The following sections provide detailed information on the use of these websites for filing online submissions.

8.1 EDGAR OnlineForms Management Website – Online Filing Preparation

It is easy to create and submit your filings through the EDGAR OnlineForms Management website. Submission form types 3, 3/A, 4, 4/A, 5, 5/A, 144, 144/A, D, D/A, Schedule 13D, and Schedule 13G are available for online preparation. The EDGAR OnlineForms Management website software uses filer-provided information to prepare an XML tagged primary document that can be verified and printed by the filer and then transmitted to EDGAR for processing. Once EDGAR has accepted the submission it will disseminate the header in tagged SGML and the primary document in tagged XML.

Note: Ownership Forms Only: You may create and submit only one form submission at a time. If you are filing on behalf of a company's officers and directors you must create a separate form for EACH officer and director.

8.1.1 Online Forms Data Gathering Model

Online submissions follow a basic model, with some distinctions dependent upon the submission form type being filed.

8.1.1.1 Data Gathering Common to EDGAR OnlineForms Management

The EDGAR OnlineForms Management website will:

- Allow you to choose the type of submission to prepare, (i.e., File Ownership Forms, Form 144, Form D, Schedule 13D, or Schedule 13G)
- Allow you to provide general submission information (i.e., contact name, phone number, e-mail address)
- Allow you to provide additional e-mail addresses to receive Filer Notification messages
- Allow you to provide all of the necessary information required by the SEC rules on an appropriate data gathering form
- Allow you to provide your signature and signature date
- Allow you to verify the information on the form
- Allow you to review and confirm your information in the context of the form you are filing and then print the submission for your records
- Allow you to transmit the reviewed submission to EDGAR for processing

The following are important notes to consider when preparing a submission using the EDGAR OnlineForms Management website:

- There is no capability to save work in progress so it is important for you to have all of the

information necessary to complete the form before you begin to assemble your submission online.

- You can exit the window at any time to discard your work in progress and start over.
- All filings that you prepare and submit online are considered to be live EDGAR submissions; once you transmit an online prepared submission it will be automatically processed by EDGAR and, if accepted by EDGAR, immediately disseminated to the public.
- The maximum size of your submission must not exceed 200 MB.
- Once you select the [Submit] button, EDGAR will transmit your submission and you will see an indicator of the submission progress.

8.1.1.2 Ownership

In support of filing ownership reports, the EDGAR OnlineForms Management website will:

- Allow you to select the specific ownership form type that you want to assemble and submit to the SEC, (Forms 3, 3/A, 4, 4/A, 5, and 5/A).
- Allow you to edit reporting owner address on the form where necessary.
- Allow you to upload attachments (i.e., cover letters, exhibits, or correspondence)

8.1.1.3 Form 144

In support of filing Form 144, the EDGAR OnlineForms Management website will:

- Allow you to submit a new Form 144 filing or an amendment to a previous Form 144 filing.

8.1.1.4 Form D

In support of filing Form D, the EDGAR OnlineForms Management website will:

- Allow you to submit a new Form D filing, a new Form D filing using previous electronically filed Form D data or an amendment to a previous Form D filing.

8.1.2 Navigating EDGAR – Logging into EDGAR OnlineForms Management Website

To access any of the EDGAR OnlineForms Management website functions, you will need to log in to EDGAR OnlineForms Management website:

1. Connect to the Internet.
2. Go to the EDGAR OnlineForms Management website Login page.
3. Click in the CIK field and enter your CIK.
4. Press [Tab] and enter your password.

This is your login password, not your CCC, PMAC, or Passphrase. Your password is case-sensitive. See the Notes at the end of this section for more information about passwords.

5. Click the [Login to EDGAR] button. If you are already logged into EDGAR with a concurrent session, a message will appear indicating the number of concurrent session(s).

See the Notes at the end of this section for more information about possible login errors.

6. The Create Passphrase page appears if your CIK and password are valid and you do not have a passphrase. If your CIK and password are valid and you have a passphrase, the Welcome page appears.

To define a passphrase, type it in the data entry fields provided. (The passphrase will not be revealed as you type.) The passphrase is an important security code; typing it twice ensures that no typographical errors occur during entry.

Enter your existing PMAC (doing so verifies that you have the right to define a passphrase). If you have forgotten your PMAC, contact our Filer Support Staff at (202) 551-8900 for help.

Click the [Create Passphrase] button. If your new passphrase is in the correct format (it must be in the same format as the PMAC) and the PMAC is valid for the CIK, the Create Passphrase Results page is displayed (you will be informed of any errors in the data entered and will be required to fix it before you can proceed).

Click the [Continue to EDGAR Welcome] button. The Welcome page appears.

Notes:

- (1) If you mistype your password, EDGAR considers it an invalid password and access to EDGAR is denied.
- (2) If you accidentally mistype the CIK or password, you can press the [Back] button to return to the Login page, and try again.
- (3) If your CIK and password do not match those saved in the database, you will see an Invalid Login page. If you find you are getting the Invalid Login page and your CIK and password are entered correctly, please contact our Filer Support staff at (202) 551-8900 for help.

[Effective March 24, 2025, paragraph 4 below is deleted and replaced as shown below, pursuant to EDGAR Filer Access and Account Management, Release No. 33-11313 (“EDGAR Next”) (adopted September 27, 2024).

- (4) Additional error messages you may see are Password Login Expiration messages. There are two different types of messages: Login Password to Expire Soon or Login Password Expired. If you have enrolled in EDGAR Next, you can obtain a new password or CCC by using the EDGAR Filer Management dashboard. If you have not enrolled in EDGAR Next, you can obtain a new password or CCC from the Retrieve/Edit Data section of the EDGAR Filing website. For more details, consult the “Understand and Utilize EDGAR CIKs, Passphrases, and Access Codes” section of the “How Do I” guide. If you need assistance, contact our Filer Support Staff at (202) 551-8900 for help.]
- (4) Additional error messages you may see are Password Login Expiration messages. There are two different types of messages: Login Password to Expire Soon or Login Password Expired. If your password expires soon or if your password has expired

within the last 10 days, EDGAR allows you to create a new password using your PMAC. For more details, please refer to Volume I. If you have a passphrase, you can get a new set of EDGAR access codes (including a password) using the EDGAR Filer Management Website – even if your password has been expired for more than 10 days. If you need assistance, contact our Filer Support Staff at (202) 551-8900 for help.

- (5) Each time you log in to the EDGAR OnlineForms Management website, you will be prompted to update the password to twelve characters if it is still eight characters in length.
- (6) The passphrase is a security code that is used to generate EDGAR access codes (See Volume I for more information regarding passphrases.) You must define a passphrase before you can access any of the EDGAR capabilities.

You should follow the instructions on the page to correct the errors.

EDGAR will check to ensure that each screen is completed appropriately before you can proceed to the next form screen or submit your form. Required fields are indicated by an asterisk to the right of the label name (for example, Filer CIK* and Filer CCC* are some of the required fields.) If EDGAR detects invalid information for a field at the individual screen level, a red 'x' icon is displayed within the field. Clicking the icon displays a message describing the type of information that belongs in the field to help you correct the errors, before final submission of the form.

When you complete the entire Online Form and click the [Submit] button, EDGAR will automatically validate your form's information. If there are errors, they must be corrected for each form screen. For best results, it is recommended that you correct the errors in sequence, starting with the first screen that has invalid information.

The system validates the form to ensure that you have completed all the required fields. (Required fields are indicated by an asterisk to the right of the label name. For example, Issuer CIK* is a required field.) If EDGAR detects invalid information for a field at the individual

screen level, a red ‘x’ icon is displayed within the field. Clicking the icon displays a message describing the type of information that belongs in the field to help you correct the errors. A ‘red x’ icon is also displayed on the tabs that contain incomplete or invalid information.

