DRAFT

Notice

This draft Filer Manual, posted before Commission approval of potential regulatory changes in this release, is provided as a service to our filing community to assist filers, agents, and software developers in their preparation of responses to potential changes the staff anticipates. Since this is a draft manual, the SEC retains the right to change any part of the manual before the new system release is made final. In addition, the final EDGAR Filer Manual (Volume I) (Version 33) is subject to Commission approval and may be revised before approval or not approved at all. Similarly, the posting of the draft manual does not indicate Commission approval of any pending proposed changes relating to the potential changes reflected in the draft manual. The changes outlined in this draft manual, if approved, are scheduled to take effect on June 10, 2019 for non-rule based changes or on the rule effective date for changes related to SEC rules. See SEC Final Rules posted on the SEC's Public Website for information on the rule effective date. The final version of the manual will be made available, if approved by the Commission, on or about June 10, 2019, on the SEC's Public Website.

Use this EDGAR® Filer Manual when making electronic filings with the United States Securities and Exchange Commission (SEC or "Commission"). See Rule 301 of Regulation S-T.

The EDGAR Filer Manual consists of three volumes. EDGAR Filer Manual (Volume I) General Information introduces the requirements for becoming an EDGAR Filer and maintaining EDGAR company information. EDGAR Filer Manual (Volume II) EDGAR Filing illustrates the process to submit an online filing. EDGAR Filer Manual (Volume III) N-SAR Supplement is a guide for preparing electronic submissions of Form N-SAR.

For up-to-date information regarding filing-related topics, consult the following EDGAR websites:

- Information for EDGAR Filers (<https://www.sec.gov/info/edgar.shtml>)
- EDGAR Gateway to submit filings (<https://www.portal.edgarfiling.sec.gov>)
- EDGAR Company Database (<https://www.edgarcompany.sec.gov>)

EDGAR® and EDGARLink® are registered trademarks of the Securities and Exchange Commission. EDGARLite™ is a trademark of the Securities and Exchange Commission. All other product brand names mentioned in this Filer Manual are trademarks or registered trademarks of their respective holders.

To protect the privacy of our filing community, filers are asked not to include social security numbers in filings submitted to the Commission.

Updates

On June 10, 2019, the following changes will be made to the EDGAR Filer Manual as part of EDGAR Release 19.2:

- Effective June 10, 2019, an enhanced "Application for EDGAR Access (Form ID)" will be available on the EDGAR Filer Management Website. This can be accessed by selecting the 'Apply for EDGAR Access (New)' link on the home page of the EDGAR Filer Management Website. As part of the online version of the form:
 - Applicants will be able to save their Form ID application and then resume the application by restoring it at a later time.

In addition, PDF attachments for "Application for EDGAR Access (Form ID)" and "Update Passphrase" will be validated. See Chapter 3 (Becoming an EDGAR Filer) of the "EDGAR Filer Manual, Volume I: General Information."

- After June 30, 2019, EDGAR will no longer accept the following form types due to the Commission's rescission of Form N-SAR (Release 33-10231): NSAR-A, NSAR-A/A, NSAR-AT, NSAR-AT/A, NSAR-B, NSAR-B/A, NSAR-BT, NSAR-BT/A, NSAR-U, NSAR-U/A, NT-NSAR, NT-NSAR/A, NTFNSAR, and NTFNSAR/A. In addition, "EDGAR Filer Manual, Volume III: N-SAR Supplement" will be rescinded and no longer available for download from <https://www.sec.gov/info/edgar/edmanuals.htm>.
- In Commission Release 33-10618, certain disclosure requirements for Regulation S-K will be modernized and simplified. These changes will improve readability and navigability of disclosure documents, as well as discourage repetition and the disclosure of immaterial information. As a result of these changes:
 - Filers will be able to include cover tags within any Inline XBRL document set for submission forms that permit Inline XBRL. EDGAR will warn filers if any required cover tags are missing, nil, or empty in 10-K, 10-K/A, 10-KT, 10-KT/A, 10-Q, 10-Q/A, 10-QT, 10-QT/A, 8-K, 8-K/A, 8-K12B, 8-K12B/A, 8-K12G3, 8-K12G3/A, 8-K15D5, 8-K15D5/A, 20-F, 20-F/A, 40-F, and 40-F/A when these are submitted as Inline XBRL format.
 - Filers will be able to reference modules and segments constructed in either ASCII or HTML format in their HTML submission documents.

See Chapter 5 (Constructing Attached Documents and Document Types), Chapter 6 (Interactive Data), and Appendix A (Messages Reported by EDGAR) of the "EDGAR Filer Manual, Volume II: EDGAR Filing."

- Form MA (and its variants) will be updated with the following changes:
 - For submission form types MA, MA-A, MA/A, MA-I, and MA-I/A submitted using the filer-interface, EDGAR will no longer prepend leading zeros for the provided CRD Number values. Any CRD Number with prepended zeros will have the zeros removed.

For filer-constructed submissions, filers should either provide a value of "000000000" or ensure that the CRD Number value does not have any leading

DRAFT

zeros. Otherwise, the filer-constructed submission will be suspended if there are leading zeros for the CRD Number value.

- For submission form types MA, MA-A, and MA/A, filers will no longer be able to edit their response if a value of “No” is provided for the field “Is the mailing address different from the principal office and place of business address in Item 1-E(1)?”
- For submission form types MA-A and MA/A, Schedule C will be updated with a “Summary of Schedule C Changes” button to only display the newly added, edited, or deleted entries from Schedules A and B in that current submission. On the Print ‘Current Form’ option, only the newly added, edited, or deleted entries from Schedule C will display within Schedule C. The “Type of Amendment” value will no longer pre-populate for existing entries on Schedule C.
- The Print ‘Current Form’ option for submission form types MA, MA-A, MA/A, MA-I, and MA-I/A will be updated to no longer display Part 2 information of the DRPs if a filer responds “Yes” to the field “Is an accurate and up-to-date DRP containing the information regarding the applicant or associated person required by this DRP already on file (a) in the IARD or CRD system (with a Form ADV, BD, or U4), or (b) in the SEC’s EDGAR system (with a Form MA or Form MA-I)?” In addition, the “Provide the applicable information indicated below that identifies where the DRP may be found” section of Part 1 of the DRPs will not be displayed on the Print ‘Current Form’ if there is no information provided in that section within Part 1.

See Chapter 8 (Preparing and Transmitting Online Submissions) of the "EDGAR Filer Manual, Volume II: EDGAR Filing."

For more information, see the "EDGAR Form MA XML Technical Specification" document available on the SEC's Public Website (<https://www.sec.gov/info/edgar/tech-specs>).

- EDGAR will no longer provide support for the US-GAAP 2017, EXCH 2017, and CURRENCY 2016 taxonomies. EDGAR will also be updated to support the 2019 version of IFRS Taxonomy. Please see <https://www.sec.gov/info/edgar/edgartaxonomies.shtml> for a complete list of supported standard taxonomies.

EDGAR Release 19.2 will also implement a number of other changes that do not impact the EDGAR Filer Manual, which are detailed in the Release Notes.

On April 1, 2019, EDGAR Release 19.1.1 introduced the following changes:

- EDGAR Release 19.1.1 implemented changes to the filing requirements for submission form type NPORT-P to be filed 60 calendar days following the month indicated in the period date of the submission. Submission form type NPORT-NP was updated to be filed within and up to 60 calendar days after the end of a fund’s fiscal quarter. Regardless of this change, the first six months of NPORT-P and NPORT-P/A filings will remain non-public. The following changes were implemented because of Commission rulemaking as described in Release IC-33384:

- Require filers to indicate that NPORT-P and NPORT-P/A submissions are non-confidential, and that NPORT-NP and NPORT-NP/A submissions are confidential.
- Allow filers to submit NPORT-EX as an attachment for submission form types NPORT-P and NPORT-P/A with a period date after August 31, 2019.
- Suspend submission form types NPORT-EX and NPORT-EX/A filings with period dates after August 31, 2019.
- Immediately disseminate NPORT-P and variant filings including attachments if those filings pass EDGAR validations and have a period date after August 31, 2019.

For more information, see the “EDGAR Form N-PORT XML Technical Specification” document available on the SEC’s Public Website (<https://www.sec.gov/info/edgar/tech-specs>).

- Submission form types ATS-N, ATS-N/MA, ATS-N/UA, ATS-N/CA, ATS-N/OFA, ATS-N-C, and ATS-N-W have been updated with revised error messages to indicate that invalid characters are not allowed in free-text fields. Filers should refer to Chapter 5 (Constructing Attached Documents and Document Types) of the “EDGAR Filer Manual, Volume II: EDGAR Filing” for more details on EDGAR acceptable characters. See Chapter 8 (Preparing and Transmitting Online Submissions) of the “EDGAR Filer Manual, Volume II: EDGAR Filing.”

For more information, see the “EDGAR Form ATS-N XML Technical Specification” document available on the SEC’s Public Website (<https://www.sec.gov/info/edgar/tech-specs>).

~~On December 17, 2018, the following changes will be made to the EDGAR Filer Manual as part of EDGAR Release 18.4—Phase 1:~~

- ~~In Release No. 34-83663 (83 FR 38768) adopted July 18, 2018, the Commission adopted new Form ATS-N, which will require alternative trading systems (ATSs) that trade National Market System (NMS) stocks (NMS Stock ATS) to disclose information about the broker-dealer that operates the ATS (Broker-Dealer Operator), how the ATS operates, and the ATS-related activities of the Broker-Dealer Operator and its affiliates. EDGAR will be updated to add the following new submission form types to EDGAR Online Forms:~~
 - ~~ATS-N: Initial Form ATS-N (Rule 304(a)(1)(i))~~
 - ~~ATS-N/MA: Material Amendment (Rule 304(a)(2)(i)(A))~~
 - ~~ATS-N/UA: Updating Amendment (Rule 304(a)(2)(i)(B))~~
 - ~~ATS-N/CA: Correcting Amendment (Rule 304(a)(2)(i)(C))~~
 - ~~ATS-N/OFA: Order Display and Fair Access Amendment (Rule 304(a)(2)(i)(D))~~
 - ~~ATS-N-C: Notice of Cessation (Rule 304(a)(3))~~
 - ~~ATS-N-W: Withdrawal of Form ATS-N filing~~

DRAFT

~~Pursuant to Rule 304, an entity seeking to operate an NMS Stock ATS must file a Form-ATS-N on or after January 7, 2019. A Legacy NMS Stock ATS must file a Form-ATS-N no earlier than January 7, 2019, and no later than February 8, 2019.~~

~~The new Form-ATS-N submission form types will be accessible by selecting the 'File-Form-ATS-N' link on the EDGAR Filing Website. Additionally, filers may construct XML submissions for these submission form types by following the "EDGAR Form-ATS-N XML Technical Specification" document available on the SEC's Public Website (<https://www.sec.gov/info/edgar/tech-specs>). See Chapter 3 (Index to Forms), Chapter 5 (Constructing Attached Documents and Document Types), Chapter 7 (Preparing and Transmitting EDGARLink Online Submissions), Chapter 8 (Preparing and Transmitting Online Submissions), Appendix A (Messages Reported by EDGAR), and Appendix E (Automated Conformance Rules for EDGAR Data Fields) of the "EDGAR Filer Manual, Volume II: EDGAR Filing."~~

- ~~● In Release 33-10486 adopted April 25, 2018, the Commission revised item requirements to remove fields that ask for personally identifiable information:~~
 - ~~○ The Social Security Number and Date of Birth fields will be removed from submission form types CFPORTAL, CFPORTAL/A, and CFPORTAL-W.~~
 - ~~○ The Social Security Number, Date of Birth, and Foreign ID No. fields will be removed from submission form types MA, MA-A, and MA/A.~~
 - ~~○ The Social Security Number field will be removed from submission form types MA-I and MA-I/A.~~

~~See Chapter 8 (Preparing and Transmitting Online Submissions) of the "EDGAR Filer Manual, Volume II: EDGAR Filing."~~

- ~~● Submission form types 1-A, 1-A/A, 1-A-POS, DOS, and DOS/A will be updated to rename "Income Statement Information" to "Statement of Comprehensive Income Information" in Item 1: Issuer Information. See Chapter 8 (Preparing and Transmitting Online Submissions) of the "EDGAR Filer Manual, Volume II: EDGAR Filing."~~
- ~~● "EDGAR Filer Manual Volume I: General Information" will include the following updates:~~
 - ~~○ Revised hyperlinks for accessing the EDGAR Filer Manuals on the SEC's Public Website.~~
 - ~~○ Revised contact information for the Division of Corporation Finance and the Division of Investment Management.~~
 - ~~○ The EDGAR OnlineForms/XML Website will be renamed the EDGAR OnlineForms Website.~~
 - ~~○ Section 5.6 will be renamed "Filing Fees".~~

~~See Chapter 2 (General Information for Filers), Chapter 3 (Becoming an EDGAR Filer), Chapter 4 (Generating EDGAR Access Codes), Chapter 6 (Introduction to Filing on EDGAR), and Appendix B (Frequently Asked Questions) of the "EDGAR Filer Manual, Volume I: General Information."~~

- ~~“EDGAR Filer Manual Volume II: EDGAR Filing” will include the following updates:~~
 - ~~Revised hyperlinks for accessing the EDGAR Filer Manuals on the SEC's Public Website.~~
 - ~~Revised contact information for the Division of Corporation Finance and the Division of Investment Management.~~
 - ~~The EDGAR OnlineForms/XML Website will be renamed the EDGAR OnlineForms Website.~~
 - ~~Modified content for Chapter 3 (Index to Forms) to update instructions, and include forms previously overlooked.~~
 - ~~Revised instructions for select form types for ease of understanding.~~

~~See Chapter 2 (Quick Guide to EDGAR Filing), Chapter 3 (Index to Forms), Chapter 4 (Filing Fee Information), Chapter 5 (Constructing Attached Documents and Document Types), Chapter 6 (Interactive Data), Chapter 7 (Preparing and Transmitting EDGARLink Online Submissions), Chapter 8 (Preparing and Transmitting Online Submissions), Appendix B (Frequently Asked Questions), Appendix C (EDGAR Submission Types), Appendix D (Paper Forms), and Appendix F (Glossary of Commonly Used Terms, Acronyms and Abbreviations).~~

- ~~Section titles in Chapter 6 (Interactive Data) of “EDGAR Filer Manual Volume II: EDGAR Filing” will be updated for readability and ease of understanding.~~

~~EDGAR Release 18.4—Phase 1 will also implement a number of other changes that do not impact the EDGAR Filer Manual, which are detailed in the Release Notes.~~

~~On January 28, 2019, the following changes will be made as part of EDGAR Release 18.4—Phase 2:~~

- ~~The Schedule B tab in submission form types MA-A and MA/A will be displayed when Schedule B information is present from the most recent MA, MA-A, and MA/A filings, regardless of how a filer responded to the “Does *applicant* have any indirect owners to be reported on Schedule B?” field on Schedule A for the initial MA filing. See Chapter 8 (Preparing and Transmitting Online Submissions) of the “EDGAR Filer Manual, Volume II: EDGAR Filing.”~~
- ~~In Release 33-10514, adopted June 28, 2018, the Commission revised the requirements surrounding Inline XBRL (iXBRL):~~
 - ~~The list of submissions that allow the primary document to be in iXBRL format now include submission form types S-1, S-1/A, S-1MEF, S-3, S-3/A, S-3ASR, S-3D, S-3DPOS, S-3MEF, S-4, S-4/A, S-4EF, S-4MEF, S-4POS, S-11, S-11/A, S-11MEF, F-1, F-1/A, F-1MEF, F-3, F-3/A, F-3ASR, F-3D, F-3DPOS, F-3MEF, F-4, F-4/A, F-4EF, F-4MEF, F-4POS, F-10, F-10/A, F-10EF, F-10POS, 485BPOS, and 497.~~
 - ~~Tagged content can appear in more than one iXBRL formatted attachment on a single submission.~~

DRAFT

- ~~○ EX-100 Voluntary XBRL attachments will no longer be allowed for EDGAR submissions.~~
- ~~○ Edits to Section 6.13 of the “EDGAR Filer Manual, Volume II: EDGAR Filing” will relax certain rendering requirements and related validations for submission form types 485BPOS and 497 that are formatted with Inline XBRL. Filers will not be required to reproduce the layout, ordering, and formatting of each Filing Summary using custom linkbases and text blocks with “embedded” tables. Validation errors that would otherwise be produced related to the display of numbers in bar charts and other rendering-related requirements will be relaxed. Submissions without Inline XBRL remain unaffected by these simplifications.~~

~~See Chapter 5 (Maintenance of Company Data), Chapter 6 (Interactive Data), and Appendix E (Automated Conformance Rules for EDGAR Data Fields) of the “EDGAR Filer Manual, Volume II: EDGAR Filing.”~~

~~EDGAR Release 18.4—Phase 2 will also implement a number of other changes that do not impact the EDGAR Filer Manual, which are detailed in the Release Notes.~~

Preface

Welcome to the Electronic Data Gathering, Analysis, and Retrieval (EDGAR) system of the U.S. Securities and Exchange Commission (SEC). EDGAR provides an electronic filing process for filers and filing agents submitting documents under the Securities Act of 1933, the Securities Exchange Act of 1934, the Trust Indenture Act of 1939, and the Investment Company Act of 1940 (collectively, “Acts”).

When you have determined that you have a requirement to file electronically on EDGAR, you must follow a specified process. The first step of this process, applying to be an electronic filer, is covered in this manual. The EDGAR system has built in a number of safeguards that require you to complete a formal application process before you can access most of the EDGAR Filer websites. After you complete that process, you will be able to generate new or replacement access codes that allow you to start filing on the system. These codes also provide access to other sites that allow you to create certain types of filings, or to update your company information. The two EDGAR Filer Manuals are designed to help you follow this process. The first volume of this manual covers the application process and outlines how to keep your company data, which is stored in EDGAR, up-to-date. The second volume helps you understand the tools provided by the SEC for constructing and transmitting electronic submissions.

The SEC accepts electronic submissions through the Internet. EDGAR will disseminate that information and you may view electronically submitted filings in the SEC’s Public Reference Room in Washington, DC, through commercial dissemination services, or by using the SEC’s website on the World Wide Web (<https://www.sec.gov>).

Do you need to file through EDGAR?

Whether or not you need to submit filings on EDGAR will depend on the form type(s) you are required to submit. For those requirements, refer to Regulation S-T, Rule 101 [Mandated Electronic Submissions and Exceptions].

Rules Governing Forms and Filing Information

EDGAR provides you with an electronic means to submit information to us. **It does not change the content of what you submit.** Regulation S-T mandates electronic submissions of filings by all domestic and foreign registrants. Regulation S-T also provides the general requirements and procedures for electronic filing. You may find copies of Regulation S-T in the Federal Register and the Code of Federal Regulations (17 CFR Part 232) in our Public Reference Rooms. You will also find Regulation S-T under Rules, Regulations, and Schedules page on the SEC’s website (<https://www.sec.gov/divisions/corpfin/ecfrlinks.shtml>) under Forms and Associated Regulations, EDGAR.

Please see the EDGAR Filer Manual Volume II for a detailed listing of laws and releases that affect electronic filing. You may obtain copies of this material from our SEC website (<https://www.sec.gov/info/edgar/edmanuals.htm>).

DRAFT

1. INTRODUCTION TO VOLUME I

1.1 Organization of this Manual

This volume is divided into chapters and appendices. The paragraphs and subparagraphs are numbered for easy reference (e.g., 1.2, 3.6.1).

The chapters of this volume primarily refer to the process of registering as an electronic filer on EDGAR and maintaining your company information.

The following outline shows you where to find information in this volume. An index is also provided at the end of this document.

CHAPTER 1 – Introduction

CHAPTER 2 – General Information for Filers

CHAPTER 3 – Becoming an EDGAR Filer

CHAPTER 4 – Generating EDGAR Access Codes

CHAPTER 5 – Maintenance of Company Data

CHAPTER 6 – Introduction to Filing on EDGAR

APPENDICES:

A Glossary of Commonly Used Terms, Acronyms, and Abbreviations

This glossary contains terms, acronyms, and abbreviations used in the Filer Manual.

B Frequently Asked Questions

Answers to some of the questions asked most frequently by EDGAR filers.

C Automated Name Conformance Rules for Company and Individual Entity Names

Appendix C explains the conformance rules that will be automatically applied to company and Individual Entity Names entered in the EDGAR system.

1.2 Conventions Used in this Manual

As you read this volume you should notice attributes assigned to certain types of text:

- Instructions to press a key on a keyboard or click a button or tab on the screen appear in square brackets and in title case:
Press [Enter]
Click [Module/Segment]
- Titles of check, dialog, and list boxes, fields, functions, options, processes, queries, reports, pages, tables, and windows appear in title case:
Submission Type list box
Name field
Company Information query
Return Copy check box

- Menus, menu options, radio buttons, and statuses appear in title case and have double quotation marks around them:
 - “Test Filing” radio button
 - From the “Edit” menu, select “Copy”
 - “Busy” status
- Directories and file names appear in bold text:
 - The **C:\temp** directory
 - r10q-630.txt** (the file saved in ASCII)
- Keystroke combinations appear between less-than and greater-than brackets and in upper case:
 - <ALT-TAB>
 - <CTRL-C>
- Internet Hyperlinks appear underlined and italicized:
 - <https://www.filermanagement.edgarfiling.sec.gov>*

2. GENERAL INFORMATION FOR FILERS

2.1 How to Obtain the EDGAR Filer Manual

You can download the latest version of the Filer Manual from our website (<https://www.sec.gov/info/edgar/edmanuals.htm>). The Filer Manual is also available on the EDGAR Filing Website (<https://www.edgarfiling.sec.gov>) under “General Help”.

2.2 Hours of Operation

EDGAR accepts new filer applications, new filings, and changes to filer data each business day, Monday through Friday, from 6:00 A.M. to 10:00 P.M., Eastern Time. Transmissions started but not completed by 10:00 p.m. Eastern Time may be canceled, and you may have to re-submit on the next business day.

2.3 Introduction to Web Browsers

The EDGAR system uses web-based technology to make submitting filings easier and faster. Web browsers read code called Hypertext Mark-up Language (HTML). Many people have become familiar with HTML since they have used the Internet. We use a browser as an integral part of EDGAR, providing our interface to the EDGAR Filing Website.

2.3.1 Browser Differences

Internet Explorer (IE) and Google Chrome browsers comply with Secure Socket Layer (SSL) communications that you will use to reach the EDGAR websites. Which browser you use is a personal preference. This section covers some functions that are innate to browsers and how your browser should be set up. You should be aware that there might be subtle differences if you are using IE or Google Chrome.

Figure 2-1: Browser Menu Bars

Browsers have very similar navigation functions: [Back], [Forward], [Stop], and [Reload] buttons, Current Address Location fields, as well as buttons for performing other functions such as printing and saving. The biggest differences between the browsers are visual elements, such as buttons, menu options, and the location of preference settings. In addition, browsers behave differently in how they save or download files.

To change default Google Chrome download/save settings, select “Settings” from the icon at the top right corner of the browser with the “Customize and control Google Chrome” help message; this will cause the “Settings” tab to open in the same browser window. In the “Settings” tab, click [Show advanced settings]. Under “Downloads,” select the “Ask where to save each file before downloading” check box. Choosing this setting prompts you for a location each time you save or download a file. For detailed information on your browser, see your browser’s user manual or help function.

