**Relationships and Services**

***What investment services and advice can you provide me?***

**OUTCOME CAPITAL, LLC** acts as a Broker-Dealer, offering private placement of securities of securities to qualified investors. Our clients (“Issuers”) raise capital through private placements exempt from registration. We act as an agent, introducing issuers to institutional and other qualified investors. The issuer has sole discretion over whether to accept a proposed commitment by you. We do not solicit or recommend any investments to retail clients. **We do not offer** any other type of products, services, or investments to retail investors, nor do we offer any recommendations to retail investors. Should you, the retail investor, request information about a private placement of securities, we will provide you with documents such as an Offering Memorandum or Private Placement Memorandum. **There is a minimum** commitment on your part that is required to participate in a private placement of securities. These are determined by the Issuer and vary by Issuer. **We do not monitor your investment.**

**You, the investor, make the ultimate decision regarding the purchase or sale of investments.**

**Fees, Costs, Conflicts, and Standard of Conduct**

***What fees will I pay?***

You do not pay any fees directly to **OUTCOME CAPITAL, LLC**. Our primary revenue stream is derived from a pre-determined percentage of fees paid by the Issuer to the Firm, which is based upon the total amount of investments made by our Investors, known as a “success fee.” Each Issuer determines the fees associated with each particular investment, as they differ. The fees are paid directly to the Firm.

**OUTCOME CAPITAL, LLC** works with multiple Issuers. The fees paid to the Firm varies by each Issuer. There is a potential conflict for us to recommend private placements with higher fees. The more commitments you make to issuers will result in larger fees to us. Additionally, the Firm may be an investor in the same companies that we recommend to you or transact on your behalf, including Private Placements. A conflict of interest may exist by us doing so, which may materially affect your investment decision.

**Additional Information:** You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. Please speak with your broker for additional information.

*CONVERSATION STARTER: Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

***What are your legal obligations to me when providing recommendations? How does your firm make money and what conflicts of interest do you have?***

**We do not provide recommendations.** The way we make money creates some conflicts with your interests. You should understand and ask about these conflicts because they can affect the services we provide you. We will provide you with the most current version of the offering materials as provided to us by the Issuer. We are making an introduction to an Issuer for a potential investment in a private placement of securities. Here is an example to help you understand what this means:

**OUTCOME CAPITAL, LLC** works with multiple Issuers. The fees paid to the Firm varies by each Issuer. There is a potential conflict for us to recommend private placements with higher fees. The more commitments you make to issuers will result in larger fees to us. Additionally, the Firm may be an investor in the same companies that we recommend to you or transact on your behalf, including Private Placements. A conflict of interest may exist by us doing so, which may materially affect your investment decision.

**Additional Information:** Please review the Offering Documents provided to see more detailed information about our conflicts of interest and feel free to discuss any questions with your broker.

*CONVERSATION STARTER: How might your conflicts of interest affect me and how will you address them?*

***How do your financial professionals make money?***

Our financial professionals receive salary and periodic discretionary bonuses. Compensation is not linked to individual success fees, but rather is based on the overall success of the Firm and each individual's performance. It is not linked to any individual engagement or placement. A conflict of interest is created through the receipt of compensation for the aggregate private placement fees including the fees associated with a specific transaction.
