

FORM CRS (Client Relationship Summary)
Fairvoy Private Wealth LLC
February 17, 2024

Introduction

Fairvoy Private Wealth LLC is an investment adviser registered with the Securities and Exchange Commission and, as such, we provide advisory services rather than brokerage services. Brokerage and investment advisory services and fees differ, and it is important for you, our client, to understand the differences. Additionally, free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing.

What investment services and advice can you provide me?

We offer the following investment advisory services to retail investors: Portfolio Management Services; Financial Planning & Consulting Services; and Retirement Plan Consulting Services. For more detailed information regarding our services, fees, and other disclosures for our firm, please refer to Items 4, 5, 7, 8, 13, and 16 in our Form ADV Part 2A Brochure in this link: [ADV Brochure](#).

- **Account Monitoring:** If you choose to open an advisory account with us, as part of our standard services, we will meet with you initially to assess your current financial situation. Depending on your financial situation, we will recommend a portfolio of investments that are tailored to your financial needs. Our firm will monitor your investments on at least an annual basis.
- **Investment Authority:** We offer investment accounts on both a discretionary basis and non-discretionary basis. In a discretionary account, we have discretion to select, retain, or replace third-party managers to manage your account(s). You do have the option to limit discretionary authority by providing us with your restrictions and guidelines in writing. In a non-discretionary account, we will provide advice, but ultimately you decide which investments to buy and sell for your account(s).
- **Investment Offerings:** We provide advice on various types of investments, and we do not restrict our advice to limited types of products or investments.
- **Account Minimums and Requirements:** We do not have minimum amounts or requirements for opening and maintaining accounts with us.

[Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?](#)

What fees will I pay?

You will be charged an ongoing quarterly fee based on the value of the assets in your account. Our maximum Portfolio Management annual fee is 1.50%. The more assets you have in your advisory account, the more you will pay us. We therefore have an incentive to increase the assets in your advisory account in order to increase our fees. Our fees vary and are negotiable. The amount you pay will depend, for example, on the services you receive and the amount of assets in your account. Our firm's fees will be automatically deducted from your advisory account, which will reduce the value of your advisory account. In rare cases, we will agree to send you invoices rather than automatically deduct our fees from your advisory account.

We have entered into an agreement with Dynasty Financial Partners, LLC ("Dynasty"), which provides us with operational and back-office support, including access to a service provider network. Dynasty charges annual "Platform Fee" ranging from 0.00% - 0.15% for these services which are not included within the Portfolio Management fee.

We may select Third-Party Managers through Dynasty. If selected, the Third-Party Managers will charge a fee separate from and in addition to our Portfolio Management fee. We do not receive any portion of the fees paid directly to Dynasty or the service providers made available through its platform, including the Third-Party Managers.

You may also pay charges imposed by the custodian holding your accounts for certain investments and maintaining your account. Some investments, such as mutual funds, index funds, exchange traded funds, and variable annuities, charge additional fees that will reduce the value of your investments over time. In addition, you may have to pay fees such as “surrender charges” to sell certain illiquid securities.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. Additional information about our fees is in Item 5 of our Firm Brochure, which is available online at this [ADV Brochure](#).

Conversation Starters:

[Help me understand how these fees and costs may affect my investments. If I give you \\$10,000 to invest, how much will go to fees and costs and how much will be invested for me?](#)

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interests ahead of yours. At the same time, the way we make money creates some conflicts of interest. You should understand and ask us about these conflicts, because they can affect the investment advice we provide you.

Here is an example to help you understand what this means:

Other Third-Party Payments: Certain financial professionals providing investment advice on behalf of our firm are licensed as independent insurance agents. These persons will earn commission-based compensation for selling insurance products. Insurance commissions are separate and in addition to our advisory fees. This practice presents a conflict of interest because they have an incentive to recommend insurance products to you for the purpose of generating additional commissions.

Additional information about our conflicts of interest is in our Form ADV Part 2A Brochure which can be accessed online at [ADV Brochure](#).

[How might your conflicts of interest affect me, and how will you address them?](#)

How do your financial professionals make money?

Our financial professionals are compensated by our firm from revenue paid to the firm for advisory services and consulting services rendered to our clients. Advisory fees are based on the amount of client assets they service and the time and complexity required to meet a client’s needs. Financial Planning / Consulting fees may be a flat fee or an hourly fee and are based on the scope and complexity of our engagement with the client.

Do you or your financial professionals have legal or disciplinary history?

No, our firm and financial professionals do not have any legal and disciplinary history to disclose. Visit Investor.gov/CRS for a free and simple search tool to research our firm and our financial professionals.
