Item 4 – Advisory Services

A. Firm Information

ERTS Wealth Advisors, LLC (“ERTS” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”). The Advisor is organized as a limited liability company under the laws of the State of Michigan. ERTS was founded in December 2017 and became a registered investment advisor in March 2018. ERTS is jointly owned by Mommaerts Mahaney Financial Services, Inc. and Roberts Financial Services, Inc. The Advisor conducts business under these two practice names (“doing business as” or “dba” names). Jon C. Mommaerts (Principal) is the primary owner of Mommaerts Mahaney Financial Services, Inc. Bruce A. Roberts (Principal and Chief Compliance Officer) is the primary owner of Roberts Financial Services, Inc. This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by ERTS. For questions relating to this Disclosure Brochure, please contact Bruce Roberts at (906) 228-5564.

B. Advisory Services Offered

ERTS offers investment advisory services to high-net worth individuals, families, trusts, estates, businesses, retirement plans and broker-dealers (each referred to as a “Client”).

The Advisor serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. ERTS fiduciary commitment is further described in the Advisor’s Code of Ethics. For more information regarding our Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

ERTS provides comprehensive investment management, planning and consulting services tailored to the individual needs of each Client.

Investment Advisory Services

ERTS provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and related advisory services. ERTS works with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create an appropriate investment strategy. ERTS will then construct an investment portfolio that may include the use of our internal investment management and/or independent managers.

Internal Investment Management - ERTS customizes its investment management services for its Clients. Portfolios are primarily constructed using mutual funds, exchange-traded funds (“ETFs”), individual stocks and fixed income securities. The Advisor may also utilize other types of investments, as appropriate, to meet the needs of each particular Client. The Advisor may retain certain legacy investments based on portfolio fit and/or tax considerations.

ERTS evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. ERTS’s investment approach is primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held for less than one year to meet the objectives of the Client or due to market conditions. If it is consistent with the Client’s goals, the Advisor may also engage in an investment strategy that utilizes frequent trading in securities, please see Item 8 for more information. ERTS will construct, implement and monitor the Client’s portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

ERTS, in its discretion, may redistribute investment allocations to diversify the portfolio. ERTS may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. ERTS may recommend selling positions for reasons

ERTS Wealth Advisors, LLC
989 West Washington Street, Suite 101, Marquette, MI 49855

that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client's risk tolerance.

At no time will ERTS accept or maintain custody of a Client's funds or securities, except for the limited authority as outlined in Item 15 – Custody. All Client assets will be managed within the designated account[s] at the Custodian, pursuant to the terms of the advisory agreement. Please see Item 12 – Brokerage Practices.

Retirement Plan Rollover Recommendations – When deemed to be in the Client's best interest, the Advisor will recommend that a Client take a distribution from an ERISA sponsored plan or to roll over the assets to an Individual Retirement Accounts ("IRAs"), or recommend a similar transaction including rollovers from one ERISA sponsored Plan to another, one IRA to another IRA, or from one type of account to another account (e.g. commission-based account to fee-based account). In such instances, the Advisor will serve as an investment fiduciary as that term is defined under The Employee Retirement Income Security Act of 1974 ("ERISA") and/or the Internal Revenue Code ("IRC"), as applicable, which are laws governing retirement accounts. Such a recommendation creates a conflict of interest if the Advisor will earn a new (or increase its current) advisory fee as a result of the transaction. No client is under any obligation to roll over a retirement account to an account managed by the Advisor.

Use of Independent Managers – When deemed to be in the Client's best interest, ERTS will recommend to Clients that all or a portion of their investment portfolio be implemented by utilizing one or more unaffiliated money managers or investment platforms (collectively "Independent Managers"). Independent Managers may be sourced directly or accessed through an investment management platform or directly engaged by the Advisor. The Client will be required to enter into a separate agreement with the Independent Manager[s]. Please see Item 10 for additional information.

ERTS serves as the Client's primary advisor and relationship manager. However, the Independent Manager[s] will assume discretionary authority for the day-to-day investment management of those assets placed in their control. ERTS will assist and advise the Client in establishing investment objectives for their account[s], the selection of the Independent Manager[s], and defining any restrictions on the account[s]. ERTS will continue to provide oversight of the Client's account[s] and ongoing monitoring of the activities of these unaffiliated parties. The Independent Manager[s] will implement the selected investment strategies based on their investment mandates. The Client may be able to impose reasonable investment restrictions on these accounts, subject to the acceptance of these third parties. ERTS does not receive any compensation from these Independent Managers or Investment Platforms, other than its investment advisory fee (described in Item 5).

