Not for public filing unless order #2 or order #3 sent to you are not signed by August 15,2023 and in that event all motions for reconsideration, supplemental motions and orders must be filed as of the date noticed on the front page of each that you received the document.

Re supplemental motion declaration for reconsideration

Dear Ms. Countryman:

Please deliver this to each of the Commissioners in order for them to understand that there are and is exceptions with respect to absolute immunity which does not include acts committed by officials with malice of forethought or corrupt motives. Corruption is a dishonest, fraudulent act of an individual or organization using any entrusted authority for power to make personal gain or unethical or illegal benefits. An unethical act is one that does not perform to social or moral conduct and corrupt acts include bribery, fraud, abuse of power, etc.

The declarations I have submitted to this Commission with respect my disclosures regarding the conduct of certain prosecutors, certain judges, certain Commissioners, certain Senators, and even the highest officers of our land during 2015 to just before Gary Gensler took office are person(s) that may come under scrutiny for a variety of wrongdoings, illegal, unethical and immoral acts committed against me.

Respectfully,

[REDACTED]

Edward M. Daspin
