In making its determination, the deliberating body will consider:
 - (i) whether such member's participation in the deliberations is necessary to achieve a quorum; and

Each separate account of a separate account Customer (as such terms are defined in CFTC Regulation 1.44) shall be treated as an account of a separate individual customer.  - (ii) Accurately report large trader positions and, where applicable, long positions eligible for delivery consistent with required submission deadlines.
 - (iii) Submit to the Clearinghouse, at or prior to the time and in the form and manner specified by the Clearinghouse, CFTC Form 102 identifying the owner, any controlling parties and any additional required information for each reportable account.

Alternatively, the Clearinghouse may require that a portion of the open positions in the Clearing Member's Member Property Accounts, Market-Maker Accounts, PAB Accounts, or Customer Accounts be reduced.

- (j) Subject to the terms and conditions of the Clearinghouse, Clearing Members may deposit any form of Collateral which has been approved by the Clearinghouse and communicated through Clearinghouse notices. - (l) Cboe Clear US may assign, pledge, repledge or otherwise create a lien on or security interest in, and enter into repurchase agreements involving, Collateral, Contracts, positions and other funds and property deposited with the Clearinghouse by a Clearing Member, as permitted by CFTC or SEC Regulations, as applicable, and applicable state Regulations, held in or for such Clearing Member's Member Property Accounts, Market-Maker Accounts, PAB Accounts, or Customer Accounts to secure the repayment of funds that may be borrowed by Cboe Clear US.
- (m) Clearing Members must transfer the Collateral to the Clearinghouse which will hold Collateral on behalf of the Clearing Member. Cboe Clear US will credit to the Clearing Member the Collateral that such Clearing Member deposits. Collateral shall be held by the Clearinghouse until a Clearing Member submits a withdrawal notification, unless otherwise provided by the Rules.

- (n) Cboe Clear US will not be responsible for any diminution in value of Collateral that a Clearing Member deposits with the Clearinghouse, except, in the case of U.S. dollars, the diminution of value is as a direct result of investment activity of the Clearinghouse, such activity having been conducted in full compliance with CFTC or SEC Regulations, as applicable. Any fluctuation in markets is the risk of each Clearing Member. Any interest earned on Clearing Member Collateral may be retained by the Clearinghouse.
- (o) If a Clearing Member is in Default, Cboe Clear US may foreclose on and sell any of the Collateral deposited by such Clearing Member without notice in accordance with the Cboe Clear US Default Management Plan.
- (p) Cboe Clear US may invest and reinvest all or part of the Collateral deposited with the Clearinghouse by a Clearing Member. Such investments shall be for the account and risk of Cboe Clear US, and any income and gains on such investments and interest on such deposits shall belong to Cboe Clear US and may be withdrawn from the account holding the Initial Margin and deposited with the general funds of Cboe Clear US.
- (q) Required Cash Deposits. In cases in which the Clearinghouse determines that a Clearing Member's potential settlement obligations, including potential settlement obligations under stressed market conditions, could exceed the Clearing Member's available liquidity resources, the Clearinghouse may require such Clearing Member to satisfy all or part of its Initial Margin Requirement in the form of cash.

404 Offset and Settlement

- (a) Where, as the result of novation of a Contract or if the Contract has been extinguished and replaced under Rule 402, a Clearing Member has bought and sold a Contract on or subject to the Rules of a Participating Exchange with the same expiration, or otherwise deemed economically equivalent by the Clearinghouse, the purchase and sale will be offset by Cboe Clear US through the timely submission of instructions by the Clearing Member containing such information as prescribed by Cboe Clear US. All swaps with the same terms and conditions, as defined by product specifications established by the Clearinghouse, submitted to the Clearinghouse for clearing are economically equivalent within the Clearinghouse and may be offset with each other within the Clearinghouse.
- (b) Contracts made and designated by the Clearing Member as for the Clearing Member's Customer Account or PAB Account shall not be offset under this Rule against Contracts designated by the Clearing Member as for the Clearing Member's own Member Property Account or Market-Maker Account.
- (c) A Clearing Member shall be required to pay a loss or entitled to collect a profit, as the case may be, upon the offsetting of transactions pursuant to this Rule 404, and shall have no further rights or be under any further obligation with respect thereto. For purposes of this Rule 404, the first Contracts made shall be deemed the first Contracts offset.

- (d) The Clearinghouse will conduct final settlement following expiration of a Contract (i) using the previous settlement cycle price and the final settlement price for a Contract calculated by the relevant Participating Exchange; and (ii) applying any other outstanding Obligations that may be applicable pursuant to the specifications of the Contract and calculated by the relevant Participating Exchange.
- (e) Settlement Finality. Settlement of a Contract shall be final and irrevocable upon the Clearinghouse's completion of the transfer of funds required to discharge the settlement obligation arising from such Contract. Upon such settlement, all obligations of the Clearing Member and the Clearinghouse with respect to such Contract shall be fully discharged.

