice through us. If you choose, at your sole discretion, to implement all or part of our planning or consulting services advice with us and execute transactions through us, we will act as a broker-dealer, not an investment adviser, unless we have otherwise agreed with you in writing. As a broker-dealer, we will execute transactions as agent or principal and will charge commissions, mark-ups, transaction fees, and/or other charges. These charges are in addition to the fees for this program.

The FA who delivers the advice and recommendations under this program is a registered representative of ours and thus will receive a portion of the compensation paid to us in connection with the execution of transactions. This compensation is in addition to the compensation we and the FA receive in connection with preparing and presenting any planning or consulting services. Products recommended by us may include proprietary products of us or our affiliates. You should note that we have an incentive to recommend proprietary products because we or our affiliates earn more compensation from the sale of these products than from the sale of non-proprietary products.

We will not sell your information to other companies for marketing purposes. We employ strict security standards and safeguards to protect your personal information and prevent fraud. In addition, we will continue to protect your privacy even if you are no longer our Client.

Consistent with our privacy policies and applicable law, WFA and its affiliates may provide access to Client personal information to affiliated and third party service providers throughout the world. When Client information is accessed, we maintain protective measures as described in our privacy policies and notices.

For more information, please read our Privacy Statement, visit a WFA office or call your FA. With your written permission, obtained via Client Agreement or other written communication, we may provide your information electronically to your investment adviser and/or agent of such adviser. We reserve the right, at our discretion, to refuse to provide such requested information. Furthermore, in compliance with our Privacy Policy, we accept your instructions to discontinue providing such information.

Review of Accounts

Unless agreed otherwise, the Services provided under this program is not ongoing advice. After the termination of your Agreement for the Services, you may request to continue advice and recommendations by completing a new Agreement for the Services with us and you may be subject to an additional fee.

Client Referrals and Other Compensation

We and our affiliates and your FA may perform, among other things, investment banking, research, brokerage and investment advisory or management services for other Clients, and may earn transactional compensation, investment

advisory or management fees and other consideration for such activities.

From time to time, we initiate incentive programs for our Associates, including FAs. These programs may compensate them for attracting new assets and Clients, referring business to our affiliates (such as referrals for mortgages, trusts, or insurance services) or other FAs, promoting investment advisory services and promoting green initiatives (such as raising Client awareness of paperless options). We may also initiate programs that reward FAs who meet total production criteria, length of service requirements, participate in advanced training and improve Client service.

FAs who participate in these incentive programs may be rewarded with cash and/or non-cash compensation, such as deferred compensation, bonuses, training symposiums and recognition trips. Portions of these programs may be subsidized by external vendors and/or our affiliates, such as mutual fund companies, insurance carriers, or investment advisers. Therefore, FAs and other Associates may have a financial incentive to recommend the programs and services included in these incentive programs over other available products and services we offer.

We may also enter into arrangements with other persons to whom we pay compensation for referrals to our advisory Programs. This compensation is generally in the form of a percentage of the fees described in the Program contracts. The details of such arrangements and the amount of compensation will be described in a separate disclosure provided at the time of such referrals.

From time to time, we compensate Associates other than FAs for referrals of possible Clients to the Programs. Our FAs, not the referring Associate, will make the actual presentation and solicitation of these services. The referral compensation takes the form of a payment to the Associate of a percentage of the fees described in the Programs contracts and results in no additional fees to you or other Clients.

Wells Fargo is a full-service financial services firm with many affiliates. Wells Fargo encourages its subsidiaries to use the products and services offered by affiliated firms, when appropriate. During the course of annual business planning, business with our affiliates is included in establishing our sales goals. As a result, we may have an incentive to hire affiliate service providers for our advisory Programs. We may recommend affiliated mutual funds to Program Clients, and may hire other affiliates to provide trade execution, clearing, and platform administration services for the Programs. We intend, however, to make all recommendations independent of any such goals and based solely on our obligations to consider your objectives and needs.

We may receive contributions and/or reimbursements from Program managers and their affiliates for FA training and Client presentations that have an informational or educational component. Managers that make payments in connection with FA training sessions and Client presentations generally have increased access to our FAs and heightened visibility for their products at such meetings. Consequently, our FAs might focus on products offered by such firms when recommending to you or selecting a money manager and/or mutual fund. We intend, however, to make all recommendations independent of such fee considerations and based solely on our obligations to consider your objectives and needs. These managers are under no obligation to make such contributions with respect to these Programs.

If you elect to open an Account with us to implement all or a portion of our advice or recommendations, we will have custody of Client funds and securities for Program Accounts. You will receive brokerage statements at least quarterly.
