

CLIENT RELATIONSHIP SUMMARY (CRS)
FORM ADV PART 3

INTRODUCTION

PCR Finance Group, LLC DBA Partners Finance ("Partners Finance" the "Company" or "Firm") is registered with the Securities and Exchange Commission ("SEC") as a broker-dealer and is a member of the Financial Industry Regulatory Authority ("FINRA") and the Securities Investor Protection Corporation ("SIPC"). The Firm is not an Investment Adviser and does not provide investment advice. We offer brokerage services only. You can find information about Partners Finance and its representatives at <https://brokercheck.finra.org>. Importantly, brokerage and investment advisory services and fees differ, and it is important for investors to understand differences. Free and simple tools are available to research firms and financial professionals at Investor.gov/CRS, which also provides educational materials about broker-dealers, investment advisers, and investing.

What is the difference between a Broker (like Partners Finance) and an Adviser, and how do fees differ?

An **investment adviser** is generally any entity that provides investment advice or conducts securities analysis in exchange for a fee, typically based on the portfolio's total value. In contrast, a **broker-dealer** is a firm that acts as an intermediary between buyers and sellers of securities for which they will usually receive a commission, which is paid per transaction.

RELATIONSHIPS AND SERVICES

What investment services and advice can you provide me?

- The Company has a limited and restricted business model and conducts business solely as a private placement agent or finder to assist private companies, established by an affiliate, Partners Capital, to raise capital for real estate development projects and private real estate investment funds or pooled investment vehicles (collectively, the "Funds"). The Funds will invest in various investment interests. These interests are unregistered and offered on a best-efforts basis under Regulation D, including Rule 506(b) of Regulation D and Rule 506(c) of Regulation D. Partners Finance helps in placing units of the Funds. The offering of interests is made by the delivery of a Private Placement Memoranda (PPM) or other similar governing agreements/subscription documents. Offerings will only be made to investors who meet the definition of accredited investor. The minimum amount required to be invested varies for each Fund and is detailed in each PPM. No public market for fund interests currently exists or will exist. We do not provide ongoing monitoring of your investment. You will receive tax and financial reports directly from the sponsor of the fund. We offer limited service to our clients. Whether you invest is entirely your decision.
- The Firm will only sell to investors who meet the definition of accredited investor. FEES, COSTS, CONFLICTS, AND STANDARDS OF CONDUCT

We have been engaged by the sponsor of the funds as placement agent. We are paid based upon the amount you invest. Fees due to us will be paid by the sponsor. Help me understand how these fees and costs might affect my investments.

"If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?"

Conflicts of Interest

How else does the firm make money and what conflicts of interest do you have?

Our obligation is to put your interests above our own and to disclose any issue that would create a conflict of interest. At the time of each opportunity, Partners Finance mitigates or discloses any issues that may be deemed conflicts. The Manager, Partners Capital, and its affiliates have entered into compensation arrangements with the Fund that pose inherent conflicts of interest, as such compensation will be paid irrespective of whether such arrangements are profitable to the Fund. Furthermore, we may rely on the Manager and entities affiliated with our Manager to provide services to us for the operation of our business. This same management group is involved in other property investments for the benefit of Partners Real Estate related entities, and not the Fund. As a result of their interests in other Partners Real Estate's sponsored programs, their obligations to the Members and the fact that they engage in and will continue to engage in other business activities on behalf of themselves and others, present a conflict of interest in allocating their time among us, other Partners Real Estate sponsored investments, as well as other business activities in which they are involved. This inherent conflict could adversely affect any returns on Members' investment, and the value of the Members' investment may decline.

Conversation Starters:

How might your conflicts of interest affect me, and how will you address them?

How do your financial professionals make money?

Our investment professionals are paid based on salary and commissions. Please see above "What fees will I pay?"
