ORDER

CTED NO. 1 etc class only

The hearing in this matter has been completed and I am preparing an Initial Decision. By letter dated November 20, 2002, counsel for Respondents requests that the record be reopened to consider significant recent developments that have occurred with respect to the health of Respondent Francis X. Curzio (Curzio). The letter states that these health issues are relevant to consideration of what sanctions, if any, may be appropriate in this matter.

Counsel seeks an opportunity to submit a physician's report and an affidavit from Curzio. The request is granted, and the submission will be due within seven business days, i.e., by December 3, 2002. The Division of Enforcement should submit its response by December 10, 2002.

SO ORDERED.

James T. Kelly
Administrative Law Judge