405 Approved Depository Institutions

- (a) Each Clearing Member shall establish and maintain account(s), including any customer-segregated accounts, at an Approved Depository Institution for the payment of Initial Margin, Variation Margin, and any other Obligations due to the Clearinghouse pursuant to the Rules.
- (b) Accounts. Clearing Members shall from time to time designate in writing to the Clearinghouse its account(s) to be debited in connection with amounts due to the Clearinghouse by a Clearing Member and its Customers pursuant to these Rules. The Clearinghouse shall give instructions to the Approved Depository Institution of a Clearing Member corresponding to the accounts to debit the accounts of a Clearing Member in such amounts as the Clearinghouse may specify for the deposit with, or payment to, the Clearinghouse of Initial Margin, Variation Margin, option premiums or the purchase price of any commodity, or any other Obligations as prescribed from time to time by the Clearinghouse or coming due in accordance with the Rules and to transfer such amounts so debited to such account to Accounts of the Clearinghouse as the Clearinghouse may specify.
- (c) Effectuate Authority. Clearing Members shall execute and deliver such instruments and documents, and take such further action, as each Approved Depository Institution may reasonably request to confirm or better effectuate the authority granted to the Clearinghouse pursuant to this Rule 405.
- (d) Authorization. The authorization granted to the Clearinghouse and each Approved Depository Institution pursuant to this Rule 405 shall remain in full force and effect unless and until expressly revoked or modified by written notice received and accepted by the Clearinghouse and each Approved Depository Institution at least five (5) Business Days prior to the day any proposed revocation or modification is to become effective. In the event such authorization should be revoked or terminated by operation of law without notification to the Clearinghouse and each Approved Depository Institution, the obligation of each Clearing Member to indemnify and hold harmless the Clearinghouse and each Approved Depository Institution pursuant to this Rule 405 shall nevertheless continue in full force and effect with respect to any act or omission made in compliance with this Rulebook until such written notice has been so received.

- (e) A bank, trust company, or other depository that meets such financial and other requirements of Cboe Clear US and the requirements of Applicable Law, including CFTC Regulations 1.20, 1.49, and 22.4, and SEC Rules governing the custody and safekeeping of customer funds and assets, including Exchange Act Rule 17Ad-22(e)(7), may be designated by Cboe Clear US as an Approved Depository Institution.

406 Statement of Trades and Contracts

- (a) Cboe Clear US shall in the manner and at the time that it determines from time to time make available to a Clearing Member an accounting of trades and Contracts for each Business Day on which such Clearing Member has trades to be cleared or Contracts open with Cboe Clear US. Any amounts the Clearing Member has posted to Cboe Clear US pursuant to Rule 403 shall be indicated on this statement.
- (b) The Clearinghouse will provide each Clearing Member carrying a cleared swap with a definitive written record of the terms of the transaction, which will legally supersede any previous agreement and serve as a confirmation of the swap. The confirmation of all terms of the transaction will take place at the same time as the Clearinghouse accepts the swap for clearing.

407 Confirmation to Customers

- (a) An FCM Clearing Member carrying Customer Accounts shall confirm to the Customer every transaction made for the Customer no later than the following Business Day. Such confirmation shall be in electronic or written form and shall show the Contract bought or sold, the quantity, the price, and delivery month.
- (b) A BD Clearing Member carrying Securities Customer Accounts shall confirm to each Securities Customer every transaction made for such Securities Customer no later than the following Business Day. Such confirmation shall be in electronic or written form and shall show the Securities Contract bought or sold, the quantity, the price, and the expiration date, and shall be provided in accordance with all applicable requirements of the Exchange Act and the rules of the SEC and applicable SROs.

408 Transfer Trades

- (a) Trades and positions may be transferred on the books of a Clearing Member or from one Clearing Member to another Clearing Member provided that:
 - (i) the transfer constitutes a change from one account to another account where the underlying beneficial ownership in such accounts remains the same;

- (ii) an error has occurred in the clearing of a trade and a transfer to correct such error is undertaken and is completed within two Business Days after the trade date;
 - (iii) the transfer is in connection with, or as a result of, a merger, asset purchase, consolidation or similar non-recurring transaction between two or more entities where one or more entities become the successor in interest to one or more other entities; or
 - (iv) if, in the judgment of Cboe Clear US, the situation so requires and such transfer is in the best interest of Cboe Clear US or other Clearing Members, including Rule 601(d)(ii) transfers.
- (b) Unless otherwise permitted by Cboe Clear US, a transfer that is permitted pursuant to this Rule 408 shall be recorded and carried on the books of the receiving Clearing Member at the daily settlement price on the trade date the transfer occurs. This Rule 408 does not prohibit cash adjustments between Clearing Member parties to a transfer.

409 Settlement Prices

- (a) **Daily Settlement Prices.** In the case of inaccuracy or unavailability of a Daily Settlement Price, or if a Daily Settlement Price creates risk management concerns for the Clearinghouse, the Clearinghouse reserves the right to calculate Initial and Variation Margin using an alternate price determined by the Clearinghouse. The Clearinghouse shall in such circumstances promptly notify Clearing Members of the alternate Initial or Variation Margin amounts. In addition, the Clearinghouse may override any Daily Settlement Price for any reason if it determines that such override is necessary.
- (b) **Final Settlement Prices.** If a final settlement price is unable to be determined or if the applicable procedures of a Participating Exchange result in a clearly aberrant final settlement price inconsistent with market value, then the Clearinghouse, using its best efforts to consult with the Participating Exchange, may establish a final settlement price that reflects the true market value at the time of final settlement. A payment in settlement of a delivery obligation shall not be adjusted after ten business days for any reason, including, without limitation, a calculation error or erroneous and/or incomplete input.
- (c) **Other Payment Obligations.** If a cash adjustment, applicable to a Contract pursuant to the Contract specifications, is unable to be determined, creates risk management concerns for the Clearinghouse, or if the applicable procedures of a Participating Exchange result in a clearly aberrant cash adjustment inconsistent with market value, then the Clearinghouse, using its best efforts to consult with the Participating Exchange, may establish a cash adjustment that reflects the true market value at the time of the adjustment. A payment in connection with a cash adjustment shall not be adjusted after ten business days for any reason, including, without limitation, a calculation error or erroneous and/or incomplete input.

