Item 4 – Advisory Services

A. Firm Information

Cassia Capital Partners LLC (“Cassia” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”). The Advisor is organized as a Limited Liability Company (“LLC”) under the laws of the State of Delaware. Cassia was founded in October 2011 and is owned and operated by James R. Helvey III (Managing Partner) and Charles D. Barham III (Managing Partner and Chief Compliance Officer). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Cassia.

B. Advisory Services Offered

Cassia offers investment management, financial consulting and related advisory services to individuals, high net worth individuals, trusts, estates, endowments, foundations, and business entities (each referred to as a “Client”).

The Advisor serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As such, each recommendation made as part of the advisory services is based on the belief that the recommendation is in the Client's best interest. Cassia's fiduciary commitment to each Client is further described in the Advisor's Code of Ethics. For more information regarding the Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading. The details of these services are described in the paragraphs below:

Portfolio Management Services

Cassia provides customized discretionary investment management solutions for its Clients. Cassia works with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy. Cassia will then construct a portfolio, consisting of exchange-traded funds (“ETFs”), mutual funds, hedge funds and private equity investments to achieve the Client's investment goals. The Advisor may also utilize individual stocks and bonds to meet the needs of its Clients.

Cassia's discretionary investment management strategies are primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held for less than one year to meet the objectives of the Client or due to market conditions. Cassia will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to the acceptance by the Advisor.

Cassia evaluates and selects securities funds for inclusion in Client portfolios only after applying their internal due diligence process. Cassia may recommend, on occasion, redistributing investment allocations to diversify the portfolio. Cassia may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement, which may adversely affect the portfolio. Cassia may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client's risk tolerance.

Cassia will provide investment advisory services and portfolio management services and will not provide securities custody or other administrative services. At no time will Cassia accept or maintain custody of a Client's funds or securities, except for the limited authority as outlined in Item 15 – Custody. All Client assets will be managed within their account[s] at the Custodian, pursuant to the Client investment advisory agreement. For additional information, please see Item 12 – Brokerage Practices.

Participant Account Management. As part of the Advisor's Investment Management Services, when appropriate, the Advisor will use a third party platform to facilitate management of held away assets such as defined contribution plan participant accounts, with discretion. The platform allows us to avoid being considered to have

(336) 723-4585 | www.cassiacapitalpartners.com

custody of Client funds since we do not have direct access to Client log-in credentials to affect trades. We are not affiliated with the platform in any way and receive no compensation from them for using their platform. A link will be provided to the Client allowing them to connect an account(s) to the platform. Once Client account(s) is connected to the platform, Adviser will review the current account allocations. When deemed necessary, Adviser will rebalance the account considering client investment goals and risk tolerance, and any change in allocations will consider current economic and market trends. The goal is to improve account performance over time, minimize loss during difficult markets, and manage internal fees that harm account performance. Client account(s) will be reviewed at least quarterly and allocation changes will be made as deemed necessary.

Retirement Accounts – When deemed to be in the Client’s best interest, the Advisor will recommend that a Client take a distribution from an ERISA sponsored plan or to roll over the assets to an Individual Retirement Accounts (“IRAs”), or recommend a similar transaction including rollovers from one ERISA sponsored Plan to another, one IRA to another IRA, or from one type of account to another account (e.g. commission-based account to fee-based account). In such instances, the Advisor will serve as an investment fiduciary as that term is defined under The Employee Retirement Income Security Act of 1974 (“ERISA”) and/or the Internal Revenue Code (“IRC”), as applicable, which are laws governing retirement accounts. Such a recommendation creates a conflict of interest if the Advisor will earn a new (or increase its current) advisory fee as a result of the transaction. No client is under any obligation to roll over a retirement account to an account managed by the Advisor.

Advisory-Only Investment Services

Cassia provides customized advisory-only investment solutions for Institutional Clients. An Institutional Client may engage Cassia through an advisory-only investment advisory agreement. Cassia, serves as a risk manager for the Institutional Client, and provide the following services:

In addition, upon request by the Independent Advisor, Cassia will provide reports regarding the model strategies and may also be available to meet with Clients on a periodic basis.

