Due Diligence of Signature Wealth Investment Manager.

The IRG conducts an annual review of the Signature Wealth Investment Manager. This review is based on applicable information gathered from various sources, including information from the Signature Wealth Investment Manager, disclosure documents, historical performance and assets under management. As a result of these reviews, Ameriprise Financial Services may identify actual or potential concerns regarding the Signature Wealth Investment Manager and may request them to take corrective action to address such concerns. This review may result in the removal of the Signature Wealth Investment Manager. If the Signature Wealth Investment Manager is removed, you and your financial advisor will receive notice and direction on what actions you will need to take. If no action is taken, your Account will be closed and moved in-kind to an Ameriprise brokerage account.

The Ameriprise Custom Advisory Relationship

A Signature Wealth Account is only available to clients that have established an Ameriprise® Custom Advisory Relationship (a "Relationship"). Similar to our current Managed Account Programs, once in a Relationship you may generally open a Signature Wealth Account by providing verbal instructions to your financial advisor and we will send a confirmation letter to you when an Account is opened.

Managed Account Programs and Services

The chart below provides an overview of the Signature Wealth Program. Please refer to the "**Signature Wealth**" and the "**Fees and Compensation**" sections below for additional information regarding the Signature Wealth Program and related fees. For information regarding the other Programs, please review the Disclosure Brochure. Ask your financial advisor for more information about the investment products available to you.

All Signature Wealth Accounts have a required (i) initial investment minimum; and (ii) maintenance minimum that varies based on the mix of model investment portfolio(s) you select for your Account. If an Account falls below the ongoing maintenance minimum, we will provide notice to you to add funds to the Account to bring it back to the required maintenance minimum. If your Account does not reach the maintenance minimum after 45 days, we will transfer the Account to an Ameriprise brokerage account in accordance with your applicable Managed Account Client Agreement.

When reviewing the chart, please consider, among other factors: 1) your ability to meet initial investment and maintenance minimums for the Program using assets held in custody at Ameriprise or assets held elsewhere which might be aggregated; 2) whether the Program provides your financial advisor, the Oversight Committee or an Advisory Service Provider discretionary authority; 3) the impact of underlying investment product level fees on the overall performance of your portfolio; and 4) whether the rebate of any 12b-1 fees associated with your Account may be a taxable event for you.

² Below are the cost basis options available in the Signature Wealth Program. You may elect to sell specific shares outside of the cost basis option you have selected. If you elect to change from average cost to another method after disposing of any mutual fund shares (i.e., sale, journal, transfer, etc.), the method change will apply only to covered shares acquired after the date of the most recent disposition. If you transfer securities into a Managed Account the cost basis method applied to the Managed Account receiving the securities will be applied to such securities. If you hold bonds in your account, you have the option to make tax elections which may affect the income on your bonds and the character of your bond income. These elections can be made by filing form 402459. Revoking certain bond elections may require IRS consent.

Cost Basis for Mutual Funds

- **Non Average Cost Basis:** The lot relief method for the mutual fund account will be the same lot relief method elected for equities on this account, even if there are no equities in the account. If shares have been sold using average cost, specific identification may be prospectively accounted.

Cost Basis for Equities

- **Loss/Gain Utilization:** Evaluates losses and gains and strategically selects shares to deplete based on the loss/gain in conjunction with the holding period. The loss/gain utilization method depletes shares with losses before shares with gains, consistent with the objective of minimizing taxes. For share lots that yield a loss, short-term share lots will be redeemed ahead of long-term share lots. For gains, long-term share lots will be redeemed ahead of short-term share lots.

For Signature Wealth Accounts, if you indicate a preference, trades generally use that cost basis method. If you don't indicate a preference, the cost basis selected by Ameriprise Financial Services listed above will generally be used for the Program. Further, the Signature Wealth Investment Manager with investment discretion may elect to sell specific investment products for tax-harvesting purposes regardless of the cost basis option you have selected.

Signature Wealth

The Signature Wealth Program, a flexible Unified Managed Account, is a discretionary investment advisory program, which offers clients the ability to combine multiple investment types such as model investment portfolios and individual mutual funds/ETFs in an asset allocation within a single Account. With the assistance of your financial advisor, you will determine your investment objective, risk tolerance, and time horizon that will form the basis of your target asset allocation. From your Client Information, your financial advisor will create a personalized Signature Wealth Proposal and recommend investments from a broad range of model investment portfolios and eligible mutual funds and ETFs to fulfill your Signature Wealth Account target asset allocation. You can further customize and round out the asset allocation in your Account with a client directed model, the portion of your Account that is not invested in model investment portfolios and where you select from individual eligible mutual funds and ETFs to hold in your Account in addition to the model investment portfolio(s). A minimum of one model investment portfolio must be selected to participate in this Program. A client directed model is not required to participate in this Program. Advisory Shares are the primary share class for mutual funds offered for purchase in a Signature Wealth Account. TSCA Accounts are not eligible to invest in Signature Wealth.