410 Corporate Actions and Contract Adjustments

- (a) When a corporate action or similar event occurs with respect to the underlying security or index of a Binary Option, CCUS may make such adjustments to the terms of the affected Binary Option contract as it determines to be appropriate for the protection of the holders and writers of such contracts. CCUS has sole authority to make contract adjustment determinations, and all such determinations are final and binding on all BD Clearing Members holding positions in the affected Binary Option.
- (b) The specific standards, methodologies, and procedures applicable to contract adjustments, including the categories of corporate actions that will and will not give rise to an adjustment and the manner in which any such adjustment shall be made, shall be as set forth in CARBO as published and updated by CCUS from time to time.
- (c) The terms of a Binary Option will generally not be adjusted to reflect a corporate action on the reference entity unless the participating exchange utilizes the price of the underlying security as a factor in determining whether the exercise criteria has been met. Where a corporate action or similar event affects the reference entity in a manner that renders the KPI event no longer relevant or applicable, CCUS may determine that a successor event has occurred and may adjust the terms of the Binary Option accordingly, including by modifying the reference entity, exercise threshold, or exercise criteria, as CCUS deems appropriate. If the value needed to determine whether the exercise criteria has been met is unavailable, CCUS may delay expiration processing or apply alternative settlement procedures, as set forth in the CARBO Procedures.

502 Clearing Member Default

- (a) If a Clearing Member (i) fails to satisfy any of its Obligations, (ii) fails to deliver funds within the time established by Cboe Clear US, (iii) is expelled or suspended from Cboe Clear US, a Participating Exchange, or any SRO, (iv) fails to meet the minimum capital and other financial requirements of Cboe Clear US, (v) violates any applicable CFTC Regulations or SEC Regulations regarding minimum financial requirements or the treatment of customer monies, securities, property and collateral, or (vi) becomes insolvent, including becoming subject of a bankruptcy petition, receivership proceeding or the equivalent, the Clearinghouse may declare such Clearing Member to be in Default. The Clearinghouse will notify the Participant Exchange(s) of which the defaulting Clearing Member is a member of the Default.
- (b) The Clearinghouse may take any appropriate action, in its discretion, with respect to a Defaulting Clearing Member's Member Property Accounts, Market-Maker Accounts, PAB Accounts, or Customer Accounts and its membership, including but not limited to the liquidation or transfer of positions and the suspension or revocation of clearing membership, in accordance with the Rules, including the Default Management Plan.
- (c) If a Clearing Member is in Default, Collateral held with respect to such Clearing Member's Member Property Accounts or Market-Maker Accounts, and any other of such Clearing Member's assets held by, pledged to or otherwise available to Cboe Clear US, may be applied by Cboe Clear US to discharge the Obligations of such Clearing Member to Cboe Clear US (including any costs and expenses associated with the liquidation, transfer or management of Contracts held in or for the Member Property Accounts or Market-Maker Accounts of such Clearing Member, and any fees, assessments or fines imposed by Cboe Clear US on such Clearing Member).
- (d) Cboe Clear US may cause all Contracts of such Clearing Member (whether or not carried in a Customer Account) to be closed or offset, transferred to any other Clearing Member, or otherwise resolved as provided in the Rules, including but not limited to the Default Management Plan and Rule 506.
- (e) If the Initial Margin held with respect to such Clearing Member's Member Property Accounts or Market-Maker Accounts, and other of such Clearing Member's assets held by, pledged to or otherwise available to Cboe Clear US, including any guarantee issued pursuant to these Rules, are insufficient to satisfy the defaulting Clearing Member's Obligations to Cboe Clear US after giving effect to the application of such amounts pursuant to paragraph (b), the defaulting Clearing Member shall continue to be liable therefor.
- (f) In closing, offsetting, transferring or otherwise resolving the Contracts of a Clearing Member as provided herein and in Rule 601, Cboe Clear US shall have the right:

- (i) With respect to Contracts in a Customer Account of such Clearing Member, to set off (x) any proceeds received by Cboe Clear US from the disposition of such Contracts and any property or proceeds thereof deposited with or held by Cboe Clear US as Initial Margin for such account against (y) any amounts paid by Cboe Clear US in the disposition of such Contracts, including any commissions or other losses or expenses incurred in connection therewith or in connection with the liquidation of Initial Margin deposits in such Customer Account and any other amounts owed to Cboe Clear US as a result of transactions in the Customer Account or otherwise lawfully chargeable against such Customer Account;
 - (ii) With respect to the Contracts in any Member Property Accounts or Market-Maker Accounts of such Clearing Member, to set off (x) any proceeds received by Cboe Clear US from the disposition of such Contracts, any property or proceeds thereof deposited with or held by Cboe Clear US as Initial Margin for such Member Property Accounts or Market-Maker Accounts and any other property of the Clearing Member within the possession or control of Cboe Clear US other than property that has been identified by such Clearing Member as required to be segregated pursuant to the CEA and CFTC Regulations, against (y) any amounts paid by Cboe Clear US in the disposition of such Contracts, including any commissions or other losses or expenses incurred in connection therewith or in connection with the liquidation of Initial Margin deposits in such Member Property Accounts or Market-Maker Accounts, and any other Obligations of the Clearing Member to Cboe Clear US, including Obligations of the Clearing Member to Cboe Clear US remaining after the setoffs referred to in subparagraph (f)(i) above, and any Obligations arising from any other Member Property Accounts or Market-Maker Accounts maintained by the Clearing Member with Cboe Clear US; and
 - (iii) To defer closing or otherwise settling such trades and Contracts if, in its discretion, it determines that the closing out of some or all of the suspended Clearing Member's trades or Contracts would not be in the best interests of Cboe Clear US or other Clearing Members, taking into account the size and nature of the positions in question, market conditions prevailing at the time, the potential market effects of such liquidating transactions as might be directed by Cboe Clear US, and such other circumstances as it deems relevant; or
 - (iv) take any action the Clearinghouse deems proper or in the best interest of the Clearinghouse or its Clearing Members.
- (g) For purposes of this Rule, each Default by a Clearing Member will be considered a separate Default.
- (h) A Clearing Member shall take no action, including but not limited to attempting to obtain a court order, that would interfere with the ability of Cboe Clear US to exercise its rights under the Rules and its agreements with such Clearing Member.