You must complete any missing information and correct any errors before re-attempting to submit your form to EDGAR. If you are filing a “Live” submission and there are no errors in the form, the system displays a Confirmation/Warning screen. Refer to <https://www.sec.gov/submit-filings/filer-support-resources> and the “EDGAR Form C XML Technical Specification” document available on the SEC's Public Website (<https://www.sec.gov/submit-filings/technical-specifications>) for further information.
- It is necessary to provide a valid filer CIK and CCC on the Filer Information screen for submission form types C, C-W, C-U, C-U-W, C/A, C/A-W, C-AR, C-AR-W, C-AR/A, C-AR/A-W, C-TR, and C-TR-W prior to entering any other data. Based on the CIK and CCC entered, certain fields on the Issuer Information screen and the “Issuer” name on the Signature screen are pre-populated with information maintained in EDGAR. Refer to Section 8.2.6.3 “Issuer Information” in this volume for further information.
- For submission form types C/A and C-U, form data will be pre-populated based on the CIK, CCC, and file number entered, eliminating the need to re-enter this information. The details are as follows:
 - If an issuer enters a valid CIK, CCC, and File Number on the Filer Information screen of submission form type C/A, the system will pre-populate the submission with data from the most recent, previously accepted C or C/A filing. The issuer must complete the Signature section, re-attach documents, and re-enter the required information as applicable, prior to submission.
 - If an issuer enters a valid CIK, CCC, and File Number on the Filer Information screen of submission form type C-U, the system will pre-populate the submission with data from the most recent, previously accepted C, C/A or C-U filing. Issuers will not be able to modify any information on “Offering Information” and “Disclosure Requirements” screens of submission form type C-U.
- For submission form type C-AR/A, form data will be pre-populated based on the CIK, CCC, and the Period entered, eliminating the need to re-enter this information. The details are as follows:
 - If an issuer enters a valid CIK, CCC, and Period on the Filer Information screen of submission form type C-AR/A, the system will pre-populate the submission with data from the most recent, previously accepted C-AR or C-AR/A filing with the same period. - If a co-issuer is associated with submission form types C, C/A, C-U, C-AR, C-AR/A, and C-TR and the co-issuer is an EDGAR filer, the system will pre-populate the co-issuer’s name, jurisdiction of incorporation/organization, and physical address based on the CIK entered for the co-issuer. A maximum number of 50 co-issuers is acceptable per submission.
- Issuers can perform a search for crowdfunding intermediaries on the Issuer Information screen of submission form types C, C-U, and C/A. The details displayed are CIK, Company Name, SEC File Number, and CRD number of the intermediary. Refer to Section 8.2.6.3 “Issuer Information” for further information.

8.2.7 File Form Funding Portal

This section describes the general process for preparing and submitting Form Funding Portal and its variants under the Securities Exchange Act of 1934 to EDGAR for processing.

Form Funding Portal has the following variants (submission form types):

- Form CFPORTAL: Initial application of funding portal
- Form CFPORTAL/A: Amendment to registration, including a successor registration
- Form CFPORTAL-W: Withdrawal of the funding portal’s registration

Each Form Funding Portal contains several tabs on the left navigation pane. The tabs contain a number of questions that are organized into Items, Schedules, and Disclosure Reporting Pages (DRPs) for the selected submission form type. When completing the Form Funding Portal, include all applicable schedules and any required Disclosure Reporting Pages (DRPs), attach all required documents, and execute the form.

When filing a Form Funding Portal, you may view the filing instructions, print a blank or a partially completed form, save the form to your computer, or exit the form using the menu buttons available on the form type. For more information on the menu buttons, refer to Section 8.2.2, “General Information on Online Forms.”

Before you begin the filing process, gather all the information you would need to complete a Form Funding Portal. We recommend that you print the blank submission form type to help you gather all necessary information to file a Form Funding Portal.

8.2.7.1 Basic Information for Form Funding Portal Submission

The following section provides general instructions to consider when filing Form Funding Portal and its variants.

- Filers can submit filer-constructed XML submissions for submission form types CFPORTAL, CFPORTAL/A, and CFPORTAL-W via the ‘Transmit’ link on the EDGAR Filing Website. Refer to Chapter 9, ‘Filer-Constructed XML Submissions’ in this volume and the “EDGAR Form CFPORTAL XML Technical Specification” document available on the SEC’s Public Website (<https://www.sec.gov/oit/Article/info-edgar-tech-specs.html>) for further information.
- For submission form types CFPORTAL, CFPORTAL/A, and CFPORTAL-W, some form data, such as addresses and company name, will be pre-populated from the company

database.

- If the filer enters a valid CIK and CCC combination on the Filer Information screen of submission form type CFPORTAL/A, form data will be pre-populated from the most recently accepted CFPORTAL or CFPORTAL/A filing, eliminating the need to re-enter this information. The filer will have the ability to amend any form data that has become inaccurate or outdated.
- If the filer enters a valid CIK and CCC combination on the Filer Information screen of submission form type CFPORTAL-W, form data will be pre-populated from the most recently accepted CFPORTAL or CFPORTAL/A filing, eliminating the need to re-enter this information. The filer will have the ability to amend any form data that has become inaccurate or outdated.
- There are several ways to navigate within Form CFPORTAL. To navigate from one screen to another, perform one of the following:
 - Click [Next] located at the bottom right of the screen, to navigate to the next screen.
 - Click [Previous] located at the bottom left of the screen, to return to the previous screen.
 - Select the appropriate tab from the navigation menu located on the left side of the screen.
- Throughout the filing process, filers will have the ability to:
 - save the form to their computer
 - view and print the blank form or current form
 - submit the form
 - view the filing instructions
 - exit the process via the menu buttons displayed on the upper right corner of the screen **Error! Reference source not found.** For more information, refer to Section 8.2.2, “General Information on Online Forms.”

You can use the following help functions during your filing process. Place your mouse pointer over a field label to view context-sensitive help message or click the ‘Instructions’ link to view filing instructions in a new browser window.

8.2.8 Completing a Form Funding Portal Submission

To assist you in completing a Form Funding Portal submission, the screens for submission form type CFPORTAL and their descriptions are included in the following subsections.

Selecting a Submission Form Type

To file a Form Funding Portal, click the ‘Regulation Crowdfunding’ link on the EDGAR menu **Error! Reference source not found.** of the Filing Website. The File Funding Portal Forms screen will be displayed **Error! Reference source not found.** where filers can select the type of filing (CFPORTAL, CFPORTAL/A, or CFPORTAL-W) to submit.

Select the type of filing from this screen:

- Select “Form Funding Portal: Initial application of funding portal” to file an initial application.

- Select “Form Funding Portal-W: Withdrawal of the funding portal’s registration” to withdraw a funding portal’s registration.
- Select “Continue With Saved Funding Portal Forms (stored on your computer)” to complete a previously saved Form Funding Portal submission.

Once you select a submission form type on the File Funding Portal Forms screen, click the [Next] button. You will be directed to the Filer Information screen of the selected submission form type.

Filer Information

The Filer Information screen allows you to enter Form Funding Portal filer information. Based on the type of submission selected, the screen header displays the type of Form Funding Portal being submitted.

The following are the data entry conventions for this screen:

- **Filer CIK and CCC:** Enter the CIK and CCC of the filer that is submitting the filing.
- **Is this a LIVE or TEST filing?:** Select the radio button to mark the submission as a LIVE or TEST filing. The default selection for this button is LIVE. Select the “TEST” radio button to submit a test filing and EDGAR will treat the submission as a test and it will not be disseminated.

- **Notify via Filing Website only?:** Select the check box to download the filing status notification (of whether a filing is accepted or suspended) from the EDGAR Filing Website. Selecting this option restricts EDGAR from sending e-mail notifications of filing status.
- **Notification Information:** To notify others about the status of the filing, enter their e-mail addresses. A maximum of three addresses may be added by clicking the [Add] button. After the filer submits the filing, EDGAR will automatically send notification messages to these e-mail addresses informing them of the filing status, i.e., the filing was accepted or suspended.

Making Changes to Company Information: If you need to make changes to the company information maintained in EDGAR (e.g., name, address, contact information), click the hyperlinked word “here” within ‘Changes to company information may be made here’. You will be directed to the Retrieve/Edit Data screen on a new browser window where you may modify

this information maintained in EDGAR. However, the modified information will only be displayed if you exit the current session and restart the filing process.

Form 13H: Filer Information

The Form 13H: Filer Information screen allows you to enter Form 13H filer information.

The following are the data entry conventions for this screen:

- **Large Traders Identified in the Filing:** Enter the CIK (Filer ID Number) and CCC (Filer ID Number Confirmation Code) of the entity that is submitting the filing.
- **Is this an electronic copy of an official filing submitted in paper format?:** Select this box if this submission is a confirming electronic copy of an official filing previously submitted on paper pursuant to Regulation S-K. A confirming copy (electronic copy of a paper filing) is not an official filing.
- **Submission Contact Information:** Enter the contact information for the filer.

Note: If there is a problem with the filing, EDGAR will contact the person you have provided here.