The Signature Wealth Investment Manager has the discretionary authority to purchase or sell securities or make other investments for your Account, however, you directly own the underlying securities in the portfolio. Your financial advisor provides recommendations regarding which model investment portfolios, mutual funds and ETFs to hold in your Signature Wealth Account. Subject to any Reasonable Restrictions or other instructions provided by you. In instances where an investment is no longer eligible for use in the Signature Wealth Program, the Signature Wealth Investment Manager, not your financial advisor, will provide you with investment management services for your Signature Wealth Account according to your Accounts' target asset allocation and the model investment portfolios you select. The Signature Wealth Investment Manager will manage the assets in your Account(s) according to your Account's target asset allocation. If you have chosen to add a client directed model to your portfolio, you will work with your financial advisor to select the investments that make up your client directed model. The Signature Wealth Investment Manager has trading discretion over any client directed model. The Signature Wealth Investment Manager will be responsible for all trading and rebalancing of your client directed model along with the model investment portfolios you selected to maintain your Account's target asset allocation.

The Signature Wealth Investment Manager has limited investment discretion to select a replacement mutual fund or ETF for your client directed model. Your Signature Wealth Account will generally only rebalance when you make deposits into or withdrawals from the Signature Wealth Account, at least every 370 days, or when requested. However, if you make a change to your model investment portfolios or asset allocation, your Account will be rebalanced to align with the appropriate asset allocation in effect for your investment objective and risk tolerance. Such rebalancing transactions generally result in tax consequences in non-qualified accounts. Your annual rebalance date will reset each time your Account rebalances. The Signature Wealth Investment Manager will rebalance and reallocate your Signature Wealth Account, across each model investment portfolio and if applicable any client directed model.

You may request Reasonable Restrictions on your Account(s) by working with your financial advisor to complete and sign appropriate documents to reflect your restriction request(s). Restrictions are limited to the mutual fund and/or ETF requested, the Program does not accept sector restrictions. The Signature Wealth Investment Manager must accept any Reasonable Restrictions before they will be binding on the Account(s). If a Reasonable Restriction is accepted any impacted position(s) will be removed from the applicable model investment portfolio or client directed model and the proceeds reallocated to the remaining positions in any impacted model investment portfolio or client directed model on a pro rata basis.

Dividends and distributions received on your investments held in your Signature Wealth Account may be reinvested, where allowed, if selected by you.

Inclusion and Management of Advisory Service Providers

The following summarizes Ameriprise Financial Services' research, due diligence and contractual efforts in connection with the inclusion of Advisory Service Providers in the Signature Wealth Program.

Review of Advisory Service Providers

Ameriprise Financial Services conducts initial and ongoing reviews of the Signature Wealth Investment Manager and the available Signature Wealth Model Providers, as further described in the "Advisory Service Providers" section. Ameriprise Financial Services seeks to identify and make available a range of model investment portfolios within the Signature Wealth Program to provide clients with a choice of investment styles and corresponding risk levels. The evaluation process consists of gathering information on the Signature Wealth Model Provider candidates from published materials, questionnaires and interviews. Screening factors are both quantitative and qualitative and include (but are not limited to): (i) management style and total assets under management; (ii) assets managed in a particular investment style; (iii) number of years the firm has managed assets; and (iv) the number and qualifications of investment professionals employed. Each evaluation factor may have a different weighting in the decision-making process. Generally, no one factor determines the outcome of any selection.

Firms, including affiliates of Ameriprise Financial Services, which pass the evaluation process are subject to a structured due diligence review by IRG.

Ameriprise Financial Services may identify actual or potential concerns regarding a particular Signature Wealth Model Provider as a result of the review and may request that the Signature Wealth Model Provider take corrective action to address such concerns. These reviews may also result in the removal of a Signature Wealth Model Provider from the Program.

Education and business standards

The investment advisory personnel employed by Advisory Service Providers participating in the Signature Wealth Program must meet certain educational, business and personnel requirements.