503 Investment of Customer Funds

Futures Customer Funds that are invested by Cboe Clear US shall be held in instruments that comply with CFTC Regulations 1.25 and 39.15(e), and in accordance with any applicable State Regulations. Funds and assets belonging to Clearing Members that are invested by Cboe Clear US shall be held in instruments that comply with CFTC Regulation 39.15(e). Securities Customer funds that are held or invested by Cboe Clear US shall be held in instruments that comply with the Exchange Act and SEC Rules, including SEC Rule 17Ad-22(e)(16).

504 Scope of Guaranty Fund

- (a) The Clearinghouse shall establish and maintain a Guaranty Fund to collateralize financial exposures.
- (b) The Guaranty Fund is comprised of Guaranty Fund Deposits by Clearing Members to satisfy any Guaranty Fund Requirements and has two components: a Minimum Guaranty Fund Requirement and an Exposure-Based Guaranty Fund Requirement. Each Clearing Member shall be required to contribute to the Guaranty Fund as set forth in this Rule 504 and Rule 505.
- (c) Clearing Members must satisfy a Minimum Guaranty Fund Requirement of \$100,000.00 per Clearing Member. This amount is not reduced by the Minimum Guaranty Fund Requirement of any affiliated Clearing Member(s). The amount of the Minimum Guaranty Fund Requirement will be reviewed by the Clearinghouse at least annually.
- (d) If the Clearinghouse's Default Financial Resources Requirement exceeds the Corporate Contribution amount plus the total combined Minimum Guaranty Fund Requirement provided by all Clearing Members, Clearing Members will be required to provide additional Guaranty Fund Deposits to meet an Exposure-Based Guaranty Fund Requirement. The amount of each Clearing Member's individual Exposure-Based Guaranty Fund Requirement will be determined as follows:
 - (i) The metrics below are measured over the course of a month for each month-end Default Financial Resources Requirement resizing and are measured on a month-to-date basis for any intra-month Default Financial Resources Requirement resizing:
 - (1) 70% Weight to the Average Net Stress Exposure created by the Clearing Member;
 - (2) 15% Weight to the Average Gross Portfolio Notional Exposure; and
 - (3) 15% Weight to the Average Daily Gross Notional Volume Traded.

- (ii) The following calculations are performed for each Clearing Member to determine the Exposure-Based Guaranty Fund Requirement for an Clearing Member:
 - (1) The daily values of each of metric described above will be divided by the corresponding daily value for the Clearinghouse (calculated as the sum of all Clearing Members' metrics), which will determine an Clearing Member's daily contribution to each metric;
 - (2) A Clearing Member's contribution for each metric is averaged over the course of the month (or on a month-to-date basis for intra-month Default Financial Resource Requirement resizings) to determine an Clearing Member's contribution to each metric for the period;
 - (3) A Clearing Member's contribution to each metric for the period is combined using the weights above to determine the Clearing Member's overall contribution; and
 - (4) Finally, a Clearing Member's Exposure-Based Guaranty Fund Requirement is calculated as the total Exposure-Based Guaranty Fund Requirement portion of the Default Financial Resources Requirement multiplied by the Clearing Member's contribution calculated in (3).
- (iii) Definitions. For the purpose of this rule, the following definitions apply:
 - (1) Net Stress Exposure – the financial exposure to the Clearinghouse from the Clearing Member in extreme but plausible market conditions, which is net of Initial Margin Requirement(s).
 - (2) Gross Portfolio Notional Exposure – The notional value of the gross end of day Customer Accounts, Member Property Accounts, PAB Accounts, and Market-Maker Accounts cleared by the Clearing Member.
 - (3) Gross Notional Volume – The notional value of the Clearing Member's volume on a gross basis across Customer Accounts, Member Property Accounts, PAB Accounts, and Market-Maker Accounts.
- (e) Guaranty Fund Deposits from a Defaulting Clearing Member will be applied to mitigate the Default Loss prior to applying Clearinghouse capital contributed as Default Financial Resources.
- (f) All contributions made by an Clearing Member to the Guaranty Fund remain the property of the Clearing Member making such contribution unless and until such time as the funds are applied to mitigate a Default Loss.
- (g) If all Collateral from a Clearing Member in Default, applied pursuant to the Default Management Plan, is insufficient to cover Default Losses caused by that Clearing Member,

then Clearinghouse capital contributed as Default Financial Resources will be used in its entirety before using any Guaranty Fund Deposits from non-Defaulting Clearing Members.

- (h) The Clearinghouse may use Default Financial Resources to fund Non-Default Losses. Non-Default Losses will be funded proportionately by the Clearinghouse's current corporation contribution and the Clearing Member Guaranty Fund Deposits, pursuant to the Default Management Plan.

