**Things You Should Know to Make Doing Business with the Government Easier**

**Know the Mission of the Agency** - Knowing the mission of the SEC will help you make a determination as to whether or not the SEC may be able to utilize your products or services. You can read more about the SEC Mission at [www.SEC.gov](http://www.SEC.gov).

**Understand what the SEC procures** – Prior to marking your products or services, research historical procurement data. You may conduct your research via publicly available domains via [www.USASpending.gov](http://www.USASpending.gov) (USA Spending) and [www.fpds.gov/fpdsng_cms](http://www.fpds.gov/fpdsng_cms) (FPDS-NG). Please do not waste time marketing to agencies that cannot or do not utilize your products or services. For example: A company that manufacturers’ uniforms, medicines, or missiles should not utilize resources by marketing to the SEC as we do not purchase these items.