The browser window works similarly to all windows, in that it can be maximized, minimized, and sized. The default menu bar contains buttons that help you navigate the Internet; however, these buttons do not necessarily help you navigate EDGAR. For the purposes of logging into EDGAR, downloading files, submitting filings and company queries, or updating company information, these buttons do not apply. Some of the functions you can use are Bookmark, to mark the EDGAR Login page for easy accessibility; Back, to correct, add, or remove criteria from a query; and Security, to turn on or off your security functions.

IE and Google Chrome are the supported browsers for the EDGAR Filing Website, EDGAR Filer Management, and EDGAR OnlineForms Management websites.

When you log in to an EDGAR website, please read the Welcome Page. It contains updated information about EDGAR, including filing requirements, system changes, new versions of software tools, and other related information. We recommend that you do not use multiple browser windows or tabs when working on EDGAR. Otherwise, information from one window may impact information on other window(s) causing EDGAR applications to potentially function incorrectly. If you want to use multiple windows when working on EDGAR, you must select “New Session” (for IE) from the “File” menu. This creates a new browser session that will not share information with the existing session.

2.4 Accessing EDGAR

To access EDGAR, a filer must have EDGAR access codes. If you are a new filer or an existing filer who wants to file in another capacity (e.g., become a filing agent or training agent), you must use Form ID to apply for EDGAR access codes. You do this by completing and submitting an electronic Form ID along with a notarized authentication document. If you do not attach the

required notarized authentication document as a PDF, we cannot process your application. Details of this process are covered in other sections of this manual. Once you have obtained your access codes, you will be ready to log in to EDGAR, transmit submissions, run company queries, update your company information, or change your password/CCC (CIK Confirmation Code).

2.5 EDGAR Hardware and Software Requirements

The following list states the recommended system requirements:

- PC with the following:
 - 500+ MHz processor
 - All Microsoft supported Windows desktop operating systems up to Windows 7
 - 128 MB of RAM recommended; less may cause program or system performance problems
 - Local Hard Drive with sufficient capacity for submission preparation and transfer (this capacity depends upon the size of the total documents needed for the submission)
- For those using EDGARLink Online for the creation of more document intensive submissions, the following PC recommendation applies:
 - 1.28 GB MHz processor or higher
 - 1 GB or more of RAM; less may cause program or system performance problems
- Monitor (color recommended, but not required)
- Printer (recommended, but not required)
- Internet browsers:
 - EDGAR Filing Website: Vendor supported versions of Internet Explorer and Google Chrome are the recommended browsers.
 - Other EDGAR websites: A version of Internet Explorer with 128-bit cipher strength is the recommended browser. Java should be enabled in the browser. These websites also work well with Google Chrome.
- Word processing or spreadsheet applications having the option to save documents as standard ASCII or HTML text
- Internet access

If you have questions about your PC configuration, check with the manufacturer.

2.6 Getting Help with EDGAR

For Procedural and Technical questions, contact Filer Support.

You can reach our Filer Support staff at (202) 551-8900. The staff responds to general EDGAR questions like how to become a filer, the Form ID process, how to get to the websites, how to update filer information, filing of forms, and header tags. Filer Support is available each business day from 9:00 A.M. to 5:30 P.M. Eastern Time. Filer Support voicemail will be available during off hours.

For general fee information, contact our Fee Account Services Branch in the Office of Financial Management at (202) 551-8900.

For Substantive questions, contact your Division or Office

For filing content, rule interpretations, filing date adjustments, and hardship exemption requests, contact the division or office that reviews the filing, the Division of Corporation Finance or Investment Management, during normal business hours 9:00 A.M. to 5:30 P.M., Eastern Time.

Division of Corporation Finance:

For help with filings reviewed by the Division of Corporation Finance, contact the Division of Corporation Finance at (202) 551-3600.

Division of Trading and Markets:

For help with short sale filings, contact the Office of Interpretation and Guidance in the Division of Trading and Markets inquiry line: (202) 551-5777.

For help with Form ATS-N filings, contact the Office of Market Supervision, in the Division of Trading and Markets, inquiry line: (202) 551-5777.

Division of Investment Management:

For help with filings reviewed by the Division of Investment Management, see below.

For Form 13F, call the IM Chief Counsel inquiry line: (202) 551-6825.

For N-CEN or Form 24F-2, call the N-CEN/24F-2 inquiry line: (202) 551-6703.

For investment company filings (except Forms 13F, N-CEN and 24F-2), call the IM EDGAR inquiry line: (202) 551-6989.

For questions concerning post-acceptance corrections and withdrawals, first please read our notice, “IM EDGAR Post-Acceptance Corrections” under “Investment Management” on the Guidance for Filers web page (<https://www.sec.gov/info/edgar/guidance>).

For questions concerning series and classes (contracts), first read our notice, “Series and Class (Contract) Notice and FAQ’s” under “Investment Management” on the Guidance for Filers web page (<https://www.sec.gov/info/edgar/guidance>).

3. BECOMING AN EDGAR FILER

3.1 Getting Ready

To automate the process of submitting a Form ID application, the SEC has developed the EDGAR Filer Management Website (EFMW). At this website a potential filer can file the Form ID application, generate access codes (new/replacement), update a passphrase (required security code), convert from a paper only filer to an electronic filer, and obtain access codes for serial companies. You can access this website directly through its Uniform Resource Locator (URL): <https://www.filermanagement.edgarfiling.sec.gov> or through our EDGAR Gateway. The EDGAR Gateway allows you to navigate between the multiple EDGAR websites more easily. It is located at: <https://www.portal.edgarfiling.sec.gov>. It is strongly recommended that you bookmark this website or add it to the Favorites list in your browser.

This section describes the process that a new filer must follow to gain access to EDGAR. It also describes how to access the EDGAR Gateway and EFMW. For the EFMW, it covers the functionality that it provides, including how to create and submit a Form ID application electronically.

Before you can use the EDGAR system, you must submit a Form ID application to be accepted as an EDGAR filer. (Refer to Section 3.2, “New SEC Filer: Applying for EDGAR Access,” for more information. If you wish to create an Asset-Backed Securities Issuing Entity, refer to Section 3.4, “Creating an Asset Backed Securities Issuing Entity.”) An EDGAR filer can be a registrant, a third-party non-registrant filer, a transfer agent, a third-party agent filing for another individual or entity, or a training agent. EDGAR filers may send submissions on their own behalf or use a filing agent. Training agents may only send test submissions. **A duly authorized person, such as a partner, president, treasurer, corporate secretary, officer, or director, must sign the Form ID. Section 16 filers may have someone with their power of attorney sign the Form ID.** Filing agents such as financial printers cannot sign this Form on behalf of the issuer unless they are specifically authorized to do so in writing on behalf of the issuer or Section 16 filer. The documentation should accompany the Form ID.

As an applicant for EDGAR access codes, you must indicate whether you are a filer, filing agent, training agent, or any other applicant type. If you plan to file on EDGAR in more than one capacity, a separate Form ID must be completed and submitted for each capacity. For example, if you want to make EDGAR submissions as a registrant, and as a filing agent, and as a training agent, you must submit a separate Form ID for each filing capacity. You will receive three separate sets of CIKs and access codes.

It is mandatory to include the registrant’s Tax Identification Number (TIN) to establish domestic companies. This is for companies only, not individuals. If you do not have your TIN when you submit your initial Form ID, you may add it to the EDGAR database by going to the EDGAR Filing Website and adding it to your company’s information.

You must file your Form ID application electronically via the EDGAR Filer Management Website. A notarized authentication document must be attached to your Form ID application or your Convert Paper Only Filer to Electronic Filer application. Filers who are updating their passphrase must attach the required notarized documentation to their Update Passphrase request when following the manual process.

Section 19(a) of the Securities Act of 1933 (15 U.S.C. 77s(a)), sections 13(a) and 23(a) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a) and 78w(a)), section 319 of the Trust Indenture Act of 1939 (15 U.S.C. 77sss), and sections 30 and 38 of the Investment Company Act of 1940 (15 U.S.C. 80a-29 and 80a-37) authorize solicitation of this information. We will use this information to assign system identification to filers, filing agents, and training agents. This will allow the Commission to identify persons sending electronic submissions and grant secure access to the EDGAR system.

Intentional misstatements or omissions of facts constitute federal criminal violations. See 18 U.S.C. 1001.

You may contact Filer Support at (202) 551-8900 if you require additional information.

Form ID must be filed by all applicant types listed on the interface, or their agents to whom the Commission previously has not assigned a Central Index Key (CIK) code to request access codes to permit filing on EDGAR.

After we accept your Form ID application, you will receive instructions on how to obtain the following four access codes:

- CIK – Central Index Key:

The CIK is a number that we assign to each entity that submits filings to us. Use of the CIK allows us to differentiate between filing entities with similar names. A CIK is used to identify all filers, both EDGAR and non-EDGAR. Individuals should use their own CIK number and password each time they logon to EDGAR, even if their filings relate to different registrants.

Using the CIK to Login and Identify Submitter Registrants:

The CIK is the one EDGAR access code that is available to the public. In EDGAR, the CIK is used with a password for login identification (sometimes referred to as a login CIK). This identifies the submitter, which could be a registrant, a non-registrant, a filing agent, or a training agent. The CIK is also used with the CCC in submission headers to identify the registrant. The CIK is a permanent identifier; you may not change it. You can login to EDGAR using any valid CIK-password combination. The login CIK will be part of the unique identifier for the submission.

- CCC – CIK Confirmation Code:

The CCC is a code of eight characters having at least one number (0-9) and at least one special character (@, #, \$, *). The CCC is case-sensitive and you must use it exactly as created, either in upper or lower case. Because the CCC is case-sensitive, if you use lower case letters when the CCC is created or changed, you must use lower case letters when entering the CCC in submission headers. To avoid confusion, we do not use the number 1 (one), the lower-case letter “l” (el), the number 0 (zero), or the capital letter O (oh) in assigning codes. We suggest that you also avoid using these numbers and letters when changing your CCC. You will need both a CIK and its corresponding CCC to submit a filing.

Releasing the CCC To Filing Agents and Financial Printers:

If you use a filing agent, you may release the CCC to your agent because you must include a CCC in your submission. When a third-party agent submits a filing for you, the agent uses its own login CIK and password to establish authorization to make a submission. However, the agent must use your CIK and CCC in your submission in order to identify you as the entity for which the submission is being made.

Changing Your CCC:

We recommend that you change your CCC after a third-party filing agent has used it for a submission on your behalf. This will prevent the filing agent from inadvertently making unauthorized filings using your access codes. (This can occur if a filing agent does not carefully check the codes it uses in a filing prior to submitting it). You may also want to change your CCC for security purposes. You will find procedures for changing the CCC in Chapter 4, “Generating EDGAR Access Codes.”

- Password:

The password is a code of eight characters having at least one number (0-9) and at least one special character (@, #, \$, *). The password is case-sensitive and you must use it exactly as created, either in upper or lower case. You use it in combination with a CIK to identify the entity making a submission. This entity may be you, or a filing agent, or the law firm who files on your behalf. Since a CIK is public information, a second, confidential code is necessary to ensure that whoever is sending a submission to EDGAR is authorized to do so. You must enter both a CIK and a password to access EDGAR. The CIK is public and you may give it and the CCC to your agent to make submissions on your behalf, but you should hold the password in strictest confidence.

Changing Your Password:

We encourage you to change your password frequently, at least annually. You will find procedures for changing a password in Chapter 4, “Generating EDGAR Access Codes.” To change a password, you must use a Password Modification Authorization Code (PMAC). **Your password will expire 12 months after it was created or last changed.** If you are locked out of EDGAR because your password has expired, you may generate a new set of EDGAR access codes (PMAC, password, CCC) via the EDGAR Filer Management Website using your passphrase. If you have also forgotten your passphrase, you must request a new passphrase (also via the EDGAR Filer Management Website) before you can generate a new password. A request for a new passphrase must be accompanied by authentication documentation [for the manual Update Passphrase process](#), and it must be accepted by the SEC, so be sure to keep your password up to date. (Refer to Section 4.1, “Generating All EDGAR Access Codes,” for instructions on how to generate a new set of EDGAR access codes and how to request a new passphrase.)

PMAC – Password Modification Authorization Code:

You must use the PMAC to authorize a change of password. The PMAC is a code of eight characters having at least one number (0-9) and at least one special character (@, #, \$, *). The PMAC is case-sensitive and you must enter it exactly as created. It is a very private code, and only one or two persons in an organization should know this code. If you misplace or have forgotten your PMAC, you may generate a new set of EDGAR access codes (CCC, password, PMAC) via the EDGAR Filer Management Website (<https://www.filermanagement.edgarfiling.sec.gov>) using your passphrase. The CIK is public and you may give it and the CCC to your agent to make submissions on your behalf, but you should hold the PMAC in strictest confidence.

Part of the process of submitting an electronic Form ID application is to specify an EDGAR passphrase.

- **Passphrase:**

The passphrase is used to generate a set of EDGAR access codes (PMAC, password, CCC). The passphrase follows the PMAC formatting and usage rules (see PMAC). Because it can be used to generate the EDGAR access codes, the passphrase is a very sensitive code that should be strictly controlled. Access to it within your organization should be extremely limited. As mentioned previously, requesting a new passphrase must be done via the EDGAR Filer Management Website, ~~it must be accompanied by manually signed and notarized authentication documentation,~~ and it must be accepted by the SEC. (Refer to Section 4.1, “Generating All EDGAR Access Codes,” for instructions on how to generate a new set of EDGAR access codes and how to request a new passphrase.)

The SEC does not keep these codes on file. It is the responsibility of the individual designated as the Contact for EDGAR on the Form ID to provide these codes to the EDGAR filing parties, and to keep the codes secure. Section 16 filers must provide their EDGAR codes to their EDGAR contact at each of the companies for which they are insiders if the companies are going to file on their behalf. Only ONE set of EDGAR codes will be valid for each individual, so it is essential that all relevant companies be given the codes. Only one Form ID should be submitted for a registrant or an individual applicant.

Note: To protect the integrity and security of the data you send, you must limit the number of people who know your CCC, password, and PMAC.

3.1.1 Accessing the EDGAR Gateway

Any potential filer can access any of the EDGAR websites by using the EDGAR Gateway into the EDGAR system. Please execute the following procedure:

1. Connect to the Internet.
2. Go to the EDGAR Gateway.
<https://www.portal.edgarfiling.sec.gov>

The EDGAR Gateway page appears (see Figure 3-1: EDGAR Gateway Page).

This page functions as a gateway to all EDGAR websites. Additionally, this page provides links to download the Filer Manual, read up on the latest SEC regulatory activity, and view guidance for filers and FAQs. Therefore, we recommend that you bookmark this page or add it to the Favorites list in your browser.

3. Read the questions and determine which one identifies what you want to accomplish. If you are a new filer, click the link that says, 'Would you like to become a new filer or generate new access codes'.

The Welcome page for the EDGAR Filer Management Website will appear.

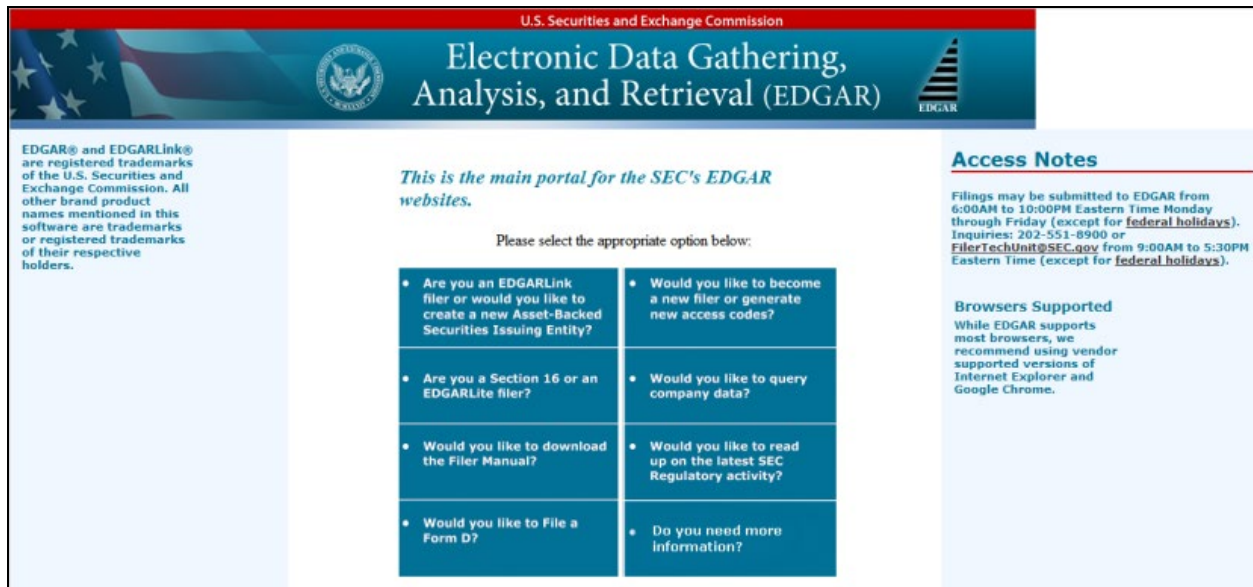

Figure 3-1: EDGAR Gateway Page

3.1.2 Accessing the EDGAR Filer Management Website

Another way to access the EFMW is to go directly to the website by executing the following procedure:

4. Connect to the Internet.
5. Go to the EFMW

<https://www.filermanagement.edgarfiling.sec.gov>

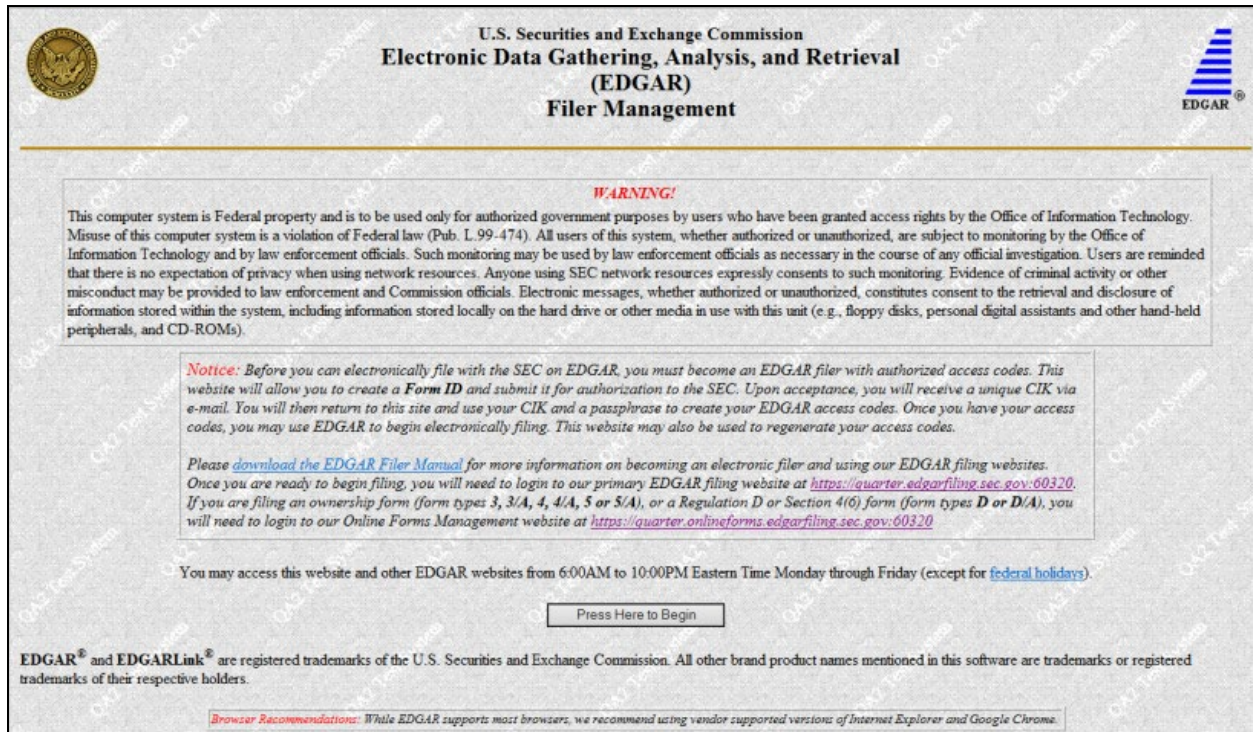

The EFMW Home page appears (see Figure 3-2: EDGAR Filer Management Home Page).

This page functions as a gateway to the website.

6. Click the [Press Here to Begin] button.

The EFMW Welcome page appears (Figure 3-3: EDGAR Filer Management Welcome Page (Top)).

This page provides access to the electronic Form ID application and other capabilities provided by the EFMW.

This computer system is Federal property and is to be used only for authorized government purposes by users who have been granted access rights by the Office of Information Technology. Misuse of this computer system is a violation of Federal law (Pub. L. 99-474). All users of this system, whether authorized or unauthorized, are subject to monitoring by the Office of Information Technology and by law enforcement officials. Such monitoring may be used by law enforcement officials as necessary in the course of any official investigation. Users are reminded that there is no expectation of privacy when using network resources. Anyone using SEC network resources expressly consents to such monitoring. Evidence of criminal activity or other misconduct may be provided to law enforcement and Commission officials. Electronic messages, whether authorized or unauthorized, constitutes consent to the retrieval and disclosure of information stored within the system, including information stored locally on the hard drive or other media in use with this unit (e.g., floppy disks, personal digital assistants and other hand-held peripherals, and CD-ROMs).

Notice: Before you can electronically file with the SEC on EDGAR, you must become an EDGAR filer with authorized access codes. This website will allow you to create a **Form ID** and submit it for authorization to the SEC. Upon acceptance, you will receive a unique CIK via e-mail. You will then return to this site and use your CIK and a passphrase to create your EDGAR access codes. Once you have your access codes, you may use EDGAR to begin electronically filing. This website may also be used to regenerate your access codes.

Please [download the EDGAR Filer Manual](#) for more information on becoming an electronic filer and using our EDGAR filing websites. Once you are ready to begin filing, you will need to login to our primary EDGAR filing website at <https://quarter.edgarfiling.sec.gov:60320>. If you are filing an ownership form (form types 3, 3/A, 4, 4/A, 5 or 5/A), or a Regulation D or Section 4(a) form (form types D or D/A), you will need to login to our Online Forms Management website at <https://quarter.onlineforms.edgarfiling.sec.gov:60320>.

You may access this website and other EDGAR websites from 6:00AM to 10:00PM Eastern Time Monday through Friday (except for [federal holidays](#)).

Filer Management

Welcome to the EDGAR Filer Management website. This website provides an electronic interface which implements the basic capabilities needed by a filer to gain access to the EDGAR system. (Note: If you or your company intend to file with the SEC via *paper forms only*, you need not register with this website.)

Access to the capabilities provided by this website will be given to the filer on the basis of a description of the capability provided via each follows: please refer to the [EDGAR Filer Manual](#) for more complete descriptions.