The minimum educational requirement for an individual providing investment advice is a college degree and completion of further financial service industry certifications such as the CFA, FINRA Series 7, 63, 65 and 66 licenses, or comparable education or work experience. Ameriprise Financial Services' research personnel seek to identify, and encourage participation by, Advisory Service Providers whose personnel have additional professional qualifications, including graduate degrees or a CFA designation. In addition, suitable work experience in the financial services industry is considered as part of an individual's overall qualifications.

Ameriprise Financial Services' contractual relationship with Advisory Service Providers

The Signature Wealth Investment Manager and each of the Signature Wealth Model Providers have entered into a master advisory agreement with Ameriprise Financial Services, which governs the relationship and responsibilities of the respective parties. You will not pay a Manager Fee for any of the Signature Wealth Model Providers, you will pay the Signature Wealth Investment Manager a fee for their services. See "Fees and Compensation" section below for more information.

Certain Signature Wealth Model Providers may employ one or more affiliates to perform certain aspects of their portfolio construction, administrative support, sales and marketing for one or more model investment portfolios. In these situations, the affiliate is subject to the same duties and obligations as the Signature Wealth Model Provider, including adherence to the master advisory agreement with Ameriprise Financial Services. In delegating responsibilities to an affiliate, the Signature Wealth Model Provider would not be relieved of any of its duties or obligations and remains responsible for the acts and omissions of the affiliate as if such acts and omissions were its own.

Your selection of Signature Wealth

Your financial advisor will discuss your financial objectives and other factors such as your risk tolerance, investment objectives, and important information regarding the Signature Wealth Program, the Signature Wealth

Investment Manager and the available Signature Wealth Model Providers. Based on the Client Information you provided, you and your financial advisor will work together to create a Signature Wealth proposal which will provide you with a target asset allocation for your Account along with recommendations for model investment portfolios and as applicable, a client directed model of individual mutual funds and / or ETFs to round out your target asset allocation. Please note that past performance is not an indication of future results. Composite performance information included on the Signature Wealth Fact Sheet has been provided by the Signature Wealth Model Provider. In general, these composites are created quarterly on an asset and time-weighted basis using month-end market values and returns. Your financial advisor can provide you with the Signature Wealth Fact Sheets for specific composite performance information regarding each model investment portfolio available.

Ameriprise Financial Services requires each Signature Wealth Model Provider to meet Ameriprise Financial Services' performance validation standards, however Ameriprise Financial Services does not review the appropriateness of the methodologies used by the Signature Wealth Model Providers to calculate the underlying historical performance information presented in the Signature Wealth Fact Sheet, nor does Ameriprise Financial Services audit the mathematical accuracy of the Signature Wealth Model Provider's performance information. Ameriprise Financial Services does restate the performance after deducting the highest annual Asset-based Fee when presenting the performance on a net basis.

Review the Signature Wealth Investment Manager and as applicable, the Signature Wealth Model Provider's disclosure document (Part 2A of Form ADV), this Disclosure Brochure Supplement, the Disclosure Brochure and the applicable Signature Wealth Model Providers Fact Sheet(s) prior to selecting a Signature Wealth Account. Each Signature Wealth Model Provider's disclosure document is available to you at ameriprise.com/investmentproviders.

Methods of analysis

The following information applies generally to the Investment Managers and Model Providers available in Managed Accounts Programs. Investment Managers and Model Providers may utilize different techniques for buying and selling securities, which are often unique to the investment strategies they manage. Fundamental analysis is the most common method used and typically involves the development of a thorough understanding of fundamental features of a business through analysis and interpretation of company and industry data, such as revenue, expenses, assets, liabilities, management, industry position and other factors, in order to evaluate a security. Certain Investment Managers and Model Providers may also use quantitative methods of analysis, which is computer-based and uses mathematical and statistical modeling to value securities, markets or investment opportunities. Technical analysis may also be used, involving the analysis of market data. Investment Managers and Model Providers may employ one or more methods of analysis, with varying degrees of focus on certain attributes and techniques.

Transferred Accounts

You may wish to transfer a model investment portfolio that you hold at another investment advisory firm to Ameriprise Financial Services. If this model investment portfolio is offered in the Ameriprise Signature Wealth Program, you may transfer the account to your Signature Wealth Account. Upon receipt, the investment will be rebalanced into your Account in accordance with your Signature Wealth Account's target asset allocation within your Signature Wealth proposal, which may result in different investment positions and/or allocation of such positions than the model investment portfolio you held at the prior advisory firm. If your current model investment portfolio is not available in the Ameriprise Signature Wealth Service, your financial advisor will assist you with identifying other appropriate alternatives.