- **Notification Information:** Enter the e-mail address of anyone else that you want to notify of

the status of your filing (e.g., submission was accepted or suspended). After you submit the filing, EDGAR will automatically send notification messages to the e-mail addresses associated with the Login CIK and Submission Contact. The automated submission notification e-mail for a 13H-A submission form type will state that the 13H-A submission received was for an annual filing or a combined annual and fourth quarter filing.

- Adding or Removing Additional E-Mail Addresses
 - You may add additional e-mail addresses by clicking the [Add] button.
 - An e-mail address must be in the standard e-mail format and include one “@” and at least one “.” after the “@”.

Note: An e-mail notification containing the Large Trader Identification Number (LTID) will be sent to the e-mail addresses provided in the Submission Contact Information and Notification Information fields along with the e-mail address in EDGAR for the CIK of Large Trader.

Making Changes to Company Information

If you want to make changes to the company information maintained in EDGAR (e.g., name, address, contact information, e-mail address), click the hyperlinked word “here” within “Changes to company information may be made here.” You will be directed to the Retrieve/Edit Data screen on a new browser window where you may modify this information maintained in EDGAR. However, the modified information will only be displayed if you exit the current session and restart the filing process.

Large Trader Information

The Large Trader Information screen has two parts.

The first part displays fields that are specific to the options chosen on the File Form 13H screen. Listed below in Table 8-1 are the options for the File Form 13H screen and the corresponding fields that are displayed on the Large Trader Information screen.

Note: No fields are displayed for an Amended Filing.

Table 8-1: Type of Form 13H Filing and the Corresponding Fields Displayed

Type of Form 13H Filing	Fields displayed
Initial Filing (13H)	<ul style="list-style-type: none"> • Date identifying transactions first effected • Voluntary filing • Date of voluntary filing

The second part allows you to enter Large Trader Information. Certain fields relating to the large trader, such as the name, business and mailing address, business telephone number, and e-mail address will be pre-populated with information maintained in EDGAR and is non-editable in this screen. This information can only be updated from the ‘Retrieve/Edit Data’ link on the EDGAR Filing Website.

Notes:

- (1) Filers that are registered as Broker-Dealers cannot update their company information (except for e-mail address) through the ‘Retrieve/Edit Data’ link on the EDGAR Filing Website. Instead, they must submit a Form BD/A (Amendment) to CRD to update their company information. The Form BD/A filing will automatically update the company information in EDGAR, and thereafter the new company address information will be pre-populated into the applicable address fields on future EDGAR submissions.
- (2) Once a Form 13H filing has been accepted, the EDGAR system will generate a unique eight-digit LTID number and notify the filer via e-mail of their assigned LTID. On subsequent Annual (13H-A) and Amended (13H-Q) filings, the system will populate the LTID based on the CIK and CCC of the filer.
- (3) Filers must enter a year that is earlier than the current calendar year in the Calendar Year Ending field when filing a 13H-A filing (Annual Filing or Joint Annual and Amended (4th Quarter) Filing).
- (4) Filers can enter their Tax Identification Number in the Tax Identification Number field. Enter the Tax Identification Number (TIN) in the format DD-DDDDDDDD where D is a digit. If a filer does not have a TIN, including a filer that is an individual, then the filer should enter “00-0000000” in the TIN field.

Authorized Person

The Authorized Person screen allows you to enter the information of the person authorized to make the submission on behalf of the filer and sign the form.

For signature, enter the signer’s name or other letters or characters adopted or authorized as the signer’s signature in the Signature of Person Authorized to Submit this form field.

Item 1: Businesses of the Large Trader

The Businesses of the Large Trader screen allows you to specify the type and nature of your business and your affiliates' business.

In Item 1(a), select as many applicable businesses engaged in by the filer and its affiliates. If the type of business is not listed, select 'Other (specify)' and provide details in the corresponding text box.

If you select 'Investment Advisor', you can optionally select one, both or neither of the following options:

- to Registered Investment Companies
- to Hedge Funds or other Funds not registered under the Investment Company Act

In Item 1(b), provide a description of the Large Trader and each of its affiliates' nature of business and trading strategies.

- **Does the large trader, or any of its Securities Affiliates, file any other forms with the Commission?:** Select "Yes" or "No."

Attach Documents List

The Attach Documents List screen allows you to upload an organizational chart.

Note: "Individual" filers (i.e., a natural person that is a large trader) are not required to upload an organizational chart.

Adding or Deleting Documents

The organizational chart must be uploaded as a document attachment to the EDGAR submission in PDF format. (Refer to Section 5.2.3.6, "PDF as Official Document," for details on EDGAR standards on PDF attachments.) You must upload an organizational chart, if it is required for every 13H, 13H-A, or 13H-Q filing, irrespective of whether it was uploaded in an earlier filing. Multiple documents can be attached provided that they are in PDF format and the submission size does not exceed 200 MB.

Please note that the documents attached to a submission are mimed by EDGAR before transmission, which increases the size of the documents by approximately one third of its original size.

To add or delete a document, follow the steps given below:

1. To add a document entry, click the [Add Document] button on the Attach Documents List screen.
The Select File window is displayed.
2. Select the file you want to attach and click the [Open] button. The file you selected appears in the Attach Documents List screen.

Notes:

- (1) The document file name must be in upper or lower case and no longer than 32 characters in length. The names must start with a letter (a-z) or a number (0-9) and may not contain spaces. File names may contain any number of periods (.), hyphens (-), and underscore () characters.
 - (2) When you attach a document, the Type field is automatically populated with ORGCHART.
3. To delete a document, select the box adjacent to the document, and click the [Delete Document] button. A window prompts you to confirm that you want to delete the document. If you click the [Yes] button, then EDGAR removes the document from the submission.

Viewing a Document

To view the text of a document that has been added:

1. Click the name of the file, in the File Name field.
A separate window opens and displays the attached document for viewing or printing.
2. To return to the Attached Documents List screen, close the document window.

Validating a Document

Before you transmit your submission, we recommend that you validate your document attachments. You can validate the document for errors by using the Doc Validation function.

1. Attach your documents to the EDGAR submission as described above.
2. Select the check box for the document you want to validate.
3. Click the [Validate Document] button.
4. If there are errors in the document, then the Errors field displays a value that corresponds to the number of errors in the document. Proceed to step 5. If there are no errors in the document, then the Errors field is empty. Proceed to step 7.
5. To view the errors, click the value in the Errors field for the document that contains errors.
6. A Document Validation window opens and lists the errors in the document.
7. Correct any document errors using the tool that you used to create the document, then

- re-upload the document.
8. You can now transmit your submission, if your submission has been compiled and validated.

Confirmation/Warning

Once you have completed the required information on Form 13H (or a variant form type), click [Submit] at the top of the screen to transmit your submission to EDGAR.

The Form 13H Confirmation screen prompts you for confirmation prior to transmitting your 13H or 13H variant submission.

The Summary Page screen must be completed if you are filing submission form type 13F-HR or its amendment.

Documents

The Attached Documents List screen allows you to attach only the Information Table in XML format on submission form types 13F-HR and 13F-HR/A.

Prepare the Information Table in XML format using the table title, column headings, and format provided in the “EDGAR Form 13F XML Technical Specification” document. For an explanation of the column headings and table title, refer to Special Instruction 12 on the General Instructions screen accessible by clicking the [Instructions] button on the top right menu. Note that EDGAR requires a Form 13F Information Table with at least one line of data on every 13F-HR and 13F-HR/A submission. Filers with no holdings may enter, as appropriate, N/A (not applicable), NONE, or zero in this line of data, but cannot put text in a column that requires a numerical response. In addition, filers must comply with the pre-defined choice lists for SH/PRN (column 5) and Investment Discretion (column 6). Under these circumstances, leaving blank any or all of the entries for (i) FIGI (second column of column 3), (ii) Put/Call (the third column of column 5), and/or (iii) Other Manager (column 7) will not prevent the submission from being accepted on EDGAR.

Attach the completed Information Table using the [Add Document] button. For details on how to add, delete or validate a document, refer to “Attach Documents List” in Section 8.2.4. Only one document can be attached to your 13F-HR or 13F-HR/A submission.

Note: Once you have completed the form online, use the [Print] button to view and/or print the attached Information Table prior to submission. You may also print a blank form or the current form to review or keep for your records.

- To submit your filing to EDGAR for processing, click [Transmit LIVE Submission] on the Confirmation screen. An Acknowledgment screen is displayed.

