

Item 1 – Introduction

Robbins Farley LLC (“we”, “us” or “our”) is registered with the U.S. Securities and Exchange Commission (“SEC”) as an investment adviser. Investment advisory services and compensation structures differ from that of a registered broker-dealer, and it is important that you understand the differences.

Free and simple tools are available to research firms and financial professionals at www.Investor.gov/CRS. The site also provides educational materials about broker-dealers, investment advisers and investing.

Item 2 – Relationships and Services

What investment services and advice can you provide me?

We provide financial planning and discretionary investment management services to individuals, trusts and estates (our “retail investors”) on a fee basis. Our investment management and financial planning services are offered separately.

When a retail investor engages us to provide investment management services we shall monitor, on a continuous basis, the investments in the accounts over which we have authority as part of our investment management service. Furthermore, when engaged on a discretionary basis, we shall have the authority, without prior consultation with you (unless you impose restrictions on our discretionary authority), to buy, sell, trade and allocate the investments within your account(s) consistent with your investment objectives. Our authority over your account(s) shall continue until our engagement is terminated.

We may be engaged to provide investment management and financial planning services for a single combined AUM Fee or on a separate fee basis. When we provide financial planning services, we rely upon the information provided by the client for our financial analysis and do not verify any such information while providing this service.

We do not limit the scope of our investment advisor services to proprietary products or a limited group or type of investment.

Additional Information: For more detailed information about our *Advisory Business* and the *Types of Clients* we generally service, please See Items 4 and 7, respectively in our ADV Part 2A.

Given my financial situation, should I choose an investment advisory service? Why or why not?

How will you choose investments to recommend to me?

What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?

Item 3 – Fees, Costs, Conflicts, and Standard of Conduct

What Fees will I pay?

Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

We provide our investment management services on a fee basis. When engaged to provide investment management services, we shall charge a fee calculated as a percentage of your assets under our management (our “AUM Fee”). Our annual AUM Fee is negotiable but generally does not exceed 2.00%.

We typically deduct our AUM Fee from one or more of your accounts, in advance, on a quarterly basis. Because our AUM Fee is calculated as a percentage of your assets under management, the more assets you have in your advisory account, the more you will pay us for our investment management services. Therefore, we have an incentive to encourage you to increase the assets maintained in accounts we manage. We generally require a minimum asset of \$100,000 to provide investment management services. Also, clients using the Institutional Intelligent Portfolios Program are subject to a minimum account level of \$5,000.

When engaged to provide financial planning services on a separate fee basis we may be engaged on either a fixed fee basis, generally between \$2,000 and \$10,000, or on an hourly rate basis, which is negotiable up to \$500 per hour. The fee for any subsequent work shall either be agreed to prior to commencing the engagement or included in our AUM Fee.

Other Fees and Costs: Your investment assets will be held with a qualified custodian. Custodians generally charge brokerage commissions and/or transaction fees for effecting certain securities transactions. In addition, relative to all mutual fund and exchange traded fund purchases, certain charges will be imposed at the fund level (e.g., management fees and other fund expenses).

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Additional Information: For more detailed information about our fees and costs related to our management of your account, please see Item 5 in our ADV Part 2A.

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. As an example, we may recommend a particular custodian to custody your assets, and we may receive support services and/or products from that same custodian, certain of which assist us to better monitor and service your account while a portion may be for the benefit of our firm.

How might your conflicts of interest affect me, and how will you address them?

Additional Information: For more detailed information about our conflicts of interest, please review our ADV Part 2A.

How do your financial professionals make money?

Our financial professionals are compensated on a salary or revenue share basis. Some of our financial professionals, based upon their individual professional ability, may receive a discretionary year-end bonus. You should discuss your financial professional's compensation directly with your financial professional.

Item 4 – Disciplinary History

Do you or your financial professionals have legal or disciplinary history?

No. We encourage you to visit www.Investor.gov/CRS to research our firm and our financial professionals. Furthermore, we encourage you to ask your financial professional:

As a financial professional, do you have any disciplinary history? If so, for what type of conduct?