Supplementary Managed Accounts Information

Brokerage Practices

All trading in the Signature Wealth Program is discretionary and generally requires aggregation of client trade orders for the purchase or sale of securities within the Program and clients receive the average share price for the trade order, which includes transaction costs when AEIS executes transactions in your Managed Account.

In connection the Program you will grant discretionary trading authority to place trades for securities bought or sold for your Account, or brokerage discretion, to the Signature Wealth Investment Manager under the terms of your Client Agreement. The Signature Wealth Investment Manager is subject to an obligation to seek best execution, which is a duty to place trades with the broker-dealer or stock exchange (collectively referred to herein as the "Executing Party") that the manager reasonably believes is capable of providing the best qualitative execution of client trade orders under the circumstances considering all relevant factors, such as execution capabilities, efficiency and responsiveness of the Executing Party, transaction costs for the trade, familiarity with the type of security to be traded, the value of any research or other services provided by the Executing Party and other relevant factors.

The Asset-based Fee associated with each Account covers transaction costs when trades are executed by the Ameriprise Financial Services on an agency basis through AEIS; therefore, it is common for participating Investment Managers to direct transactions for your Account to Ameriprise Financial Services for execution in this manner.

For the Signature Wealth Program, the Signature Wealth Investment Manager will execute all brokerage transactions for your Signature Wealth Account through our clearing agent, AEIS, on an agency basis. The Signature Wealth Investment Manager will not direct or allocate a purchase or sale transaction for your Signature Wealth Account to another Executing Party other than AEIS.

See the "**Broker-dealer**" subsection in the "**Other Financial Industry Activities and Affiliations**" section of the Disclosure Brochure for more information about the brokerage business of Ameriprise Financial Services and its affiliates.

Sources of Information

In the Signature Wealth Program, the Signature Wealth Model Providers will utilize Sources of Information made available to them from Ameriprise Financial Services to assist them in the support of the Signature Wealth Program. The source of the information provided is Ameriprise Financial Services and is specific to the administration and operational support of the Signature Wealth Program. In addition, Ameriprise Financial Services will make available certain Signature Wealth Model Provider information to all Signature Wealth Model Providers. Except for the extent such information is ultimately provided by Ameriprise Financial Services, the information and data provided by the third-party organizations is believed to be accurate, Ameriprise Financial Services and its financial advisors do not independently verify third party information.

Death of a Managed Account holder

For Signature Wealth Accounts, when Ameriprise Financial Services receives notice that the owner of an individual Account has died, Ameriprise Financial Services will freeze the Signature Wealth Account(s), prorate the Asset-based

Fee based on the period of time during the billing period the Account was open and rebate any unused portion of the Asset-based Fee, and will then close the Signature Wealth Account and transfer the Account, and transfer the positions in-kind to a restricted SPS *Advantage* Account and await instructions from the executor or designated administrator of the deceased's estate. If the beneficiary wants to establish a new Signature Wealth Account, Ameriprise Financial Services must receive the necessary Account opening documents, including a newly executed Relationship Agreement and related documentation including a new Signature Wealth Proposal.

Fees and Compensation

The Asset-based Fee for a Signature Wealth Account is comprised of the total of (1) a negotiable Advisory Fee of up to a maximum annual rate of 2.0%; (2) a Platform Fee rate ranging from 0.02% to 0.05%; and (3) any applicable Manager Fee. The Signature Wealth Program currently does not charge a Manager Fee.

Fee Component	Annual Fee Rate	Additional Information and Allocation of Asset-based Fee
Maximum Advisory Fee	2.0%	The Advisory Fee compensates Ameriprise Financial Services. A portion of the Advisory Fee and, if applicable, the AFPS Fee, is shared with your financial advisor.
Platform Fee	Ranges from 0.02% - 0.05% based on advisory household assets under management ("AUM")	The Platform Fee compensates Ameriprise Financial Services and the Signature Wealth Investment Manager and is not shared with your financial advisor. For Signature Wealth Accounts, the initial Platform Fee rate applied to your Account at new Account set up will be determined by the anticipated advisory household AUM selected on your Account opening paperwork. The ongoing Platform Fee rate will then be adjusted on a monthly basis based on your actual advisory household AUM.
Manager Fee	For Signature Wealth Model Providers that charge a Manager Fee: Generally ranges from 0.10% to 0.80%	The Manager Fee compensates the Advisory Service Provider and is not shared with Ameriprise Financial Services or your financial advisor. Currently, the investment model portfolios available in Signature Wealth do not have a Manager Fee. As additional investment types and portfolios are added, a Manager Fee may be applicable. Signature Wealth Model Providers generally earn compensation through management fees, or Investment Costs, associated with proprietary mutual funds and ETFs used in the investment models recommended.

