tZERO Digital Asset Securities, LLC (“tZERO”, “we,” “our,” or “us”) is a special purpose broker-dealer registered with the U.S. Securities and Exchange Commission (“SEC”) and a member of the Financial Regulatory Authority (“FINRA”) and the Securities Investor Protection Corporation (“SIPC”). **Digital asset securities may not be “securities” as defined under the Securities Investor Protection Act (SIPA)—and in particular, digital asset securities that are “investment contracts” under the Howey test but are not registered with the SEC are excluded from SIPA’s definition of “securities”—and thus the protections afforded to securities customers under SIPA may not apply.** Brokerage and investment advisory services and fees differ; and it is important that you understand these differences. ### What investment services and advice can you provide me?

tZERO operates in accordance the U.S. Securities and Exchange Commission’s statement, dated December 23, 2020, regarding the Custody of Digital Asset Securities by Special Purpose Broker-Dealers. Our business is limited to providing custody, clearance and settlement services for those digital asset securities that may be traded on our affiliated alternative trading system, the “tZERO Securities ATS”. We do not offer any services relating to traditional securities, meaning securities other than digital asset securities. A “digital asset security” means a digital asset that meets the definition of a “security” under the federal securities laws. The term “digital asset” refers to an asset that is issued and/or transferred using distributed ledger or blockchain technology (“distributed ledger technology”), some of which are referred to as “virtual currencies,” “coins,” and “tokens.” A digital asset that is not a security is referred to herein as a “non-security digital asset.” We do not offer services relating to “non-security digital assets.” The Account you open is a cash account and no margin will be provided through your cash account. The decision to own a digital asset security is solely your choice. We do not offer advice, make recommendations or make strategies involving securities or securities accounts to investors. We do not monitor your account or individual investments. We do not make available or offer advice with respect to any products including but not limited to proprietary products, or a limited menu of products or types of investments. Other than our customer due diligence, anti-money laundering and related customer on-boarding procedures, we do not have any requirements for investors to open or maintain an account or establish a relationship with us, such as minimum account size or investment amount. We also do not trade securities for our own account. We do advertise and market our services via our website, email and other media platforms. **FOR ADDITIONAL INFORMATION PLEASE SEE TZERO’S CUSTOMER AGREEMENT OR BY CONTACTING US AT (855) 421-0638 OR SUPPORT@TZERO.COM.**

**What are your legal obligations to me when providing recommendations? How else does your firm make money and what conflicts of interest do you have?**

tZERO does not provide recommendations. The way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the services we provide you. Here are some examples to help you understand what this means. tZERO charges account maintenance fees. We therefore have an incentive to promote our services to maximize the number of users we have.
