Relationships and Services

What investment services and advice can you provide me?
<p>Services: We offer investment advisory services to retail investors. These services include comprehensive investment management which is a combination of discretionary portfolio management and financial planning or consulting. We may also offer portfolio management or financial planning and consulting services on a standalone basis. We do sponsor a legacy wrap fee program where we combine securities transaction fees and other fees and expenses with our investment advisory services. We work closely with you to identify your investment goals and objectives, as well as risk tolerance and financial situation in order to develop an investment approach.</p>
<p>Accounts, Investments, and Monitoring: We provide services to individual, joint, retirement, trust and estate accounts. We primarily use exchange traded funds, individual stocks, individual bonds and mutual funds in constructing portfolios. On a case by case basis, we may recommend the use of options as well as the use of illiquid investments such as private investment funds, hedge funds, and structured notes. We do not make available or offer advice with respect to only proprietary products or a limited menu of products or types of investments. As part of our services, we monitor portfolios and securities in accounts on a regular and continuous basis. We also meet with you at least annually, or more frequently, depending on your needs.</p>
<p>Investment Authority: We provide our services on a perpetual and discretionary basis. We execute investment recommendations in accordance with your investment objectives without your prior approval of each specific transaction. Our engagement will continue until you notify us otherwise in writing.</p>
<p>Account Minimums & Other Requirements: We generally require a minimum relationship size of \$500,000 in order to effectively implement our investment process. This amount may be waived or reduced at our sole discretion.</p>
<p>Additional Information: For more detailed information on our relationships and services, please see Item 4 – Advisory Services, Item 13 – Review of Accounts and Item 7 – Types of Clients of our Form ADV Part 2A available via our firm's Investment Adviser Public Disclosure Page.</p>
<p>Conversation Starters: <i>Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?</i></p>

Fees, Costs, Conflicts, and Standard of Conduct

What fees will I pay?
<p>Asset-Based Fees: Our asset-based fees for comprehensive investment management or portfolio management services range up to 1.50% annually. This fee is collected on a quarterly basis and calculated as a percentage of the value of the cash and investments in your account[s] that we manage. This presents a conflict of interest as we are financially incentivized to encourage you to place more assets in your advisory account as you will pay more in advisory fees. If you are in our legacy wrap fee Program, you will not incur transaction fees to a broker dealer or bank that has custody of our assets, and therefore you can potentially have a higher asset-based advisory fee.</p>
<p>Fixed fees: Our fixed project-based fees for financial planning range between \$2,000 and \$20,000. Fixed fees are invoiced and due upon completion of the agreed upon deliverable[s]. We provide you with an estimate of the total cost prior to engaging us for these services. Our fixed annual fees for ongoing financial planning range between \$2,000 and \$20,000 per year or will be based on a formula tied to client asset level. This fee is collected on a monthly or quarterly basis. Fixed fees for project-based financial planning and ongoing financial planning are negotiable based on the nature and complexity of the services to be provided and the overall relationship with us.</p>
<p>Other Fees & Costs: In addition to our advisory fee, you will also be responsible for third party manager fees, custody fees, account administrative fees, fees and expenses related to mutual funds and exchange-traded funds and applicable securities transaction fees. If you are in our wrap fee program, applicable securities transaction fees will be included in our advisory fees.</p>
<p>Additional Information: You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For more detailed information on our fees, please see Item 5 – Fees and Compensation of our Form ADV Part 2A available via our firm's Investment Adviser Public Disclosure Page.</p>

Conversation Starters: *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

**What are your legal obligations to me when acting as my investment adviser?
How else does your firm make money and what conflicts of interest do you have?**

When we act as your investment adviser, we have to act in your best interest and not put our interests ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here is an example to help you understand what this means.

We are a licensed insurance agency and certain financial professionals are licensed as insurance professionals. We will earn commission-based compensation for selling insurance products, including insurance products sold to our clients. Insurance commissions earned by us are separate and in addition to advisory fees. However, we will never earn both a commission and an ongoing advisory fee on the same assets. You are under no obligation to purchase insurance products through us or any person affiliated with us.

Additional Information: For more detailed information, please see Item 10 – Financial Industry Activities and Affiliations, Item 12 – Brokerage Practices and Item 14 – Client Referrals and Other Compensation of our Form ADV Part 2A available via our firm's [Investment Adviser Public Disclosure Page](#).

Conversation Starters: *How might your conflicts of interest affect me, and how will you address them?*

How do your financial professionals make money?

Our financial professionals are compensated based upon different structures. This includes either an agreed-upon salary or compensation based on the amount of assets that the financial professional advises on, or a combination of both. This means that, in some cases, financial professionals have an incentive to increase the asset size in the relationship or solicit new business, taking time away from the day-to-day servicing of existing clients.