- **Apply for EDGAR Access (New)**
Use this link if you as an individual, another individual whom you represent, or a company that you represent is new to filing electronically with the SEC. If you are not a filer already listed in the EDGAR Central Index Key (CIK), use one of the other links above to create a CIK for your company.
- **Generate Access Codes (New/Replacement)**
Use this link to generate a set of EDGAR access codes (i.e., PMAS, Password, and OSC) when:
- you are a new filer or E-File access has been suspended (new user),
- your password has expired (existing user),
- you have forgotten all of your EDGAR access codes (existing user), or
- you need to change your access codes for security reasons (i.e., they have been compromised).
- **Update Passphrase**
Use this link to reset your EDGAR Passphrase if you have forgotten it or it has been compromised.
- **Convert Paper Only Filer to Electronic Filer**
Use this link if your company has been filing with the SEC via *paper forms only* and it has become necessary to file electronically.

3.1.3 Navigating the EDGAR Filer Management Website (EFMW)

Once you access the EFMW, an option menu appears on the left-hand side of the browser window. This menu allows you to navigate easily through the EFMW without having to return to a menu page. This menu is broken down into two different sections:

- Filer Management
- Support

Figure 3-4: EFMW Welcome Page Menu

Note that clicking ‘Home’ merely redisplay the EFMW Welcome page. This menu item exists for consistency with other EDGAR websites (such as the OnlineForms Website) and to support future functionality. Please note that the links open pop-up windows, so users should not disable pop-up displays.

3.1.3.1 Filer Management

In the Filer Management section, there are five links:

- Apply for EDGAR Access (New)
- Generate Access Codes (New/Replacement)
- Update Passphrase
- Convert Paper Only Filer to Electronic Filer
- EDGAR Access for New Serial Companies

By clicking ‘Apply~~ing~~ for EDGAR Access (New)’, you can create a Form ID application and submit it to the SEC for acceptance. A Form ID application is typically submitted by:

- A [potential] filer who has not previously filed with the SEC in any media
- or

- A current filer who needs to file in a new capacity¹

Acceptance of a Form ID application results in the creation of a new Central Index Key (CIK)².

For more details, please refer to Section 3.2, “New SEC Filer: Applying for EDGAR Access.”

When you click ‘Generate Access Codes (New/Replacement)’ and enter your CIK and your passphrase³, you are presented with EDGAR access codes (for an existing CIK) that are needed to perform common “filing” activities. (These EDGAR access codes are the Password Modification Authorization Code [PMAC], the password, and the CIK Confirmation Code [CCC]). For more details, please refer to Section 4.1, “Generating All EDGAR Access Codes.”

By clicking ‘Update Passphrase,’ you can create a request for a new passphrase and submit it to the SEC for review and acceptance. This capability allows an existing EDGAR filer who has forgotten or wants to change his or her passphrase to get a new passphrase. With a new passphrase, the filer can regenerate the PMAC, password, and CCC. For more details, please refer to Section 4.1.1, “Requesting an EDGAR Passphrase.”

By clicking ‘Convert Paper Only Filer to Electronic Filer,’ you can create a request for EDGAR access and submit it to the SEC for review and acceptance. This capability allows the filer to file electronically with the SEC in the future. For more details, please refer to Section 3.3.1, “Current Paper Only Filer.”

By clicking ‘EDGAR Access for New Serial Companies,’ you can create a request for EDGAR access for a new serial company and submit it to the SEC for review and acceptance. This capability allows a serial company that was previously created via the submittal of a form 424B or 424H filing to specify a passphrase for access to EDGAR (after the request has been accepted by the SEC, the serial company can use the passphrase to get the access codes [PMAC, password, and CCC] that are needed to file with EDGAR). For more details, please refer to Section 4.1.1, “Requesting an EDGAR Passphrase.”

3.1.3.2 Support

In the Support section, there are two links:

- General Help
- Frequently Asked Questions

3.1.3.2.1 General Help

If you need help while using the EFMW on the Internet, click ‘General Help’ from the menu to bring up the General Help page (Figure 3-5: EFMW General Help Page) that displays a list of help topics. When you click on a topic, you are shown information or additional links to specify the type of assistance you need.

¹ “Capacity” in this context is one of the following: filer, filing agent or training agent. It refers to the applicant, not the person filling out the form.

² The CIK is a number that is assigned to each entity (company or individual) that submits filings to the SEC. Use of the CIK allows us to differentiate between filing entities with similar names. A CIK is used to identify all filers, both EDGAR and non-EDGAR.

³ The EDGAR passphrase is a security code that is used to generate a set of EDGAR access codes.

Figure 3-5: EFMW General Help Page

3.1.3.3 Frequently Asked Questions

Click 'Frequently Asked Questions' (FAQ) to open the EFMW Frequently Asked Questions page. The FAQ page answers the questions about the EFMW that have been asked most often. You may find the answers helpful while using the EFMW. Click on the hyperlink topic to display the answer in the lower portion of the window.

3.2 New SEC Filer: Applying for EDGAR Access

This section walks you through the process of applying for access to EDGAR **for applicants who are new to filing with the SEC or who need to file with the SEC in a new role (e.g., filing agent or training agent)**. Filers who have previously filed with the SEC on paper and who need to begin filing electronically should follow the instructions in Section 3.3.1, "Current Paper Only Filer." New serial companies that need EDGAR access should follow the instructions in Section 3.3.2, "New Serial Company."

3.2.1 Overview

The process of applying for access to EDGAR consists of two parts as follows:

- Composing and submitting a Form ID
- Submitting Authentication documentation

The SEC will not accept a Form ID application without the authentication document, and the Form ID application will not be accepted in paper format. Access to EDGAR will not be granted to a potential new filer until both parts (submission of Form ID and the authentication document) have been completed.

The Form ID application is created and transmitted electronically. A notarized authentication document must accompany your Form ID application or your request to convert from a Paper to Electronic Filer. The notarized authentication document can be prepared ~~in one of two ways by:~~ completing the electronic Form ID application and printing the Form ID Application by clicking [Print]print the "Form ID Application Confirmation" page. Have it ~~This document must then be~~ signed and notarized. and This document will serve as the authentication document.

~~Complete and print the Form ID that is found on the SEC's Public Site, then have it signed and notarized. This document will serve as the authentication document.~~

Scan the notarized document, save it as a PDF (Portable Document Format) file, attach it to the Form ID application, and electronically submit it to the Commission.

Filers who are updating their passphrase must attach their notarized authentication document to their Update Passphrase (manual) request.

(Refer to 3.2.2.2.4~~Section 3.2.53.2.2.2.4~~, ~~“Authentication Documentation Documents,”~~ for details.)

Within the context of a Form ID, the EFMW will:

- Allow you to provide all of the necessary information required by the SEC rules on an appropriate data gathering form (Form ID)
- Allow you to provide your signature and signature date
- Allow you to verify the information on the form
- Allow you to edit information on the form where necessary
- Allow you to save and restore a partial or complete Form ID application to work on at a later point in time
- Allow you to print the Form ID application by clicking [Print] and then clicking ‘Current Form’~~“Form ID Application Confirmation”~~ page to serve as the authentication document
- Allow you to upload attachments (i.e., cover letters, exhibits, or correspondence)
- Allow you to attach the Notarized Authentication PDF Form ID document
- Allow you to review and confirm your information and then print the submission for your records

Remember, the Form ID is a legal document. Consider these important notes when composing your Form ID using the EFMW:

- Intentional misstatements or omissions of facts constitute federal criminal violations. See 18 U.S.C.1001.
- Submission of a Form ID with missing required information will be considered incomplete and will not be accepted – all required fields must be completed.
- ~~There is no capability to save work in progress, so it is important for you to have all of the information necessary to complete the form before you begin to assemble your submission online.~~
- You can save your work in progress and exit the ~~window~~ Form ID at any time ~~to discard your work in progress and start over.~~ You can then restore a saved version on your computer to resume your work at a later point in time.
- Only one applicant per Form ID is allowed. The Save functionality offers a way (however, a method is provided to make it easier to restore and submit multiple Form ID applications from the same browser window) that are for applicants with similar information but different names.

3.2.2 Application (Form ID)

This section outlines the process for composing a Form ID application using the EFMW and then transmitting the submission to EDGAR for processing.

Before beginning, gather all required information. Be especially sure to do the following:

- Determine the correct filer attributes: applicant type and company/individual indicator.
- Determine if the filer is requesting access codes to submit draft registration or draft offering statement.
- Ensure that you have identified the necessary contacts (for both EDGAR matters and for accounting and billing information).
- Ensure that you have proper and valid postal addresses, telephone numbers and e-mail addresses at hand.
- Scan the completed, signed, and notarized Form ID application along with any other attachments, such as a cover letter or exhibit, save them in the correct format and have the file names identified⁴.

The first step for composing a Form ID application is to bring up the Form ID data entry form. This is accomplished as follows:

1. Connect to the EFMW Welcome page (refer to Section 3.1.2, “Accessing the EDGAR Filer Management Website”).
2. Click ‘Apply for EDGAR Access (New)’ in the menu bar.
3. The Apply for EDGAR Access page appears, allowing you to either begin a new Form ID application or restore a previously saved version~~A new browser window opens and the data entry page for the Form ID application appears~~ (see [Figure 3-6: Apply for EDGAR Access Page](#)).
4. If you are filing a new Form ID application, click the “Application for EDGAR Access” radio button.
5. If you want to continue working on a previously saved Form ID application, click the “Continue with Saved Application for EDGAR Access” radio button.
Note: If you select this radio button, you will be prompted to upload a previously saved file of a Form ID application. The maximum size of a Form ID file, including all attachments, must not exceed 200 MB.
6. Once you select the appropriate option on the Apply for EDGAR Access page, click [Next].
The Form ID: General Instructions page (see Figure 3-7: Form ID: General Instructions) appears. This section provides general information to the applicant. Upon reading the instructions, click the [Next] button.
- 3-7. Enter the Form ID data, described in the following subsections.

⁴ ASCII (*.txt file extension), HTML (*.htm file extension) and PDF attachments are accepted; graphic formats are not accepted.

Apply for EDGAR Access

This is the application to use if you as an individual, another individual whom you represent, or a company that you represent is new to filing electronically with the SEC.

This application is for potential filers who are *new* to the SEC *only*; if the potential filer (i.e., Applicant) already has an assigned EDGAR Central Index Key (CIK), *do not use this form*! In this case, refer to the [EDGAR Filer Manual](#) for more information.

General Instructions

Form ID: General Instructions

Persons who respond to the collection of information contained in this form are not required to respond unless the form displays a current valid OMB control number.

Intentional misstatements or omissions of facts constitute federal criminal violations. See 18 U.S.C.1001.

Please fill in the application below if

- you as an individual,
- another individual whom you represent, or
- a company that you represent

needs to file electronically with the SEC via the EDGAR system. All references to "Applicant" (i.e. potential filer) on this form refer to the individual or company that needs to file with the SEC; thus, if you represent an individual or company, "Applicant" is not you but rather the individual or company that you represent.

Note: Filing Agent applicant type must be used **ONLY** by a financial printer, law firm, or other person, which will be using these access codes to send a filing or portion of a filing on behalf of a filer.

Refer to Volume I, Chapter 3.1 of the [EDGAR Filer Manual](#), which is incorporated by reference herein for information on the access codes that will be generated for new filers who have not yet been assigned a CIK.

Please complete the Form ID using the instructions specified on this interface and instructions in Volume I, Chapter 3.2 [EDGAR Filer Manual](#), which is incorporated by reference herein.

Figure 3-7: Form ID: General Instructions (Image replaced)

The Form ID ~~data entry page~~application has ~~five~~seven distinct sections:

General Instructions

General instructions for applicants with regards to the Form ID application.

Applicant Application for EDGAR Access Information

Basic information about the applicant type and classification of the applicant, as a company or individual that wishes to file with the SEC.

Note: ‘Filing Agent’ applicant type must be used ONLY by a financial printer, law firm, or other person, which will be using these access codes to send a filing or portion of a filing on behalf of a filer.

Filer Information

Additional information about the applicant when the applicant is a company.

Contact Information

Contact for EDGAR Information, Inquiries and Access Codes

Information about the person who is the applicant’s point of contact for EDGAR-related information and queries.

Contact for SEC Account Information and Billing Invoices

Information about the person who is the applicant’s point of contact for “financial” information and queries.

Documents

The signed and notarized Form ID application, along with any additional documentation such as cover letters, exhibits, or correspondence, is uploaded.

Signature Information

Typed signature of the applicant, the authorized representative of an applicant that is not an individual or the individual authorized to sign by the individual applicant or authorized representative.

Add Passphrase

The passphrase is an EDGAR security code that is used to generate (or regenerate) the EDGAR access codes necessary for making filings via EDGAR with the SEC. The passphrase is not used to log on to the EDGAR Filing or OnlineForms websites.

Note that the information to be entered is not the same for all applicants and that the data entry ~~page sections are~~is customized based upon the values of the filer attributes (Applicant Type and Company/Individual indicator). The sections that are required are based upon these filer attributes and are specified in Table 3–1: EDGAR Form ID Data Entry Sections.

3.2.2.1 Data Entry Conventions

The following are some basic EFMW data entry conventions:

- In the web browser, disabled fields are read-only and are colored gray.
- An asterisk to the right of the label name indicates a required field. (For example, “Mailing Street 1 *” is a required field.)
- Press the [Tab] key to move from field to field. ~~(For this purpose, field level help counts as a field.)~~
- Field level help is available by ~~clicking~~ hovering the cursor on over the label.
- The [Exit ~~Window~~] button will close the current data entry session and return to the ~~EFMW Welcome page~~ Apply for EDGAR Access page. Any data entered or attachments uploaded will be discarded if you leave the data entry session for Form ID without saving.

3.2.2.2 Data Entry Details

Some significant details about the entry of the information on the Form ID application are described in the following sections. For each data portion of the data entry page there is a section and an associated screen shot.

3.2.2.2.1 Applicant Information Application for EDGAR Access

The ~~Applicant Information~~ Application for EDGAR Access section of the Form ID application is the ~~first data entry~~ section that is displayed on the Application for EDGAR Access page, directly after the General Instructions page. This information is to be supplied by all applicants. The filer attributes are the first items in this section (before the Name of Applicant/Individual) and are critical to the data entry process as they control the data entry fields that are available on the page. It is recommended that the filer attributes be specified before any other data, and that an effort is made to ensure that they are correct; ~~changing them after data has been entered in other fields may result in data being lost~~⁵. When the page is first displayed, the filer attributes are set to {“Filer” and “Company”}. If applicable, select the checkbox to indicate that you are requesting access codes to submit a draft registration statement or draft offering statement. Refer to Chapter 7 in Volume II of the EDGAR Filer Manual for more information on draft registration statements and draft offering statements.

The Name of Applicant or Name of Individual is the first data entry field after the filer attributes. The difference between the two is that the Name of Applicant is used for companies only and consists of a single component, while the Name of Individual is used for individuals only and consists of four components, one each for Last Name, First Name, Middle Name, and Suffix. As stated on the web page, the Name will be conformed according to the EDGAR standards. (See APPENDIX C, AUTOMATED NAME CONFORMANCE RULES, for details of these conformance rules.) These standards may be viewed online by clicking the link in the Note above the data entry field. The process of automatic name conformance cannot be turned off or otherwise prevented or avoided by the requestor or applicant.

⁵ Data in the sections that are common to the filer attributes settings will be preserved; however, data that exists in a section that is not needed based upon the new filer attribute setting is lost. For example, Filer (Company) requires the entry of Filer Information – if you switch the filer attributes to Filer (Individual), ~~any Filer Information that you may have entered~~ the information in the Name fields is lost.

Figure 3-8: EDGAR Form ID Page, Application for EDGAR Access (Individual) (Image replaced)

The Mailing Address is required and must be entered for all applicants. However, it may also be used for other addresses on the Form ID application (as described in the appropriate sections).

The Phone Number is required and must be entered for all applicants.

The TIN is required whenever the applicant is a Company. However, a company that has applied for but has not yet received a TIN must enter “00-0000000” (zeroes). Remember to update your TIN when it is received. You must use the EDGAR Filing or OnlineForms website’s Edit Company Information capability to update the TIN in EDGAR. The TIN is not needed for Individuals and cannot be entered (the entry of a Social Security Number [SSN] is not required and is not supported).

Note: The “applicant” is the company or individual who is required to file with the SEC, not necessarily the person who is filling in the form (although it could be). The term “requestor” is used to refer to the person who is filling in the form.

Figure 3-9: EDGAR Form ID Page, ~~Applicant Information~~ **Application for EDGAR Access (Company)**
(Image replaced)

3.2.2.2.2 Filer Information

The Filer Information section of the Form ID application is the ~~second~~ data entry section that is displayed on the Filer Information page. This information can be supplied only for applicants that are companies.

If an investment company filer is organized as a series company, the investment company may enter the tax or federal identification number of any one of its constituent series.

DRAFT

The “Doing Business As” Name is optional. If the filer is a foreign filer, an optional Foreign Name data entry field is also available. A “foreign issuer” is an entity so defined by Securities Act of 1933 (15 U.S.C. 77a et seq.) Rule 405 (17 CFR 230.405) and the Securities Exchange Act of 1934 (15 U.S.C. 78a et seq.) Rule 3b-4(b) (17 CFR 240.3b-4(b)).

This name is intended for the name of the company in a non-English language but using only the subset of the standard ASCII (text) character set that is supported by EDGAR.

The requestor must either explicitly enter the information required for the Business Address or check the “Business address same as mailing address” box. If the “Business address same as mailing address” box is checked, EDGAR will ~~copy-use~~ the Mailing Address information ~~to-as~~ the Business Address ~~fields before submitting the Form ID application (this action is not immediate)~~. When this box is checked, the Business Address data entry fields are disabled (grayed out ~~with Internet Explorer in the web browser~~). If the filer’s fiscal year does not end on the same date each year (e.g., falls on the last Saturday in December), the filer must enter the date the current fiscal year will end.

The screenshot shows the "Form ID: Filer Information" page on the EDGAR website. The header includes the U.S. Securities and Exchange Commission logo and the text "Electronic Data Gathering, Analysis and Retrieval Apply for EDGAR Access". On the left, there is a sidebar with "OMB APPROVAL" information (OMB Number: 3235-0328, Expires: May 31, 2019, Estimated average burden: 0.15 hours per response) and a navigation menu with links: General Instructions, Application for EDGAR Access, Filer Information (highlighted), Contact Information, Documents, Signature, and Add Passphrase. The main content area is titled "Form ID: Filer Information" and includes a reference to the EDGAR Filer Manual. It contains several input fields: "Doing Business As" Name, Foreign Name, Business Street 1 and 2, Business City, Business State/Country (a dropdown menu), Business Zip/Postal Code, State of Incorporation (a dropdown menu), and Fiscal Year End (MM/DD). A checkbox labeled "Business address same as mailing address. Business address is required if not the same." is present. At the bottom, there are "PREVIOUS" and "NEXT" navigation buttons with arrows.

Figure 3-10: EDGAR Form ID Page, Filer Information (Image replaced)

3.2.2.2.3 Contact Information

The Contact Information section of the Form ID application consists of two parts, and both appear on the Contact Information page:

- Contact for EDGAR Information, Inquiries, and Access Codes
- Contact for SEC Account Information and Billing Invoices

Note: If the Applicant Type is 'Training Agent', then the "Contact for SEC Account Information and Billing Invoices" section will not appear on the Contact Information page.

3.2.2.2.2.13.2.2.2.3.1 Contact for EDGAR Information, Inquiries, and Access Codes

The Contact for EDGAR Information, Inquiries, and Access Codes section of the Form ID application is ~~the third data entry section that is~~ displayed on the Contact Information page. This information must be supplied for all applicants. In this section, please identify the individual who should receive the access codes and other EDGAR-related information.

The Contact Address is required if any part of the address is different from the Mailing Address. If the Contact Address is identical to the Mailing Address, the requestor may check the "Contact address same as mailing address" box and EDGAR will ~~copy~~ use the Mailing Address information ~~to as~~ the Contact Address ~~fields before submitting the Form ID application~~. When this box is checked, the Contact Address data entry fields are disabled (grayed out with the web browser ~~Internet Explorer~~).

The E-Mail Address is critical to communications between the applicant and EDGAR and its validity is critical to success. This is because notifications (messages) are sent from EDGAR to this e-mail address. For example, an e-mail notification is sent to the applicant after his or her Form ID application is processed by the SEC – if the application is rejected, there is no other way for the SEC to contact the applicant. (Subsequent notifications may be retrieved from the EDGAR Filing or OnlineForms websites).

3.2.2.2.4 Documents

The Documents section of the Form ID application is the data entry section that is displayed on the Attach Documents List page. This information is to be supplied for all applicants.

The Form ID application must be supplemented with additional verification to help ensure that the application is authentic. Accordingly, the applicant is required to attach a manually signed, notarized, and scanned PDF file to their Form ID application. This can be done in the following manner:

- Complete the Form ID application and select [Print]. Whatever information is on the completed Form ID application will appear as a preview. Next, print the completed form, and obtain proper signature and notarization. Scan the notarized document, save it as a PDF (Portable Document Format) file, and attach it to the Form ID application.

The notarized document is considered your authentication document and **must** include the following information:

- Signature of Authorized Person

- Printed Name of Signature
- Title of Person Signing
- Notary Signature and Seal

Note: The maximum size of a Form ID submission, including all attachments, must not exceed 200 MB.

Adding or Deleting a Document

To add or delete a document, follow the steps given below:

1. Click the [Add Document] button on the Attach Documents List page. The Select File window is displayed.
2. Select the file you want to attach and click the [Open] button. The name of the attached file is displayed in the “File Name” field.
3. Select the type of attachment from the Type drop-down list. The options available are COVER, CORRESP, and EX-24.
4. Optionally, provide additional information to further describe the document type in the “Description” field.
5. If you want to add multiple attachments, repeat steps 1 through 4.
6. To delete a document, select the box adjacent to the document, and click the [Delete Document] button. A window prompts you to confirm that you want to delete the document. If you click the [Yes] button, EDGAR then removes the document from the submission.

Notes:

- (1) The scanned, notarized Form ID authentication document must be attached as a CORRESP document type.
- (2) Optional attachments such as a cover letter or a Power of Attorney must be in ASCII or HTML format.
- (3) You may only attach a maximum of 10 COVER documents, 100 CORRESP, and 500 EX-24 documents (for a combined total of 610 documents).
- (4) Document attachments must conform to the following standards:

- The document file name must be in lower case and not more than 32 characters in length, including the extension. The name must start with a letter (a-z) and not contain spaces. File names may contain digits (0-9), up to one period (.), one hyphen (-), and one underscore () character, and must have an extension of .htm, .txt, or .pdf.
- The PDF document attachment must not contain active content (Actions, embedded JavaScript, etc.), external references (Destinations, Hyperlinks, etc.), and passwords or document security controls.
- Refer to Chapter 5, Section 5.2, of Volume II of the Filer Manual for EDGAR standards on document formats.

To complete processing of your Form ID, you must upload a notarized authentication document. Your Form ID will not be processed if this document is not received. Your authentication document must be a PDF attachment that is submitted with your Form ID.

Enter the attachment information in the fields below and then select the "Add Document" button. Note that only ASCII text, HTML or PDF documents can be uploaded. These documents must have the appropriate file name extension (.txt, .htm or .pdf respectively), and document type (COVER for cover letter and CORRESP for correspondence). Please note that PDF documents must use the CORRESP document type. Power of attorney documents should be uploaded as PDF documents and must be manually signed. The Notary cannot be the same as the Contact Person and the notary stamp must be on the Form ID printout.

