Item 4 – Advisory Services

A. Firm Information

Gold Medal Waters, Inc. (“GMW” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission. GMW is organized as a corporation under the laws of Colorado. GMW was founded in 2004 and is owned and operated by Matthew J. Kelley, CFP® (President and Chief Compliance Officer). This Disclosure Brochure provides information regarding the qualifications, business practices, and advisory services provided by GMW.

The Advisor serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. GMW’s fiduciary commitment is further described in the Advisor’s Code of Ethics. For more information regarding the Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

B. Advisory Services Offered

GMW offers investment advisory services to individuals, high net worth individuals, retirement plans, charitable organizations and corporations or other businesses (each referred to as a “Client”).

Wealth Management Services

GMW may provide Clients with wealth management services, which generally include a broad range of comprehensive financial planning and consulting services in connection with discretionary and non-discretionary management of investment portfolios pursuant to the terms of the agreement. Services included in a wealth management engagement are described below.

Investment Management Services - GMW provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary and non-discretionary investment management and related advisory services. GMW works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy. GMW will then construct a portfolio consisting of mutual funds offered primarily by Dimensional Fund Advisors LP (“DFA”), or utilize the services of an unaffiliated investment manager to achieve the Client’s investment goals. In certain instances, the Advisor may also utilize mutual funds from the Vanguard Group, Inc. or any other family of mutual funds to help the Client meet their needs and objectives. The Advisor may retain certain legacy investments based on portfolio fit and/or tax considerations.

GMW’s investment strategy is primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held less than one year to meet the objectives of the Client or due to market conditions. GMW will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor. DFA funds are exclusively made available through a registered investment advisor, therefore a Client may not invest in these funds in their independent capacity.

GMW evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. GMW may recommend, on occasion, redistributing investment allocations to diversify the portfolio. The Advisor may recommend employing cash positions as a possible hedge against market movement. GMW may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client’s risk tolerance.

Retirement Accounts – When the Advisor provides investment advice to Clients regarding ERISA retirement accounts or individual retirement accounts (“IRAs”), the Advisor is a fiduciary within the meaning of Title I of the Employee Retirement Income Security Act (“ERISA”) and/or the Internal Revenue Code (“IRC”), as applicable, which are laws governing retirement accounts. When deemed to be in the Client’s best interest, the Advisor will provide investment advice to a Client regarding a distribution from an ERISA retirement account or to roll over the assets to an IRA, or recommend a similar transaction including rollovers from one ERISA sponsored Plan to another, one IRA to another IRA, or from one type of account to another account (e.g. commission-based account to fee-based account). Such a recommendation creates a conflict of interest if the Advisor will earn a new (or increase its current) advisory fee as a result of the transaction. No client is under any obligation to roll over a retirement account to an account managed by the Advisor.

At no time will GMW accept or maintain custody of a Client’s funds or securities, except for the limited authority as outlined in Item 15 - Custody. All Client assets will be managed within their designated account[s] at the Custodian, pursuant to the Client investment advisory agreement. For additional information, please see Item 12 – Brokerage Practices.

Use of Independent Managers - GMW will recommend that Clients utilize one or more unaffiliated investment managers or investment platforms (collectively “Independent Managers”) for all or a portion of a Client’s investment portfolio, based on the Client’s needs and objectives. The Advisor will perform initial and ongoing oversight and due diligence over each Independent Manager to ensure the strategy remains aligned with Clients investment objectives and overall best interests. The Advisor will also assist the Client in the development of the initial policy recommendations and managing the ongoing Client relationship. The Client will be provided with the Independent Manager’s Form ADV Part 2A - Disclosure Brochure (or a brochure that makes the appropriate disclosures).

Financial Planning Services - Generally, such financial planning services involve preparing a formal financial plan or rendering a specific financial consultation based on the Client’s financial goals and objectives. Clients may also engage the Advisor for ongoing financial planning as a separate service, pursuant to a written agreement. This planning may encompass one or more areas of need, including but not limited to, asset allocation planning, risk analysis, education planning, cash flow planning, expense planning, emergency fund planning, student loan planning, disability insurance planning, retirement fund planning, home purchase planning, life insurance planning, net worth analysis, estate planning, retirement income planning, risk analysis, tax planning, investment planning, business planning and other areas of a Client’s financial situation.

