

Form ADV Part 3 – Client Relationship Summary

Item 1: Introduction

EATON-CAMBRIDGE INC. is an investment adviser registered with the Securities and Exchange Commission offering advisory accounts and services. Brokerage and investment advisory services and fees differ, and it is important that you understand the differences. This document gives you a summary of the types of services and fees we offer. Visit www.investor.gov/CRS for free, simple tools to research firms and financial professionals, as well as educational materials about broker-dealers, investment advisers, and investing.

Item 2: Relationships and Services

Questions to ask us: Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?

What investment services and advice can you provide me? Our firm primarily offers the following investment advisory services to retail clients: portfolio management (we review your portfolio, investment strategy, and investments); financial planning (we assess your financial situation and provide advice to meet your goals); tax services ; solicitor/ selection of other advisers (we select a third party adviser for you to use). As part of our standard services, we typically monitor client accounts on a annual basis. Our firm has discretionary management without any material limitations. We limit the types of investments that are recommended since not every type of investment vehicle is needed to create an appropriate portfolio. We also reserve the right to waive at our discretion. Our household asset minimum is \$500,000. Please also see our Form ADV Part 2A ("[Brochure](#)"), specifically Items 4 & 7.

Item 3: Fees, Costs, Conflicts, and Standard of Conduct

Questions to ask us: Help me understand how these fees and costs might affect my investments. If I give you \$500,000 to invest, how much will go to fees and costs, and how much will be invested for me? What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have? How might your conflicts of interest affect me, and how will you address them?

What fees will I pay? Our fees may vary depending on the services you receive. Additionally, the amount of assets in your account affects our advisory fee; the more assets you have in your advisory account, the more you will pay us and thus we have an incentive to increase those assets in order to increase our fee. For hourly fee arrangements, each additional hour (or portion thereof) we spend working for you would increase the advisory fee. Our fixed fee arrangements are based on the amount of work we expect to perform for you, so material changes in that amount of work will affect the advisory fee we quote you. Investment advisory fees will be charged in advance, on a calendar quarterly basis, based upon the value of your portfolio on the last business day of the just completed calendar quarter. *Additionally, we have the following compensation structure:* Third Party manager fees. You pay our fees even if you do not have any transactions and the advisory fee paid to us generally does not vary based on the type of investments selected. Please also see Items 4, 5, 6, 7 & 8 of our [Brochure](#).

Form ADV Part 3 – Client Relationship Summary

Third Party Costs: Some investments (e.g., mutual funds, etc.) impose additional fees (e.g., transactional fees and product-level fees) that reduce the value of your investment over time. You will also pay fees to a custodian that will hold your assets. Additionally, you will typically pay transaction fees when we buy and sell an investment for your account. You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Make sure you understand what fees and costs you are paying. See our [Brochure](#) for additional details.

Conflicts of Interest: *When we act as your investment adviser*, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means:

Example 1: Our firm and/or its investment advisory representatives may from time to time purchase or sell products or investments that they may recommend to clients. In such circumstances, our firm or its investment adviser representatives may have a financial interest in recommending investments that our firm or its representatives also own.

How do your financial professionals make money? Primarily, we and our financial professionals benefit from the advisory services we provide to you because of the advisory fees we receive from you. This compensation may vary based on different factors, such as those listed above in this Item. Our financial professionals also have the ability to receive commissions from clients in the form of insurance commissions. Please also see Item 10 of our [Brochure](#) for additional details.

Item 4: Disciplinary History

Questions to ask us: *As a financial professional, do you have any disciplinary history? For what type of conduct?*

Do you or your financial professionals have legal or disciplinary history? No, we do not have legal and disciplinary events. Visit <https://www.investor.gov/CRS> for a free, simple search tool to research us and our financial professionals.

Item 5: Additional Information

Questions to ask us: *Who is my primary contact person? Is he or she a representative of an investment adviser or a broker-dealer? Who can I talk to if I have concerns about how this person is treating me?*