Upon submittal of a 13F-HR or 13F-HR/A filing, validation is performed which checks the data on the Summary Page against the corresponding data located in the attached Information Table to provide the user feedback on data consistency.

The data that is evaluated is as follows:

- 1) “Form 13F Information Table Entry Total” and
- 2) “Form 13F Information Table Value Total.”

Inconsistencies between the Summary Page and the Information Table will be displayed within a warning message on the Confirmation dialog box. The filer can either select the “Cancel” button to return to the filing or select the “Transmit LIVE Submission” button to continue with the submission.

8.2.17 File Form SDR

This section describes the general process for preparing and submitting Form SDR (Application or Amendment to Application for Registration or Withdrawal from Registration as Security-Based Swap Data Repository) to EDGAR pursuant to Section 13(n) of the Securities Exchange Act of 1934 and Rules 13n-1 and 13n-3 thereunder.

Form SDR has the following variants (submission form types):

- SDR: Application for Registration
- SDR/A: Interim Amendment
- SDR-A: Annual Amendment
- SDR-W: Application for Withdrawal from Registration

SDR Compliance and Financial Reports are filed using the following submission form types:

- SDR-CCO: Annual Compliance Report and Financial Report
- SDR-CCO/A: Amendment to Compliance Report and Financial Report

8.2.17.1 General Instructions for Preparing and Filing Form SDR

The following section provides general instructions to consider when filing Form SDR:

- Applicants must select the ‘File SDR’ link on the EDGAR Filing Website to file submission form types SDR, SDR/A, SDR-A, and SDR-W. For instructions on how to prepare and file submission form types SDR, SDR/A, SDR-A, and SDR-W, refer to Section 8.2.18 in this volume.
- Applicants must select the ‘SDR-CCO’ and ‘SDR-CCO/A’ links on the EDGARLink Online Submission Type Selection screen to file submission form types SDR-CCO and SDR-CCO/A respectively. These submission form types are prepared using the EDGARLink Online application. For instructions on how to prepare and file EDGARLink Online forms, refer to Section 7.3, “Preparing Your EDGARLink Online Submission” in this volume.
- Applicants can submit filer-constructed XML submissions for submission form types SDR, SDR/A, SDR-A, SDR-W, SDR-CCO, and SDR-CCO/A via the ‘Transmit’ link on the EDGAR Filing Website.
 - Applicants can construct XML submissions for submission types SDR, SDR/A, SDR-A, and SDR-W by following the “EDGAR SDR XML Technical Specification” document available on the SEC’s Public Website (<https://www.sec.gov/submit-filings/technical-specifications>).
 - Applicants can construct XML submissions for submission types SDR-CCO and SDR-CCO/A by following the “EDGARLink Online XML Technical Specification” document available on the SEC’s Public Website (<https://www.sec.gov/submit-filings/technical-specifications>).
- It is necessary to provide a valid filer CIK and CCC on the Filer Information screen before entering any other data or navigating to other screens. Based on the CIK/CCC entered, certain fields on the Application Information and General Information screens of submission

form types SDR, SDR/A, SDR-A, and SDR-W are pre-populated with information maintained in EDGAR.

- If the applicant enters a valid CIK and CCC combination on the Filer Information screen of submission form types SDR/A (interim amendment), SDR-A (annual amendment), and SDR-W (withdrawal), form data will be pre-populated from the most recently accepted SDR, SDR/A, SDR-A, or SDR-W filing, eliminating the need to re-enter this information. The applicant will have the ability to amend any form data that has become inaccurate or outdated.
- The “Request Confidentiality” check box on submission form types SDR, SDR/A, SDR-A, and SDR-W allows applicants to select which information and attached exhibits to request confidential treatment. By default, the “Request Confidentiality” check box will not be selected and confidential treatment is waived.

Note: The “Request Confidentiality” check box on EDGARLink Online submission form types SDR-CCO and SDR-CCO/A allows applicants to request confidential treatment for each attached document. For information on how to request confidential treatment for attached documents for submission form types SDR-CCO and SDR-CCO/A, refer to Section 7.3.4.6 of Chapter 7 in this volume.

- After Form SDR is submitted, SEC staff will review the submission and make a determination of whether the information for which confidential treatment is requested should be made public. EDGAR will disseminate only the content and attached exhibits of the submission that SEC staff has determined to be public.
- As part of processing the SDR filings, SEC staff can generate three new Commission notices that will be disseminated through EDGAR:
 - Notice of Registration Granted (REG): This form type is generated by SEC staff to indicate that the Commission has granted the filer’s application for registration as a security-based swap data repository.
 - Notice of Registration Denied (DEN): This form type is generated by SEC staff to indicate that the Commission has denied the filer’s application for registration as a security-based swap data repository.
 - Notice of Effective Withdrawal from Registration (WDL): This form type is generated by SEC staff to indicate that the filer’s application for withdrawal from registration as a security-based swap data repository is effective.
- Applicants filing an interim amendment (SDR/A) must verify that all information, including unamended information, provided in items 1 through 17, 26, and 48 on SDR/A is true, current, and complete. Applicants must amend the items as needed and attach applicable exhibits as listed in Section 3.11, “Document Type Values for Exhibits Filed with Form SDR,” of the “How Do I Understand Automated Conformance Rules for EDGAR Data Fields” webpage on SEC.gov (<https://www.sec.gov/edgar/automated-conformance-rules>).
- Applicants filing an annual amendment (SDR-A) must file a complete Form SDR, provide answers to all items, and include all the applicable exhibits as listed in Section 3.11, “Document Type Values for Exhibits Filed with Form SDR,” of the “How Do I Understand

Automated Conformance Rules for EDGAR Data Fields” webpage on SEC.gov (<https://www.sec.gov/edgar/automated-conformance-rules>). Applicants must indicate which items have been amended since the last annual amendment, or, if the applicants have not yet filed an annual amendment, since their application for registration as a security-based swap data repository.

- Applicants filing an application of withdrawal from registration (SDR-W) need to update any items or exhibits that are being amended since the security-based swap data repository’s last filing of Form SDR.
- Throughout the filing process, applicants will have the ability to view the filing instructions, view and print Form SDR, save the form to their computer, and exit the process via the menu buttons displayed on the upper right corner of the screen. (For more information on menu buttons, refer to Section 8.2.2, “General Information on Online Forms” in this volume.)

For more information on menu buttons (Save, Print, Instructions, etc.) available on the submission form type, refer to Section 8.2.2, “General Information on Online Forms.”

Once you select a submission form type on the Type of Filing screen, click [Next]. You will be directed to the Filer Information screen specific to the selected form type.

Filer Information

The Filer Information screen allows you to enter Form 17-H filer information. Based on the type of submission selected, the screen title displays the type of Form 17-H being submitted.

Note: It is necessary to provide a valid filer CIK and CCC on the Filer Information screen before entering any other data or navigating to other screens. Based on the CIK/CCC entered, certain fields on the Part I, Page 1 screen are pre-populated with information maintained in EDGAR.

The following are the data entry conventions for the Filer Information screen:

- **Filer CIK and Filer CCC:** Enter the CIK and CCC of the filer. Once you enter a valid CIK and CCC, these fields become non-editable.

The Form BD/A filing will automatically update the company information in EDGAR, and thereafter the new company address information will be pre-populated into the applicable address fields on future EDGAR submissions.

Transfer Agent Forms have the following variants (submission types):

- Form for Reporting Activities of Transfer Agents (TA-2)

- Notice of Withdrawal from Registration as Transfer Agent (TA-W)

Before a registrant can function as a transfer agent, it must register with the Securities and Exchange Commission using Form TA-1.

The following section provides general instructions that apply to all Transfer Agent forms.

- You have to apply for and obtain access to EDGAR as a “Transfer Agent” regulated entity prior to filing TA forms electronically in EDGAR. (Refer to Volume I of the EDGAR Filer Manual for information on how to obtain access to EDGAR.)
- Filers must select the ‘File Transfer Agent Forms’ link on the EDGAR Filing Website to file submission form types TA-1, TA-1/A, TA-2, TA-2/A, and TA-W.
- If you amend a filing for the first time on this application, please note the following:
 - If you select submission form type TA-1/A, the system will pre-populate the form with data from the most recent TA-1 or TA-1/A filing using the filer’s CIK.
 - If you select submission form type TA-2/A, the system will not pre-populate the form from a previous submission. Filer needs to restore an already saved file or create a new TA-2/A form.
 - You must complete the Signature section, attach any documents, and correct any field data as necessary in the form that is pre-populated, prior to submission.
- The Items on the form are numbered (based on the paper form); your response to these Items will determine if you need to answer additional Items displayed.
- Throughout the filing process, you will have the ability to view the filing instructions, view and print the form, save the form to your computer, and exit the process via the menu buttons displayed on the upper right corner of the screen. (For more information on menu buttons, refer to Section 8.2.2, General Information on Online Forms.)