If you require additional information on how to format an uploaded attachment, please contact Filer Support Staff at 202-551-8900 or refer to Chapter 5 of Volume II of the EDGAR Filer Manual which discusses the guidelines for formatting an acceptable upload attachment.

Validating a Document

Applicants can validate one or more documents for errors by using the Doc Validation function.

1. Attach documents to the Form ID application as described above.
2. Select the check box adjacent to each document and click the [Validate Document] button. If there are errors in the document, then the Errors field displays a value that corresponds to the number of errors for each document. Proceed to step 3.

3. Click the value in the Errors field for the document that contains errors to view the errors. A Document Validation window opens and lists the errors in the document.
4. Correct any document errors using the tool that created the document.

Figure 3-15: Validating a Document (Image replaced)

3.2.2.2.33.2.2.2.5 **Signature**

The Signature Information section of the Form ID application is the ~~fifth~~ data entry section that is displayed ~~upon-on~~ the Signature page. This information is to be supplied for all applicants. If the applicant is a company, a duly authorized person - such as a partner, president, treasurer, corporate secretary, officer, or director - must sign the Form ID application. Individuals may have someone with their power of attorney sign the Form ID application. Filing agents such as financial printers cannot sign this form on behalf of the issuer unless they are specifically authorized to do so in writing. The written documentation must be attached to the Form ID application. ~~Refer to Section 3.2.3.2, "Assembling the Form ID Submission."~~

The Signature that is entered is the text equivalent of the signer's manual legal signature. For example, if Tobias Alowicious Smith uses "T. A. Smith" as his legal signature, the requestor would enter "T. A. Smith" in this data entry field. Note that the Signature is for the applicant, the authorized representative of an applicant that is not an individual, or the individual authorized to sign by the individual applicant or authorized representative, **which is not necessarily the person who is filling in the form (although they could be the same).**

The Title/Position is required only when the applicant is a company.

3.2.2.2.6 Add Passphrase

The passphrase is an EDGAR security code that is used to generate (or regenerate) the EDGAR access codes needed to make filings via EDGAR with the SEC. The passphrase is not used to log on to the EDGAR Filing or OnlineForms websites. The passphrase allows a filer to generate a new set of EDGAR access codes if/when they are forgotten. (Refer to Section 4.1.1, “Requesting an EDGAR Passphrase,” for more information.)

It is important to remember that the passphrase and the EDGAR access codes are not assigned to the requestor of the Form ID, but to the applicant.

The last step prior to submitting your Form ID application to the SEC is to specify a passphrase. Please remember your passphrase. For security reasons, it cannot be recovered after the Form ID application has been exited.

Note: If you save your Form ID application with the passphrase entered, and then restore the submission, the passphrase will not be restored. You will need to re-enter your passphrase in the restored Form ID application. Entering a passphrase must be the last step before submitting a Form ID application to the SEC. This sequence of steps helps ensure the security of the passphrase.

To specify your passphrase, enter it in the Add Passphrase page. For security reasons, your passphrase must be eight characters in length and contain at least one digit and one of the following characters: { @, #, *, \$ }.

3.2.3 Assembling and Submitting the Form ID Application

After you have entered all of the required data on the Form ID application, you are ready to complete the process and submit the Form ID application to the SEC for acceptance. You must do the following to finish the process:

- Correct any errors
- Upload the scanned, notarized authentication document in PDF format
- Upload any additional attachments
- Define a passphrase
- Submit the completed Form ID application

Note: The maximum size of a Form ID submission, including all attachments, must not exceed 200 MB.

3.2.3.1 Verifying the Form ID Application

Note: The figures in this section all contain sample data. Each figure represents the type of data that can be entered on the Form ID application. The figures are provided as examples of what you will see; your data will be different.

The next step in the process is to complete the Form ID data entry phase. This is accomplished as follows:

1. As you progress throughout the Form ID Application, EDGAR validates the information that you provided. If there are errors in the information provided (such as missing required fields), your Form ID application with the errors highlighted will be displayed (Figure 3-18: EDGAR Form ID, Errors). Follow the instructions on the screen to correct the errors, and then your updated Form ID application will be revalidated; if errors still remain, your updated Form ID application with any remaining errors is displayed.
1. ~~Click the [Continue] button (Figure 3-11: EDGAR Form ID Page, Signature Information). EDGAR validates the format and syntax of the information that you provided in the Form ID application (you are responsible for confirming the accuracy of all information submitted in the Form). If there are errors in the information provided (such as missing required fields), your Form ID application with the errors highlighted will be displayed (Figure 3-12: EDGAR Form ID, Errors (Top)). Follow the instructions on the screen to correct the errors, and then click the [Continue] button. Your updated Form ID application will be revalidated; if errors remain, your updated Form ID application with any errors is displayed. You must correct all errors to proceed past this point.~~

For example, the following errors are marked in Figure 3-18:

- Mailing State/Country is missing (required field)
- Phone [Telephone Number] is not in the correct format

The screenshot displays the 'Form ID: Application For EDGAR Access' interface. On the left, a sidebar contains 'OMB APPROVAL' details (OMB Number: 3235-0328, Expires: May 31, 2019, Estimated average burden: 0.15 hours per response) and a navigation menu with options like 'General Instructions', 'Application for EDGAR Access' (highlighted with an error icon), 'Filer Information', 'Contact Information', 'Documents', 'Signature', and 'Add Passphrase'. The main form area has a header bar indicating 'Your form contains one or more errors' with a red error icon. Below this, the form title 'Form ID: Application For EDGAR Access' is shown. The form includes fields for 'Filer', 'Applicant Type *' (with radio buttons for 'Company' and 'Individual'), a note about the applicant's name being in English, 'Name of Applicant (English language) *', 'Mailing Street 1 *', 'Mailing Street 2', 'Mailing City *', 'Mailing State/Country *', 'Mailing Zip/Postal Code *', and 'Phone *'. The 'Phone' field contains an invalid number '%&*&*&(*)' and is marked with a red error icon. At the top right, there are icons for 'SAVE', 'PRINT', 'SUBMIT', 'INSTRUCTIONS', and 'EXIT'.

Intentional misstatements or omissions of facts constitute federal criminal violations. See 18 U.S.C.1001.

Please fill in the application below if

- you as an individual,
- another individual whom you represent, or
- a company that you represent

needs to file electronically with the SEC via the EDGAR system. All references to “Applicant” on this form refer to the individual or company that needs to file with the SEC; thus, if you represent an individual or company, “Applicant” is *not* you but rather the individual or company that you *represent*.

Note: Filing Agent applicant type must be used **ONLY** by a financial printer, law firm, or other person, which will be using these access codes to send a filing or portion of a filing on behalf of a filer.

~~This application is for potential filers who are new to the SEC only; if the potential filer (i.e., Applicant) already has an assigned EDGAR Central Index Key (CIK), do not use this form! In this case, refer to the EDGAR Filer Manual for more information.~~

3.2.3.2 Assembling the Form ID Submission

The Form ID application must include a notarized authentication document in PDF format. The application can include other attachments such as a cover letter or Power of Attorney. To assemble the Form ID submission (i.e., associate any attachments with your Form ID application), you must upload them to EDGAR. [Refer to the instructions in Section 3.2.2.2.4, “Documents”.](#)

Note: Before you obtain the notarized authentication document, it is recommended that you save your Form ID so that you do not lose any of your work.

To save your Form ID application:

1. Click [Save]. You will then be prompted with the following dialog box. Click [Continue] to save the Form ID application. Click [Cancel] to return to the Form ID application without saving.

Figure 3-22: Save Dialog Box (Image replaced)

2. Once you click [Continue], you will have the opportunity to save the application as a file that you can restore at a later point.

To print your Form ID application:

1. Print the Form ID application using the “Print” function.
2. Sign and notarize the document.
3. Scan the notarized document as a PDF to be included with your submission.

To restore your Form ID application:

1. Connect to the EFMW Welcome page (refer to Section 3.1.2, “Accessing the EDGAR Filer Management Website”).
2. Click ‘Apply for EDGAR Access (New)’ in the menu bar.
3. The Apply for EDGAR Access page appears.
4. Click the “Continue with Saved Application for EDGAR Access” radio button. You will then have the option to browse for the appropriate file and upload it.
5. The restored file will then pre-populate with all of your previous information.

1. If you want to add or delete an attachment, click the [Upload/Delete Attachments] button in the middle of the page (Figure 3-15: EDGAR Form ID Application Confirmation Page (Bottom)).
2. The EFMW Upload/Delete Attachment(s) page appears (Figure 3-17: EDGAR Form ID Upload/Delete Attachment(s) Page). This page displays a table of the uploaded attachments and allows you to manage the attachments associated with your Form ID application.

- 3.
4. Figure 3-17: EDGAR Form ID Upload/Delete Attachment(s) Page

To add an attachment, click the [Upload Attachment] button. (Any attachments you plan to include should already have been prepared and saved in the appropriate format prior to assembling your Form ID submission.) For example, the completed and printed Form ID application must be signed, notarized, and scanned as a PDF document ready for upload. Optional attachments such as a cover letter or a Power of Attorney must be in ASCII or HTML format.

Notes:

- (1) Scanned, notarized Form ID authentication document should be attached as CORRESP document type.
- (2) Document attachments must conform to the following standards:
 - The document file name must be in lower case and no longer than 32 characters in length. The name must start with a letter (a-z) and not contain spaces. File names may contain digits (0-9), up to one period (.), one hyphen (-), and one underscore (_) character.
 - The PDF document attachment must not contain active content (Actions, embedded JavaScript, etc.), external references (Destinations, Hyperlinks, etc.), and passwords or document security controls. Refer to Chapter 5, Section 5.2, of Volume II of the Filer Manual for EDGAR standards on document formats.

The Upload Attachment page appears (Figure 3-18: EDGAR Form ID Upload Attachment Page).

5. ~~Enter the appropriate information in the data entry fields, and then click the [Upload] button (to return to the Upload/Delete Attachment(s) page without uploading an attachment, click the [Cancel] button).~~

~~The EFMW Upload/Delete Attachment(s) page appears (Figure 3-17: EDGAR Form ID Upload/Delete Attachment(s) Page) with your new attachment displayed in the table.~~

Upload Attachment

To complete processing of your Form ID, you must upload a notarized authentication document. Your Form ID will not be processed if this document is not received. Your authentication document must be a PDF attachment that is submitted with your Form ID.

Enter the attachment information in the fields below and then select the "Upload" button. Note that only ASCII text, HTML or PDF documents can be uploaded. These documents must have the appropriate file name extension (.txt, .htm or .pdf respectively), and document type (COVER for cover letter, CORRESP for correspondence, and EX-24 for power of attorney). Please note that PDF documents must use the CORRESP document type. To return to the "Upload/Delete Attachment(s)" screen without uploading an attachment, select the "Cancel" button.

Continue to add or delete attachments until you are satisfied, and then click the [OK] button to return to the Form ID Application Confirmation page.~~

3.2.4 ~~Defining a Passphrase~~

The passphrase is an EDGAR security code that is used to generate (or regenerate) the EDGAR access codes needed to make filings via EDGAR with the SEC. The passphrase is not used to log on to the EDGAR Filing or OnlineForms websites. The passphrase allows a filer to generate a new set of EDGAR access codes if/when they are forgotten. (Refer to Section 4.1.1, “Requesting an EDGAR Passphrase,” for more information.)

It is important to remember that the passphrase and the EDGAR access codes are not assigned to the requestor of the Form ID, but to the applicant.

The last step prior to submitting your Form ID application to the SEC is to specify a passphrase. Please remember your passphrase. For security reasons, it cannot be recovered after the Form ID application window has been exited.

Note: ~~Defining a passphrase must be the last step before submitting a Form ID application to the SEC. If you enter a passphrase and then click the [Edit Form ID] or [Upload/Delete Attachments] button, the passphrase is discarded. This sequence of steps helps ensure the security of the passphrase.~~

To specify your passphrase, enter it in the data entry fields near the bottom of the Form ID Application Confirmation page (Figure 3-19: EDGAR Form ID Application Confirmation Page (Bottom)). For security reasons, your passphrase must be eight characters in length and contain at least one digit and one of the following characters: { @, #, *, \$ }.

Before submitting your Form ID, you must enter and re-enter a passphrase below. You will use this passphrase later, along with your new CIK, to generate your EDGAR access codes. **It is important that you remember this passphrase for later use.** Note that this passphrase is **not** your EDGAR Login password. Once you obtain your CIK via e-mail, this passphrase, along with your CIK, may be used to generate your EDGAR Login password (as well as CCC and PMAC).

3.2.4.13.2.3.3 Submitting a Form ID Application

You are ready to submit the Form ID application to the SEC once you have completed the Form ID application, added the required notarized authentication document and any additional attachments, and specified a passphrase.

Consider this step carefully: You cannot easily retract the Form ID application after it has been submitted. If you decide that you do not want to submit the Form ID application, ~~close the browser window by clicking~~ click the [Exit-Window] button at the ~~bottom-top~~ of the Form ID Application ~~Confirmation~~ page to take you back to the Apply for EDGAR Access Page. If you close the ~~window~~ application without saving, all of the data that you have entered on the Form ID application and any attachments will be discarded.

1. To submit your Form ID application, click the [Submit-~~Form ID~~] button at the ~~bottom-top~~ of the Form ID ~~a~~Application-~~Confirmation~~ page (Figure 3-19: EDGAR Form ID Application-Confirmation Page (Bottom)).

A dialog box appears (Figure 3-23: EDGAR Form ID, Submittal Dialog) asking you to confirm that you want to submit the Form ID application. If you do not want to submit it, click the [Cancel] button and the dialog box will disappear; otherwise, click the [~~OK~~Transmit LIVE Submission] button to submit the Form ID application to the SEC.

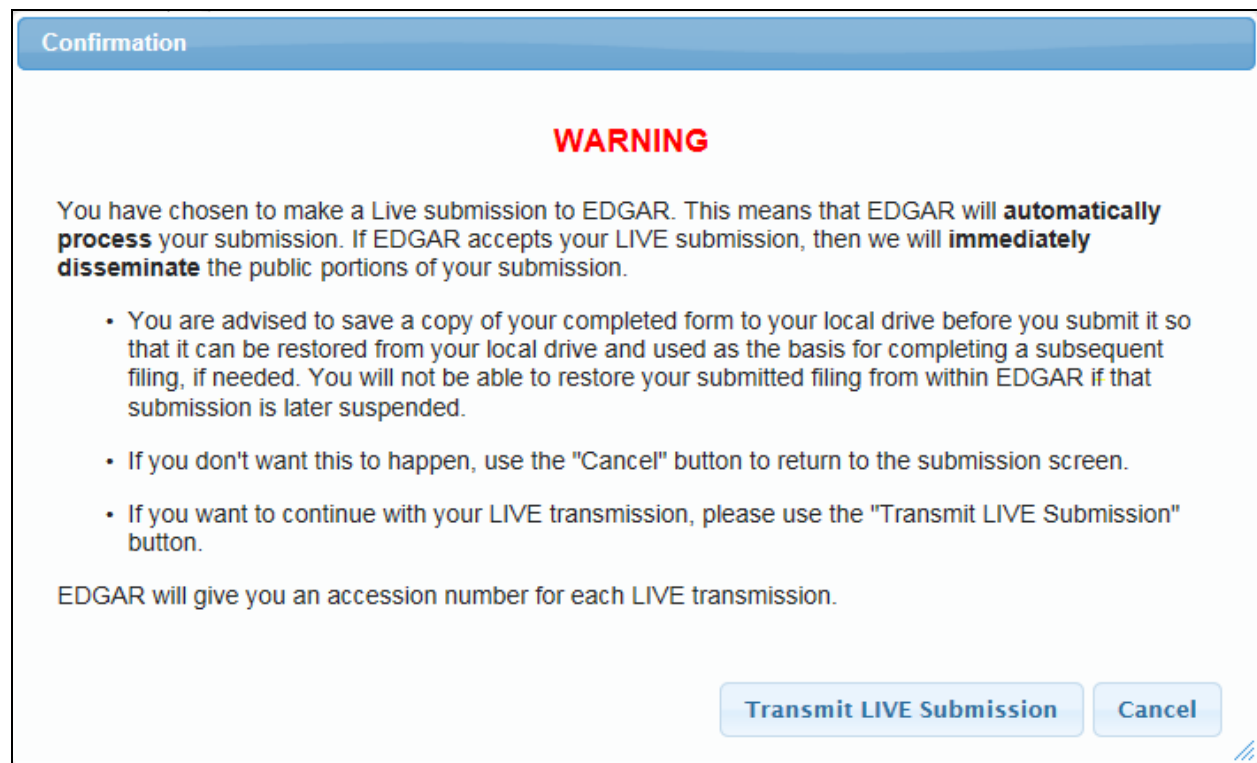

Figure 3-23: EDGAR Form ID, Submittal Dialog (Image replaced)

Note: After you click the [~~OK~~Transmit LIVE Submission] button, the Form ID application is submitted to the automated submission processing portion of the EDGAR system. EDGAR will give an indicator that the submission is in progress. This is the start of the acceptance process; your subsequent actions in this browser window will not affect this process. However, the acceptance process for your Form ID cannot be

completed until your authentication document (scanned PDF) has been reviewed by the Branch of Filer Support. Refer to Section 3.2.2.2.45, “~~Authentication Documentation Documents~~,” for more information.

After you have clicked the [Transmit LIVE Submission] button, tThe EFMW Form ID Application Acknowledgment page appears (Figure 3-24: EDGAR Form ID Application Acknowledgment Page). This page provides the Accession Number for the submission (use this number when referring to this submission)~~-and lists the Form ID information that was submitted).~~

Note: The Accession Number is a unique code assigned to your Form ID submission. It has a format of: 9999999996-[Year]-[Sequence Number]

~~Click the [Print Window] button near the bottom of the page to print this page to make a copy for your records.~~

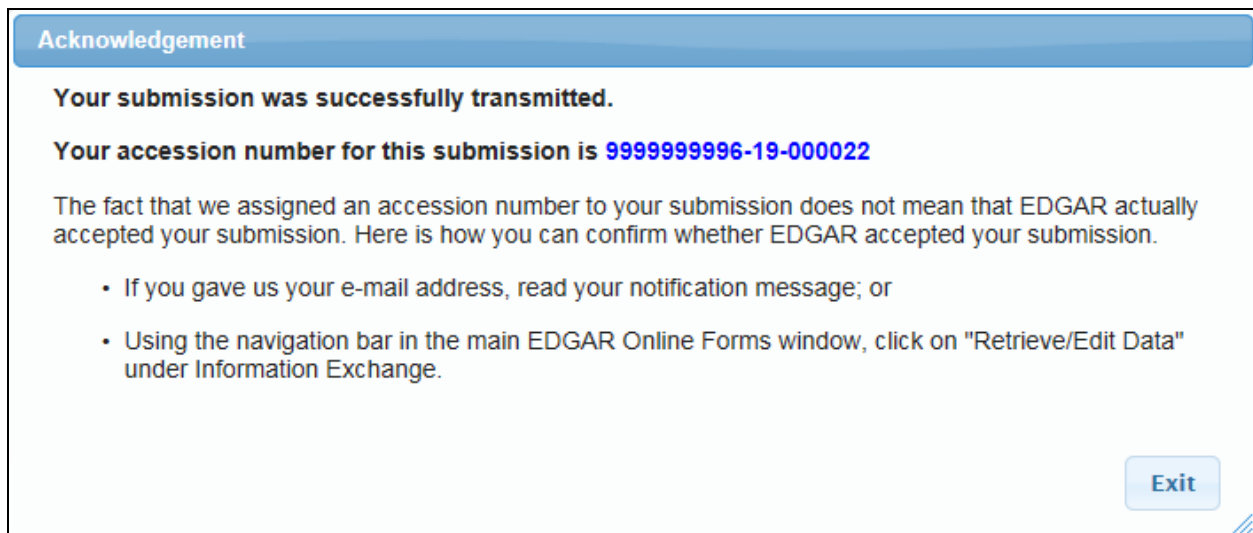

Figure 3-24: EDGAR Form ID Application Acknowledgment Page (Image replaced)

2. Click the [Exit~~Window~~] button ~~near the bottom of on~~ the Form ID Application Acknowledgment page to finish the application process ~~by closing the browser window.~~

A dialog box appears (Figure 3-22: EDGAR Form ID, Exit Window Dialog) asking you to confirm that you want to exit the browser window. If you do not want to exit, click the [Cancel] button and the dialog box will disappear; otherwise, click the [OK] button and the browser window will be closed and the previously entered Form ID information and any attachments (documents) will be discarded.

3.2.4.23.2.3.4 Starting Another Form ID Application

Once you submit an application and exit, you can do one of the following:

- Create a new, blank Form ID
- Or
- Create a new, pre-filled Form ID

If you would like to start another Form ID application, directly from the Form ID Application Acknowledgment page, click one of the buttons provided for this purpose near the bottom of the page (Figure 3-24: EDGAR Form ID Application Acknowledgment Page).

3.2.4.213.2.3.4.1 Create New, Blank Form ID

1. Click 'Apply for EDGAR Access (New)' in the menu bar.
2. The Apply for EDGAR Access page appears. Click the "Application for EDGAR Access" radio button.
3. Click [Next]
4. Follow the previous instructions (Section 3.2, "New SEC Filer: Applying for EDGAR Access") to compose and submit this new Form ID application.

This option returns you to the Form ID Application page (in the same browser window) and deletes all of the data that you had previously entered. Use this capability when you need to submit another Form ID application for a company or person whose information is different from that previously entered.

Click the [Create New, Blank Form ID] button near the bottom of the Form ID Application Confirmation page.

A dialog box appears (Figure 3-23: EDGAR Form ID, New Blank Form Dialog) warning you that the previously entered Form ID information and any attachments (documents) will be cleared if you continue. If this is not your desire, click the [Cancel] button on the dialog box.

Figure 3-23: EDGAR Form ID, New Blank Form Dialog

If you would like to start a new, blank Form ID application, click the [OK] button on the dialog box. The EFMW Apply for EDGAR Access (New) page appears in the same browser window without any of the previously entered data. Follow the previous instructions (Section 3.2, “New SEC Filer: Applying for EDGAR Access”) to compose and submit this new Form ID application.

3.2.4.2.23.2.3.4.2 Create New, Pre-filled Form ID

1. Click ‘Apply for EDGAR Access (New)’ in the menu bar.
2. The Apply for EDGAR Access page appears. Click the “Continue with Saved Application for EDGAR Access” radio button.

Note: If you select this radio button, you will be prompted to upload a previously saved file of a Form ID application (in .eis format only). The maximum size of a Form ID file, including all attachments, must not exceed 200 MB.

3. Follow the previous instructions (Section 3.2, “New SEC Filer: Applying for EDGAR Access”) to compose and submit this new Form ID application.

After submitting one Form ID application, the Create New, Pre Filled Form ID option returns you to the Form ID Application page (in the same browser window) and prefills all of the data entry fields with the data that you had previously entered, except for the Name of Applicant or Name of Individual (as appropriate). Use this capability when you need to submit another Form ID application for a company or person whose information is materially the same as that previously entered.

Click the [Create New, Pre-filled Form ID] button near the bottom of the Form ID Application Confirmation page.

A dialog box appears (Figure 3-24: EDGAR Form ID, New Pre-filled Form Dialog) warning you that the previously entered Form ID information and any attachments (documents) will be retained if you continue. If this is not your desire, click the [Cancel] button on the dialog box.