A financial plan developed for the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and charitable giving programs.

GMW may also refer Clients to an accountant, attorney or another specialist, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of Client’s financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans are typically completed within six months of contract date, assuming all information and documents requested are provided promptly.

Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

In accordance with ERISA Section 408(b)(2), the Plan Sponsor is provided with a written description of GMW’s fiduciary status, the specific services to be rendered and all direct and indirect compensation the Advisor reasonably expects under the engagement.

C. Client Account Management

Prior to engaging GMW to provide investment advisory services, each Client is required to enter into one or more agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – GMW, in connection with the Client, will develop an investment strategy for the Client that is targeted to achieve the Client’s objectives.

A. Fees for Advisory Services

Wealth Management Services

For Clients engaged in comprehensive wealth management services, the Client will be charged a single combined fee for investment management, financial planning. Wealth management fees are paid quarterly at the end of each calendar quarter and ranges between \$7,500 and 47,500 annually, pursuant to the terms of the agreement. Fees are determined by the Client's needs and objectives, size of the relationship, complexity of the relationship, scope of work, specific reporting requirements, portfolio restrictions and other complexities. Certain legacy Clients may be charged a fee that may be different from the described fee above.

Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by GMW will be independently valued by the Custodian. GMW will conduct periodic reviews of the Custodian's valuations.

Financial Planning Services

GMW may also offer ongoing financial planning services at a fixed annual fee ranging from \$7,500 to \$47,500 payable at the end of each monthly or quarterly period, pursuant to the agreement. Fees are based on the scope of financial planning services provided to the Client, as detailed in Item 4.B above. Fees may be negotiable based on the nature, size of the relationship, and complexity of the services to be provided and the overall relationship with the Advisor. An estimate for overall costs will be provided to the Client prior to engaging for these services. Certain legacy engagements may be charged differently than from what is disclosed above.

Retirement Plan Advisory Services

Fees for retirement plan advisory services are charged an annual asset-based fee ranging from 0.10% to 0.70% or charged a fixed fee ranging from \$4000 to \$40,000, billed quarterly or annually ("Billing Period") in arrears, at the end of each calendar Billing Period. Fees are based on the needs and complexities of the Plan. Retirement plan advisory fees are negotiable at the sole discretion of the Advisor.

Use of Independent Managers

For Clients referred by the Advisor to an Independent Manager, the Client's fee will be deducted from the Client's account[s] with the respective Independent Manager. The Independent Manager will allocate a portion of the total advisory fees to the Advisor. GMW does not receive any additional compensation or fees from the Independent Manager and will only earn its investment advisory fee disclosed above.

B. Fee Billing

Wealth Management Services

Wealth management fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor or its delegate shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the respective quarter-end date. For Clients whose assets are custodied at Altruist, fixed fees will be charged quarterly, at the agreed upon annual fixed fee divided by four (4). Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the wealth management fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting GMW to be paid directly from their account[s] held by the Custodian as part of the agreement and separate account forms provided by the Custodian.

Financial Planning Services

For ongoing financial planning services, fees are due at the end of each monthly or quarterly period, depending on the terms of the financial planning agreement.

Retirement Plan Advisory Services

Fees may be directly invoiced to the Plan Sponsor or deducted from the assets of the Plan, depending on the terms of the retirement plan advisory agreement.

Use of Independent Managers

For Client accounts implemented through an Independent Manager, the Client's overall fees will include GMW's wealth management fee (as noted above) plus investment management fees and/or platform fees charged by the Independent Manager. The Independent Manager will assume the responsibility for calculating the Client's fees and deducting all fees from the Client's account[s].

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than GMW, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all custody and securities execution fees charged by the Custodian, if applicable. Certain recommended custodians do not charge securities transaction fees for ETF and equity trades in a Client's account, provided that the account meets the terms and conditions of the Custodian's brokerage requirements. However, the Custodian typically charges for mutual funds and other types of investments. The fees charged by GMW are separate and distinct from these custody and execution fees. In addition, Clients are responsible for fees charged by third parties engaged for recommended services.