Selecting an N-CEN Form Type

The first step to filing an N-CEN form is to select the required form type on the File N-CEN forms screen. To navigate to this screen, select the ‘File N-CEN’ link on the EDGAR menu of the Filing Website. The File N-CEN screen is displayed as shown below and allows you to select the type of form you are filing.

- If you are filing an Annual Report for Registered Investment Companies, select the “Annual Report for Registered Investment Companies (N-CEN)” radio button.
- If you are filing an amendment, select the “Amendment to Annual Report for Registered Investment Companies (N-CEN/A)” radio button.

Note: If you select the “Amendment to Annual Report for Registered Investment

Companies (N-CEN/A)” radio button, an Accession Number field appears. Provide the accession number of the N-CEN filing being amended.

For an N-CEN/A submission created by loading data from a previously accepted N-CEN or N-CEN/A filing for the same period-end, a filer must re-attach all attachments filed with the previous submission in addition to making the intended changes in the data on the form. Filers should also confirm that information in the Signature section is accurate.

- If you want to continue working on a previously saved N-CEN filing, select the “Continue with any saved N-CEN Form (Stored on your computer)” radio button.

Once you select a form type on the File N-CEN screen, click [Next]. You will be directed to the Filer Information screen specific to the selected form type.

8.2.27 Completing a Form N-CEN

This section provides instructions for completing and filing Form N-CEN.

We recommend that you read this section prior to filing a Form N-CEN. Understanding how the screens work may help you avoid commonly reported problems.

Below is a list of conventions used throughout the online form:

- Each field has a help message that provides information on how to complete a field. Some of these messages will include information on permitted formats. To view a help message, hover over the field name or question.
- Asterisks identify fields that are required.
- If a required item is not applicable, the Form instructions direct the filer to respond “N/A” to that item. The text “N/A” is case sensitive. Unless this exact format is entered as a response, the entry may fail the validation and trigger an error.
- Some questions on the Form require the filers to select items from a list. If none of the items are applicable, an option to select “N/A” is provided.
- Unless otherwise specified, dates should be reported in the format yyyy-mm-dd. You may either type the date or choose a date from the calendar widget.
- Certain fields will be pre-populated based on your responses to the Filer Information screen. These fields cannot be edited (they will be grayed out).
- The Form N-CEN sections and questions you answer are based upon the “Filer Investment Company Type” you select on the Filer Information screen. This is why you will not see every question on the form.
- Decimals are permitted, but optional when responding to questions that request a dollar amount or percentage.
- Duplicate series and class IDs are not permitted.
- Many Form items request a State or Foreign country. If a State is entered, the Foreign country defaults to US.
- Certain questions permit multiple entries. Below are instructions for adding entries:

1. Complete the first entry.
2. Select the [Save] button to save the entry.
3. Select the [Add] button to add more entries.

To delete an entry, click the [Delete] button adjacent to the entry. A dialog box prompts you for confirmation prior to deleting the entry. Click [Yes] to delete the entry. The Confirmation dialog box closes and the deleted entry is removed from the list.

To edit an entry, click the [Edit] button adjacent to the entry. Make the required changes and save the entry.

To add a Notification E-mail Address:

Select the [Next] button to continue to the General Information screen. Selecting an ATS-N Form Type

The first step to filing a Form ATS-N is to select the required form type on the File Form ATS-N screen. To navigate to this screen, select the 'File Form ATS-N' link on the EDGAR menu of the Filing Website. The File Form ATS-N screen is displayed and allows you to select the type of form you are filing.

- **Does the NMS Stock ATS currently operate pursuant to a Form ATS?:** When filing an initial Form ATS-N, if the NMS Stock ATS is currently operating pursuant to a Form ATS on file with the Commission, select “Yes.”
- **Type of Filing (select one):** Identify the ATS-N form type that you are filing.
 - If you are submitting an Initial Form ATS-N, select the “Initial Form ATS-N (Rule 304(a)(1)(i)) (ATS-N)” option.
 - If you are submitting a Material Amendment, select the “Material Amendment (Rule 304(a)(2)(i)(A)) (ATS-N/MA)” option.
 - If you are submitting an Updating Amendment, select the “Updating Amendment (Rule 304(a)(2)(i)(B)) (ATS-N/UA)” option.
 - If you are submitting a Correcting Amendment, select the “Correcting Amendment (Rule 304(a)(2)(i)(C)) (ATS-N/CA)” option. If you are submitting an Order Display and Fair Access Amendment, select the “Order Display and Fair Access Amendment (Rule 304(a)(2)(i)(D)) (ATS-N/OFA)” option. **Note:** Selecting any amendment will require you to provide the EDGAR accession number for the Form ATS-N filing to be amended. Please see below for more information. If you are submitting a Notice of Cessation, select the “Notice of Cessation (Rule 304(a)(3)) (ATS-N-C)” option.
 - **Note:** Selecting this option will require you to provide the date that the NMS Stock ATS will cease to operate in MM/DD/YYYY format on the Filer Information section. This date must be at least ten business days into the future from the filing date. If you are submitting a Withdrawal, select the “Withdrawal of Form ATS-N filing (ATS-N-W)” option. **Note:** Selecting this option will require you to provide the accession number for the Form ATS-N filing to be withdrawn. Please see below for more information. If you want to continue working on a previously saved ATS-N filing, select the “Continue with Saved Form ATS-N (stored on your computer)” option.

Once you select a form type on the File Form ATS-N screen, click [Next]. You will be directed to the Filer Information screen specific to the selected form type.

Below is a list of things to note when filling out Form ATS-N:

- A separate Form ATS-N must be completed for each NMS Stock ATS operated by the same Broker-Dealer Operator.
- For the free response fields, filers should **not** copy and paste their responses directly from Word or PDF files, since this may introduce invalid characters and thus prevent submission.
- An NMS Stock ATS must respond to each Item, as applicable, and disclose information that is accurate, current, and complete. An NMS Stock ATS must provide all the information required by the form, including the exhibits.
- The topics and examples provided on Form ATS-N are designed to help NMS Stock ATSs consider the scope of the request and information potentially responsive to the form requirements. While the form uses the term “including” to denote topics responsive

to an Item and provides examples in many of the requests, these topics and examples are not an exhaustive list of what may be responsive to a Form ATS-N request.

- An initial Form ATS-N must be submitted before any additional Form ATS-N can be filed. If the initial Form ATS-N is under review by Commission staff, then the other filings submitted will be reviewed in parallel with the initial Form ATS-N filing.
- For a Material Amendment (ATS-N/MA):
 - Filers cannot use a Material Amendment to amend an ineffective Form ATS-N filing.
 - Filers cannot submit a Material Amendment to amend another Material Amendment filing that is still under the 30-calendar day Commission review period.
- For Correcting, Updating, and Order Display and Fair Access Amendments (ATS-N/UA, ATS-N/CA, and ATS-N/OFA):
 - When a Material Amendment is under the 30-calendar day Commission review period, filers can only submit an Updating or Correcting Amendment to such Material Amendment.
 - Filers can only edit the Filer Information, Items 24 and 25 within Part III, Part IV, and Attachments (as applicable) in an Order Display and Fair Access Amendment.
 - Filers can only report changes to their Market Participant Identification or MPID with an Updating Amendment or a Correcting Amendment.
- For a Notice of Cessation (ATS-N-C):
 - An NMS Stock ATS must notify the Commission of its cessation of operations at least ten business days prior to the date the NMS Stock ATS will cease to operate as an NMS Stock ATS.
 - Once an NMS Stock ATS ceases operation, then the Broker-Dealer Operator that owns the NMS Stock ATS must file another initial Form ATS-N submission to re-commence operations. This can be done on or after the date of cessation.
 - Only filers that are operating pursuant to Form ATS or an effective initial Form ATS-N can submit a Notice of Cessation.
- There must be an initial Form ATS-N on file before an ATS-N-W can be filed. In order to withdraw a Form ATS-N:
 - Filers must provide the accession number of the filing to be withdrawn.
 - A filer who is not operating under a Form ATS at the time of filing a Form ATS-N can withdraw an initial Form ATS-N only if it is within the Commission review period.
 - Filers can withdraw a Material, Correcting, Updating, or Order Display and Fair Access Amendment only if it is within the 30-calendar day Commission review period.