505 Guaranty Fund Contributions

- (a) All Clearing Members must deposit and maintain with the Clearinghouse the Guaranty Fund Deposit requirement as prescribed by the Clearinghouse in accordance with Rules 504 through 507 and the Cboe Clear US Default Management Plan.
- (b) Any shortfall in Collateral to satisfy Guaranty Fund Requirements resulting from the Clearinghouse's periodic sizing of its Guaranty Fund will require additional Guaranty Fund Deposits.
- (c) Guaranty Fund Deposits to the Guaranty Fund must be made in the form of cash (USD) and are subject to the limitations and minimum cash deposits, if any, adopted by the Clearinghouse, published by the Clearinghouse on its website from time to time.
- (d) Guaranty Fund Deposits shall be held in a settlement bank approved for the purpose by the Clearinghouse. Upon a Default, the Clearinghouse shall have the sole right to withdraw cash from such account(s) subject to the rights of any assignee, pledge or holder of a security interest in the Guaranty Fund or any cash therein.
- (e) So long as any Person is a Clearing Member and thereafter for the period until the Clearinghouse returns such Person's Guaranty Fund Deposit, the Guaranty Fund Deposit of such Person may be applied by the Clearinghouse in accordance with the Cboe Clear US Default Management Plan.
- (f) Upon a Default, the Clearinghouse may assign, transfer, pledge, repledge or otherwise create a lien on or security interest in the cash and other property that may be acceptable to the Clearinghouse held in the Guaranty Fund.

506 Default Auctions

- (a) In connection with a Default, the Clearinghouse may determine to conduct one or more private auctions amongst qualified market participants invited by the Clearinghouse to submit confidential bids to facilitate the liquidation of a Defaulting Clearing Member's portfolio ("Default Auction"). The Clearinghouse may conduct a single auction of a Defaulting Clearing Member's portfolio or divide the portfolio of a Defaulting Clearing Member into discrete auctions.

- (b) Mandatory participants in a Default Auction include:
 - (i) All non-Defaulting Clearing Members with Member Property Accounts or Market-Maker Accounts that regularly carry positions in the products subject to a Default Auction are required to participate in a Default Auction; and
 - (ii) All participants in a default auction liquidity provider incentive program administered by the Clearinghouse are required to participate in a Default Auction. A customer of an Clearing Member may participate in such a default auction liquidity provider incentive program administered by the Clearinghouse.
- (d) Non-Clearing Members, including customers, may voluntarily participate in a Default Auction, subject to requirements prescribed by the Clearinghouse.
- (e) The Clearinghouse shall provide mandatory participants with a minimum participation level in each Default Auction determined by the participant's proportionate share of total Initial Margin requirement for the applicable product classes in a Defaulting Clearing Member's portfolio.
- (f) The Clearinghouse will provide notice of a Default Auction, including the time and date of the auction.
- (g) The Clearinghouse will provide to auction participants, in a form and manner prescribed by the Clearinghouse, information regarding the portfolio to be auctioned, timing for the bidding process, and participation criteria.

507 Assessments

- (a) Payment of Assessment Amounts that replenish the Guaranty Fund shall be made by Clearing Members on the basis of the same proportionality at the time of the Default that resulted in the assessment. The Clearinghouse may require greater amounts than indicated of the original proportional share of the Assessment Amount due to the failure, or the announced intention of failure, by one or more Clearing Members to pay its assessment.
- (b) Assessments are payable to the Clearinghouse according to the normal settlement procedures on the Business Day on which the notice of assessment is delivered to Clearing Members.
- (c) Any Clearing Member that does not satisfy an assessment shall be in Default, and shall be responsible for any Default Loss that occurs.
- (d) Assessments on Clearing Members shall not exceed the thresholds set forth in the Default Management Plan.

6 SUSPENSION; DISCIPLINARY PROCEEDINGS; SUMMARY FINES

 - (iii) if the Clearing Member is subject to any statutory disqualification (unless an appropriate exemption has been obtained thereto), including, with respect to a BD Clearing Member, any statutory disqualification as defined in Section 3(a)(39) of the Exchange Act;
 - (iv) if the Clearing Member fails to meet the Clearing Member eligibility requirements set forth in Rule 301;
 - (v) upon the discovery of a materially false or misleading representation or warranty made by the Clearing Member to Cboe Clear US under or in connection with any agreement, including the Clearing Member Application, between Cboe Clear US and the Clearing Member;
 - (vi) if a breach by the Clearing Member of the Rules or any of the terms or provisions of any agreement, including the Clearing Member Application, between Cboe Clear US and the Clearing Member is not remedied promptly after notice from Cboe Clear US;
 - (vii) in the event of a material violation of the Rules of the Clearinghouse or the rules of a Participating Exchange or applicable SRO; or
 - (viii) if the Board, Chief Risk Officer, or other designated Officer determines that suspension is necessary for the protection of Cboe Clear US, other Clearing Members, Customers, or the general public (whether or not such Clearing Member continues to meet the required minimum financial requirements pursuant to the Rules).

Pursuant to Rule 207, Emergency Rules may require or authorize Cboe Clear US, the Board, any Committee, or the Officers of Cboe Clear US to summarily suspend a Clearing Member.

- (b) Notice of Suspension to Clearing Members. Upon the suspension of an Clearing Member, based on the Rule 601(a), Cboe Clear US shall as soon as possible notify all Clearing Members of the suspension. Such notice shall state to the extent practicable in general terms how pending transactions, open positions and other pending matters will be affected and what steps are to be taken in connection therewith.

