Infanger Investment Technology, LLC  
Client Relationship Summary  
Form CRS/Form ADV, Part 3

Infanger Investment Technology, LLC is registered with the Securities and Exchange Commission as an investment advisor. Brokerage and investment advisory services and fees differ and it is important to understand the differences. Free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://www.investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisors, and investing.

***What investment services and advice can you provide me?***

We offer investment advisory services for the management of (1) global asset allocation strategies that invest in balanced portfolios of equities from four world regions and fixed-income securities of various maturities and (2) regional equity strategies of investments in the U.S. and in the European Union markets. We employ purely quantitative investment techniques based on its proprietary quantitative and mathematical processes both for selecting assets and for constructing diversified portfolios. A performance review of each account is performed on a monthly basis by Gerd Infanger, Managing Member.

Our investment advisory services are offered on a discretionary basis which means we don't need to call you when buying or selling in your account. You give us this authority when you sign our investment management agreement. This agreement will remain in place until you or we terminate it.

We do not restrict our advice to limited types of products or investments.

Additional information about our services is located in Items 4, 7, 13 and 16 of our [Firm Brochure](https://adviserinfo.sec.gov/firm/brochure/112328) (adviserinfo.sec.gov/firm/brochure/112328).

***What fees will I pay?***

You will be charged an ongoing annual fee, billed in monthly installments. This fee is based on your account value as of the last day of each month. Our fees vary based on the investment strategy being used and range from 0.3% to 0.5%. Fees are not negotiable. The more assets you have in your advisory account, the more you will pay us. This gives us an incentive to encourage you to increase the assets in your account which will increase our fees.

The broker/dealer (custodian) that holds your assets can charge you a transaction fee when we buy or sell an investment for you. The broker/dealer's transaction fees are in addition to our fee for advisory services.

You may also pay charges imposed by the broker/dealer holding your account for certain investments and maintaining your account. Some investments, such as mutual funds, index funds, exchange traded funds, and variable annuities charge additional fees that will reduce the value of your investments over time.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. Additional information about these fees and costs may be found in Items 5 and 12 of our [Firm Brochure](https://adviserinfo.sec.gov/firm/brochure/112328).

| ✓ Help me understand how these fees and costs might affect my investment. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me? |
|---|

***What are your legal obligations to me when acting as my investment advisor? How else does your firm make money and what conflicts of interest do you have?***

**When we act as your investment adviser**, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

We recommend Interactive Brokers to serve as custodian to our clients. Interactive Brokers provides us with certain products and services at no cost that benefit us but do not benefit our clients. Certain of these products and services assist us in managing and administering our clients' accounts and others help us develop our business. The receipt of these products and services creates a conflict of interest because it gives us an incentive to have clients choose Schwab as a custodian.

Additional information about our conflicts of interest is located in Item 12 of our Firm Brochure.

| ✓ How might your conflicts of interest affect me, and how will you address them? |
|--|

***How do your financial professionals make money?***

Our financial professional is compensated based on the income generated by investment management fees, less any expenses. As described earlier on the first page of this document with regard to investment management fees, this creates an incentive to increase the assets in your account which will increase the compensation he receives.

***Do you or your financial professionals have legal or disciplinary history?***

No. Investor.gov/CRS is a free and simple search tool to research Infanger Investment Technology, LLC and our financial professionals.