Consulting Services

Cassia will typically provide a variety of financial consulting services for Clients, pursuant to a written consulting agreement. Consulting services are customized to the unique needs of each Client. Services are offered in one or more areas of a Client’s financial situation, depending on their goals and objectives.

Generally, such consulting services will involve a financial analysis or rendering a financial consultation for Clients. These consulting services may encompass one or more areas of need, including, but not limited to investment review, portfolio construction, retirement planning, estate planning, personal savings, education savings, review of non-security assets and other areas of a Client’s financial situation, as needed.

Cassia may also refer Clients to an accountant, attorney or another specialist, as appropriate for their unique situation. For certain engagements, the Advisor may or may not provide a written report for these services, depending on the needs of the Client and the terms of the consulting agreement.

Recommendations pose a conflict between the interests of the Advisor and the interests of the Client. For example, the Advisor has an incentive to recommend that Clients engage the Advisor for investment management services or to increase the level of investment assets with the Advisor, as it would increase the

amount of advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

under management with the Advisor. All securities held in accounts managed by Cassia will be independently valued by the Custodian. The Advisor will conduct periodic reviews of the Custodian's valuations.

When Clients engage the Advisor to invest in private funds there will be a \$1,000 up front fee. In addition, there will be a 0.50% annual fee based on the invested account balance. These fees are based on the market value of assets under management at the end of the prior calendar quarter.

Investment advisory fees will be calculated by the Advisor and deducted from the Client account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the respective quarter-end date. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with Cassia at the end of the prior quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. In addition, all fees paid to Cassia for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of Cassia, but would not receive the services provided by Cassia which are designed, among other things, to assist the Client in determining which products or services are most appropriate to each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by Cassia to fully understand the total fees to be paid.

Cassia Capital Partners LLC

Item 7 – Types of Clients

Cassia offers investment advisory services to individuals, high net worth individuals, trusts, estates, endowments, foundations, and business entities. The amount of each type of Client is available on the Advisor's Form ADV Part 1A. These amounts may change over time and are updated at least annually by the Advisor. Cassia generally imposes a minimum relationship size of \$250,000 for establishing an advisory relationship. The minimum relationship size may be waived at the sole discretion of the Advisor.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Cassia primarily employs a fundamental analysis method in developing investment strategies for its Clients, but may also employ cyclical analysis and other risk-based methods in developing investment decisions. Research and analysis from Cassia are derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included in Item 13 – Review of Accounts.

As noted above, Cassia generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Cassia will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Cassia may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Cassia will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. The following are some of the risks associated with the Advisor's investment strategies:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs have a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Alternative Investments (Limited Partnerships)

The performance of alternative investments (limited partnerships) can be volatile and may have limited liquidity. An investor could lose all or a portion of their investment. Such investments often have concentrated positions and investments that may carry higher risks. Client should only have a portion of their assets in these investments.

Bond Risks

Bonds are subject to specific risks, including the following: (1) interest rate risks, i.e. the risk that bond prices will fall if interest rates rise, and vice versa, the risk depends on two things, the bond's time to maturity, and the coupon rate of the bond. (2) reinvestment risk, i.e. the risk that any profit gained must be reinvested at a lower rate than was previously being earned, (3) inflation risk, i.e. the risk that the cost of living and inflation increase at a rate that exceeds the income investment thereby decreasing the investor's rate of return, (4) credit default risk, i.e. the risk associated with purchasing a debt instrument which includes the possibility of the company defaulting on its repayment obligation, (5) rating downgrades, i.e. the risk associated with a rating agency's downgrade of the company's rating which impacts the investor's confidence in the company's ability to repay its debt and (6) Liquidity Risks, i.e. the risk that a bond may not be sold as quickly as there is no readily available market for the bond.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving Cassia or its Advisory Persons. Cassia and its Advisory Persons value the trust you place in the Advisor. The Advisor encourages Clients to perform the requisite due diligence on any advisor or service provider that the Client engages. The backgrounds of the Advisor and Advisory Persons are available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor's firm name or firm CRD# 159911.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Cassia has implemented a Code of Ethics (the "Code") that defines the Advisor's fiduciary commitment to each Client. This Code applies to all persons associated with Cassia ("Supervised Persons"). The Code was developed to provide general ethical guidelines and specific instructions regarding Cassia's duties to Clients. Cassia and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Cassia's Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of the Code, please contact the Advisor at (336) 723-4585 or via email at info@cassiacapitalpartners.com.

