File No. 3-17010**

In the Matter of

the Registration Statement of

Scription Work Solutions, Inc.  
(f/k/a Transtech Solutions, Inc.)  
848 N. Rainbow Blvd., Unit 1175  
Las Vegas, NV 89107

Respondent.

**DIVISION OF ENFORCEMENT'S MOTION AND MEMORANDUM OF LAW  
SUPPORTING ENTRY OF A STOP ORDER BY DEFAULT AGAINST  
SCRIPTION WORK SOLUTIONS, INC.**

The Division of Enforcement, pursuant to Rules 155(a) and 220(f) of the Commission's Rules of Practice, 17 C.F.R. §§ 201.155(a) and 201.220(f), moves for entry of an Order finding Respondent Scription Work Solutions, Inc. ("Scription") in default and determining these proceedings against it. In support of its motion, the Division states:

1. On December 21, 2015, the Commission issued an Order Fixing Time and Place of Public Hearing and Instituting Proceedings Pursuant to Section 8(d) of the Securities Act of 1933 ("OIP") against Scription.

2. On December 23, 2015, pursuant to Rule 141(a)(2)(v), 17 C.F.R. § 201.141(a)(2)(v), Scription was personally served with the OIP by process server through its registered agent. (Exhibit A - Affidavit of Process Server).

3. More than ten days have elapsed since the OIP was served upon Scription, and Scription has failed to file an Answer or otherwise respond to the OIP as required by Rule 220(b), 17 C.F.R. § 201.220(b). The OIP expressly warned Scription that if it failed to file an Answer to the OIP within ten days after service of the Order, it “may be deemed in default and the proceedings may be determined against the Respondent upon consideration of this Order, the allegations of which may be deemed to be true . . . .” (OIP at 3).

4. Rule 155(a) provides in relevant part:

A party to a proceeding may be deemed to be in default and the Commission or the hearing officer may determine the proceeding against that party upon consideration of the record, including the order instituting proceedings, **the allegations of which may be deemed to be true**, if that party fails (1) to appear, in person or through a representative, at a hearing or conference of which that party has been notified; [or] (2) to answer . . . or otherwise to defend the proceeding . . . .

17 C.F.R. § 201.155(a) (emphasis added).

5. Similarly, Rule 220(f) of the Commission’s Rules of Practice, 17 C.F.R. § 201.220(f), provides that a respondent who fails to file an answer within the prescribed time may be deemed in default pursuant to Rule 155(a).

6. Pursuant to Rules 155(a) and 220(f), the Law Judge may now deem true the allegations of the OIP as to Scription, thereby determining this proceeding against it due to its failure to file an Answer to the OIP or otherwise appear in this action. In addition, the evidence attached to this Motion further supports entry of a stop order suspending the effectiveness of the Registration Statement referred to in the OIP.

7. On Pages 1 and 2, the OIP alleges the following facts against Scription, which pursuant to Rule 155, the Law Judge, upon consideration of the record, including the OIP, should deem true:

a. Scription is a revoked Nevada corporation headquartered in Las Vegas, Nevada. (Exhibit B – Nevada Secretary of State printout showing Scription’s revoked status, IncSmart.biz as its registered agent, and Chris Weinhaupl as its sole officer and director).

b. On March 29, 2013 Scription filed a Form S-1 registration statement seeking to register the offer and sale of 20 million common shares. The registration statement was amended on May 10, 2013, June 28, 2013, twice on October 7, 2013, November 1, 2013, November 25, 2013, and January 21, 2014.<sup>1</sup> (Composite Exhibit C –registration statements and amendments (collectively “Registration Statement”)).

c. The Registration Statement includes untrue statements of material facts and omits to state material facts necessary to make the statements contained therein not misleading. As described in more detail below, while the Registration Statement claims that Christopher Weinhaupl is the sole officer and director, documentary and testimonial evidence indicates other undisclosed individuals (Paul Kwon, Amrit Hayer, and Andy Jagpal) acted as promoters and/or control persons.

d. The Registration Statement states that Scription “rel[ies] on Mr. Weinhaupl, to manage all aspects of our business.” (Exhibit C, at p. 29<sup>2</sup>). This is false and misleading

---

<sup>1</sup> The OIP references an amendment dated June 5, 2013. This was in error as the June 5th filing was not an amendment to the registration statement but rather a Form 8-K regarding Scription’s name change.

<sup>2</sup> The pages number refers to the pagination that appears at the bottom of pages in the registration statement and its amendments.

because Scription has undisclosed control persons and/or promoters who have taken the following actions on behalf of Scription:

i. Drafted Scription's Form S-1, and communicated with the law firm that facilitated the filing of Scription's Registration Statement, providing it with draft responses to staff's comments to the Registration Statement (Composite Exhibit D – Emails between Dean Law, Scription's counsel, and Amrit Hayer, bates # DLC 5234-5236, 3754, 3761, 3770; Emails between Paul Kwon and Andy Jagpal and Dean Law, bates # DLC 2975, 5251-5258, 5231, 5401; Email between Paul Kwon and Dean Law, bates # DLC 5134, 5232, 5814; E-mails between Paul Kwon and Amrit Hayer and Dean Law, bates # DLC 2937-2943).

ii. Interacted with Scription's auditors regarding its financial statements (Exhibit E – Emails between Paul Kwon – using Chris Weinhaupl's email address - and Kenne Ruan, Scription's auditor, bates # 974-978; Exhibit F – sworn investigative testimony of Christopher Weinhaupl taken August 1, 2014<sup>3</sup>, p. 130, line 8 – p. 131, line 12).

---

<sup>3</sup> We submit specific limited excerpts of the sworn investigative testimony of Christopher Weinhaupl as admissions of Scription because he served as its purported sole officer and director. Sworn testimony may contain admissions within the meaning of Rule 250. *In the Matter of Meissner et al.*, S.E.C. Release No. 768, 2015 WL 1534398 \*3 (April 7, 2015). This reasoning applies equally in the context of a default judgment motion, as the admissions of Scription's officer and director are "relevant evidence" admissible under Rule 320. In addition, in a similar stop order proceeding, Law Judge Grimes admitted the investigative testimony of a respondent's sole officer and director who failed to appear at the hearing, finding that the sole officer was a "party" within the meaning of Rule 235(a). *In the Matter of the Registration Statement of International Precious Metals, Inc.*, Release No. 808, 2015 WL 3610557, at \*3 (June 10, 2015), Decision Final, Release No. 33-9866, 2015 WL 4465318 (July 22, 2015).

iii. Provided false consulting invoices to Scription's auditors presumptively to justify Weinhaupl's withdrawal of \$25,000 from Scription's bank account for the benefit of another company (Exhibit F –Weinhaupl testimony, p. 145, line 4 – 6 and line 23 - 25, p. 146, line 1 – 11; p. 149, line 8 - 20; Composite Exhibit G – false invoices totaling \$25,000; Exhibit H – Scription's Balance Sheet produced by its auditor showing Weinhaupl's withdrawals as "consulting fees" and traced to invoices).

iv. Had custody and control of Scription's corporate records (Exhibit F, Weinhaupl testimony, p. 27, line 6 – 9, p. 28, line 6 - 9).

8. In addition to the above-described material misstatements and omissions regarding undisclosed control persons and/or promoters, entry of a stop order is warranted because Scription's Registration Statement is false and misleading in other ways. The Registration Statement states that Scription is engaged in "Phase 1" of a two-phase business plan that included expenditures related to incorporation and drafting a business plan. The remaining portion of Phase 1 was to acquire additional funding. (Exhibit C, "Plan of Operations" contained at p. 26 in March 29, 2013 Form S-1, and at p. 25 in all amendments). This disclosure is false and misleading because Weinhaupl, Scription's sole officer and director improperly withdrew \$25,000 from Scription's bank account to fund one of his other medical transcription businesses. (Exhibit F, Weinhaupl testimony, p. 142, line 4 – p. 144, line 9, p. 145, line 4 – p. 146, line 11, p. 147, line 13 – p. 149, line 20). This left Scription with \$5,000 in its account. (Composite Exhibit I, November 2013 and December 2013 Wells Fargo bank statements showing \$25,000 in withdrawals and \$5,072.25 remaining in Scription's bank account). Thus, instead of financing the business activities described in the

Registration Statement, Scription's money was actually being used to fund Weinhaupl's other business venture. (Exhibit F, Weinhaupl testimony, p. 142, line 4 – p. 144, line 9, p. 145, line 4 – p. 146, line 11, p. 147, line 13 – p. 149, line 20).

9. In addition, the Registration Statement states that since 2001 Scription's sole officer and director "has been a Senior Partner at 'mypharmacard'" and that "his experience working in the medical industry with 'mypharmacare' will assist Scription Work Solutions, Inc., and grow the business." (Exhibit C, Amendment No. 7 at p. 27<sup>4</sup>). These disclosures regarding Weinhaupl's relevant business experience are false and misleading because, as he admits, neither "mypharmacard" nor "mypharmacare" exist. (Exhibit F, Weinhaupl testimony, p. 112, line 13 – p. 114, line 7).

#### MEMORANDUM OF LAW

"The essential purpose of [a registration statement] is to 'protect investors by promoting full disclosure of information thought necessary to informed investment decisions.'" *The Application of mPhase Techs., Inc.*, Exchange Act Release No. 34-74187, 2015 WL 412910, at \*5 (Feb. 2, 2015) (Commission opinion) (quoting *The Application of World Trade Fin. Corp.*, Exchange Act Release No. 66114, 2012 WL 32121, at \*7 (Jan. 6, 2012) (Commission opinion)). Under Section 8(d) of the Securities Act, a stop order may issue if "the registration statement includes any untrue statement of a material fact or omits to state any material fact required to be stated therein or necessary to make the statements therein not misleading." "Information in a

---

<sup>4</sup> The Registration Statement further references Weinhaupl's ownership of the non-existent "mypharmacard" at p. 28 of the March 29, 2013 Form S-1, and at p. 27 of Amendments No. 1 and 2. Weinhaupl is identified as Senior Partner of "mypharmacard" at p. 27 of Amendments 3-7.

registration statement is material when there is a substantial likelihood that a reasonable investor would attach importance to it in determining whether to purchase the security in question.” *In re Petrofab International, Inc.*, 48 S.E.C. 998, 1005, 1988 SEC Lexis 782 \*16 (Apr. 20, 1998) (Citing *TSC Industries, Inc., v. Northway, Inc.*, 426 U.S. 438, 449 (1976)) (Commission opinion). For example, representations regarding the nature of a company’s business operations are material. *See generally SEC v. North American Research & Development Corp.*, 375 F. Supp. 465, 470-71 (S.D.N.Y. 1974), *aff’d*, 511 F.2d 1217 (2d Cir. 1975), *cert. denied sub nom., White v. SEC*, 423 U.S. 830 (1975) (misrepresentations regarding business operations were material).

Item 11(n) of Form S-1 requires the registrant to furnish the information required by Item 404 of Regulation S-K including the identity of any promoter or control person that the registrant has had within the last five fiscal years. *See* Item 11(n) of Form S-1; 17 C.F.R. § 229.404. Under Rule 405 of Regulation C, a “promoter” is defined to include “[a]ny person who, acting alone or in conjunction with one or more other persons, directly or indirectly takes initiative in founding and organizing the business or enterprise of an issuer.” 17 C.F.R. § 230.405. Rule 405 defines “control” to mean “the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person.” *Id.* The failure to disclose the existence of a promoter or control person has been found to be material. *See SEC v. Fehn*, 97 F.3d 1276, 1290 (9th Cir. 1996) (materially misleading to identify a new president and CEO as a recent addition when in fact he had been an undisclosed promoter and control person for over a year); *In re Hughes Capital Corp.*, 48 S.E.C. 802, 806-09, 1987 SEC Lexis 4158 (July 20, 1987) (failure to disclose promoter and control person in a registration statement is material) (Commission opinion).

According to the Registration Statement, the sole officer, Weinhaupl, is Scription's only member of management and control person. However, Scription failed to disclose in the Registration Statement the limited role Weinhaupl actually played, and the existence of Paul Kwon, Amrit Hayer, and Andy Jagpal as promoters and/or control persons. In fact, these three individuals were instrumental in Scription's formation and activities. They controlled multiple aspects of Scription's operations, and made critical decisions on its behalf. Kwon and Jagpal continued their involvement even during the staff's investigation of this matter. Weinhaupl admitted that Kwon compiled documents responsive to the staff's subpoena to Scription. (Exhibit F, Weinhaupl testimony, p. 32, line 23 – p. 33, line 18). He further admitted that Jagpal funded Scription's legal fees concerning the staff's examination and investigation (Exhibit F, Weinhaupl testimony, p. 70, line 15 – p. 71, line 7). Meanwhile in sharp contrast, Weinhaupl could not recall Dean Law, Scription's counsel, or Kenne Ruan, Scription's auditor. (Exhibit F, Weinhaupl testimony, p. 104, line 11 – p. 105, line 1, and p. 132, line 1 – 15, p. 133, line 15 – p. 134, line 4).

As detailed above, entry of a stop order is appropriate here because Scription's Registration Statement contains materially false and misleading statements. Scription's Registration Statement falsely states that Scription is dependent on the efforts of Weinhaupl and fails to disclose the roles of three control persons and/or promoters, which are material omissions. *See SEC v. Fehn*, 97 F.3d at 1290; *In re Hughes Capital*, 48 S.E.C. at 806-09. Stop orders have been entered by default in similar circumstances (i.e., the failure to disclose the true control persons and/or promoters) in the recent proceedings of *In the Matter of the Registration Statement of International Precious Metals, Inc.*, Release No. 808, 2015 WL 3610557 (June 10,

2015), Decision Final, Release No. 33-9866, 2015 WL 4465318 (July 22, 2015); and *In the Matter of the Registration Statement of Kismet, Inc.*, Release No. 809, 2015 WL 3610558 (June 10, 2015), Decision Final, Release No. 33-9865, 2015 WL 4465317 (July 22, 2015). A stop order is also appropriate here because of the other false and misleading statements described above, namely the failure to disclose Weinhaupl's use of \$25,000 of Scription's funds to finance his other business and the claim that he owned or worked for businesses that were in fact non-existent.

In sum, the Division seeks an order finding Scription is in default, and that a stop order should issue suspending the effectiveness of the Registration Statement referred to herein. Taking the allegations of the OIP as true, and reviewing the evidence submitted herein, such findings and sanctions are appropriate and in the public interest.

January 6, 2016

**PRELIMINARY PROSPECTUS**

**TRANSTECH SOLUTIONS, INC.**  
**843 N Rainbow Blvd, Unit 1175**  
**Las Vegas, NV 89107**

**20,000,000 SHARES OF COMMON STOCK**

The selling shareholders named in this prospectus are offering all of the shares of common stock offered through this prospectus for a period of up to two years from the effective date.

Our common stock is presently not traded on any market or securities exchange.

-----  
THE PURCHASE OF THE SECURITIES OFFERED THROUGH THIS PROSPECTUS INVOLVES A HIGH DEGREE OF RISK. See section entitled "Risk Factors" on pages 8 to 14 of this prospectus.

**The information in this prospectus is not complete and may be changed. This prospectus is not an offer to sell these securities and it is not soliciting an offer to buy these securities in any state where the offer or sale is not permitted.**

The selling shareholders, who are underwriters, will sell our shares at a fixed price of \$0.01 per share for the duration of the offering. We will not receive any proceeds from the offering. We intend to apply for quotation on the OTCBB, but there is no guarantee that we will be accepted for quotation or will engage a market maker to file an application on our behalf. There is no assurance of when, if ever, our stock will be listed on an exchange. The absence of a public market for our common stock makes our shares highly illiquid. It will be difficult to sell the common stock of our company.

We are currently in the development stage and have nominal operations and minimal assets, which makes us a "shell company" as defined in Rule 12b-2 of the Exchange Act, as amended. .

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

We are not a blank check company and has no plans or intention to engage in a business combination with another entity. Because our auditors have issued a going concern opinion, there is substantial uncertainty we will continue operations. We are an Emerging Growth Company as defined in the Jumpstart Our Business Startups Act.

## **PROSPECTUS SUMMARY**

**Prospective investors are urged to read this prospectus in its entirety.**

**This summary highlights selected information contained elsewhere in this prospectus. This summary does not contain all the information that you should consider before investing in the common stock. You should carefully read the entire prospectus, including “Risk Factors”, “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and the Financial Statements, before making an investment decision. The terms “Transtech Solutions Inc” “we,” “us” and “our” as used in this prospectus refer to Transtech Solutions Inc.**

### ***Company Overview***

Transtech Solutions, Inc. (the “Company”) was incorporated in the State of Nevada on July 12, 2011. We are a development stage company that plans to engage in the sale of medical transcription solutions for businesses of all sizes. We intend to launch a web-based platform that will give us the ability to reach thousands of potential customers. Christopher Weinhaupl, who is currently our sole officer and director, founded our Company. Our headquarters are located at 843 N Rainbow Blvd, Unit 1175, Las Vegas, NV 89107.

We will need to raise a minimum of \$200,000 over the next twelve months through public or private debt or sale of equity to execute our business plan to become a revenue generating company. If we are unable to obtain the level of financing, our business may fail.

We are endeavoring to be a reporting company with the SEC as we believe doing so will provide us with greater opportunities to access and acquire the additional capital that we require for our growth and to further implement our business plan. In addition, becoming a reporting issuer may provide us with more financing alternatives, due to the transparency provided by the public reporting requirements.

Since inception, our operations have consisted of incorporating our Company and formulating our business plan. The Company intends to begin substantive operations within 2-3 months after we obtain a Notice of Effectiveness of this Offering and our initial plan of operations calls for the Company to begin marketing our transcription services to potential business clients. We hope to realize our full plan of operations by raising money through the sale of our securities, as contemplated within this Offering. We believe that if we are able to raise the full amount of funds contemplated herein, we would be able to launch our Company and properly market our transcription platform solution. We will design a full marketing strategy to gain brand awareness, and ultimately obtain a large medical transcription client base.

## Table of Contents

Although our sole officer and director has only recently become interested in the medical transcription business, and does not have any professional training or technical credentials in the development and maintenance such a company, he has experience running a business. We intend to retain qualified website/software developers to build and maintain our website and transcription platforms that we envision. We also plan to hire qualified marketing and sales personnel staff if we are successful in raising capital through this Offering. We do not have any verbal or written agreements regarding the retention of any qualified personnel to date.

Although the Company has no market for its common stock, management believes that the Company will meet all requirements to be quoted on the OTC market, and even though the Company's common stock will likely will be a penny stock, becoming a reporting company will provide us with enhanced visibility and give us a greater possibility to provide liquidity to our shareholders.

We are currently a development stage company and to date we have recorded no revenue. Accordingly, our independent registered public accountants have issued a comment regarding our ability to continue as a going concern (please refer to the footnotes to the financial statements). Until such time that we are able to establish a consistent flow of revenues from our operations which is sufficient to sustain our operating needs, management intends to rely primarily upon debt financing to supplement cash flows, if any, generated by our services. We will seek out such financing as necessary to allow the Company to continue to grow our business operations, and to cover such cost, excluding professional fees, associated with being a reporting Company with the Securities and Exchange Commission ("SEC"); we estimate such costs to be approximately \$20,000 for 12 months following this Offering. The Company has included such costs to become a publicly reporting company in its targeted expenses for working capital expenses and intends to seek out reasonable loans from friends, family and business acquaintances if it becomes necessary. At this point we have been funded by our sole officer, family, friends and business acquaintances.

## Table of Contents

We are an Emerging Growth Company as defined in the Jumpstart Our Business Startups Act.

We shall continue to be deemed an emerging growth company until the earliest of:

(A) the last day of the fiscal year of the issuer during which it had total annual gross revenues of \$1,000,000,000 (as such amount is indexed for inflation every 5 years by the Commission to reflect the change in the Consumer Price Index for All Urban Consumers published by the Bureau of Labor Statistics, setting the threshold to the nearest 1,000,000) or more;

(B) the last day of the fiscal year of the issuer following the fifth anniversary of the date of the first sale of common equity securities of the issuer pursuant to an effective registration statement under this title;

(C) the date on which such issuer has, during the previous 3-year period, issued more than \$1,000,000,000 in non-convertible debt; or

(D) the date on which such issuer is deemed to be a 'large accelerated filer', as defined in section 240.12b-2 of title 17, Code of Federal Regulations, or any successor thereto.

As an emerging growth company we are exempt from Section 404(b) of Sarbanes Oxley. Section 404(a) requires Issuers to publish information in their annual reports concerning the scope and adequacy of the internal control structure and procedures for financial reporting. This statement shall also assess the effectiveness of such internal controls and procedures.

Section 404(b) requires that the registered accounting firm shall, in the same report, attest to and report on the assessment on the effectiveness of the internal control structure and procedures for financial reporting.

As an emerging growth company we are exempt from Section 14A and B of the Securities Exchange Act of 1934 which require the shareholder approval of executive compensation and golden parachutes.

We have irrevocably opted out of the extended transition period for complying with new or revised accounting standards pursuant to Section 107(b) of the Act.

**Because our auditors have issued a going concern opinion, there is substantial uncertainty we will continue operations in which case you could lose your investment.**

Our auditors have issued a going concern opinion. This means that there is substantial doubt that we can continue as an ongoing business for the next twelve months as we lack an operating history. The financial statements do not include any adjustments that might result from the uncertainty about our ability to continue in business. As such we may have to cease operations and you could lose your investment. We currently have no commitments to raise the minimum funds necessary to become a revenue generating company over the next twelve months.

**SUMMARY OF THIS OFFERING**

<b>The Issuer</b>	Transtech Solutions Inc.
<b>Securities being offered</b>	Up to 20,000,000 shares of Common Stock
<b>Offering Type</b>	The selling shareholders will sell our shares at a fixed price of \$0.01 per share.
<b>Per Share Price</b>	The selling stockholders may offer their shares through public or private transactions, on or off OTCBB, at a fixed price of \$0.01 per share. We will pay all expenses of registering the securities, estimated at approximately \$9,000.
<b>Termination of the Offering</b>	The offering will conclude when all of the 20,000,000 shares of common stock have been sold, the shares no longer need to be registered to be sold due to the operation of Rule 144 or we decide at any time to terminate the registration of the shares at our sole discretion. In any event, the offering shall be terminated no later than two years from the effective date of this registration statement.
<b>Securities Issued And to be Issued</b>	50,100,000 shares of our common stock are issued and outstanding as of the date of this prospectus. All of 20,000,000 shares will be sold by existing shareholder
<b>Use of Proceeds</b>	We will not receive any proceeds from the sale of the common stock by the selling shareholders.
<b>Market for the Common Stock</b>	There is currently no public market for the shares of our common stock. There can be no assurance that a market maker will agree to file the necessary documents with FINRA to allow our shares of common stock to be traded on the OTCBB, nor can there be any assurance that such an application for quotation will be approved if filed. FINRA operates the OTCBB. We have agreed to bear the expenses relating to the registration of the shares for the Selling Stockholders.

## Summary Financial Information

<b>Income Statement</b>		
Revenue	\$	-
Total Operating Expenses	\$	(10,000)
Net Loss	\$	(10,000)

## **RISK FACTORS**

In addition to the other information provided in this Prospectus, you should carefully consider the following risk factors in evaluating our business before purchasing any of our common stock.

**Our lack of operating history makes it difficult for us to evaluate our future business prospects and make decisions in implementing our business plan. You are unable to determine whether we will ever become profitable, which increases your investment risk.**

We were incorporated on July 12, 2011. We have no operating history. Our business plan is speculative and unproven. There is no assurance that we will be successful in executing our business plan or that, even if we successfully implement our business plan, we will ever generate revenues or profits, which makes it difficult to evaluate our business. As a consequence, it is difficult, if not impossible, to forecast our future results based upon our historical data. Because of the uncertainties related to our lack of historical operations, we may be hindered in our ability to anticipate and timely adapt to increases or decreases in sales, revenues, or expenses. If we make poor operational decisions in implementing our business plan, we may never generate revenues or become profitable or incur losses, which may result in a decline in our stock price.

**There is substantial doubt about our ability to continue, as a going concern, as a result of our lack of revenues and financial resources, and if we are unable to generate significant revenue or secure financing, we may be required to cease or curtail our operations.**

Our lack of operating history and financial resources raise substantial doubt about our ability to continue as a going concern. The financial statements do not include adjustments that might result from the outcome of this uncertainty, and if we are unable to generate significant revenue or secure financing, we may be required to cease or curtail our operations. If we do not commence our operations, secure financing, and related activities or if we do not secure funding to implement our business plan, we estimate current available financial resources will sustain our operations only through the next few months, and then only if continued funding by the management of the company.

**Because we will need additional capital to implement our business plan and may not be able to obtain sufficient capital, we may be forced to limit the scope of our operations, and our revenues may be reduced.**

In connection with implementing our business plans, we will experience increased capital needs and accordingly, we may not have sufficient capital to fund our future operations without additional capital investments. Our capital needs will depend on numerous factors, including the following:

We cannot assure you that we will be able to obtain capital in the future to meet our needs. We have no sources of financing identified. If we cannot obtain additional funding, we may be required to:

- limit our ability to implement our business plan;
- limit our marketing efforts; and
- decrease or eliminate capital expenditures.

Even if we do find a source of additional capital, we may not be able to negotiate terms and conditions for receiving the additional capital that are acceptable to us. Any future capital investments could dilute or otherwise adversely affect the holdings or rights of our existing shareholders. In addition, new equity or convertible debt securities issued by us to obtain financing could have rights, preferences and privileges senior to our Common Stock. Any additional financing may not be available to us, or if available, may not be on terms favorable to us.

**We will require financing to achieve our current business strategy and our inability to obtain such financing could prohibit us from executing our business plan and cause us to slow down our expansion or cease our operations.**

We will need to raise a minimum of \$200,000 over the next twelve months through public or private debt or sale of equity to execute our business plan to become a revenue generating company. Such financing may not be available as needed. Even if such financing is available, it may be on terms that are materially adverse to your interests with respect to dilution of book value, dividend preferences, liquidation preferences or other terms. If we are unable to obtain this financing on reasonable terms, we would be unable to hire the additional employees needed to execute our business plan and we would be forced to delay or scale back our plans for expansion. This would delay our ability to get our operations to profitability and could force us to cease operations. In addition, such inability to obtain financing on reasonable terms could have a material adverse effect on our business, operating results or financial condition.

Moreover, in addition to monies needed to commence operations over the next twelve months, we anticipate requiring additional funds in order to execute any future plans for growth. No assurance can be given that such funds will be available or, if available, will be on commercially reasonable terms satisfactory to us. There can be no assurance that we will be able to obtain financing if or when it is needed on terms we deem acceptable.

**Our lack of an established brand name and relative lack of resources could negatively impact our ability to effectively compete in the day spa soil remediation industry, which could reduce the value of your investment.**

We do not have an established brand name or reputation in the business of providing soil remediation services. We also have a relative lack of resources to conduct our business operations. Thus, we may have difficulty effectively competing with companies that have greater name recognition and financial resources than we do. Our inability to promote and/or protect our brand name may have an adverse effect on our ability to compete effectively in the market.

**Because our auditors have issued a going concern opinion, there is substantial uncertainty we will continue operations in which case you could lose your investment.**

Our auditors have issued a going concern opinion. This means that there is substantial doubt that we can continue as an ongoing business for the next twelve months as we lack an operating history. The financial statements do not include any adjustments that might result from the uncertainty about our ability to continue in business. As such we may have to cease operations and you could lose your investment.

**If we do not make a profit, we may have to suspend or cease operations.**

Because we are small and do not have much capital, we must limit our marketing to the existing business relationships of our CEO, Mr. ChristopherWeinhaupl. Because we will be limiting our marketing activities, we may not be able to attract enough vendors and clients to operate profitably. If we cannot operate profitably, we may have to suspend or cease our operations.

**We are dependent on our CEO, Mr. ChristopherWeinhaupl, to guide our initial operations and implement our plan of operations. If we lose such services we will have to change our business plan/direction or cease operations.**

Our success will depend on the ability and resources of our CEO & President. If we lose the services of our CEO, we will be forced to either change our business plan and direction or cease operations. We have no written employment agreement with our CEO. We have not obtained any key man life insurance relating to our CEO. If we lose such services, we may not be able to hire and retain another CEO with comparable experience. As a result, the loss of Mr. ChristopherWeinhaupl's services could reduce our revenues. We have no written employment agreement or covenant not to compete with Mr. ChristopherWeinhaupl.

## **Risks Relating To Our Common Stock**

### **Because there is no public trading market for our common stock, you may not be able to resell your stock.**

There is currently no public trading market for our common stock. Therefore there is no central place, such as a stock exchange or electronic trading system, to resell your shares. If you do want to resell your shares, you will have to locate a buyer and negotiate your own sale in compliance with applicable federal and state securities laws.

### **There is no assurance of a public market or that our common stock will ever trade on a recognized exchange or quotation system. Therefore, you may be unable to liquidate your investment in our stock.**

There is no established public trading market for our common stock. Our shares are not and have not been listed or quoted on any exchange or quotation system. There can be no assurance that a market maker will agree to file the necessary documents with FINRA, which operates the OTCBB, to create such listing or quotation, nor can there be any assurance that such an application would be approved if filed, or that a regular trading market will develop or that if developed, will be sustained. In the absence of a trading market, an investor may be unable to liquidate their investment.

### **If our common stock is quoted on the OTC Bulletin Board which may have an unfavorable impact on our stock price and liquidity.**

We anticipate that our common stock will be quoted on the OTC Bulletin Board. The OTC Bulletin Board is a significantly more limited market than the New York Stock Exchange or NASDAQ system. The quotation of our shares on the OTC Bulletin Board may result in a less liquid market available for existing and potential stockholders to trade shares of our common stock, could depress the trading price of our common stock and could have a long-term adverse impact on our ability to raise capital in the future.

### **We may be subject to penny stock regulations and restrictions and you may have difficulty selling shares of our common stock.**

The SEC has adopted regulations which generally define so-called “penny stocks” to be an equity security that has a market price less than \$5.00 per share or an exercise price of less than \$5.00 per share, subject to certain exemptions. If our common stock becomes a “penny stock,” we may become subject to Rule 15g-9 under the Exchange Act, or the “Penny Stock Rule.” This rule imposes additional sales practice requirements on broker-dealers that sell such securities to persons other than established customers and “accredited investors” (generally, individuals with a net worth in excess of \$1,000,000 or annual incomes exceeding \$200,000, or \$300,000 together with their spouses). For transactions covered by Rule 15g-9, a broker-dealer must make a special suitability determination for the purchaser and have received the purchaser’s written consent to the transaction prior to sale. As a result, this rule may affect the ability of broker-dealers to sell our securities and may affect the ability of purchasers to sell any of our securities in the secondary market.

For any transaction involving a penny stock, unless exempt, the rules require delivery, prior to any transaction in a penny stock, of a disclosure schedule prepared by the SEC relating to the penny stock market. Disclosure is also required to be made about sales commissions payable to both the broker-dealer and the registered representative and current quotations for the securities. Finally, monthly statements are required to be sent disclosing recent price information for the penny stock held in the account and information on the limited market in penny stock.

There can be no assurance that our common stock will qualify for exemption from the Penny Stock Rule. In any event, even if our common stock were exempt from the Penny Stock Rule, we would remain subject to Section 15(b)(6) of the Exchange Act, which gives the SEC the authority to restrict any person from participating in a distribution of penny stock, if the SEC finds that such a restriction would be in the public interest.

**FINRA sales practice requirements may limit a stockholder's ability to buy and sell our stock.**

FINRA has adopted rules that require that in recommending an investment to a customer, a broker-dealer must have reasonable grounds for believing that the investment is suitable for that customer. Prior to recommending speculative low priced securities to their non-institutional customers, broker-dealers must make reasonable efforts to obtain information about the customer's financial status, tax status, investment objectives and other information. Under interpretations of these rules, FINRA believes that there is a high probability that speculative low priced securities will not be suitable for at least some customers. FINRA requirements make it more difficult for broker-dealers to recommend that their customers buy our common stock, which may have the effect of reducing the level of trading activity and liquidity of our common stock. Further, many brokers charge higher transactional fees for penny stock transactions. As a result, fewer broker-dealers may be willing to make a market in our common stock, reducing a stockholder's ability to resell shares of our common stock.

**Because we do not have an audit or compensation committee, shareholders will have to rely on the board of directors, which is not independent, to perform these functions.**

We do not have an audit or compensation committee comprised of independent directors. Indeed, we do not have any audit or compensation committee. These functions are performed by the board of directors as a whole. The sole member of the board of directors is not independent. Thus, there is a potential conflict in that board members who are management will participate in discussions concerning management compensation and audit issues that may affect management decisions.

**Our management has limited experience in managing the day to day operations of a public company and, as a result, we may incur additional expenses associated with the management of our company.**

Our CEO Christopher Weinhaupl is responsible for our operations and SEC reporting. The requirements of operating as a small public company are new to her. This will require us to obtain outside assistance from legal, accounting, investor relations or other professionals that could be more costly than planned. We may also be required to hire additional staff to comply with additional SEC reporting requirements and compliance under the Sarbanes-Oxley Act of 2002. Our failure to comply with reporting requirements and other provisions of securities laws could negatively affect our stock price and adversely affect our results of operations, cash flow and financial condition.

**Although we believe that we currently have adequate internal control over financial reporting, we are exposed to risks from recent legislation requiring companies to evaluate internal control over financial reporting.**

Section 404 of the Sarbanes-Oxley Act of 2002 ("Section 404") requires our management to report on the operating effectiveness of the Company's Internal Controls over financial reporting for the year ended December 31, 2012 and from the period from inception (July 12, 2011) to December 31, 2012. We must establish an ongoing program to perform the system and process evaluation and testing necessary to comply with these requirements. We expect that the cost of this program will require us to incur expenses and to devote resources to Section 404 compliance on an ongoing basis.

It is difficult for us to predict how long it will take to complete Management's assessment of the effectiveness of our internal control over financial reporting for each year and to remediate any deficiencies in our internal control over financial reporting. As a result, we may not be able to complete the assessment and process on a timely basis. In the event that our Chief Executive Officer, Chief Financial Officer or independent registered public accounting firm determine that our internal control over financial reporting is not effective as defined under Section 404, we cannot predict how regulators will react or how the market prices of our shares will be affected.

### **Forward Looking Statements.**

Some of the statements in this Prospectus are “forward-looking statements.” These forward-looking statements involve certain known and unknown risks, uncertainties and other factors which may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by these forward-looking statements. These factors include, among others, the factors set forth above under “Risk Factors.” The words “believe,” “expect,” “anticipate,” “intend,” “plan,” and similar expressions identify forward-looking statements. We caution you not to place undue reliance on these forward-looking statements. We undertake no obligation to update and revise any forward-looking statements or to publicly announce the result of any revisions to any of the forward-looking statements in this document to reflect any future or developments. However, the Private Securities Litigation Reform Act of 1995 is not available to us as a penny stock issuer and thus we may not rely on the statutory safe harbor from liability for forward-looking statements. Further, Section 27A(b)(2)(D) of the Securities Act and Section 21E(b)(2)(D) of the Securities Exchange Act expressly state that the safe harbor for forward looking statements does not apply to statements made in connection with this offering.

### **Use of Proceeds**

The selling stockholders are selling shares of common stock covered in the prospectus for their own account. We will not receive any of the proceeds from the resale of these shares. We have agreed to bear the expenses relating to the registration of the shares for the selling stockholders.

### **Determination of Offering Price**

The selling stockholders may offer their shares through public or private transactions, on or off OTCBB, at a fixed price of \$0.01 per share. We determined the price of our public offering by arbitrarily adding a \$0.009 per share premium to the last sale price of our common stock to investors. The price does not bear any relationship to our assets, book value, earnings, or other established criteria for valuing a privately held company.

### **Dilution**

The common stock to be sold by the selling shareholders is common stock that is currently issued and outstanding. Accordingly, there will be no dilution to our existing shareholders.

## Selling Shareholders

The selling shareholders named in this prospectus are offering all of the 20,000,000 shares of common stock offered for resale through this prospectus. The 20,000,000 shares that were previously issued were acquired from us in private placements that were exempt from registration provided under Regulation S of the Securities Act of 1933. Our reliance upon the exemption under Rule 903 of Regulation S of the Securities Act was based on the fact that the sale of the securities was completed in an "offshore transaction," as defined in Rule 902(h) of Regulation S. We did not engage in any directed selling efforts, as defined in Regulation S, in the United States in connection with the sale of the securities. Each investor was not a US person, as defined in Regulation S, and was not acquiring the securities for the account or benefit of a US person.