Financial Planning and Consulting Services

ERTS will typically provide a variety of financial planning services to Clients as part of the investment advisory engagement or as a separate engagement. Services are offered in several areas of a Client's financial situation, depending on their goals and, objectives. Generally, such financial planning services will involve preparing a financial plan or rendering a financial consultation based on the Client's financial goals and objectives. This planning or consulting may encompass one or more areas of need, including, but not limited to investment planning, retirement planning, estate planning, personal savings, education savings, insurance needs, and other areas of a Client's financial situation.

A financial plan developed for or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs. ERTS may also refer Clients to an accountant, attorney or other specialist, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary.

ERTS Wealth Advisors, LLC
989 West Washington Street, Suite 101, Marquette, MI 49855

Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendations pose a conflict between the interests of the Advisor and the interests of the Client. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

Retirement Plan Advisory Services

ERTS provides retirement plan advisory services on behalf of the retirement plans (each a "Plan") and the company (the "Plan Sponsor"). The Advisor's retirement plan advisory services are designed to assist the Plan Sponsor in meeting its fiduciary obligations to the Plan and its Plan Participants. Each engagement is customized to the needs of the Plan and Plan Sponsor. Services generally include:

- Vendor Analysis
- Plan Participant Enrollment and Education Tracking
- Investment Policy Statement ("IPS") Design and Monitoring
- Investment Monitoring Services (ERISA 3(21))
- Performance Reporting
- Ongoing Investment Recommendation and Assistance
- ERISA 404(c) Assistance
- Benchmarking Services

ERTS also provides communication and education services to the Plan and its Participants, pursuant to the terms of the Advisor's agreement with each Plan Sponsor:

- Direct Plan Participant contacts by phone, e-mail or letter upon eligibility to promote enrollment
- Investment education
- Regular on-site advisor visits with staff for account updates and reviews
- Periodic company-wide employee survey of retirement plan understanding
- Customer satisfaction surveys
- Periodic Plan Participant group education opportunities

Certain of these services are provided by ERTS serving in the capacity as a fiduciary under the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). In accordance with ERISA Section 408(b)(2), the Plan Sponsor is provided with a written description of ERTS's fiduciary status, the specific services to be rendered and all direct and indirect compensation the Advisor reasonably expects under the engagement.

Financial Institution Consulting Services

ERTS provides investment consulting services to brokerage customers (herein "Brokerage Customers") of Mutual Securities, Inc. (herein "MSI") who provide written consent requesting to receive the Advisor's consulting services, pursuant to a written agreement with ERTS. Consulting services are strictly provided on products where MSI serves as the broker-dealer. Please see Item 10 – Other Financial Industry Activities and Affiliations for additional details.

C. Client Account Management

Prior to engaging ERTS to provide investment advisory services, each Client is required to enter into one or more advisory agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – ERTS, in connection with the Client, will develop an investment strategy targeted to achieve the Client's investment goals and objectives.

- Asset Allocation – ERTS will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.
- Portfolio Construction – ERTS will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – ERTS will provide investment management and ongoing oversight of the Client's investment portfolio.
- Financial Planning and Consulting – For Clients engaging for investment advisory services, the Advisor provides ongoing financial planning and related services regarding the Client's overall financial situation.

D. Wrap Fee Programs

ERTS does not manage or place Client assets into a wrap fee program.

E. Assets Under Management

As of December 31, 2023, ERTS manages approximately \$566,750,000 in Client assets, \$509,000,000 of which are managed on a discretionary basis and \$57,750,000 on a non-discretionary basis. Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client shall sign one or more agreements that detail the responsibilities of ERTS and the Client.

A. Fees for Advisory Services

Investment Advisory Services

Investment advisory fees are paid monthly, in advance of each month, pursuant to the terms of the investment advisory agreement. Investment advisory fees are based on the market value of assets under management at the end of the prior month. Investment advisory fees range from 0.50% to 1.50% annually depending on the level of assets to be managed, the investment approach to be employed and/or the complexity of services to be provided.

