Relationship Summary
Mosaic Family Wealth Partners, LLC
dba Mosaic Family Wealth

We are Mosaic Family Wealth, an investment adviser registered with the Securities and Exchange Commission. Investment advisory and brokerage services and fees differ, and it is important for you to understand the differences. Free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://www.investor.gov/crs), which also provides educational materials about broker-dealers, investment advisers, and investing. Our firm and financial professionals' registration information are also publicly available on the [Investor.gov](https://www.investor.gov) website.

What investment services and advice can you provide me?

We offer portfolio management, financial planning, and selection of other advisers to retail investors. These services include wealth management, which is a combination of financial consulting and investment management. We also offer cash and credit management services through our affiliate "UPTIQ." We offer advice on a full suite of securities, including equities, fixed income, mutual funds, ETFs, affiliated private investments, options, and similar investments. Our services are generally provided on a discretionary basis, which means that we have the power to buy and sell securities for your account without your prior consent. This authority is usually unlimited and remains in effect until you revoke it. We may provide non-discretionary investment advice, where we make investment recommendations to you and you decide whether to implement the recommendation. For financial planning services, we do not exercise discretionary authority or require you to use certain advisors. We do not give advice on any proprietary investment products.

We provide continuous and regular supervision of advisory client assets as part of our standard service to you. In addition, we will conduct ad hoc reviews if you change your objectives or risk tolerance, upon significant market and economic events, or if we change our investment strategy. We do not require a minimum account size or fee.

Please visit the [Adviserinfo.sec.gov](https://www.adviserinfo.sec.gov) website for additional information on our firm. Select PART 2 BROCHURES and reference Items 4, 7, and 8 of our Part 2A Brochure for additional information on our services, investment advice, and account requirements.

Other Questions You May Have

Given my financial situation, should I choose an investment advisory service? Why or why not?

How will you choose investments to recommend to me?

What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?

What fees will I pay?

Our quarterly fees are calculated as a percentage of the assets under our management, so our fees will rise and fall with the value of the assets we manage for you. While our fees may reduce the amount of your assets available for investment, we believe they are justified by our services and attention to your needs. Moreover, we believe our interests are aligned with yours in this type of fee structure. Nonetheless, a conflict of interest may appear in that we are economically incented to recommend that you place more assets in your account in order to increase the value of your portfolio, because as the value increases, so do our fees.

In addition to our fees, you may be charged transaction or asset-based fees by your custodian for its services. These fees vary depending on the custodian. Under a transaction fee arrangement, the more transactions effected in your account, the more fees you will pay, and high activity in your account does not assure positive portfolio performance. For custodians that charge their fees based upon a percentage of your assets, such fees may be more than would be the case if you are charged a transaction-based fee. Please be mindful of the effect of your portfolio size, the level of activity, and the rate of custodian asset-based pricing. Generally, large portfolios would be disadvantaged by paying an asset-based custodian fee versus a transaction-based fee. Some securities carry additional costs, such as mutual funds and ETFs. Financial planning fees will be charged at a fixed rate as agreed upon by you and our firm.

There are additional fees such as internal fees and expenses charged by mutual funds (i.e., 12b-1 distribution fees and management fees that are assessed within the mutual fund) and exchange-traded funds, third-party separate account manager fees, fees imposed by private placements and pooled investment vehicles, product-level fees and commission for insurance-related products, postage and handling, transfer taxes, SEC fees for sales of securities. Also, with certain investments such as variable annuities, you may have to pay fees such as "surrender charges" to sell or redeem the investment.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. **You can find more information about our fees and costs under Item 5 of our Part 2A Brochure, available at Adviserinfo.sec.gov.**

Other Questions You May Have

Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means:

- Certain of our firm's advisors are registered representatives of Purshe Kaplan Sterling Investments, Inc. ("PKS"), a registered broker-dealer. In addition to our services, your financial professional may offer you brokerage services through their separate capacity as a registered representative and will earn commission-based compensation for transactions implemented through PKS. The commissions earned are separate from our advisory fees, which creates a financial incentive to recommend that you implement securities transactions through PKS.
- Certain of our firm's advisors are licensed to sell insurance, which creates a conflict of interest regarding compensation.
- Our affiliates UPTIQ and FRS receive fees from the network institutions and certain administrative services providers in exchange for allowing them to participate in the UPTIQ credit and cash management programs or FRS programs and thereby to offer their services to our clients. We therefore have a conflict of interest when we recommend that clients use the credit and cash management services of UPTIQ or the services of FRS.

Additional information regarding conflicts of interest can be found in Items 5, 10, 11, 12, and 14 of our Part 2A Brochure, available at Adviserinfo.sec.gov.

Other Questions You May Have

How might your conflicts of interest affect me, and how will you address them?

How do your financial professionals make money?

The financial professionals servicing your accounts are compensated through salary and bonus or a share of our profits. The factors primarily driving the salary and bonus for each financial professional include the amount of client assets serviced by the financial professional and the revenue the firm and/or our affiliates generate from the professional's services or recommendations. This presents a conflict and incentive for the financial professional to encourage you to increase the assets in your account or recommend certain products or services offered by our affiliates. We and our affiliates refer clients to third-party service providers and are eligible to receive additional compensation for those referrals. Our financial advisors may receive commission-based compensation for the sale of securities and insurance products. We do not receive non-cash compensation.

Do you or your financial professionals have legal or disciplinary history?

Yes, certain Mosaic Family Wealth professionals have disciplinary records, which can be found by accessing Investor.gov/CRS for a free and simple search tool to research our firm and our financial professionals.

Other Questions You May Have

As a financial professional, do you have any disciplinary history? For what type of conduct?

You can find additional information about our investment advisory services on our Part 2A Brochure, available at Adviserinfo.sec.gov. You may contact us at 314-627-5220 if you have questions or to request a current copy of this Relationship Summary.

Other Questions You May Have

Who is my primary contact person? Is he or she a representative of an investment adviser or a broker-dealer? Who can I talk to if I have concerns about how this person is treating me?