Figure 3-24: EDGAR Form ID, New Pre-filled Form Dialog

~~If you would like to start a new, prefilled Form ID application, click the [OK] button on the dialog box. The EFMW Apply for EDGAR Access (New) page appears in the same browser window with all of the previously entered data except for the Name (which is empty). Follow the previous instructions (Section 3.2, “New SEC Filer: Applying for EDGAR Access”) for composing and submitting this new Form ID application.~~

~~Authentication Documentation~~

~~The Form ID application must be supplemented with additional verification to help ensure that the application is authentic. Accordingly, the applicant is required to attach a manually signed, notarized, and scanned PDF file to their electronic Form ID. This can be done in two ways:~~

- ~~• Complete the electronic Form ID application and print the “Form ID Application Confirmation” page.~~

~~or~~

- ~~• Complete and print the Form ID that is found on the SEC’s Public Site.~~

~~Have the printed form signed and notarized and this document will serve as the authentication document. Scan the notarized document, save it as a PDF (Portable Document Format) file, attach it to the Form ID application, and electronically submit it to the Commission.~~

~~The authentication document must include the following information:~~

- ~~• Signature of Authorized Person~~
- ~~• Printed Name of Signature~~
- ~~• Title of Person Signing~~
- ~~Notary Signature and Seal~~

3.2.53.2.4 Application Acceptance and Applicant Notification

After the SEC receives both the electronic Form ID application and the attached authentication documentation, the SEC will authenticate the request. A notification message stating the SEC’s disposition of the application will be sent to the e-mail address provided in the “Contact for EDGAR Information” part of the Form ID. The disposition will be either “accepted” or “rejected.”

If the application was accepted, the e-mail message will include but will not be limited to the following information:

- Text saying that the Form ID was accepted by the SEC
- The new Central Index Key [CIK]
- Basic directions for how to generate EDGAR access codes
- The URL of the EDGAR Filer Management Website

If the application was rejected, the e-mail message will include but will not be limited to the following information:

- Text saying that the Form ID was rejected by the SEC
- The reason that the application was rejected
- Basic instructions on how to resolve the issues

3.3 Current SEC Filer: Applying for EDGAR Access

This section explains the process of applying for access to EDGAR for **applicants who are currently filing with the SEC**, unless they seek to file in a different capacity (e.g., “individual,” “filing agent,” or “training agent”). Other filers should follow the instructions in Section 3.2, “New SEC Filer: Applying for EDGAR Access.”

3.3.1 Current Paper Only Filer

Note: The “applicant” is the company or individual who is required to file with the SEC, not necessarily the person who is filling in the form (although it could be). The term “requestor” is used to refer to the person who is filling in the form.

This section outlines the process for composing and submitting an EDGAR access request using the EFMW when the applicant currently makes paper filings (only) with the SEC and wants to start to file electronically. Before beginning, ensure that you know the Central Index Key (CIK) of the applicant. If you do not know the CIK, you can look up the applicant by name by connecting to the EDGAR Company Database at URL

<https://www.edgarcompany.sec.gov>

and clicking the [Company Database Search] button. The CIK is one of the items returned by querying this database.

3.3.1.1 Converting from Paper to Electronic Filer

To convert from a Paper Only Filer to an Electronic Filer, you must submit the EDGAR access request. This is accomplished as follows:

1. Connect to the EFMW Welcome page. (Refer to Section 3.1.2, “Accessing the EDGAR Filer Management Website.”)
2. Click ‘Convert Paper Only Filer to Electronic Filer’ in the menu bar.
3. A new browser window opens with the data entry page for the EDGAR access request (Figure 3-25: EDGAR Convert Paper Only Filer to Electronic Filer Page).
Refer to Section 3.2.2.1, “Data Entry Conventions,” for the standards used on all of the EFMW pages.
4. Enter the required data (CIK, passphrase and e-mail address).
Refer to Section 3.2.4, “Defining a Passphrase,” for more detailed description of the passphrase. For security reasons, the passphrase must be eight characters in length and contain at least one digit and one of the following characters: @, #, *, \$.
5. Click the [Continue] button near the bottom of the page after entering the data.

12. Click the [Submit] button (Figure 3-30: EDGAR Convert Paper Only Filer to Electronic Filer Confirmation Page (Bottom)) to submit the Convert Paper Only Filer to Electronic Filer request.

A dialog box displays asking for confirmation. (Figure 3-31: EDGAR Convert to Electronic Filer, “Continue” Dialog Box). To submit the request to EDGAR for processing, click the [OK] button; to cancel the request, click the [Cancel] button.

Figure 3-31: EDGAR Convert to Electronic Filer, “Continue” Dialog Box

Note: After you click the [OK] button, the Convert Paper Only Filer to Electronic Filer request is submitted to the automated submission processing portion of the EDGAR system. EDGAR will give an indicator that the submission is in progress. This is the start of the acceptance process; any subsequent actions in this browser window will not affect this process.

The EFMW Convert Paper Only Filer to Electronic Filer Acknowledgment page appears (Figure 3-32: EDGAR Convert Paper Only Filer to Electronic Filer Acknowledgment Page). This page provides the Accession Number for the submission - use this number when referring to this submission.

3.3.1.2 Authentication Documentation

The Convert Paper Only Filer request must be supplemented with an additional authentication document to ensure that the request is authentic. The authentication document must be signed and notarized, and include the following information:

- CIK
- Name associated with that CIK
- Current Company Mailing Address
- Contact Person
- Contact Telephone Number
- Signature of authorized person
- Printed Name of Signature
- Title of Person Signing

3.3.1.3 Request Acceptance and Applicant Notification

After the SEC receives both the electronic Convert Paper Only Filer to Electronic Filer request and the attached authentication documentation, the SEC will authenticate the request. A notification message stating the SEC's disposition of the request will be sent to the e-mail address provided in the request. The disposition will be either "accepted" or "rejected."

If the request is accepted, the e-mail message will include but will not be limited to the following information:

- Text saying that the request was accepted by the SEC
- Text stating that the specified passphrase was activated
- Basic directions for how to generate EDGAR access codes
- Instructions on how to review and update your company information (e.g., Business Address) to ensure that it is accurate and up-to-date
- The URL of the EDGAR Filer Management Website

If the request is rejected, the e-mail message will include but will not be limited to the following information:

- Text saying that the request was rejected by the SEC
- The reason that the request was rejected
- Basic instructions on how to resolve the issue

3.3.2 New Serial Company

Note: The “applicant” is the company or individual who is required to file with the SEC, not necessarily the person who is filling in the form (although it could be). The term “requestor” is used to refer to the person who is filling in the form.

A serial company is created as a result of a “parent” company filing a Form 424B⁶ or 424H using a serial tag, with the SEC. When the 424B or 424H submission is accepted by the SEC, the serial company is created in EDGAR and a [new] CIK is assigned. However, the act of creating the serial company in EDGAR does not automatically result in EDGAR access for the new company: the new serial company must request access to EDGAR. This section outlines the process for composing and submitting an EDGAR access request using the EFMW when the applicant is a newly created serial company.

Before beginning, ensure that you know the Central Index Key (CIK) of the applicant (it will be specified in the notification message sent to the parent company by EDGAR after the SEC accepts the Form 424B or 424H). If you do not know the CIK, you can look up the serial company by name using the EDGAR Company Database at URL:

<https://www.edgarcompany.sec.gov>

and clicking the [Company Database Search] button. The CIK is one of the items returned by querying this database.

Note: The EDGAR Company Database is updated nightly so it will be populated with the new serial company’s CIK no earlier than the day after the 424B or 424H that created it is accepted.

3.3.2.1 Composing the New Serial Company Access Request

To compose a new serial company access request, bring up the EDGAR access request data entry form. This is accomplished as follows:

1. Connect to the EFMW Welcome page. (Refer to Section 3.1.2, “Accessing the EDGAR Filer Management Website.”)
2. Click ‘EDGAR Access for New Serial Companies’ in the menu bar.
3. A new browser window opens and the data entry page for the EDGAR access request appears (Figure 3-33: EDGAR Access for New Serial Companies Page).

Refer to Section 3.2.2.1, “Data Entry Conventions,” for the standards used on all of the EFMW pages.

⁶ “424B” is a shorthand reference for Forms 424B1, 424B2, 424B3, 424B4, 424B5, 424B6, 424B7, and 424B8.

EDGAR Access for New Serial Companies

Intentional misstatements or omissions of facts constitute federal criminal violations. See 18 U.S.C.1001.

To obtain access codes for a serial company, you must enter the serial company's CIK, a passphrase, and an e-mail address below. You will use this CIK and passphrase later to generate the EDGAR access codes for that serial company. **It is important that you remember this passphrase for later use.** Note that this passphrase is **not** the serial company's EDGAR Login password. Once you have received a confirmation e-mail, this passphrase, along with the CIK, may be used to generate the serial company's EDGAR Login password (as well as CCC and PMAC).

 Refer to Section 3.2.4, "Defining a Passphrase," for a more detailed description of the passphrase. For security reasons, the passphrase must be at least eight characters in length and contain at least one digit and one of the following characters: { @, #, *, \$ }.
5. Click the [Continue] button near the bottom of the page when you are satisfied with the data that you entered.
 The EDGAR Access for New Serial Companies Confirmation page appears. (Figure 3-34: EDGAR Access for New Serial Companies Confirmation Page). This page serves as the authentication document for the process.

EDGAR Access for New Serial Companies Confirmation

To complete processing of your EDGAR Access for New Serial Companies request, you must attach a PDF version of a notarized authentication document using the "Upload/Delete Attachment" button below. **You must click the Submit button after you upload your document.**

If you have any questions regarding the status of your EDGAR Access for New Serial Companies request, please contact Filer Support at (202) 551-8900. After the SEC has reviewed an application, an e-mail will be sent to the email address on file with EDGAR informing the company that the request was either accepted or rejected (to include a reason why the application was rejected).

3.3.2.2 Authentication Documentation

The EDGAR Access for New Serial Companies must be supplemented with an additional authentication document to ensure that the request is authentic. The authentication document must be signed and notarized, and include the following information:

- CIK
- Name associated with that CIK
- Name of the contact person for purposes of this request
- Contact person of the parent company on database
- Contact telephone number of the parent company on database
- Accession number of the 424B or 424H filing that created the serial company
- Printed or typed signature of authorized person

3.3.2.3 E-mail Notification of Acceptance or Rejection

After the SEC receives both the electronic EDGAR Access for New Serial Companies request and the associated authentication documentation, the SEC will authenticate the request. A notification message stating the SEC's disposition of the request will be sent to the e-mail address provided in the request. The disposition will be either "accepted" or "rejected."

If the request is accepted, the e-mail message will include but will not be limited to the following information:

- Text saying that the request was accepted by the SEC
- Text stating that the specified passphrase was activated
- Basic directions for how to generate EDGAR access codes
- The URL of the EDGAR Filer Management Website

If the request is rejected, the e-mail message will include but will not be limited to the following information:

- Text saying that the request was rejected by the SEC
- The reason that the request was rejected
- Basic instructions on how to resolve the issue

3.4 Creating an Asset Backed Securities Issuing Entity

Request Asset-Backed Securities (ABS) Issuing Entities Creation allows an Asset-Backed Securities Depositor to request the creation of up to 100 related Issuing Entities. A depositor, regardless of its SIC code value, can initiate the request.

Note: It is advisable to limit the number of companies specified in any one request. If there is a problem with the appropriateness of one of the names of the Issuing Entities, your request may be rejected. If this happens, then you must resubmit your entire request.

Once you have logged into EDGAR and accessed the Retrieve/Edit Company and Submission Data page, you can prepare a request to create ABS Issuing Entities:

1. Login to EDGAR.
2. When you reach the EDGAR Welcome page, click 'Retrieve/Edit Data'.
3. Figure 3-39: Retrieve/Edit Data Page appears, and prompts you for your CIK and CCC information:
 - Enter your CIK in the CIK field and press [Tab].
 - Enter your CCC in the CCC field.

11. SEC's Branch of Filer Support staff will review your request. They can reject any requested name if it is deemed unacceptable.

Once Filer Support processes your request EDGAR will send a notification message to your e-mail address and to the e-mail address of each requested Issuing Entity. If your request was accepted then the notification message would contain the CIK associated with each requested Issuing Entity name along with instructions on how the Issuing Entities can generate their EDGAR access codes. If your request was rejected then the notification message will contain the reason why your request was rejected. You must re-submit another request to create Asset-Backed Securities Issuing Entities addressing the issue in which the initial request was rejected and including all of the Issuing Entities and associated information that were entered on the initial request.

3.5 Examples of Notification Messages

This section contains examples of the notification messages that EDGAR will send to the applicant/filer in response to a Form ID application, a Convert Paper Only Filer to Electronic Filer request and an EDGAR Access for New Serial Companies request. For each type of submission, examples of both an acceptance message and a rejection message are provided.

These messages will be sent to the e-mail address specified by the requestor or to the filer's e-mail address on record. If they are associated with a valid CIK, they will also be posted to the EDGAR Filing and OnlineForms websites (the rejection message for a Form ID application will never be posted to these websites as a CIK does not exist for the applicant).

Note: None of the data contained in these messages is real; it merely represents the type of data that would typically be contained in the message. Do not attempt to use any of this data with the EDGAR system.

DRAFT

4. GENERATING EDGAR ACCESS CODES

There are two methods for generating access codes on the EDGAR system. The first is to generate all of the codes when the EDGAR system has accepted your application for access. Generally, there are three situations when this process is used:

- For a new electronic filer.
- For an electronic filer who has forgotten their EDGAR access codes.
- For an electronic filer who wants to change EDGAR access codes for security purposes.
- For an electronic filer whose password has expired.

Section 4.1, “Generating All EDGAR Access Codes,” explains generating a complete set of access codes. If your Form ID application for EDGAR access has not been accepted by the SEC, please refer to Section 3.2, “New SEC Filer: Applying for EDGAR Access.” If you are an existing filer and would like to change individual codes, either your CCC or Password, Section 4.1.3, “Changing your CCC or Password,” explains this process. Finally, some filers who have not logged onto the EDGAR system since the origination of passphrases may be asked to create a passphrase for the first time. Please see Section 4.1.4, “Creating a Passphrase for the First Time,” for details.

The second method of generating access codes is to generate them individually. In Section 4.1.1, “Requesting an EDGAR Passphrase,” the process for requesting an EDGAR passphrase is described.

4.1 Generating All EDGAR Access Codes

This section describes how to generate a complete set of EDGAR access codes (PMAC, password, and CCC). To perform this function, the filer must have a current, valid CIK and passphrase.

You cannot obtain individual access codes using the EFMW, only a complete set. However, the EDGAR Filing and OnlineForms websites allow you to generate just a new password (if you know the filer’s PMAC) or just a new CCC (if you know the filer’s password). Please see later subsections for these details.

As long as a filer’s EDGAR access codes are appropriately protected and kept current, this capability is not often needed. (The password expires yearly; the PMAC and CCC do not expire.)

Before beginning, ensure that you know the Central Index Key (CIK) of the filer. (It will be specified in the notification message that was sent when the filer’s electronic Form ID application was accepted). If you do not know the CIK, you can look up the filer name in the EDGAR Company Database at URL:

<https://www.edgarcompany.sec.gov>

If you enter the Company Name and click the [Company Database Search] button to query the database, the CIK is one of the items returned.

You must also know the filer’s passphrase. (The passphrase was specified in connection with the electronic Form ID application, on an Update Passphrase request, on a Convert Paper Only Filer to Electronic Filer request, or on an EDGAR Access for New Serial Companies request).

The first step in generating a set of EDGAR access codes is to open the EDGAR Generate Access Codes data entry form. This is accomplished as follows:

1. Connect to the EFMW Welcome page. (Refer to Section 3.1.2, “Accessing the EDGAR Filer Management Website.”)
2. Click ‘Generate Access Codes (New/Replacement)’ in the menu bar.
3. A new browser window opens and the Generate Access Codes (New/Replacement) page appears (Figure 4-1: EDGAR Generate Access Codes (New/Replacement) Page).
4. Refer to Section 3.2.2.1, “Data Entry Conventions,” for the standards used on all of the EFMW pages.

Generate Access Codes (New/Replacement)

Intentional misstatements or omissions of facts constitute federal criminal violations. See 18 U.S.C. 1001.

You should generate EDGAR access codes if

- You have submitted a Form ID application for a specific company or individual and have received your CIK via e-mail.
- Your EDGAR access codes have expired and you would like to generate new EDGAR access codes.
- You have forgotten your EDGAR access codes and would like to generate new EDGAR access codes.
- You would like to generate new EDGAR access codes for security purposes. Note that if you only want to update your password or CCC, it is recommended that you do this through the [EDGAR Filing website](#) or the [EDGAR Online Forms/XML website](#) by clicking on the "Retrieve/Edit Data" menu item under "Information Exchange" in the main EDGAR window.

To generate your access codes for the EDGAR system, enter your CIK and passphrase in the fields below and then select the "Generate Access Codes" button.

5. Enter the required data (CIK and Passphrase).
6. Click the [Generate Access Codes] button near the bottom of the page.

A dialog box appears (Figure 4-2: EDGAR Generate Access Codes, “Continue” Dialog) asking you to confirm that you want to submit the request. If you do not want to submit the request, click the [Cancel] button and the dialog box will disappear; otherwise, click the [OK] button.

Figure 4-2: EDGAR Generate Access Codes, “Continue” Dialog

If you clicked the [OK] button, the EFMW Generate Access Codes Acknowledgment page appears (Figure 4-3: EDGAR Generate Access Codes Acknowledgment Page). This page provides the filer’s CIK and a set of new EDGAR access codes that are associated with that CIK. You should remember these codes, **after you close this page there is no way to recover them** – if you forget them, you will need to generate a new set.

Figure 4-3: EDGAR Generate Access Codes Acknowledgment Page

Note: The CIK and EDGAR access codes specified in Figure 4-3 are examples only; do not attempt to use these codes with EDGAR!

- Click the [Exit Window] button to close the browser window and finish the process. No confirming dialog box is displayed—the browser window is just closed.

4.1.1 Requesting an EDGAR Passphrase

This section describes how to request a new EDGAR passphrase for:

- A filer who has forgotten their passphrase.
- A filer who wants to change a passphrase for security purposes.

This capability is not needed as long as a filer's passphrase and EDGAR access codes are appropriately protected and kept current (the password expires yearly; the passphrase, PMAC and CCC do not expire, although filers may elect to periodically update the passphrase for security reasons).

4.1.1.1 Composing the New Passphrase Request

To compose a new passphrase request, you must either generate a Security Token or submit an Update Passphrase (manual) request. Generating your own Security Token is the most efficient method and should be chosen if the filer's email contact information on file in EDGAR is current.

4.1.1.1.1 Generating a Security Token

1. Connect to the EFMW Welcome page. (Refer to Section 3.1.2, "Accessing the EDGAR Filer Management Website.")
2. Click 'Update Passphrase' in the menu bar.

Figure 4-4: EFMW Welcome Page Menu

3. A new browser window opens (Figure 4-5: EDGAR Update Passphrase Page). Click the first hyperlink "Request security token to update passphrase."

NOTE: If you have already received a security token that is still valid and would like to navigate directly to the “Update Passphrase Continuation” screen, please select the second hyperlink “Received a security token via email” on the “Update Passphrase” screen.

Generating the security token is the standard method to update your passphrase. Use the "Update Passphrase (manual)" method only if the email contact information on record in EDGAR is incorrect. If you choose this method, it may take over 48 hours to process the request. Please select the third hyperlink on the “Update Passphrase” screen to follow the manual process of updating your passphrase.

Update Passphrase

Intentional misstatements or omissions of facts constitute federal criminal violations. See 18 U.S.C. 1001.

You should update your passphrase if:

- You have forgotten your passphrase and would like to update it with a new passphrase.
- You would like to update your passphrase for security purposes.

Please select the first hyperlink below to request for a security token. EDGAR will send a security token to the email address we have on record with a link and instructions to enter the security token. You can use the security token to update your passphrase on the "Update Passphrase Continuation" screen.

If you have already received a security token that is still valid, please select the second hyperlink below.

Generating the security token is the standard method to update your passphrase. Use the "Update Passphrase (manual)" method only if the email contact information on record in EDGAR is incorrect. If you choose the manual method, it may take over 48 hours to process the request. Please select the third hyperlink below to follow the manual process of updating your passphrase.

4. Upon clicking the first hyperlink, the data entry page for “Update Passphrase – Request Security Token” appears (Figure 4-6: EDGAR Update Passphrase – Request Security Token Page).

Update Passphrase - Request Security Token

Intentional misstatements or omissions of facts constitute federal criminal violations. See 18 U.S.C.1001.

You should update your passphrase if:

- You have forgotten your passphrase and would like to update it with a new passphrase.
- You would like to update your passphrase for security purposes.

To update your passphrase, you must enter your CIK and optionally provide a Reason for Update below, and then click the "Continue" button. When you click the "Continue" button, EDGAR will send a security token to the email address on record with a link and instructions to enter the security token.

NOTE THAT THE SECURITY TOKEN IS VALID FOR ONE-TIME USE ONLY AND WILL EXPIRE IN 60 MINUTES.

5. Enter your 'CIK' and 'Reason for Update' on the "Update Passphrase – Request Security Token" page. The "Reason for Update" data entry field is optional and allows you to enter free-form text explaining why the filer needs a new passphrase.
6. Click the [Continue] button at the bottom of the page.
7. EDGAR generates a Security Token and sends it to the EDGAR contact email address on record.

NOTE: A Security Token will become invalid under the following conditions:

- **60 minutes pass from the time a Security Token was generated**
- **Another Security Token was issued for the same CIK**
- **The Security Token has already been used.**

An example email is shown in Figure 4-7: EDGAR Security Token Email.