The investment advisory fee in the first month of service is prorated from the inception date of the account[s] to the end of the first month. Fees may be negotiable at the sole discretion of the Advisor. Certain Clients may have a fixed annual fee or fixed rate fee or a fee schedule that differs from above. The Client's fees will take into consideration the aggregate assets under management with Advisor. All securities held in accounts managed by ERTS will be independently valued by the Custodian. The Advisor will conduct periodic reviews of the Custodian's valuations.

The Advisor's fee is exclusive of, and in addition to any applicable securities transaction and custody fees, and other related costs and expenses described in Item 5.C below, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

Use of Independent Managers

As noted in Item 4, the Advisor will implement all or a portion of a Client's investment portfolio utilizing one or more Independent Managers. To eliminate any conflict of interest, the Advisor does not earn any compensation from an Independent Manager. The Advisor will only earn its investment advisory fee as described above. Independent Managers typically do not offer any fee discounts but may have a breakpoint schedule which will reduce the fee with an increased level of assets placed under management with an Independent Manager. The terms of such fee arrangements are included in the Independent Manager's disclosure brochure and applicable contract[s] with the Independent Manager. The total blended fee, including the Advisor's fee and the Independent Manager's fee, will not exceed 2.00% annually.

Financial Planning and Consulting Services

Financial planning and consulting services may be included as part of an overall wealth management engagement or provided as a stand-alone engagement. For separate engagements, financial planning and consulting services are offered at an hourly rate of up to \$250 per hour or as a fixed fee engagement. Fees are based on the experience of the person performing the services, the complexity and duration the services to be provided. An estimate for total hours and/or costs will be determined prior to engaging for these services.

Retirement Plan Advisory Services

Retirement plan advisory fees are paid quarterly, in advance of each calendar quarter, pursuant to the terms of the retirement plan advisory agreement. Fees are generally based on the market value of assets in the Plan at the end of the prior calendar quarter and charged at an annual rate of up to 0.75%. Fee may also be billed at a fixed annual rate.

Financial Institution Consulting Services

ERTS receives a consulting fee based on the assets under MSI's management from Brokerage Customers who have provided written consent to MSI to receive the consulting service from ERTS. The consulting fee is calculated from the assets under MSI's management as of the end of a calendar quarter period multiplied by an annual rate of 0.65%. The initial fee is paid only after the completion of one full calendar quarter period following the date of the executed agreement with MSI.

B. Fee Billing

Investment Advisory Services

Investment advisory fees will be calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor or delegate shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] for the respective period. The amount due is calculated by applying the monthly rate (annual rate divided by 12) to the total assets under management with ERTS at the end of the prior month. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting advisory fees to be deducted by ERTS directly from their accounts held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Use of Independent Managers

For Client accounts implemented through an Independent Manager, the Client's overall fees will include ERTS's investment advisory fee (as noted above) plus investment management fees and/or platform fees charged by the Independent Manager. The Independent Manager will assume the responsibility for calculating the Client's fees and deducting all fees from the Client's account[s].

Financial Planning and Consulting Services

Financial planning and consulting fees are invoiced up to 50% upon the execution of the financial planning or consulting agreement with the balance due upon completion of the engagement deliverable[s].

Retirement Plan Advisory Services

Fees may be directly invoiced to the Plan Sponsor or deducted from the assets of the Plan, depending on the terms of the retirement plan advisory agreement.

Financial Institution Consulting Services

MSI shall pay ERTS for its consulting services on or before thirty (30) days past the end of each calendar quarter.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than ERTS, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all custody and securities execution fees charged by the Custodian, if applicable. The Advisor's recommended Custodian does not charge securities transaction fees for ETF and equity trades in a Client's account, provided that the account meets the terms and conditions of the Custodian's brokerage requirements. However, the Custodian typically charges for mutual funds and other types of investments. The investment advisory fee charged by ERTS is separate and distinct from these custody and execution fees.

In addition, all fees paid to ERTS for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of ERTS, but would not receive the services provided by ERTS which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by ERTS to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

Investment Advisory Services

ERTS is compensated for its investment advisory services in advance of the month in which services are rendered. Either party may terminate the investment advisory agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the investment advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Advisor will promptly refund any unearned, prepaid fees to the Client. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's written consent.

