ORDER SCHEDULING  
MOTION FOR DEFAULT

On November 1, 2016, the Division of Enforcement submitted a notice that Respondent's counsel accepted service of the order instituting proceedings on August 22, 2016; Respondent has declined to file an answer; and its counsel declined to participate in a prehearing conference because counsel is in no position to set deadlines that would be discussed at such conference. The Division requested until November 15, 2016, to file a motion for adjudication by default under Rule 155(a).

The request is granted. However, the Division is directed to file evidence supporting its assertion about service. No default will issue until service is properly established in accordance with Rule 141.
