**Re: Matter of Anthony, et al., File No. 3-15514**

Dear Chief Judge Murray:

On behalf of the Division of Enforcement, I write to request a brief extension of time to respond to the several motions for correction filed by various Respondents (the "Motions").

As the issues raised in Respondents' Motions overlap significantly, we believe one combined response to the Motions will best serve the interests of judicial economy. Accordingly, and to allow the Division to review any additional motions that may be filed today (which we understand to be the last day on which such a motion may be timely filed), we respectfully request that the Court extend the deadline for filing the Division's response to March 20, 2015.

Respectfully submitted,

Michael D. Birnbaum