- (c) Pending Transactions. Notwithstanding any other provision of the Rules, Cboe Clear US shall have no obligation to accept any transaction of a suspended Clearing Member that was effected after the time at which the Clearing Member was suspended. In the event a transaction of a suspended Clearing Member is rejected by Cboe Clear US, Cboe Clear US shall provide notice of such rejection to the other party thereto and such transaction shall be closed by the other party thereto in accordance with the rules of a Participating Exchange.
- (d) Open Positions. Cboe Clear US shall have the right to cause open positions in Contracts in any of the accounts of a suspended Clearing Member:
 - (i) To be closed in such manner as deemed practicable by Cboe Clear US, in its sole discretion;
 - (ii) To be transferred to the account of one or more other Clearing Members;
 - (iii) To be offset against each other and, to the extent of any remaining imbalance, against the Contracts of other Clearing Members;
 - (iv) To be settled at the Settlement Price for such Contracts, or at the exercise settlement amount applicable to such Securities Contracts, or at such other price or prices as Cboe Clear US may deem fair and reasonable under the circumstances, in which event Cboe Clear US may cause Contracts in the accounts of other Clearing Members to be settled at such price or prices;
 - (v) Take any other action with respect to open positions it deems in the best interest of the Clearinghouse or Clearing Members; or
 - (vi) In connection with any action undertaken by Cboe Clear US pursuant to subparagraphs (i) through (v) above, Cboe Clear US shall have the right to apply the margin of the applicable Clearing Member and any other assets of such Clearing Member held by, pledged to or otherwise available to Cboe Clear US, including any guarantee issued pursuant to these Rules, to discharge the Obligations of such Clearing Member to Cboe Clear US (including any costs and expenses associated with the liquidation, transfer or management of Contracts held in or for the accounts of such Clearing Member, and any fees, assessments or fines imposed by Cboe Clear US on such Clearing Member).
- (e) Cboe Clear US may determine the nature and timing of transactions of the type described in subparagraph (d). If Cboe Clear US shall determine, taking into account the size and nature of a suspended Clearing Member's positions, market conditions prevailing at the time, the potential market effects of liquidating transactions that might be directed by Cboe Clear US, and such other circumstances as Cboe Clear US deems relevant, that the closing out of some or all of the suspended Clearing Member's positions would not be in the best

interests of Cboe Clear US, other Clearing Members, Customers, or the general public, such positions need not be closed out.

- (f) **Protective Action.** If Cboe Clear US (i) is unable, for any reason, to close out in a prompt and orderly manner any positions or to convert to cash any margin deposits of a suspended Clearing Member, or (ii) elects pursuant to paragraph (d) of this Rule not to close out any such positions, Cboe Clear US may authorize the execution of hedging transactions from time to time for the account of Cboe Clear US, solely for the purpose of reducing the risk to Cboe Clear US resulting from the continued maintenance of such positions or the continued holding of such margin deposits. Cboe Clear US may determine the nature and timing of such hedging transactions.
- (g) The Clearinghouse may take any action pursuant to Rule 606 with respect to any Clearing Member summarily suspended pursuant to this Rule 601.
- (h) **Reimbursement of Costs and Expenses.** Any costs or expenses, including losses, sustained by Cboe Clear US in connection with transactions effected for its account pursuant to this Rule shall be charged to the suspended Clearing Member, and any gains realized on such transactions shall be credited to such Clearing Member; provided, however, that costs, expenses, and gains allocable to the hedging of positions in a Customer Account shall be charged or credited, as the case may be, to the Customer Account, and only the excess, if any, of such costs and expenses over the funds available in that account shall be charged to the Clearing Member. Reasonable allocations of costs, expenses, and gains among accounts made by Cboe Clear US for the purpose of implementing the proviso to the preceding sentence shall be binding on the Clearing Member and any persons claiming through the Clearing Member and their respective successors and assigns.

602 Right of Suspension Hearing

- (a) A Clearing Member suspended pursuant to Rule 601 shall be entitled, upon request within five Business Days after the date of its receipt of a written statement of the grounds for its suspension, and shall have the right to notify the Clearinghouse that the Clearing Member desires a hearing upon the suspension. Failure to so notify the Clearinghouse within such five-day period shall constitute summary suspension, including all actions taken by the Clearinghouse in connection with the suspension, and a waiver of all rights of review with respect to the suspension.
- (b) The notice of request for a hearing pursuant to this Rule shall not impair the validity or stay the effect of the suspension upon which the request for hearing is made. The reversal or modification of a suspension shall not invalidate any acts of Cboe Clear US taken pursuant to such suspension prior to such reversal or modification, and the rights of any person which may arise out of any such acts shall not be affected by such reversal or modification.

603 Sanctions from Disciplinary Proceedings

- (a) Except as provided in Rule 604, Cboe Clear US shall refer to the Chief Regulatory Officer and the Regulatory Division for appropriate action, as determined based on the nature of the conduct and the exchange through which the relevant transactions were cleared:

- (b) The provisions of this Rule shall be inapplicable to any summary suspension of a Clearing Member pursuant to Rule 601. For the avoidance of doubt, the provisions of this Rule will apply to any hearing upon a suspension requested pursuant to Rule 602.
- (c) Cboe Clear US shall provide prompt notice to the CFTC or the SEC, as applicable, of any action taken in accordance with this Rule 603.

604 Summary Fines

- (a) Cboe Clear US may publish a schedule of fines for Clearing Members that fail to make timely and accurate submissions to the Clearinghouse of notices, reports, or other information required under the Rules of the Clearinghouse and other minor violations of the Rules.
- (b) Cboe Clear US may summarily impose a fine against a Clearing Member as provided in this Rule. In such event, Cboe Clear US will give notice of any fine to such Clearing Member that specifies: (1) the date of the Rule violation(s); (2) the amount of the fine; and (3) the provision(s) of the relevant Rule(s).
- (c) The maximum fine imposed pursuant to this Rule shall not exceed \$5,000 for each violation.
- (d) Within 20 days of the Clearinghouse serving the notice of fine, the Clearing Member must pay the fine. The imposition of a fine pursuant to this Rule shall be the final action of the Clearinghouse.

