

**Item 1 – Introduction**

TKG Advisors, LLC d/b/a Kotys Wealth Professionals (“KWP”, “we” or “us”) is registered with the Securities Exchange Commission (“SEC”) as a Registered Investment Adviser (“RIA”). As an RIA, our services and compensation structure differ from that of a registered broker-dealer, and it is important for you to understand the differences. Free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://www.investor.gov/CRS). The site also provides educational materials about broker-dealers, investment advisers and investing.

**Item 2 – Relationships and Services*****What investment services and advice can you provide me?***

We provide investment advisory services, including investment management (including cash management and management of variable annuity subaccounts), qualified plan consulting, and financial planning and consulting services to individuals, high net worth individuals, trusts, and estates (our “retail investors”).

When a retail investor engages us to provide investment management services we shall monitor, on a continuous basis, the investments in the accounts over which we have investment authority as part of our investment management service. Furthermore, when engaged on a discretionary basis, we shall have the authority, without prior consultation with you (unless you impose restrictions on our discretionary authority), to buy, sell, trade and allocate the investments within your account(s) consistent with your investment objectives. Our discretionary authority over your account(s) shall continue until our engagement is terminated.

When we provide qualified plan consulting services, we will meet with the client for information gathering initially and then every quarter thereafter for review and recommendations. Every quarter, we will review the investment options available within the plan and make non-discretionary investment recommendations to the retail investor based on the investment options available and the retail investor’s financial objectives. When engaged on a non-discretionary basis, the retail investor makes the ultimate decision regarding the purchase or sale of investments.

We typically provide financial planning and consulting services inclusive of our investment management services. Financial planning and consulting services may also be provided on a standalone hourly fee basis. When we provide financial planning and consulting services, we rely upon the information provided for our review and do not verify or monitor any such information while providing this service.

We do not limit the scope of our investment advisory services to proprietary products or a limited group or type of investment.

We require a minimum account size of \$500,000 for investment management services, and a \$100,000 minimum account size for cash management services, which we may waive or reduce at our sole discretion. For investment management clients with account sizes below \$500,000, we may determine to charge a \$750 minimum financial planning and consulting fee, to the extent such financial planning and consulting services are requested by the client. Other than the minimum financial planning and consulting fee described herein, we generally do not impose a minimum fee requirement.

**Additional Information:** For more detailed information about our *Advisory Business* and the *Types of Clients* we generally service, please see Items 4 and 7, respectively in our [ADV Part 2A](#).

*Given my financial situation, should I choose an investment advisory service? Why or why not?*

*How will you choose investments to recommend to me?*

*What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

**Item 3 – Fees, Costs, Conflicts, and Standard of Conduct*****What fees will I pay?***

We provide our investment advisory services on a fee basis. When engaged to provide investment management services, we shall charge a fee calculated as a percentage of your assets under our management (our “AUM Fee”). Our annual AUM Fee for traditional investment management services ranges from 0.50% to 1.75%, depending on the amount of assets placed under our management. Our cash management services are typically rendered for an AUM Fee between 0.15% and 0.50% of assets held in the cash management program. The AUM Fee for our variable annuity management and qualified plan consulting services are negotiable based on a variety of factors, but will not exceed 1.30% and 1.00% of assets, respectively. We typically deduct our AUM Fee from one or more of your investment accounts, in advance, on a quarterly basis. Because our AUM Fee is calculated as a percentage of your assets under management, the more assets you have in your advisory account, the more you will pay us for our investment management services. Therefore, we have an incentive to encourage you to increase the assets maintained in accounts we manage. Our financial planning and consulting services are generally provided inclusive of our AUM Fee for clients with account sizes of \$500,000 or more, but are also available on a

A copy of our Part 2A is available at:

[https://files.adviserinfo.sec.gov/IAPD/Content/Common/crd\\_iapd\\_Brochure.aspx?BRCHR\\_VRSN\\_ID=884433](https://files.adviserinfo.sec.gov/IAPD/Content/Common/crd_iapd_Brochure.aspx?BRCHR_VRSN_ID=884433)

standalone basis at an hourly rate of \$375. For advisory clients with account sizes below \$500,000, we may determine to charge a \$750 minimum financial planning and consulting fee, to the extent such financial planning and consulting services are requested by the client.

**Other Fees and Costs:** Your investment assets will be held with a qualified custodian. Custodians generally charge brokerage commissions and/or transaction fees for effecting certain securities transactions (for example, transaction and redemption fees are charged for certain mutual fund transactions). These charges will be assessed in accordance with the qualified custodian's transaction fee/brokerage commission fee schedule. In addition, relative to certain mutual fund and exchange traded fund purchases, certain charges will be imposed at the fund level (e.g. management fees and other fund expenses).

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

*Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

**Additional Information:** For more detailed information about our fees and costs related to our management of your account, please see Item 5 in our [ADV Part 2A](#).

***What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?***

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means:

\* We may recommend a particular custodian from whom we receive support services and/or products, certain of which assist us to better monitor and service your account.

\* We may recommend rollovers out of employer-sponsored retirement plans and into Individual Retirement Accounts that we manage for an asset-based fee, which could have the effect of increasing our compensation.

*How might your conflicts of interest affect me, and how will you address them?*

**Additional Information:** For more detailed information about our conflicts of interest, please review our [ADV Part 2A](#).

***How do your financial professionals make money?***

Our financial professionals are generally compensated on a salary basis, with a bonus component. A financial professional's salary is largely based on the revenue generated by the client relationships managed by the financial professional. Bonuses may be paid to financial professionals based on a variety of factors, including the financial professional's individual performance, new business generated by the financial professional, and the overall profitability of our firm. This compensation structure presents a conflict of interest, it incentivizes our financial professionals to recommend that you place additional assets under our management. You should discuss your financial professional's compensation directly with your financial professional.

#### **Item 4 – Disciplinary History**

***Do you or your financial professionals have legal or disciplinary history?***

No. We encourage you to visit [www.Investor.gov/CRS](http://www.Investor.gov/CRS) to research our firm and our financial professionals. Furthermore, we encourage you to ask your financial professional: *As a financial professional, do you have any disciplinary history? If so, for what type of conduct?*

#### **Item 5 – Additional Information**

Additional information about our firm is available on the SEC's website at [www.adviserinfo.sec.gov](http://www.adviserinfo.sec.gov). You may contact our Chief Compliance Officer at any time to request a current copy of our ADV Part 2A or our *relationship summary*. Our Chief Compliance Officer may be reached by phone: 219-465-6924.

*Who is my primary contact person? Is he or she a representative of an investment adviser or broker-dealer? Who can I talk to if I have concerns about how this person is treating me?*