All fees paid to GMW for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of GMW, but would not receive the services provided by GMW which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. However, Clients are unable to invest in DFA funds directly, without the services of a registered investment advisor. If a Client chooses to terminate the relationship with the Advisor, the Client may hold the DFA funds, but would not be able to purchase additional shares. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by GMW to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

Wealth Management Services

GMW is compensated for its services at the end of the quarter after investment advisory services are rendered. Either party may terminate the agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. The Client's agreement with the Advisor is non-transferable without the Client's prior consent.

Financial Planning Services

GMW is compensated for its services upon completion of the engagement deliverable[s] or at the end of each monthly or quarterly period. Ongoing financial planning services are intended to be perpetual in nature and will continue until terminated by either party. Either party may terminate the financial planning agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the financial planning agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-

Upon termination, the Client shall be billed for the percentage of the engagement scope completed by the Advisor. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior consent.

Retirement Plan Advisory Services

GMW is compensated for its services at the end of the Billing Period after retirement plan advisory services are rendered. Either party may request to terminate their services with GMW, at any time, by providing advance written notice to the other party. The Client may also terminate the retirement advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. The Client's retirement plan services agreement with the Advisor is non-transferable without the Client's prior consent.

Use of Independent Managers

In the event that the Advisor has determined that an Independent Manager is no longer in the Client's best interest, the Advisor will have the discretion to terminate the relationship with the Independent Manager. The terms for termination are set forth in the respective agreements between the Advisor and the Independent Managers.

E. Compensation for Sales of Securities

GMW does not buy or sell securities and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Item 6 – Performance-Based Fees and Side-By-Side Management

GMW does not charge performance-based fees for its investment advisory services. The fees charged by GMW are as described in Item 5 above and are not based upon the capital appreciation of the funds or securities held by any Client.

GMW does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

GMW offers investment advisory services to individuals, high net worth individuals, retirement plans, charitable organizations and corporations or other businesses. The amount of each type of Client is available on GMW's Form ADV Part 1A. These amounts may change over time and are updated at least annually by the Advisor. The Advisor will not restrict any type of Client that wishes to engage GMW for its financial planning services. GMW will not impose a minimum relationship size for its investment management clients.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Research and analysis from GMW is derived from numerous sources, including but not limited, research from Vanguard and DFA, financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Gold Medal Waters, Inc.

Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment. The Advisor does not guarantee that the investment will increase in value. Assets meeting the investment criteria may lose value and may have negative investment performance. The Advisor monitors these investments to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

B. Investment Strategies

As noted above, GWM generally employs a long-term investment asset allocation and investment strategy for Clients, as consistent with their financial goals. GWM will typically hold all or a portion of a security for more than a year but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, GWM may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

Asset allocation is the implementation of an investment strategy that attempts to balance risk versus reward by adjusting the percentage of each asset in an investment portfolio according to the investor's risk tolerance, goals and investment time frame. GWM primarily utilizes strategic asset allocation designed to create an asset mix that will provide the optimal balance between expected risk and return for a long-term investment horizon.

C. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. GWM will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with the Advisor's strategy:

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Past performance is not a guarantee of future returns. Investing in securities and other investments involves a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving GMW or any of its management persons. GMW values the trust Clients place in the Advisor. The Advisor encourages Clients to perform the requisite due diligence on any advisor or service provider that the Client engages. The backgrounds of the Advisor and its Advisory Persons are available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor's firm name or CRD# 132294.