605 Discipline by Other SROs

Nothing in this Chapter 6 shall affect the right of any SRO to discipline its members pursuant to the provisions of its rules for a violation of the Rules of Cboe Clear US.

606 Restriction on or Termination of Clearing Privileges

- (a) If, with respect to any Clearing Member, (1) any of the conditions or events enumerated in Rule 502(a) occur, notwithstanding a declaration of Default, (2) any of the conditions or events enumerated in Rule 601(a) occur (which includes a declaration of Default), notwithstanding a Suspension, (3) a Rule 601 Suspension occurs, or (4) Cboe Clear US determines that the financial or operational condition of a Clearing Member or one of its affiliates is such that to allow the Clearing Member to continue its operation as a Clearing Member could adversely affect Cboe Clear US or cleared markets (whether or not such Clearing Member continues to meet the required minimum financial requirements, if applicable), Cboe Clear US may take one or more of the following actions:
- (i) Allow such Clearing Member (in the case of a Clearing Member handling Customer Accounts) to submit Contracts for clearing solely for its Member Property Account or Market-Maker Account;
 - (ii) Limit or restrict the type of Contracts that may be cleared by such Clearing Member in any of its Accounts with Cboe Clear US;

- (c) A Clearing Member may voluntarily withdraw from Clearing Member status and terminate its clearing privileges upon the approval of Cboe Clear US, which approval shall be granted no later than 30 days following (i) the liquidation or, with the approval of Cboe Clear US, transfer to another Clearing Member of all open positions in the Clearing Member's Accounts at Cboe Clear US, and (ii) the satisfaction of all Obligations of the withdrawing Clearing Member; provided, however that the withdrawing Clearing Member shall remain subject to, and responsible for any violation of, the Rules, interpretations and policies of Cboe Clear US committed by such Person while a Clearing Member, notwithstanding any termination of clearing privileges and Clearing Member status.
- (d) When a Clearing Member voluntarily withdraws from membership or its membership is terminated, all Obligations of the Clearing Member to Cboe Clear US, of whatever nature or kind, shall be accelerated and become due and payable upon the effective date of such withdrawal or termination. The Clearing Member's funds, Collateral and other deposits will not be released until Cboe Clear US determines that all such Clearing Member's Obligations have been settled and all sums owing to Cboe Clear US have been paid. In addition, when a Clearing Member voluntarily withdraws from membership or its membership is terminated, Clearing Member shall:
 - (i) cease immediately all uses of the Clearinghouse services, the system and any Access Methods provided to Clearing Member;

disturbance, power or communications failure, performance or operation (or non-performance or non-operation) of any digital asset or Ancillary DL in a manner adverse to the Clearinghouse or more than one Clearing Member attributable directly or indirectly to the design of the digital asset or Ancillary DL (as determined by Cboe Clear US) or any other cause beyond Cboe Clear US's reasonable control (whether or not similar to any of the foregoing) or the reasonable control of any delegate. 707 Governing Law

- (a) These Rules, the Clearing Member Application and all rights and obligations under the foregoing (including the creation of security interests in margin, other Obligations, and Guaranty Fund Deposits), shall be governed by and construed in accordance with the internal laws of the State of Illinois, without giving effect to the conflict of law provisions thereof. 708 Dispute Resolution

- (a) Mandatory Arbitration of Disputes Among Clearing Members.

- (i) It is contrary to the objectives and policy of the Clearinghouse for Clearing Members to litigate Clearinghouse-related disputes. Clearing Members must arbitrate all disputes that relate to or arise out of any transaction on or subject to the Clearinghouse Rules and based upon facts and circumstances that occurred at a time when the parties were Clearing Members through the American Arbitration Association (“AAA”) in accordance with its Commercial Arbitration Rules. In the event of a conflict between the Clearinghouse Rules and the AAA’s Commercial Arbitration Rules, the terms of the Clearinghouse Rules shall control.
- (ii) Notwithstanding the foregoing, this Rule 708 does not require an employee of a Clearing Member to submit to arbitration any claim that includes allegations of a violation of federal, state or local employment discrimination, sexual harassment, wage payment or benefits laws.

(b) Claims Against the Clearinghouse.

- (i) Any dispute between the Clearinghouse and a Clearing Member or an affiliate of a Clearing Member arising from or in connection with the Cboe Clear US Rules must be brought to arbitration through the AAA arbitration program or another arbitration program permitted by Exchange Rule 1006 within two years from the occurrence of the event giving rise to the dispute. This Rule shall in no way create a cause of action nor authorize an action that would otherwise be prohibited by the Cboe Clear US Rules.
- (ii) Any dispute between the Clearinghouse and a Clearing Member or an affiliate of a Clearing Member arising from or in connection with the Cboe Clear US Rules will be settled by arbitration administered through the AAA arbitration program or another arbitration program permitted by CFTC Regulations or SEC Regulations, as applicable. Each party to the dispute will bear its own costs and expenses in connection with any arbitration hereunder, as well as an equal share of the administrative fees and the fees of the arbitrator; provided, however, that the arbitrator will be entitled to include in any award a full reimbursement for the prevailing party’s costs and expenses, such party’s share of the administrative fees and the fees of the arbitrator, or any combination of any or all of the above. In the event that this Rule 708(b)(2) is held to be unenforceable in connection with any dispute or in such case that breach of the Rules may threaten the non-breaching Party with imminent irreparable harm requiring immediate equitable relief: (1) exclusive jurisdiction for any such dispute will reside in any state or federal court sitting in Cook County, Illinois, (2) the Clearinghouse and the Clearing Member or Clearing Member affiliate involved in the dispute will be presumed to have submitted to the personal jurisdiction of any such court, and (3) an action to enforce any judgment or decision of such court may be brought in the same court or in any other court with jurisdiction or venue. Finally, all Clearing Members and Clearing Member affiliates unconditionally and irrevocably waive any and all right to trial by jury in connection with any such dispute.