B. Personal Trading with Material Interest

Cassia allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Cassia does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advice an investment company. Cassia does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Cassia allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities that are recommended (purchase or sell) to Clients presents a conflict of interest that, as fiduciaries, must be disclosed to you and mitigated through policies and procedures. As noted above, the Advisor has adopted the Code to address insider trading (material non-public information controls) and personal securities reporting procedures. When trading for personal accounts, Supervised Persons of Cassia have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Cassia requiring reporting of personal securities trades by its Supervised Persons pursuant to its Code of Ethics. The Advisor has also adopted written policies and procedures to detect the misuse of material, non-public information. The Advisor has an interest or position in certain securities, which may also be recommended to Clients.

In addition, the Code of Ethics governs Gifts and Entertainment given by and provided to the Advisor, outside employment activities of employees, Employee reporting, sanctions for violations of the Code of Ethics, and records retention requirements for various aspects of the Code of Ethics.

D. Personal Trading at Same Time as Client

While Cassia allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, these trades do not occur at the same time. Cassia will place trades only

after Client orders have been placed and filled. **At no time, will Cassia or any Supervised Persons of Cassia, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Cassia does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize Cassia to direct trades to the Custodian as agreed upon in the investment advisory agreement. Further, Cassia does not have the discretionary authority to negotiate commissions on behalf of Clients on a trade-by-trade basis.

Where Cassia does not exercise discretion over the selection of the Custodian, it will recommend the Custodian to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost associated with using a custodian not recommended by Cassia. In such instance, the Advisor may not be able to deliver the same services to Client as provided to other Clients. Cassia may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, the Custodian's reputation and/or the location of the Custodian's offices, and/or the services provided to the Advisor. Cassia will typically recommend that Clients establish their account[s] at Pershing LLC ("Pershing"), a FINRA-registered broker-dealer and member SIPC. Pershing will serve as the Client's "qualified custodian". Cassia maintains an institutional relationship with Pershing, whereby the Advisor receives economic benefits from Pershing. Please see Item 14 below.

Cassia may receive from Pershing, without cost to Cassia, computer software and related systems support that allows Cassia to better monitor Client accounts. Cassia may receive software and related support without cost because Cassia renders investment management services to Clients that maintain assets on these institutional platforms. The software and related systems support may benefit Cassia, but not its Clients directly. In fulfilling its duties to its Clients, Cassia endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that Cassia's receipt of economic benefits from a Custodian creates a conflict of interest since these benefits may influence Cassia's choice of Custodian over another custodian that does not furnish similar software, systems support, or services.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with a broker-dealer/custodian in exchange for research and other services. **Cassia does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, the Advisor does receive certain economic benefits from the Custodian. Please see Item 14 below.**

2. Brokerage Referrals - Cassia does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a "directed brokerage basis", where Cassia will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective brokerage account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). Cassia will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of the order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. Cassia will execute its transactions through the Custodian as directed by the Client. Cassia may aggregate orders in a block trade or trades when securities are purchased or sold through the Custodian for multiple (discretionary) accounts in the same trading day. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage particular Clients' accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in a Client account[s] are monitored on a regular and continuous basis by James Helvey or Charles Barham, Managing Partners of Cassia. Formal reviews are generally conducted at least annually or more frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A. above, each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify Cassia if changes occur in his/her personal financial situation that might adversely affect his/her investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 - Client Referrals and Other Compensation

A. Compensation Received by Cassia

Cassia is a fee-only advisory firm, who, in all circumstances, is compensated solely by the Client. Cassia does not receive commissions or other compensation from product sponsors, broker dealers or any un-related third party. Cassia may refer Clients to various third parties to provide certain financial services necessary to meet the goals of its Clients. Likewise, Cassia may receive referrals of new Clients from a third-party.