The following table provides as of the date of this prospectus, information regarding the beneficial ownership of our common stock held by each of the selling shareholders, including:

- the number of shares owned by each prior to this offering;
- the total number of shares that are to be offered for each;
- the total number of shares that will be owned by each upon completion of the offering; and
- the percentage owned by each upon completion of the offering.

The named party beneficially owns and has sole voting and investment power over all shares or rights to these shares.

The numbers in this table assume that none of the selling shareholders sells shares of common stock not being offered in this prospectus or purchases additional shares of common stock, and assumes that all shares offered are sold. The percentages are based on 50,100,000 shares of common stock outstanding on the date of this prospectus.

Other than disclosed above, none of the selling shareholders:

1. has had a material relationship with us other than as a shareholder at any time within the past three years;
2. has ever been one of our officers or directors;
3. is a broker-dealer; or broker-dealer's affiliate.

## **PLAN OF DISTRIBUTION; TERMS OF THE OFFERING**

### **Timing of Sales**

The selling stockholders may offer and sell the shares covered by this prospectus at various times. The selling stockholders will act independently of Transtech Solutions in making decisions with respect to the timing, manner and size of each sale.

The selling shareholders, who are underwriters, will sell our shares at a fixed price of \$0.01 per share for the duration of the offering.”

### **Offering Price**

The selling stockholders, who are underwriters, will sell their shares at an offering price of \$0.01 per share. Thereafter, the sales price offered by the selling stockholders to the public may be:

1. the market price prevailing at the time of sale;
2. a price related to such prevailing market price; or
3. such other price as the selling stockholders determine from time to time.

Our common stock is not currently listed on any national exchange or electronic quotation system. To date, no actions have been taken to list our shares on any national exchange or electronic quotation system. If our common stock becomes publicly traded, then the sales price to the public will vary according to the selling decisions of each selling stockholder and the market for our stock at the time of resale.

## **Manner of Sale**

The selling stockholders may sell their shares directly to purchasers or may use brokers, dealers, underwriters or agents to sell their shares. Brokers or dealers engaged by the selling stockholders may arrange for other brokers or dealers to participate. Brokers or dealers may receive commissions, discounts or concessions from the selling stockholders, or, if any such broker-dealer acts as agent for the purchaser of shares, from the purchaser in amounts to be negotiated immediately prior to the sale. The compensation received by brokers or dealers may, but is not expected to, exceed that which is customary for the types of transactions involved. Broker-dealers may agree with a selling stockholder to sell a specified number of shares at a stipulated price per share, and, to the extent the broker-dealer is unable to do so acting as agent for a selling stockholder, to purchase as principal any unsold shares at the price required to fulfill the broker-dealer commitment to the selling stockholder. Broker-dealers who acquire shares as principal may thereafter resell the shares from time to time in transactions, which may involve block transactions and sales to and through other broker-dealers, including transactions of the nature described above, in the over-the-counter market or otherwise at prices and on terms then prevailing at the time of sale, at prices then related to the then-current market price or in negotiated transactions. In connection with resales of the shares, broker-dealers may pay to or receive from the purchasers of shares commissions as described above.

If our selling stockholders enter into arrangements with brokers or dealers, as described above, we are obligated to file a post-effective amendment to this registration statement disclosing such arrangements, including the names of any broker dealers acting as underwriters.

The selling stockholders and any broker-dealers or agents that participate with the selling stockholders in the sale of the shares may be deemed to be "underwriters" within the meaning of the Securities Act. In that event, any commissions received by broker-dealers or agents and any profit on the resale of the shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act.

## **Sales Pursuant to Rule 144**

Currently, we are a "shell company" as defined in Rule 12b-2 of the Exchange Act, as amended and Rule 144 is not available for the resale of securities issued by any issuer that is or has been at any time previously a shell company unless the following conditions have been met:

- the issuer of the securities that was formerly a shell company has ceased to be a shell company;
- the issuer of the securities is subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act;
- the issuer of the securities has filed all Exchange Act reports and material required to be filed, as applicable, during the preceding 12 months (or such shorter period that the issuer was required to file such reports and materials), other than Form 8-K reports; and
- at least one year has elapsed from the time that the issuer filed current Form 10 type information with the SEC reflecting its status as an entity that is not a shell company.

## **Regulation M**

We have advised the selling security holders that the anti-manipulation rules of Regulation M under the Exchange Act may apply to sales of shares in the market and to the activities of the selling security holders and their affiliates. Regulation M under the Exchange Act prohibits, with certain exceptions, participants in a distribution from bidding for, or purchasing for an account in which the participant has a beneficial interest, any of the securities that are the subject of the distribution. Accordingly, the selling stockholder is not permitted to cover short sales by purchasing shares while the distribution is taking place. Regulation M also governs bids and purchases made in order to stabilize the price of a security in connection with a distribution of the security. In addition, we will make copies of this prospectus available to the selling security holders for the purpose of satisfying the prospectus delivery requirements of the Securities Act.

## **State Securities Laws**

Under the securities laws of some states, the shares may be sold in such states only through registered or licensed brokers or dealers. In addition, in some states the shares may not be sold unless the shares have been registered or qualified for sale in the state or an exemption from registration or qualification is available and is complied with.

## **Expenses of Registration**

We are bearing all costs relating to the registration of the common stock. These expenses are estimated to be \$9,000, including, but not limited to, legal, accounting, printing and mailing fees. The selling stockholders, however, will pay any commissions or other fees payable to brokers or dealers in connection with any sale of the common stock.

## **Selling Shareholders**

The selling shareholders named in this prospectus are offering all of the 20,000,000 shares of common stock offered for resale through this prospectus. The 20,000,000 shares that were previously issued were acquired from us in private placements that were exempt from registration provided under Regulation S of the Securities Act of 1933. Our reliance upon the exemption under Rule 903 of Regulation S of the Securities Act was based on the fact that the sale of the securities was completed in an "offshore transaction," as defined in Rule 902(h) of Regulation S. We did not engage in any directed selling efforts, as defined in Regulation S, in the United States in connection with the sale of the securities. Each investor was not a US person, as defined in Regulation S, and was not acquiring the securities for the account or benefit of a US person.

The following table provides as of the date of this prospectus, information regarding the beneficial ownership of our common stock held by each of the selling shareholders, including:

- the number of shares owned by each prior to this offering;
- the total number of shares that are to be offered for each;
- the total number of shares that will be owned by each upon completion of the offering; and
- the percentage owned by each upon completion of the offering.

The named party beneficially owns and has sole voting and investment power over all shares or rights to these shares.

The numbers in this table assume that none of the selling shareholders sells shares of common stock not being offered in this prospectus or purchases additional shares of common stock, and assumes that all shares offered are sold. The percentages are based on 20,000,000 shares of common stock outstanding on the date of this prospectus.

Other than disclosed above, none of the selling shareholders:

1. has had a material relationship with us other than as a shareholder at any time within the past three years;
2. has ever been one of our officers or directors;

3. is a broker-dealer; or broker-dealer's affiliate.

## **Description of Securities**

### **General**

The following description as a summary of the material terms of the provisions of our Articles of Incorporation and Bylaws as they relate to our capital structure. The Articles of Incorporation and Bylaws have been filed as exhibits to the registration statement of which this Prospectus is a part.

### **Common Stock**

We have 75,000,000 authorized shares of common stock with \$.001 par value. As of December 31, 2012, there were 50,100,000 shares of our common stock issued and outstanding. All shares are equal to each other with respect to liquidation and dividend rights. Holders of voting shares are entitled to one vote for each share that they own at any shareholders' meeting. Holders of our shares of common stock do not have cumulative voting rights.

Each share of common stock entitles the holder to one vote, either in person or by proxy, at meetings of shareholders. The holders are not permitted to vote their shares cumulatively. Accordingly, the shareholders of our common stock who hold, in the aggregate, more than fifty percent of the total voting rights can elect all of our directors and, in such event, the holders of the remaining minority shares will not be able to elect any of the such directors. The vote of the holders of a majority of the issued and outstanding shares of common stock entitled to vote thereon is sufficient to authorize, affirm, ratify or consent to such act or action, except as otherwise provided by law.

Holders of common stock are entitled to receive such dividends, if any, as may be declared by the Board of Directors out of funds legally available. We have not paid any dividends since our inception, and we presently anticipate that all earnings, if any, will be retained for development of our business. Any future disposition of dividends will be at the discretion of our Board of Directors and will depend upon, among other things, our future earnings, operating and financial condition, capital requirements and other factors.

Holders of our common stock have no pre-emptive rights or other subscription rights, conversion rights, redemption or sinking fund provisions. Upon our liquidation, dissolution or winding up, the holders of our common stock will be entitled to share in the net assets legally available for distribution to shareholders after the payment of all of our debts and other liabilities. There are not any provisions in our Articles of Incorporation or our Bylaws that would prevent or delay change in our control. There are no conversion, pre-emptive or other subscription rights or privileges with respect to any shares.

### **Preferred Stock**

We are not authorized to issue any shares of preferred stock.

### **Dividend Policy**

We have not paid any cash dividends to shareholders. The declaration of any future cash dividends is at the discretion of our board of directors and depends upon our earnings, if any, our capital requirements and financial position, our general economic conditions, and other pertinent conditions. It is our present intention not to pay any cash dividends in the foreseeable future, but rather to reinvest earnings, if any, in our business operations.

### **Share Purchase Warrants and Options**

We do not presently have any options or warrants authorized or any securities that may be convertible into common stock. However, our board of directors may later determine to authorize options and warrants for our Company.

### **Interests of Named Experts and Counsel**

The legality of the shares offered under this registration statement is being passed upon by Dean Law Corp.

The financial statements included in this prospectus and the registration statement have been audited by Kenne Ruan, CPA to the extent and for the periods set forth in their report appearing elsewhere herein and in the registration statement, and are included in reliance upon such report given upon the authority of said firm as experts in auditing and accounting.

## **INFORMATION WITH RESPECT TO REGISTRANT**

THE FOLLOWING DISCUSSION AND ANALYSIS SHOULD BE READ TOGETHER WITH THE CONSOLIDATED FINANCIAL STATEMENTS OF TRANSTECH SOLUTIONS, INC. AND THE NOTES TO CONSOLIDATED FINANCIAL STATEMENTS INCLUDED IN THIS REGISTRATION STATEMENT. THIS DISCUSSION SUMMARIZES THE SIGNIFICANT FACTORS AFFECTING OUR OPERATING RESULTS, FINANCIAL CONDITIONS AND LIQUIDITY AND CASH-FLOW SINCE INCEPTION.

### **Description of Business:**

#### **Organization:**

Transtech Solutions Inc. was incorporated to the laws of the State of Nevada on July 12, 2011. We are a development stage company that has limited operating history and has earned no revenues.

Since our inception, we have devoted our activities to developing our business plan, determining the market for our services, developing a marketing plan, as well as capital formation. Our day-to-day operations consist of working on these to ensure effective, efficient and timely completion.

There is substantial doubt about our ability to continue, as a going concern, over the next twelve months.

#### **Business**

Transtech Solutions Inc. is a Las Vegas-based business looking to provide services in the U.S. medical transcription marketplace. Transtech will begin by providing services to the Nevada medical community by offering our medical transcription service through the use of digital equipment and careful proofing. The company will cater to the healthcare sector by providing timely, highly accurate medical transcriptions of dictated patient reports. Transtech will incorporate outsourcing operations overseas to take advantage of lower cost of labor in addition to our hired medical transcriptionists, pending our sales effort success. This technology will allow an efficient way to manage transcription services on a web-based platform.

The main market sectors we will penetrate are as follows:

- Offices of physicians
- Hospitals
- Medical and diagnostic laboratories

Transtech's core service offering will be to provide medical record transcription services for the following:

- Office visits
- Surgery notes
- Lab results
- Admissions
- Assessments

## **Industry Overview**

The Bureau of Labor Statistics (BLS <http://www.bls.gov/ooh/healthcare/medical-transcriptionists.htm>) reports that employment of medical transcriptionists is expected to grow 6 percent from 2010 to 2020. The volume of healthcare services is expected to continue to increase, resulting in a growing number of medical tests and procedures, all of which will require transcription. An aging population contributing to an increased number of healthcare visits, combines with a continued emphasis of accessible documentation, is anticipated to simulate the need for medical transcriptionists. In other words, increasing numbers of medical transcriptionists will be needed to amend patients' records, edit for grammar, and identify discrepancies in electronic records.

Contracting out transcription work overseas and advancements in speech recognition technology are not expected to significantly reduce the need for well-trained medical transcriptionists in the US. Outsourcing transcription work abroad—to countries such as India, Pakistan, Philippines, and the Caribbean—has grown more popular as transmitting confidential health information over the Internet has become more secure; however, the demand for overseas transcription services is expected only to supplement the demand for well-trained domestic medical transcriptionists. Speech-recognition technology allows physicians and other health professionals to dictate medical reports to a computer that immediately creates an electronic document. In spite of the advances in this technology, the software has been slow to grasp and analyze the human voice and the English language, and the medical vernacular with all its diversity. As a result, there will continue to be a need for skilled medical transcriptionists to identify and appropriately edit the inevitable errors created by speech recognition systems, and to create a final document.

While the tools used by medical transcriptionists have dramatically changed to digital devices, the fundamental nature of the practice has not. The BLS reports that in spite of advances in technology, there will continue to be a need for skilled medical transcriptionists.

## **Market Research**

The medical transcription business is a growing industry that is struggling to fulfill the demand created by physicians. The growth of the medical transcription field has been spurred due to insurance company requirements for legible notes prompting a great deal of demand for qualified medical transcriptionists. This is a highly fragmented and competitive industry that will continue to grow over the years. Demand is typically driven by quality of service, timely delivery and competitive pricing.

There are two general categories of customers that regularly need medical transcription services. There are physicians and psychologists who practice alone. The practitioners have the need for transcriptionists because they are typically too small to warrant their own in-house employee. The second group consists of hospitals, clinics, and other doctors who have an in-house solution, who at times are in need of supplemental services. There service requests are sporadic in nature and often require express services.

## **Market Needs**

Transtech is providing its customers with a reliable, flexible, medically-trained transcription service. The following benefits are important to our customers:

- **Medical Background:** This is important due to the specialized language within the medical profession.
- **Convenience:** The ability to offer the service at the doctor's convenience is a significant advantage.
- **Accuracy:** Documents need to be accurate to guard against malpractice threats.

## **Market Trends**

The market trend for industries that utilize transcription services is decreasing overhead through the outsourcing of non-essential activities. For transcription services this means a recent surge in demand for transcription services from customers that are now relying on outsourced service providers.

## **Market Growth**

As physician's practices are under increasing pressure to develop efficiencies (this pressure is primarily coming from the insurance companies which have significantly reduced their allowable reimbursement amounts), practices will be shedding non-essential employees and replacing them with outsourced service providers.

## **Competition**

The competition takes two general forms:

1. **General transcription service-** these are transcription services that offer medical services in addition to general service offerings. These firms typically have someone who had been trained in medical transcription, but does not do medical exclusively.
2. **Specialized medical transcription-** there are a number of exclusive medical transcription service providers. The market is controlled by larger companies that have established their brand over the years. Many of the smaller companies that provide are being driven out of the industry due to the larger more reputable companies being able to provide cheaper and faster services.

## Table of Contents

The buying patterns for medical transcriptionists are typically based on the type of relationship the physician or hospital has with the transcriptionist. If the physician does not have an in-house solution then they ideally will have a long-term relationship with a service provider. If the physician or hospital has in-house transcriptionists, then their relationships with the transcriptionist services are based on the sporadic service calls, filling a need when their service provider is unable.

### **Transtech's Competitive Advantage**

The majority of competition is in the form of small mom & pop companies with annual revenues of less than \$500,000. Many of these small shops are being pushed out of the industry due to the pressure of new technology, global outsourcing, turnaround-time demands and volume demands. There exists huge potential within the market. Transtech will build its reputation on fast-turnaround, accuracy and quality customer service.

### **Plan of Operations**

Since inception, our operations have primarily consisted of the organization of our business and the development of our business plan. Our business plan includes a two-phase plan that details the purchase of a medical transcription platform. Currently we are still in Phase 1 of our plan which includes the following:

Formation of our Company

Completion of our business plan; and

The acquisition of additional funding

All aspects of Phase 1 have been completed, with the exception of raising additional funding. To date, our founder, Christopher Weinhaupl, has conducted all operations. As such, upon incorporating our Company, Mr. Weinhaupl was named as the Company's sole officer and director. Operations and expenditures have included the incorporation of Transtech Solutions, Inc. under the laws of the State of Nevada, and the formation of an extensive business plan in which we have mapped out all of the initial services that we will offer to our clients. Phase 1 will culminate with the completion of this Offering, which will hopefully allow us to raise capital through the sale of our securities and see us through Phase 2 and 3. Phase 2 involves purchasing a medical transcription software platform and we do not intend on entering Phase 2 until the Company raises additional funding either through completion of this Offering or through third parties if the Company does not receive sufficient proceeds from this Offering.

## Products and Services

Transtech provides medical transcription services for the medical community. We typically transcribe office visits, surgery notes, lab results, admissions, assessment, and discharge summaries. Customers may simply and efficiently use phone dictation or send voice files via the Internet.

- **Next Day Turnaround:** Transtech offers 24 hour turnaround time on all dictation received by 6:00pm Central Time. If this isn't fast enough, they also provide STAT transcription services with turnaround in less than 4 hours.
- **Physician Portal:** Physicians may review and correct the transcribed report using standard Word functionality and any changes are saved to the server and may be accessed or distributed to all users. The physician signs the document with a single mouse click upon which the report is electronically stamped and marked as final. The final report is then distributed based on the user defined distribution rules.
- **98% Accuracy:** Physicians demand high quality medical transcription that is verifiable and accurate. All transcripts are graded by proof-readers based on the American Association of Medical Transcription standards. Transtech guarantees 98% accuracy or better or files are provided free.
- **24 Hour Data Access:** Transtech provides 24/7 access to data. The company's servers will offer redundant power backups as well as complete backup Internet backbone to assure that data is always accessible.
- **Quality Assurance:** Transtech provides 4 to 6 months of training to all transcriptionists that join Transtech. Once training is complete, transcriptionists are placed in a live environment where all their work is scrutinized for accuracy. Only after 2 to 3 years are transcriptionists promoted to Assistant Quality Assurance positions in the Quality Assurance Department. All transcripts are guaranteed for 98% accuracy or better based on American Association of Medical Transcription Standards.
- **Easy File Transfers:** Transtech's interface was architected with usability for the computer illiterate as well as the tech savvy user. A minimal interface allows clients to copy their dictations from their recorders and send it to Transtech's servers with just 3 clicks of a mouse.
- **HIPAA Compliant:** Transtech's medical transcription services will be fully compliant with Health Insurance Portability and Accountability Act of 1996 (HIPAA) guidelines and the HIPAA administrative simplification provision, PHI.

Upon completion of this Offering, and assuming we are able to successfully raise funding from the sale of our securities, we will begin the second part of our business plan. In order to initiate Phase 2 of our operations, we will have to raise enough money to develop the medical transcription platform. While we are developing the medical transcription software, we will begin initial preparations for the launch of our platform and website. Assuming we are able to raise the maximum amount of funds from this offering, the full extent of Phase 2 of our business plan and development will include:

**Raising capital –** We will begin raising funding through the sale of our securities as set for within this Registration Statement. This will start as soon as we received a Notice of Effectiveness from the SEC. We believe the expenses involved with becoming a public company will be approximately \$20,000.

## Table of Contents

**Platform development**– We plan to develop our medical transcription platform and hire a website developer to design our website. The development of our platform and website will entail the bulk of Phase 2. We plan to allocate \$65,000 to develop the medical transcription software. At this time we will also allocate \$10,000 to purchase servers and hosting for our planned website and software platform.

**Hire additional staff** – When our platform has been purchased, we will begin hiring additional staff to prepare for our launch. We plan to hire one full-time marketing representative to begin work on a marketing plan for our launch. We will allocate \$30,000 for the salary of the marketing representative, and up to \$50,000 on marketing materials. We will use the marketing ideas of our President, ChristopherWeinhaupl, as set forth in our “Marketing” section. However, we will look to our new employees to come up with new and innovative ways to promote our Company.

**Beta testing** – Once our platform is fully deployed, and our sales and marketing teams are in place, we will begin beta testing our website and marketing platform.

**Acquisition of clients**– When we are ready to offer our medical transcription services to the public, we intend to launch a marketing campaign ourselves in order to promote our services to potential clients. This will complete Phase 2 of our development.

In order to complete Phase 2 of our business plan, we will rely on the management skills of our President. He will have to work closely with our sales and marketing team to make sure that there is constant communication between each. The sales of our services will be directly related to the work that our marketing team is providing. In the months that follow our launch, the work of our website developers will be critical as well. We hope to be in a phase of rapid growth, and our staff will be working hard to provide constant updates to our site, and fix any bugs that may occur. Our President will have to work hard to keep all components of our business on track.

## **Management**

ChristopherWeinhaupl has been an accomplished serial entrepreneur over the last 15 years. Mr. Weinhaupl’s active roles are contributing to the Technology and Business Development of new market technologies. Mr. Weinhaupl has forged and built a number of startup firms in diverse industries from services to product sales. Mr. Weinhaupl looks for opportunities where Technology is a major disruptive factor in a mature market segment.

ChristopherWeinhaupl holds ownership and founder of Canadapack a North American cross boarder Logistics Company, “mypharmacard” a payment processor solution for web based Pharma companies, and “Superframe” an Internet DSL bonding technology for the SMB market.

## Table of Contents

### **Employees**

As of the date of this filing, the Company has no full time employees other than our sole officer and director, Mr. Weinhaupl. We currently rely of Mr. Weinhaupl to manage all aspects of our business. We plan to use both in-house and freelance medical transcriptionists, who are trained and licensed, to perform the transcription work on our platform and servers.

<b>Name</b>	<b>Department</b>	<b>Function</b>	<b>Salary</b>	<b>Contractors</b>
ChristopherWeinhaupl	Admin	Business Development / Information Technology	None	N/A

### ***Employees and Consultants***

As of the date of this filing, the Company has no full time employees other than our sole officer and director, Mr. Weinhaupl. We currently rely on Mr. Weinhaupl, to manage all aspects of our business. Mr. Weinhaupl has committed to devote up to 30 hours per week to our Company. We plan to use third-party developers to assist in the production of our proposed website platform. We intend to add staff as the Company grows. Any such additions will be made at the judgment of management to meet the Company's then current needs.

### ***Legal Proceedings***

We know of no material, existing or pending legal proceedings against our Company, nor are we involved as a plaintiff in any material proceeding or pending litigation. There are no proceedings in which our director, officer or any affiliates, or any registered or beneficial shareholder, is an adverse party or has a material interest adverse to our interest.

<b>Description</b>	<b>Time period</b>	<b>Estimated maximum expenses</b>

***Long-Term Incentive Plans***

We currently have no Long-Term Incentive Plans.

***Director Compensation***

None.

***Director Independence***

Our board of directors is currently composed of one member, ChristopherWeinhaupl, who does not qualify as an independent director in accordance with the published listing requirements of the NASDAQ Global Market. The NASDAQ independence definition includes a series of objective tests, such as that the director is not, and has not been for at least three years, one of our employees and that neither the director, nor any of his family members has engaged in various types of business dealings with us. In addition, our board of directors has not made a subjective determination as to each director that no relationships exist which, in the opinion of our board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, though such subjective determination is required by the NASDAQ rules. Had our board of directors made these determinations, our board of directors would have reviewed and discussed information provided by the directors and us with regard to each director's business and personal activities and relationships as they may relate to us and our management.

***Security Holders Recommendations to Board of Directors***

We welcome comments and questions from our shareholders. Shareholders can direct communications to our Chief Executive Officer, ChristopherWeinhaupl, at our executive offices. However, while we appreciate all comments from shareholders, we may not be able to individually respond to all communications. We attempt to address shareholder questions and concerns in our press releases and documents filed with the SEC so that all shareholders have access to information about us at the same time. Mr. Weinhaupl collects and evaluates all shareholder communications. All communications addressed to our director and executive officer will be reviewed by Mr. Weinhaupl unless the communication is clearly frivolous.

**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table sets forth certain information at March 28, 2013, with respect to the beneficial ownership of shares of Common Stock by (i) each person known to us who owns beneficially more than 5% of the outstanding shares of Common Stock (based upon reports which have been filed and other information known to us), (ii) each of our Directors, (iii) each of our Executive Officers and (iv) all of our Executive Officers and Directors as a group. Unless otherwise indicated, each stockholder has sole voting and investment power with respect to the shares shown. As of March 28, 2013, we had 50,100,000 shares of Common Stock issued and outstanding.

<u>Title of class</u>	<u>Name and address of beneficial owner</u>	<u>Amount and Nature of Beneficial Ownership</u>	<u>Percentage of Common Stock <sup>(1)</sup></u>
Common Stock	ChristopherWeinhaupl 501 Santiago Avenue Long Beach, CA 90814	30,100,000	60%
	<b>Total</b>	50,100,000	100%

(1)

Under Rule 13d-3 promulgated under the Exchange Act, a beneficial owner of a security includes any person who, directly or indirectly, through any contract, arrangement, understanding, relationship, or otherwise has or shares: (i) voting power, which includes the power to vote, or to direct the voting of shares; and (ii) investment power, which includes the power to dispose or direct the disposition of shares. Certain shares may be deemed to be beneficially owned by more than one person (if, for example, persons share the power to vote or the power to dispose of the shares). In addition, shares are deemed to be beneficially owned by a person if the person has the right to acquire the shares (for example, upon exercise of an option) within 60 days of the date as of which the information is provided. In computing the percentage ownership of any person, the amount of shares is deemed to include the amount of shares beneficially owned by such person (and only such person) by reason of these acquisition rights.

We are not aware of any arrangements that could result in a change of control.

## **CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

On August 26, 2011, the Company issued 10,000,000 shares of common stock at a price of \$0.001 per share for a value of \$10,000 to Christopher Weinhaupl, its President. The Company relied on Section 4(2) of the Securities Act for this issuance.

On September 4, 2012, the Company issued 20,100,000 shares of common stock at a price of \$0.001 per share for a value of \$20,100 to Christopher Weinhaupl, its President. The Company relied on Section 4(2) of the Securities Act for this issuance.

As a result, Mr. Weinhaupl owns 60% of the issued and outstanding common shares of the Company.

Other than the foregoing, none of the following persons has any direct or indirect material interest in any transaction to which we were or are a party since the beginning of our last fiscal year, or in any proposed transaction to which we propose to be a party:

- (A) any of our director(s) or executive officer(s);
- (B) any nominee for election as one of our directors;
- (C) any person who is known by us to beneficially own, directly or indirectly, shares carrying more than 5% of the voting rights attached to our Common Stock; or
- (D) any member of the immediate family (including spouse, parents, children, siblings and in-laws) of any of the foregoing persons named in paragraph (A), (B) or (C) above.

### **Disclosure of Commission Position of Indemnification for Securities Act Liabilities**

Our Bylaws, subject to the provisions of Nevada Law, contain provisions which allow the corporation to indemnify any person against liabilities and other expenses incurred as the result of defending or administering any pending or anticipated legal issue in connection with service to us if it is determined that person acted in good faith and in a manner which he reasonably believed was in the best interest of the corporation. Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to our directors, officers and controlling persons, we have been advised that in the opinion of the Securities and Exchange Commission, such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable.

### **COMMISSION POSITION ON INDEMNIFICATION FOR SECURITIES ACT LIABILITIES**

Our Articles of Incorporation provides that we shall indemnify our directors and officers to the fullest extent permitted by Nevada law and that none of our directors will be personally liable to the Company or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability:

- for any breach of the director's duty of loyalty to the Company or its stockholders;
- for acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of the law;
- under Nevada General Corporation Law for the unlawful payment of dividends; or
- for any transaction from which the director derives an improper personal benefit.

These provisions require us to indemnify our directors and officers unless restricted by Nevada law and eliminate our rights and those of our stockholders to recover monetary damages from a director for breach of his fiduciary duty of care as a director except in the situations described above. The limitations summarized above, however, do not affect our ability or that of our stockholders to seek non-monetary remedies, such as an injunction or rescission, against a director for breach of his or his fiduciary duty.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, we have been advised that in the opinion of the Securities and Exchange Commission, such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

**Report of Independent Registered Public Accounting Firm**

To the Board of Directors and Stockholders  
Transtech Solutions Inc  
(A Development Stage Company)

We have audited the accompanying balance sheets of Transtech Solutions Inc. (A development stage company) as of December 31, 2012 and 2011, and the related statements of operations, stockholders' equity and cash flows for the period July 12, 2011 (date of inception) to December 31, 2012. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits include consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Transtech Solutions Inc. as of December 31, 2012 and 2011, and the results of its operations and its cash flows for the period July 12, 2011 (date of inception) to December 31, 2012 in conformity with accounting principles generally accepted in the United States of America.

The financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the financial statements, the Company's losses from operations raise substantial doubt about its ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

**Transtech Solutions Inc.**  
**(A Development Stage Company)**  
**Notes to the Financial Statements**  
**December 31, 2011**  
**(Unaudited)**

**1. ORGANIZATION AND BUSINESS OPERATIONS**

Transtech Solutions Inc. ("the Company") was incorporated under the laws of the State of Nevada, U.S. on July 12, 2011. The Company is in the development stage as defined under Statement on Financial Accounting Standards Accounting Standards Codification FASB ASC 915-205 "Development-Stage Entities." The Company has not generated any revenue to date and consequently its operations are subject to all risks inherent in the establishment of a new business enterprise. As of December 31, 2011 the Company has \$0 in cash.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

a) Basis of Presentation

The financial statements of the Company have been prepared in accordance with generally accepted accounting principles in the United States of America and are presented in US dollars.

b) Going Concern

The financial statements have been prepared on a going concern basis which assumes the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. The Company has incurred losses since inception and further losses are anticipated in the development of its business raising substantial doubt about the Company's ability to continue as a going concern. The ability to continue as a going concern is dependent upon the Company generating profitable operations in the future and/or to obtain the necessary financing to meet its obligations and repay its liabilities arising from normal business operations when they come due. Management intends to finance operating costs over the next twelve months with existing cash on hand and loans from directors and or private placement of common stock. These financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts, or amounts and classification of liabilities that might result from this uncertainty.

c) Cash and Cash Equivalents

The Company considers all highly liquid instruments with a maturity of three months or less at the time of issuance to be cash equivalents.

d) Use of Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

e) Foreign Currency Translation

The Company's functional currency and its reporting currency is the United States dollar.

f) Financial Instruments

The carrying value of the Company's financial instruments approximates their fair value because of the short maturity of these instruments.

**g) Stock-based Compensation**

The Company records stock based compensation in accordance with the guidance in ASC Topic 718 which requires the Company to recognize expense related to the fair value of its employee stock option awards. This eliminates accounting for share-based compensation transactions using the intrinsic value and requires instead that such transactions be accounted for using a fair-value-based method. The Company recognizes the cost of all share-based awards on a graded vesting basis over the vesting period of the award. To date, the Company has not adopted a stock option plan and has not granted any stock options.

**h) Income Taxes**

Income taxes are accounted for under the assets and liability method. Deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carry forwards.

Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled.

**i) Basic and Diluted Net Loss per Share**

The Company follows ASC Topic 260 to account for the earnings per share. Basic earnings per common share ("EPS") calculations are determined by dividing net loss by the weighted average number of shares of common stock outstanding during the year. Diluted earnings per common share calculations are determined by dividing net income by the weighted average number of common shares and dilutive common share equivalents outstanding. During periods when common stock equivalents, if any, are anti-dilutive they are not considered in the computation.

**j) Fiscal Periods**

The Company's fiscal year end is December 31.

**k) Recent Accounting Pronouncements**

The Company has evaluated the recent accounting pronouncements through ASU 2011-06 and believes that none of them will have a material effect on the company's financial statements.

### **3. COMMON STOCK**

The authorized capital of the Company is 75,000,000 common shares with a par value of \$ 0.001 per share.

During the period between inception (July 12, 2011) to December 31, 2011, the Company issued 10,000,000 shares of common stock at a price of \$0.001 per share for a value of \$10,000 to Christopher Weinhaupl, its President. The Company relied on Section 4(2) of the Securities Act for this issuance.

There were no further issuances of stock as at December 31, 2011.

### **4. RELATED PARTY TRANSACTIONS**

Mr. Christopher Weinhaupl has not advanced funds to the Company to pay any costs incurred by it. These funds are unsecured, non-interest bearing and due on demand. The balance due Mr. Christopher Weinhaupl was \$0 as on December 31, 2011.

### **5. INCOME TAXES**

For the year ended December 31, 2011 and from inception (July 12, 2011) to December 31, 2011, the Company incurred net operating losses and, accordingly, no provision for income taxes has been recorded. In addition, no benefit for income taxes has been recorded due to the uncertainty of the realization of any tax assets. At December 31, 2011, the Company had approximately \$10,000 of federal and state net operating losses.

**Report of Independent Registered Public Accounting Firm  
To the Board of Directors and Stockholders  
Transtech Solutions Inc.  
(A Development Stage Company)**

To the Board of Directors and  
Stockholders of TRANSTECH SOLUTIONS Inc.

We have reviewed the accompanying balance sheet of TRANSTECH SOLUTIONS Inc. as of December 31, 2011 and the related statements of income, stockholders' equity and comprehensive income, and cash flows for the three month period ended December 31, 2011. These financial statements are the responsibility of the company's management.

We conducted our review in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompany interim financial statements for them to be in conformity with accounting principles generally accepted in the United States of America.

**Transtech Solutions Inc.**  
**(A Development Stage Company)**  
**Notes to the Financial Statements**  
**December 31, 2012**  
**(Unaudited)**

**1. ORGANIZATION AND BUSINESS OPERATIONS**

Transtech Solutions Inc. ("the Company") was incorporated under the laws of the State of Nevada, U.S. on July 12, 2011. The Company is in the development stage as defined under Statement on Financial Accounting Standards Accounting Standards Codification FASB ASC 915-205 "Development-Stage Entities." The Company has not generated any revenue to date and consequently its operations are subject to all risks inherent in the establishment of a new business enterprise. As of December 31, 2012 the Company has \$40,048.09 in cash.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

a) Basis of Presentation

The financial statements of the Company have been prepared in accordance with generally accepted accounting principles in the United States of America and are presented in US dollars.

b) Going Concern

The financial statements have been prepared on a going concern basis which assumes the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. The Company has incurred losses since inception and further losses are anticipated in the development of its business raising substantial doubt about the Company's ability to continue as a going concern. The ability to continue as a going concern is dependent upon the Company generating profitable operations in the future and/or to obtain the necessary financing to meet its obligations and repay its liabilities arising from normal business operations when they come due. Management intends to finance operating costs over the next twelve months with existing cash on hand and loans from directors and or private placement of common stock. These financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts, or amounts and classification of liabilities that might result from this uncertainty.

c) Cash and Cash Equivalents

The Company considers all highly liquid instruments with a maturity of three months or less at the time of issuance to be cash equivalents.

d) Use of Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

e) Foreign Currency Translation

The Company's functional currency and its reporting currency is the United States dollar.

f) Financial Instruments

The carrying value of the Company's financial instruments approximates their fair value because of the short maturity of these instruments.

g) Stock-based Compensation

The Company records stock based compensation in accordance with the guidance in ASC Topic 718 which requires the Company to recognize expense related to the fair value of its employee stock option awards. This eliminates accounting for share-based compensation transactions using the intrinsic value and requires instead that such transactions be accounted for using a fair-value-based method. The Company recognizes the cost of all share-based awards on a graded vesting basis over the vesting period of the award. To date, the Company has not adopted a stock option plan and has not granted any stock options.

h) Income Taxes

Income taxes are accounted for under the assets and liability method. Deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carry forwards.

Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled.

i) Basic and Diluted Net Loss per Share

The Company follows ASC Topic 260 to account for the earnings per share. Basic earnings per common share ("EPS") calculations are determined by dividing net loss by the weighted average number of shares of common stock outstanding during the year. Diluted earnings per common share calculations are determined by dividing net income by the weighted average number of common shares and dilutive common share equivalents outstanding. During periods when common stock equivalents, if any, are anti-dilutive they are not considered in the computation.

j) Fiscal Periods

The Company's fiscal year end is December 31.

k) Recent Accounting Pronouncements

The Company has evaluated the recent accounting pronouncements through ASU 2011-06 and believes that none of them will have a material effect on the company's financial statements.

### **3. COMMON STOCK**

The authorized capital of the Company is 75,000,000 common shares with a par value of \$ 0.001 per share.

During the period between January 2012 and December 2012, the Company issued 20,100,000 shares of common stock at a price of \$0.001 per share for a value of \$20,100 to ChristopherWeinhaupl, its President. The Company relied on Section 4(2) of the Securities Act for this issuance.