- (c) **Permissive Arbitrations.** The following may be submitted for arbitration through the AAA and, in the event such a claim is submitted against a Clearing Member, that Clearing Member is required to arbitrate the dispute under these Rules, unless otherwise provided:
- (i) claims of a Customer that is not a Clearing Member against a Clearing Member that relate to or arise out of any transaction on or subject to the Clearinghouse Rules;
 - (ii) claims of a Customer that is not a Clearing Member against a Clearing Member responsible for the performance of a Contract and/or against a Clearing Member in connection with such a transaction; and
 - (iii) at the discretion of the Chief Regulatory Officer, any claim involving the interests of the Clearinghouse, its Clearing Members, their business relations or commodity futures trading and clearing in general not otherwise arbitrable under these rules, provided the parties have consented to such arbitration.
- (d) **Waiver of Any Objection to Jurisdiction.** Any Person who is not a Clearing Member who submits a claim or grievance to arbitration or any Person who appeals any arbitration decision, or who takes any steps therein, shall be conclusively presumed to have voluntarily recognized and agreed to the jurisdiction of the AAA to hear and determine the claim or appeal.
- (e) **Referral to the American Arbitration Association.** In the event that a complaint is received by the Clearinghouse from a Customer, it shall be referred to the Participating Exchanges' Market Regulation Department, which shall inform the Customer of the AAA's arbitration program.
- (f) **The Clearinghouse is adopting the AAA Commercial Arbitration Rules as set forth in this Rule 708.** Any violation of the AAA Commercial Arbitration Rules shall be a violation of this Rule 708.
- (g) **Preservation of Exchange Act Rights.** Nothing in this Rule 708 shall be construed to limit or waive (i) the right of any Person to seek review by the SEC of any final disciplinary action taken by the Clearinghouse against an Registered Broker Dealer Clearing Member pursuant to Section 19(d)(2) of the Exchange Act; (ii) any other right of any Person preserved under the Exchange Act or applicable SEC Rules; or (iii) any rights of Securities Customers under the Exchange Act or applicable SEC Rules. The obligation to arbitrate set forth in this Rule 708 shall not apply to the extent it would be inconsistent with the Exchange Act or applicable SEC Rules.

709 Contracts

Cboe Clear US may approve as eligible for clearing contracts with terms and conditions matching the terms and conditions in the relevant Participating Exchange rulebook for such contracts and to the extent permissible under Applicable Law. The terms and conditions of each contract eligible

for clearing shall be posted on Cboe Clear US's website and certified with or otherwise approved by the CFTC in accordance with CFTC Regulations, as necessary, and, in the case of Securities Contracts, filed with or otherwise approved by the SEC in accordance with the Exchange Act and applicable SEC Rules, as necessary. No Securities Contract shall be eligible for clearing by Cboe Clear US unless the terms and conditions of such Securities Contract have been approved or made effective pursuant to the Exchange Act and applicable SEC Rules.

710 Proprietary Rights

As between the Clearinghouse and Clearing Member, the Clearinghouse shall own and retain ownership of all rights, title and interest in and to (i) all information, data and content, including all transaction data submitted to the Clearinghouse, displayed or distributed through the System or submitted to the Clearinghouse related to Contracts or other Clearinghouse services; (ii) the System, and all underlying technology and all materials provided by the Clearinghouse (or its third-party service providers) in connection therewith; (iii) all updates, modifications, enhancements and new versions to or of the foregoing, and all derivative works based thereon; and (iv) all copyrights, patents, trade secrets, database rights and other intellectual property associated with the foregoing (collectively, the "Clearinghouse Property"). Clearing Member hereby waives any and all challenges to, or claims or defenses regarding, (a) the Clearinghouse's rights in the Clearinghouse Property, and (b) the Clearinghouse's right to revoke the rights of access granted to Clearing Member by the Clearinghouse.

8 BINARY OPTIONS AND BINARY CONTRACTS

801 Applicability

This Chapter 8 applies to the clearing of Binary Options by the Clearinghouse. Binary Options are cleared on a margined basis in accordance with the generally applicable Rules of the Clearinghouse and the specific provisions of this Chapter 8. The Clearinghouse clears Binary Options pursuant to its registration as a covered clearing agency under Section 17A of the Exchange Act and the rules and regulations promulgated thereunder. In the event of a conflict between this Chapter 8 and any other provision of these Rules, this Chapter 8 shall control with respect to Binary Options.

802 Automatic Exercise

Each Binary Option that has met the exercise criteria at expiration shall be automatically deemed to have been exercised by the BD Clearing Member holding the long position without any action required by such BD Clearing Member. For purposes of this Rule, a call Binary Option has met the exercise criteria if the settlement price of the underlying security is equal to or greater than the exercise price at expiration. A put Binary Option has met the exercise criteria if the settlement price of the underlying security is less than the exercise price at expiration.