- Filers cannot withdraw a Notice of Cessation on or after the date of cessation.
 - Filers cannot withdraw an ATS-N-W, or a Form ATS-N filing that has already been withdrawn.
 - Filers cannot withdraw a Form ATS-N filing that has either been deemed ineffective by the Commission or already disseminated.
 - A filer that was operating pursuant to Form ATS at the time of filing an initial Form ATS-N cannot withdraw their initial Form ATS-N.
- The accession number that you provide for the Material Amendment, Correcting Amendment, Updating Amendment, Order Display and Fair Access Amendment, or the Withdrawal filing will determine the information that is pre-populated throughout that form. The name of the Broker-Dealer Operator is pre-populated based on the entity data stored in the EDGAR database for that CIK/CCC combination.
 - When filing a Form ATS-N Amendment, the form will be pre-populated based on that accession number, and you will be able to edit the form to reflect any changes. However, any document attachments (including exhibits) are not pre-populated. You will need to re-attach the documents, as applicable.

- **Filer CIK and CCC:** Enter the CIK and CCC of the filer.
Note: It is necessary to provide a valid Filer CIK and CCC on the Filer Information screen before entering any other data or navigating to other tabs. - **File No:** Provide the SEC-supplied file number that was assigned to the initial Form ATS-N filing. Refer to the email notification of the accepted Form ATS-N filing for the 013- file number. Sample value: 013-00000-1.

- **Is this a LIVE or TEST Filing?:** Select the radio button to mark the submission as a LIVE or TEST filing. The default selection for this button is “LIVE.” Select the “TEST” radio button if you want to submit a test filing; EDGAR will then treat the submission as a test and it will not be disseminated.
- **Is this an electronic copy of an official filing submitted in paper format in connection with a hardship exemption?:** Select the check box only if your submission is confirming an electronic copy of an official filing previously submitted on paper. If selected, the screen displays a field for the standard EDGAR File Number. Enter the SEC-provided file number, with a 013- prefix, in the File Number field.
- **Submission Contact Information:** Enter the contact information (name, phone number, and e-mail address) of the filer.
- **Notify via Filing Website only?:** Select the check box if you want the acceptance or suspension messages to **only** be available on the EDGAR Filing website.
- **Notification E-mail Address:** If you want to notify others about the status of the filing, then enter additional e-mail addresses. After you submit the filing, EDGAR will automatically send notification messages to these email addresses informing them of the filing status, i.e., whether the filing was accepted or suspended.

To add a Notification E-mail Address:

1. Enter the e-mail address.
2. Select the [Save Notification Email] button to save the email address. The record is saved.
3. If you need to add more email addresses, repeat steps 1 and 2.

8.2.29.7 Form ATS-N Submission

When you have completed the form and are ready to submit the filing, click the [Submit] button at the top of the screen.

The system validates the form to ensure that you have completed all Items. If there are errors in the form, a ‘red x’ icon is displayed on the tabs that contain incomplete or invalid information. You must complete any missing information and correct any errors before re-submitting your form to EDGAR. If there are no errors in the form, the system displays a Confirmation/Warning screen.

Confirmation Screen

The ATS-N Confirmation screen prompts you for confirmation prior to transmitting your

submission.

Click the [Cancel] button on the Confirmation screen to cancel the live submission; this returns the applicant to the Filer Information screen.

To submit the Form ATS-N filing to EDGAR for processing, click the [Transmit LIVE Submission] button on the Confirmation screen.

After an initial Form ATS-N, or amendment thereto, is submitted to the Commission, SEC staff will review the submission for any defects. If the SEC staff accepts the submission, EDGAR will automatically send a notification that the filing was accepted to the e-mail address(es) specified on the Filer Information screen. After an initial Form ATS-N, or amendment thereto, is accepted, the Commission's ineffectiveness review process begins pursuant to Rule 304(a). Conversely, if the SEC staff suspends the ATS-N filing, EDGAR will automatically send a notification to the provided email address(es) communicating that the submission was suspended. The filing status notification can also be retrieved from the Retrieve Submission Information screen of the EDGAR Filing Website or the EDGAR OnlineForms Management website.

Submission Acknowledgment

The ATS-N Acknowledgment screen provides acknowledgment of your ATS-N submission transmission. Note the accession number for your records. The accession number only confirms receipt of the submission, not that it was actually accepted by EDGAR.

8.2.31.1 Filer Information

The Filer Information screen allows you to enter information pertaining to the filing.

Note: Filers must provide a valid Filer CIK and CCC on the Filer Information screen before entering any other data or navigating to other tabs. Based on the CIK/CCC entered, certain fields on various tabs throughout the 24F-2NT or 24F-2NT/A submission become pre-populated with information maintained in EDGAR.

The tabs on the left side of the screen will vary depending on the filer selection from the “Filer Investment Company Type” drop-down list. Only tabs that apply to the chosen Filer Investment Company Type will appear.

Complete the fields that pertain to your filing. These fields include:

- **Filer CIK and CCC:** Enter the CIK and CCC of the filer.

enter the Payor's CIK and CCC.

If the selected Filer Investment Company Type is N-1A, N-3, N-4, or N-6, the [Next] button navigates you to the "Series/Class" screen. Once the [Next] button is selected on the "Series/Class" screen, the "Form 24F-2 Annual Filing" screen is displayed. On the other hand, if this is a 24F-2NT/A filing, selecting the [Next] button directs you to the "Offerings & Fees" screen.

8.2.31.2 Series/Class (Contract) Information

The Series/Class screen is only displayed if you select N-1A, N-3, N-4, or N-6 as the Filer Investment Company Type on the Filer Information screen.

The data entry conventions for the Series/Classes (Contracts) screen are as follows:

- **All?:** Select this check box only if the filing is being made for all series and classes of the registrant.
- **Series ID:** Enter the SEC-supplied series identifier, which starts with an "S," followed by nine digits.
- **All?:** Select this check box only if the filing is being made for all classes of that series.

8.2.31.3 Offerings & Fees

This Offerings & Fees screen is only applicable to a 24F-2NT/A filing and enables you to enter fees owed by entering the *incremental increases* between the original 24F-2NT form and the amended form 24F-2NT/A in the "Sales Proceeds" and "Redeemed Value" fields. This section is optional, unless the filer needs to pay a filing fee for the amendment filing.

Example: The original 24F-2NT showed Sales Proceeds of \$1,000,000 and Redeemed Value of \$750,000. A fee was paid on \$250,000. If the 24F-2NT is amended to show Sales Proceeds of \$1,500,000 and a Redeemed Value of \$1,000,000, the header for the amendment should show Sales Proceeds of \$500,000 and Redeemed Value of \$250,000 (the incremental difference between the two filings). A fee will be paid on \$250,000.

The data entry conventions for the Offerings & Fees screen are as follows:

- **Sales Proceeds:** Enter the proceeds of sales of shares. The decimal values may range from 0 to 99,999,999,999.99. A single dollar sign can precede the numbers.
- **Redeemed Value:** Enter the redeemed value of shares. The decimal values may range from 0 to 99,999,999,999.99. A single dollar sign can precede the numbers.
- **Net Value:** This field is pre-populated and displays the calculated net value of shares by subtracting the value in the corresponding "Redeemed Value" field from the corresponding "Sale-Proceeds" field. This field is not editable.

- **Fee Rate:** This field defaults the “Fee rate” to the latest fee rate value for the fiscal year. This field is non-editable.
- **Fee:** This field is pre-populated and displays the calculated value by multiplying the value in the respective “Net Value” field with the current fee rate value in the corresponding “Fee Rate” field. The field displays zero as the value for each “Fee” field when the calculated value is less than zero. This field is non-editable.
- **Will this filing be submitted late?:** Select this box if this submission is a late filing (i.e., more than 90 calendar days after the end of the issuer’s fiscal year).
- **Enter Number of Days Late:** Please enter the number of calendar days by which the submission is overdue. This integer value has a valid range of 1 - 9999 days. A response is required if “Will this filing be submitted late” the check box is selected.
- **Total Fee:** This field is pre-populated and displays the total fee due for this submission. This field displays a default value of “\$0.00” for the “Total fee” field. This field is non-editable.
- **Estimated Interest:** This field is pre-populated and displays the calculated amount of interest owed due to filing late. This field is not editable. The amount of interest is calculated based on the following formula:

$$\text{Estimated Interest} = ((\text{Number of Days Late})/365) * (\text{Interest Rate}) * (\text{Total fee})$$
- **Interest Rate:** This field is pre-populated and displays the current interest rate used for late fee calculation in the “Interest Rate” field. This field is non-editable.
- **Total Due:** This field is pre-populated and displays the calculated sum of the fee owed plus interest. This field is not editable. The value for the “Total due” field is calculated by adding the value in the “Estimated Interest” field with the value in the “Total fee” field.