During the period between January 2012 and December 2012, Company issued 20,000,000 shares of common stock under the private placements agreement to various investors at \$0.001 per share. Company received a total of \$20,000 net of offering proceeds.

There were no further issuances of stock as at December 31, 2012.

### **4. RELATED PARTY TRANSACTIONS**

Mr. ChristopherWeinhaupl has not advanced funds to the Company to pay any costs incurred by it. These funds are unsecured, non-interest bearing and due on demand. The balance due Mr. ChristopherWeinhaupl was \$0 as on December 31, 2012.

### **5. INCOME TAXES**

For the year ended December 31, 2012 and from January 2012 to December 31, 2012, the Company incurred net operating losses and, accordingly, no provision for income taxes has been recorded. In addition, no benefit for income taxes has been recorded due to the uncertainty of the realization of any tax assets. At December 31, 2012, the Company had approximately \$52 of federal and state net operating losses.

**Indemnification of Directors and Officers**

Our sole officer and Director is indemnified as provided by the Nevada Revised Statutes and our bylaws.

Under the NRS, director immunity from liability to a company or its shareholders for monetary liabilities applies automatically unless it is specifically limited by a company's articles of incorporation that is not the case with our articles of incorporation. Excepted from that immunity are:

- (1) a willful failure to deal fairly with the company or its shareholders in connection with a matter in which the director has a material conflict of interest;
- (2) a violation of criminal law (unless the director had reasonable cause to believe that his or her conduct was lawful or no reasonable cause to believe that his or her conduct was unlawful);

(3) a transaction from which the director derived an improper personal profit; and

(4) willful misconduct.

Table of Contents

Our bylaws provide that we will indemnify our directors and officers to the fullest extent not prohibited by Nevada law; provided, however, that we may modify the extent of such indemnification by individual contracts with our directors and officers; and, provided, further, that we shall not be required to indemnify any director or officer in connection with any proceeding (or part thereof) initiated by such person unless:

- (1) such indemnification is expressly required to be made by law;
- (2) the proceeding was authorized by our Board of Directors;
- (3) such indemnification is provided by us, in our sole discretion, pursuant to the powers vested us under Nevada law; or
- (4) such indemnification is required to be made pursuant to the bylaws.

Our bylaws provide that we will advance all expenses incurred to any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that he is or was our director or officer, or is or was serving at our request as a director or executive officer of another company, partnership, joint venture, trust or other enterprise, prior to the final disposition of the proceeding, promptly following request. This advance of expenses is to be made upon receipt of an undertaking by or on behalf of such person to repay said amounts should it be ultimately determined that the person was not entitled to be indemnified under our bylaws or otherwise.

Our bylaws also provide that no advance shall be made by us to any officer in any action, suit or proceeding, whether civil, criminal, administrative or investigative, if a determination is reasonably and promptly made: (a) by the board of directors by a majority vote of a quorum consisting of directors who were not parties to the proceeding; or (b) if such quorum is not obtainable, or, even if obtainable, a quorum of disinterested directors so directs, by independent legal counsel in a written opinion, that the facts known to the decision-making party at the time such determination is made demonstrate clearly and convincingly that such person acted in bad faith or in a manner that such person did not believe to be in or not opposed to our best interests.

## Exhibits

The following is a list of exhibits filed as part of this Registration Statement. Where so indicated by footnote, exhibits which were previously filed are incorporated herein by reference. Any statement contained in an Incorporated Document shall be deemed to be modified or superseded for purposes of this Registration Statement to the extent that a statement contained herein or in any other subsequently filed Incorporated Document modifies or supersedes such statement. Any such statement so modified or superseded shall not be deemed, except as so modified or superseded, to constitute a part of this Registration Statement.

Exhibit Number	Description
3.1	Articles of Incorporation of Transtech Solutions, Inc.
3.2	Bylaws of Transtech Solutions, Inc.
4.2	Form of Subscription Agreement
5.1	Opinion of Dean Law Corp, re: the legality of the shares being registered
23.1	Auditor Consent
23.2	Consent of Dean Law Corp (included in Exhibit 5.1)

All other Exhibits called for by Rule 601 of Regulation S-K are not applicable to this filing.

### Undertakings:

Information pertaining to our common stock is contained in our Articles of Incorporation and Bylaws. Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of our counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by us is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

The undersigned registrant hereby undertakes:

To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

- i. To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;
- ii. To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement.

- iii. To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;
2. That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
3. To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

4. That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

ii. If the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

### Signatures

In accordance with the requirements of the Securities Act of 1933, the registrant certifies that it has reasonable grounds to believe that it meets all of the requirements of filing on Form S-1 and authorized this registration statement to be signed on our behalf by the undersigned, on March 28, 2013.

**ARTICLE I**

**OFFICES AND CORPORATE SEAL**

**SECTION 1.1 Registered Office.** Transtech Solutions Inc., (hereinafter the "Corporation") shall maintain a registered office in the State of Nevada. In addition to its registered office, the Corporation shall maintain a principal office at a location determined by the Board. The Board of Directors may change the Corporation's registered office and principal office from time to time.

**SECTION 1.2 Other Offices.** The Corporation may also maintain offices at such other place or places, either within or without the State of Nevada, as may be designated from time to time by the Board of Directors (hereinafter the "Board"), and the business of the Corporation may be transacted at such other offices with the same effect as that conducted at the principal office.

**SECTION 1.3 Corporate Seal.** A Corporate seal shall not be requisite to the validity of any instrument executed by or on behalf of the Corporation, but nevertheless if in any instance a corporate seal be used, the same shall be a circle having on the circumference thereof the name of the Corporation and in the center the words "corporate seal", the year incorporated, and the state where incorporated.

**ARTICLE II**

**SHAREHOLDERS**

**SECTION 2.1 Shareholders Meetings.** All meetings of the shareholders shall be held at the principal office of the Corporation between the hours of 9:00 a.m. and 5:00 p.m., or at such other time and place as may be fixed from time to time by the Board, or in the absence of direction by the Board, by the President or Secretary of the Corporation, either within or without the State of Nevada, as shall be stated in the notice of the meeting or in a duly executed waiver of notice thereof. A special or annual meeting called by shareholders owning a majority of the entire capital stock of the Corporation pursuant to Sections 2.2 or 2.3 shall be held at the place designated by the shareholders calling the meeting in the notice of the meeting or in a duly executed waiver of notice thereof.

**SECTION 2.2 Annual Meetings.** Annual meetings of a shareholders shall be held on a date designated by the Board of Directors or if that day shall be a legal holiday, then on the next succeeding business day, or at such other date and time as shall be designated from time to time by the Board and stated in the notice of the meeting. At the annual meeting, shareholders shall elect the Board and transact such other business as may properly be brought before the meeting. In the event that an annual meeting is not held on the date specified in this Section 2.2, the annual meeting may be held on the written call of the shareholders owning a majority of the entire capital stock of the Corporation issued, outstanding, and entitled to vote.

**SECTION 2.3 Special Meetings of Shareholders.** Special meetings of the shareholders, for any purpose or purposes, unless otherwise prescribed by Nevada statute or by the Articles of Incorporation (hereinafter the "Articles"), may be called by the President and shall be called by the President or Secretary at the request in writing of a majority of the Board, or at the request in writing of shareholders owning a majority of the entire capital stock of the Corporation issued, outstanding, and entitled to vote. Such request shall state the purpose or purposes of the proposed meeting. In

the event that the President or Secretary fails to call a meeting pursuant to such a request, a special meeting may be held on the written call of the shareholders owning a majority of the entire capital stock of the Corporation issued, outstanding, and entitled to vote.

**SECTION 2.4 List of Shareholders.** The officer who has charge of the stock transfer books for shares of the Corporation shall prepare and make, no more than two (2) days after notice of a meeting of a shareholders is given, a complete list of the shareholders entitled to vote at the meeting, arranged in alphabetical order, and showing the address and the number of shares registered in the name of each shareholder. Such list shall be open to examination and copying by any shareholder, for any purpose germane to the meeting, during ordinary business hours, for a period of at least ten (10) days prior to the meeting, either at a place within the city where the meeting is to be held, which place shall be specified in the notice of the meeting, or if not so specified, at the place where the meeting is to be held. The list shall also be produced and kept at the time and place of the meeting during the whole time thereof, and may be inspected by any shareholder present.

**SECTION 2.5 Notice of Shareholders Meetings.** Written notice of the annual meeting stating the place, date and hour of the meeting and, in case of a special meeting, the purpose or purposes for which the meeting is called, shall be given, either personally or by mail, to each shareholder of record entitled to vote at such meeting not less than ten (10) nor more than sixty (60) days before the date of the meeting. If mailed, such notice shall be deemed to be delivered when mailed to the shareholder at his address as it appears on the stock transfer books of the Corporation. Business transacted at any special meeting of shareholders shall be limited to the purposes stated in the notice unless determined otherwise by the unanimous vote of the holders of all of the issued and outstanding shares of the Corporation present at the meeting in person or represented by proxy.

**SECTION 2.6 Closing of Transfer Books or Fixing of Record Date.** For the purpose of determining shareholders entitled to notice of, or permitted to vote at, any meeting of shareholders or any adjournment thereof, or for the purpose of determining shareholders entitled to receive payment of any dividend, or in order to make a determination of shareholders for any other proper purpose, the board may provide that the stock transfer books shall be closed for a stated period but not to exceed, in any case, sixty (60) days. If the stock transfer books shall be closed for the purpose of determining shareholders entitled to notice of, or permitted to vote at, a meeting of shareholders, such books shall be closed for at least ten (10) days immediately preceding such meeting. In lieu of closing the stock transfer books, the board may fix in advance a date as the record date for any such determination of shareholders, such date in any case to be not more than sixty (60) days and, in case of a meeting of shareholders, not less than ten (10) days prior to the date on which the particular action requiring such determination of shareholders is to be taken. If the stock transfer books are not enclosed and no record date is fixed for the determination of shareholders entitled to notice of, or permitted to vote at, a meeting of shareholders, or for the determination of shareholders entitled to receive payment of a dividend, the record date shall be 4:00 p.m. on the day before the day on which notice of the meeting is given or, if notice is waived, the record date shall be the day on which, and the time at which, the meeting is commenced. When a determination of shareholders entitled to vote at any meeting of shareholders has been made as provided in this section, such determination shall apply to any adjournment thereof, provided that the board may fix a new record date for the adjourned meeting and further provided that such adjournments do not in the aggregate exceed thirty (30) days. The record date for determining shareholders entitled to express consent to action without a meeting pursuant to Section 2.9 shall be the date on which the first shareholder signs the consent.

**SECTION 2.7 Quorum and Adjournment.**

(a)

The holders of a majority of the shares issued, outstanding, and entitled to vote at the meeting, present in person or represented by proxy, shall constitute a quorum at all meetings of the shareholders for the transaction of business except as otherwise provided by Nevada statute or by the Articles.

(b)

Business may be conducted once a quorum is present and may continue until adjournment of the meeting notwithstanding the withdrawal or temporary absence of sufficient shares to reduce the number present to less than a quorum. Unless the vote of a greater number or voting by classes is required by Nevada statute or the Articles, the

affirmative vote of the majority of the shares then represented at the meeting and entitled to vote on the subject matter shall be the act of the shareholders; provided, however, that if the shares then represented are less than required to constitute a quorum, the affirmative vote must be such as would constitute a majority if a quorum were present; and provided further, that the affirmative vote of a majority of the shares then present shall be sufficient in all cases to adjourn a meeting.

(c)

If a quorum shall not be present or represented at any meeting of the shareholders, the shareholders entitled to vote at the meeting, present in person or represented by proxy, shall have power to adjourn the meeting to another time or place, without notice other than announcement at the meeting at which adjournment is taken, until a quorum shall be present or represented, any business may be transacted which might have been transacted at the meeting as originally notified. If the adjournment is for more than thirty (30) days, or if after the adjournment a new record date is fixed for the adjourned meeting, a notice of the adjourned meeting shall be given to each shareholder of record entitled to vote at the meeting.

**SECTION 2.8 Voting.** At every meeting of the shareholders, each shareholder shall be entitled to one vote in person or by proxy for each share of the capital stock having voting power held by such shareholder, but no proxy shall be voted or acted upon after six (6) months from its date, unless the proxy provides for a longer period not to exceed seven (7) years.

**SECTION 2.9 Action Without Meeting.** Any action required or permitted to be taken at any annual or special meeting of shareholders may be taken without a meeting, without prior notice, and without a vote, if a consent in writing, setting forth the action so taken, shall be signed by the holders of a majority of the outstanding shares entitled to vote with respect to the subject matter of the action unless a greater percentage is required by law in which case such greater percentage shall be required.

**Section 2.10 Waiver.** A shareholder's attendance at a meeting shall constitute a waiver of any objection to defective notice or lack of notice of the meeting unless the shareholder objects at the beginning of the meeting to holding the meeting or transacting business at the meeting, and shall constitute a waiver of any objection to consideration of a particular matter at the meeting unless the shareholder objects to considering the matter when it is presented. A shareholder may otherwise waive notice of any annual or special meeting of shareholders by executing a written waiver of notice either before, at or after the time of the meeting.

**SECTION 2.11 Conduct of Meetings.** Meetings of the shareholders shall be presided over by a chairman to be chosen, subject to confirmation after tabulation of the votes, by a majority of the shareholders entitled to vote at the meeting who are present in person or by proxy. The secretary for the meeting shall be the Secretary of the Corporation, or if the Secretary of the Corporation is absent, then the chairman initially chosen by a majority of the shareholders shall appoint any person present to act as secretary. The chairman shall conduct the meeting in accordance with the Corporation's Articles, Bylaws and the notice of the meeting, and may establish rules for conducting the business of the meeting. After calling the meeting to order, the chairman initially chosen shall call for the election inspector, or if no inspector is present then the secretary of the meeting, to tabulate the votes represented at the meeting and entitled to be cast. Once the votes are tabulated, the shares entitled to vote shall confirm the chairman initially chosen or shall choose another chairman, who shall confirm the secretary initially chosen or shall choose another secretary in accordance with this section. If directors are to be elected, the tabulation of votes present at the meeting shall be announced prior to the casting of votes for the directors.

**Section 2.12 Election Inspector.** The Board of Directors, in advance of any shareholders meeting, may appoint an election inspector to act at such meeting. If an election inspector is not so appointed or is not present at the meeting, the chairman of the meeting may, and upon the request of any person entitled to vote at the meeting shall, make such appointment. If appointed, the election inspector will determine the number of shares outstanding, the authenticity, validity and effect of proxies and the number of shares represented at the meeting in person and by proxy; receive and count votes, ballots and consents and announce the results thereof; hear and determine all challenges and questions pertaining to proxies and voting; and, in general, perform such acts as may be proper to ensure the fair conduct of the meeting.

## **ARTICLE III**

### **DIRECTORS**

**SECTION 3.1 Number and Election.** The number of directors that shall constitute the whole Board shall initially be one; provided, such number may be changed by the shareholders so long as the number of directors shall not be less than one or more than nine. Directors shall be elected by the shareholders, and each director shall serve until the next annual meeting and until his successor is elected and qualified, or until resignation or removal.

**SECTION 3.2 Powers.** The business and affairs of the Corporation shall be managed by the Board, which may exercise all such powers of the Corporation and do all such lawful acts as are not by Nevada statute, the Articles, or these Bylaws directed or required to be exercised or done by the shareholders.

**SECTION 3.3 Resignation of Directors.** Any director may resign his office at any time by giving written notice of his resignation to the President or the Secretary of the Corporation. Such resignation shall take effect at the time specified therein or, if no time be specified therein, at the time of the receipt thereof, and the acceptance thereof shall not be necessary to make it effective.

**SECTION 3.4 Removal of Directors.** Any director or the entire Board may be removed, with or without cause, by a vote of the holders of a majority of the shares then entitled to vote at an election of directors at a meeting of shareholders called expressly for that purpose.

**SECTION 3.5 Vacancies.** Vacancies resulting from the resignation or removal of a director and newly created directorships resulting from any increase in the authorized number of directors shall be filled by the shareholders in accordance with Section 3.1.

**SECTION 3.6 Place of Meetings.** Unless otherwise agreed by a majority of the directors then serving, all meetings of the Board of Directors shall be held at the Corporation's principal office between the hours of 9:00 a.m. and 5:00 p.m., and such meetings may be held by means of conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear each other, and participation in a meeting pursuant to this Section 3.6 shall constitute presence in person at such meeting.

**SECTION 3.7 Annual Meetings.** Annual meetings of the Board shall be held immediately following the annual meeting of the shareholders and in the same place as the annual meeting of shareholders. In the event such meeting is not held, the meeting may be held at such time and place as shall be specified in a notice given as hereinafter provided for special meetings of the Board, or as shall be specified in a written waiver of notice by all of the directors.

**SECTION 3.8 Regular Meetings.** Regular meetings of the Board may be held without notice at such time and at such place as shall from time to time be determined by the Board.

**SECTION 3.9 Special Meetings.** Special meetings of the Board may be called by the President or the Secretary with seven (7) days notice to each director, either personally, by mail, by telegram, or by telephone; special meetings shall be called in like manner and on like notice by the President or Secretary on the written request of two (2) directors and shall in such case be held at the time requested by those directors, if the President or Secretary fails to call the special meeting as requested, then the meeting may be called by the two requesting directors and shall be held at the time designated by those directors in the notice.

**SECTION 3.10 Quorum and Voting.** A quorum at any meeting of the Board shall consist of a majority of the number of directors then serving, but not less than two (2) directors, provided that if and when a Board comprised of one member is authorized, or in the event that only one director is then serving, then one director shall constitute a quorum. If a quorum shall not be present at any meeting of the Board, the directors then present may adjourn the meeting to another time or place, without notice other than announcement at the meeting, until a quorum shall be present. If a quorum is present, then the affirmative vote of a majority of directors present is the act of the Board of Directors.

**SECTION 3.11 Action Without Meeting.** Unless otherwise restricted by the Articles of these Bylaws, any action required or permitted to be taken at any meeting of the Board or of any committee thereof may be taken without a meeting, if all members of the Board or committee, as the case may be, consent thereto in writing, and the writing or writings are filed with the minutes of proceedings of the Board or committee.

**SECTION 3.12 Committee of the Board.** The Board, by resolution, adopted by a majority of the full Board, may designate from among its members an executive committee and one or more other committees each of which, to the extent provided in such resolution and permitted by law, shall have and may exercise all the authority of the Board. The Board, with or without cause, may dissolve any such committee or remove any member thereof at any time. The designation of any such committee and the delegation thereto of authority shall not operate to relieve the Board, or any member thereof, of any responsibility imposed by law.

**SECTION 3.13 Compensation.** To the extent authorized by resolution of the Board and not prohibited or limited by the Articles, these Bylaws, or the shareholders, a director may be reimbursed by the Corporation for his expenses, if any, incurred in attending a meeting of the Board of Directors, and may be paid by the Corporation for his expenses, if any, incurred in attending a meeting of the Board of Directors, and may be paid by the Corporation a fixed sum or a stated salary or both for attending meetings of the Board. No such reimbursement or payment shall preclude any director from serving the Corporation in any such capacity and receiving compensation therefore.

**SECTION 3.14 Waiver.** A director's attendance at or participation in a meeting shall constitute a waiver of any objection to defective notice or lack of notice of the meeting unless the director objects at the beginning of the meeting or promptly upon his arrival to holding the meeting or transacting business at the meeting and does not thereafter vote for or assent to action taken at the meeting. A director may otherwise waive notice of any annual, regular or special meeting of directors by executing a written notice of waiver either before or after the time of the meeting.

**SECTION 3.15 Chairman of the Board.** A Chairman of the Board may be appointed by the directors. The Chairman of the Board shall perform such duties as from time to time may be assigned to him by the Board, the shareholders, or these Bylaws. The Vice Chairman, if one has been elected, shall serve in the Chairman's absence.

**SECTION 3.16 Conduct of Meetings.** At each meeting of the Board, one of the following shall act as chairman of the meeting and preside, in the following order of precedence:

- (a)  
The Chairman of the Board;
- (b)  
The Vice Chairman;
- (c)  
The President of the Corporation; or
- (d)

A director chosen by a majority of the directors present, or if a majority is unable to agree on who shall act as chairman, then the director with the earliest date of birth shall act as the chairman.

The Secretary of the Corporation, or if he shall be absent from such meeting, the person whom the chairman of such meeting appoints, shall act as secretary of such meeting and keep the minutes thereof. The order of business and rules of procedure at each meeting of the Board shall be determined by the chairman of such meeting, but the same may be changed by the vote of a majority of those directors present at such meeting. The Board shall keep regular minutes of its proceedings.

## **ARTICLE IV**

### **OFFICERS**

**SECTION 4.1 Titles, Offices, Authority.** The officers of the Corporation shall be chosen by the Board of Directors and

shall include a President, a Secretary and a Treasurer, and may, but need not, include a Chairman, a Vice Chairman, a Chief Executive Officer, a Chief Operating Officer, a Vice President, additional Vice Presidents, one or more assistant secretaries and assistant treasurers, or any other officer appointed by the Board. Any number of offices may be held by the same person, unless the Articles or these Bylaws otherwise provide. If only one person is serving as an officer of this Corporation, he or she shall be deemed to be President and Secretary. An officer shall have such authority and shall perform such duties in the management of the Corporation as may be provided by the Articles or these Bylaws, or as may be determined by resolution of the Board or the shareholders in accordance with Article V.

**SECTION 4.2 Subordinate Officers.** The Board may appoint such subordinate officers, agents or employees as the Board may deem necessary or advisable, including one or more additional Vice Presidents, one or more assistant secretaries, and one or more assistant treasurers, each of whom shall hold office for such period, have authority and perform such duties as are provided in these Bylaws or as the Board may from time to time determine. The Board may delegate to any executive officer or to any committee the power to appoint any such additional officers, agents or employees. Notwithstanding the foregoing, no assistant secretary or assistant treasurer shall have power or authority to collect, account for, or pay over any tax imposed by any federal, state or city government.

**SECTION 4.3 Appointment, Term of Office, Qualification.** The officers of the Corporation shall be appointed by the Board and each officer shall serve at the pleasure of the Board until the next annual meeting and until a successor is appointed and qualified, or until resignation or removal.

**SECTION 4.4 Resignation.** Any officer may resign his office at any time by giving written notice of his resignation to the President or the Secretary of the Corporation. Such resignation shall take effect at the time specified therein or, if no time be specified therein, at the time of the receipt thereof, and the acceptance thereof shall not be necessary to make it effective.

**SECTION 4.5 Removal.** Any officer or agent may be removed by the Board whenever in its judgment the best interests of the Corporation will be served thereby, but such removal shall be without prejudice to the contract rights, if any, of the person so removed. Appointment of an officer or agent shall not of itself create contract rights.

**SECTION 4.6 Vacancies.** A vacancy in any office, because of death, resignation, removal, or any other cause, shall be filled for the unexpired portion of the term in the manner prescribed in Sections 4.1, 4.2 and 4.3 of this Article IV for appointment to such office.

**SECTION 4.7 The President.** The President shall preside at all meetings of shareholders. The President shall be the principal executive officer of the Corporation and, subject to the control of the Board, shall in general supervise and control all of the business and affairs of the Corporation. He may sign, when authorized by the Board, certificates for shares of the Corporation and deeds, mortgages, bonds, contracts, or other instruments which the Board has authorized to be executed, except in cases where the signing and execution thereof shall be expressly delegated by the Board or by these Bylaws to some other officer or agent of the Corporation, or shall be required by law to be otherwise signed or executed; and in general shall perform all duties incident to the office of the President and such other duties as may be prescribed by the Board from time to time.

**SECTION 4.8 The Vice President.** Each Vice President shall have such powers and perform such duties as the Board or the President may from time to time prescribe and shall perform such other duties as may be prescribed by these Bylaws. At the request of the President, or in case of his absence or inability to act, the Vice President or, if there shall be more than one Vice President then in office, then one of them who shall be designated for the purpose by the President or by the Board shall perform the duties of the President, and when so acting shall have all powers of, and be subject to all the restrictions upon, the President.

**SECTION 4.9 The Secretary.** The Secretary shall act as secretary of, and keep the minutes of, all meetings of the Board and of the shareholders; he shall cause to be given notice of all meetings of the shareholders and directors; he shall be the custodian of the seal of the Corporation and shall affix the seal, or cause it to be affixed, to all proper instruments when deemed advisable by him; he shall have charge of the stock book and also of the other books, records and papers of the Corporation relating to its organization as a Corporation, and shall see that the reports, statements and other

documents required by law are properly kept or filed; and he shall in general perform all the duties incident to the office of Secretary. He shall also have such powers and perform such duties as are assigned to him by these Bylaws, and he shall have such other powers and perform such other duties, not inconsistent with these Bylaws, as the Board shall from time to time prescribe. If no officer has been named as Secretary, the duties of the Secretary shall be performed by the President or a person designated by the President.

**SECTION 4.10 The Treasurer.** The Treasurer shall have charge and custody of, and be responsible for, all the funds and securities of the Corporation and shall keep full and accurate accounts of receipts and disbursements in books belonging to the Corporation and shall deposit all monies and other valuable effects in the name of and to the credit of the Corporation in such banks and other depositories as may be designated by the Board, or in the absence of direction by the Board, by the President; he shall disburse the funds of the Corporation as may be ordered by the Board, taking proper vouchers for such disbursements, and shall render to the President and to the directors at the regular meetings of the Board or whenever they may require it, a statement of all his transactions as Treasurer and an account of the financial condition of the Corporation; and, in general, he shall perform all the duties incident to the office of Treasurer and such other duties as may from time to time be assigned to him by the Board. He may sign, with the President or a Vice President, certificates of stock of the Corporation. If no officer has been named as Treasurer, the duties of the Treasurer shall be performed by the President or a person designated by the President.

**SECTION 4.11 Compensation.** The Board shall have the power to set the compensation of all officers of the Corporation. It may authorize any officer, upon whom the power of appointing subordinate officers may have been conferred, to set the compensation of such subordinate officers.

## **ARTICLE V**

### **AUTHORITY TO INCUR CORPORATE OBLIGATIONS**

**SECTION 5.1 Limit on Authority.** No officer or agent of the Corporation shall be authorized to incur obligations on behalf of the Corporation except as authorized by the Articles or these Bylaws, or by resolution of the Board or the shareholders. Such authority may be general or confined to specific instances.

**SECTION 5.2 Contracts and Other Obligations.** To the extent authorized by the Articles or these Bylaws, or by resolution of the Board or the shareholders, officers and agents of the Corporation may enter into contracts, execute and deliver instruments, sign and issue checks, and otherwise incur obligations on behalf of the Corporation.

## **ARTICLE VI**

### **SHARES AND THEIR TRANSFER**

**SECTION 6.1 Certificates for Shares.** Certificates representing shares of the Corporation shall be in such form as shall be determined by the Board. Such certificates shall be signed by the President or a Vice President and by the Secretary or an assistant secretary. The signatures of such officers upon a certificate may be facsimiles if the certificate is manually signed on behalf of a transfer agent or a registrar, other than the Corporation itself or one of its employees.

Each certificate for shares shall be consecutively numbered or otherwise identified. The name and address of the person to whom the shares represented thereby are issued, with the number of shares and date of issue, shall be entered on the stock transfer books of the Corporation. All certificates surrendered to the Corporation for transfer shall be cancelled and no new certificate shall be issued until the former certificate for a like number of shares shall have been surrendered and cancelled, except that in case of a lost, destroyed or mutilated certificate a new one may be issued therefore upon such terms and indemnity to the Corporation as the Board may prescribe.

**SECTION 6.2 Issuance.** Before the Corporation issues shares, the Board shall determine that the consideration received or to be received for the shares is adequate. A certificate shall not be issued for any share until such share is fully paid.

**SECTION 6.3 Transfer of Shares.** Transfer of shares of the Corporation shall be made only on the stock transfer books

of the Corporation by the holder of record thereof or by his legal representative, who shall furnish proper evidence of authority to transfer, or by his attorney thereunto authorized by power of attorney duly executed and filed with the Secretary of the Corporation, and on surrender for cancellation of the certificate for such shares. The person in whose name shares stand on the books of the Corporation shall be deemed by the Corporation to be the owner thereof for all purposes.

## **ARTICLE VII**

### **FISCAL YEAR**

The fiscal year of the Corporation shall be May 31.

## **ARTICLE VIII**

### **DIVIDENDS**

From time to time the Board may declare, and the Corporation may pay dividends on its outstanding shares in the manner and upon the terms and conditions provided by law and its Articles.

## **ARTICLE IX**

### **INDEMNIFICATION**

The Corporation may indemnify and advance litigation expenses to its directors, officers, employees and agents to the extent permitted by law, the Articles or these Bylaws, and shall indemnify and advance litigation expenses to its directors, officers, employees and agents to the extent required by law, the Articles or these Bylaws. The Corporation's obligations of indemnification, if any, shall be conditioned on the Corporation receiving prompt notice of the claim and the opportunity to settle and defend the claim. The Corporation may, to the extent permitted by law, purchase and maintain insurance on behalf of an individual who is or was a director, officer, employee or agent of the Corporation.

## **ARTICLE X**

### **REPEAL, ALTERATION OR AMENDMENT**

These Bylaws may be repealed, altered, or amended, or substitute Bylaws may be adopted at any time by a majority of the Board at any regular or special meeting, or by the shareholders at a special meeting called for that purpose. Any amendment made by the shareholders shall be valid.

IN WITNESS WHEREOF, the undersigned, being the directors of Transtech Solutions Inc., adopt the foregoing Bylaws, effective as of the date first written above.

DIRECTOR:

/s/ Christopher Weinhaupl

\_\_\_\_\_  
Christopher Weinhaupl ~ DIRECTOR

## **CERTIFICATION**

The undersigned, as secretary of Transtech Solutions Inc., hereby certifies that the foregoing Bylaws were duly adopted by the Board of Directors.

Securities and Exchange Commission  
100 F Street, N.E.  
Washington, D. C. 20549

Ladies and Gentlemen:

**Re: Transtech Solutions, Inc. (the "Company")**

We have acted as special counsel for the Company for the limited purpose of rendering this opinion in connection with the filing of the Registration Statement on Form S-1 with the Securities and Exchange Commission. In our capacity as special counsel to the Company, we have examined the originals, photocopies, certified copies or other evidence of such records of the Company, certificates of officers of the Company, and other documents we have deemed relevant and necessary as a basis for the opinion hereinafter expressed. In such examination, we have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as certified copies or photocopies and the authenticity of the originals of such latter documents. Please be advised that, we have reached the following conclusions regarding the offering:

1. The Company is a duly and legally organized and existing Nevada State Corporation, with its registered office and principal place of business located in Las Vegas, Nevada. The Articles of Incorporation and corporate registration fees were submitted to the Nevada Secretary of State's office and filed with the office on July 12, 2011. The Company's existence and form is valid and legal pursuant to Nevada law.
2. The Company is a fully and duly incorporated Nevada corporate entity. The Company has one class of Common Stock at this time. Neither the Articles of Incorporation, Bylaws, nor amendments thereto, nor subsequent resolutions change the non-assessable characteristics of the Company's common shares of stock. The Common Stock previously issued by the Company is in legal form and in compliance with the laws of the State of Nevada, its Constitution and reported judicial decisions interpreting those laws and when such stock was issued it was duly authorized, fully paid for and non-assessable.
3. To our knowledge, the Company is not a party to any legal proceedings nor are there any judgments against the Company, nor are there any actions or suits filed or threatened against it or its officers and directors, in their capacities as such, other than as set forth in the registration statement. We know of no disputes involving the Company and the Company has no claim, actions or inquiries from any federal, state or other government agency, other than as set forth in the registration statement. We know of no claims against the Company or any reputed claims against it at this time, other than as set forth in the registration statement.
4. The Company's outstanding shares are all common shares. There are no liquidation preference rights held by any of the Shareholders upon voluntary or involuntary liquidation of the Company.
5. The directors and officers of the Company are indemnified against all costs, expenses, judgments and liabilities, including

attorney's fees, reasonably incurred by or imposed upon them or any of them in connection with or resulting from any action, suit or proceedings, civil or general, in which the officer or director is or may be made a party by reason of his being or having been such a director or officer. This indemnification is not exclusive of other rights to which such director or officer may be entitled as a matter of law.

6. The Company's Articles of Incorporation presently provide the authority to the Company to issue 75,000,000 shares of common stock, with a par value of \$0.001 per share.
7. Under the applicable law of the State of Nevada (including statutory, regulatory and case law), the 20,000,000 shares of common stock of the Company being registered pursuant to the Registration Statement for resale by the selling shareholders were duly authorized by all necessary corporate action on the part of the Company and are validly issued, fully paid and nonassessable and, when sold as contemplated in the Registration Statement, will continue to be validly issued, fully paid and nonassessable.

We consent to filing this opinion as an exhibit to the Registration statement and also consent to the reference of our name in the prospectus which forms a part of the Registration Statement. In giving such consent, we do not thereby admit that we are in the category of persons whose consent is required under Section 7 of the Act or the rules and regulations of the Commission promulgated thereunder.

Yours very truly,

/s/ Dean Law Corp.

**Subject to completion, dated May 10 , 2013.**

Table of Contents

*The information in this prospectus is not complete and may be changed. We may not sell these securities until the Registration Statement filed with the Securities and Exchange Commission is effective. This prospectus is not an offer to sell these securities and is not soliciting an offer to buy these securities in any jurisdiction where an offer or sale is not permitted.*

**PRELIMINARY PROSPECTUS**

**TRANSTECH SOLUTIONS, INC.  
843 N Rainbow Blvd, Unit 1175  
Las Vegas, NV 89107**

**20,000,000 SHARES OF COMMON STOCK**

The selling shareholders named in this prospectus are offering all of the shares of common stock offered through this prospectus for a period of up to two years from the effective date.

Our common stock is presently not traded on any market or securities exchange.

-----  
THE PURCHASE OF THE SECURITIES OFFERED THROUGH THIS PROSPECTUS INVOLVES A HIGH DEGREE OF RISK. See section entitled "Risk Factors" on pages 8 to 14 of this prospectus.

**The information in this prospectus is not complete and may be changed. This prospectus is not an offer to sell these securities and it is not soliciting an offer to buy these securities in any state where the offer or sale is not permitted.**

The selling shareholders, who are underwriters, will sell our shares at a fixed price of \$0.01 per share for the duration of the offering. We will not receive any proceeds from the offering. We intend to apply for quotation on the OTCBB, but there is no guarantee that we will be accepted for quotation or will engage a market maker to file an application on our behalf. There is no assurance of when, if ever, our stock will be listed on an exchange. The absence of a public market for our common stock makes our shares highly illiquid. It will be difficult to sell the common stock of our company.

We are currently in the development stage and have nominal operations and minimal assets, which makes us a "shell company" as defined in Rule 12b-2 of the Exchange Act.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

We are not a blank check company and have no plans or intention to engage in a business combination with another entity. Because our auditors have issued a going concern opinion, there is substantial uncertainty we will continue operations. We are an Emerging Growth Company as defined in the Jumpstart Our Business Startups Act.

**The Date of this prospectus is May 10 , 2013.**

## PROSPECTUS SUMMARY

Prospective investors are urged to read this prospectus in its entirety.

This summary highlights selected information contained elsewhere in this prospectus. This summary does not contain all the information that you should consider before investing in the common stock. You should carefully read the entire prospectus, including "Risk Factors", "Management's Discussion and Analysis of Financial Condition and Results of Operations" and the Financial Statements, before making an investment decision. The terms "Transtech Solutions Inc" "we," "us" and "our" as used in this prospectus refer to Transtech Solutions Inc.

### *Company Overview*

Transtech Solutions, Inc. (the "Company") was incorporated in the State of Nevada on July 12, 2011. We are a development stage company that plans to engage in the sale of medical transcription services. We intend to purchase a web-based platform that will give us the ability to reach potential customers. Christopher Weinhaupl, who is currently our sole officer and director, founded our Company. Our headquarters are located at 843 N Rainbow Blvd, Unit 1175, Las Vegas, NV 89107.

Medical transcription is converting confidential patient information from various sources such as voice recordings or medical notes into electronic text documents by medical transcriptionists. Transtech Solutions intends to purchase our own transcription platform, which our medical transcriptionists will use to transcribe medical documents for physicians in hospitals, clinics and diagnostic laboratories in the United States. Since inception, our operations have primarily consisted of the formation of our company, completion of our business plan, and the acquisition of funding. We have not commenced in purchasing transcription software as we have not yet raised the minimum funds necessary to commence operations. A market-ready transcription platform will not be available for 10-12 months after we have raised the necessary funds.