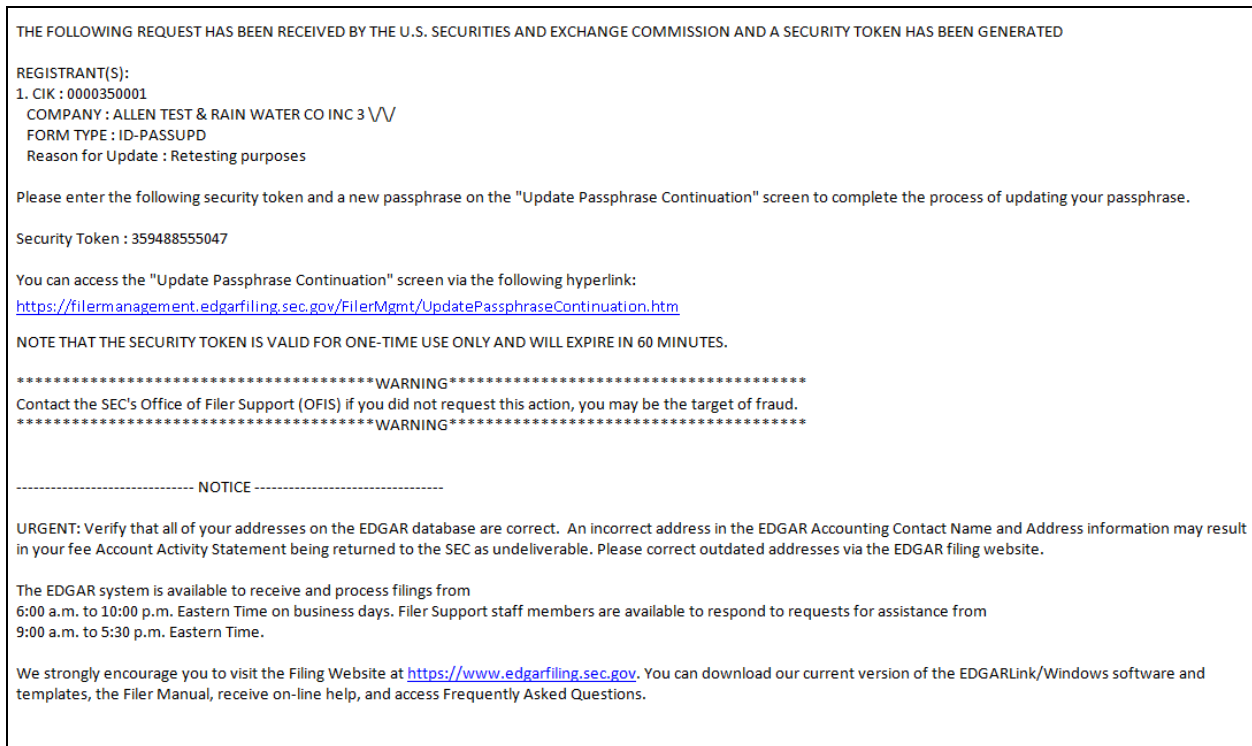

Figure 4-7: EDGAR Security Token Email

8. To enter in the Security Token, either proceed to the next page (Figure 4-8: EDGAR Update Passphrase Continuation Page) or click the link in the email to continue with the passphrase update process. Alternatively, click the "Received a security token via email" hyperlink on the "Update Passphrase" page. If you have not received an email within 10 minutes, proceed to Step 1 of the "Update Passphrase Request" process (See Section 4.1.1.1.2).
9. The "Update Passphrase Continuation" page will be displayed (Figure 4-8: EDGAR Update Passphrase Continuation Page). Re-enter the CIK, select the checkbox "I have received the Security Token within the last 60 minutes," enter in the Security Token as indicated in the email, enter in a "New Passphrase," and then re-enter in the passphrase again in the "Re-enter New Passphrase" fields. Refer to Section 3.2.4, "Defining a Passphrase," for a more detailed description of the passphrase. For security reasons, the passphrase must be at least eight characters in length and contain at least one digit and one of the following characters: { @, #, *, \$ }.
10. If the Security Token is invalid, the system will display the following error message:

"The Security Token has either expired or is no longer the most recent token issued for CIK XXX. Please click the "Exit Window" button and then go to the "Update Passphrase" screen to request a new Security Token."

11. Click the [Submit] button.

Update Passphrase Continuation

Intentional misstatements or omissions of facts constitute federal criminal violations. See 18 U.S.C.1001.

You should update your passphrase if:

- You have forgotten your passphrase and would like to update it with a new passphrase.
- You would like to update your passphrase for security purposes.

To continue updating your passphrase, you must enter your CIK, the security token you received via email, and the new passphrase.

You will use your CIK and new passphrase later to generate your EDGAR access codes. **It is important that you remember this passphrase for later use.** Note that this passphrase is not your EDGAR Login password. Once you have received a confirmation e-mail, this passphrase, along with your CIK, may be used to generate your EDGAR Login password (as well as CCC and PMAC).

5. Select “Yes” as a response to the question, “The applicant or the applicant’s authorized representative must sign the application. Do you have this authority?”

Note: If you select “No” as a response, the system will display the following error message and not permit you to continue with the update passphrase process:

“You are not authorized to submit this request. Please contact an authorized person to update the passphrase.”

6. Enter the required data (CIK and passphrase) and a reason for making the request (optional). Refer to Section 3.2.4, “Defining a Passphrase,” for a more detailed description of the passphrase. For security reasons, the passphrase must be at least eight characters in length and contain at least one digit and one of the following characters: {@, #, *, \$}.

The “Reason for Update” data entry field is optional and allows you to enter free-form text explaining why the filer needs a new passphrase. This allows you to provide information that may help the SEC process your request.

7. Click the [Continue] button near the bottom of the page after entering the data. The “Update Passphrase Confirmation” page appears (Figure 4-14: EDGAR Update Passphrase Confirmation Page).

Update Passphrase Confirmation	
To complete processing of your Update Passphrase request, you must attach a PDF version of a notarized authentication document using the "Upload/Delete Attachments" button below. You must click the Submit button after you upload your documents. If you have any questions regarding the status of your Update Passphrase request, please contact Filer Support at (202) 551-8900. After the SEC has reviewed an application, an e-mail will be sent to the email address on file with EDGAR informing the company that the request was either accepted or rejected (to include a reason why the application was rejected).

16. Click the [Exit Window] button to complete the process and close the browser window.

4.1.1.2 Authentication Documentation

The Update Passphrase request must be supplemented with an additional authentication document to ensure that the request is authentic. The authentication document must be signed and notarized, and include the following information:

- CIK
- Name associated with that CIK
- Name of the contact person for purposes of this request
- Contact person
- Contact telephone number

- Contact email address
- Manual signature of authorized person
- Printed name of authorized person
- Title of authorized person
- Signature
- Signature Date
- Name of Notary (must be different from contact person)
- Notary seal (in jurisdictions that use notary seals)

If the request is for a company, the authentication document must be on company letterhead. If the request is for an individual, the filer may provide the information on non-company letterhead or use the print out that can be generated on the EDGAR Update Passphrase Confirmation Page (Figure 4-14: EDGAR Update Passphrase Confirmation Page).

4.1.1.3 E-mail Acceptance or Rejection Notification

After the SEC receives both the electronic EDGAR Update Passphrase request and the attached authentication documentation, the SEC will authenticate the request. A notification message stating the SEC's disposition of the request will be sent to the e-mail address provided in the request. The disposition will be either "accepted" or "rejected."

If the request is accepted, the e-mail message will include but will not be limited to the following information:

- Text stating that the request was accepted by the SEC
- Text stating that the specified passphrase was activated
- Basic directions for how to generate EDGAR access codes
- The URL of the EDGAR Filer Management Website

If the request is rejected, the e-mail message will include but will not be limited to the following information:

- Text saying that the request was rejected by the SEC
- The reason that the request was rejected
- Basic instructions on how to resolve the issue

These messages will be sent to filer's e-mail address of record. If they are associated with a valid CIK, they will also be posted to the EDGAR Filing and OnlineForms websites.

Note: None of the data contained in these messages is real; it merely represents the type of data that would typically be contained in the message. Do not attempt to use any of this data with the EDGAR system.

4.1.3 Changing your CCC or Password

Usually, changing all of your access codes will not be required. A more routine procedure would be to change either your password or CCC. Your password allows you access to the EDGAR systems, including all websites. You should not share this password with anyone outside your company. It is appropriate to change your password under the following circumstances:

- Key staff who held the password are no longer employed by your company
- You are concerned that your password has been given to outsiders
- Your company policies require the routine update of the password at intervals other than required by EDGAR.

The CCC allows you the flexibility to permit others to file on your behalf, usually filing agents. It is prudent to change this code after another party submits each filing. This is especially important if you use more than one filing agent. If you do not follow this policy or do not use more than one agent, then at the very least, the code needs to be refreshed if you change filing agents. The integrity of this code is your responsibility; please do not give this code to anyone who does not need to use it on your behalf.

Once on the main EDGAR Welcome page, if you need to change your access codes, click 'Retrieve/Edit Data'.

The Change Company Password or CCC option has a page for you to select either of two options as shown in Figure 4-21: Change Company Password or CCC Page:

- Change Password
- Change CCC (CIK Confirmation Code)

Click the 'Change Company Password or CCC' option on the Retrieve/Edit Data page, and this page will appear.

Your EDGAR password is good for only twelve (12) months. Be sure you change your password on the EDGAR Filing Website before it expires.

4.1.3.1 Changing Your Password

1. Click the 'Change Password' link on the Change Company Password or CCC page.

Change Company Password

Enter CIK:

Enter Old Password:

Enter New Password:

Confirm New Password:

Enter Password Modification Authorization Code (PMAC):

WARNING

- Do not give out the new password to anyone who does not need that information

If you mistyped your CIK or CCC, you may see the Invalid CIK/CCC error screen. Click the [Back] button on your browser and enter it again. If you are still having problems, please call Filer Support at (202) 551-8900 for help.

4.1.4 Creating a Passphrase for the First Time

When logging into any of the EDGAR websites, if your CIK and password are valid and you have a passphrase, the Welcome page appears. Some filers, who have not logged into the system for a long time, may find that they have not yet created a passphrase since the introduction of this process on the EDGAR system. Filers will only have to follow this process once; however, the EDGAR system will not let you proceed until the passphrase has been created. The first screen you will see is shown in Figure 4-26: The EDGAR Create Passphrase Page.

Create Passphrase

According to our records, CIK **0000350001** does not have an EDGAR Filer Management passphrase on file. An EDGAR Filer Management passphrase is used to generate new EDGAR access codes (password, CCC, PMAC) in the event that they have expired or you have forgotten them, and as a result, you are unable to log into or access certain functionality of the EDGAR system. Creation of a passphrase **is required** to continue using the EDGAR system. To create a passphrase, enter the information below and select the "Create Passphrase" button below. For more information on EDGAR Filer Management, refer to the [EDGAR Filer Manual](#).

Enter Passphrase: Note: Your passphrase must be 8 characters long and must contain at least one digit and one of the following characters: @, #, *, or \$.

Re-Enter Passphrase:

Enter Existing PMAC:

Figure 4-26: The EDGAR Create Passphrase Page

1. To define a passphrase, type it in the data entry fields provided. (The passphrase is not displayed and it is an important security code: typing it twice ensures that no typographical errors occur during entry.)
2. Enter your existing PMAC (doing so verifies that you have the right to define a passphrase). If you have forgotten your PMAC, contact our Filer Support Staff at (202) 551-8900 for help.
3. Click the [Create Passphrase] button. If your new passphrase is in the correct format (it must be in the same format as the PMAC) and the PMAC is valid for the CIK, the Create Passphrase Results page is displayed. (You will be informed of any errors in the data entered and will be required to correct them before you can proceed.)

Create Passphrase Results

The passphrase has been successfully created for CIK **0000350001**.

- Click the [Continue to EDGAR Welcome] button. The Welcome page displayed is based on the website that you initially logged on to.

Figure 4-28 shows the EDGAR OnlineForms Management Website Welcome page.

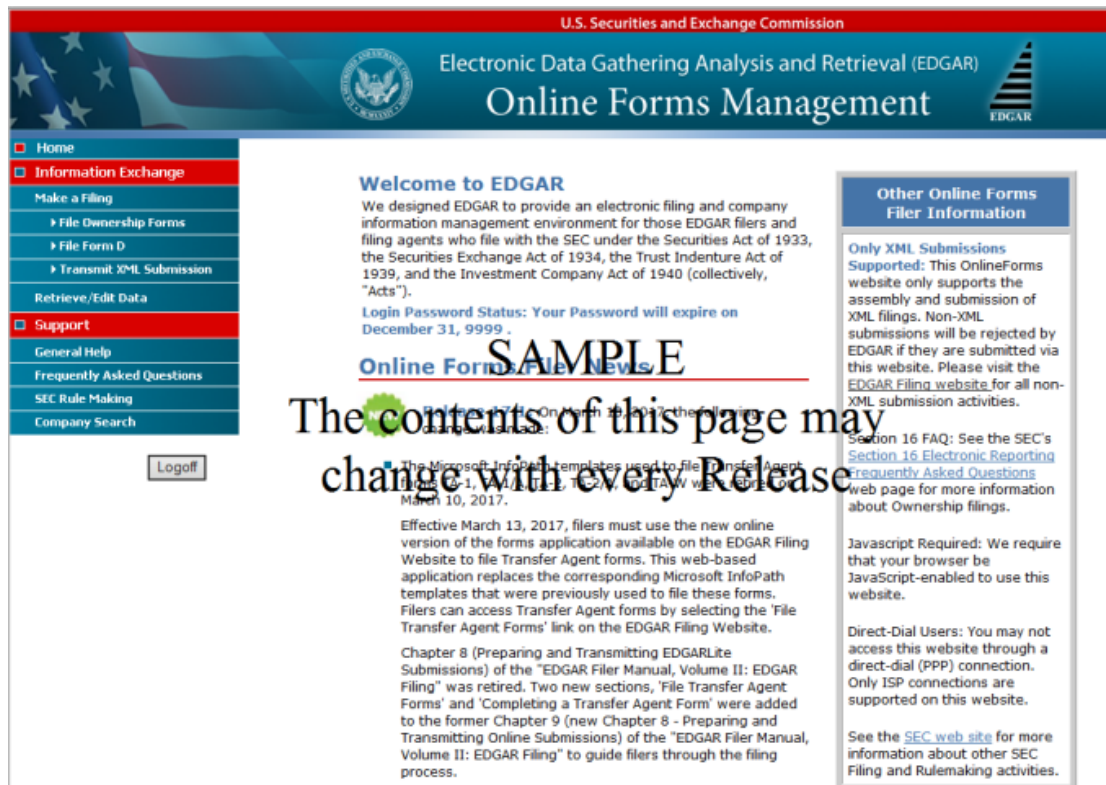

Figure 4-28: The EDGAR Welcome Page (Top)

Notes:

- If you mistype your password, EDGAR considers it an invalid password and access to EDGAR is denied.
- If you accidentally mistype the CIK or password, you can press the [Back] button to return to the Login page, and try again.
- If your CIK and password do not match those saved in the database, you will see an Invalid Login page. If you find you are getting the Invalid Login page and your CIK and password are entered correctly, please contact Filer Support at (202) 551-8900 for help.
- Additional error messages you may see are Password Login Expiration messages. There are two different types of messages: Login Password to Expire Soon or Login Password Expired. If your password expires soon or if your password has expired within the last 10 days, EDGAR allows you to create a new password using your PMAC. If you have a passphrase, you can get a new set of EDGAR access codes (including a password) using the EDGAR Filer Management Website – even if your password has been expired for more than 10 days. If you need assistance, contact our Filer Support Staff at (202) 551-8900 for help.
- The passphrase is a security code and is used to generate EDGAR access codes. You must define a passphrase before you can access any of the EDGAR capabilities.

5. MAINTENANCE OF COMPANY DATA

Once you have obtained your access codes and are a registered EDGAR filer, you should maintain your company data. This chapter will help you by illustrating the process of maintaining your data.

5.1 Login to EDGAR

To enter or edit your company information, change your password or CCC, or check the status of a submission, you will need to login to EDGAR:

1. Connect to the Internet.
2. Go to the EDGAR Gateway: <https://www.portal.edgarfiling.sec.gov>.
3. Click the ‘Are you an EDGARLink Online filer or would you like to create a new Asset-Backed Securities Issuing Entity?’ link.
4. The EDGAR Filing Website login page is displayed where you must enter your access data.
5. Click in the CIK field and enter your CIK.
6. Press [Tab] and enter your password.
7. This is your login password, not your CCC, or PMAC. Your password is case-sensitive.
8. Click the [Login to EDGAR] button.
9. The Create Passphrase page appears if your CIK and password are valid and you do not have a passphrase. Refer to Section 4.1.4, “Creating a Passphrase for the First Time,” if you are asked to create a passphrase.
10. If your CIK and password are valid and you have a passphrase, the Welcome page appears.

5.2 Accessing Submission and Company Information

1. When you reach the EDGAR Filing Website Welcome page, click ‘Retrieve/Edit Data’ in the menu on the left side of the page under the category “Information Exchange”.
2. The Retrieve/Edit Data page appears and prompts you for your CIK and CCC information:
 - Enter your CIK in the CIK field and press [Tab].
 - Enter your CCC in the CCC field.
 - Click the [Continue] button.

This page verifies that you have access to retrieve or edit information on the EDGAR system.

The next screen is the Retrieve/Edit Company and Submission Data page, which is shown in Figure 5-2: Retrieve/Edit Company and Submission Data Page. You can access the following functions from this page by clicking the [Continue] button:

- Retrieve Submission Information
- Retrieve Company Information
- Retrieve Module/Segment Information
- Enter Series and Classes (Contracts) Information
- Request Asset-Backed Securities (ABS) Issuing Entities Creation
- Request Return of Unused Funds
- Retrieve Balance Information
- View Account Activity Statement
- Change Company Password or CCC
- Enter Another CIK/CCC

You can use any of these functions to update your company information, CCC, or password via the EDGAR Filing Website.

5.3 Retrieve Company Information

Another feature in EDGAR is the ability to retrieve and update your company information from the EDGAR Filing Website. (From EDGAR's perspective, every CIK belongs to a filing entity generally referred to as “company.” In this case, each reporting owner is a “company.”) Once you have logged into EDGAR and accessed the Company and Submission Information Retrieval page, you can retrieve your company information:

3. Click ‘Retrieve Company Information’. The Company Information page appears.
- Scroll down this page to review the company information EDGAR has stored.

Figure 5-3: Company Information Page

If any of this information is incorrect, you can change it by using the [Edit Company Information] button at the bottom. Note that only the information pertinent to you based upon your filer attributes (Filer Type and Company/Individual indicator) will be displayed. For example, if you are a "Filing Agent" or "Training Agent" the Filer Information section will not be displayed.

Note: You cannot change your CIK.

You can print this page using your browser's print function for future reference.

For general company queries (including wildcard searches) please search the EDGAR Company database (<https://www.edgarcompany.sec.gov>).

5.4 Edit Company Information

It is the obligation of the registrant to keep the company information on EDGAR current and valid. All changes to your company information are made immediately except for changes to your company's name. Our Filer Support staff needs to review any change to your company's name to ensure that it is appropriate.

Note: Filers that are registered as Broker-Dealers cannot update their company information (except for e-mail address) through the 'Retrieve/Edit Data' link on the EDGAR Filing Website. Instead, they must submit a Form BD/A (Amendment) to CRD to update their company information. The Form BD/A filing will automatically update the company information in EDGAR, and thereafter the new company address information will be pre-populated into the applicable address fields on future EDGAR submissions.

Once you have logged into EDGAR and accessed the Company and Submission Information Retrieval page, you can edit your company information:

4. Scroll to the bottom and click the [Edit Company Information] button. The Edit Company Information page appears.
 - Note that only the information pertinent to you based upon your filer attributes (Filer Type and Company/Individual indicator) will be displayed. For example, if you are a "Filing Agent" or "Training Agent" the Filer Information section will not be displayed.
 - On this screen, required fields are indicated by an asterisk (*). If you do not fill in all required fields, you will be prompted with an error upon submission.

5.4.1 Series and Classes (Contracts) Information

Investment company filers are responsible for keeping their Series and Classes (Contracts) information up-to-date using the Enter Series and Classes (Contracts) Information screen. The Commission requires certain investment companies (referred to as S/C Funds in this discussion) to update series and class (contract) information as required upon specified events, such as name changes, deactivations, liquidations, mergers, or other events resulting in the elimination or merger of a series or class or de-registration of the S/C Fund. The following sections provide more details.

5.4.1.1 Series and Classes (Contracts) Information Page

Series and class (contract) identifiers are created and their names are established on certain registration statement and pre and post effective amendment filings specified in EDGAR Filer Manual Volume II. The Series and Classes (Contracts) Information page provides S/C Funds a mechanism to keep their information up-to-date in support of SEC rules adopted in Release 33-8590 (July 18, 2005) [70-FR43558], “Rulemaking for EDGAR System.” We recommend that you refer to the SEC rules releases in conjunction with this section.

In the release, the Commission states that inclusion of identifiers for series and class (contract) are part of the official filing and stresses that it is important for S/C Funds to keep their information up-to-date:

“We are amending this definition to provide that the electronic identification of investment company type and inclusion of identifiers for series and class (or contract, in the case of separate accounts of insurance companies), as we are requiring under Rule 313 of Regulation S-T, will be deemed part of the official filing. On and after the Mandatory Series/Class (Contract) Identification Date, failure of a S/C Fund to include correctly the required identifiers will mean that a filing for that series and/or class (or contract) has not been made. We also stress that it is important for S/C Funds to keep their information up-to-date, including updating in a timely manner when a series and/or class (contract) deactivates. If a S/C Fund does not do so, we will assume that the S/C Fund is delinquent in reporting for a series or class (contract).”

The investment companies (S/C Funds) that need to keep their information up-to-date are filers whose last registration statement (excluding registrations on Form N-14) and/or post-effective amendment was filed on:

- Form N-1A (Mutual Fund)
- Form N-3 (Separate Account Registered as Open-End Management Investment Company)
- Form N-4 (Variable Annuity UIT Separate Account)
- Form N-6 (Variable Life UIT Separate Account)

The adopting release outlines the implementation of the requirements to electronically collect and utilize series and class (contract) information. Obtaining identifiers for series and classes via a filing is outlined in Volume II. S/C Funds will enter information using the Series and Classes (Contracts) Information page to update series and class (contract) information as required upon specified events, such as name changes, deactivations, liquidations, mergers, or other events resulting in the elimination or merger of a series or class or de-registration of the S/C Fund.

After a new class (contract) is identified on a substantive filing, and it receives a ticker symbol, the filer must use the Series and Classes (Contracts) information page to update the class (contract) information with the ticker symbol.

After a merger involving a series or class (contract) becomes effective, it is the responsibility of the target S/C Fund to update the status for the series or class (contract) to ‘Merged’ (i.e., inactive due to merger) after the last EDGAR filing is made for the target.

For series or classes (contracts) that are no longer offered, go out of existence, or de-register after the last EDGAR filing for the series/ or class (contract) has been made, it is the responsibility of the S/C Fund to update the status for the series of class (contract) to 'Inactive'.

5.4.1.2 Navigating to the Series and Classes (Contracts) Information Page

You can get to the Series and Classes (Contracts) Information page to enter series and classes (contracts) information from the Retrieve/Edit Company and Submission Data page (Figure 5-2: Retrieve/Edit Company and Submission Data Page) on the EDGAR Filing Website (<https://www.edgarfiling.sec.gov>.) These steps will get you to the page:

1. Login to EDGAR. (See Section 5.1, "Login to EDGAR," if you need detailed instructions.)
2. Click 'Retrieve/Edit Data' under the category "Information Exchange" on the EDGAR menu on the left side of the EDGAR Welcome page.
3. The Retrieve/Edit Data page (Figure 5-9: Retrieve/Edit Data Page) appears and prompts you for your CIK and CCC information. This CIK is the one with which the series and classes (contracts) entered later will be associated.
 - Enter your CIK in the CIK field and press [Tab].
 - Enter your CCC in the CCC field.
 - Click the [Continue] button.

*Note #3 EDGAR Release 18.3 introduced changes that remove the ability to access return copies of submissions if a return copy is requested. Filers are encouraged to save a copy of their submission prior to transmitting a TEST or LIVE filing.

Figure 5-10: Retrieve/Edit Company and Submission Data Page

5.4.1.3 Enter Series and Classes (Contracts) Information Page

Only S/C Funds will need to enter series and class (contract) information. S/C Funds are filers whose last registration statement (excluding registrations on Form N-14) and /or post-effective amendment filing was on one of the following forms:

- Form N-1A
- Form N-3
- Form N-4
- Form N-6

If your investment company is already known in EDGAR as filing on one of the forms indicated, EDGAR will display the Series and Classes (Contracts) Information page shown in Figure 5-12: Series and Classes (Contracts) Information Page. If EDGAR does not know the Investment Company Type or the type is not an S/C Funds type, then Figure 5-11: Not a Series and Classes (Contracts) Investment Company will appear.