8.2.31.4 Form 24F-2 Annual Filing

The Form 24F-2 Annual Filing screen comprises Items 1 through Item 8 and a Signature section.

Filers submitting a 24F-2 filing where the total fee due is based upon the aggregate net sales of all series and classes with the same fiscal year should only complete one copy of the form by selecting the “Add 24F-2 Form” button once. Filers calculating fees on a class-by-class or series-by-series basis should complete a separate Form 24F-2 for each class or series by repeatedly selecting the “Add 24F-2 Form” button for each additional series or class within a single submission.

Once a form is completed and saved, the filer will be returned to a summary page where the key elements for each completed form will be displayed including:

- Series/Class (Contract) ID (from Item 5, if entered)
- Sales (from Item 5(i))
- Redemptions (from Item 5(iv))
- Net Sales (from Item 5(v))
- Fee Due (from Item 5(viii))

- Interest Due (from Item 6, if entered), and/or
- Total Due (from Item 7)

The data entry conventions for Item 1 of the “Form 24F-2 Annual Filing” screen are as follows:

- **Name of Issuer:** This field is pre-populated with the entity name associated with the CIK number entered at the beginning of the filing process. You can update the Name of Issuer from the ‘Retrieve/Edit Data’ link on the EDGAR Filing Website (accessible via the ‘Changes to company information may be made here’ link on this screen).
- **Address of Issuer:** Complete the required fields: Street Address 1, City, State, and Country (when State is selected, US is the default country), and Zip code. Street Address 2 is optional.

The data entry conventions for Item 2 of the “Form 24F-2 Annual Filing” screen are as follows:

- **All?:** If you are filing for all series and classes of securities of the issuer, check the box and do not provide any other information. Otherwise provide the name and EDGAR identifier of each series and class in Item 2.
- **Series Name:** Enter the name of the series (up to 150 characters). This field is applicable to Investment Company Types N-1A or N-3 when the “All” box is not checked.
- **Series ID:** Enter the SEC-supplied series identifier, which starts with an “S,” followed by nine digits.
- **All classes?:** Select this box if the filing is being made for all classes of that series.
- **Class Name:** Enter the name of the class (up to 150 characters). This field is applicable to all filers when the “All” box is not checked.
- **Class (Contract) ID:** Enter the SEC-supplied class identifier, which starts with a “C,” followed by nine digits. This field is applicable to Investment Company Types N-1A, N-3, N-4 and N-6, when the “All classes” check box is not checked. This field should remain blank for all other filers.

Select the [Save Class ID] button to save the Class ID. Once all entries are provided, then select the [Save Series/Class ID].

The data entry conventions for Item 3 of the “Form 24F-2 Annual Filing” screen are as follows:

- **Investment Company Act File Number:** Enter the Investment Company Act file number assigned to the filer’s registration statement beginning with “811-” prefix. This field is optional only for filers without an assigned “811-” file number.
- **Securities Act File Number:** Enter the Securities Act file number associated with the Filer CIK provided in the Filer Information section of this filing. The Securities Act file number is the number of the registrant’s most recent Securities Act registration statement (beginning with “2-”, “33-” or “333-”) relating to the securities being reported.

The application permits filers to enter more than one Securities Act file number. This new functionality provides filers issued multiple 33-Act numbers under their CIK (e.g. many N-4 and N-6 registrants) with the option to make one submission for all of their

33-Act file numbers.

The data entry conventions for Item 4 of the “Form 24F-2 Annual Filing” screen are as follows:

- **Last day of fiscal year for which this Form is filed:** Enter the last day of the fiscal year for which this form is filed (in MM/DD/YYYY format). Future dates are not permitted. If a filer ceases operations, then this date is deemed the last day of its fiscal year for purposes of section 24(f) of the Investment Company Act or rule 456(e) of the Securities Act.

- **Check box if this Form is being filed late (i.e., more than 90 calendar days after the end of the issuer’s fiscal year). (See Instruction A.2):** Select this check box if the form is filed more than 90 calendar days after the end of the issuer’s fiscal year.

If the filing date is more than 90 calendar days from the date provided in Item 4(a) and the filer has not selected this check box, the system will prompt the filer to do so upon submitting the form. This box should be checked if the filing is submitted after 5:30 P.M. EST on the due date. The due date is 90 calendar days after the date provided in Item 4(a). If the due date falls on a weekend or holiday, the due date become the next business day.

- **Check box if this is the last time the issuer will be filing this Form:** Select this check box if this is the last time the filer will be filing Form 24F-2 (i.e., if the filer has ceased operations).

Item 5 is a worksheet for calculating the registration fee due. The data entry conventions for Item 5 of the “Form 24F-2 Annual Filing” screen are as follows:

- **Series or Class (Contract) ID:** If you are calculating registration fees on a class-by-class or series-by-series basis, enter the EDGAR identifier for each such class or series. Alternatively, if a filer is calculating fees in the aggregate for all classes or series for which the form is being filed then this field is not applicable.

Note: Filers with Investment Company Type N-1A, N-3, N-4, or N-6 should not list any series or class IDs when there is only one instance of the form.

- **(i) Aggregate sale price of securities sold during the fiscal year pursuant to section 24(f) or rule 456(e):** Enter the aggregate sale price of securities sold during the fiscal year. Value must be greater than or equal to zero.
- **(ii) Aggregate price of securities redeemed or repurchased during the fiscal year:** Enter the aggregate price of securities redeemed or repurchased during the fiscal year. Value must be greater than or equal to zero.
- **(iii) Aggregate price of securities redeemed or repurchased during any prior fiscal year ending no earlier than the date the issuer became eligible to use this form that were not previously used to reduce registration fees payable to the Commission:** Enter the aggregate price of securities redeemed or repurchased during any prior fiscal year ending no earlier than the date the issuer became eligible to use this form that were not previously used to reduce registration fees payable to the Commission. Redemptions and repurchases should be reported as positive values. Value must be greater than or

equal to zero.

- **(iv) Total available redemption credits [add Items 5(ii) and 5(iii)]:** This field is pre-populated and non-editable. The value shown is the sum of Items 5(ii) and 5(iii).
- **(v) Net sales -- if Item 5(i) is greater than Item 5(iv) [subtract Item 5(iv) from Item 5(i)]:** This field is pre-populated and non-editable and is calculated by subtracting Item 5(iv) from Item 5(i). If the result is negative, a zero value will be displayed.
- **(vi) Redemption credits available for use in future years -- if Item 5(i) is less than Item 5(iv) [subtract Item 5(iv) from Item 5(i)]:** This field is pre-populated and non-editable. When Item 5(i) is less than Item 5(iv) the resulting negative number is shown in Item 5(vi). Zero is shown when Item 5(i) is greater than Item 5(iv). The amount of redemptions or repurchases reported in Item 5(vi) may be used by the filer in future years to offset sales by including it in response to Item 5(iii) of Form 24F-2 filed for the next fiscal year.
- **(vii) Multiplier for determining registration fee (See Instruction C.9):** This field is pre-populated and non-editable. The Commission determines the rate for calculating the registration fee (the “fee rate”) according to section 6(b) of the Securities Act [15 U.S.C. 77f(b)].
- **(viii) Registration fee due [multiply Item 5(v) by Item 5(vii)] (enter “0” if no fee is due):** This field is pre-populated. Filers may edit this value only when filing an amendment. If the issuer reports net redemptions or repurchases in Item 5(vi), report “0” in Item 5(viii).

Item 6 enables you to compute interest due if the form is filed late. The data entry conventions for Item 6 of the “Form 24F-2 Annual Filing” screen are as follows:

- **Interest due -- if this Form is being filed more than 90 days after the end of the issuer’s fiscal year (see Instruction D):**

Section 24(f) and rule 456(e) require a filer that pays its registration fee after the due date (see Instruction A.2) to pay interest. Enter the accrued interest based on the amount of the overdue registration fees starting with the day after the due date. The amount of interest is based on the interest rate in effect at the time the interest payment is made and should be calculated using the following formula:

$$I = (X) (Y) (Z/365)$$

where:

I = Amount of interest due

X = Amount of registration fee due

Y = Applicable interest rate, expressed as a fraction

Z = Number of days by which the registration fee payment is late

If the “4(b). Check box if this Form is being filed late (i.e., more than 90 calendar days after the end of the issuer’s fiscal year). (See Instruction A.2)” is selected, then enter a value. The value must be calculated to the nearest penny, and negative values are not permitted. If no interest is

due, enter the value as “0.00.”