We will need to raise a minimum of \$200,000 over the next twelve months through public or private debt or sale of equity to execute our business plan to become a revenue generating company. If we are unable to obtain the level of financing, our business may fail.

We are endeavoring to be a reporting company with the SEC as we believe doing so will provide us with greater opportunities to access and acquire the additional capital that we require for our growth and to further implement our business plan. In addition, becoming a reporting issuer may provide us with more financing alternatives, due to the transparency provided by the public reporting requirements.

Since inception, our operations have consisted of incorporating our Company and formulating our business plan. The Company intends to begin substantive operations within 10-12 months after we obtain our necessary funding requirements. The initial plan of operations calls for the Company to begin marketing our transcription services to potential business clients. We believe that if we are able to raise the full amount of funds contemplated herein, we would be able to launch our Company and properly market our transcription services. We will design a full marketing strategy to gain brand awareness, and ultimately obtain a large medical transcription client base.

## Table of Contents

Although our sole officer and director has only recently become interested in the medical transcription business, and does not have any professional training or technical credentials in the development and maintenance such a company, he has experience running a business. We plan to purchase a medical transcription platform and hire qualified marketing and sales personnel staff if we are successful in raising capital. We do not have any verbal or written agreements regarding the retention of any qualified personnel to date.

Although the Company has no market for its common stock, management believes that the Company will meet all requirements to be quoted on the OTC market, and even though the Company's common stock will likely be a penny stock, becoming a reporting company will provide us with enhanced visibility and give us a greater possibility to provide liquidity to our shareholders.

We are currently a development stage company and to date we have recorded no revenue. Accordingly, our independent registered public accountants have issued a comment regarding our ability to continue as a going concern (please refer to the footnotes to the financial statements). Until such time that we are able to establish a consistent flow of revenues from our operations which is sufficient to sustain our operating needs, management intends to rely primarily upon debt financing to supplement cash flows, if any, generated by our services. We will seek out such financing as necessary to allow the Company to continue to grow our business operations, and to cover such cost, including professional fees, associated with being a reporting Company with the Securities and Exchange Commission ("SEC"); we estimate such costs to be approximately \$200,000 for 12 months following this Offering. The Company has included such costs to become a publicly reporting company in its targeted expenses for working capital expenses and intends to seek out reasonable loans from friends, family and business acquaintances if it becomes necessary. At this point we have been funded by our sole officer, family, friends and business acquaintances.

Table of Contents

We are an Emerging Growth Company as defined in the Jumpstart Our Business Startups Act.

We shall continue to be deemed an emerging growth company until the earliest of:

(A) the last day of the fiscal year of the issuer during which it had total annual gross revenues of \$1,000,000,000 (as such amount is indexed for inflation every 5 years by the Commission to reflect the change in the Consumer Price Index for All Urban Consumers published by the Bureau of Labor Statistics, setting the threshold to the nearest 1,000,000) or more;

(B) the last day of the fiscal year of the issuer following the fifth anniversary of the date of the first sale of common equity securities of the issuer pursuant to an effective registration statement under this title;

(C) the date on which such issuer has, during the previous 3-year period, issued more than \$1,000,000,000 in non-convertible debt; or

(D) the date on which such issuer is deemed to be a 'large accelerated filer', as defined in section 240.12b-2 of title 17, Code of Federal Regulations, or any successor thereto.

As an emerging growth company we are exempt from Section 404(b) of Sarbanes Oxley. Section 404(a) requires Issuers to publish information in their annual reports concerning the scope and adequacy of the internal control structure and procedures for financial reporting. This statement shall also assess the effectiveness of such internal controls and procedures.

Section 404(b) requires that the registered accounting firm shall, in the same report, attest to and report on the assessment on the effectiveness of the internal control structure and procedures for financial reporting.

As an emerging growth company we are exempt from Section 14A and B of the Securities Exchange Act of 1934 which require the shareholder approval of executive compensation and golden parachutes.

We have irrevocably opted out of the extended transition period for complying with new or revised accounting standards pursuant to Section 107(b) of the Act.

**Because our auditors have issued a going concern opinion, there is substantial uncertainty we will continue operations in which case you could lose your investment.**

Our auditors have issued a going concern opinion. This means that there is substantial doubt that we can continue as an ongoing business for the next twelve months as we lack an operating history. The financial statements do not include any adjustments that might result from the uncertainty about our ability to continue in business. As such we may have to cease operations and you could lose your investment. We currently have no commitments to raise the minimum funds necessary to become a revenue generating company over the next twelve months.

Regardless of admission on the OTCBB, upon effectiveness of the registration statement, pursuant to Section 15(d) of the Securities Exchange Act, we will be required to file periodic reports with the Commission.

The regulatory requirements imposed on Section 15(d) registrants are more limited than those imposed upon fully reporting companies. Investors in Section 15(d) companies do not have the protections of proxy rules, Section 16 short swing profit requirements, beneficial ownership reporting, institutional investment manager reporting rules, and third party tender offer rules.

Table of Contents

**SUMMARY OF THIS OFFERING**

<b>The Issuer</b>	Transtech Solutions Inc.
<b>Securities being offered</b>	Up to 20,000,000 shares of Common Stock
<b>Offering Type</b>	The selling shareholders will sell our shares at a fixed price of \$0.01 per share.
<b>Per Share Price</b>	The selling stockholders may offer their shares through public or private transactions at a fixed price of \$0.01 per share. We will pay all expenses of registering the securities, estimated at approximately \$20,000 .
<b>Termination of the Offering</b>	The offering will conclude when all of the 20,000,000 shares of common stock have been sold, the shares no longer need to be registered to be sold due to the operation of Rule 144 or we decide at any time to terminate the registration of the shares at our sole discretion. In any event, the offering shall be terminated no later than two years from the effective date of this registration statement.
<b>Securities Issued And to be Issued</b>	50,100,000 shares of our common stock are issued and outstanding as of the date of this prospectus. All of 20,000,000 shares will be sold by existing shareholder
<b>Use of Proceeds</b>	We will not receive any proceeds from the sale of the common stock by the selling shareholders.
<b>Market for the Common Stock</b>	There is currently no public market for the shares of our common stock. There can be no assurance that a market maker will agree to file the necessary documents with FINRA to allow our shares of common stock to be traded on the OTCBB, nor can there be any assurance that such an application for quotation will be approved if filed. FINRA operates the OTCBB. We have agreed to bear the expenses relating to the registration of the shares for the Selling Stockholders.

Total Liabilities	\$	0
Stockholders' Equity	\$	40,048
		<b>Period from July 12, 2011 (date of inception) to Dec 31, 2012 (Audited)</b>
<b>Income Statement</b>		
Revenue	\$	-
Total Operating Expenses	\$	10,052
Net Loss	\$	(10,052)

## **RISK FACTORS**

In addition to the other information provided in this Prospectus, you should carefully consider the following risk factors in evaluating our business before purchasing any of our common stock.

**Our lack of operating history makes it difficult for us to evaluate our future business prospects and make decisions in implementing our business plan. You are unable to determine whether we will ever become profitable, which increases your investment risk.**

We were incorporated on July 12, 2011. We have no operating history. Our business plan is speculative and unproven. There is no assurance that we will be successful in executing our business plan or that, even if we successfully implement our business plan, we will ever generate revenues or profits, which makes it difficult to evaluate our business. As a consequence, it is difficult, if not impossible, to forecast our future results based upon our historical data. Because of the uncertainties related to our lack of historical operations, we may be hindered in our ability to anticipate and timely adapt to increases or decreases in sales, revenues, or expenses. If we make poor operational decisions in implementing our business plan, we may never generate revenues or become profitable or incur losses, which may result in a decline in our stock price.

## Table of Contents

**Because we will need additional capital to implement our business plan and may not be able to obtain sufficient capital, we may be forced to limit the scope of our operations, and our revenues may be reduced.**

In connection with implementing our business plans, we will experience increased capital needs and accordingly, we may not have sufficient capital to fund our future operations without additional capital investments. Our capital needs will depend on numerous factors, including the following:

We cannot assure you that we will be able to obtain capital in the future to meet our needs. We have no sources of financing identified. If we cannot obtain additional funding, we may be required to:

- limit our ability to implement our business plan;
- limit our marketing efforts; and
- decrease or eliminate capital expenditures.

Even if we do find a source of additional capital, we may not be able to negotiate terms and conditions for receiving the additional capital that are acceptable to us. Any future capital investments could dilute or otherwise adversely affect the holdings or rights of our existing shareholders. In addition, new equity or convertible debt securities issued by us to obtain financing could have rights, preferences and privileges senior to our Common Stock. Any additional financing may not be available to us, or if available, may not be on terms favorable to us.

**We will require financing to achieve our current business strategy and our inability to obtain such financing could prohibit us from executing our business plan and cause us to slow down our expansion or cease our operations.**

We will need to raise a minimum of \$200,000 over the next twelve months through public or private debt or sale of equity to execute our business plan to become a revenue generating company. Such financing may not be available as needed. Even if such financing is available, it may be on terms that are materially adverse to your interests with respect to dilution of book value, dividend preferences, liquidation preferences or other terms. If we are unable to obtain this financing on reasonable terms, we would be unable to hire the additional employees needed to execute our business plan and we would be forced to delay or scale back our plans for expansion. This would delay our ability to get our operations to profitability and could force us to cease operations. In addition, such inability to obtain financing on reasonable terms could have a material adverse effect on our business, operating results or financial condition.

Moreover, in addition to monies needed to commence operations over the next twelve months, we anticipate requiring additional funds in order to execute any future plans for growth. No assurance can be given that such funds will be available or, if available, will be on commercially reasonable terms satisfactory to us. There can be no assurance that we will be able to obtain financing if or when it is needed on terms we deem acceptable.

Table of Contents

**Our lack of an established brand name and relative lack of resources could negatively impact our ability to effectively compete in the medical transcription industry, which could reduce the value of your investment.**

We do not have an established brand name or reputation in the business of providing medical transcription services. We also have a relative lack of resources to conduct our business operations. Thus, we may have difficulty effectively competing with companies that have greater name recognition and financial resources than we do. Our inability to promote and/or protect our brand name may have an adverse effect on our ability to compete effectively in the market.

**Because our auditors have issued a going concern opinion, there is substantial uncertainty we will continue operations in which case you could lose your investment.**

Our auditors have issued a going concern opinion. This means that there is substantial doubt that we can continue as an ongoing business for the next twelve months as we lack an operating history. The financial statements do not include any adjustments that might result from the uncertainty about our ability to commence in business. As such we may have to cease operations and you could lose your investment. If we do not commence our operations, secure financing, and related activities or if we do not secure funding to implement our business plan, we estimate current available financial resources will sustain our operations only through the next few months, and then only if continued funding by the management of the company.

**If we do not make a profit, we may have to suspend or cease operations.**

Because we are small and do not have much capital, we must limit our marketing to the existing business relationships of our CEO, Mr. Christopher Weinhaupl. Because we will be limiting our marketing activities, we may not be able to attract enough clients to operate profitably. If we cannot operate profitably, we may have to suspend or cease our operations.

**We are dependent on our CEO, Mr. Christopher Weinhaupl, to guide our initial operations and implement our plan of operations. If we lose such services we will have to change our business plan/direction or cease operations.**

Our success will depend on the ability and resources of our CEO & President. If we lose the services of our CEO, we will be forced to either change our business plan and direction or cease operations. We have no written employment agreement with our CEO. We have not obtained any key man life insurance relating to our CEO. If we lose such services, we may not be able to hire and retain another CEO with comparable experience. As a result, the loss of Mr. Christopher Weinhaupl's services could reduce our revenues. We have no written employment agreement or covenant not to compete with Mr. Christopher Weinhaupl.

**Mr. Weinhaupl, the sole employee, officer and director, is committing a limited amount of time to the management of the company.**

Due to his other business commitments, Mr. Weinhaupl is committed to thirty hours a week to Transtech. This may hinder the speed of future business development, as it may conflict with his current business commitments.

## Table of Contents

### **Risks Relating To Our Common Stock**

#### **Because there is no public trading market for our common stock, you may not be able to resell your stock.**

There is currently no public trading market for our common stock. Therefore there is no central place, such as a stock exchange or electronic trading system, to resell your shares. If you do want to resell your shares, you will have to locate a buyer and negotiate your own sale in compliance with applicable federal and state securities laws.

#### **There is no assurance of a public market or that our common stock will ever trade on a recognized exchange or quotation system. Therefore, you may be unable to liquidate your investment in our stock.**

There is no established public trading market for our common stock. Our shares are not and have not been listed or quoted on any exchange or quotation system. There can be no assurance that a market maker will agree to file the necessary documents with FINRA, which operates the OTCBB, to create such listing or quotation, nor can there be any assurance that such an application would be approved if filed, or that a regular trading market will develop or that if developed, will be sustained. In the absence of a trading market, an investor may be unable to liquidate their investment.

#### **If our common stock is quoted on the OTC Bulletin Board which may have an unfavorable impact on our stock price and liquidity.**

We anticipate that our common stock will be quoted on the OTC Bulletin Board. The OTC Bulletin Board is a significantly more limited market than the New York Stock Exchange or NASDAQ system. The quotation of our shares on the OTC Bulletin Board may result in a less liquid market available for existing and potential stockholders to trade shares of our common stock, could depress the trading price of our common stock and could have a long-term adverse impact on our ability to raise capital in the future.

#### **We may be subject to penny stock regulations and restrictions and you may have difficulty selling shares of our common stock.**

The SEC has adopted regulations which generally define so-called "penny stocks" to be an equity security that has a market price less than \$5.00 per share or an exercise price of less than \$5.00 per share, subject to certain exemptions. If our common stock becomes a "penny stock," we may become subject to Rule 15g-9 under the Exchange Act, or the "Penny Stock Rule." This rule imposes additional sales practice requirements on broker-dealers that sell such securities to persons other than established customers and "accredited investors" (generally, individuals with a net worth in excess of \$1,000,000 or annual incomes exceeding \$200,000, or \$300,000 together with their spouses). For transactions covered by Rule 15g-9, a broker-dealer must make a special suitability determination for the purchaser and have received the purchaser's written consent to the transaction prior to sale. As a result, this rule may affect the ability of broker-dealers to sell our securities and may affect the ability of purchasers to sell any of our securities in the secondary market.

For any transaction involving a penny stock, unless exempt, the rules require delivery, prior to any transaction in a penny stock, of a disclosure schedule prepared by the SEC relating to the penny stock market. Disclosure is also required to be made about sales commissions payable to both the broker-dealer and the registered representative and current quotations for the securities. Finally, monthly statements are required to be sent disclosing recent price information for the penny stock held in the account and information on the limited market in penny stock.

There can be no assurance that our common stock will qualify for exemption from the Penny Stock Rule. In any event, even if our common stock were exempt from the Penny Stock Rule, we would remain subject to Section 15(b)(6) of the Exchange Act, which gives the SEC the authority to restrict any person from participating in a distribution of penny stock, if the SEC finds that such a restriction would be in the public interest.

Table of Contents

**Because we do not have an audit or compensation committee, shareholders will have to rely on the board of directors, which is not independent, to perform these functions.**

We do not have an audit or compensation committee comprised of independent directors. These functions are performed by the board of directors as a whole. The sole member of the board of directors is not independent. Thus, there is a potential conflict in that board members who are management will participate in discussions concerning management compensation and audit issues that may affect management decisions.

**Our management has limited experience in managing the day to day operations of a public company and, as a result, we may incur additional expenses associated with the management of our company.**

Our CEO Christopher Weinhaupl is responsible for our operations and SEC reporting. The requirements of operating as a small public company are new to him. This will require us to obtain outside assistance from legal, accounting, investor relations or other professionals that could be more costly than planned. We may also be required to hire additional staff to comply with additional SEC reporting requirements and compliance under the Sarbanes-Oxley Act of 2002. Our failure to comply with reporting requirements and other provisions of securities laws could negatively affect our stock price and adversely affect our results of operations, cash flow and financial condition.

**We have less than 300 record holders following the completion of the offering, and pose the risk of being suspended.**

We have less than 300 shareholders, thus risk of the possibility that our reporting obligations will be suspended pursuant to Section 15(d) of the Exchange Act of 1934 due to a limited number of record holders. In that event, protection of investors, such supplementary and periodic information, documents, and reports required will not be available to the shareholders.

**We are a shell company as defined in Securities Act Rule 405, and may not have available to us the Securities Act Rule 144 for purposes of meeting the safe harbor requirement.**

The unavailability of Securities Act Rule 144 from the definition of underwriter, may negatively affect liquidity of our shares and on our ability to attract additional capital to implement our business plan or sustain operations. Therefore, negatively affecting our cash flow and business plan moving forward.

**Under the Emerging Growth Company exemption, we will not be required to disclose the evaluation of our internal financial controls.**

As an smaller reporting company, under the Emerging Growth Company exemption, we will not be required to make effectiveness evaluations of our internal controls over financials reports, or disclose the results of such evaluations until the filing of our second annual report. Additionally, we will not be required to obtain an auditor attestation with respect to management's conclusions about the effectiveness of internal control over financial reporting so long as we remain a smaller reporting company.

## Table of Contents

### **Forward Looking Statements.**

Some of the statements in this Prospectus are “forward-looking statements.” These forward-looking statements involve certain known and unknown risks, uncertainties and other factors which may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by these forward-looking statements. These factors include, among others, the factors set forth above under “Risk Factors.” The words “believe,” “expect,” “anticipate,” “intend,” “plan,” and similar expressions identify forward-looking statements. We caution you not to place undue reliance on these forward-looking statements. We undertake no obligation to update and revise any forward-looking statements or to publicly announce the result of any revisions to any of the forward-looking statements in this document to reflect any future or developments. However, the Private Securities Litigation Reform Act of 1995 is not available to us as a penny stock issuer and thus we may not rely on the statutory safe harbor from liability for forward-looking statements. Further, Section 27A(b)(2)(D) of the Securities Act and Section 21E(b)(2)(D) of the Securities Exchange Act expressly state that the safe harbor for forward looking statements does not apply to statements made in connection with this offering.

### **Use of Proceeds**

The selling stockholders are selling shares of common stock covered in the prospectus for their own account. We will not receive any of the proceeds from the resale of these shares. We have agreed to bear the expenses relating to the registration of the shares for the selling stockholders.

### **Determination of Offering Price**

The selling stockholders may offer their shares through public or private transactions at a fixed price of \$0.01 per share. We determined the price of our public offering by arbitrarily adding a \$0.009 per share premium to the last sale price of our common stock to investors. The price does not bear any relationship to our assets, book value, earnings, or other established criteria for valuing a privately held company.

### **Dilution**

The common stock to be sold by the selling shareholders is common stock that is currently issued and outstanding. Accordingly, there will be no dilution to our existing shareholders.

**PLAN OF DISTRIBUTION; TERMS OF THE OFFERING**

**Timing of Sales**

The selling stockholders may offer and sell the shares covered by this prospectus at various times. The selling stockholders will act independently of Transtech Solutions in making decisions with respect to the timing, manner and size of each sale.

The selling shareholders, who are underwriters, will sell our shares at a fixed price of \$0.01 per share for the duration of the offering.”

**Offering Price**

The selling stockholders, who are underwriters, will sell their shares at the fixed price until our shares are quoted on the OTC Bulletin Board and thereafter at prevailing market prices or privately negotiated prices. Our common stock is not currently listed on any national exchange or electronic quotation system. To date, no actions have been taken to list our shares on any national exchange or electronic quotation system. If our common stock becomes publicly traded, then the sales price to the public will vary according to the selling decisions of each selling stockholder and the market for our stock at the time of resale.

## Table of Contents

### **Manner of Sale**

The selling stockholders may sell their shares directly to purchasers or may use brokers, dealers, underwriters or agents to sell their shares. Brokers or dealers engaged by the selling stockholders may arrange for other brokers or dealers to participate. Brokers or dealers may receive commissions, discounts or concessions from the selling stockholders, or, if any such broker-dealer acts as agent for the purchaser of shares, from the purchaser in amounts to be negotiated immediately prior to the sale. The compensation received by brokers or dealers may, but is not expected to, exceed that which is customary for the types of transactions involved. Broker-dealers may agree with a selling stockholder to sell a specified number of shares at a stipulated price per share, and, to the extent the broker-dealer is unable to do so acting as agent for a selling stockholder, to purchase as principal any unsold shares at the price required to fulfill the broker-dealer commitment to the selling stockholder. Broker-dealers who acquire shares as principal may thereafter resell the shares from time to time in transactions, which may involve block transactions and sales to and through other broker-dealers, including transactions of the nature described above, in the over-the-counter market or otherwise at prices and on terms then prevailing at the time of sale, at prices then related to the then-current market price or in negotiated transactions. In connection with resales of the shares, broker-dealers may pay to or receive from the purchasers of shares commissions as described above.

If our selling stockholders enter into arrangements with brokers or dealers, as described above, we are obligated to file a post-effective amendment to this registration statement disclosing such arrangements, including the names of any broker dealers acting as underwriters.

The selling stockholders and any broker-dealers or agents that participate with the selling stockholders in the sale of the shares may be deemed to be "underwriters" within the meaning of the Securities Act. In that event, any commissions received by broker-dealers or agents and any profit on the resale of the shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act.

### **Sales Pursuant to Rule 144**

Currently, we are a "shell company" as defined in Rule 12b-2 of the Exchange Act, as amended and Rule 144 is not available for the resale of securities issued by any issuer that is or has been at any time previously a shell company unless the following conditions have been met:

- the issuer of the securities that was formerly a shell company has ceased to be a shell company;
- the issuer of the securities is subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act;
- the issuer of the securities has filed all Exchange Act reports and material required to be filed, as applicable, during the preceding 12 months (or such shorter period that the issuer was required to file such reports and materials), other than Form 8-K reports; and
- at least one year has elapsed from the time that the issuer filed current Form 10 type information with the SEC reflecting its status as an entity that is not a shell company.

## Table of Contents

### **Regulation M**

We have advised the selling security holders that the anti-manipulation rules of Regulation M under the Exchange Act may apply to sales of shares in the market and to the activities of the selling security holders and their affiliates. Regulation M under the Exchange Act prohibits, with certain exceptions, participants in a distribution from bidding for, or purchasing for an account in which the participant has a beneficial interest, any of the securities that are the subject of the distribution. Accordingly, the selling stockholder is not permitted to cover short sales by purchasing shares while the distribution is taking place. Regulation M also governs bids and purchases made in order to stabilize the price of a security in connection with a distribution of the security. In addition, we will make copies of this prospectus available to the selling security holders for the purpose of satisfying the prospectus delivery requirements of the Securities Act.

### **State Securities Laws**

Under the securities laws of some states, the shares may be sold in such states only through registered or licensed brokers or dealers. In addition, in some states the shares may not be sold unless the shares have been registered or qualified for sale in the state or an exemption from registration or qualification is available and is complied with.

### **Expenses of Registration**

We are bearing all costs relating to the registration of the common stock. These expenses are estimated to be \$20,000, including, but not limited to, legal, accounting, printing and mailing fees. The selling stockholders, however, will pay any commissions or other fees payable to brokers or dealers in connection with any sale of the common stock.

### **Selling Shareholders**

The selling shareholders named in this prospectus are offering all of the 20,000,000 shares of common stock offered for resale through this prospectus. The 20,000,000 shares that were previously issued were acquired from us in private placements that were exempt from registration provided under Regulation S of the Securities Act of 1933. Our reliance upon the exemption under Rule 903 of Regulation S of the Securities Act was based on the fact that the sale of the securities was completed in an "offshore transaction," as defined in Rule 902(h) of Regulation S. We did not engage in any directed selling efforts, as defined in Regulation S, in the United States in connection with the sale of the securities. Each investor was not a US person, as defined in Regulation S, and was not acquiring the securities for the account or benefit of a US person.

The following table provides as of the date of this prospectus, information regarding the beneficial ownership of our common stock held by each of the selling shareholders, including:

- the number of shares owned by each prior to this offering;
- the total number of shares that are to be offered for each;
- the total number of shares that will be owned by each upon completion of the offering; and
- the percentage owned by each upon completion of the offering.

Total	20,000,000	20,000,000	Nil	Nil

The named party beneficially owns and has sole voting and investment power over all shares or rights to these shares.

The numbers in this table assume that none of the selling shareholders sells shares of common stock not being offered in this prospectus or purchases additional shares of common stock, and assumes that all shares offered are sold. The percentages are based on 20,000,000 shares of common stock outstanding on the date of this prospectus.

Other than disclosed above, none of the selling shareholders:

1. has had a material relationship with us other than as a shareholder at any time within the past three years;
2. has ever been one of our officers or directors;
3. is a broker-dealer; or broker-dealer's affiliate.

## Description of Securities

### General

The following description is a summary of the material terms of the provisions of our Articles of Incorporation and Bylaws as they relate to our capital structure. The Articles of Incorporation and Bylaws have been filed as exhibits to the registration statement of which this Prospectus is a part.

### Common Stock

We have 75,000,000 authorized shares of common stock with \$.001 par value. As of December 31, 2012, there were 50,100,000 shares of our common stock issued and outstanding. All shares are equal to each other with respect to liquidation and dividend rights. Holders of voting shares are entitled to one vote for each share that they own at any shareholders' meeting. Holders of our shares of common stock do not have cumulative voting rights.

Each share of common stock entitles the holder to one vote, either in person or by proxy, at meetings of shareholders.

The holders are not permitted to vote their shares cumulatively. Accordingly, the shareholders of our common stock who hold, in the aggregate, more than fifty percent of the total voting rights can elect all of our directors and, in such event, the holders of the remaining minority shares will not be able to elect any of the such directors. The vote of the holders of a majority of the issued and outstanding shares of common stock entitled to vote thereon is sufficient to authorize, affirm, ratify or consent to such act or action, except as otherwise provided by law.

Holders of common stock are entitled to receive such dividends, if any, as may be declared by the Board of Directors out of funds legally available. We have not paid any dividends since our inception, and we presently anticipate that all earnings, if any, will be retained for development of our business. Any future disposition of dividends will be at the discretion of our Board of Directors and will depend upon, among other things, our future earnings, operating and financial condition, capital requirements and other factors.

Holders of our common stock have no pre-emptive rights or other subscription rights, conversion rights, redemption or sinking fund provisions. Upon our liquidation, dissolution or winding up, the holders of our common stock will be entitled to share in the net assets legally available for distribution to shareholders after the payment of all of our debts and other liabilities. There are not any provisions in our Articles of Incorporation or our Bylaws that would prevent or delay change in our control. There are no conversion, pre-emptive or other subscription rights or privileges with respect to any shares.

Table of Contents

**Preferred Stock**

We are not authorized to issue any shares of preferred stock.

**Dividend Policy**

We have not paid any cash dividends to shareholders. The declaration of any future cash dividends is at the discretion of our board of directors and depends upon our earnings, if any, our capital requirements and financial position, our general economic conditions, and other pertinent conditions. It is our present intention not to pay any cash dividends in the foreseeable future, but rather to reinvest earnings, if any, in our business operations.

**Share Purchase Warrants and Options**

We do not presently have any options or warrants authorized or any securities that may be convertible into common stock. However, our board of directors may later determine to authorize options and warrants for our Company.

**Interests of Named Experts and Counsel**

The legality of the shares offered under this registration statement is being passed upon by Dean Law Corp.

The financial statements included in this prospectus and the registration statement have been audited by Kenne Ruan, CPA to the extent and for the periods set forth in their report appearing elsewhere herein and in the registration statement, and are included in reliance upon such report given upon the authority of said firm as experts in auditing and accounting.

## **INFORMATION WITH RESPECT TO REGISTRANT**

THE FOLLOWING DISCUSSION AND ANALYSIS SHOULD BE READ TOGETHER WITH THE CONSOLIDATED FINANCIAL STATEMENTS OF TRANSTECH SOLUTIONS, INC. AND THE NOTES TO CONSOLIDATED FINANCIAL STATEMENTS INCLUDED IN THIS REGISTRATION STATEMENT. THIS DISCUSSION SUMMARIZES THE SIGNIFICANT FACTORS AFFECTING OUR OPERATING RESULTS, FINANCIAL CONDITIONS AND LIQUIDITY AND CASH-FLOW SINCE INCEPTION.

### **Description of Business:**

#### **Organization:**

Transtech Solutions Inc. was incorporated to the laws of the State of Nevada on July 12, 2011. We are a development stage company that has limited operating history and has earned no revenues.

Since our inception, we have devoted our activities to developing our business plan, determining the market for our services, developing a marketing plan, as well as capital formation. Our day-to-day operations consist of working on these to ensure effective, efficient and timely completion.

There is substantial doubt about our ability to continue, as a going concern, over the next twelve months.

#### **Business**

Transtech Solutions Inc. is a Las Vegas-based business looking to provide services in the U.S. medical transcription marketplace. Transtech plans to provide medical transcription services to the Nevada medical community by offering our service through the use of digital equipment and careful proofing. The company intends to cater to the healthcare sector by providing timely, highly accurate medical transcriptions of dictated patient reports. Transtech aims to incorporate outsourcing operations overseas to take advantage of lower cost of labor, pending our sales effort. We believe this technology will allow an efficient way to manage transcription services on a web-based platform.

The main market sectors we aspire to penetrate are as follows:

- Offices of physicians
- Hospitals
- Medical and diagnostic laboratories

We expect Transtech's core service offerings to consist of medical record transcription services for the following:

- Office visits
- Surgery notes
- Lab results
- Admissions
- Assessments

## Table of Contents

### **Industry Overview**

The Bureau of Labor Statistics reports that employment of medical transcriptionists is expected to grow 6 percent from 2010 to 2020. According to BLS, this growth rate is slower than average for all occupations. We anticipate the volume of healthcare services to continue to increase, resulting in a growing number of medical tests and procedures, all of which will require transcription. In our opinion, an aging population contributing to an increased number of healthcare visits, combined with a continued emphasis of accessible documentation, is anticipated to stimulate the need for medical transcriptionists. In other words, increasing numbers of medical transcriptionists will be needed to amend patients' records, edit for grammar, and identify discrepancies in electronic records.

Contracting out transcription work overseas and advancements in speech recognition technology are not expected to significantly reduce the need for well-trained medical transcriptionists in the US. Outsourcing transcription work abroad—to countries such as India, Pakistan, Philippines, and the Caribbean—has grown more popular as transmitting confidential health information over the Internet has become more secure; however, we believe the demand for overseas transcription services is expected only to supplement the demand for well-trained domestic medical transcriptionists. Speech-recognition technology allows physicians and other health professionals to dictate medical reports to a computer that immediately creates an electronic document. In spite of the advances in this technology, the software has been slow to grasp and analyze the human voice and the English language, and the medical vernacular with all its diversity. As a result, we expect there will continue to be a need for skilled medical transcriptionists to identify and appropriately edit the inevitable errors created by speech recognition systems, and to create a final document.

While the tools used by medical transcriptionists have dramatically changed to digital devices, the fundamental nature of the practice has not. The BLS reports that in spite of advances in technology, there will continue to be a need for skilled medical transcriptionists.

### **Market Research**

The medical transcription business is a growing industry that is struggling to fulfill the demand created by physicians. We predict the drive to increase the quality of transcription services will result in insurance companies increasing their demand for qualified medical transcriptionists. We believe this is a highly fragmented and competitive industry that will continue to grow over the years, as demand is typically driven by quality of service, timely delivery and competitive pricing.

There are two general categories of customers that regularly need medical transcription services. There are physicians and psychologists who practice alone. The practitioners have the need for transcriptionists because they are typically too small to warrant their own in-house employee. The second group consists of hospitals, clinics, and other doctors who have an in-house solution, who at times are in need of supplemental services. These service requests are sporadic in nature and often require express services.

## Table of Contents

### **Market Needs**

Transtech intends to provide its customers with a reliable, flexible, medically-trained transcription service. We believe the following benefits are important to our future customers:

- **Medical Background:** This is important due to the specialized language within the medical profession.
- **Convenience:** The ability to offer the service at the doctor's convenience is a significant advantage.
- **Accuracy:** Documents need to be accurate to guard against malpractice threats.

### **Market Trends**

The market trend for industries that utilize transcription services is decreasing overhead through the outsourcing of non-essential activities. We believe that this market trend will result in an increased demand for providers of outsourced transcription solutions so that they can focus on their core business competencies.

### **Market Growth**

As physician's practices are under increasing pressure to develop efficiencies (this pressure is primarily coming from the insurance companies which have significantly reduced their allowable reimbursement amounts), practices will be shedding non-essential employees and replacing them with outsourced service providers.

### **Competition**

The competition takes two general forms:

1. **General transcription service-** these are transcription services that offer medical services in addition to general service offerings. These firms typically have someone who had been trained in medical transcription, but does not do medical exclusively.
2. **Specialized medical transcription-** there are a number of exclusive medical transcription service providers. The market is controlled by larger companies that have established their brand over the years. Many of the smaller companies that provide are being driven out of the industry due to the larger more reputable companies being able to provide cheaper and faster services.

## Table of Contents

The buying patterns for medical transcriptionists are typically based on the type of relationship the physician or hospital has with the transcriptionist. If the physician does not have an in-house solution then they ideally will have a long-term relationship with a service provider. If the physician or hospital has in-house transcriptionists, then their relationships with the transcriptionist services are based on the sporadic service calls, filling a need when their service provider is unable.

### **Transtech's Competitive Advantage**

Many smaller firms in the medical transcription industry are being forced to work within the pressure of new technology, global outsourcing, turnaround-time demands and volume demands. We believe there exists huge potential within the market. Transtech plans to build its reputation on fast-turnaround, accuracy and quality customer service. Despite current industry changes, we believe there is opportunity for our company in this market by turning the pressures of the industry to our advantage. We intend to set up our operation overseas to take advantage of lower operation costs. By having our operations overseas, we will face additional industry pressures such as the language barrier and finding qualified transcriptionists.

### **Plan of Operations**

Since inception, our operations have primarily consisted of the organization of our business and the development of our business plan. Our business plan includes a two-phase plan that details the purchase of a medical transcription platform. Currently we are still in Phase 1 of our plan which includes the following:

Formation of our Company

Completion of our business plan; and

The acquisition of additional funding

Phase 1 have been completed, with the exception of raising additional funding. To date, our founder, Christopher Weinhaupl, has conducted all operations. As such, upon incorporating our Company, Mr. Weinhaupl was named as the Company's sole officer and director. Operations and expenditures have included the incorporation of Transtech Solutions, Inc. under the laws of the State of Nevada, and the formation of an extensive business plan in which we have mapped out all of the initial services that we plan to offer to our clients. Phase 1 will culminate with the completion of this Offering, which will hopefully allow us to raise capital through public or private debt or sale of equity and see us through Phase 2. Phase 2 involves purchasing a medical transcription platform and we do not intend on entering Phase 2 until the Company raises additional funding either through public or private debt or sale of equity.

## **Products and Services**

Transtech plans to provide medical transcription services for the medical community. We expect to transcribe office visits, surgery notes, lab results, admissions, assessment, and discharge summaries. Our future customers may simply and efficiently use phone dictation or send voice files via the Internet.

- **Next Day Turnaround:** Transtech plans to offer 24 hour turnaround time on all dictation received by 6:00pm Central Time. If this isn't fast enough, we intend to also provide STAT transcription services with turnaround in less than 4 hours.
- **Physician Portal:** Physicians may review and correct the transcribed report using standard Word functionality and any changes are saved to the server and may be accessed or distributed to all users. The physician signs the document with a single mouse click upon which the report is electronically stamped and marked as final. The final report is then distributed based on the user defined distribution rules.
- **98% Accuracy:** Physicians demand high quality medical transcription that is verifiable and accurate. All transcripts will be graded by proof-readers based on the American Association of Medical Transcription standards. Transtech plans to guarantee 98% accuracy or better or files are provided free.
- **24 Hour Data Access:** Transtech plans to provide 24/7 access to data. The company's servers will offer redundant power backups as well as complete backup Internet backbone to assure that data is always accessible.
- **Quality Assurance:** Transtech projects to provide 4 to 6 months of training to all transcriptionists that join Transtech. Once training is complete, transcriptionists will be placed in a live environment where all their work is scrutinized for accuracy. Only after 2 to 3 years will transcriptionists be promoted to Assistant Quality Assurance positions in the Quality Assurance Department. We plan for all transcriptions to be guaranteed for 98% accuracy or better based on American Association of Medical Transcription Standards.
- **Easy File Transfers:** Transtech's interface will be architected with usability for the computer illiterate as well as the tech savvy user. A minimal interface will allow future clients to copy their dictations from their recorders and send it to Transtech's servers with just 3 clicks of a mouse.
- **HIPAA Compliant:** Transtech's medical transcription services will be fully compliant with Health Insurance Portability and Accountability Act of 1996 (HIPAA) guidelines and the HIPAA administrative simplification provision, PHI.