Use of Independent Managers

In the event that a Client should wish to terminate their relationship with an Independent Manager, the terms for termination will be set forth in the respective agreements between the Client and those third parties. ERTS will assist the Client with the termination and transition as appropriate.

Financial Planning and Consulting Services

The Advisor is partially compensated for its financial planning and consulting services upon execution of the agreement. Either party may terminate a planning agreement, at any time, by providing written notice to the other party. The Client may also terminate the financial planning agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Client shall be responsible for fees based on the hours worked by the Advisor or the percentage of the engagement completed. Any unearned prepaid financial planning fees will be promptly refunded to the Client. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior consent.

Retirement Plan Advisory Services

ERTS is compensated for its retirement plan advisory services in advance of the quarter in which services are rendered. Either party may terminate the retirement plan advisory agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the retirement plan advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Advisor will promptly refund any unearned, prepaid fees to the Client. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

ERTS Wealth Advisors, LLC
989 West Washington Street, Suite 101, Marquette, MI 49855

Financial Institution Consulting Services

Either party may terminate the consulting agreement by providing thirty (30) days advance written notice to the other party. The Advisor will be entitled to fees up to the date of termination.

E. Compensation for Sales of Securities

ERTS does not buy or sell securities to earn commissions and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Certain Advisory Persons are also licensed as independent insurance professionals. As an independent insurance professional, an Advisory Person will earn commission-based compensation for selling insurance products, including insurance products they sell to Clients. Insurance commissions earned by an Advisory Person are separate and in addition to advisory fees. This practice presents a conflict of interest because a person providing investment advice on behalf of the Advisor who is also an insurance agent has an incentive to recommend insurance products to Clients for the purpose of generating commissions rather than solely based on Client needs. However, Clients are under no obligation, contractually or otherwise, to purchase insurance products through an Advisory Person.

Item 6 – Performance-Based Fees and Side-By-Side Management

ERTS does not charge performance-based fees for its investment advisory services. The fees charged by ERTS are as described in Item 5 above. ERTS does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

ERTS offers investment advisory services to high-net worth individuals, families, trusts, estates, businesses and retirement plans. The amount of each type of Client is available on Form ADV Part 1A. These amounts may change over time and are updated at least annually by the Advisor. ERTS does not impose a size for establishing a relationship, but does tailor its services to high-net worth individuals. Clients implemented through AMP must maintain a minimum account size of \$5,000 to establish an account.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

ERTS primarily employs fundamental analysis in developing investment strategies for its Clients. Research and analysis from ERTS are derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. This criteria consists generally of ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

As noted above, ERTS generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. ERTS will typically hold all or a portion of a security for more than a year, but may hold for shorter

ERTS Wealth Advisors, LLC
989 West Washington Street, Suite 101, Marquette, MI 49855

periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, ERTS may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. ERTS will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with the Advisor's investment strategies:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs has a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events to disclose involving ERTS, or any of its management persons. The backgrounds of the Advisor and its Advisory Persons are available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor's firm name or CRD# 289856.

Item 10 – Other Financial Industry Activities and Affiliations

Neither the Advisor nor its Supervised Persons has any registrations or affiliations with a futures commission merchant, commodity pool operator or commodity-trading advisor.

Financial Institution Consulting Services

ERTS has an agreement with MSI to provide investment consulting services to Brokerage Customers, as noted in Item 4 – Advisory Services above. MSI compensates ERTS for providing consulting services to Brokerage Customers who have broker-dealer business placed with MSI. This consulting arrangement does not include assuming discretionary authority over Brokerage Customers' accounts or the monitoring of securities. These consulting services include a general review of Brokerage Customers' investment holdings, which will result in ERTS's Advisory Persons making specific securities recommendations or offering general investment advice.

This relationship presents a conflict of interest. These conflicts are mitigated by Brokerage Customers consenting to receive consulting services from ERTS. In addition, ERTS will not accept or bill for additional compensation on asset under MSI's management, beyond the consulting fees disclosed in Item 5 – Fees and Compensation above. Advisory Persons of the Advisor will not engage or hold itself as a registered representative of MSI, as Advisory Persons are not registered to conduct commission-based activities under a broker-dealer.