Item 10 – Other Financial Industry Activities and Affiliations

This item requires investment advisers to disclose certain financial industry activities and affiliations. Neither GMW nor its management personnel have any relationship, fee sharing arrangements, application pending to register or are a registered representative with any of the following: a broker-dealer, municipal securities dealer, or government securities dealer or broker; an investment company or other pooled investment vehicle (e.g. mutual fund, private fund, etc.); a futures commission merchant, commodity pool operator, or commodity trading advisor; a banking or thrift institution; an accountant or accounting firm; a lawyer or law firm; an insurance company or agency; a pension consultant; a real estate broker or dealer; or a sponsor or syndicator of limited partnerships. GMW does not have any other financial industry activities or affiliations that need to be disclosed.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

GMW has implemented a Code of Ethics (the "Code") that defines the Advisor's fiduciary commitment to each Client. This Code applies to all persons associated with GMW ("Supervised Persons"). The Code was developed to provide general ethical guidelines and specific instructions regarding the Advisor's duties to the Client. GMW and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of GMW's Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of the Code, please contact GMW at (720) 887-1299 or via email at info@goldmedalwaters.com.

B. Personal Trading with Material Interest

GMW allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. GMW does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. GMW does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

While GMW recommends that Clients invest in mutual funds, the Advisor has adopted personal trading policies to mitigate potential conflicts of interest. GMW allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities recommended (purchase or sell) to Clients presents a conflict of interest that, as fiduciaries, must be disclosed and mitigated through policies and procedures. As noted above, the Advisor has adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by GMW requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer ("CCO") or delegate. The Advisor has also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While GMW allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are traded afterwards or based on prices at the close of the market. **At no time will GMW, or any Supervised Person of GMW, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

GMW does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize GMW to direct trades, or authorize GMW to appoint an Independent Manager to direct trades, to this Custodian as agreed in the investment advisory agreement. Further, GMW does not have the discretionary authority to negotiate commissions on behalf of Clients on a trade-by-trade basis.

While GMW does not exercise discretion over the selection of the Custodian, the Advisor will typically recommend the Custodian to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by the Advisor. The Advisor may be limited in the services it can provide if the recommended Custodian is not engaged.

GMW may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, its reputation, and/or the location of the Custodian's offices. GMW does not receive research services, other products, or compensation as a result of recommending a particular broker-dealer/custodian that may result in the Client paying higher commissions than those obtainable through other broker-dealer/custodians. GMW primarily recommends that Clients establish their account[s] with Fidelity Clearing & Custody Solutions and related entities of Fidelity Investments, Inc. (collectively "Fidelity"), a FINRA-registered broker-dealer and member SIPC, Charles Schwab (collectively "Schwab"), a FINRA-registered broker-dealer and member SIPC, and Altruist Financial LLC, an unaffiliated SEC-registered broker dealer and FINRA/SIPC member, as the introducing broker to Apex Clearing Corporation, an unaffiliated SEC-registered broker dealer and FINRA/SIPC member. Fidelity and Altruist will serve as the Client's "qualified custodian". GMW does not receive any research or other soft-dollar benefit by nature from its relationship with Altruist Financial LLC. GMW does not receive any referrals in exchange for using Altruist Financial LLC as a broker dealer. GMW maintains an institutional relationship with Fidelity, whereby the Advisor receives economic benefits from the Custodians. Please see Item 14 below.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with the broker-dealer/custodian in exchange for research and other services. **GMW does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, the Advisor does receive certain economic benefits from the Custodians. Please see Item 14 below.**

2. Brokerage Referrals - GMW does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a "directed brokerage basis", where GMW will place trades, or have a third party money manager place trades, within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective account[s] at the Custodian. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). GMW will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

Transactions for each Client will generally be effected independently, unless GMW decides to purchase or sell the same securities for several Clients at approximately the same time. The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of the order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. GMW will execute its transactions through the Custodian as directed by the Client.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Advisory Persons of GMW. Formal reviews are generally conducted at least annually or more or less frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify GMW if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 - Client Referrals and Other Compensation

A. Compensation Received by GMW

Participation in Institutional Advisor Platform

GMW has established an institutional relationship with Fidelity to assist the Advisor in managing Client account[s]. Access to the Fidelity Institutional platform is provided at no charge to the Advisor. The Advisor receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Fidelity. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Additionally, the Advisor may receive the following benefits from Fidelity: receipt of duplicate Client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its institutional participants; access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to Client accounts; and access to an electronic communication network for Client order entry and account information.

