Is a Wealth Management Advisory Account Right for you?

There are different ways you can get assistance with your investments. You should carefully consider which types of accounts and services are right for you. Please ask us for additional information.

Defined Wealth Management, LLC ("Defined") is registered with the Securities and Exchange Commission (SEC) as an investment adviser. This document gives you a summary of the types of services we provide and how you pay.

We provide advisory accounts and services rather than brokerage accounts and services. Brokerage and investment advisory services fees can differ, and it is important for you to understand these differences. Free and simple tools are available to research firms and professionals at [Investor.gov/CRS](https://www.investor.gov/crs), which also provides educational materials about broker dealers, investment adviser, and investing.

Relationships and Services.

What Investment Services and Advice Can You Provide Me?

We offer Wealth Management Services on a discretionary and non-discretionary basis to retail investors including wealth management services, financial planning, and retirement consulting services.

If you retain our firm for Wealth Management Services, you will pay an on-going asset-based or flat fee at the beginning of each quarter for our services, based on the value of the cash and investments in your advisory account. We will meet with you in person if possible, otherwise by phone and/or computer to determine your investment objectives, risk tolerance, and other relevant information at the beginning of our advisory relationship. We will use this information to develop a strategy that enables our firm to give you continuous and focused investment advice and/or to make investments on your behalf. Once we construct an investment portfolio for you, we will monitor and rebalance your portfolio's performance on an ongoing basis. If you participate in our discretionary investment management services, the authorization will allow us to manage your account regarding the purchase and/or sale of investments without your approval prior to each transaction until the termination of our agreement. You may limit our discretionary by providing our firm with your restrictions and guidelines in writing. If you enter into a non-discretionary arrangement with our firm, you are required to make the ultimate decision regarding the purchase and/or sale of investments and we must obtain your approval prior to executing any transactions on behalf of your account.

Defined also offers financial planning and consulting services which typically involve providing a variety of advisory services to clients regarding the management of their financial resources based upon an analysis of their individual needs. If you retain our firm for financial planning services, we will meet with you to gather information about your financial circumstances and objectives and make investment allocation recommendations based on your investment profile. You will be charged a fixed fee for services. You will be responsible for implementing our investment advice.

Defined offers retirement consulting services to employee benefit plans and their fiduciaries based upon the needs of the plan and the services requested by the plan sponsor or named fiduciary. In general, these services may include an existing plan review and analysis, plan-level advice regarding fund selection and investment options, education services to plan participants, investment performance monitoring and/or ongoing consulting. These consulting services will generally be non-discretionary and advisory in nature, meaning you make the ultimate decision regarding the purchase and/or sale of investments. You will be charged a fixed fee for services.

We offer investment advisory services with a large selection of investments to individuals, trusts, estates, charitable organizations, corporations, and other business entities.

In general, we do not require a minimum dollar amount to open and maintain an advisory account. **For additional information, please see Defined's ADV, Part 2A brochure, items 4 and 7 at <https://adviserinfo.sec.gov/firm/summary/306779>.**

Conversation Starters. Ask your financial professional –

- *Given my financial situation, should I choose an investment advisory service? Why or why not?*
- *How will you choose investments to recommend to me?*
- *What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

Fees, Costs, Conflicts, and Standard of Conduct.

What Fees Will I Pay?

For Wealth Management Services you will be charged an ongoing management fee based on the assets under management in accordance with the fee schedule presented in your agreement. Fees are typically charged quarterly in advance based on the value of your account on the last day of the previous quarter. The asset-based fee reduces the value of your account and will be deducted from your account or paid directly by the client. Our current fee schedules are described in Item 5 of the Form ADV Part 2. **For additional information, please see Defined's ADV, Part 2A brochure, item 5 at <https://adviserinfo.sec.gov/firm/summary/306779>.**

Wealth Management clients generally pay a tiered management fee ranging from 0.50% to 1.45%, depending on the size of your account or a fixed fee detailed in your agreement. At our discretion, we may combine the account values of family members living in the same household

to determine the applicable advisory fee. Combining account values will increase your total assets under management, which may result in your paying a reduced advisory fee percentage. Although the effective management fee rate will decrease the larger your account, the total management fees you will pay will likely increase as you increase the total amount of assets under our management. Therefore we generally have an incentive to encourage transferring or depositing additional assets into your account. Other fees and costs may include custodian fees and account maintenance fees. Some investments (such as mutual funds) impose additional fees that will reduce the value of your investment over time. Also, with certain investments such as variable annuities, you may have to pay fees such as “surrender charges” to sell the investment.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Conversation Starters. Ask your financial professional –

- *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we are held to a fiduciary standard that covers our entire investment advisory relationship with you. We act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

Certain of the Firm’s Supervised Persons are licensed insurance agents and may offer certain insurance products on a fully-disclosed basis through other, non-affiliated insurance agencies and/or agents. A conflict of interest exists to the extent that the Firm recommends the purchase of insurance products where its Supervised Persons may be entitled to insurance commissions or other additional compensation. The Firm has procedures in place whereby it seeks to ensure that all recommendations are made in its clients’ best interest regardless of any such affiliations.

Certain of the Firm’s Supervised Persons are registered representatives of Purshe Kaplan Sterling Investments, Inc. and may provide clients with securities brokerage services under a separate commission-based arrangement. A conflict of interest exists to the extent that the Firm recommends the purchase or sale of securities where its Supervised Persons receive commissions or other additional compensation as a result of the Firm’s recommendation.

For additional information, please see Defined’s ADV, Part 2A brochure, item 10 at <https://adviserinfo.sec.gov/firm/summary/306779>.

Conversation Starters. Ask your financial professional –

- *How might your conflicts of interest affect me, and how will you address them?*

How do your financial professionals make money?

Our financial professionals are paid a salary plus discretionary bonuses based on company, team, and individual performance, which includes metrics like client retention, referrals, and because the firm’s salaries are ultimately derived, from revenue the firm earns from the financial professional’s advisory services or recommendations.

Conversation Starters. Ask your financial professional –

- *As a financial professional, do you have any disciplinary history? For what type of conduct?*

Disciplinary History

Do you or your financial professionals have a legal or disciplinary history?

No. Visit Investor.gov/CRS for a free and simple search tool to research us and our financial professionals.