Insurance Agency Affiliations

As noted in Item 5, certain Advisory Persons are also licensed insurance professionals. Implementations of insurance recommendations are separate and apart from an Advisory Person's role with the Advisor. As an insurance professional, an Advisory Person will receive customary commissions and other related revenues from the various insurance companies whose products are sold. An Advisory Person is not required to offer the products of any particular insurance company. Commissions generated by insurance sales do not offset regular advisory fees. This practice presents a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by an Advisory Person or the Advisor.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

ERTS has implemented a Code of Ethics that defines the Advisor's fiduciary commitment to each Client. This Code of Ethics applies to all persons associated with ERTS ("Supervised Persons"). The Code of Ethics was developed to provide general ethical guidelines and specific instructions regarding the Advisor's duties to each Client. ERTS and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of ERTS Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code of Ethics covers a range of topics that address employee ethics and conflicts of interest. To request a copy of the Code of Ethics, please contact the Advisor at (906) 228-5564.

B. Personal Trading with Material Interest

ERTS allows the purchase or sale of the same securities that may be recommended to and purchased on behalf of Clients. ERTS does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. ERTS does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

ERTS allows the purchase or sale of the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities that ERTS recommends (purchase or sell) to Clients presents a conflict of interest that, as fiduciaries, must be disclosed to Clients and mitigated through policies and procedures. As noted above, the Advisor has adopted a Code of Ethics, which addresses insider trading (material non-public information controls) and personal securities reporting procedures. When trading for personal accounts,

ERTS Wealth Advisors, LLC

Supervised Persons of ERTS have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by ERTS requiring reporting of personal securities trades by its employees for review by the Chief Compliance Officer ("CCO"). The Advisor has also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While ERTS allows the purchase or sale of the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will ERTS, or any Supervised Persons of ERTS, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

ERTS does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize ERTS to direct trades to the Custodian as agreed upon in the investment advisory agreement. Further, ERTS does not have the discretionary authority to negotiate commissions on behalf of Clients on a trade-by-trade basis.

Where ERTS does not exercise discretion over the selection of the Custodian, it may recommend the Custodian to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost associated with using a broker-dealer/custodian not recommended by the Advisor and will not incur any extra fee or cost associated with using a Custodian not recommended by ERTS. However, the Advisor may be limited in the services it can provide if the recommended Custodian is not engaged. The Advisor may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, its reputation, and/or the location of the Custodian's offices. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost associated with using a Custodian not recommended by ERTS.

ERTS will generally recommend that Clients establish their account[s] at Fidelity Clearing and Custody Solutions and related divisions and entities of Fidelity Investments, Inc., including National Financial Services, LLC and Fidelity Brokerage Services, LLC (collectively "Fidelity"), a FINRA-registered broker-dealer and member SIPC. Fidelity will serve as the Client's "qualified custodian." ERTS maintains an institutional relationship with Fidelity, whereby the Advisor receives economic benefits from Fidelity.

ERTS has established an institutional relationship with Fidelity to assist the Advisor in managing Client account[s]. Access to the Fidelity platform is provided at no charge to the Advisor. The Fidelity platform includes brokerage, custody, administrative support, record keeping, technology, and related services designed to support registered investment advisors like ERTS in serving Clients. These services are intended to serve the best interests of the Advisor's Clients.

Fidelity may charge brokerage commissions (securities transaction fees) for effecting certain securities transactions. Fidelity enables the Advisor to obtain certain no-load mutual funds without securities transaction fees and other no-load funds at nominal transaction charges. Fidelity's commission rates are generally considered discounted from customary retail commission rates. However, the commissions and transaction fees charged by Fidelity may be higher or lower than those charged by other custodians and broker-dealers. Please see Item 14 below for additional information.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with a broker-dealer/custodian in exchange for research and other services. **ERTS does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, the Advisor does receive certain economic benefit from Fidelity as described in Item 14 below.**

2. Brokerage Referrals - ERTS does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a “directed brokerage basis”, where ERTS will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective account[s], unless instructed otherwise by the Client. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor’s own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client’s account[s]). ERTS will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of the order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. ERTS will execute its transactions through the Custodian as designated by the Client, unless otherwise instructed. ERTS may aggregate orders in a block trade or trades when securities are purchased or sold through the Custodian for multiple (discretionary) accounts. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage particular Client accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Advisor Persons of ERTS and periodically by its CCO. Formal reviews are generally conducted at least annually or more or less frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more frequently at the Client’s request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client’s financial situation, and/or large deposits or withdrawals in the Client’s account[s]. The Client is encouraged to notify ERTS if changes occur in the Client’s personal financial situation that might adversely affect the Client’s investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian’s website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client’s account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 – Client Referrals and Other Compensation

A. Compensation Received by ERTS

ERTS may refer Clients to various unaffiliated, non-advisory professionals (e.g. attorneys, accountants, estate planners) to provide certain financial services necessary to meet the goals of its Clients. Likewise, ERTS may receive non-compensated referrals of new Clients from various third-parties.

