

GRYPHON FINANCIAL PARTNERS, LLC

March 18, 2024

Item 1. Introduction.

Gryphon Financial Partners is registered with the United States Securities and Exchange Commission as an investment adviser. Brokerage and investment advisory services and fees differ and it is important for you to understand the differences. Free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://www.investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers and investing.

Item 2: What investment services and advice can you provide to me?

Gryphon Financial Partners provides investment management, financial consulting, financial planning and retirement planning services to retail investors. Depending upon the client profile and investment management services program selected, we may provide investment management services on a wrap fee program basis. We tailor your investment management services to match the individual needs and risk tolerances of our clients. Our investment professionals conduct reviews of your account frequently to judge the appropriateness of investments held in your account. If we provide you financial consulting or planning only services, after delivery of the completed financial plan or consulting services to you, we do not engage in any ongoing review or services, unless you engage us to provide investment management services. We provide investment management services on a discretionary basis pursuant to authority granted to us in your client agreement. Pursuant to this discretionary authority we are authorized to determine which securities are bought and sold, the total amount to be bought and sold, and the costs at which transactions will be effected. However, there are certain clients for which we provide investment management services on a non-discretionary basis. We do not limit the provision of our services to proprietary products. In addition, we generally do not limit the types of investments we utilize for clients, but consistently utilize individual equity securities, mutual funds, exchange traded funds, fixed income securities, private funds/illiquid investments and options and other derivative investments. We typically do not impose account minimums for new clients. Regardless, we reserve the right to accept or decline a potential client for any reason in our sole discretion.

For additional information, please refer to our [Form ADV Part 2A Brochure](#), especially [Item 4 Advisory Business](#) and [Item 7 Types of Clients](#), [Item 13 Review of Accounts](#), and [Item 16 Investment Discretion](#), as well as [Item 4.A Services Fees and Compensation](#) and [Item 5 Account Requirements and Types of Clients](#) in our [Form ADV Part 2A Appendix 1 Wrap Fee Program Brochure](#).

Questions to Ask Us:

Given my financial situation, should I chose an investment advisory service? Why or why not?

How will you choose the investments to recommend to me?

What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?

Item 3 (part 1): What fees will I pay?

For our services we charge an asset based fee, an asset based wrap program fee, fixed fees, retainer fees and/or hourly charges. The type of fee arrangement is dependent upon the services that we provide to you. For an asset based fee, the more assets that are in a client's advisory account, the more a client will pay in fees. Therefore, we may have an incentive to encourage clients to increase the assets in his or her account. Asset based wrap program fees will include most transaction costs and fees to a broker-dealer or bank that has custody of the client's assets, and therefore are often higher than a typical asset-based advisory fee.

In addition to our fees you will be responsible for other fees and expenses, such as, transaction charges and fees/expenses charged by any custodian of your account, subadvisor, mutual fund, exchange traded fund, separate account manager and any taxes or fees required by federal or state law. When providing investment management services pursuant to an asset based wrap program fee, you will be responsible for other fees and expenses, such as fees/expenses charged by any subadvisor, mutual fund, exchange traded fund, separate account manager and any taxes or fees required by federal or state law, as well as commission and transaction fees for any transactions executed away from the program broker-dealer.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For additional information, see [Item 5 Fees and Compensation](#) of our [Form ADV Part 2A Brochure](#) and see [Item 4 Services, Fees and Compensation](#) of our [Form ADV Part 2A Appendix 1 Wrap Fee Program Brochure](#).

Question to Ask Us:

Help me to understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

Item 3 (part 2): What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide to you. As an example, we utilize private investment vehicles for which we and certain of our personnel serve in a control relationship. For additional information, please refer to our [Form ADV Part 2A Brochure](#), specifically [Item 10 Other Financial Industry Activities and Affiliations](#) and [Form ADV Part 2A Appendix 1 Wrap Fee Program Brochure](#), specifically [Item 9 Additional Information](#).

Question to Ask Us:

How might your conflicts of interest affect me, and how will you address them?

Item 3 (part 3): How do your financial professionals make money?

Our financial professionals are paid pursuant to a combination of salary and a bonus structure. The bonus structure takes into consideration the amount of new client assets obtained by the firm. Certain of our financial professionals serve as registered representatives of unaffiliated broker-dealers. These financial professionals earn commissions and other fees on products sold through the unaffiliated broker-dealer. While no commissions are earned by these financial professionals relative to any of our client investment advisory services accounts, this presents a conflict of interest because these financial professionals in their role as registered representatives for the unaffiliated broker-dealer are incentivized to make recommendations based on the compensation received rather than on a client's needs. Certain of our financial professionals are also licensed insurance agents and in that capacity may recommend the purchase of certain insurance products to our clients. These financial professionals earn commissions for the sale of insurance products and, therefore, this presents a conflict of interest because these financial professionals in their role as insurance agents are incentivized to make insurance product recommendations based on the compensation received rather than on a client's needs. For additional information regarding our financial professionals' activities as registered representatives of an unaffiliated broker-dealer and insurance agents please refer to our [Form ADV Part 2A Brochure](#), specifically [Item 10 Other Financial Industry Activities and Affiliations](#).