Participation in Institutional Advisor Platform

Cassia has established an institutional relationship with Pershing to assist the Advisor in managing Client account[s]. Access to the Custodian Institutional platform is provided at no charge to the Advisor. The Advisor receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Pershing. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Cassia Capital Partners LLC

1144 West Fourth Street, Suite 200, Winston Salem, NC

(336) 723-4585 | www.cassiacapitalpartners.com

Additionally, the Advisor may receive the following benefits from Pershing: receipt of duplicate Client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its institutional participants; access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to Client accounts; and access to an electronic communication network for Client order entry and account information. Details of this custodian relationship are included in Item 12 – Brokerage Practices.

B. Compensation for Client Referrals

The Advisor does not compensate, either directly or indirectly, any persons who are not supervised persons, for Client referrals.

Item 15 – Custody

Cassia does not accept or maintain custody of any Client account[s], except for the authorized deduction of the advisor's fee. All Clients must place their assets with a "qualified custodian". Clients are required to engage the Custodian to retain their funds and securities and direct Cassia to utilize the Custodian for the Client's security transactions. Cassia encourages Clients to review statements provided by the Custodian. For more information about custodians and brokerage practices, see Item 12 – Brokerage Practices.

Item 16 – Investment Discretion

Cassia generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Cassia. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by Cassia will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

Cassia may accept the authority to vote Client's securities (i.e., proxies) on their behalf. When Cassia accepts such responsibility, it will cast proxy votes in a manner it believes is consistent with the best interest of its Clients. At any time Clients may contact Cassia to request information about how the Advisor voted proxies for that Client's securities. A brief summary of Cassia's proxy voting policies and procedures is as follows:

The Advisor has engaged Broadridge, a third-party, independent proxy advisory firm, to provide it with ProxyEdge which provides research, analysis, and recommendations on the various proxy proposals for the client securities that Cassia manages with the aim of maximizing shareholder value. In engaging ProxyEdge for that purpose, Cassia has reviewed ProxyEdge's Proxy Paper Guidelines for the current proxy voting season and has approved the summary of ProxyEdge's positions on the voting positions it recommends for the types of proposals most frequently presented, including: election and composition of directors; financial reporting; compensation of management and directors; corporate governance structure and anti-takeover measures; and environmental and social risks to operations. Cassia is in agreement with the approach ProxyEdge has set forth in its current Proxy Paper Guidelines for voting proxies. Although Cassia, based on its approval of the positions in the Proxy Paper Guidelines, expects to vote proxies according to ProxyEdge's recommendations, certain issues may need to be considered on a case-by-case basis due to the diverse and continually evolving nature of corporate governance issues. If such cases should arise, then Cassia will devote appropriate time and resources to consider those issues.

Cassia Capital Partners LLC

1144 West Fourth Street, Suite 200, Winston Salem, NC

(336) 723-4585 | www.cassiacapitalpartners.com

Where Cassia is responsible for voting proxies on behalf of a Client, the Client cannot direct the Firm's vote on a particular solicitation. The Client, however, can revoke Cassia's authority to vote proxies. In situations where there may be a conflict of interest in the voting of proxies due to business or personal relationships that Cassia maintains with persons having an interest in the outcome of certain votes, the Advisor will take appropriate steps, whether by following ProxyEdge's third-party recommendation or otherwise, to ensure that proxy voting decisions are made in what it believes is the best interest of its Clients and are not the product of any such conflict.

Item 18 – Financial Information

Neither Cassia, nor its management has any adverse financial situations that would reasonably impair the ability of Cassia to meet all obligations to its Clients. Neither Cassia, nor any of its Advisory Persons, have been subject to a bankruptcy or financial compromise. Cassia is not required to deliver a balance sheet along with this Disclosure Brochure as the firm does not collect advance fees of \$1,200 or more for services to be performed six months or more in advance.