Since you are not an S/C Funds type, click the [Close Window] button. You are not required to submit series and class (contract) information.

Enter Series and Classes (Contracts) Information

The following screens are used to maintain series and classes (contracts) information such as name, status, and ticker symbol. Use the off-line EDGAR software (1) to identify or change investment company type (ICT) when appropriate as part of the submission process for the relevant substantive filing and (2) to obtain identifiers for new series and/or classes (contracts) as part of the submission process for the substantive filing by which they are added.

CIK: 0000350001
Company Name: BIG FUND TRUST CO

Series and Classes (Contracts) information is only applicable if the CIK is assigned to a primary registrant that last filed on one of the following forms:

- N-1A
- N-3
- N-4
- N-6

Note: The SEC has required that series and class (contract) identifiers be used in designated filings.

5.4.1.4 Series and Classes (Contracts) Information Page Overview

Figure 5-12: Series and Classes (Contracts) Information Page is the central page you will use to build the data for series and classes (contracts). Most buttons on this page will cause subsequent pages to be displayed to collect information. As the information is collected, you will return to this page where the new information is displayed. The page has two sections:

- The first section is used to display your Investment Company Type Information.
- The second section is used to collect updated series and class (contract) information.

The first section of the Series and Classes (Contracts) Information page provides the following function:

- Modify Company Type

The second section of the Series and Classes (Contracts) Information page provides the following functions:

- Viewing series and class (contract) information
- Modifying series and class (contract) information
- Deleting series and class (contract) information (un-submitted items only)
- Printing the page
- Verifying/submitting series and class (contract) information

As you update your series and class (contract) data, it will be displayed as blue text. After all the information has been collected, you can have it verified and submitted by pressing the [Verify/Submit Changes] button.

The following section describes each button function on the Series and Classes (Contracts) Information page.

[Modify Company] Button

The [Modify Company] button can be used to change the Investment Company Type.

When the button is clicked, the Edit Investment Company Type page displays (see Figure 5-13: Edit Investment Company Type Page).

Figure 5-13: Edit Investment Company Type Page

To change your Investment Company Type:

- Click on the Investment Company Type drop down list. The selections are as follows:
 - Form N-1 Filer (Open-End Separate Account with No Variable Annuities)
 - Form N-1A Filer (Mutual Fund)
 - Form N-2 Filer (Closed-End Investment Company)
 - Form N-3 Filer (Separate Account registered as Open-End Management Investment Company)
 - Form N-4 Filer (Variable Annuity UIT Separate Account)
 - Form N-5 Filer (Small Business Investment Company)
 - Form N-6 Filer (Variable Life UIT Separate Account)
 - Form S-1 or S-3 Filer (Face Amount Certificate Company)
 - Form S-6 Filer (UIT, Non-Insurance Product)
 - No longer an Investment Company Type in the selection list
- Scroll down the list and select your new ICT by clicking on it.
- Click [OK] to accept the selection and return to the Series and Classes (Contracts) Information page.
- Click [Cancel] to cancel your selection and return to the Series and Classes (Contracts) Information page.

[Modify] Button

The [Modify] button can be used to modify a series or class (contract):

- To select a series, click on the radio button at the left of the series.
- To select a class, click on the radio button at the left of the class (contract).

Next, click the [Modify] button.

When the button is clicked, checks are made to see if the selected series or class (contract) can be modified, based on:

- Investment Company Type
- Whether any series or class (contract) is selected
- If a class (contract) is selected, whether the corresponding series status is Active

To modify a class (contract) for a series with a status of Inactive, the series must first be modified to make the status Active.

If a series can be modified, the Edit Series page described in Section 5.4.1.4.1, “Edit Series Page,” is displayed. If a class can be modified, the Edit Class (Contract) page described in Section 5.4.1.4.2, “Edit Class (Contract) Page,” is displayed.

[Print] Button

The [Print] button provides a mechanism for you to print your data in landscape mode.

[Verify/Submit Changes] Button

The [Verify/Submit Changes] button is used to verify the changes and transmit the data into the EDGAR system.

When the button is clicked, checks are made to see if the series and class (contract) information is correct:

- If there is more than one series with an Active status, you will be asked to review the series names to be sure they are appropriate.
- If there is a series with more than one class (contract) with an Active class status, you will be asked to review the class (contract) names to be sure they are appropriate.

After you have confirmed the series and class (contract) information is correct, the Series and Classes (Contracts) Information Edit Confirmation page is displayed. It is shown in Section 5.4.1.4.3, “Series and Classes (Contracts) Information Edit Confirmation Page.”

5.4.1.4.1 Edit Series Page

The Edit Series page appears when a series is selected and the [Modify] button is clicked on the Series and Classes (Contracts) Information page. The page is shown in Figure 5-14: Edit Series Page. You will use the page to change a Series Name and/or its status.

To edit the Series information:

1. Edit the Series Name as necessary
2. If displayed, click on the appropriate Series Status selection indicator
3. When the entry is complete, click the [OK] button.

Note: If the Series Status is changed to Active, the status of all Classes (Contracts) for the Series will also be set to Active. The status change will be blocked for SEC review and may be suspended.

Note: If the Series Status is changed from Active to Inactive, the status of all Classes (Contracts) for the Series will also be set to Inactive. Any changes to the Series Name and any previous changes to Class (Contract) Name and Ticker Symbol of the Series in this session will revert to values assigned prior to the current session. These values will be listed on the Series and Classes (Contracts) Information page.

Note: For a status to be changed to Merged, the original status must be Active. If the Series Status is changed to Merged, the status of all Classes (Contracts) for the Series will also be set to Merged. Any changes to the Series Name and any previous changes to Class (Contract) Name and Ticker Symbol of the Series in this session will revert to values assigned prior to the current session. These values will be listed on the Series and Classes (Contracts) Information page.

When the [OK] button is clicked, the following data is validated:

- Series Name must be entered
- Series Name cannot be used for more than one series of the Company

If the data is correct, you are returned to the Series and Classes (Contracts) Information page and the updated data is displayed. If the data is not valid, you will have the opportunity to change the data or cancel the function.

5.4.1.4.2 Edit Class (Contract) Page

The Edit Class (Contract) page appears when a class (contract) is selected and the [Modify] button is clicked on the Series and Classes (Contracts) Information page.

The Edit Class (Contract) page is used to change a Class (Contract) Name, Ticker Symbol, and/or the Class (Contract) status. Figure 5-15: Edit Class (Contract) Page shows the page as it will appear.

Figure 5-15: Edit Class (Contract) Page

Note: “*” indicates a required field.

To edit the Class (Contract) information:

1. Edit the Class (Contract) Name as necessary
2. Edit the Ticker Symbol as necessary
3. If displayed, click on the appropriate Class (Contract) Status selection symbol
4. Click the [OK] button.

Note: If the Class (Contract) Status is changed to Active, the status change will be blocked for SEC review and may be suspended.

Note: For a status to be changed to Merged, the original status must be Active.

If the Class (Contract) is the only one for an Active Series, then its status cannot be changed to Inactive because an Active Series must have at least one Active Class (Contract). If you change the series status to Inactive then the class status will automatically be changed to Inactive.

If the Class (Contract) is not the only remaining class for an Active Series and the Class (Contract) Status is changed from Active to Inactive, any previous changes to Class (Contract) Name and Ticker Symbol in this session will be reverted to original values.

When the [OK] button is clicked, the following data is validated

- Class (Contract) Name must be filled in
- Class (Contract) Name cannot be used for more than one class of the Series

- Class Ticker Symbol cannot be a duplicate for the Company

If the data is correct, you are returned to the Series and Classes (Contracts) Information page with the updated data displayed. If the data is not valid you will have the opportunity to change the data or cancel the function.

5.5 Logging in with a Different CIK

As you navigate through the Submission and Company Information page, the information you retrieve is limited to your login CIK. If you have more than one CIK you can change to an alternative CIK:

1. From the Retrieve/Edit Company and Submission Data page (Figure 5-2: Retrieve/Edit Company and Submission Data Page), click 'Enter Another CIK/CCC'. The Retrieve/Edit Data login page (Figure 5-1: Retrieve/Edit Data Page) appears.
2. Enter your CIK and CCC and click the [Continue] button.

You can then access or edit all information associated with that CIK.

5.6 Filing Fees

Filers can view their account balance and the amount of most recent deposit, via the EDGAR Filing Website. The account balance may include any offsets used to pay for fees, as well as possible refunds and deposits. Additionally, filers can view their account activity statement for the previous 12 months, one month at a time.

Note: The account information may take up to 24 hours from the date and time of the last transaction to display updated information on the Balance Information page.

5.6.1 View Account Balance and Amount of Last Deposit

Once you have logged into EDGAR and accessed the Retrieve/Edit Company and Submission Data page, you can view your balance information and amount of last deposit.

1. Click the 'Retrieve Balance Information' link. The Balance Information page (Figure 5-21: Balance Information Page) opens displaying the CIK, account balance, and last deposit information for the filer.

5.6.3 Request Return of Unused Funds

Filers must request a return of unused account funds via the EDGAR Filing Website.

Once you have logged into EDGAR and accessed the Retrieve/Edit Company and Submission Data page, you can request for a return of unused funds:

1. Click the 'Request Return of Unused Funds' link. The Select the Method of Payment page displays (Figure 5-24: Method of Payment Selection Page).

Figure 5-24: Method of Payment Selection Page

2. Select whether you would like a return of your unused funds in the form of a check payment or a wire transfer.
3. Click the [Submit] button. The Request Return of Unused Funds page displays. Alternatively, click the [Cancel] button to return to the Retrieve/Edit Company and Submission Data page.
4. Enter either your Social Security Number or Tax Identification Number in the corresponding fields. Ensure that the format of your SSN is DDD-DD-DDDD or your TIN is DD-DDDDDDDD, where D is a digit.
5. Enter the amount (in dollars) to be refunded in the Amount of Request in US Dollars field.
6. Justify your request by selecting from the options given. If you select “Other”, then provide a description in the text box provided.
7. Enter the e-mail address (up to three) of anyone else that you want to notify if the request for refund has been accepted or rejected. An e-mail address must be in the standard e-mail format and include one “@” and at least one “.” after the “@”.
8. If necessary, you may update the Contact Name and Phone Number for this return of unused funds request.

Note: The Contact Name, Phone Number, CIK, Company or Individual name, and Mailing Address are pre-populated. However, only the Contact Name and Phone Number fields are editable for this request. Changes made to the Contact Name and the Phone Number on the request will not update the information stored in the EDGAR company database. To make a permanent change to the Contact Name, Phone Number, or other information maintained in EDGAR (e.g., name, mailing address, contact information, e-mail address), use the ‘Edit Company Information’ link available on the Request Return of Unused Funds page.

9. Provide the following additional details if you selected ‘Wire Transfer’ as the method of payment:
 - Name of the institution: Enter the name of the institution.
 - 9-digit routing number (ACH ABA#): Enter the 9 digit routing number in the format DDDDDDDDDD where D represents a digit.

- Depositor's Account Number: Enter the account number of the depositor.
 - Type of Account: Specify the type of account, whether it is a savings or a checking account.
10. Click the [Submit Request] button on the Request Return of Unused Funds page. The Request Return of Unused Funds Confirmation page displays (Figure 5-25: Request Return of Unused Funds Confirmation).

DRAFT

6. INTRODUCTION TO FILING ON EDGAR

6.1 Preparation and Submission

After you have completed your application to submit filings on EDGAR, you will be ready for the filing process. The SEC provides a number of tools to help you with this process. The method you use to submit your filing will depend on the form type you need to submit. The tools and detailed instructions for their use are covered in Volume II of this manual. General information about the tools and transmission methods is outlined in the following section. This information is intended as an introduction. Please refer to EDGAR Filer Manual Volume II before you submit a filing.

For EDGARLink Online and all EDGAR websites, we recommend that you use vendor supported versions of Internet Explorer. EDGARLink Online and all EDGAR websites also work with vendor supported versions of Google Chrome. The use of browsers is discussed in Section 2.3, “Introduction to Web Browsers.”

Once you have completed your registration as a filer on the EDGAR system and have obtained your access codes, to submit EDGAR filing you must:

- Obtain EDGAR-compatible hardware (computer equipment) and software, see Section 2.5, “EDGAR Hardware and Software Requirements.”
- Secure an ISP for access to the Internet
- Properly prepare and maintain documents and software, see EDGAR Filer Manual Volume II.

6.2 EDGARLink Online Forms

6.2.1 Creating an EDGARLink Online Filing

EDGARLink Online can be accessed from the EDGAR Filing Website at:
<https://www.edgarfiling.sec.gov>.

Note: Please remember to enter **https**. You will not be able to access the EDGAR Filing Website without the “s” designation.

EDGARLink Online allows you to prepare and transmit a number of submission types. (See Volume II of this manual for details as to which specific submission types.) The main content of these submissions consists of attached documents one of which is the form itself. You should create the documents first and then “build” the submission using the online application.

When preparing your submission using EDGARLink Online, you will use a browser. Once you enter all of the information needed and have attached your documents, you will submit it directly from EDGARLink Online.

6.2.1.1 EDGARLink Online Data Gathering Model

All online submissions will follow the same basic model. EDGARLink Online will:

- Allow you to select the specific submission type that you want to assemble and submit to the SEC, e.g. Form 8-K, Form 24F-2NT, Form F-1.
- Allow you to provide general submission information, i.e., contact name, phone number, e-mail address, and Return Copy information.

- Allow you to provide additional e-mail addresses to receive Filer Notification messages.
- Allow you to provide all of the necessary information required by the SEC rules on an appropriate data gathering form.
- Allow you to verify the information on the form.
- Allow you to upload attachments, i.e. cover letters, exhibits, or correspondence.
- Allow you to review and confirm your information in the context of the form you are filing and then print the submission for your records.
- Allow you to transmit the reviewed submission to EDGAR for processing.

The following are important notes to consider when preparing a submission using EDGARLink Online:

- You can exit the window at any time to discard your work in progress and start over.
- **All filings designated as live that you prepare and submit online are considered to be live EDGAR submissions.** Once you transmit an online prepared submission that has been designated as live, it will be automatically processed by EDGAR, and if accepted, disseminated to the public (based on the dissemination rules in EDGAR).

6.2.1.2 Submitting an EDGARLink Online Form

When you create an EDGARLink Online Form, the preparation and transmission processes flow together in a single browser session. You may save your online submissions to your local drive and transmit them later. The software will guide you through the process.

When you are certain that the data you have entered is correct, then use the [SUBMIT] button to send in your submission.

6.3 Online XML Forms

6.3.1 Creating an Online XML Form

The OnlineForms Website is no different than most other websites that you now visit. It uses the same browser-based application software and transmission methods as the other sites and you probably will be able to submit filings to EDGAR from the website with little or no changes in your hardware or software configurations. You can access the OnlineForms Website at:

<https://www.onlineforms.edgarfiling.sec.gov>.

Note: Please remember to enter **https**. You will not be able to access the OnlineForms Website without the “s” designation.

We require that your browser supports Java script.

This website was established in order to make it easier for filers and their agents to submit ownership and other required electronic filings. The XML Forms website software will use the filer-provided information to prepare an XML tagged ownership primary document that can be verified and printed by the filer and then transmitted to EDGAR for processing. Once EDGAR has accepted the submission it will disseminate the header in tagged Standard General Markup Language (SGML) and the primary document in tagged XML.

Note: You can only create and submit one Form submission at a time. If you are filing on

behalf of a company's officers and directors you must create a separate form for EACH officer and director.

6.3.1.1 OnlineForms Data Gathering Model

All online submissions will follow the same basic model. The OnlineForms Website will:

- Allow you to choose the type of submission to prepare.
- Allow you to select the specific form type that you want to assemble and submit to the SEC.
- Allow you to provide general submission information, i.e., contact name, phone number, e-mail address, and Return Copy information.
- Allow you to provide additional e-mail addresses to receive Filer Notification messages.
- Allow you to provide all of the necessary information required by the SEC rules on an appropriate data gathering form.
- Allow you to provide your signature and signature date.
- Allow you to verify the information on the form.
- Allow you to edit reporting owner address on the form where necessary.
- Allow you to upload attachments, i.e. cover letters, exhibits, or correspondence.
- Allow you to review and confirm your information in the context of the form you are filing and then print the submission for your records.
- Allow you to transmit the reviewed submission to EDGAR for processing.

The following are important notes to consider when preparing a submission using the OnlineForms Website:

- There is no capability to save work in progress for ownership form types, so it is important for you to have all of the information necessary to complete the form before you begin to assemble your submission online.
- You can exit the window at any time to discard your work in progress and start over.
- **All filings that you prepare and submit online are considered to be live EDGAR submissions.** Once you transmit an online prepared submission it will be automatically processed by EDGAR; and, if accepted by EDGAR, immediately disseminated to the public.
- The maximum size of your submission must not exceed 200 MB.

6.3.2 Transmitting an Online XML Form

Unlike other form types, when you create an Online Form, the preparation and transmission processes flow together in a single browser session. Since you cannot save your online submissions, you must transmit them immediately after their preparation. The software will guide you through the process. When you are certain that the data you have entered is correct, then use the [Transmit Submission] button to send in your submission.

6.4 Filer-Constructed Technical Filing Specifications

The SEC recognizes that there are cases when filers will want to prepare their own submissions without the use of the software developed by the SEC. There are companies that develop value added software for the preparation and submission of EDGAR filings. Many times a subsection of the filing community will find this software desirable and the programs may include capabilities beyond that of the SEC provided software. Some filers may also want to develop their own interface to larger computer systems that will deliver tagged form output ready for submission. Other filers may want to develop their own tagged output without the aid of computer programs or interfaces. We call all of these types of filings “Filer-Constructed”. (Please note that previously these filings were referred to as “reduced content” filings. Since their content is actually the same as filings produced by any of the EDGAR Filer software programs, we are updating the name used to refer to these filings to Filer-Constructed.)

To facilitate this type of filing content development, we publish technical specifications. This allows companies to create software or form output compatible with the EDGAR system. The SEC does not provide support services for this type of development, but will keep the technical documentation up-to-date to coincide with EDGAR releases. We recognize that we cannot always provide the amount of lead time that development firms would like to create or modify their software, but we will publish these technical specifications as soon as possible in a draft format.

PLEASE NOTE: Draft EDGAR Technical Specifications posted before Commission approval of potential regulatory changes in a release are provided as a service to our filing community to assist filers, agents, and software developers in preparing for potential changes the staff anticipates. Since this is a draft specification, the SEC retains the right to change any part of the specification before the release is made final. The changes outlined in the technical specifications will note the date that these changes, if regulatory changes are approved, are scheduled to take effect. The schedule is subject to change. The final version of the technical specification will be made available on or about the release date on the SEC's public website.

Because of their limited audience, these documents are produced separately from the EDGAR Filer Manual. Also, the production schedule may not follow that of the Filer Manual. Most filers will not use these documents. Only those companies with technical skill sets and understanding needed to produce software that creates submissions or Filer-Constructed documents should utilize these manuals.

6.4.1 XML Form Type Technical Specification

Online filings are produced in XML format. The XML Technical Specification is comprised of a number of documents, each specifying the format for a specific submission type or a small group of related submission types. For example, the document describing Section 16 Forms is called the Section 16 Forms XML Technical Specification. Form types that are XML formatted include the content of the paper form within the main, primary document. Thus a Technical Specification for one form type is considerably larger than that an EDGARLink Online Filer-Constructed XML form, which would include header information only. Also, many companies may produce a single or limited number of forms in this format. In this case, delivering all of the forms in a single document might make the information for a single form type more difficult to find. Packaging the Technical Specifications for all XML form types in a single document would

produce an extremely large document that would take considerable time to download and would be difficult to use. Thus we feel separate form packaging is desirable.

Since XML is a tagged format, the document includes a description of all of the tags and the allowable content and format of the data elements. In this type of submission, the form type is made up of XML content. The technical specification reflects this aspect and describes all of the form content in a tagged structure. The technical specification also includes the details on how to include additional document content such as cover letters and correspondence. Attached documents must be MIMed and must be surrounded by tags that define the content as an attached document.

6.4.2 Transmitting XML Form Types

After you prepare your Filer-Constructed submissions, you can submit them using the website pages for transmitting filings. XML Filer-Constructed filings can be submitted using the OnlineForms Website (<https://www.onlineforms.edgarfiling.sec.gov>) and using the EDGAR Filing Website (<https://www.edgarfiling.sec.gov>). Directions on the website guide you to select the file to be transmitted using the standard Microsoft browse function. If you have a third party application that uses low-level HTTPS software to transmit filings, you will need to ***have your EDGAR interface integrity inspected often***. The SEC cannot guarantee that EDGAR website pages will remain constant; therefore, developers of these applications must be prepared to update this interface whenever a new EDGAR release is installed.

APPENDIX A. GLOSSARY OF COMMONLY USED TERMS, ACRONYMS, AND ABBREVIATIONS

Term or Acronym	Definition
ACCEPTANCE MESSAGE	Notification from the SEC that an electronic submission has met the minimum filing requirements and been accepted by EDGAR. If the submitter or filer has an Internet electronic mail (e-mail) address, the acceptance messages are sent by e-mail to that account. Acceptance messages are also sent to all Internet e-mail addresses on the Notification page.
ACCEPTANCE REVIEW	Procedural checks performed by EDGAR to determine whether a filing meets certain minimum filing requirements. The requirements may relate to the composition and completeness of the submission package, as well as to the particular type of filing being made.
ACCEPTED	The term that describes a filing that has successfully passed acceptance review.
ACCESSION NUMBER	A unique number generated by the EDGAR system for each electronic submission. Accession numbers are reported to submitters and filers in the acceptance and suspense messages. Assignment of an accession number does not mean that EDGAR has accepted your submission.
ASCII	American Standard Code for Information Interchange. The ASCII character code must be used for asynchronous transmissions.
ASCII/SGML	This is our term for SGML documents in ASCII format that differ from the HTML document format that EDGAR also supports.
ASYNCHRONOUS	A method of data transmission.
BROWSER	Commercially available software used in viewing on the Internet such as Google Chrome and Internet Explorer.
CCC	CIK Confirmation Code.
CENTRAL INDEX KEY (CIK)	A unique number assigned by the SEC, distinguishing the company or individual to which it is assigned. Used by EDGAR to identify either a submitter (LOGIN CIK) or filer.
CIK	Central Index Key

Term or Acronym	Definition
CIK CONFIRMATION CODE (CCC)	An eight-character code that EDGAR uses in conjunction with the CIK to authenticate a filer.
CLASS (CONTRACT) IDENTIFIER	Unique identifier assigned by SEC to each class (contract) of an investment company. The format is a 'C' followed by nine digits.
CONFIDENTIAL	Refers to portions of documents omitted from public filings pursuant to SEC rules (e.g., Rule 406 under 1933 Act).
CONFIRMING COPY	An electronic copy of a paper filing. The paper filing is considered to be the official copy and the confirming copy is an electronic duplicate.
COOKIE	A unique string of letters and numbers that the web server stores in a file on your hard drive. This method is used by web designers to track visitors to a website so the visitors do not have to enter the same information every time they visit a new page or revisit the site.
CORRESPONDENCE SUBMISSION	A submission type EDGAR participants may use to submit non-public information, generally correspondence, to the SEC staff that is not disseminated immediately. The SEC staff may release all or portions of these documents electronically if they relate to the staff's review process. See SEC Press Release 2004-89, "SEC Staff to Publicly Release Comment Letters and Responses."
DATA FIELD	An element in a submission data entry form.
DATA TAG	An identifier that labels specific information submitted to EDGAR. Data fields are created by placing angle brackets on either side of a term. An end data field is distinguishable from a begin data field by the "/" (virgule/slash) immediately following the opening angle bracket (<). For example, the beginning and end of a table would be signified by <TABLE> and </TABLE>, respectively.
DIRECT TRANSMISSION	An electronic submission sent via the Internet.

