What investment services and advice can you provide me?

We offer investment management services to retail investors. As part of our standard services, we monitor our clients' portfolio holdings and the overall asset allocation strategy on an annual basis, or when market conditions or other triggers would warrant a review. Triggers include a change of investment objectives, a change in employment, or a change in recommended asset allocation weightings.

We offer our investment management services on a discretionary basis. Discretionary asset management allows us the limited authority to buy and sell investments in your account without asking you each time a transaction is placed. Our level of authority is determined at the beginning of our relationship with you in our advisory agreement, but can be changed upon request.

We provide investment recommendations and construct portfolios using a wide array of securities types to meet the investment objectives of clients. We require a cumulative minimum account of \$1 million for opening or maintaining accounts for retail investors.

For additional information, please see our Form ADV Part 2A (with special emphasis on Items 4, 7, and 16), which can be found on the SEC website at adviserinfo.sec.gov (CRD #329367).

Conversation Starters – Ask Your Financial Professional:

Given my financial situation, should I choose investment advisory services? Why or why not?

How will you choose investments to recommend to me?

What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?

What fees will I pay?

Principal Fees: We are compensated for providing the investment management services by charging an ongoing asset-based fee that ranges from 0.45% to 1.0% per annum depending on the size of the account. The fees are paid quarterly in arrears. With the asset-based fee, the more assets there are in your advisory account, the more you will pay in fees, and we may therefore have an incentive to encourage you to increase the assets in your account. Tiempo Capital Partners' fees are negotiable at the discretion of Tiempo Capital Partners.

Other Fees and Costs: Tiempo Capital Partners' fees are exclusive of brokerage commissions, transaction fees, and other related costs and expenses which shall be incurred by the client. You may incur certain charges imposed by custodians, brokers, custodial fees, odd-lot differentials, transfer taxes, wire transfer and electronic fund fees, and other fees and taxes on brokerage accounts and securities transactions. All fees paid to us for investment advisory services are separate and distinct from the fees and expenses charged by mutual funds and ETFs to their shareholders, which are disclosed in the funds' prospectuses.

Additional Information: You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce the amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. **More detailed information about our fees and costs are included in our Form ADV Part 2A (Item 5).**

Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here is an example to help you understand what this means.

Tiempo Capital Partners' Investment Advisor Representatives may trade for their own accounts securities that are being traded for client accounts at or about the same time. To mitigate the conflict of interest in such circumstances, Tiempo Capital Partners' policy is to require the trading of all relevant client accounts prior to the trading of their own accounts. The Chief Compliance Officer examines personal trading activities of Tiempo Capital Partners' personnel to verify compliance with this policy. **These arrangements and additional information about other conflicts of interest are discussed in more detail in our Form ADV Part 2A.**

How do your financial professionals make money?

Our Investment Advisor Representatives are compensated through the receipt of a portion of revenue we receive for the advisory services we provide. The portion paid to your Investment Advisor Representative generally does not vary based on the type of investments that are recommended.