Assuming we are able to successfully raise funding from public or private debt or sale of equity, we will begin the second part of our business plan. In order to initiate Phase 2 of our operations, we will have to raise enough money to purchase the medical transcription platform. While we are researching the medical transcription platform to purchase, we will begin initial preparations for the launch of our platform and website.

Table of Contents

Platform purchase – We plan to purchase our medical transcription platform. The purchase of our platform and development of our website will entail the bulk of Phase 2. We plan to allocate \$65,000 to purchase the medical transcription software. At this time we will also allocate \$10,000 to purchase servers and hosting for our planned website and platform.

Hire additional staff – When our platform has been purchased, we will begin hiring additional staff to prepare for our launch. We plan to hire one full-time marketing representatives to begin work on a marketing plan for our launch. We will allocate \$30,000 for the salary of the marketing representative, and up to \$50,000 on marketing materials. We will use the marketing ideas of our President, Christopher Weinhaupl, as set forth in our “Marketing” section. However, we will look to our new employees to come up with new and innovative ways to promote our Company.

Beta testing – Once our platform is fully deployed, and our sales and marketing teams are in place, we will begin beta testing our website and transcription platform.

Acquisition of clients– When we are ready to offer our medical transcription services to the public, we intend to launch a marketing campaign ourselves in order to promote our services to potential clients. This will complete Phase 2 of our development.

In order to complete Phase 2 of our business plan, we will rely on the management skills of our President. He will have to work closely with our sales and marketing team to make sure that there is constant communication between each. The sales of our services will be directly related to the work that our marketing team is providing. In the months that follow our launch, the work of our website developers will be critical as well. We hope to be in a phase of rapid growth, and our staff will be working hard to provide constant updates to our site, and fix any bugs that may occur. Our President will have to work hard to keep all components of our business on track.

With our currently available capital resources, we will be able to conduct phase one of our planned operations, which includes the formation of our company and the completion of our business plan. We will need to raise additional capital in order to commence phase two of our planned operations, which is to purchase the transcription platform and begin our sales and marketing efforts. Using currently available capital resources, the minimum period of time that we will be able to conduct or planned operations is approximately twelve months.

Description	Time period	Estimated maximum expenses
Working Capital	10-12 months	\$10,000
Website Hosting and Servers	10-12 months	\$10,000
Platform Purchase	10-12 months	\$65,000
Marketing Representatives	10-12 months	\$30,000
Marketing Materials	10-12 months	\$50,000
Admin / Professional Fees	10-12 months	\$15,000
<b>Total</b>		<b>\$180,000</b>

**Management**

**Directors, Executive Officers, Promoters and Control Persons**

The Board of Directors elects our executive officers annually. A majority vote of the directors who are in office is required to fill vacancies. Each director shall be elected for the term of one year and until his successor is elected and qualified or until his earlier resignation or removal. Our directors and executive officers are as follows:

Christopher Weinhaupl, 43, has been an accomplished serial entrepreneur over the last 15 years. Mr. Weinhaupl’s active roles are contributing to the Technology and Business Development of new market technologies. Mr. Weinhaupl has forged and built a number of startup firms in diverse industries from services to product sales. Mr. Weinhaupl looks for opportunities where Technology is a major disruptive factor in a mature market segment.

Christopher Weinhaupl holds ownership and founder of Canadapack a North American cross boarder Logistics Company, "mypharmacard" a payment processor solution for web based Pharma companies, and "Superframe" an Internet DSL bonding technology for the SMB market.

**COMMISSION POSITION ON INDEMNIFICATION FOR SECURITIES ACT LIABILITIES**

<b>Name</b>	<b>Age</b>	<b>Position</b>
Mr. Christopher Weinhaupl	43	CEO, President & Director

Our Articles of Incorporation provides that we shall indemnify our directors and officers to the fullest extent permitted by Nevada law and that none of our directors will be personally liable to the Company or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability:

- for any breach of the director's duty of loyalty to the Company or its stockholders;
- for acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of the law;
- under Nevada General Corporation Law for the unlawful payment of dividends; or
- for any transaction from which the director derives an improper personal benefit.

These provisions require us to indemnify our directors and officers unless restricted by Nevada law and eliminate our rights and those of our stockholders to recover monetary damages from a director for breach of his fiduciary duty of care as a director except in the situations described above. The limitations summarized above, however, do not affect our ability or that of our stockholders to seek non-monetary remedies, such as an injunction or rescission, against a director for breach of his or his fiduciary duty.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, we have been advised that in the opinion of the Securities and Exchange Commission, such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Table of Contents

**Employees**

As of the date of this filing, the Company has no full time employees other than our sole officer and director, Mr. Weinhaupl. We currently rely of Mr. Weinhaupl to manage all aspects of our business. We plan to use both in-house and freelance medical transcriptionists, who are trained and licensed, to perform the transcription work on our platform and servers.

<b>Name</b>	<b>Department</b>	<b>Function</b>	<b>Salary</b>	<b>Contractors</b>
ChristopherWeinhaupl	Admin	Business Development / Information Technology	None	N/A

***Employees and Consultants***

As of the date of this filing, the Company has no full time employees other than our sole officer and director, Mr. Weinhaupl. We currently rely on Mr. Weinhaupl, to manage all aspects of our business. Mr. Weinhaupl has committed to devote up to 30 hours per week to our Company. We plan to use third-party developers to assist in the production of our proposed website. We intend to add staff as the Company grows. Any such additions will be made at the judgment of management to meet the Company's then current needs.

***Legal Proceedings***

We know of no material, existing or pending legal proceedings against our Company, nor are we involved as a plaintiff in any material proceeding or pending litigation. There are no proceedings in which our director, officer or any affiliates, or any registered or beneficial shareholder, is an adverse party or has a material interest adverse to our interest.

***Long-Term Incentive Plans***

We currently have no Long-Term Incentive Plans.

***Director Compensation***

None.

***Director Independence***

Our board of directors is currently composed of one member, Christopher Weinhaupl, who does not qualify as an independent director in accordance with the published listing requirements of the NASDAQ Global Market. The NASDAQ independence definition includes a series of objective tests, such as that the director is not, and has not been for at least three years, one of our employees and that neither the director, nor any of his family members has engaged in various types of business dealings with us. In addition, our board of directors has not made a subjective determination as to each director that no relationships exist which, in the opinion of our board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, though such subjective determination is required by the NASDAQ rules. Had our board of directors made these determinations, our board of directors would have reviewed and discussed information provided by the directors and us with regard to each director's business and personal activities and relationships as they may relate to us and our management.

***Security Holders Recommendations to Board of Directors***

We welcome comments and questions from our shareholders. Shareholders can direct communications to our Chief Executive Officer, Christopher Weinhaupl, at our executive offices. However, while we appreciate all comments from shareholders, we may not be able to individually respond to all communications. We attempt to address shareholder questions and concerns in our press releases and documents filed with the SEC so that all shareholders have access to information about us at the same time. Mr. Weinhaupl collects and evaluates all shareholder communications. All communications addressed to our director and executive officer will be reviewed by Mr. Weinhaupl unless the communication is clearly frivolous.

**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table sets forth certain information at March 28, 2013, with respect to the beneficial ownership of shares of Common Stock by (i) each person known to us who owns beneficially more than 5% of the outstanding shares of Common Stock (based upon reports which have been filed and other information known to us), (ii) each of our Directors, (iii) each of our Executive Officers and (iv) all of our Executive Officers and Directors as a group. Unless otherwise indicated, each stockholder has sole voting and investment power with respect to the shares shown. As of March 28, 2013, we had 50,100,000 shares of Common Stock issued and outstanding.

<u>Title of class</u>	<u>Name and address of beneficial owner</u>	<u>Amount and Nature of Beneficial Ownership</u>	<u>Percentage of Common Stock <sup>(1)</sup></u>
Common Stock	Christopher Weinaupt 47 Sundown Green SE Calgary, AB	30,100,000	60%
	<b>Total</b>	50,100,000	100%

(1)

Under Rule 13d-3 promulgated under the Exchange Act, a beneficial owner of a security includes any person who, directly or indirectly, through any contract, arrangement, understanding, relationship, or otherwise has or shares: (i) voting power, which includes the power to vote, or to direct the voting of shares; and (ii) investment power, which includes the power to dispose or direct the disposition of shares. Certain shares may be deemed to be beneficially owned by more than one person (if, for example, persons share the power to vote or the power to dispose of the shares). In addition, shares are deemed to be beneficially owned by a person if the person has the right to acquire the shares (for example, upon exercise of an option) within 60 days of the date as of which the information is provided. In computing the percentage ownership of any person, the amount of shares is deemed to include the amount of shares beneficially owned by such person (and only such person) by reason of these acquisition rights.

We are not aware of any arrangements that could result in a change of control.

**CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

On August 26, 2011, the Company issued 10,000,000 shares of common stock at a price of \$0.001 per share for a value of \$10,000 to Christopher Weinhaupl, its President. The Company relied on Section 4(2) of the Securities Act for this issuance.

On September 4, 2012, the Company issued 20,100,000 shares of common stock at a price of \$0.001 per share for a value of \$20,100 to Christopher Weinhaupl, its President. The Company relied on Section 4(2) of the Securities Act for this issuance.

As a result, Mr. Weinhaupl owns 60% of the issued and outstanding common shares of the Company.

Other than the foregoing, none of the following persons has any direct or indirect material interest in any transaction to which we were or are a party since the beginning of our last fiscal year, or in any proposed transaction to which we propose to be a party:

- (A) any of our director(s) or executive officer(s);
- (B) any nominee for election as one of our directors;
- (C) any person who is known by us to beneficially own, directly or indirectly, shares carrying more than 5% of the voting rights attached to our Common Stock; or
- (D) any member of the immediate family (including spouse, parents, children, siblings and in-laws) of any of the foregoing persons named in paragraph (A), (B) or (C) above.

**Report of Independent Registered Public Accounting Firm**

To the Board of Directors and Stockholders  
Transtech Solutions Inc  
(A Development Stage Company)

We have audited the accompanying balance sheets of Transtech Solutions Inc. (A development stage company) as of December 31, 2012, and the related statements of operations, stockholders' equity and cash flows for the period July 12, 2011 (date of inception) to December 31, 2012. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits include consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Transtech Solutions Inc. as of December 31, 2012, and the results of its operations and its cash flows for the period July 12, 2011 (date of inception) to December 31, 2012 in conformity with accounting principles generally accepted in the United States of America.

The financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the financial statements, the Company's losses from operations raise substantial doubt about its ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

/s/Kenne Ruan, CPA, P.C.

## Table of Contents

**Transtech Solutions Inc.**  
**(A Development Stage Company)**  
**Notes to the Financial Statements**  
**December 31, 2012**  
**(Audited)**

### **1. ORGANIZATION AND BUSINESS OPERATIONS**

Transtech Solutions Inc. ("the Company") was incorporated under the laws of the State of Nevada, U.S. on July 12, 2011. The Company is in the development stage as defined under Statement on Financial Accounting Standards Accounting Standards Codification FASB ASC 915-205 "Development-Stage Entities." The Company has not generated any revenue to date and consequently its operations are subject to all risks inherent in the establishment of a new business enterprise. As of December 31, 2012 the Company has \$40,048.09 in cash.

### **2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### **a) Basis of Presentation**

The financial statements of the Company have been prepared in accordance with generally accepted accounting principles in the United States of America and are presented in US dollars.

#### **b) Going Concern**

The financial statements have been prepared on a going concern basis which assumes the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. The Company has incurred losses since inception and further losses are anticipated in the development of its business raising substantial doubt about the Company's ability to continue as a going concern. The ability to continue as a going concern is dependent upon the Company generating profitable operations in the future and/or to obtain the necessary financing to meet its obligations and repay its liabilities arising from normal business operations when they come due. Management intends to finance operating costs over the next twelve months with existing cash on hand and loans from directors and or private placement of common stock. These financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts, or amounts and classification of liabilities that might result from this uncertainty.

#### **c) Cash and Cash Equivalents**

The Company considers all highly liquid instruments with a maturity of three months or less at the time of issuance to be cash equivalents.

#### **d) Use of Estimates and Assumptions**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### **e) Foreign Currency Translation**

The Company's functional currency and its reporting currency is the United States dollar.

#### **f) Financial Instruments**

The carrying value of the Company's financial instruments approximates their fair value because of the short maturity of these instruments.

#### **g) Stock-based Compensation**

The Company records stock based compensation in accordance with the guidance in ASC Topic 718 which requires the Company to recognize expense related to the fair value of its employee stock option awards. This eliminates accounting for share-based compensation transactions using the intrinsic value and requires instead that such transactions be

accounted for using a fair-value-based method. The Company recognizes the cost of all share-based awards on a graded vesting basis over the vesting period of the award. To date, the Company has not adopted a stock option plan and has not granted any stock options.

h) Income Taxes

Income taxes are accounted for under the assets and liability method. Deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carry forwards. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled.

i) Basic and Diluted Net Loss per Share

The Company follows ASC Topic 260 to account for the earnings per share. Basic earnings per common share ("EPS") calculations are determined by dividing net loss by the weighted average number of shares of common stock outstanding during the year. Diluted earnings per common share calculations are determined by dividing net income by the weighted average number of common shares and dilutive common share equivalents outstanding. During periods when common stock equivalents, if any, are anti-dilutive they are not considered in the computation.

j) Fiscal Periods

The Company's fiscal year end is December 31.

k) Recent Accounting Pronouncements

The Company has evaluated the recent accounting pronouncements through ASU 2011-06 and believes that none of them will have a material effect on the company's financial statements.

Table of Contents

**3. COMMON STOCK**

The authorized capital of the Company is 75,000,000 common shares with a par value of \$ 0.001 per share.

During the period between January 2012 and December 2012, the Company issued 20,100,000 shares of common stock at a price of \$0.001 per share for a value of \$20,100 to Christopher Weinhaupl, its President. The Company relied on Section 4(2) of the Securities Act for this issuance.

During the period between January 2012 and December 2012, Company issued 20,000,000 shares of common stock under the private placements agreement to various investors at \$0.001 per share. Company received a total of \$20,000 net of offering proceeds.

There were no further issuances of stock as at December 31, 2012.

**4. RELATED PARTY TRANSACTIONS**

Mr. Christopher Weinhaupl has not advanced funds to the Company to pay any costs incurred by it. These funds are unsecured, non-interest bearing and due on demand. The balance due Mr. Christopher Weinhaupl was \$0 as on December 31, 2012.

**5. INCOME TAXES**

For the year ended December 31, 2012 and from January 2012 to December 31, 2012, the Company incurred net operating losses and, accordingly, no provision for income taxes has been recorded. In addition, no benefit for income taxes has been recorded due to the uncertainty of the realization of any tax assets. At December 31, 2012, the Company had approximately \$52 of federal and state net operating losses.

**5. SUBSEQUENT EVENTS**

In accordance with ASC 855, management evaluated the subsequent events through the date of this report and there are no subsequent events to disclose.

**Indemnification of Directors and Officers**

Our sole officer and Director is indemnified as provided by the Nevada Revised Statutes and our bylaws.

Under the NRS, director immunity from liability to a company or its shareholders for monetary liabilities applies automatically unless it is specifically limited by a company's articles of incorporation that is not the case with our articles of incorporation. Excepted from that immunity are:

- (1) a willful failure to deal fairly with the company or its shareholders in connection with a matter in which the director has a material conflict of interest;
- (2) a violation of criminal law (unless the director had reasonable cause to believe that his or her conduct was lawful or no reasonable cause to believe that his or her conduct was unlawful);
- (3) a transaction from which the director derived an improper personal profit; and
- (4) willful misconduct.

Table of Contents

Our bylaws provide that we will indemnify our directors and officers to the fullest extent not prohibited by Nevada law; provided, however, that we may modify the extent of such indemnification by individual contracts with our directors and officers; and, provided, further, that we shall not be required to indemnify any director or officer in connection with any proceeding (or part thereof) initiated by such person unless:

- (1) such indemnification is expressly required to be made by law;
- (2) the proceeding was authorized by our Board of Directors;
- (3) such indemnification is provided by us, in our sole discretion, pursuant to the powers vested us under Nevada law;  
or
- (4) such indemnification is required to be made pursuant to the bylaws.

Our bylaws provide that we will advance all expenses incurred to any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that he is or was our director or officer, or is or was serving at our request as a director or executive officer of another company, partnership, joint venture, trust or other enterprise, prior to the final disposition of the proceeding, promptly following request. The Company's obligations of indemnification, if any, shall be conditioned on the Company receiving prompt notice of the claim and the opportunity to settle and defend the claim. The Company may, to the extent permitted by law, purchase and maintain insurance on behalf of an individual who is or was a director, officer, employee or agent of the Corporation.

**Exhibits**

The following is a list of exhibits filed as part of this Registration Statement. Where so indicated by footnote, exhibits which were previously filed are incorporated herein by reference. Any statement contained in an Incorporated Document shall be deemed to be modified or superseded for purposes of this Registration Statement to the extent that a statement contained herein or in any other subsequently filed Incorporated Document modifies or supersedes such statement. Any such statement so modified or superseded shall not be deemed, except as so modified or superseded, to constitute a part of this Registration Statement.

<b>Exhibit Number</b>	<b>description</b>
3.1	Articles of Incorporation of Transtech Solutions, Inc.
3.2	Bylaws of Transtech Solutions, Inc.
4.1	Form of Subscription Agreement
5.1	Opinion of Dean Law Corp, re: the legality of the shares being registered
23.1	Auditor Consent
23.2	Consent of Dean Law Corp (included in Exhibit 5.1)

All other Exhibits called for by Rule 601 of Regulation S-K are not applicable to this filing.

**Undertakings:**

Information pertaining to our common stock is contained in our Articles of Incorporation and Bylaws. Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of our counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by us is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

The undersigned registrant hereby undertakes:

To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

- i. To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;
- ii. To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement.
- iii. To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

2. That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the

offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

3. To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

Table of Contents

4. That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

ii. If the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

**Signatures**

In accordance with the requirements of the Securities Act of 1933, the registrant certifies that it has reasonable grounds to believe that it meets all of the requirements of filing on Form S-1 and authorized this registration statement to be signed on our behalf by the undersigned, on May 10, 2013 .

**TRANSTECH SOLUTIONS Inc.**

Ivan Griswold  
United States Securities and Exchange Commission  
100 F Street, N.E.  
Washington, D. C. 20549

Dear Mr. Griswold:

**Re: Transtech Solutions, Inc. (the "Company")  
Amendment No.1 to Registration Statement on Form S-1  
Filed March 29, 2013  
File No. 333-187609**

I am President and C.E.O. of the Company and am writing this letter on behalf of the Company. Your comments are reprinted below along with our response and, if applicable, our proposed changes to the Registration Statement:

1. Since you appear to qualify as an "emerging growth company," as defined in the Jumpstart Our Business Startups Act, please supplementally provide us with copies of all written communications, as defined in Rule 405 under the Securities Act, that you, or anyone authorized to do so on your behalf, present to potential investors in reliance on Section 5(d) of the Securities Act, whether or not they retain copies of the communications. Similarly, please supplementally provide us with any research reports about you that are published or distributed in reliance upon Section 2(a)(3) of the Securities Act of 1933 added by Section 105(a) of the Jumpstart Our Business Startups Act by any broker or dealer that is participating or will participate in your offering.

**ANSWER:** We have not approached potential investors with any written communications. To our knowledge, there have been no published research reports that have been distributed by any brokers or dealers. We are not affiliated with any brokers or dealers in this offering.

2. Transtech Medical Solutions, a Texas-based company, also provides medical transcription services. Please tell us whether you are affiliated with that company; also tell us whether the existence of a business with a substantially similar name in the same business sector creates any investment or other material risks.

**ANSWER:** We are not affiliated with Transtech Medical Solutions. We were contacted by the legal counsel of Transtech Medical Solutions, and are in the process of changing our company name to Scription Work Solutions Inc to minimize any investment or other material risks.

3. Your cover page disclosure and your disclosure elsewhere in your document indicate that your transaction is a resale offering and that the company will not receive any proceeds from the offering. Please therefore remove the tabular disclosure on the cover page specifying the net proceeds to be received by the company since this disclosure is inconsistent with the terms of your offering. Review your disclosure throughout your document to eliminate similar inconsistent statements that suggest the company will generate proceeds from this offering. As examples, without limitation, we note your statements on page 3 that you will obtain certain proceeds from this offering and on pages 5 and 27 that you hope to raise money through the sale of securities, as contemplated in this offering, and that if sufficient funds are raised, you would be able to launch your company.

**ANSWER:** The disclosure has been amended to eliminate inconsistent statements that suggest the company will generate proceeds from this offering.

4. Please remove your statements regarding amending the exhibit index to include the legality opinion as Exhibit 5.1.

**ANSWER:** The statement has been removed.

5. Please include a brief description of what medical transcription solutions entail and what specific medical transcription solutions or platforms you intend to offer. In addition, briefly clarify the steps you have taken or plan to take with respect to developing the solutions you intend to market and discuss your anticipated timing with respect to having a market-ready solution.

ANSWER: The following disclosure has been added.

Medical transcription is converting confidential patient information from various sources such as voice recordings or medical notes into electronic text documents by medical transcriptionists. Transtech Solutions intends to purchase our own transcription platform, which our medical transcriptionists will use for physicians in hospitals, clinics and diagnostic laboratories in the United States. Since inception, our operations have primarily consisted of the formation of our company, completion of our business plan, and the acquisition of funding. We have not commenced in purchasing transcription software as we have not yet raised the minimum funds necessary to commence operations. A market-ready transcription platform will not be available for 10-12 months after we have raised the necessary funds.

6. You state both that you will need to raise a minimum of \$200,000 to operate over the next 12 months and that you estimate your costs to be approximately \$20,000 over the next 12 months. Please revise to address this apparent inconsistency.

ANSWER: The disclosure has been amended.

7. You state that your headquarters are located in Las Vegas, Nevada. However, the tabular disclosure on page 31 indicates that your sole officer and director Christopher Weinhaupl resides in Long Beach, California. Please explain how the company's principal executive offices are located in Las Vegas, Nevada, when the company's sole executive appears to reside in Long Beach, California.

ANSWER: The disclosure has been amended. The company's sole executive resides in Calgary. Although the headquarters are located in Nevada, Christopher Weinhaupl travels frequently, and plans to work at both locations once Transtech commences operations.

8. You state that you are endeavoring to be a reporting company due to the transparency provided by the public reporting process. Please revise to clarify that regardless of admission on the OTCBB, upon effectiveness of the registration statement, pursuant to Section 15(d) of the Securities Exchange Act, you will be required to file periodic reports with the Commission. Please also consider adding a risk factor informing potential investors of how the regulatory requirements imposed on Section 15(d) registrants are more limited than those imposed upon fully reporting companies and discuss the resulting risks. For example, investors in Section 15(d) companies do not have the protections of proxy rules, Section 16 short swing profit requirements, beneficial ownership reporting, institutional investment manager reporting rules, and third party tender offer rules.

ANSWER: The disclosure has been amended to include the following:

Regardless of admission on the OTCBB, upon effectiveness of the registration statement, pursuant to Section 15(d) of the Securities Exchange Act, we will be required to file periodic reports with the Commission.

The regulatory requirements imposed on Section 15(d) registrants are more limited than those imposed upon fully reporting companies. Investors in Section 15(d) companies do not have the protections of proxy rules, Section 16 short swing profit requirements, beneficial ownership reporting, institutional investment manager reporting rules, and third party tender offer rules.

Risk Factors, page 10

9. It appears likely that you may have less than 300 record holders following the completion of the offering. Please consider adding risk factor that informs stockholders of the possibility that your reporting obligations may be suspended pursuant to Section 15(d) of the Exchange Act of 1934 due to a limited number of record holders as well as the resultant risks in that event.

ANSWER: We have added the following disclosure.

**We have less than 300 record holders following the completion of the offering, and pose the risk of being suspended.**

We have less than 300 shareholders, thus risk of the possibility that our reporting obligations will be suspended pursuant to Section 15(d) of the Exchange Act of 1934 due to a limited number of record holders. In that event, protection of investors, such supplementary and periodic information, documents, and reports required will not be available to the shareholders.

10. You assert that you are a shell company as defined in Securities Act Rule 405. Accordingly, please add a risk factor that highlights the unavailability of Securities Act Rule 144 for purposes of meeting the safe harbor requirement from the definition of underwriter, including any effect on the liquidity of your shares and on your ability to attract additional capital to implement your business plan or sustain operations.

ANSWER: The following disclosure has been added.

**We are a shell company as defined in Securities Act Rule 405, and may not have available to us the Securities Act Rule 144 for purposes of meeting the safe harbor requirement.**

The unavailability of Securities Act Rule 144 from the definition of underwriter, may negatively affect liquidity of our shares and on our ability to attract additional capital to implement our business plan or sustain operations. Therefore, negatively affecting our cash flow and business plan moving forward.

11. Please expand your disclosures relating to the Emerging Growth Company exemption, to fully clarify that as a smaller reporting company you will not be required to make the effectiveness evaluations of your internal control over financial reports, and disclose the results of such evaluation, until the filing of your second annual report. Additionally, you will not be required to obtain an auditor attestation with respect to management's conclusion about the effectiveness of internal control over financial reporting for so long as you remain a smaller reporting company.

ANSWER: The following disclosure has been added:

**Under the Emerging Growth Company exemption, we will not be required to disclose the evaluation of our internal financial controls.**

As an smaller reporting company, under the Emerging Growth Company exemption, we will not be required to make effectiveness evaluations of our internal controls over financials reports, or disclose the results of such evaluations until the filing of our second annual report. Additionally, we will not be required to obtain an auditor attestation with respect to management's conclusions about the effectiveness of internal control over financial reporting so long as we remain a smaller reporting company.

There is substantial doubt about our ability to continue as a going concern..., page 10

12. This risk factor appears to substantially overlap with the second risk factor on page 12. In order to minimize duplicative disclosure, please consider revising this section to combine these risk factors. Likewise, the risk factors at the bottom of page 13 and top of page 14 addressing penny stocks and the requirements on broker-dealers appear to be duplicative and should similarly be revised.

ANSWER: The disclosure has been amended to include the following:

**Because our auditors have issued a going concern opinion, there is substantial uncertainty we will continue operations in which case you could lose your investment.**

Our auditors have issued a going concern opinion. This means that there is substantial doubt that we can continue as an ongoing business for the next twelve months as we lack an operating history. The financial statements do not include any adjustments that might result from the uncertainty about our ability to continue in business. As such we may have

to cease operations and you could lose your investment. If we do not commence our operations, secure financing, and related activities or if we do not secure funding to implement our business plan, we estimate current available financial resources will sustain our operations only through the next few months, and then only if continued funding by the management of the company.

Our lack of an established brand name and relative lack of resources..., page 12

13. You state that you intend to engage in the sale of medical transcription solutions. However, on page 12, you indicate that you will be competing in the day spa soil remediation industry. Please revise to ensure that your intended business is described in a consistent manner.

ANSWER: The disclosure has been amended.

Although we believe that we currently have adequate internal control..., page 14

14. You state that management is required to report on the effectiveness of your internal control over financial reporting for the year ended December 31, 2012 and from the period from inception (July 12, 2011) to December 31, 2012. Please tell us why you believe you are required to comply with paragraphs (a) and (b) of Item 308 of Regulation S-K at December 31, 2012 or revise your disclosures accordingly. We refer you to the Instructions to Item 308 of Regulation S-K.

ANSWER: We are not required to comply with paragraphs (a) and (b) of Item 308 of Regulation S-K at December 31, 2012, and have revised our disclosure accordingly.

Determination of Offering Price, page 15

15. You state that the selling shareholders may offer their shares "on or off OTCBB." It appears that you should remove the reference to selling shares on the OTCBB since your shares are not quoted there. Please revise or advise.

ANSWER: The disclosure has been revised.

Plan of Distribution; Terms of the Offering, page 17

16. In discussing the offering price, you state that selling shareholders will sell their shares at a fixed price and that thereafter, the sales price may be the market price, a price related to the market price or as some other price. Please revise your disclosure to clarify that the shares will be sold at the fixed price until your shares are quoted on the OTC Bulletin Board and thereafter at prevailing market prices or privately negotiated prices.

ANSWER: The disclosure has been revised to the following:

The selling stockholders, who are underwriters, will sell their shares at the fixed price until our shares are quoted on the OTC Bulletin Board and thereafter at prevailing market prices or privately negotiated prices. Our common stock is not currently listed on any national exchange or electronic quotation system. To date, no actions have been taken to list our shares on any national exchange or electronic quotation system. If our common stock becomes publicly traded, then the sales price to the public will vary according to the selling decisions of each selling stockholder and the market for our stock at the time of resale.

Expense of Registration, page 19

17. You state that you expect to incur \$9,000 in costs relating to the registration of your common stock; however, on page 49, you indicate that you expect to incur \$20,000 in expenses in connection with this offering. Please revise throughout to reconcile this discrepancy.

ANSWER: The disclosure has been amended to reconcile this discrepancy.

Selling Shareholders, page 19

18. The information included in this section appears duplicative of the information under the same heading disclosed on page 16. Similarly, we also note that you appear to provide redundant information in Disclosure of Commission Position of Indemnification for Securities Act Liabilities on pages 32 and 33. Please revise your registration statement to eliminate duplicative disclosure sections.

ANSWER: The registration statement has been amended to eliminate duplicative disclosure sections.

Information with Respect to the Registrant, page 23

19. Since you are a development stage company with no current operations, customers or revenues, please ensure that your business description accurately reflects your current business activities and distinguishes your current capabilities from your future business plans. In some instances you describe your business as having current operations. For instance, on page 25 you state that Transtech is providing its customers with a medically-trained transcription service and on page 27 you provide a list of products and services you typically provide. Please revise throughout to provide a clear, consistent and accurate description of your current activities, which are distinguished from your future plans.

ANSWER: The disclosure has been revised throughout to distinguish our current activities with our future plans.

20. Any discussion of your business plans should be balanced with disclosure that your business may not materialize in the event you are unable to execute your plan. For example, on page 23, you state that your company will cater to the healthcare sectors by providing “timely, highly accurate medical transcription of dictated patient reports,” and that your technology “will allow an efficient way to manage transcription services on a web-based platform.” To the extent your filing continues to include statements that predict accomplishments in the future, expand to provide meaningful discussion of the events or circumstances that may prevent the accomplishment of these objectives.

ANSWER: The disclosure has been amended to provide meaningful discussion of the events or circumstances that may prevent the accomplishment of our objectives.

21. Please revise your disclosures to ensure that any qualitative descriptions regarding industry growth are reasonably substantiated. For example, please provide support for the following statements:

- “The growth of the medical transcription field has been spurred due to insurance company requirements for legible notes....” (page 24);
- “For transcription services this means a recent surge in demand for transcription services from customers that are now relying on outsourced service providers,” (page 25); and
- “The majority of competition is in the form of small mom & pop companies with annual revenues of less than \$500,000.” (page 26).

ANSWER: The disclosure has been amended to ensure that any qualitative descriptions regarding industry growth are reasonably substantiated.

Industry Overview, page 24

22. You state that the Bureau of Labor Statistics reports that employment of medical transcriptionists is expected to grow six percent from 2010 to 2020. Please ensure that your disclosure is balanced and accurately reflects any reports you cite. For instance, it appears that you should expand your disclosure to explain that according to BLS, this growth rate is slower than average for all occupations. Please also revise any other projections that rely on this study to provide insight into potential industry growth.

ANSWER: The disclosure has been expanded to include that the growth rate is slower than average for all occupations.

23. We note that you have included in your document a hyperlink to the Bureau of Labor Statistics website. Please refer to Securities Act Release No. 33-7856 regarding the implications of including hyperlinked information in your document.

ANSWER: The hyperlink to the Bureau of Labor Statistics website has been removed.

Transtech’s Competitive Advantage, page 26

24. You state that many small shops are being pushed out of the industry due to the pressure of new technology, global outsourcing, turnaround time-demands and volume demands. You also indicate that there is significant potential within market. Please provide additional detail explaining why this is an opportunity for your company and how the identified pressures affect your business plans.

ANSWER: The following disclosure has been added:

Despite current industry changes, we believe there is opportunity for our company in this market by turning the

pressures of the industry to our advantage. We will be setting up our operation overseas to take advantage of lower operation costs. By having our operations overseas, we will face additional industry pressures such as the language barrier and finding qualified transcriptionists.

Plan of Operations, page 26

General

25. Please revise to include a liquidity discussion pursuant to Item 303(a)(1) of Regulation S-K and ensure you disclose the minimum period of time that you will be able to conduct your planned operations using currently available capital resources. We refer you also to Instructions 2 and 3 to Item 303(a) of Regulation S-K for additional guidance.

ANSWER: The following disclosure has been added:

With our currently available capital resources, we will be able to conduct phase one of our planned operations, which includes the formation of our company and the completion of our business plan. We will need to raise additional capital in order to commence phase two of our planned operations, which is to purchase the transcription platform and begin our sales and marketing efforts. Using currently available capital resources, the minimum period of time that we will be able to conduct or planned operations is approximately twelve months.

Management, page 28

26. Please provide all of the information required by Item 401(a) and (b) of Regulation S-K. In addition, tell us whether you have complied with paragraphs (f) and (g) of this Item.

ANSWER: The registration statement has been amended to include all of the information required by Item 401(a) and (b) of Regulation S-K. We have also complied with paragraphs (f) and (g) of this Item.

27. Please revise the description relating to Mr. Weinhaupl's professional background to ensure that it fully complies with Item 401(e) of Regulation S-K. For example, disclose Mr. Weinhaupl's principal occupations and employment, including the names of the companies or employers, in a chronologically complete manner for the past five years. If Mr. Weinhaupl is currently employed elsewhere, please provide clear disclosure to this effect.

ANSWER: Contacted CHRIS

Employees and Consultants, page 29

28. Mr. Weinhaupl has committed to devote up to 30 hours per week to your company. Please consider including a risk factor discussing the risks associated with the fact that Mr. Weinhaupl, the sole employee, officer and director, is committing a limited amount of time to the management of the company. In addition, tell us what consideration you gave to discussing any conflicts of interest that may arise based on Mr. Weinhaupl's other business activities.

ANSWER: The following disclosure has been added:

**Mr. Weinhaupl, the sole employee, officer and director, is committing a limited amount of time to the management of the company.**

Due to his other business commitments, Mr. Weinhaupl is committed to thirty hours a week to Transtech. This may hinder the speed of future business development, as it may conflict with his current business commitments.

29. You include certain expense disclosures, relating ostensibly to your plan of operations, under Legal Proceedings. Please revise, or explain why this disclosure is appropriate in this section.

ANSWER: The disclosure has been revised and placed in the appropriate section.

Certain Relationships and Related Transactions, page 32

30. Please tell us whether Mr. Weinhaupl falls within the definition of the term "promoter" as defined in Rule 405, and consequently whether disclosure regarding his status is required to be included in the registration statement pursuant to Item 404(c) of Regulations S-K

ANSWER: Mr. Weinhaupl does not fall under the definition of the term "promoter" as defined in Rule 405. The disclosure

regarding his status is not required to be included in the registration statement pursuant to Item 404(c) of Regulation S-K.

#### Financial Statements

##### General

31. Please tell us why you included a separate set of financial statements for the period from inception (July 12, 2011) to December 31, 2011 when this information is already included alongside the fiscal 2012 financial statements. Alternatively, revise to remove the financial statements and related footnote disclosures on pages 36 – 41 and ensure that your footnote disclosures beginning on page 47 refer to fiscal 2011 operations, where appropriate.

ANSWER: The 2011 audited financial statements and notes to financials have been removed.

##### Report of Independent Registered Public Accounting Firm, page 35

32. Please revise to ensure that the report from your independent registered public accounting firm opines on the statements of operations, stockholders' equity and cash flows for the year ended December 31, 2012 and for the period from inception (July 12, 2011) to December 31, 2011 in addition to the cumulative-to-date period from July 12, 2011 to December 31, 2012.

ANSWER: The report from our independent registered public accountant has been revised.

33. Tell us why you included the review report of your independent registered public accounting firm on page 42 or revise to remove this report.

ANSWER: The review report from our independent registered public accounting firm has been removed.

##### Balance Sheets, page 43

34. Revise to include audited balance sheets in which total assets equals total liabilities and stockholders' equity.

ANSWER: The Balance Sheet has been revised to include an audited balance sheet in which total assets equals total liabilities and stockholders' equity.

##### General

35. Revise to disclose the date through which subsequent events have been evaluated and state whether that date is the date the financial statements were issued or the date the financial statements were available for issuance pursuant to ASC 855-10-50-1.

