As required by OMB Memorandum entitled Service Contract Inventories, dated September 20, 2016, SEC has selected the following PSCs in its FY 2015 inventory. The SEC selected five (5) PSCs. None of the selected PSCs were included in the FY 2015 review. Additionally, these PSCs represent approximately 36% of the total obligated dollars for FY 2016.

D308	IT AND TELECOM-PROGRAMMING	\$6,092,359.73	PSC selected because it is new to the top ten biggest percentages of obligations and has not been previously reviewed.