B. Client Referrals from Promoters

In the event a client is introduced to GMW by a promoter, the Advisor may pay the promoter a referral fee in accordance with applicable state securities laws. Any affiliated promoter of GMW is required to disclose the nature of his or her relationship to prospective clients at the time of the solicitation.

Item 15 – Custody

All Clients must place their assets with a “qualified custodian”. Clients are required to engage the Custodian to retain their funds and securities and direct GMW to utilize the Custodian for the Client's security transactions. Clients should review statements provided by the Custodian and compare to any reports provided by GMW to ensure accuracy, as the Custodian does not perform this review. For more information about custodians and brokerage practices, see Item 12 - Brokerage Practices.

The Advisor currently has custody of Client assets, where the Client gives the Advisor authority to move money from one account to another account. In order to avoid additional regulatory requirements, the Custodian and the Advisor have adopted safeguards to ensure that the money movements are completed in accordance with the Client's instructions.

Item 16 – Investment Discretion

While GMW may have discretion over the selection and amount of securities to be bought or sold, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by GMW. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by GMW will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

GMW does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither GMW, nor its management, have any adverse financial situations that would reasonably impair the ability of GMW to meet all obligations to its Clients. Neither GMW, nor any of its Advisory Persons, have been subject to a bankruptcy or financial compromise. GMW is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect fees of \$1,200 or more for services to be performed six months or more in advance.

Item 19 – Business Continuity Plan

Gold Medal Waters, Inc. has a business continuity and contingency plan in place designed to respond to significant business disruptions. These disruptions can be both internal and external. Internal disruptions will impact our ability to communicate and do business, such as a fire in the office building. External disruptions will prevent the operation of the securities markets or the operations of a number of firms, such as earthquakes, wildfires, hurricanes, terrorist attack or other wide-scale, regional disruptions.

Our continuity and contingency plan have been developed to safeguard employees' lives and firm property, to allow a method of making financial and operational assessments, to quickly recover and resume business operations, to protect books and records, and to allow clients to continue transacting business.

The plan includes the following: the ability for staff to work remotely in order to conduct business operations in a seamless fashion; electronic back-ups of records; Alternative means of communications with employees, clients, critical business constituents and regulators. Our business continuity and contingency plan is reviewed and updated on a regular basis to ensure that the policies in place are sufficient and operational.

The CERTIFIED FINANCIAL PLANNER™, CFP® and federally registered CFP® (with flame design) marks (collectively, the "CFP® marks") are professional certification marks granted in the United States by Certified Financial Planner Board of Standards, Inc. ("CFP® Board").

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 71,000 individuals have obtained CFP® certification in the United States.

To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- **Education** – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP® Board's studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor's Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP® Board's financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- **Examination** – Pass the comprehensive CFP® Certification Examination. The examination includes case studies and client scenarios designed to test one's ability to correctly diagnose financial planning issues and apply one's knowledge of financial planning to real world circumstances;
- **Experience** – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- **Ethics** – Agree to be bound by CFP® Board's *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- **Continuing Education** – Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- **Ethics** – Renew an agreement to be bound by the *Standards of Professional Conduct*. The *Standards* prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP® Board's enforcement process, which could result in suspension or permanent revocation of their CFP® certification.

CERTIFIED FINANCIAL PLANNER™ (“CFP®”)

The CERTIFIED FINANCIAL PLANNER™, CFP® and federally registered CFP® (with flame design) marks (collectively, the “CFP® marks”) are professional certification marks granted in the United States by Certified Financial Planner Board of Standards, Inc. (“CFP® Board”).

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 71,000 individuals have obtained CFP® certification in the United States.

To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- **Education** – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP® Board's studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor's Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP® Board's financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- **Examination** – Pass the comprehensive CFP® Certification Examination. The examination includes case studies and client scenarios designed to test one's ability to correctly diagnose financial planning issues and apply one's knowledge of financial planning to real world circumstances;
- **Experience** – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- **Ethics** – Agree to be bound by CFP® Board's *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- **Continuing Education** – Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- **Ethics** – Renew an agreement to be bound by the *Standards of Professional Conduct*. The *Standards* prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP® Board's enforcement process, which could result in suspension or permanent revocation of their CFP® certification.
