

Sunset

Sunset Advisers, LLC (“Sunset”) is a registered investment adviser with the Securities and Exchange Commission and provides investment advisory accounts and services, rather than brokerage accounts and services, via the internet. Brokerage and investment advisory services and fees differ and it is important for you to understand the differences. Free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://www.investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing.

What Investment Services and Advice Can You Provide Me?

Sunset is an internet adviser that offers investment advisory services to retail investors (“you”). We offer portfolio management services on a discretionary basis through our interactive website. This means that we have the authority over the brokerage used for assets to be bought or sold, the assets, amount of assets, and time assets are bought or sold. You grant us this authority through signing our investment advisory agreement. Sunset operates an interactive website through which you can start a retirement plan by first discovering and then consolidating accounts owned by a deceased parent or spouse. Our software takes their inheritance and consolidates it into an investment account.

Our service includes a site through which you can invest in ETFs and mutual funds. We personalize your investment approach through the accounts by offering and recommending various broad-based indexes, based on a questionnaire where we ask you about your risk appetite, experience with certain types of assets, investment objective, and investment horizon. Using our algorithms, we will monitor your accounts annually to ensure that your investments are suitable compared to the suitability questionnaire you completed during onboarding, and will inform you if your investments are in conflict with the answers you’ve stated in your onboarding questionnaire. We offer advice with respect to only ETF and mutual fund securities. There is no minimum account size.

For more detailed information about our services, please see Items 4.A. and 5 of our Part 2A “Brochure”.

Conversation Starters

- Given my financial situation, should I choose an investment advisory service? Why or why not?
- How will you choose investments to recommend to me?
- What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?

What Fees Will I Pay?

You will pay an Advisory Fee based on a percentage of your assets, alongside a fixed Integration Fee. Neither of these fees includes transactional costs incurred related to the buying and selling of securities. The Advisory Fee is not more than 1% annually, paid in portions monthly in arrears. For example, you would be charged on February 1 for services performed in January.

We also charge a fixed Integration Fee of not more than \$10/month per account integration (“Integration”). An Integration is deemed as a connection between Sunset and a specific broker-dealer that you give us the authority to advise.

Advisory fees will be invoiced and billed directly from your advisory account. This means that when we charge fees, the assets in your account will decrease. You pay our fees even if you do not have any transactions.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For more detailed information about our fees and costs, please see our Brochure, otherwise known as our Form ADV Part 2A

Conversation Starters

- Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

What Are Your Legal Obligations to Me When Acting as My Investment Adviser? How Else Does Your Firm Make Money and What Conflicts of Interest Do You Have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

- For advisory fees, the more assets you bring onto our platform, the more in fees you will pay and thus we have an incentive for you to invest more assets onto the Sunset platform.

Conversation Starters

- How might your conflicts of interest affect me, and how will you address them?

How Do Your Financial Professionals Make Money?

Our IARs are compensated by fixed salary, stock options, a portion of AUM, restricted and unrestricted stocks.

Do You or Your Financial Professionals Have Legal or Disciplinary History?

No. Visit [Investor.gov/CRS](https://investor.gov/CRS) for a free and simple search tool to research us and our financial professionals.

Conversation Starters

- As a financial professional, do you have any disciplinary history? For what type of conduct?

For additional information on our advisory services, see our Brochure available at <https://adviserinfo.sec.gov/firm/summary/334116> and any individual brochure supplement your representative provides. If you have any questions, need additional information, or want another copy of this Client Relationship Summary, then please contact us at legal@sunsetapp.com

Conversation Starters

- Who is my primary contact person? Is he or she a representative of an investment adviser or a broker-dealer? Who can I talk to if I have concerns about how this person is treating me?
