The parties have reached an impasse as to the admissibility of a limited number of exhibits in the proceedings. Specifically, the parties have worked to resolve disputes regarding the admission of portions of Cohen and Corazzi's investigative testimony transcripts and notes provided by Joseph "Sandy" Robinson about his investment in NTUR. While we have made progress, we are unable to reach a final resolution on these issues. Accordingly, we respectfully request that the Court schedule a telephonic hearing to resolve this dispute. For personal reasons for the Division's counsel, it would be preferable if we could schedule the conference any time after 11:00 AM on Monday, March 9. If it is unavoidable, we can arrange to be available in the afternoon tomorrow (Friday, March 6). Thank you as always for your time and consideration.