ANSWER: The following disclosure has been added.

## 5. SUBSEQUENT EVENTS

In accordance with ASC 855, management evaluated the subsequent events through the date of this report and there are no subsequent events to disclose.

##### Exhibit 23

36. We note that the consent of your independent registered public accounting firm refers to a report dated February 8, 2012; however, the report of the independent registered public accounting firm as filed on page 35 is dated March 28, 2013. Please revise accordingly. Also, to the extent that you make reference to specific financial statements in the consent, please ensure that you refer to all of the audited financial statements. In this regard, we refer you to our comment above under the report of your independent registered public accounting firm. Alternatively, you may choose to refer to the report date only.

ANSWER: The consent of our independent registered public accounting firm has been amended to refer to the correct date.

##### Indemnification of Directors and Officers, page 49

37. The summary of the indemnification provisions of your bylaws does not appear to reflect the provisions of Article IX of your bylaws. For example, your bylaws do not appear to include a provision under which independent legal counsel would provide a written opinion. Please revise this section to ensure that it accurately summarizes the applicable indemnification provisions of your bylaws.

ANSWER: The Indemnification of Directors and Officers has been amended to reflect the provisions of Article IX of our Bylaws.

Exhibits, page 51

38. Please file the form of subscription agreement that you will require investors in the offering to execute. We note the disclosure at page 51 in this respect.

ANSWER: A form of the subscription agreement has been filed.

Thank you.

---	-------------

**1.0 Purchase and Sale of Shares**

1.1 The Purchaser subscribes for and agrees to purchase common shares of Transtech Solutions Inc., a Nevada corporation (the "Issuer") in the amount set out above (the "Shares"), to be recorded in the name of the Purchaser at the address set out above.

## **2.0 Representations, Warranties and Acknowledgements of the Purchaser**

- 2.1 No oral representations or oral information furnished to the Purchaser, or relied upon by the Purchaser, in connection with the Purchaser's purchase of the Shares, were in any way inconsistent with the written material provided by the Issuer.
- 2.2 The Purchaser acknowledges that no information furnished by the Issuer constitutes investment, accounting, legal or tax advice. The Purchaser is relying solely upon itself and its professional advisors, if any, for such advice.
- 2.3 The representations, warranties and acknowledgements of the Purchaser contained in this Section will survive the Closing (as defined below).
- 2.4 The Purchaser certifies that:
- (a) the Purchaser is not a U.S. person and is not acquiring the securities for the account or benefit of any U.S. person; or
  - (b) the Purchaser is a U.S. person who purchased securities in a transaction that did not require registration under the U.S. Securities Act.
- 2.5 The Purchaser agrees not to engage in hedging transactions with regard to the Shares unless in compliance with the US Securities Act.

## **3.0 Representations, Warranties and Acknowledgements of the Issuer**

The Issuer acknowledges, represents and warrants as of the date of this Agreement that the Shares, when issued, will be fully paid and non-assessable shares of the Issuer and will be issued free and clear of all liens, charges and encumbrances of any kind whatsoever, subject only to the re-sale restrictions under applicable securities laws.

## **4.0 Restriction of Securities and Disposition**

4.1 **No registration**. The Purchaser acknowledges and understands that the Shares have not been registered under the US Securities Act or any other securities laws, are not qualified for resale in the U.S., and that the Shares must be held indefinitely unless subsequently registered under the US Securities Act or an exemption from such registration is available.

The Issuer shall refuse to register any transfer of the Shares not made in accordance with the provisions of Regulation S of the US Securities Act pursuant to registration under the US Securities Act, or pursuant to an available exemption from registration.

4.2 **Legending of the Shares**. The Purchaser also acknowledges and understands that the certificates representing the Shares will be stamped with the following legend (or substantially equivalent language) restricting transfer in the following manner:

"The transfer of the securities represented by this certificate is prohibited except in accordance with the provisions of Regulation S promulgated under the United States Securities Act of 1933, as amended (the "Act"), pursuant to registration under the Act or pursuant to an available exemption from registration. In addition, hedging transactions involving such securities may not be conducted

unless in compliance with the Act.”

The Purchaser hereby consents to the Issuer making a notation on its records or giving instructions to any transfer agent of the Shares in order to implement the restrictions on transfer described in this Agreement.

#### 5.0 **Closing**

5.1 The Issuer will confirm whether or not the Agreement is acceptable, whereupon the Issuer will deliver to the Purchaser a signed copy of this Agreement (the “Closing”), and within one year shall deliver a certificate representing the Shares, registered in the name of the Purchaser.

#### 6.0 **Withdrawal of Subscription**

6.1 The Purchaser has a two day cancellation right and can cancel this Agreement by sending notice to the Issuer by midnight on the second business day after the Purchaser signs this Agreement.

#### 7.0 **Miscellaneous**

7.1 Except as expressly provided in this Agreement, this Agreement contains the entire agreement between the parties with respect to the Shares and there are no other terms, conditions, representations or warranties whether expressed, implied, or written by statute, by common law, by the Issuer, by the Purchaser or by anyone else.

**[END OF SUBSCRIPTION AGREEMENT]**

**20,000,000 SHARES OF COMMON STOCK**

The selling shareholders named in this prospectus are offering all of the shares of common stock offered through this prospectus for a period of up to two years from the effective date.

Our common stock is presently not traded on any market or securities exchange.

-----

**THE PURCHASE OF THE SECURITIES OFFERED THROUGH THIS PROSPECTUS INVOLVES A HIGH DEGREE OF RISK. See section entitled "Risk Factors" on pages 8 to 14 of this prospectus.**

**The information in this prospectus is not complete and may be changed. This prospectus is not an offer to sell these securities and it is not soliciting an offer to buy these securities in any state where the offer or sale is not permitted.**

The selling shareholders, who are underwriters, will sell our shares at a fixed price of \$0.01 per share for the duration of the offering. We will not receive any proceeds from the offering. We intend to apply for quotation on the OTCBB, but there is no guarantee that we will be accepted for quotation or will engage a market maker to file an application on our behalf. There is no assurance of when, if ever, our stock will be listed on an exchange. The absence of a public market for our common stock makes our shares highly illiquid. It will be difficult to sell the common stock of our company.

We are currently in the development stage and have nominal operations and minimal assets, which makes us a "shell company" as defined in Rule 12b-2 of the Exchange Act.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

We are not a blank check company and have no plans or intention to engage in a business combination with another entity. Because our auditors have issued a going concern opinion, there is substantial uncertainty we will continue operations. We are an Emerging Growth Company as defined in the Jumpstart Our Business Startups Act.

**The Date of this prospectus is \_\_\_\_\_, 2013.**

## PROSPECTUS SUMMARY

Prospective investors are urged to read this prospectus in its entirety.

**This summary highlights selected information contained elsewhere in this prospectus. This summary does not contain all the information that you should consider before investing in the common stock. You should carefully read the entire prospectus, including "Risk Factors", "Management's Discussion and Analysis of Financial Condition and Results of Operations" and the Financial Statements, before making an investment decision. The terms "Scription Work Solutions Inc" f/k/a "Transtech Solutions Inc" "we," "us" and "our" as used in this prospectus refer to Scription Work Solutions Inc.**

### *Company Overview*

Scription Work Solutions Inc, f/k/a Transtech Solutions, Inc. (the "Company") was incorporated in the State of Nevada on July 12, 2011. We are a development stage company that plans to engage in the sale of medical transcription services. We intend to purchase a web-based platform that will give us the ability to reach potential customers. Christopher Weinhaupl, who is currently our sole officer and director, founded our Company. Our headquarters are located at 843 N Rainbow Blvd, Unit 1175, Las Vegas, NV 89107.

Medical transcription is converting confidential patient information from various sources such as voice recordings or medical notes into electronic text documents by medical transcriptionists. Scription Work Solutions intends to purchase one of many transcription platforms available on the market such as Dragon Medical Software or eScription, which our medical transcriptionists will use for physicians in hospitals, clinics and diagnostic laboratories in the United States. Since inception, our operations have primarily consisted of the formation of our company, completion of our business plan, and the acquisition of funding. We have not commenced in purchasing transcription software as we have not yet raised the minimum funds necessary to commence operations. A market-ready transcription platform will not be available for 10-12 months after we have raised the necessary funds.

We will need to raise a minimum of \$200,000 over the next twelve months through public or private debt or sale of equity to execute our business plan to become a revenue generating company. If we are unable to obtain the level of financing, our business may fail.

We are endeavoring to be a reporting company with the SEC as we believe doing so will provide us with greater opportunities to access and acquire the additional capital that we require for our growth and to further implement our business plan. In addition, becoming a reporting issuer may provide us with more financing alternatives, due to the transparency provided by the public reporting requirements.

Since inception, our operations have consisted of incorporating our Company and formulating our business plan. The Company intends to begin substantive operations within 10-12 months after we obtain our necessary funding requirements. The initial plan of operations calls for the Company to begin marketing our transcription services to potential business clients. We believe that if we are able to raise the full amount of funds contemplated herein, we would be able to launch our Company and properly market our transcription services. We will design a full marketing strategy to gain brand awareness, and ultimately obtain a large medical transcription client base.

## Table of Contents

Although our sole officer and director has only recently become interested in the medical transcription business, and does not have any professional training or technical credentials in the development and maintenance of such a company, he has experience running a business. We plan to purchase a medical transcription platform and hire qualified marketing and sales personnel staff if we are successful in raising capital. We do not have any verbal or written agreements regarding the retention of any qualified personnel to date.

Although the Company has no market for its common stock, management believes that the Company will meet all requirements to be quoted on the OTC market, and even though the Company's common stock will likely be a penny stock, becoming a reporting company will provide us with enhanced visibility and give us a greater possibility to provide liquidity to our shareholders.

We are currently a development stage company and to date we have recorded no revenue. Accordingly, our independent registered public accountants have issued a comment regarding our ability to continue as a going concern (please refer to the footnotes to the financial statements). Until such time that we are able to establish a consistent flow of revenues from our operations which is sufficient to sustain our operating needs, management intends to rely primarily upon debt financing to supplement cash flows, if any, generated by our services. We will seek out such financing as necessary to allow the Company to continue to grow our business operations, and to cover such cost, including professional fees, associated with being a reporting Company with the Securities and Exchange Commission ("SEC"); we estimate such costs to be approximately \$200,000 for 12 months following this Offering. The Company has included such costs to become a publicly reporting company in its targeted expenses for working capital expenses and intends to seek out reasonable loans from friends, family and business acquaintances if it becomes necessary. At this point we have been funded by our sole officer, family, friends and business acquaintances.

## Table of Contents

We are an Emerging Growth Company as defined in the Jumpstart Our Business Startups Act.

We shall continue to be deemed an emerging growth company until the earliest of:

(A) the last day of the fiscal year of the issuer during which it had total annual gross revenues of \$1,000,000,000 (as such amount is indexed for inflation every 5 years by the Commission to reflect the change in the Consumer Price Index for All Urban Consumers published by the Bureau of Labor Statistics, setting the threshold to the nearest 1,000,000) or more;

(B) the last day of the fiscal year of the issuer following the fifth anniversary of the date of the first sale of common equity securities of the issuer pursuant to an effective registration statement under this title;

(C) the date on which such issuer has, during the previous 3-year period, issued more than \$1,000,000,000 in non-convertible debt; or

(D) the date on which such issuer is deemed to be a 'large accelerated filer', as defined in section 240.12b-2 of title 17, Code of Federal Regulations, or any successor thereto.

As an emerging growth company we are exempt from Section 404(b) of Sarbanes Oxley. Section 404(a) requires Issuers to publish information in their annual reports concerning the scope and adequacy of the internal control structure and procedures for financial reporting. This statement shall also assess the effectiveness of such internal controls and procedures.

Section 404(b) requires that the registered accounting firm shall, in the same report, attest to and report on the assessment on the effectiveness of the internal control structure and procedures for financial reporting.

As an emerging growth company we are exempt from Section 14A and B of the Securities Exchange Act of 1934 which require the shareholder approval of executive compensation and golden parachutes.

We have irrevocably opted out of the extended transition period for complying with new or revised accounting standards pursuant to Section 107(b) of the Act.

**Because our auditors have issued a going concern opinion, there is substantial uncertainty we will continue operations in which case you could lose your investment.**

Our auditors have issued a going concern opinion. This means that there is substantial doubt that we can continue as an ongoing business for the next twelve months as we lack an operating history. The financial statements do not include any adjustments that might result from the uncertainty about our ability to continue in business. As such we may have to cease operations and you could lose your investment. We currently have no commitments to raise the minimum funds necessary to become a revenue generating company over the next twelve months.

**As of effectiveness of our registration statement of which this prospectus is a part, the Company will not become a fully reporting company, but rather, will be subject to the reporting requirements of Section 15(d) of the Securities Exchange Act of 1934.**

We will be required to file periodic reports with the SEC which will be immediately available to the public for inspection and copying. Except during the year that our registration statement becomes effective, these reporting obligations may be automatically suspended under Section 15(d) if we have less than 300 shareholders. If this occurs after the year in which our registration statement becomes effective, we will no longer be obligated to file periodic reports with the SEC and your access to our business information would then be even more restricted; however, that filing obligation will generally apply even if our reporting obligations have been suspended automatically under section 15(d) of the Exchange Act prior to the due date for the Form 10-K. After that fiscal year and provided the Company has less than 300 shareholders, the Company is not required to file these reports. If the reports are not filed, the investors will have reduced visibility as to the Company and its financial condition.

In addition, as a filer subject to Section 15(d) of the Exchange Act, the Company is not required to prepare proxy or information statements, and our common stock will not be subject to the protection of the ongoing private regulations. Additionally, the Company will be subject to only limited portions of the tender offer rules, and our officers, directors, and more than ten (10%) percent shareholders are not required to file beneficial ownership reports about their holdings in our Company, and will not be

subject to the short-swing profit recovery provisions of the Exchange Act. Further, more than five percent (5%) holders of classes of our equity securities will not be required to report information about their ownership positions in the securities. This means that your access to information regarding our business will be limited.

As a reporting company under the Exchange Act, we are required to comply with the internal control evaluation and certification requirements of Section 404 of the Sarbanes-Oxley Act of 2002. Section 404 of the Sarbanes-Oxley Act requires annual management assessments of the effectiveness of our internal control over financial reporting, starting with the second annual report that we file with the SEC after the consummation of this Offering. In connection with the implementation of the necessary procedures and practices related to internal control over financial reporting, we may identify deficiencies that we may not be able to remediate in time to meet the deadline imposed by the Sarbanes-Oxley Act for compliance with the requirements of Section 404. We will be unable to issue securities in the public markets through the use of a shelf registration statement if we are not in compliance with Section 404. Furthermore, failure to achieve and maintain an effective internal control environment could have a material adverse effect on our business and share price and could limit our ability to report our financial results accurately and timely

Table of Contents

**SUMMARY OF THIS OFFERING**

<b>The Issuer</b>	Scripton Work Solutions Inc, f/k/a Transtech Solutions Inc.
<b>Securities being offered</b>	Up to 20,000,000 shares of Common Stock
<b>Offering Type</b>	The selling shareholders will sell our shares at a fixed price of \$0.01 per share.
<b>Per Share Price</b>	The selling stockholders may offer their shares through public or private transactions at a fixed price of \$0.01 per share. We will pay all expenses of registering the securities, estimated at approximately \$20,000 .
<b>Termination of the Offering</b>	The offering will conclude when all of the 20,000,000 shares of common stock have been sold, the shares no longer need to be registered to be sold due to the operation of Rule 144 or we decide at any time to terminate the registration of the shares at our sole discretion. In any event, the offering shall be terminated no later than two years from the effective date of this registration statement.
<b>Securities Issued And to be Issued</b>	50,100,000 shares of our common stock are issued and outstanding as of the date of this prospectus. All of 20,000,000 shares will be sold by existing shareholder
<b>Use of Proceeds</b>	We will not receive any proceeds from the sale of the common stock by the selling shareholders.
<b>Market for the Common Stock</b>	There is currently no public market for the shares of our common stock. There can be no assurance that a market maker will agree to file the necessary documents with FINRA to allow our shares of common stock to be traded on the OTCBB, nor can there be any assurance that such an application for quotation will be approved if filed. FINRA operates the OTCBB. We have agreed to bear the expenses relating to the registration of the shares for the Selling Stockholders.

<b>Income Statement</b>		
Revenue	\$	-
Total Operating Expenses	\$	10,052
Net Loss	\$	(10,052)

## **RISK FACTORS**

In addition to the other information provided in this Prospectus, you should carefully consider the following risk factors in evaluating our business before purchasing any of our common stock.

**Our lack of operating history makes it difficult for us to evaluate our future business prospects and make decisions in implementing our business plan. You are unable to determine whether we will ever become profitable, which increases your investment risk.**

We were incorporated on July 12, 2011. We have no operating history. Our business plan is speculative and unproven. There is no assurance that we will be successful in executing our business plan or that, even if we successfully implement our business plan, we will ever generate revenues or profits, which makes it difficult to evaluate our business. As a consequence, it is difficult, if not impossible, to forecast our future results based upon our historical data. Because of the uncertainties related to our lack of historical operations, we may be hindered in our ability to anticipate and timely adapt to increases or decreases in sales, revenues, or expenses. If we make poor operational decisions in implementing our business plan, we may never generate revenues or become profitable or incur losses, which may result in a decline in our stock price.

Table of Contents

**Because we will need additional capital to implement our business plan and may not be able to obtain sufficient capital, we may be forced to limit the scope of our operations, and our revenues may be reduced.**

In connection with implementing our business plans, we will experience increased capital needs and accordingly, we may not have sufficient capital to fund our future operations without additional capital investments. Our capital needs will depend on numerous factors, including the following:

We cannot assure you that we will be able to obtain capital in the future to meet our needs. We have no sources of financing identified. If we cannot obtain additional funding, we may be required to:

- limit our ability to implement our business plan;
- limit our marketing efforts; and
- decrease or eliminate capital expenditures.

Even if we do find a source of additional capital, we may not be able to negotiate terms and conditions for receiving the additional capital that are acceptable to us. Any future capital investments could dilute or otherwise adversely affect the holdings or rights of our existing shareholders. In addition, new equity or convertible debt securities issued by us to obtain financing could have rights, preferences and privileges senior to our Common Stock. Any additional financing may not be available to us, or if available, may not be on terms favorable to us.

**We will require financing to achieve our current business strategy and our inability to obtain such financing could prohibit us from executing our business plan and cause us to slow down our expansion or cease our operations.**

We will need to raise a minimum of \$200,000 over the next twelve months through public or private debt or sale of equity to execute our business plan to become a revenue generating company. Such financing may not be available as needed. Even if such financing is available, it may be on terms that are materially adverse to your interests with respect to dilution of book value, dividend preferences, liquidation preferences or other terms. If we are unable to obtain this financing on reasonable terms, we would be unable to hire the additional employees needed to execute our business plan and we would be forced to delay or scale back our plans for expansion. This would delay our ability to get our operations to profitability and could force us to cease operations. In addition, such inability to obtain financing on reasonable terms could have a material adverse effect on our business, operating results or financial condition.

Moreover, in addition to monies needed to commence operations over the next twelve months, we anticipate requiring additional funds in order to execute any future plans for growth. No assurance can be given that such funds will be available or, if available, will be on commercially reasonable terms satisfactory to us. There can be no assurance that we will be able to obtain financing if or when it is needed on terms we deem acceptable.

Table of Contents

**Our lack of an established brand name and relative lack of resources could negatively impact our ability to effectively compete in the medical transcription industry, which could reduce the value of your investment.**

We do not have an established brand name or reputation in the business of providing medical transcription services. We also have a relative lack of resources to conduct our business operations. Thus, we may have difficulty effectively competing with companies that have greater name recognition and financial resources than we do. Our inability to promote and/or protect our brand name may have an adverse effect on our ability to compete effectively in the market.

**Because our auditors have issued a going concern opinion, there is substantial uncertainty we will continue operations in which case you could lose your investment.**

Our auditors have issued a going concern opinion. This means that there is substantial doubt that we can continue as an ongoing business for the next twelve months as we lack an operating history. The financial statements do not include any adjustments that might result from the uncertainty about our ability to commence in business. As such we may have to cease operations and you could lose your investment. If we do not commence our operations, secure financing, and related activities or if we do not secure funding to implement our business plan, we estimate current available financial resources will sustain our operations only through the next few months, and then only if continued funding by the management of the company.

**If we do not make a profit, we may have to suspend or cease operations.**

Because we are small and do not have much capital, we must limit our marketing to the existing business relationships of our CEO, Mr. Christopher Weinhaupl. Because we will be limiting our marketing activities, we may not be able to attract enough clients to operate profitably. If we cannot operate profitably, we may have to suspend or cease our operations.

**We are dependent on our CEO, Mr. Christopher Weinhaupl, to guide our initial operations and implement our plan of operations. If we lose such services we will have to change our business plan/direction or cease operations.**

Our success will depend on the ability and resources of our CEO & President. If we lose the services of our CEO, we will be forced to either change our business plan and direction or cease operations. We have no written employment agreement with our CEO. We have not obtained any key man life insurance relating to our CEO. If we lose such services, we may not be able to hire and retain another CEO with comparable experience. As a result, the loss of Mr. Christopher Weinhaupl's services could reduce our revenues. We have no written employment agreement or covenant not to compete with Mr. Christopher Weinhaupl.

**Mr. Weinhaupl, the sole employee, officer and director, is committing a limited amount of time to the management of the company.**

Mr. Weinhaupl's involvement with his other businesses currently occupies most of his time and schedule. Certain tasks for Scription Work Solutions may not be completed in a timely fashion due to travel and other commitments. The Company has given consideration to conflicts of interest that may arise based on Mr. Weinhaupl's commitment to his other businesses. However, as the owner, Mr. Weinhaupl is fortunate to have a very flexible work environment and schedule; thus we believe he can fulfill his responsibilities both during the week and on the weekend, allowing him prioritize his schedule to devote time as needed to the Scription Work Solutions.

Table of Contents

**Risks Relating To Our Common Stock**

**Because there is no public trading market for our common stock, you may not be able to resell your stock.**

There is currently no public trading market for our common stock. Therefore there is no central place, such as a stock exchange or electronic trading system, to resell your shares. If you do want to resell your shares, you will have to locate a buyer and negotiate your own sale in compliance with applicable federal and state securities laws.

**There is no assurance of a public market or that our common stock will ever trade on a recognized exchange or quotation system. Therefore, you may be unable to liquidate your investment in our stock.**

There is no established public trading market for our common stock. Our shares are not and have not been listed or quoted on any exchange or quotation system. There can be no assurance that a market maker will agree to file the necessary documents with FINRA, which operates the OTCBB, to create such listing or quotation, nor can there be any assurance that such an application would be approved if filed, or that a regular trading market will develop or that if developed, will be sustained. In the absence of a trading market, an investor may be unable to liquidate their investment.

**If our common stock is quoted on the OTC Bulletin Board which may have an unfavorable impact on our stock price and liquidity.**

We anticipate that our common stock will be quoted on the OTC Bulletin Board. The OTC Bulletin Board is a significantly more limited market than the New York Stock Exchange or NASDAQ system. The quotation of our shares on the OTC Bulletin Board may result in a less liquid market available for existing and potential stockholders to trade shares of our common stock, could depress the trading price of our common stock and could have a long-term adverse impact on our ability to raise capital in the future.

**We may be subject to penny stock regulations and restrictions and you may have difficulty selling shares of our common stock.**

The SEC has adopted regulations which generally define so-called "penny stocks" to be an equity security that has a market price less than \$5.00 per share or an exercise price of less than \$5.00 per share, subject to certain exemptions. If our common stock becomes a "penny stock," we may become subject to Rule 15g-9 under the Exchange Act, or the "Penny Stock Rule." This rule imposes additional sales practice requirements on broker-dealers that sell such securities to persons other than established customers and "accredited investors" (generally, individuals with a net worth in excess of \$1,000,000 or annual incomes exceeding \$200,000, or \$300,000 together with their spouses). For transactions covered by Rule 15g-9, a broker-dealer must make a special suitability determination for the purchaser and have received the purchaser's written consent to the transaction prior to sale. As a result, this rule may affect the ability of broker-dealers to sell our securities and may affect the ability of purchasers to sell any of our securities in the secondary market.

For any transaction involving a penny stock, unless exempt, the rules require delivery, prior to any transaction in a penny stock, of a disclosure schedule prepared by the SEC relating to the penny stock market. Disclosure is also required to be made about sales commissions payable to both the broker-dealer and the registered representative and current quotations for the securities. Finally, monthly statements are required to be sent disclosing recent price information for the penny stock held in the account and information on the limited market in penny stock.

There can be no assurance that our common stock will qualify for exemption from the Penny Stock Rule. In any event, even if our common stock were exempt from the Penny Stock Rule, we would remain subject to Section 15(b)(6) of the Exchange Act, which gives the SEC the authority to restrict any person from participating in a distribution of penny stock, if the SEC finds that such a restriction would be in the public interest.

## Table of Contents

**Because we do not have an audit or compensation committee, shareholders will have to rely on the board of directors, which is not independent, to perform these functions.**

We do not have an audit or compensation committee comprised of independent directors. These functions are performed by the board of directors as a whole. The sole member of the board of directors is not independent. Thus, there is a potential conflict in that board members who are management will participate in discussions concerning management compensation and audit issues that may affect management decisions.

**Our management has limited experience in managing the day to day operations of a public company and, as a result, we may incur additional expenses associated with the management of our company.**

Our CEO Christopher Weinhaupl is responsible for our operations and SEC reporting. The requirements of operating as a small public company are new to him. This will require us to obtain outside assistance from legal, accounting, investor relations or other professionals that could be more costly than planned. We may also be required to hire additional staff to comply with additional SEC reporting requirements and compliance under the Sarbanes-Oxley Act of 2002. Our failure to comply with reporting requirements and other provisions of securities laws could negatively affect our stock price and adversely affect our results of operations, cash flow and financial condition.

**We have less than 300 record holders following the completion of the offering, and pose the risk of being suspended.**

The Company will not become a fully reporting company, but rather, will be subject to the reporting requirements of Section 15(d) of the Securities Exchange Act of 1934. As of the effectiveness of our Registration Statement of which this prospectus is a part, we will be required to file periodic reports with the SEC which will be immediately available to the public for inspection and copying. Except during the year that our Registration Statement becomes effective, these reporting obligations may be automatically suspended under Section 15(d) if we have less than 300 shareholders. If this occurs after the year in which our Registration Statement becomes effective, we will no longer be obligated to file periodic reports with the SEC and your access to our business information would then be even more restricted. After this Registration Statement on Form S-1 becomes effective, we will be required to deliver periodic reports to security holders. However, we will not be required to furnish proxy statements to security holders and our directors, officers and principal beneficial owners will not be required to report their beneficial ownership of securities to the SEC pursuant to Section 16 of the Securities Exchange Act of 1934 until we have both 500 or more security holders and greater than \$10 million in assets. This means that your access to information regarding our business will be limited.

**We are a shell company as defined in Securities Act Rule 405, and may not have available to us the Securities Act Rule 144 for purposes of meeting the safe harbor requirement.**

The unavailability of Securities Act Rule 144 from the definition of underwriter, may negatively affect liquidity of our shares and on our ability to attract additional capital to implement our business plan or sustain operations. Therefore, negatively affecting our cash flow and business plan moving forward.

**We may be exposed to potential risks resulting from new requirements under section 404 of the Sarbanes-Oxley Act of 2002.**

In addition to the costs of compliance with having our shares listed on the OTCBB, there are substantial penalties that could be imposed upon us if we fail to comply with all regulatory requirements. In particular, under Section 404 of the Sarbanes-Oxley Act of 2002, as a smaller reporting company, our management will be required to provide a report on the effectiveness of our internal controls over financial reporting, beginning with our second annual report, and we will not be required to provide an auditor's attestation regarding such report. We have not assessed the effectiveness of our disclosure controls and procedures or our internal controls over financial reporting, and we expect to incur additional expenses and diversion of management's time as a result of performing the system and process evaluation, testing and remediation required in order to comply with the management certification requirements. Additionally, investors should be aware of the risk that management may assess and render the Company's internal controls ineffective, which could have a material adverse effect on the Company's financial condition or result of operations."

### **Forward Looking Statements.**

Some of the statements in this Prospectus are “forward-looking statements.” These forward-looking statements involve certain known and unknown risks, uncertainties and other factors which may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by these forward-looking statements. These factors include, among others, the factors set forth above under “Risk Factors.” The words “believe,” “expect,” “anticipate,” “intend,” “plan,” and similar expressions identify forward-looking statements. We caution you not to place undue reliance on these forward-looking statements. We undertake no obligation to update and revise any forward-looking statements or to publicly announce the result of any revisions to any of the forward-looking statements in this document to reflect any future or developments. However, the Private Securities Litigation Reform Act of 1995 is not available to us as a penny stock issuer and thus we may not rely on the statutory safe harbor from liability for forward-looking statements. Further, Section 27A(b)(2)(D) of the Securities Act and Section 21E(b)(2)(D) of the Securities Exchange Act expressly state that the safe harbor for forward looking statements does not apply to statements made in connection with this offering.

### **Use of Proceeds**

The selling stockholders are selling shares of common stock covered in the prospectus for their own account. We will not receive any of the proceeds from the resale of these shares. We have agreed to bear the expenses relating to the registration of the shares for the selling stockholders.

### **Determination of Offering Price**

The selling stockholders may offer their shares through public or private transactions at a fixed price of \$0.01 per share. We determined the price of our public offering by arbitrarily adding a \$0.009 per share premium to the last sale price of our common stock to investors. The price does not bear any relationship to our assets, book value, earnings, or other established criteria for valuing a privately held company.

### **Dilution**

The common stock to be sold by the selling shareholders is common stock that is currently issued and outstanding. Accordingly, there will be no dilution to our existing shareholders.

**PLAN OF DISTRIBUTION; TERMS OF THE OFFERING**

**Timing of Sales**

The selling stockholders may offer and sell the shares covered by this prospectus at various times. The selling stockholders will act independently of Scription Work Solutions Inc, f/k/a Transtech Solutions in making decisions with respect to the timing, manner and size of each sale.

The selling shareholders, who are underwriters, will sell our shares at a fixed price of \$0.01 per share for the duration of the offering.”

**Offering Price**

The selling stockholders, who are underwriters, will sell their shares at the fixed price until our shares are quoted on the OTC Bulletin Board and thereafter at prevailing market prices or privately negotiated prices. Our common stock is not currently listed on any national exchange or electronic quotation system. To date, no actions have been taken to list our shares on any national exchange or electronic quotation system. If our common stock becomes publicly traded, then the sales price to the public will vary according to the selling decisions of each selling stockholder and the market for our stock at the time of resale.

## Table of Contents

### **Manner of Sale**

The selling stockholders may sell their shares directly to purchasers or may use brokers, dealers, underwriters or agents to sell their shares. Brokers or dealers engaged by the selling stockholders may arrange for other brokers or dealers to participate. Brokers or dealers may receive commissions, discounts or concessions from the selling stockholders, or, if any such broker-dealer acts as agent for the purchaser of shares, from the purchaser in amounts to be negotiated immediately prior to the sale. The compensation received by brokers or dealers may, but is not expected to, exceed that which is customary for the types of transactions involved. Broker-dealers may agree with a selling stockholder to sell a specified number of shares at a stipulated price per share, and, to the extent the broker-dealer is unable to do so acting as agent for a selling stockholder, to purchase as principal any unsold shares at the price required to fulfill the broker-dealer commitment to the selling stockholder. Broker-dealers who acquire shares as principal may thereafter resell the shares from time to time in transactions, which may involve block transactions and sales to and through other broker-dealers, including transactions of the nature described above, in the over-the-counter market or otherwise at prices and on terms then prevailing at the time of sale, at prices then related to the then-current market price or in negotiated transactions. In connection with resales of the shares, broker-dealers may pay to or receive from the purchasers of shares commissions as described above.

If our selling stockholders enter into arrangements with brokers or dealers, as described above, we are obligated to file a post-effective amendment to this registration statement disclosing such arrangements, including the names of any broker dealers acting as underwriters.

The selling stockholders and any broker-dealers or agents that participate with the selling stockholders in the sale of the shares may be deemed to be "underwriters" within the meaning of the Securities Act. In that event, any commissions received by broker-dealers or agents and any profit on the resale of the shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act.

### **Sales Pursuant to Rule 144**

Currently, we are a "shell company" as defined in Rule 12b-2 of the Exchange Act, as amended and Rule 144 is not available for the resale of securities issued by any issuer that is or has been at any time previously a shell company unless the following conditions have been met:

- the issuer of the securities that was formerly a shell company has ceased to be a shell company;
- the issuer of the securities is subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act;
- the issuer of the securities has filed all Exchange Act reports and material required to be filed, as applicable, during the preceding 12 months (or such shorter period that the issuer was required to file such reports and materials), other than Form 8-K reports; and
- at least one year has elapsed from the time that the issuer filed current Form 10 type information with the SEC reflecting its status as an entity that is not a shell company.

## Table of Contents

### **Regulation M**

We have advised the selling security holders that the anti-manipulation rules of Regulation M under the Exchange Act may apply to sales of shares in the market and to the activities of the selling security holders and their affiliates. Regulation M under the Exchange Act prohibits, with certain exceptions, participants in a distribution from bidding for, or purchasing for an account in which the participant has a beneficial interest, any of the securities that are the subject of the distribution. Accordingly, the selling stockholder is not permitted to cover short sales by purchasing shares while the distribution is taking place. Regulation M also governs bids and purchases made in order to stabilize the price of a security in connection with a distribution of the security. In addition, we will make copies of this prospectus available to the selling security holders for the purpose of satisfying the prospectus delivery requirements of the Securities Act.

### **State Securities Laws**

Under the securities laws of some states, the shares may be sold in such states only through registered or licensed brokers or dealers. In addition, in some states the shares may not be sold unless the shares have been registered or qualified for sale in the state or an exemption from registration or qualification is available and is complied with.

### **Expenses of Registration**

We are bearing all costs relating to the registration of the common stock. These expenses are estimated to be \$20,000, including, but not limited to, legal, accounting, printing and mailing fees. The selling stockholders, however, will pay any commissions or other fees payable to brokers or dealers in connection with any sale of the common stock.

### **Selling Shareholders**

The selling shareholders named in this prospectus are offering all of the 20,000,000 shares of common stock offered for resale through this prospectus. The 20,000,000 shares that were previously issued were acquired from us in private placements that were exempt from registration provided under Regulation S of the Securities Act of 1933. Our reliance upon the exemption under Rule 903 of Regulation S of the Securities Act was based on the fact that the sale of the securities was completed in an "offshore transaction," as defined in Rule 902(h) of Regulation S. We did not engage in any directed selling efforts, as defined in Regulation S, in the United States in connection with the sale of the securities. Each investor was not a US person, as defined in Regulation S, and was not acquiring the securities for the account or benefit of a US person.

The following table provides as of the date of this prospectus, information regarding the beneficial ownership of our common stock held by each of the selling shareholders, including:

- the number of shares owned by each prior to this offering;
- the total number of shares that are to be offered for each;
- the total number of shares that will be owned by each upon completion of the offering; and
- the percentage owned by each upon completion of the offering.

The named party beneficially owns and has sole voting and investment power over all shares or rights to these shares. The numbers in this table assume that none of the selling shareholders sells shares of common stock not being offered in this prospectus or purchases additional shares of common stock, and assumes that all shares offered are sold. The percentages are based on 20,000,000 shares of common stock outstanding on the date of this prospectus.

Other than disclosed above, none of the selling shareholders:

1. has had a material relationship with us other than as a shareholder at any time within the past three years;
2. has ever been one of our officers or directors;
3. is a broker-dealer; or broker-dealer's affiliate.

## Description of Securities

### General

The following description as a summary of the material terms of the provisions of our Articles of Incorporation and Bylaws as they relate to our capital structure. The Articles of Incorporation and Bylaws have been filed as exhibits to the registration statement of which this Prospectus is a part.

### Common Stock

We have 75,000,000 authorized shares of common stock with \$.001 par value. As of December 31, 2012, there were 50,100,000 shares of our common stock issued and outstanding. All shares are equal to each other with respect to liquidation and dividend rights. Holders of voting shares are entitled to one vote for each share that they own at any shareholders' meeting. Holders of our shares of common stock do not have cumulative voting rights.