Participation in Institutional Advisor Platform

As noted in item 12, ERTS has established an institutional relationship with Fidelity to assist the Advisor in managing Client account[s].

As part of the arrangement, Fidelity also makes available to the Advisor, at no additional charge to the Advisor, certain research and brokerage services, including research services obtained by Fidelity directly from independent research companies. The Advisor may also receive additional services and support from Fidelity. As a result of receiving such services for no additional cost, the Advisor may have an incentive to continue to use or expand the use of Fidelity's services. The Advisor examined this potential conflict of interest when it chose to enter into the relationship with Fidelity and has determined that the relationship is in the best interests of the Advisor's Clients and satisfies its Client obligations, including its duty to seek best execution. Please see Item 12 above.

The Advisor receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Fidelity. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a conflict of interest since these benefits may influence the Advisor's recommendation of this Custodian over one that does not furnish similar software, systems support, or services. In addition, Fidelity has provided the Advisor with financial support in the launch of the Advisor and reimbursements for various third-party service providers.

B. Compensation for Client Referrals

ERTS does not compensate, either directly or indirectly, any persons who are not supervised persons, for Client referrals.

Item 15 – Custody

ERTS does not accept or maintain custody of any Client accounts, except for the authorized deduction of the advisor's fee. All Clients must place their assets with a "qualified custodian" as detailed in item 12. Clients are required to engage the Custodian to retain their funds and securities and direct ERTS to utilize the Custodian for the Client's security transactions. ERTS encourages Clients to review statements provided by the Custodian. For more information about Custodians and brokerage practices, see Item 12 – Brokerage Practices.

If the Client gives the Advisor authority to move money from one account to another account, the Advisor may have custody of those assets. In order to avoid additional regulatory requirements, such as a surprise custody examination, the Custodian and the Advisor have adopted safeguards to ensure that the money movements are completed in accordance with the Client's instructions.

Item 16 – Investment Discretion

ERTS generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by ERTS. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by ERTS will be in accordance with each Client's investment

objectives and goals.

Item 17 – Voting Client Securities

ERTS accepts proxy-voting responsibility for securities held in Client accounts when provided by the Client. The advisory agreement between ERTS and the Client will generally specify whether or not ERTS has the authority to vote proxies on behalf of a particular Client.

Proxy Voting Policy and Procedures

ERTS shall vote proxies in the best interest of its Clients and shall not subrogate the Client interest to its own. ERTS monitors corporate actions through the Custodian. ERTS receives notice of upcoming proxy votes, meeting and record dates and other information on upcoming corporate actions by companies in which ERTS Clients are shareholders. Clients may request a copy of ERTS's proxy voting records, free of charge, by contacting ERTS.

Conflicts of Interest in the Voting Process

On occasion, a conflict of interest may exist between the Advisor and the Client regarding the outcome of certain proxy votes. In such cases, the Advisor is committed to resolving the conflict in the best interest of the clients before the Advisor votes the proxy in question.

Client Direction of Voting

Although most Clients for whom ERTS votes proxies authorize the Advisor to vote in accordance with its proxy voting policy, a Client may request that the Advisor vote its proxies in accordance with a different policy. In such instances, ERTS seeks to accommodate such requests. Additionally, a Client may direct the Advisor to vote its securities in a particular way on a particular proposal and ERTS will seek to do so, assuming timely receipt of the instruction.

Item 18 – Financial Information

Neither ERTS, nor its management, have any adverse financial situations that would reasonably impair the ability of ERTS to meet all obligations to its Clients. Neither ERTS, nor any of its Advisory Persons, has been subject to a bankruptcy or financial compromise. ERTS is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect fees of \$1,200 or more for services to be performed six months or more in advance.