The data entry conventions for Item 7 of the “Form 24F-2 Annual Filing” screen are as follows:

- **Total of the amount of the registration fee due plus any interest due [line 5(viii) plus line 6]:** This field is pre-populated and non-editable. The value shown is the total amount of the registration fee due plus any interest due [line 5(viii) plus line 6]. Negative values are not permitted.

The form must be accompanied by the appropriate registration fee. No part of the registration fee is refundable.

The data entry conventions for Item 8 of the “Form 24F-2 Annual Filing” screen are as follows:

- **Explanatory Notes (if any):** Provide any information that will be helpful in understanding the information reported in response to any item of this Form. Provide the item number(s), as applicable.

The following are the data entry conventions for the Signature section of the “Form 24F-2 Annual Filing” screen:

8.2.38.2 Requesting Confidentiality

The “Confidentiality Requested” checkboxes throughout the form allow applicants to notify the SEC that they are making specific information subject to a separate confidential treatment request, pursuant to Rule 24b-2 (17 CFR 240.24b-2). By default, the “Confidentiality Requested” check box is not selected.

- **For the “Application Information” screen and for questions 1, 2, and 3 on the “General Information (1-5)” screen:** When the “Confidentiality Requested” box is checked, the SEC is notified that the applicant would like to make this information confidential. In Information Table 1 of Form SHO, the Manager will report its gross short position at the close of regular trading hours on the last settlement date of the reporting period in terms of both the number of shares (rounded down to the nearest positive integer, or zero) and the U.S. dollar value (rounded to the nearest dollar), without including any offsetting economic positions.

1. *Instructions for Information Table 1—Manager's Monthly Gross Short Position:*

h. *Column 8. End of Month Gross Short Position (rounded to nearest USD).* Enter the U.S. dollar value of the number of shares reported in Column 7, rounded to the nearest dollar. A Manager shall calculate the corresponding U.S. dollar value of the reported gross short position by multiplying the number of shares of the security for which information is being reported by the closing price at the close of regular trading hours on the last settlement date of the calendar

month reporting period. In circumstances where such closing price is not available, the Manager shall use the price at which it last purchased or sold any share of that security. Must be a positive integer of up to 20 digits or zero.

8.2.40.5 Information Table 2—Daily Activity Affecting Manager's Gross Short Position During the Reporting Period

Information Table 2 of Form SHO captures daily activity that increases or decreases a Manager's gross short position. More specifically, for each settlement date during the reporting period, a Manager that meets a threshold prescribed under Rule 13f-2 shall report how it established or increased its gross short position, or reduced and/or closed out its gross short position, in an equity security through activities that affect the Manager's gross short position as prescribed in Form SHO Special Instruction 9.g. A positive number of shares indicates net acquisition activity in the equity security on the specified settlement date—i.e., reducing a Manager's gross short position. A negative number of shares indicates net sale activity in the equity security on the specified settlement date—i.e., increasing a Manager's gross short position.

A Manager shall report zero shares (“0”) only if there is buy/sell activity affecting the Manager's gross short position but no net change in that short position on the specified settlement date. A Manager shall enter “None” if, on the specified settlement date, there are no activities that affect the Manager's gross short position as prescribed in Form SHO Special Instruction 9.g.

1. Instructions for Information Table 2—Daily Activity Affecting Manager's Gross Short Position During the Reporting Period:

a. *Column 1. Settlement Date.* Enter each date during the reporting period on which a trade settles (settlement date). Report, on a separate row, information for each U.S. settlement date during the calendar month reporting period as prescribed in Form SHO Special Instruction 9, taking into account the Depository Trust and Clearing Corporation (“DTCC”) Holiday Schedule. The date must be a valid weekday from the same calendar month as the Report for Period Ended date provided on the Cover Page. No future date is allowed.

b. *Column 2. Issuer Name.* Enter the name of the issuer of the equity security for which information is being reported. Reasonable abbreviations are permitted. This field is automatically populated from the corresponding record in Information Table 1.

c. *Column 3. Issuer LEI.* “LEI” means, with respect to any company, the “legal entity identifier” as assigned or recognized by the Global LEI Regulatory Oversight Committee or the Global LEI Foundation. If the issuer has a non-lapsed LEI, enter the issuer's LEI. This field is automatically populated from the corresponding record in Information Table 1.

d. *Column 4. Title of Class.* Enter the title of the class of the security for which information is being reported. Reasonable abbreviations are permitted. This field is automatically populated from the corresponding record in Information Table 1.

e. *Column 5. CUSIP Number.* Enter the nine (9) digit Committee of Uniform Securities Identification Procedures (“CUSIP”) number (or the 9-digit CUSIP International Numbering System (“CINS”) number) of the security for which information is being reported, if applicable. This field is automatically populated from the corresponding record in Information Table 1.

f. *Column 6. FIGI.* Enter the twelve (12) character, alphanumeric Financial Instrument Global Identifier (“FIGI”) of the security for which information is being reported, if a FIGI has been assigned. This field is automatically populated from the corresponding record in Information Table 1

g. *Column 7. Net Change in Short Position (Number of Shares).* For each settlement date during the reporting period, report how a Manager has been established, increased, reduced and/or closed out, as a result of the acquisition or sale of shares of that equity security. Report only buy/sell activity affecting a Manager’s gross short position on a specified settlement date. Reported information must consider the types of acquisition and sale activity prescribed in Form SHO Special Instructions 9.g.1-g.10.

Net change should be expressed as a number of shares. A positive number of shares indicates net acquisition activity in the equity security on the specified settlement date—i.e., reducing a Manager’s gross short position. A negative number of shares indicates net sale activity in the equity security on the specified settlement date—i.e., increasing a Manager’s gross short position.

A Manager shall report zero shares (“0”) only if there is buy/sell activity affecting the Manager’s gross short position but no net change in that short position on the specified settlement date. A Manager shall enter “None” if there are no activities that affect the Manager’s gross short position as prescribed in Form SHO Special Instruction 9.g on the specified settlement date.

8.2.40.6 Submitting Form SHO

After completing all required Form SHO information, click the “Submit” button at the top of the screen to transmit the submission to EDGAR.

The system will validate the form to verify that all required items have been completed. A red “x” icon will display on screens that contain incomplete or invalid data. Complete any missing information and correct any errors before attempting to re-submit the form to EDGAR.

Confirmation

If the filer is filing a “Live” submission and there are no errors in the form, the system will display a “Confirmation” screen. The “Confirmation” screen will prompt the filer to “Transmit” or “Cancel” the Form SHO submission.

- Click “Cancel” to cancel the live submission. This will return the filer to the “Filer Information” screen.
- Click “Transmit LIVE Submission” to submit the Form SHO filing to EDGAR for processing.

EDGAR will automatically send a notification to the e-mail address(es) specified on the “Filer

Information” screen, stating that the filing was accepted. The filing status notification can also be retrieved from the “Retrieve Submission Information” screen of the EDGAR Filing Website or the EDGAR OnlineForms Management website.

EDGAR will not disseminate Form SHO filings to the public. The Commission will publish, through EDGAR, certain short sale related information regarding each equity security reported by Managers on Form SHO on an anonymized and aggregated basis: (i) from Information Table 1—as an aggregated number of shares across all reporting Managers, the Managers’ gross short position in the reported equity security at the close of regular trading hours on the last U.S. settlement date of the calendar month, as well as the corresponding U.S. dollar value of that reported gross short position; and (ii) from Information Table 2—for each U.S. settlement date during the calendar month, the “net” activity in the reported equity security, aggregated across all reporting Managers. The Commission expects to publish the aggregated and anonymized information within one month after the end of the reporting calendar month. The Commission expects to update such published aggregated and anonymized information with amendments on a weekly basis.

Acknowledgment

If the filer is filing a “Test” submission and there are no errors in the filing, then the system will display an “Acknowledgment” screen. The “Acknowledgment” screen provides acknowledgment of the submission. Filers should retain the submission’s accession number for their records.