Each share of common stock entitles the holder to one vote, either in person or by proxy, at meetings of shareholders. The holders are not permitted to vote their shares cumulatively. Accordingly, the shareholders of our common stock who hold, in the aggregate, more than fifty percent of the total voting rights can elect all of our directors and, in such event, the holders of the remaining minority shares will not be able to elect any of the such directors. The vote of the holders of a majority of the issued and outstanding shares of common stock entitled to vote thereon is sufficient to authorize, affirm, ratify or consent to such act or action, except as otherwise provided by law.

Holders of common stock are entitled to receive such dividends, if any, as may be declared by the Board of Directors out of funds legally available. We have not paid any dividends since our inception, and we presently anticipate that all earnings, if any, will be retained for development of our business. Any future disposition of dividends will be at the discretion of our Board of Directors and will depend upon, among other things, our future earnings, operating and financial condition, capital requirements and other factors.

Holders of our common stock have no pre-emptive rights or other subscription rights, conversion rights, redemption or sinking fund provisions. Upon our liquidation, dissolution or winding up, the holders of our common stock will be entitled to share in the net assets legally available for distribution to shareholders after the payment of all of our debts and other liabilities. There are not any provisions in our Articles of Incorporation or our Bylaws that would prevent or delay change in our control. There are no conversion, pre-emptive or other subscription rights or privileges with respect to any shares.

Table of Contents

**Preferred Stock**

We are not authorized to issue any shares of preferred stock.

**Dividend Policy**

We have not paid any cash dividends to shareholders. The declaration of any future cash dividends is at the discretion of our board of directors and depends upon our earnings, if any, our capital requirements and financial position, our general economic conditions, and other pertinent conditions. It is our present intention not to pay any cash dividends in the foreseeable future, but rather to reinvest earnings, if any, in our business operations.

**Share Purchase Warrants and Options**

We do not presently have any options or warrants authorized or any securities that may be convertible into common stock. However, our board of directors may later determine to authorize options and warrants for our Company.

**Interests of Named Experts and Counsel**

The legality of the shares offered under this registration statement is being passed upon by Dean Law Corp.

The financial statements included in this prospectus and the registration statement have been audited by Kenne Ruan, CPA to the extent and for the periods set forth in their report appearing elsewhere herein and in the registration statement, and are included in reliance upon such report given upon the authority of said firm as experts in auditing and accounting.

## **INFORMATION WITH RESPECT TO REGISTRANT**

THE FOLLOWING DISCUSSION AND ANALYSIS SHOULD BE READ TOGETHER WITH THE CONSOLIDATED FINANCIAL STATEMENTS OF SCRIPTION WORK SOLUTIONS INC F/K/A TRANSTECH SOLUTIONS, INC. AND THE NOTES TO CONSOLIDATED FINANCIAL STATEMENTS INCLUDED IN THIS REGISTRATION STATEMENT. THIS DISCUSSION SUMMARIZES THE SIGNIFICANT FACTORS AFFECTING OUR OPERATING RESULTS, FINANCIAL CONDITIONS AND LIQUIDITY AND CASH-FLOW SINCE INCEPTION.

### **Description of Business:**

#### **Organization:**

Scription Work Solutions Inc, f/k/a Transtech Solutions Inc. was incorporated to the laws of the State of Nevada on July 12, 2011. We are a development stage company that has limited operating history and has earned no revenues.

Since our inception, we have devoted our activities to developing our business plan, determining the market for our services, developing a marketing plan, as well as capital formation. Our day-to-day operations consist of working on these to ensure effective, efficient and timely completion.

There is substantial doubt about our ability to continue, as a going concern, over the next twelve months.

#### **Business**

Scription Work Solutions Inc, f/k/a Transtech Solutions Inc. is a Las Vegas-based business looking to provide services in the U.S. medical transcription marketplace. Scription Work Solutions Inc, f/k/a Transtech plans to provide medical transcription services to the Nevada medical community by offering our service through the use of digital equipment and careful proofing. The company intends to cater to the healthcare sector by providing timely, highly accurate medical transcriptions of dictated patient reports. Scription Work Solutions Inc, f/k/a Transtech aims to incorporate outsourcing operations overseas to take advantage of lower cost of labor, pending our sales effort. We believe this technology will allow an efficient way to manage transcription services on a web-based platform.

The main market sectors we aspire to penetrate are as follows:

- Offices of physicians
- Hospitals
- Medical and diagnostic laboratories

We expect Scription Work Solutions Inc, f/k/a Transtech's core service offerings to consist of medical record transcription services for the following:

- Office visits
- Surgery notes
- Lab results
- Admissions
- Assessments

## Table of Contents

### **Industry Overview**

The Bureau of Labor Statistics reports that employment of medical transcriptionists is expected to grow 6 percent from 2010 to 2020. According to BLS, this growth rate is slower than average for all occupations. We anticipate the volume of healthcare services to continue to increase, resulting in a growing number of medical tests and procedures, all of which will require transcription. In our opinion, an aging population contributing to an increased number of healthcare visits, combined with a continued emphasis of accessible documentation, is anticipated to stimulate the need for medical transcriptionists. In other words, increasing numbers of medical transcriptionists will be needed to amend patients' records, edit for grammar, and identify discrepancies in electronic records.

Contracting out transcription work overseas and advancements in speech recognition technology are not expected to significantly reduce the need for well-trained medical transcriptionists in the US. Outsourcing transcription work abroad—to countries such as India, Pakistan, Philippines, and the Caribbean—has grown more popular as transmitting confidential health information over the Internet has become more secure; however, we believe the demand for overseas transcription services is expected only to supplement the demand for well-trained domestic medical transcriptionists. Speech-recognition technology allows physicians and other health professionals to dictate medical reports to a computer that immediately creates an electronic document. In spite of the advances in this technology, the software has been slow to grasp and analyze the human voice and the English language, and the medical vernacular with all its diversity. As a result, we expect there will continue to be a need for skilled medical transcriptionists to identify and appropriately edit the inevitable errors created by speech recognition systems, and to create a final document.

While the tools used by medical transcriptionists have dramatically changed to digital devices, the fundamental nature of the practice has not. The BLS reports that in spite of advances in technology, there will continue to be a need for skilled medical transcriptionists.

### **Market Research**

The medical transcription business is a growing industry that is struggling to fulfill the demand created by physicians. We predict the drive to increase the quality of transcription services will result in insurance companies increasing their demand for qualified medical transcriptionists. We believe this is a highly fragmented and competitive industry that will continue to grow over the years, as demand is typically driven by quality of service, timely delivery and competitive pricing.

There are two general categories of customers that regularly need medical transcription services. There are physicians and psychologists who practice alone. The practitioners have the need for transcriptionists because they are typically too small to warrant their own in-house employee. The second group consists of hospitals, clinics, and other doctors who have an in-house solution, who at times are in need of supplemental services. There service requests are sporadic in nature and often require express services.

## Table of Contents

### **Market Needs**

Scripton Work Solutions Inc, f/k/a Transtech intends to provide its customers with a reliable, flexible, medically-trained transcription service. We believe the following benefits are important to our future customers:

- **Medical Background:** This is important due to the specialized language within the medical profession.
- **Convenience:** The ability to offer the service at the doctor's convenience is a significant advantage.
- **Accuracy:** Documents need to be accurate to guard against malpractice threats.

### **Market Trends**

The market trend for industries that utilize transcription services is decreasing overhead through the outsourcing of non-essential activities. We believe that this market trend will result in an increased demand for providers of outsourced transcription solutions so that they can focus on their core business competencies.

### **Market Growth**

As physician's practices are under increasing pressure to develop efficiencies (this pressure is primarily coming from the insurance companies which have significantly reduced their allowable reimbursement amounts), practices will be shedding non-essential employees and replacing them with outsourced service providers.

### **Competition**

The competition takes two general forms:

1. **General transcription service-** these are transcription services that offer medical services in addition to general service offerings. These firms typically have someone who had been trained in medical transcription, but does not do medical exclusively.
2. **Specialized medical transcription-** there are a number of exclusive medical transcription service providers. The market is controlled by larger companies that have established their brand over the years. Many of the smaller companies that provide are being driven out of the industry due to the larger more reputable companies being able to provide cheaper and faster services.

## Table of Contents

The buying patterns for medical transcriptionists are typically based on the type of relationship the physician or hospital has with the transcriptionist. If the physician does not have an in-house solution then they ideally will have a long-term relationship with a service provider. If the physician or hospital has in-house transcriptionists, then their relationships with the transcriptionist services are based on the sporadic service calls, filling a need when their service provider is unable.

### **Scripton Work Solutions' Competitive Advantage**

New technology such as voice recognition transcription software have been disruptive force in the medical transcription industry. Although voice technology has been shown to be accurate in medical transcription, we believe hospitals and medical clinics have been slow to adopt the new technology due to their preference for a live transcriptionist with whom they can interact.

Despite current industry changes, we believe there is opportunity for our company in this market. We believe we can occupy the space left in the industry where the small shops were pushed out with newer and more efficient transcription technology and methods available now. Although we do not believe we can compete with the volume of the larger players in the transcription industry, we assume a smaller shop like ours, utilizing the web, can provide competitive services with lower overhead. By adopting global outsourcing and providing our medical transcriptionists and clients a web-based platform to communicate, we believe we can provide time-efficient services at a competitive price.

### **Plan of Operations**

Since inception, our operations have primarily consisted of the organization of our business and the development of our business plan. Our business plan includes a two-phase plan that details the purchase of a medical transcription platform. Currently we are still in Phase 1 of our plan which includes the following:

Formation of our Company

Completion of our business plan; and

The acquisition of additional funding

Phase 1 have been completed, with the exception of raising additional funding. To date, our founder, Christopher Weinhaupl, has conducted all operations. As such, upon incorporating our Company, Mr. Weinhaupl was named as the Company's sole officer and director. Operations and expenditures have included the incorporation of Scripton Work Solutions Inc, f/k/a Transtech Solutions, Inc. under the laws of the State of Nevada, and the formation of an extensive business plan in which we have mapped out all of the initial services that we plan to offer to our clients. Phase 1 will culminate with the completion of this Offering, which will hopefully allow us to raise capital through public or private debt or sale of equity and see us through Phase 2. Phase 2 involves purchasing a medical transcription platform and we do not intend on entering Phase 2 until the Company raises additional funding either through public or private debt or sale of equity.

## Table of Contents

### **Products and Services**

Scripton Work Solutions Inc, f/k/a Transtech plans to provide medical transcription services for the medical community. We expect to transcribe office visits, surgery notes, lab results, admissions, assessment, and discharge summaries. Our future customers may simply and efficiently use phone dictation or send voice files via the Internet.

- **Next Day Turnaround:** Scripton Work Solutions Inc, f/k/a Transtech plans to offer 24 hour turnaround time on all dictation received by 6:00pm Central Time. If this isn't fast enough, we intend to also provide STAT transcription services with turnaround in less than 4 hours.
- **Physician Portal:** Physicians may review and correct the transcribed report using standard Word functionality and any changes are saved to the server and may be accessed or distributed to all users. The physician signs the document with a single mouse click upon which the report is electronically stamped and marked as final. The final report is then distributed based on the user defined distribution rules.
- **98% Accuracy:** Physicians demand high quality medical transcription that is verifiable and accurate. All transcripts will be graded by proof-readers based on the American Association of Medical Transcription standards. Scripton Work Solutions Inc, f/k/a Transtech plans to guarantee 98% accuracy or better or files are provided free.
- **24 Hour Data Access:** Scripton Work Solutions Inc, f/k/a Transtech plans to provide 24/7 access to data. The company's servers will offer redundant power backups as well as complete backup Internet backbone to assure that data is always accessible.
- **Quality Assurance:** Scripton Work Solutions Inc, f/k/a Transtech projects to provide 4 to 6 months of training to all transcriptionists that join Transtech. Once training is complete, transcriptionists will be placed in a live environment where all their work is scrutinized for accuracy. Only after 2 to 3 years will transcriptionists be promoted to Assistant Quality Assurance positions in the Quality Assurance Department. We plan for all transcriptions to be guaranteed for 98% accuracy or better based on American Association of Medical Transcription Standards.
- **Easy File Transfers:** Scripton Work Solutions Inc, f/k/a Transtech's interface will be architected with usability for the computer illiterate as well as the tech savvy user. A minimal interface will allow future clients to copy their dictations from their recorders and send it to Scripton Work Solutions Inc, f/k/a Transtech's servers with just 3 clicks of a mouse.
- **HIPAA Compliant:** Scripton Work Solutions Inc, f/k/a Transtech's medical transcription services will be fully compliant with Health Insurance Portability and Accountability Act of 1996 (HIPAA) guidelines and the HIPAA administrative simplification provision, PHI.

Assuming we are able to successfully raise funding from public or private debt or sale of equity, we will begin the second part of our business plan. In order to initiate Phase 2 of our operations, we will have to raise enough money to purchase the medical transcription platform. While we are researching the medical transcription platform to purchase, we will begin initial preparations for the launch of our platform and website.

## Table of Contents

**Platform purchase** – We plan to purchase our medical transcription platform. The purchase of our platform and development of our website will entail the bulk of Phase 2. We plan to allocate \$65,000 to purchase the medical transcription software. At this time we will also allocate \$10,000 to purchase servers and hosting for our planned website and platform.

**Hire additional staff** – When our platform has been purchased, we will begin hiring additional staff to prepare for our launch. We plan to hire one full-time marketing representative to begin work on a marketing plan for our launch. We will allocate \$30,000 for the salary of the marketing representative, and up to \$50,000 on marketing materials. We will use the marketing ideas of our President, Christopher Weinhaupl, as set forth in our “Marketing” section. However, we will look to our new employees to come up with new and innovative ways to promote our Company.

**Beta testing** – Once our platform is fully deployed, and our sales and marketing teams are in place, we will begin beta testing our website and transcription platform.

**Acquisition of clients**– When we are ready to offer our medical transcription services to the public, we intend to launch a marketing campaign ourselves in order to promote our services to potential clients. This will complete Phase 2 of our development.

In order to complete Phase 2 of our business plan, we will rely on the management skills of our President. He will have to work closely with our sales and marketing team to make sure that there is constant communication between each. The sales of our services will be directly related to the work that our marketing team is providing. In the months that follow our launch, the work of our website developers will be critical as well. We hope to be in a phase of rapid growth, and our staff will be working hard to provide constant updates to our site, and fix any bugs that may occur. Our President will have to work hard to keep all components of our business on track.

With our currently available capital resources, we will be able to conduct phase one of our planned operations, which includes the formation of our company and the completion of our business plan. We will need to raise additional capital in order to commence phase two of our planned operations, which is to purchase the transcription platform and begin our sales and marketing efforts. Using currently available capital resources, the minimum period of time that we will be able to conduct or planned operations is approximately twelve months.

Description	Time period	Estimated maximum expenses
Working Capital	10-12 months	\$10,000
Website Hosting and Servers	10-12 months	\$10,000
Platform Purchase	10-12 months	\$65,000
Marketing Representatives	10-12 months	\$30,000
Marketing Materials	10-12 months	\$50,000
Admin / Professional Fees	10-12 months	\$15,000
<b>Total</b>		<b>\$180,000</b>

## **Management**

### **Directors, Executive Officers, Promoters and Control Persons**

The Board of Directors elects our executive officers annually. A majority vote of the directors who are in office is required to fill vacancies. Each director shall be elected for the term of one year and until his successor is elected and qualified or until his earlier resignation or removal. Our directors and executive officers are as follows:

Christopher Weinhaupl, 43, has been an accomplished serial entrepreneur over the last 15 years. Mr. Weinhaupl’s active roles are contributing to the Technology and Business Development of new market technologies. Mr. Weinhaupl has forged and built a number of startup firms in diverse industries from services to product sales. Mr. Weinhaupl looks for opportunities where Technology is a major disruptive factor in a mature market segment.

Since 2010, Christopher Weinhaupl has held ownership and founder of Canadapack a North American cross boarder Logistics Company. From 2001 to present, Mr. Weinhaupl has been a Senior Partner at “mypharmacard”, a payment processor solution for web based Pharma companies. From 2005 to present, Mr. Weinhaupl has held a position as Senior Network Support at Enterprise Contact Centers, providing technology support for North American businesses.

**COMMISSION POSITION ON INDEMNIFICATION FOR SECURITIES ACT LIABILITIES**

<b>Name</b>	<b>Age</b>	<b>Position</b>
Mr. Christopher Weinhaupl	43	CEO, President & Director

Our Articles of Incorporation provides that we shall indemnify our directors and officers to the fullest extent permitted by Nevada law and that none of our directors will be personally liable to the Company or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability:

- for any breach of the director's duty of loyalty to the Company or its stockholders;
- for acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of the law;
- under Nevada General Corporation Law for the unlawful payment of dividends; or
- for any transaction from which the director derives an improper personal benefit.

These provisions require us to indemnify our directors and officers unless restricted by Nevada law and eliminate our rights and those of our stockholders to recover monetary damages from a director for breach of his fiduciary duty of care as a director except in the situations described above. The limitations summarized above, however, do not affect our ability or that of our stockholders to seek non-monetary remedies, such as an injunction or rescission, against a director for breach of his or his fiduciary duty.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, we have been advised that in the opinion of the Securities and Exchange Commission, such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Table of Contents

**Employees**

As of the date of this filing, the Company has no full time employees other than our sole officer and director, Mr. Weinhaupl. We currently rely of Mr. Weinhaupl to manage all aspects of our business. We plan to use both in-house and freelance medical transcriptionists, who are trained and licensed, to perform the transcription work on our platform and servers.

<b>Name</b>	<b>Department</b>	<b>Function</b>	<b>Salary</b>	<b>Contractors</b>
ChristopherWeinhaupl	Admin	Business Development / Information Technology	None	N/A

***Employees and Consultants***

As of the date of this filing, the Company has no full time employees other than our sole officer and director, Mr. Weinhaupl. We currently rely on Mr. Weinhaupl, to manage all aspects of our business. Mr. Weinhaupl has committed to devote up to 30 hours per week to our Company. We plan to use third-party developers to assist in the production of our proposed website. We intend to add staff as the Company grows. Any such additions will be made at the judgment of management to meet the Company's then current needs.

***Legal Proceedings***

We know of no material, existing or pending legal proceedings against our Company, nor are we involved as a plaintiff in any material proceeding or pending litigation. There are no proceedings in which our director, officer or any affiliates, or any registered or beneficial shareholder, is an adverse party or has a material interest adverse to our interest.

***Long-Term Incentive Plans***

We currently have no Long-Term Incentive Plans.

***Director Compensation***

None.

***Director Independence***

Our board of directors is currently composed of one member, Christopher Weinhaupl, who does not qualify as an independent director in accordance with the published listing requirements of the NASDAQ Global Market. The NASDAQ independence definition includes a series of objective tests, such as that the director is not, and has not been for at least three years, one of our employees and that neither the director, nor any of his family members has engaged in various types of business dealings with us. In addition, our board of directors has not made a subjective determination as to each director that no relationships exist which, in the opinion of our board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, though such subjective determination is required by the NASDAQ rules. Had our board of directors made these determinations, our board of directors would have reviewed and discussed information provided by the directors and us with regard to each director's business and personal activities and relationships as they may relate to us and our management.

***Security Holders Recommendations to Board of Directors***

We welcome comments and questions from our shareholders. Shareholders can direct communications to our Chief Executive Officer, Christopher Weinhaupl, at our executive offices. However, while we appreciate all comments from shareholders, we may not be able to individually respond to all communications. We attempt to address shareholder questions and concerns in our press releases and documents filed with the SEC so that all shareholders have access to information about us at the same time. Mr. Weinhaupl collects and evaluates all shareholder communications. All communications addressed to our director and executive officer will be reviewed by Mr. Weinhaupl unless the communication is clearly frivolous.

**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table sets forth certain information at March 28, 2013, with respect to the beneficial ownership of shares of Common Stock by (i) each person known to us who owns beneficially more than 5% of the outstanding shares of Common Stock (based upon reports which have been filed and other information known to us), (ii) each of our Directors, (iii) each of our Executive Officers and (iv) all of our Executive Officers and Directors as a group. Unless otherwise indicated, each stockholder has sole voting and investment power with respect to the shares shown. As of March 28, 2013, we had 50,100,000 shares of Common Stock issued and outstanding.

<u>Title of class</u>	<u>Name and address of beneficial owner</u>	<u>Amount and Nature of Beneficial Ownership</u>	<u>Percentage of Common Stock <sup>(1)</sup></u>
Common Stock	ChristopherWeinhaul 47 Sundown Green SE Calgary, AB	30,100,000	60%
	<b>Total</b>	50,100,000	100%

(1)

Under Rule 13d-3 promulgated under the Exchange Act, a beneficial owner of a security includes any person who, directly or indirectly, through any contract, arrangement, understanding, relationship, or otherwise has or shares: (i) voting power, which includes the power to vote, or to direct the voting of shares; and (ii) investment power, which includes the power to dispose or direct the disposition of shares. Certain shares may be deemed to be beneficially owned by more than one person (if, for example, persons share the power to vote or the power to dispose of the shares). In addition, shares are deemed to be beneficially owned by a person if the person has the right to acquire the shares (for example, upon exercise of an option) within 60 days of the date as of which the information is provided. In computing the percentage ownership of any person, the amount of shares is deemed to include the amount of shares beneficially owned by such person (and only such person) by reason of these acquisition rights.

We are not aware of any arrangements that could result in a change of control.

**CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

On August 26, 2011, the Company issued 10,000,000 shares of common stock at a price of \$0.001 per share for a value of \$10,000 to Christopher Weinhaupl, its President. The Company relied on Section 4(2) of the Securities Act for this issuance.

On September 4, 2012, the Company issued 20,100,000 shares of common stock at a price of \$0.001 per share for a value of \$20,100 to Christopher Weinhaupl, its President. The Company relied on Section 4(2) of the Securities Act for this issuance.

As a result, Mr. Weinhaupl owns 60% of the issued and outstanding common shares of the Company.

Other than the foregoing, none of the following persons has any direct or indirect material interest in any transaction to which we were or are a party since the beginning of our last fiscal year, or in any proposed transaction to which we propose to be a party:

- (A) any of our director(s) or executive officer(s);
- (B) any nominee for election as one of our directors;
- (C) any person who is known by us to beneficially own, directly or indirectly, shares carrying more than 5% of the voting rights attached to our Common Stock; or
- (D) any member of the immediate family (including spouse, parents, children, siblings and in-laws) of any of the foregoing persons named in paragraph (A), (B) or (C) above.

**Report of Independent Registered Public Accounting Firm**

To the Board of Directors and Stockholders  
Scription Work Solutions Inc  
(fka: Transtech Solutions Inc)  
(A Development Stage Company)

We have audited the accompanying balance sheets of Scription Work Solutions Inc (fka: Transtech Solutions Inc. ) (A development stage company) as of December 31, 2012 and 2011, and the related statements of operations, stockholders' equity and cash flows for the year ended December 31, 2012, the period from July 12, 2011(date of inception) to December 31, 2011, and the period from July 12, 2011 (date of inception) to December 31, 2012. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits include consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial positions of Scription Work Solutions Inc (fka: Transtech Solutions Inc.) as of December 31, 2012 and 2011, and the results of its operations and its cash flows for the year ended December 31, 2012, the period from July 12, 2011(date of inception) to December 31, 2011, and the period from July 12, 2011 (date of inception) to December 31, 2012 in conformity with accounting principles generally accepted in the United States of America.

The financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the financial statements, the Company's losses from operations raise substantial doubt about its ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

**Scripton Work Solutions Inc.  
(f/k/a: Transtech Solutions Inc.)  
(A Development Stage Company)  
Notes to the Financial Statements  
December 31, 2012  
(Audited)**

**1. ORGANIZATION AND BUSINESS OPERATIONS**

Scripton Work Solutions Inc. ("the Company") (f/k/a: Transtech Solutions Inc.) was incorporated under the laws of the State of Nevada, U.S. on July 12, 2011. The Company is in the development stage as defined under Statement on Financial Accounting Standards Accounting Standards Codification FASB ASC 915-205 "Development-Stage Entities." The Company has not generated any revenue to date and consequently its operations are subject to all risks inherent in the establishment of a new business enterprise. As of December 31, 2012 the Company has \$40,048.09 in cash.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

a) Basis of Presentation

The financial statements of the Company have been prepared in accordance with generally accepted accounting principles in the United States of America and are presented in US dollars.

b) Going Concern

The financial statements have been prepared on a going concern basis which assumes the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. The Company has incurred losses since inception and further losses are anticipated in the development of its business raising substantial doubt about the Company's ability to continue as a going concern. The ability to continue as a going concern is dependent upon the Company generating profitable operations in the future and/or to obtain the necessary financing to meet its obligations and repay its liabilities arising from normal business operations when they come due. Management intends to finance operating costs over the next twelve months with existing cash on hand and loans from directors and or private placement of common stock. These financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts, or amounts and classification of liabilities that might result from this uncertainty.

c) Cash and Cash Equivalents

The Company considers all highly liquid instruments with a maturity of three months or less at the time of issuance to be cash equivalents.

d) Use of Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

e) Foreign Currency Translation

The Company's functional currency and its reporting currency is the United States dollar.

f) Financial Instruments

The carrying value of the Company's financial instruments approximates their fair value because of the short maturity of these instruments.

g) Stock-based Compensation

The Company records stock based compensation in accordance with the guidance in ASC Topic 718 which requires the Company to recognize expense related to the fair value of its employee stock option awards. This eliminates accounting for share-based compensation transactions using the intrinsic value and requires instead that such transactions be

accounted for using a fair-value-based method. The Company recognizes the cost of all share-based awards on a graded vesting basis over the vesting period of the award. To date, the Company has not adopted a stock option plan and has not granted any stock options.

h) Income Taxes

Income taxes are accounted for under the assets and liability method. Deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carry forwards. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled.

i) Basic and Diluted Net Loss per Share

The Company follows ASC Topic 260 to account for the earnings per share. Basic earnings per common share ("EPS") calculations are determined by dividing net loss by the weighted average number of shares of common stock outstanding during the year. Diluted earnings per common share calculations are determined by dividing net income by the weighted average number of common shares and dilutive common share equivalents outstanding. During periods when common stock equivalents, if any, are anti-dilutive they are not considered in the computation.

j) Fiscal Periods

The Company's fiscal year end is December 31.

k) Recent Accounting Pronouncements

The Company has evaluated the recent accounting pronouncements through ASU 2011-06 and believes that none of them will have a material effect on the company's financial statements.

Table of Contents

### **3. COMMON STOCK**

The authorized capital of the Company is 75,000,000 common shares with a par value of \$ 0.001 per share.

During the period between January 2012 and December 2012, the Company issued 20,100,000 shares of common stock at a price of \$0.001 per share for a value of \$20,100 to Christopher Weinhaupl, its President. The Company relied on Section 4(2) of the Securities Act for this issuance.

During the period between January 2012 and December 2012, Company issued 20,000,000 shares of common stock under the private placements agreement to various investors at \$0.001 per share. Company received a total of \$20,000 net of offering proceeds.

There were no further issuances of stock as at December 31, 2012.

### **4. RELATED PARTY TRANSACTIONS**

Mr. Christopher Weinhaupl has not advanced funds to the Company to pay any costs incurred by it. These funds are unsecured, non-interest bearing and due on demand. The balance due Mr. Christopher Weinhaupl was \$0 as on December 31, 2012.

### **5. INCOME TAXES**

For the year ended December 31, 2012 and from January 2012 to December 31, 2012, the Company incurred net operating losses and, accordingly, no provision for income taxes has been recorded. In addition, no benefit for income taxes has been recorded due to the uncertainty of the realization of any tax assets. At December 31, 2012, the Company had approximately \$52 of federal and state net operating losses.

### **5. SUBSEQUENT EVENTS**

In accordance with ASC 855, management evaluated the subsequent events through the date of this report and there are no subsequent events to disclose.

**Scripton Work Inc.**  
**(f/k/a: Transtech Solutions Inc.)**  
**(A Development Stage Company)**  
**Notes to the Financial Statements**  
**March 31, 2013**  
**(Unaudited)**

### **1. ORGANIZATION AND BUSINESS OPERATIONS**

Scripton Work Inc. ("the Company") (f/k/a: Transtech Solutions Inc.) was incorporated under the laws of the State of Nevada, U.S. on July 12, 2011. The Company is in the development stage as defined under Statement on Financial Accounting Standards Accounting Standards Codification FASB ASC 915-205 "Development-Stage Entities." The Company has not generated any revenue to date and consequently its operations are subject to all risks inherent in the establishment of a new business enterprise. As of March 31, 2013 the Company has \$34,751.45 in cash.

### **2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### **a) Basis of Presentation**

The financial statements of the Company have been prepared in accordance with generally accepted accounting principles in the United States of America and are presented in US dollars.

#### **b) Going Concern**

The financial statements have been prepared on a going concern basis which assumes the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. The Company has incurred losses since inception and further losses are anticipated in the development of its business raising substantial doubt about the Company's ability to continue as a going concern. The ability to continue as a going concern is dependent upon the Company generating profitable operations in the future and/or to obtain the necessary financing to meet its obligations and repay its liabilities arising from normal business operations when they come due. Management intends to finance operating costs over the next twelve months with existing cash on hand and loans from directors and or private placement of common stock. These financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts, or amounts and classification of liabilities that might result from this uncertainty.

#### **c) Cash and Cash Equivalents**

The Company considers all highly liquid instruments with a maturity of three months or less at the time of issuance to be cash equivalents.

#### **d) Use of Estimates and Assumptions**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### **e) Foreign Currency Translation**

The Company's functional currency and its reporting currency is the United States dollar.

#### **f) Financial Instruments**

The carrying value of the Company's financial instruments approximates their fair value because of the short maturity of these instruments.

#### **g) Stock-based Compensation**

The Company records stock based compensation in accordance with the guidance in ASC Topic 718 which requires the Company to recognize expense related to the fair value of its employee stock option awards. This eliminates accounting for share-based compensation transactions using the intrinsic value and requires instead that such transactions be accounted for using a fair-value-based method. The Company recognizes the cost of all share-based awards on a graded

vesting basis over the vesting period of the award. To date, the Company has not adopted a stock option plan and has not granted any stock options.

h) Income Taxes

Income taxes are accounted for under the assets and liability method. Deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carry forwards. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled.

i) Basic and Diluted Net Loss per Share

The Company follows ASC Topic 260 to account for the earnings per share. Basic earnings per common share ("EPS") calculations are determined by dividing net loss by the weighted average number of shares of common stock outstanding during the year. Diluted earnings per common share calculations are determined by dividing net income by the weighted average number of common shares and dilutive common share equivalents outstanding. During periods when common stock equivalents, if any, are anti-dilutive they are not considered in the computation.

j) Fiscal Periods

The Company's fiscal year end is December 31.

k) Recent Accounting Pronouncements

The Company has evaluated the recent accounting pronouncements through ASU 2011-06 and believes that none of them will have a material effect on the company's financial statements.

Table of Contents

**3. COMMON STOCK**

The authorized capital of the Company is 75,000,000 common shares with a par value of \$ 0.001 per share.

During the period between January 2012 and December 2012, the Company issued 20,100,000 shares of common stock at a price of \$0.001 per share for a value of \$20,100 to Christopher Weinhaupl, its President. The Company relied on Section 4(2) of the Securities Act for this issuance.

During the period between January 2012 and December 2012, Company issued 20,000,000 shares of common stock under the private placements agreement to various investors at \$0.01 per share. Company received a total of \$20,000 net of offering proceeds.

There were no further issuances of stock as at December 31, 2012.

**4. RELATED PARTY TRANSACTIONS**

Mr. Christopher Weinhaupl has not advanced funds to the Company to pay any costs incurred by it. These funds are unsecured, non-interest bearing and due on demand. The balance due Mr. Christopher Weinhaupl was \$0 as on March 31, 2013.

**5. INCOME TAXES**

For the quarter ended March 31, 2013, the Company incurred net operating losses and, accordingly, no provision for income taxes has been recorded. In addition, no benefit for income taxes has been recorded due to the uncertainty of the realization of any tax assets. At March 31, 2013, the Company had approximately \$15,349 of federal and state net operating losses.

**6. SUBSEQUENT EVENTS**

In accordance with ASC 855, management evaluated the subsequent events through the date of this report and there are no subsequent events to disclose.

**20,000,000 SHARES  
COMMON STOCK**

**PROSPECTUS**

**DEALER PROSPECTUS DELIVERY OBLIGATION**

Until (180 days after the effective date), all dealers that effect transactions in these securities, whether or not participating in this offering, may be required to deliver a prospectus. This is in addition to the dealers' obligation to deliver a prospectus when acting as underwriters and with respect to their unsold allotments or subscriptions.

**Part II**

**Information Not Required In the Prospectus**

**Other Expenses of Issuance and Distribution**

The following table is an itemization of all expenses, without consideration to future contingencies, incurred or expected to be incurred by us in connection with the issuance and distribution of the securities being offered by this Prospectus. Items marked with an asterisk (\*) represent estimated expenses. We have agreed to pay all the costs and expenses of this offering. Selling security holders will pay no offering expenses.

**Indemnification of Directors and Officers**

Our sole officer and Director is indemnified as provided by the Nevada Revised Statutes and our bylaws.

Under the NRS, director immunity from liability to a company or its shareholders for monetary liabilities applies automatically unless it is specifically limited by a company's articles of incorporation that is not the case with our articles of incorporation. Excepted from that immunity are:

- (1) a willful failure to deal fairly with the company or its shareholders in connection with a matter in which the director has a material conflict of interest;
- (2) a violation of criminal law (unless the director had reasonable cause to believe that his or her conduct was lawful or no reasonable cause to believe that his or her conduct was unlawful);
- (3) a transaction from which the director derived an improper personal profit; and
- (4) willful misconduct.

Table of Contents

Our bylaws provide that we will indemnify our directors and officers to the fullest extent not prohibited by Nevada law; provided, however, that we may modify the extent of such indemnification by individual contracts with our directors and officers; and, provided, further, that we shall not be required to indemnify any director or officer in connection with any proceeding (or part thereof) initiated by such person unless:

- (1) such indemnification is expressly required to be made by law;
- (2) the proceeding was authorized by our Board of Directors;
- (3) such indemnification is provided by us, in our sole discretion, pursuant to the powers vested us under Nevada law;  
or
- (4) such indemnification is required to be made pursuant to the bylaws.

Our bylaws provide that we will advance all expenses incurred to any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that he is or was our director or officer, or is or was serving at our request as a director or executive officer of another company, partnership, joint venture, trust or other enterprise, prior to the final disposition of the proceeding, promptly following request. The Company's obligations of indemnification, if any, shall be conditioned on the Company receiving prompt notice of the claim and the opportunity to settle and defend the claim. The Company may, to the extent permitted by law, purchase and maintain insurance on behalf of an individual who is or was a director, officer, employee or agent of the Corporation.

### Exhibits

The following is a list of exhibits filed as part of this Registration Statement. Where so indicated by footnote, exhibits which were previously filed are incorporated herein by reference. Any statement contained in an Incorporated Document shall be deemed to be modified or superseded for purposes of this Registration Statement to the extent that a statement contained herein or in any other subsequently filed Incorporated Document modifies or supersedes such statement. Any such statement so modified or superseded shall not be deemed, except as so modified or superseded, to constitute a part of this Registration Statement.

Exhibit Number	Description
3.1	Articles of Incorporation of Scription Work Solutions, Inc.
3.2	Bylaws of Scription Work Solutions, Inc.
4.1	Form of Subscription Agreement
5.1	Opinion of Dean Law Corp, re: the legality of the shares being registered
23.1	Auditor Consent
23.2	Consent of Dean Law Corp (included in Exhibit 5.1)

All other Exhibits called for by Rule 601 of Regulation S-K are not applicable to this filing.

#### Undertakings:

Information pertaining to our common stock is contained in our Articles of Incorporation and Bylaws. Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of our counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by us is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

The undersigned registrant hereby undertakes:

To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

- i. To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;
- ii. To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement.
- iii. To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

2. That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the

offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

3. To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

Table of Contents

4. That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

ii. If the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

**Signatures**

In accordance with the requirements of the Securities Act of 1933, the registrant certifies that it has reasonable grounds to believe that it meets all of the requirements of filing on Form S-1 and authorized this registration statement to be signed on our behalf by the undersigned, on June 27, 2013 .

Ivan Griswold  
United States Securities and Exchange Commission  
100 F Street, N.E.  
Washington, D. C. 20549

Dear Mr. Griswold:

**Re: Scription Work Solutions, Inc. (the "Company")**  
**Amendment No.2 to Registration Statement on Form S-1**  
**Filed March 29, 2013, May 10, 2013**  
**File No. 333-187609**

I am President and C.E.O. of the Company and am writing this letter on behalf of the Company. Your comments are reprinted below along with our response and, if applicable, our proposed changes to the Registration Statement:

1. Our preliminary review of your amended registration statement indicates that it fails in numerous material respects to comply with the requirements of the Securities Act of 1933, the rules and regulations under that Act, and the requirements of the form. We will not perform a detailed examination of the registration statement and we will not issue comments because to do so would delay the review of other disclosure documents that do not appear to contain comparable deficiencies.