Term or Acronym	Definition
DOCUMENT	Document is a generic term for the various forms, reports, schedules, exhibits, items of correspondence, etc., that comprise filings and other submissions. An electronic document originating with a filer or agent can only be sent as part of a submission. A document is a discrete unit of text. One or more documents comprise an electronic submission. Examples of documents include a 1933 Act registration statement, a 1934 Act Form 10-Q, or a cover letter. Each exhibit is a separate document within a submission.
DOCUMENT HEADER	A header used within an EDGAR submission to indicate, by the appropriate use of tags and tag values, the document type, and if desired the description of the document. EDGAR constructs document headers for each separate document contained within a submission.
DOCUMENT TYPE	Submissions received may consist of more than one document. For example, a Form 10-K, an exhibit, and a cover letter constitute three separate documents in one submission. Each document must begin with a document header. A Form 10-K submission must contain at least one document, which is the Form 10-K.
EDGAR	The SEC's Electronic Data Gathering, Analysis, and Retrieval system for electronic filing.
ELECTRONIC FILER	A person or entity whose required filings must be submitted electronically.
ELECTRONIC FILING	A document or series of documents submitted in electronic format, at least one of which is required to be filed with the SEC pursuant to the federal securities laws.
ELECTRONIC SUBMISSION	A form type header and all associated documents representing one or more filings that are transmitted to the Commission in electronic format. An electronic submission may also contain correspondence material and modules or segments. The maximum size of your submission must not exceed 600 MB for form types ABS-EE, and ABS-EE/A , <u>NPORT-NP, NPORT-NP/A, NPORT-P, and NPORT-P/A</u> , and 200 MB for all other form types. EDGARLink Online submissions size calculation includes the size of the mimed documents. (Refer to Section 7.3.2 of Volume II of the Filer Manual for details.)

Term or Acronym	Definition
E-MAIL	A regulated electronic mail service in EDGAR that provides for the delivery of acceptance and suspense messages from the SEC via the Internet.
ENTITY	A person or company that registers on the EDGAR system for the purposes of electronic filing. Each entity has its own Central Index Key. Some legal entities may have more than one CIK if they serve in more than one filing role. For example, if a filing agent also has an arm of the company that does training and acts as a training agent.
FILE NUMBER	A number assigned by the SEC to registrations, applications, and reports.
FILER	A person or entity on whose behalf an electronic filing is made that is not otherwise covered by another Form ID applicant type.
FILING AGENT	A financial printer, law firm, or other person, which will be using EDGAR access codes to send a filing or portion of a filing on behalf of a filer.
FILING TYPES	A distinct type of submission that must be filed pursuant to the federal securities laws (e.g., 1934 Act Form 10-K or a preliminary proxy statement).
FORM ID	The electronic application used by new filing entities to apply for access codes to file on EDGAR, namely the CIK, Password, CCC, and PMAC.
FORM SE	A Form “Separate Exhibit” accompanies all exhibits to electronic filings that are submitted in paper.
FORM TH	The form used to notify the Commission that the filing is being made in paper pursuant to a temporary hardship exemption, as specified by Rule 201 of Regulation S-T.
FORM TYPE	A distinct type of document that is required to be filed pursuant to the federal securities laws, e.g., Form 10-K or S-1. Form types may have several variants (e.g., an initial filing and an amendment). For EDGAR, each variant is recognized by a specific name, referred to as a submission type.
FTP	File Transfer Protocol.
FWS	EDGAR Filing Website.

Term or Acronym	Definition
FUNDING PORTAL	A broker acting as an intermediary in a transaction involving the offer or sale of securities offered and sold in reliance on Section 4(a)(6) of the Securities Act, that does not: (1) offer investment advice or recommendations; (2) solicit purchases, sales or offers to buy the securities displayed on its platform; (3) compensate employees, agents or other persons for such solicitation or based on the sale of securities displayed or referenced on its platform; or (4) hold, manage, possess, or otherwise handle investor funds or securities.
GROUPED TAGS	Tags (fields) that must appear together. The tags that must follow the lead tags are shown with the same number plus a numerical designation (e.g., 5.1, 5.2, etc.). When you use grouped tags, all of the possible grouped tags may not apply to your filing. You should only use applicable tags. See Tag in this list of terms. Note: All XML submissions group and place tags for both the submission and the primary document.
HEADER	The basic information required to supplement each electronic submission and document submitted through EDGAR. Submission headers provide identifying information about the filing (e.g., the submission type of the principal document, the identity of the electronic filer, and any fee data). Document headers identify each document in an electronic submission.
HTML	Hypertext Markup Language is a simple markup language you can use to create documents that are portable from one platform to another. It consists of tags that you use to describe data elements within your submission.
INSTITUTIONAL INVESTMENT MANAGER (FORM 13F FILER)	A person or entity that is required to file a Form 13F under Section 13(f) of the Securities Exchange Act of 1934, as amended. (<i>See</i> 15 U.S.C. 78m(f)(6)(A)).
INTERNET	An electronic network of computers that transmits data. The SEC uses the Internet to provide access to its website and to transmit acceptance and suspense notification messages.
INTERNET ADDRESS	Synonym for the e-mail address for filers with Internet addresses.

Term or Acronym	Definition
INVESTMENT COMPANY, BUSINESS DEVELOPMENT COMPANY OR INSURANCE COMPANY SEPARATE ACCOUNT	A person or entity that meets the definition of “investment company” in Section 3 of the Investment Company Act of 1940, as amended (<i>See</i> 15 U.S.C. 80a-3), or otherwise registers an offering of its securities on a registration form adopted by the Commission under such Act, including management companies, face-amount certificate companies, unit investment trusts, business development companies, and insurance company separate accounts (including any separate account which would be required to be registered under the Investment Company Act of 1940 except for the exclusion provided by Section 3(c)(11) of such Act and which files a registration statement on Form N-3 or Form N-4).
INVESTMENT COMPANY TYPE	Information required on the Series and Classes (Contracts) Information page.
ISP	Internet Service Provider
LARGE TRADER	A person or entity that is a “large trader” as defined by Rule 13h-1(a)(1) under the Securities Exchange Act of 1934, as amended (<i>See</i> 17 CFR 240.13h-1(a)(1)).
LDAP	Lightweight Directory Access Protocol.
LOCKBOX	The term used to describe the arrangement with the U.S. Treasury-designated depository to collect and deposit checks, money orders, cash, and wire transfers to an SEC account at the depository.
MASTER SEGMENT	In EDGAR, a segment, referred to as a subordinate segment, is a document (partial or whole) that is to be included into a submission once EDGAR has processed it. The master segment is the final submission you transmit to EDGAR that incorporates all the previously submitted subordinate segments.
MODULAR SUBMISSION	In EDGAR, a modular submission is a document intended to be SUBMISSION “included”, i.e., physically incorporated, into another submission in a future submission. You can include modular submissions in a filing by using special tags.

Term or Acronym	Definition
MODULE	A partial or complete document that is intended to be included in an electronic submission. Filers submit modules to EDGAR as module documents in module submissions. Modules are stored in a non-public data storage area of EDGAR. Filers can incorporate them into multiple subsequent submissions. Up to 10 modules may be stored for a single CIK on EDGAR. Storage is limited to a total of 1 megabyte per CIK, with a maximum of 1 megabyte for a single module.
MUNICIPAL ADVISOR	A person or entity that is a “municipal advisor” as defined in Section 15B(e)(4) of the Securities Exchange Act of 1934, as amended by the Dodd-Frank Act. (<i>See</i> 15 U.S.C. 78o-4(e)(4)).
NATIONALLY RECOGNIZED STATISTICAL RATING ORGANIZATION	Any person that is a “nationally recognized statistical rating organization” as defined in Section 3(a)(62) of the Securities Exchange Act of 1934, as amended. (<i>See</i> 15 U.S.C. 78c(a)(62)).
NESTED	Certain data fields that must appear together are “nested”. In the tag example tables in Volume II, EDGAR Filing, the lead fields are shown first in nested groupings. The fields that must follow are shown with the same number plus an alpha designation (e.g., 5, 5a, etc.) When you use nested fields, not all of the possible nested fields may apply to your situation. You should only use the fields that apply. Certain nested field sets also require an end field.
NON-INVESTMENT COMPANY APPLICANT	A person or entity submitting an application for an order seeking an exemption under the Investment Company Act of 1940, as amended.
NON-PUBLIC	Information that is not immediately disseminated publicly. Correspondence is non-public information. However, the SEC staff may release all or portions of these documents electronically if they relate to the staff’s review process. See SEC Press Release 2004-89, “SEC Staff to Publicly Release Comment Letters and Responses.”
N-SAR	Investment Management Semiannual Report

Term or Acronym	Definition
PASSPHRASE	A security code used in conjunction with the CIK to generate a set of EDGAR Access Codes. You must enter these two codes correctly to generate New or Replacement EDGAR Access Codes. The passphrase is unique and distinct from the password. The passphrase cannot be used to log in to any of the EDGAR websites.
PASSWORD	A unique, confidential code assigned to EDGAR filers that must be used in conjunction with the CIK number. You must enter these two codes correctly to access EDGAR. You must use the electronic Form ID to apply for a password.
PDF	Portable Document Format.
PDN	Public Data Network.
PMAC	Password Modification Authorization Code. An eight-character code that authenticates a request to change a password.
REGISTRANT	The issuer of securities for which a registration statement, report, proxy, or information statement is filed.
SCP	Secure Copy; see SSH.
SEC	U.S. Securities and Exchange Commission.
SECURITY-BASED SWAP DATA REPOSITORY	Any person that is a “security-based swap data repository” as defined in Section 3(a)(75) of the Securities Exchange Act of 1934, as amended. (See 15 U.S.C. 78c(a)(75)).
SECURITY-BASED SWAP DEALER AND MAJOR SECURITY-BASED SWAP PARTICIPANT	Any person that is a “security-based swap dealer” or a “major security-based swap participant” as each term is defined in Sections 3(a)(71) and (67) of the Securities Exchange Act of 1934, as amended. (See 15 U.S.C. 78c(a)(71) and (67)).
SECURITY-BASED SWAP EXECUTION FACILITY	A trading system or platform that is a “security-based swap execution facility” as defined in Section 3(a)(77) of the Securities Exchange Act of 1934, as amended. (See 15 U.S.C. 78c(a)(77)).
SEGMENT	A portion of a filing, submitted separately, which you may combine with other segments up to six business days later to make a single complete filing.

Term or Acronym	Definition
SEGMENTED FILING	A submission comprised of segments submitted separately, and later combined at the direction of the filer to make a single complete submission.
SERIES IDENTIFIER	Unique identifier assigned by SEC to each series of an investment company. The format is a 'S' followed by nine digits.
SGML	Standard Generalized Mark-up Language.
SROs	Self-Regulatory Organizations. Example SROs are: NYSE - New York Stock Exchange BSE - Boston Stock Exchange NASD - National Association of Securities Dealers See Volume II, EDGAR Filing, for a complete list.
SSH	Secure Shell Protocol; a transport layer protocol, which runs on top of TCP/IP and provides a mechanism for secure file transfers (SCP). A UNIX-based command interface and protocol for securely getting access to a remote computer.
SUBMISSION	A submission is the fundamental unit of information that is transmitted to EDGAR for receipt, validation, and acceptance. It is the conveyance of a document or series of documents, in electronic format, to the SEC via EDGAR.
SUBMISSION TYPE	The specific name by which EDGAR recognizes the variants of filings with the SEC (e.g., for Form Type S-3, the registration statement relating to dividend reinvestment plans, EDGAR recognizes the submission type S-3D.) Other examples include modules and correspondence.
SUSPENDED FILING	Filings that have not successfully passed EDGAR's acceptance review are placed in a suspended status indicating fatal flaws within the submission. Suspended filings are deleted in six business days. If an EDGAR filer receives notice that a filing has been suspended, the fatal errors must be corrected and the filing must be re-transmitted. Suspended filings are not publicly viewable and are deleted in six business days.

Term or Acronym	Definition
SUSPENSE MESSAGE	Notification from the SEC that an electronic submission has not met the minimum filing requirements and been suspended by EDGAR. If the filer has an Internet address on file, the suspense messages are sent electronically to that Internet address. Suspense messages are also sent to all Internet addresses on the Notification page.
TAG	For XML submissions, tags are used to define the primary document. HTML documents can also contain tags. A tag is an identifier that labels specific information to EDGAR. You must place an angle bracket on either side of a term to designate it as a “begin” tag. An “end” tag also has angle brackets but is distinguished by use of the "/" (virgule/slash) immediately following the opening angle bracket (</). For example, the beginning and end of a table are signified by <TABLE> and </TABLE>, respectively.
TEST FILING	A submission made to EDGAR to test the ability to create a filing in an EDGAR-acceptable format. Such filings are publicly available and are only retained for two business days on the filing database. EDGAR sends the results of a test filing acceptance review to the filer via acceptance or suspense messages. A test filing cannot be changed to a live filing.
TRAINING AGENT	A person or entity that will be sending only test filings in conjunction with training other persons.
TRANSFER AGENT	A person or entity planning to register as a Transfer Agent as defined in Section 3(a)(25) of the Securities Exchange Act of 1934, as amended, on whose behalf an electronic filing is made. (See 15 U.S.C. 78c(a)(25)).
TRANSMISSION	A set of one or more submissions sent electronically to EDGAR during an on-line session.
TRANSMISSION METHOD	Filings are submitted and transmitted to EDGAR using the Internet.
TYPE 1	A module or segment that contains a portion of a document that is positioned within a submission using the <MODULE> or <SEGMENT> tags.

Term or Acronym	Definition
TYPE 2	A module or segment that contains an entire document, or documents, positioned at the end of a submission much like an appendix.
URL	Uniform Resource Locator, also known as an Internet address.
VALUE	Information that is supplied by the filer and inserted in a data field. For example, the Name data field would indicate the name of the person to be contacted who could answer questions about a particular filing.
XBRL	Extensible Business Reporting Language
XML	Extensible Markup Language

APPENDIX B. FREQUENTLY ASKED QUESTIONS

Since we opened the Operational EDGAR system for testing on May 1, 1991, EDGAR filers have called Filer Support with a variety of questions about EDGAR. Below are some of the more frequently asked questions and answers that pertain to becoming a filer and maintaining company data.

Questions	Answers
How do I reach any of the EDGAR websites?	The easiest way to use the EDGAR system is to access the EDGAR Gateway at: https://www.portal.edgarfiling.sec.gov . The EDGAR Gateway will help you to determine which of the websites is the appropriate one for you to use based on your response to a single question. It is strongly recommended that you bookmark this website or add it to the Favorites list in your browser.
How do I reach the EDGAR Filer Management Website?	You can reach this site by using the EDGAR Filer Management Website at: https://www.filermanagement.edgarfiling.sec.gov . Please bookmark this site the next time you visit it.
How do I reach the EDGAR Filing Website?	You can reach this site by using the EDGAR Filing Website at: https://www.edgarfiling.sec.gov . Please bookmark this site the next time you visit it.
How do I reach the EDGAR OnlineForms Website?	You can reach this site by using the EDGAR OnlineForms Website at: https://www.onlineforms.edgarfiling.sec.gov . Please bookmark this site the next time you visit it.
Which web browser shall I use for EDGARLink Online?	For EDGARLink Online, we recommend using a version of Microsoft Internet Explorer or Google Chrome which is still supported by the vendor.
Which web browser shall I use for other EDGAR websites?	For other EDGAR websites, we recommend that you use a version of Microsoft Internet Explorer or Google Chrome which is still supported by the vendor.
Can I use a web browser such as Safari to access EDGAR websites?	Safari does not perform consistently with EDGAR and so we do not recommend the use of this browser.
Where do I find the Form ID?	To find the PDF version of Form ID, use the following link to the SEC web page: https://www.sec.gov/forms . You must submit Form ID applications electronically as the SEC does not accept these applications in paper format. To apply for EDGAR access, use the EDGAR Filer Management Website URL: https://www.filermanagement.edgarfiling.sec.gov .

Questions	Answers
How do I prepare the authentication document to submit along with my Form ID application?	Follow the steps below to prepare and submit the authentication document along with the Form ID application: 1. Complete the electronic Form ID application, and print the “Form ID Application Confirmation” page. Alternatively, complete and print the Form ID that is found on the SEC’s Public Site. 2. Sign the form and have the form notarized. 3. Scan the authentication document to your computer and save it in PDF format. 4. Attach the authentication document to your electronic Form ID application and submit both to the Commission.
How do I change my password?	You may change your password at any time before it expires and within 10 days after the expiration date using the EDGAR Filing Website (https://www.edgarfiling.sec.gov). If both the password and the grace period have expired, you may generate a new set of EDGAR access codes (including the password) using the EDGAR Filer Management Website and your passphrase. If you have forgotten your passphrase, you must request a new one before you can generate a new set of EDGAR access codes. (Refer to Section 4.1.3.1, “Changing Your Password,” for more information).
How do I change my CCC?	You may change your CCC using the EDGAR Filing Website. Login to EDGAR using the EDGAR Filing Website, click ‘Retrieve/Edit Data’, and then click ‘Change Company Password or CCC’. Please note that CCCs do not expire.
Can I change an expired password via the EDGAR Filing Website?	Yes, if you change it within 10 days of the expiration date. If both the password and the grace period have expired, you must use your Passphrase to generate new access codes.
How do I change company information?	You may update company information using the EDGAR Filing Website or OnlineForms website by entering company information on the Change Company Information page and submitting the changes to us. You must provide the CIK and CCC for that company before you can change any information. Company information changes are not retroactive for previous filings made by the company. You will not see the information changes on the SEC Public website until the company submits its next live EDGAR filing.

Questions	Answers
How quickly can I determine whether my filing was accepted?	The quickest way for you to find out if your filing was accepted or suspended is to use the EDGAR Filing Website. You can also read the messages EDGAR will send to your Internet e-mail address.
How do I check the status of a submission?	You can check the status of filings using the EDGAR Filing Website. Once you have logged into EDGAR and accessed the Company and Submission Information Retrieval page, you can access submission information for your CIK. You must provide the CCC for the Login CIK or the Primary Filer/Filed-By CIK before you can access any submission information.
Can I download Copy Return Copies more than once?	Return copies are no longer available for download.
How do I access the EDGAR Quick Reference Guides from the EDGAR Filer Management Website?	Navigate to the Frequently Asked Questions screen on the EDGAR Filer Management Website, and click the “EDGAR Quick Reference Guides” hyperlink displayed under the “Other Filer Management FAQ Topics.” The following EDGAR Quick Reference Guides will be displayed as hyperlinks: • ASCII Plain Text Quick Reference Guide • Authentication Document — Save as a PDF File in Adobe Acrobat • Authentication Document — Save as a PDF File in Adobe Reader • Browser Quick Reference Guide • Filer Technical Support Frequently Asked Questions • Filings — Attaching and Submitting • Form 13F — Create a 13F XML Information Table using Excel 2010 or 2007 • EDGAR Access Codes Quick Reference Guide • HTML Quick Reference Guide • Org Chart Quick Reference Guide • SC 13D Blank Form Instructions • SC 13G Blank Form Instructions

APPENDIX C. AUTOMATED NAME CONFORMANCE RULES

These conformance rules will be automatically applied to Company and Individual Entity Names entered in the EDGAR system. Series and classes (contracts) names will be conformed to remove excess white space when they are entered in the EDGAR system.

The automated conformance process will be applied to Company Names when they are entered on the EDGAR Filer Management Website or modified using the Edit Company Information function. Values entered by the user will be conformed and re-displayed, along with the original user entry, for review and acceptance by the user.

C.1 Removal of Excess White Space

Leading and trailing blank spaces will be removed. Any embedded sequences of two or more spaces will be replaced with a single space.

C.2 Punctuation Marks and Special Characters

EDGAR's character validation will allow the upper-case alphabet (A-Z; ASCII 65-90), lower-case alphabet (a-z; ASCII 97-122), digits (0-9; ASCII 48-57), and the following punctuation characters: Individuals should be conformed the same as company names, except that the hyphen can remain for hyphenated names.

Char	Character Name	ASCII Number
	Space	32
&	Ampersand	38
-	Hyphen, dash	45
\	Backward slash	92
/	Virgule, forward slash	47
!	Exclamation point	40
#	Pound/number sign	41
\$	Dollar sign	36
(	Left parenthesis	40
)	Right parenthesis	41
,	Comma	44
.	Period	46
:	Colon	58

Char	Character Name	ASCII Number
;	Semicolon	59
=	Equals sign	61
@	At sign	64
`	Back quote/grave accent	96
{	Left brace	123
	Vertical bar	124
}	Right brace	125
'	Single quote/apostrophe	39

C.3 Word Delimiters

For evaluation of word-based processing rules, the “word” delimiter will be a blank space or the start or end of the Company Name. Punctuation characters will not be considered word delimiters (e.g., "E-Trade" would be considered a single word).

C.4 Text Eliminations

When the filer indicates that it is a Company (i.e., not an Individual), if any of the following words are found as the first word of the name, they will be removed. Checks for these words will be case insensitive. The text elimination step will be performed before any text substitution steps.

A

AN

THE

C.5 Text Substitutions

When performing the following text substitutions, checks for original values will be case insensitive, but exact spelling will be required (i.e., misspellings will not be detected). The values, which are replaced as part of the substitution will be in, uppercase irrespective of the case of the original word (e.g., Corporation would become Corp). Text substitution steps will be performed after the text elimination step.

When the filer indicates that he or she is a Company (i.e., not an Individual):

The following text substitutions will be applied to all words except the first:

<u>Original Value</u>	<u>Conformed Value</u>
Company	Co
Corporation	Corp
Incorporated	Inc
Incorporation	Inc
And	&

The following substitution will be applied if the word is neither the first in the name, nor is immediately followed by the word “Partnership:”

<u>Original Value</u>	<u>Conformed Value</u>
Limited	Ltd

When the filer indicates that he or she is an Individual, the following text substitutions will be applied to the name suffix field (see Sequencing of Individual Names, below).

<u>Original Value</u>	<u>Conformed Value</u>
Junior	Jr
Senior	Sr

C.6 Sequencing of Individual Names

When the filer indicates that he or she is an Individual, he or she will be prompted to enter his or her name in four separate name fields: First, Middle, Last, and Suffix (e.g. Walter Hines Dill Junior). After data entry, the fields will be combined in the sequence Last, First, Middle, Suffix, separated by blank spaces (e.g. Dill Walter Hines JR) and displayed in the Company Name data element.

Punctuation, except hyphens, will not be valid in the names of individuals. If an individual wishes to use an initial in his or her name, please do not use a period after the initial. For example, Walter H Dill Junior would be valid but Walter H. Dill Junior would be invalid. Similarly, Walter H Dill, Junior would be invalid.