Billing Methodology

For Signature Wealth Accounts, the Platform Fee portion of your initial Asset-based Fee will be based on the anticipate advisory household AUM selected. The Platform Fee portion of your Asset-based Fee will then be

adjusted monthly based on your actual advisory household AUM based on the Billing Methodology described above and as further described in the Relationship Agreement.

Changes to Fee Components

Fee components are subject to change as described in the Disclosure Brochure and as summarized. Any change to an underlying fee component will change your total Asset-based Fee. We will provide you written confirmation any such changes. You authorize Ameriprise Financial Services to apply future changes to the fee components by continuing to accept the Service.

Platform Fee rates for the Signature Wealth Program are subject to change based on your household assets, as described above and will vary over the course of your Relationship. The Platform Fee may increase or decrease. Platform Fee rate changes do not require your signature. The Manager Fee rate is variable by Advisory Service Provider and specific investment strategy and is charged to you as a component of your Asset-based Fee. Manager Fee rates are subject to change.

Additional Costs Associated with a Managed Account

The management fees and other underlying fees related to investment products you purchase within your Signature Wealth Account are referred to as Investment Costs and are more fully described in the Disclosure Brochure. These costs are in addition to the Asset-based Fee that you pay directly from your Account and may include Third Party Payments that are compensation to AEIS, as more fully discussed in the Disclosure Brochure. They are paid by you indirectly as part of the cost of the investment and they reduce the value of your investment in the product. They are not a direct fee deducted from your Account.

Investment Costs apply whether the investment product is sponsored or managed by a third party or an affiliate of Ameriprise Financial Services, such as CMIA, a wholly owned subsidiary of Ameriprise Financial, Inc., Ameriprise Financial Services' parent company. When you invest in investment products managed by CMIA, CMIA or its affiliates will receive compensation for managing those investments and for other services they provide based on the amount you invest, just as they would if you invested in CMIA investment products through another service provider.

Investment Costs received by CMIA are not compensation to Ameriprise Financial Services or AEIS, however, Ameriprise Financial Services, CMIA and their affiliates receive more revenue, in aggregate, from the purchase of affiliated mutual funds or investment products offered by CMIA or their affiliates than from the purchase of investment products offered by firms that are not affiliated with Ameriprise Financial, Inc.

Third Party Payments. As with the other Programs Ameriprise Financial Services offers and as fully discussed in the Disclosure Brochure, AEIS will receive the following types of cost reimbursement payments from product companies with respect to the investment model portfolios and other investment products we recommend and you select for the investment of your Signature Wealth Account assets. This compensation helps fund the cost of providing service, maintaining accounts and offering an investment platform for our clients. These payments are generally funded directly, or indirectly, from Investment Costs.

- Mutual funds – AEIS will receive cost-reimbursement payments (e.g., reimbursement for marketing support) from affiliated and non-affiliated mutual fund firms for investments you make as a result of our recommendations. The universe of mutual funds eligible for purchase in the Signature Wealth Program generally represents a subset of the funds that appear on the Starting Point List or are otherwise sponsored or managed by Full Participation Firms that make cost reimbursement payments to AEIS. The list of eligible funds is therefore designed to primarily include, and therefore favor, mutual funds from Full Participation Firms as further described in the **“Cost Reimbursement Services and Third-Party Payments”** and **“Payments from other non-affiliated product companies”** sections of the Disclosure Brochure.
- Certain other investment products – AEIS will receive cost-reimbursement payments from third party investment firms whose products Ameriprise Financial Services recommends.
- Other servicing and account maintenance fees – AEIS will also receive sub-transfer agency fees or networking fees with respect to investments you make in mutual funds.

- AEIS also receives revenues that exceed the costs of the cost reimbursement services provided. These revenues include marketing support and distribution support payments, and such payments increase the gross revenues and net earnings of AEIS.
- AEIS is responsible for delivering to clients or their agent all shareholder materials (e.g. annual reports and proxies) received from the issuers of securities. It does this through a vendor. The vendor charges each issuer based on rates determined by the New York Stock Exchange. AEIS earns rebates from its vendor based on the difference between the rate charged to the issuer and the cost to the vendor to deliver the shareholder materials. The rebates are generally higher for customers who consent to utilizing electronic delivery.

Cost reimbursement services and Third Party Payments related to your Signature Wealth Account are further described in the **“Cost Reimbursement Services and Third Party Payments”** section of the Disclosure Brochure, including marketing and sales support payments are received from mutual fund firms that participate in the Full Participation Program Ameriprise Financial Services offers.