Specifically, we note that your independent registered public accounting firm did not opine on all of the financial statements included in the filing. In this regard, the auditors should opine on the balance sheets for both December 31, 2012 and 2011. Also, the report of the independent registered public accounting firm should refer to their audit of the statement of operations, stockholders' equity and cash flows for the year ended December 31, 2012; the period from July 12, 2011 (date of inception) to December 31, 2011; and the period from July 12, 2011 (date of inception) to December 31, 2012. In addition, as previously indicated in comment 36 of our letter dated April 25, 2013, to the extent your independent registered public accounting firm makes reference to specific financial statements in their consent, please ensure that they refer to all of the audited financial statements. Alternatively, they may choose to refer to the report date only. Please ensure that the report and consent of your independent registered public accounting firm is revised accordingly.

If you were to request acceleration of the effective date of the registration statement in its present form, we would likely recommend that the Commission deny your request. We suggest that you consider filing a substantive amendment to correct the deficiencies.

ANSWER: The report from our independent registered public accounting firm has been amended to opine on all of the financial statements included in the filing.

**Re: Scription Work Solutions, Inc. (the "Company")**  
**Amendment No.1 to Registration Statement on Form S-1**  
**Filed March 29, 2013, May 10, 2013**  
**File No. 333-187609**

1. Since you appear to qualify as an "emerging growth company," as defined in the Jumpstart Our Business Startups Act, please supplementally provide us with copies of all written communications, as defined in Rule 405 under the Securities Act, that you, or anyone authorized to do so on your behalf, present to potential investors in reliance on Section 5(d) of the Securities Act, whether or not they retain copies of the communications. Similarly, please supplementally provide us with any research reports about you that are published or distributed in reliance upon Section 2(a)(3) of the Securities Act of 1933 added by Section 105(a) of the Jumpstart Our Business Startups Act by any broker or dealer that is participating or will participate in your offering.

ANSWER: We have not approached potential investors with any written communications. To our knowledge, there have been no published research reports that have been distributed by any brokers or dealers. We are not affiliated with

any brokers or dealers in this offering.

2. Transtech Medical Solutions, a Texas-based company, also provides medical transcription services. Please tell us whether you are affiliated with that company; also tell us whether the existence of a business with a substantially similar name in the same business sector creates any investment or other material risks.

ANSWER: We are not affiliated with Transtech Medical Solutions. We were contacted by the legal counsel of Transtech Medical Solutions, and as of May 24, 2013, have change our company name to Scription Work Solutions, Inc to minimize any investment or other material risks.

3. Your cover page disclosure and your disclosure elsewhere in your document indicate that your transaction is a resale offering and that the company will not receive any proceeds from the offering. Please therefore remove the tabular disclosure on the cover page specifying the net proceeds to be received by the company since this disclosure is inconsistent with the terms of your offering. Review your disclosure throughout your document to eliminate similar inconsistent statements that suggest the company will generate proceeds from this offering. As examples, without limitation, we note your statements on page 3 that you will obtain certain proceeds from this offering and on pages 5 and 27 that you hope to raise money through the sale of securities, as contemplated in this offering, and that if sufficient funds are raised, you would be able to launch your company.

ANSWER: The disclosure has been amended to eliminate inconsistent statements that suggest the company will generate proceeds from this offering.

4. Please remove your statements regarding amending the exhibit index to include the legality opinion as Exhibit 5.1.

ANSWER: The statement has been removed.

Prospectus Summary  
Company Overview, page 5

5. Please include a brief description of what medical transcription solutions entail and what specific medical transcription solutions or platforms you intend to offer. In addition, briefly clarify the steps you have taken or plan to take with respect to developing the solutions you intend to market and discuss your anticipated timing with respect to having a market-ready solution.

ANSWER: The following disclosure has been added.

Medical transcription is converting confidential patient information from various sources such as voice recordings or medical notes into electronic text documents by medical transcriptionists. Scription Work Solutions intends to purchase one of many transcription platforms available on the market such as Dragon Medical Software or eScription, which our medical transcriptionists will use for physicians in hospitals, clinics and diagnostic laboratories in the United States. Since inception, our operations have primarily consisted of the formation of our company, completion of our business plan, and the acquisition of funding. We have not commenced in purchasing transcription software as we have not yet raised the minimum funds necessary to commence operations. A market-ready transcription platform will not be available for 10-12 months after we have raised the necessary funds.

6. You state both that you will need to raise a minimum of \$200,000 to operate over the next 12 months and that you estimate your costs to be approximately \$20,000 over the next 12 months. Please revise to address this apparent inconsistency.

ANSWER: The disclosure has been amended.

7. You state that your headquarters are located in Las Vegas, Nevada. However, the tabular disclosure on page 31 indicates that your sole officer and director Christopher Weinhaupl resides in Long Beach, California. Please explain how the company's principal executive offices are located in Las Vegas, Nevada, when the company's sole executive appears to reside in Long Beach, California.

ANSWER: The disclosure has been amended. The company's sole executive resides in Calgary. Although the headquarters are located in Nevada, Christopher Weinhaupl travels frequently, and plans to work at both locations once Scription Work

Solutions commences operations.

8. You state that you are endeavoring to be a reporting company due to the transparency provided by the public reporting process. Please revise to clarify that regardless of admission on the OTCBB, upon effectiveness of the registration statement, pursuant to Section 15(d) of the Securities Exchange Act, you will be required to file periodic reports with the Commission. Please also consider adding a risk factor informing potential investors of how the regulatory requirements imposed on Section 15(d) registrants are more limited than those imposed upon fully reporting companies and discuss the resulting risks. For example, investors in Section 15(d) companies do not have the protections of proxy rules, Section 16 short swing profit requirements, beneficial ownership reporting, institutional investment manager reporting rules, and third party tender offer rules.

ANSWER: The disclosure has been amended to include the following:

**As of effectiveness of our registration statement of which this prospectus is a part, the Company will not become a fully reporting company, but rather, will be subject to the reporting requirements of Section 15(d) of the Securities Exchange Act of 1934.**

We will be required to file periodic reports with the SEC which will be immediately available to the public for inspection and copying. Except during the year that our registration statement becomes effective, these reporting obligations may be automatically suspended under Section 15(d) if we have less than 300 shareholders. If this occurs after the year in which our registration statement becomes effective, we will no longer be obligated to file periodic reports with the SEC and your access to our business information would then be even more restricted; however, that filing obligation will generally apply even if our reporting obligations have been suspended automatically under section 15(d) of the Exchange Act prior to the due date for the Form 10-K. After that fiscal year and provided the Company has less than 300 shareholders, the Company is not required to file these reports. If the reports are not filed, the investors will have reduced visibility as to the Company and its financial condition.

In addition, as a filer subject to Section 15(d) of the Exchange Act, the Company is not required to prepare proxy or information statements, and our common stock will not be subject to the protection of the ongoing private regulations. Additionally, the Company will be subject to only limited portions of the tender offer rules, and our officers, directors, and more than ten (10%) percent shareholders are not required to file beneficial ownership reports about their holdings in our Company, and will not be subject to the short-swing profit recovery provisions of the Exchange Act. Further, more than five percent (5%) holders of classes of our equity securities will not be required to report information about their ownership positions in the securities. This means that your access to information regarding our business will be limited.

As a reporting company under the Exchange Act, we are required to comply with the internal control evaluation and certification requirements of Section 404 of the Sarbanes-Oxley Act of 2002. Section 404 of the Sarbanes-Oxley Act requires annual management assessments of the effectiveness of our internal control over financial reporting, starting with the second annual report that we file with the SEC after the consummation of this Offering. In connection with the implementation of the necessary procedures and practices related to internal control over financial reporting, we may identify deficiencies that we may not be able to remediate in time to meet the deadline imposed by the Sarbanes-Oxley Act for compliance with the requirements of Section 404. We will be unable to issue securities in the public markets through the use of a shelf registration statement if we are not in compliance with Section 404. Furthermore, failure to achieve and maintain an effective internal control environment could have a material adverse effect on our business and share price and could limit our ability to report our financial results accurately and timely

Risk Factors, page 10

9. It appears likely that you may have less than 300 record holders following the completion of the offering. Please consider adding risk factor that informs stockholders of the possibility that your reporting obligations may be suspended pursuant to Section 15(d) of the Exchange Act of 1934 due to a limited number of record holders as well as the resultant risks in that event.

ANSWER: We have added the following disclosure.

**We have less than 300 record holders following the completion of the offering, and pose the risk of being suspended.**

The Company will not become a fully reporting company, but rather, will be subject to the reporting requirements of

Section 15(d) of the Securities Exchange Act of 1934. As of the effectiveness of our Registration Statement of which this prospectus is a part, we will be required to file periodic reports with the SEC which will be immediately available to the public for inspection and copying. Except during the year that our Registration Statement becomes effective, these reporting obligations may be automatically suspended under Section 15(d) if we have less than 300 shareholders. If this occurs after the year in which our Registration Statement becomes effective, we will no longer be obligated to file periodic reports with the SEC and your access to our business information would then be even more restricted. After this Registration Statement on Form S-1 becomes effective, we will be required to deliver periodic reports to security holders. However, we will not be required to furnish proxy statements to security holders and our directors, officers and principal beneficial owners will not be required to report their beneficial ownership of securities to the SEC pursuant to Section 16 of the Securities Exchange Act of 1934 until we have both 500 or more security holders and greater than \$10 million in assets. This means that your access to information regarding our business will be limited.

10. You assert that you are a shell company as defined in Securities Act Rule 405. Accordingly, please add a risk factor that highlights the unavailability of Securities Act Rule 144 for purposes of meeting the safe harbor requirement from the definition of underwriter, including any effect on the liquidity of your shares and on your ability to attract additional capital to implement your business plan or sustain operations.

ANSWER: The following disclosure has been added.

**We are a shell company as defined in Securities Act Rule 405, and may not have available to us the Securities Act Rule 144 for purposes of meeting the safe harbor requirement.**

The unavailability of Securities Act Rule 144 from the definition of underwriter, may negatively affect liquidity of our shares and on our ability to attract additional capital to implement our business plan or sustain operations. Therefore, negatively affecting our cash flow and business plan moving forward.

11. Please expand your disclosures relating to the Emerging Growth Company exemption, to fully clarify that as a smaller reporting company you will not be required to make the effectiveness evaluations of your internal control over financial reports, and disclose the results of such evaluation, until the filing of your second annual report. Additionally, you will not be required to obtain an auditor attestation with respect to management's conclusion about the effectiveness of internal control over financial reporting for so long as you remain a smaller reporting company.

ANSWER: The following disclosure has been added:

**We may be exposed to potential risks resulting from new requirements under section 404 of the Sarbanes-Oxley Act of 2002.**

In addition to the costs of compliance with having our shares listed on the OTCBB, there are substantial penalties that could be imposed upon us if we fail to comply with all regulatory requirements. In particular, under Section 404 of the Sarbanes-Oxley Act of 2002, as a smaller reporting company, our management will be required to provide a report on the effectiveness of our internal controls over financial reporting, beginning with our second annual report, and we will not be required to provide an auditor's attestation regarding such report. We have not assessed the effectiveness of our disclosure controls and procedures or our internal controls over financial reporting, and we expect to incur additional expenses and diversion of management's time as a result of performing the system and process evaluation, testing and remediation required in order to comply with the management certification requirements. Additionally, investors should be aware of the risk that management may assess and render the Company's internal controls ineffective, which could have a material adverse effect on the Company's financial condition or result of operations."

There is substantial doubt about our ability to continue as a going concern..., page 10

12. This risk factor appears to substantially overlap with the second risk factor on page 12. In order to minimize duplicative disclosure, please consider revising this section to combine these risk factors. Likewise, the risk factors at the bottom of page 13 and top of page 14 addressing penny stocks and the requirements on broker-dealers appear to be duplicative and should similarly be revised.

ANSWER: The disclosure has been amended to include the following:

**Because our auditors have issued a going concern opinion, there is substantial uncertainty we will continue operations in which case you could lose your investment.**

Our auditors have issued a going concern opinion. This means that there is substantial doubt that we can continue as an ongoing business for the next twelve months as we lack an operating history. The financial statements do not include any adjustments that might result from the uncertainty about our ability to continue in business. As such we may have to cease operations and you could lose your investment. If we do not commence our operations, secure financing, and related activities or if we do not secure funding to implement our business plan, we estimate current available financial resources will sustain our operations only through the next few months, and then only if continued funding by the management of the company.

Our lack of an established brand name and relative lack of resources..., page 12

13. You state that you intend to engage in the sale of medical transcription solutions. However, on page 12, you indicate that you will be competing in the day spa soil remediation industry. Please revise to ensure that your intended business is described in a consistent manner.

ANSWER: The disclosure has been amended.

Although we believe that we currently have adequate internal control..., page 14

14. You state that management is required to report on the effectiveness of your internal control over financial reporting for the year ended December 31, 2012 and from the period from inception (July 12, 2011) to December 31, 2012. Please tell us why you believe you are required to comply with paragraphs (a) and (b) of Item 308 of Regulation S-K at December 31, 2012 or revise your disclosures accordingly. We refer you to the Instructions to Item 308 of Regulation S-K.

ANSWER: We are not required to comply with paragraphs (a) and (b) of Item 308 of Regulation S-K at December 31, 2012, and have revised our disclosure accordingly.

Determination of Offering Price, page 15

15. You state that the selling shareholders may offer their shares "on or off OTCBB." It appears that you should remove the reference to selling shares on the OTCBB since your shares are not quoted there. Please revise or advise.

ANSWER: The disclosure has been revised.

Plan of Distribution; Terms of the Offering, page 17

16. In discussing the offering price, you state that selling shareholders will sell their shares at a fixed price and that thereafter, the sales price may be the market price, a price related to the market price or as some other price. Please revise your disclosure to clarify that the shares will be sold at the fixed price until your shares are quoted on the OTC Bulletin Board and thereafter at prevailing market prices or privately negotiated prices.

ANSWER: The disclosure has been revised to the following:

The selling stockholders, who are underwriters, will sell their shares at the fixed price until our shares are quoted on the OTC Bulletin Board and thereafter at prevailing market prices or privately negotiated prices. Our common stock is not currently listed on any national exchange or electronic quotation system. To date, no actions have been taken to list our shares on any national exchange or electronic quotation system. If our common stock becomes publicly traded, then the sales price to the public will vary according to the selling decisions of each selling stockholder and the market for our stock at the time of resale.

Expense of Registration, page 19

17. You state that you expect to incur \$9,000 in costs relating to the registration of your common stock; however, on page 49, you indicate that you expect to incur \$20,000 in expenses in connection with this offering. Please revise throughout to reconcile this discrepancy.

ANSWER: The disclosure has been amended to reconcile this discrepancy.

Selling Shareholders, page 19

18. The information included in this section appears duplicative of the information under the same heading disclosed on page 16. Similarly, we also note that you appear to provide redundant information in Disclosure of Commission Position of Indemnification for Securities Act Liabilities on pages 32 and 33. Please revise your registration statement to eliminate duplicative disclosure sections.

ANSWER: The registration statement has been amended to eliminate duplicative disclosure sections.

Information with Respect to the Registrant, page 23

19. Since you are a development stage company with no current operations, customers or revenues, please ensure that your business description accurately reflects your current business activities and distinguishes your current capabilities from your future business plans. In some instances you describe your business as having current operations. For instance, on page 25 you state that Transtech Solutions is providing its customers with a medically-trained transcription service and on page 27 you provide a list of products and services you typically provide. Please revise throughout to provide a clear, consistent and accurate description of your current activities, which are distinguished from your future plans.

ANSWER: The disclosure has been revised throughout to distinguish our current activities with our future plans.

20. Any discussion of your business plans should be balanced with disclosure that your business may not materialize in the event you are unable to execute your plan. For example, on page 23, you state that your company will cater to the healthcare sectors by providing “timely, highly accurate medical transcription of dictated patient reports,” and that your technology “will allow an efficient way to manage transcription services on a web-based platform.” To the extent your filing continues to include statements that predict accomplishments in the future, expand to provide meaningful discussion of the events or circumstances that may prevent the accomplishment of these objectives.

ANSWER: The disclosure has been amended to provide meaningful discussion of the events or circumstances that may prevent the accomplishment of our objectives.

21. Please revise your disclosures to ensure that any qualitative descriptions regarding industry growth are reasonably substantiated. For example, please provide support for the following statements:

- “The growth of the medical transcription field has been spurred due to insurance company requirements for legible notes...” (page 24);
- “For transcription services this means a recent surge in demand for transcription services from customers that are now relying on outsourced service providers,” (page 25); and
- “The majority of competition is in the form of small mom & pop companies with annual revenues of less than \$500,000.” (page 26).

ANSWER: The disclosure has been amended to ensure that any qualitative descriptions regarding industry growth are reasonably substantiated.

Industry Overview, page 24

22. You state that the Bureau of Labor Statistics reports that employment of medical transcriptionists is expected to grow six percent from 2010 to 2020. Please ensure that your disclosure is balanced and accurately reflects any reports you cite. For instance, it appears that you should expand your disclosure to explain that according to BLS, this growth rate is slower than average for all occupations. Please also revise any other projections that rely on this study to provide insight into potential industry growth.

ANSWER: The disclosure has been expanded to include that the growth rate is slower than average for all occupations.

23. We note that you have included in your document a hyperlink to the Bureau of Labor Statistics website. Please refer to Securities Act Release No. 33-7856 regarding the implications of including hyperlinked information in your document.

ANSWER: The hyperlink to the Bureau of Labor Statistics website has been removed.

Transtech’s Competitive Advantage, page 26

24. You state that many small shops are being pushed out of the industry due to the pressure of new technology, global outsourcing, turnaround time-demands and volume demands. You also indicate that there is significant potential within market.

Please provide additional detail explaining why this is an opportunity for your company and how the identified pressures affect your business plans.

ANSWER: The following disclosure has been added:

New technology such as voice recognition transcription software have been disruptive force in the medical transcription industry. Although voice technology has been shown to be accurate in medical transcription, we believe hospitals and medical clinics have been slow to adopt the new technology due to their preference for a live transcriptionist with whom they can interact.

Despite current industry changes, we believe there is opportunity for our company in this market. We believe we can occupy the space left in the industry where the small shops were pushed out with newer and more efficient transcription technology and methods available now. Although we do not believe we can compete with the volume of the larger players in the transcription industry, we assume a smaller shop like ours, utilizing the web, can provide competitive services with lower overhead. By adopting global outsourcing and providing our medical transcriptionists and clients a web-based platform to communicate, we believe we can provide time-efficient services at a competitive price.

Plan of Operations, page 26

General

25. Please revise to include a liquidity discussion pursuant to Item 303(a)(1) of Regulation S-K and ensure you disclose the minimum period of time that you will be able to conduct your planned operations using currently available capital resources. We refer you also to Instructions 2 and 3 to Item 303(a) of Regulation S-K for additional guidance.

ANSWER: The following disclosure has been added:

With our currently available capital resources, we will be able to conduct phase one of our planned operations, which includes the formation of our company and the completion of our business plan. We will need to raise additional capital in order to commence phase two of our planned operations, which is to purchase the transcription platform and begin our sales and marketing efforts. Using currently available capital resources, the minimum period of time that we will be able to conduct or planned operations is approximately twelve months.

Management, page 28

26. Please provide all of the information required by Item 401(a) and (b) of Regulation S-K. In addition, tell us whether you have complied with paragraphs (f) and (g) of this Item.

ANSWER: The registration statement has been amended to include all of the information required by Item 401(a) and (b) of Regulation S-K. We have also complied with paragraphs (f) and (g) of this Item.

27. Please revise the description relating to Mr. Weinhaupl's professional background to ensure that it fully complies with Item 401(e) of Regulation S-K. For example, disclose Mr. Weinhaupl's principal occupations and employment, including the names of the companies or employers, in a chronologically complete manner for the past five years. If Mr. Weinhaupl is currently employed elsewhere, please provide clear disclosure to this effect.

ANSWER: The following disclosure has been amended to the following:

Since 2010, Christopher Weinhaupl has held ownership and founder of Canadapack a North American cross boarder Logistics Company. From 2001 to present, Mr. Weinhaupl has been a Senior Partner at "mypharmacard", a payment processor solution for web based Pharma companies. From 2005 to present, Mr. Weinhaupl has held a position as Senior Network Support at Enterprise Contact Centers, providing technology support for North American businesses.

Employees and Consultants, page 29

28. Mr. Weinhaupl has committed to devote up to 30 hours per week to your company. Please consider including a risk factor discussing the risks associated with the fact that Mr. Weinhaupl, the sole employee, officer and director, is committing a limited amount of time to the management of the company. In addition, tell us what consideration you gave to discussing any conflicts of interest that may arise based on Mr. Weinhaupl's other business activities.

ANSWER: The following disclosure has been added:

**Mr. Weinhaupl, the sole employee, officer and director, is committing a limited amount of time to the management of the company.**

Mr. Weinhaupl's involvement with his other businesses currently occupies most of his time and schedule. Certain tasks for Scription Work Solutions may not be completed in a timely fashion due to travel and other commitments. The Company has given consideration to conflicts of interest that may arise based on Mr. Weinhaupl's commitment to his other businesses. However, as the owner, Mr. Weinhaupl is fortunate to have a very flexible work environment and schedule; thus we believe he can fulfill his responsibilities both during the week and on the weekend, allowing him to prioritize his schedule to devote time as needed to the Scription Work Solutions.

29. You include certain expense disclosures, relating ostensibly to your plan of operations, under Legal Proceedings. Please revise, or explain why this disclosure is appropriate in this section.

ANSWER: The disclosure has been revised and placed in the appropriate section.

Certain Relationships and Related Transactions, page 32

30. Please tell us whether Mr. Weinhaupl falls within the definition of the term "promoter" as defined in Rule 405, and consequently whether disclosure regarding his status is required to be included in the registration statement pursuant to Item 404(c) of Regulations S-K

ANSWER: Mr. Weinhaupl does not fall under the definition of the term "promoter" as defined in Rule 405. The disclosure regarding his status is not required to be included in the registration statement pursuant to Item 404(c) of Regulation S-K.

Financial Statements

General

31. Please tell us why you included a separate set of financial statements for the period from inception (July 12, 2011) to December 31, 2011 when this information is already included alongside the fiscal 2012 financial statements. Alternatively, revise to remove the financial statements and related footnote disclosures on pages 36 – 41 and ensure that your footnote disclosures beginning on page 47 refer to fiscal 2011 operations, where appropriate.

ANSWER: The inclusion of a separate set of financial statements for the period from inception (July 12, 2011) to December 31, 2011 was an error. The 2011 audited financial statements and notes to financials have been removed.

Report of Independent Registered Public Accounting Firm, page 35

32. Please revise to ensure that the report from your independent registered public accounting firm opines on the statements of operations, stockholders' equity and cash flows for the year ended December 31, 2012 and for the period from inception (July 12, 2011) to December 31, 2011 in addition to the cumulative-to-date period from July 12, 2011 to December 31, 2012.

ANSWER: The report from our independent registered public accountant has been revised.

33. Tell us why you included the review report of your independent registered public accounting firm on page 42 or revise to remove this report.

ANSWER: The review report from our independent registered public accounting firm has been removed.

Balance Sheets, page 43

34. Revise to include audited balance sheets in which total assets equals total liabilities and stockholders' equity.

ANSWER: The Balance Sheet has been revised to include an audited balance sheet in which total assets equals total liabilities and stockholders' equity.

General

35. Revise to disclose the date through which subsequent events have been evaluated and state whether that date is the date the financial statements were issued or the date the financial statements were available for issuance pursuant to ASC 855-10-50-1.

ANSWER: The following disclosure has been added.

## 5. SUBSEQUENT EVENTS

In accordance with ASC 855, management evaluated the subsequent events through the date of this report and there are no subsequent events to disclose.

Exhibit 23

36. We note that the consent of your independent registered public accounting firm refers to a report dated February 8, 2012; however, the report of the independent registered public accounting firm as filed on page 35 is dated March 28, 2013. Please revise accordingly. Also, to the extent that you make reference to specific financial statements in the consent, please ensure that you refer to all of the audited financial statements. In this regard, we refer you to our comment above under the report of your independent registered public accounting firm. Alternatively, you may choose to refer to the report date only.

ANSWER: The consent of our independent registered public accounting firm has been amended to refer to the correct date.

Indemnification of Directors and Officers, page 49

37. The summary of the indemnification provisions of your bylaws does not appear to reflect the provisions of Article IX of your bylaws. For example, your bylaws do not appear to include a provision under which independent legal counsel would provide a written opinion. Please revise this section to ensure that it accurately summarizes the applicable indemnification provisions of your bylaws.

ANSWER: The Indemnification of Directors and Officers has been amended to reflect the provisions of Article IX of our Bylaws.

Exhibits, page 51

38. Please file the form of subscription agreement that you will require investors in the offering to execute. We note the disclosure at page 51 in this respect.

ANSWER: A form of the subscription agreement has been filed.

Thank you.

Scripton Work Solutions, Inc  
848 N. Rainbow Blvd., Unit 1175  
Las Vegas, Nevada 89107

THESE SECURITIES HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933 (THE "US SECURITIES ACT") AND MAY NOT BE OFFERED OR SOLD IN THE UNITED STATES OR TO U.S. PERSONS (OTHER THAN DISTRIBUTORS) UNLESS THE SECURITIES ARE REGISTERED UNDER THE US SECURITIES ACT, OR AN EXEMPTION FROM THE REGISTRATION REQUIREMENTS OF THE US SECURITIES ACT IS AVAILABLE. HEDGING TRANSACTIONS INVOLVING THESE SECURITIES MAY NOT BE CONDUCTED UNLESS IN COMPLIANCE WITH THE US SECURITIES ACT.

The foregoing Subscription is accepted for and on behalf of Scripton Work Solutions Inc.:

By: _____ Christopher Weinhaupl, President	Date: _____
---	-------------

#### 1.0 Purchase and Sale of Shares

1.1 The Purchaser subscribes for and agrees to purchase common shares of Scripton Work Solutions Inc., a Nevada corporation (the "Issuer") in the amount set out above (the "Shares"), to be recorded in the name of the Purchaser at the address set out above.

## **2.0 Representations, Warranties and Acknowledgements of the Purchaser**

- 2.1 No oral representations or oral information furnished to the Purchaser, or relied upon by the Purchaser, in connection with the Purchaser's purchase of the Shares, were in any way inconsistent with the written material provided by the Issuer.
- 2.2 The Purchaser acknowledges that no information furnished by the Issuer constitutes investment, accounting, legal or tax advice. The Purchaser is relying solely upon itself and its professional advisors, if any, for such advice.
- 2.3 The representations, warranties and acknowledgements of the Purchaser contained in this Section will survive the Closing (as defined below).
- 2.4 The Purchaser certifies that:
- (a) the Purchaser is not a U.S. person and is not acquiring the securities for the account or benefit of any U.S. person; or
  - (b) the Purchaser is a U.S. person who purchased securities in a transaction that did not require registration under the U.S. Securities Act.
- 2.5 The Purchaser agrees not to engage in hedging transactions with regard to the Shares unless in compliance with the US Securities Act.

## **3.0 Representations, Warranties and Acknowledgements of the Issuer**

The Issuer acknowledges, represents and warrants as of the date of this Agreement that the Shares, when issued, will be fully paid and non-assessable shares of the Issuer and will be issued free and clear of all liens, charges and encumbrances of any kind whatsoever, subject only to the re-sale restrictions under applicable securities laws.

## **4.0 Restriction of Securities and Disposition**

4.1 **No registration**. The Purchaser acknowledges and understands that the Shares have not been registered under the US Securities Act or any other securities laws, are not qualified for resale in the U.S., and that the Shares must be held indefinitely unless subsequently registered under the US Securities Act or an exemption from such registration is available.

The Issuer shall refuse to register any transfer of the Shares not made in accordance with the provisions of Regulation S of the US Securities Act pursuant to registration under the US Securities Act, or pursuant to an available exemption from registration.

4.2 **Legending of the Shares**. The Purchaser also acknowledges and understands that the certificates representing the Shares will be stamped with the following legend (or substantially equivalent language) restricting transfer in the following manner:

"The transfer of the securities represented by this certificate is prohibited except in accordance with the provisions of Regulation S promulgated under the United States Securities Act of 1933, as amended (the "Act"), pursuant to registration under the Act or pursuant to an available exemption from registration. In addition, hedging transactions involving such securities may not be conducted

unless in compliance with the Act.”

The Purchaser hereby consents to the Issuer making a notation on its records or giving instructions to any transfer agent of the Shares in order to implement the restrictions on transfer described in this Agreement.

#### **5.0 Closing**

5.1 The Issuer will confirm whether or not the Agreement is acceptable, whereupon the Issuer will deliver to the Purchaser a signed copy of this Agreement (the “Closing”), and within one year shall deliver a certificate representing the Shares, registered in the name of the Purchaser.

#### **6.0 Withdrawal of Subscription**

6.1 The Purchaser has a two day cancellation right and can cancel this Agreement by sending notice to the Issuer by midnight on the second business day after the Purchaser signs this Agreement.

#### **7.0 Miscellaneous**

7.1 Except as expressly provided in this Agreement, this Agreement contains the entire agreement between the parties with respect to the Shares and there are no other terms, conditions, representations or warranties whether expressed, implied, or written by statute, by common law, by the Issuer, by the Purchaser or by anyone else.

**[END OF SUBSCRIPTION AGREEMENT]**

If any of the securities being registered on this Form are to be offered on a delayed or continuous basis pursuant to Rule 415 under the Securities Act of 1933, check the following box.

If this Form is filed to register additional securities for an offering pursuant to Rule 462(b) under the Securities Act, check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering.

If this Form is a post-effective amendment filed pursuant to Rule 462(c) under the Securities Act, check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering.

If this Form is a post-effective amendment filed pursuant to Rule 462(d) under the Securities Act, check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering.

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See definitions of "large accelerated filer," "accelerated filer," and "smaller reporting company" in Rule 12b-2 of the Exchange Act (Check one):

Large accelerated filer  Accelerated filer  Non-accelerated filer  **Smaller reporting company**

(Do not check if a smaller reporting company)

**CALCULATION OF REGISTRATION FEE**

<b>Title of Each Class of Securities to be Registered</b>	<b>Amount to be Registered</b>	<b>Maximum Offering Price Per Share</b>	<b>Maximum Aggregate Offering Price (1)</b>	<b>Amount of Registration Fee (1)</b>
Common Stock, \$0.01 par value per share	20,000,000	\$0.01	\$200,000	\$27.28

(1) Estimated solely for the purpose of calculating the registration fee in accordance with Rule 457(a) under the Securities Act.

**THE REGISTRANT HEREBY AMENDS THIS REGISTRATION STATEMENT ON SUCH DATE OR DATES AS MAY BE NECESSARY TO DELAY ITS EFFECTIVE DATE UNTIL THE REGISTRANT SHALL FILE A FURTHER AMENDMENT WHICH SPECIFICALLY STATES THAT THIS REGISTRATION STATEMENT SHALL THEREAFTER BECOME EFFECTIVE IN ACCORDANCE WITH SECTION 8(a) OF THE SECURITIES ACT OF 1933 OR UNTIL THE REGISTRATION STATEMENT SHALL BECOME EFFECTIVE ON SUCH DATE AS THE COMMISSION, ACTING PURSUANT TO SECTION 8(a), MAY DETERMINE.**

**The information in this prospectus is not complete and may be changed. The selling stockholders may not sell these securities until the registration statement filed with the Securities and Exchange Commission is effective. This prospectus is not an offer to sell these securities and is not soliciting an offer to buy these securities in any state or other jurisdiction where the offer or sale is not permitted.**

**Subject to completion, dated \_\_\_\_\_, 2013**

*The information in this prospectus is not complete and may be changed. We may not sell these securities until the Registration Statement filed with the Securities and Exchange Commission is effective. This prospectus is not an offer to sell these securities and is not soliciting an offer to buy these securities in any jurisdiction where an offer or sale is not permitted.*

**PRELIMINARY PROSPECTUS**

**Scirption Work Solutions Inc.**  
**(F/K/A: TRANSTECH SOLUTIONS, INC.)**  
**843 N Rainbow Blvd, Unit 1175**  
**Las Vegas, NV 89107**

**20,000,000 SHARES OF COMMON STOCK**

The selling shareholders named in this prospectus are offering all of the shares of common stock offered through this prospectus for a period of up to two years from the effective date.

Our common stock is presently not traded on any market or securities exchange.

-----

**THE PURCHASE OF THE SECURITIES OFFERED THROUGH THIS PROSPECTUS INVOLVES A HIGH DEGREE OF RISK. See section entitled "Risk Factors" on pages 8 to 14 of this prospectus.**

**The information in this prospectus is not complete and may be changed. This prospectus is not an offer to sell these securities and it is not soliciting an offer to buy these securities in any state where the offer or sale is not permitted.**

The selling shareholders, who are underwriters, will sell our shares at a fixed price of \$0.01 per share for the duration of the offering. We will not receive any proceeds from the offering. We intend to apply for quotation on the OTCBB, but there is no guarantee that we will be accepted for quotation or will engage a market maker to file an application on our behalf. There is no assurance of when, if ever, our stock will be listed on an exchange. The absence of a public market for our common stock makes our shares highly illiquid. It will be difficult to sell the common stock of our company.

We are currently in the development stage and have nominal operations and minimal assets, which makes us a "shell company" as defined in Rule 12b-2 of the Exchange Act.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

We are not a blank check company and have no plans or intention to engage in a business combination with another entity. Because our auditors have issued a going concern opinion, there is substantial uncertainty we will continue operations. We are an Emerging Growth Company as defined in the Jumpstart Our Business Startups Act.

**The Date of this prospectus is \_\_\_\_\_, 2013.**

## **PROSPECTUS SUMMARY**

**Prospective investors are urged to read this prospectus in its entirety.**

**This summary highlights selected information contained elsewhere in this prospectus. This summary does not contain all the information that you should consider before investing in the common stock. You should carefully read the entire prospectus, including “Risk Factors”, “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and the Financial Statements, before making an investment decision. The terms “Scription Work Solutions Inc” f/k/a “Transtech Solutions Inc” “we,” “us” and “our” as used in this prospectus refer to Scription Work Solutions Inc.**

### ***Company Overview***

Scription Work Solutions Inc, f/k/a Transtech Solutions, Inc. (the “Company”) was incorporated in the State of Nevada on July 12, 2011. We are a development stage company that plans to engage in the sale of medical transcription services. We intend to purchase a web-based platform that will give us the ability to reach potential customers. ChristopherWeinhaupl, who is currently our sole officer and director, founded our Company. Our headquarters are located at 843 N Rainbow Blvd, Unit 1175, Las Vegas, NV 89107.

Medical transcription is converting confidential patient information from various sources such as voice recordings or medical notes into electronic text documents by medical transcriptionists. Scription Work Solutions intends to purchase one of many transcription platforms available on the market such as Dragon Medical Software or eScription, which our medical transcriptionists will use for physicians in hospitals, clinics and diagnostic laboratories in the United States. Since inception, our operations have primarily consisted of the formation of our company, completion of our business plan, and the acquisition of funding. We have not commenced in purchasing transcription software as we have not yet raised the minimum funds necessary to commence operations. A market-ready transcription platform will not be available for 10-12 months after we have raised the necessary funds.

We will need to raise a minimum of \$200,000 over the next twelve months through public or private debt or sale of equity to execute our business plan to become a revenue generating company. If we are unable to obtain the level of financing, our business may fail.

We are endeavoring to be a reporting company with the SEC as we believe doing so will provide us with greater opportunities to access and acquire the additional capital that we require for our growth and to further implement our business plan. In addition, becoming a reporting issuer may provide us with more financing alternatives, due to the transparency provided by the public reporting requirements.

Since inception, our operations have consisted of incorporating our Company and formulating our business plan. The Company intends to begin substantive operations within 10-12 months after we obtain our necessary funding requirements. The initial plan of operations calls for the Company to begin marketing our transcription services to potential business clients. We believe that if we are able to raise the full amount of funds contemplated herein, we would be able to launch our Company and properly market our transcription services . We will design a full marketing strategy to gain brand awareness, and ultimately obtain a large medical transcription client base.

## Table of Contents

Although our sole officer and director has only recently become interested in the medical transcription business, and does not have any professional training or technical credentials in the development and maintenance of such a company, he has experience running a business. We plan to purchase a medical transcription platform and hire qualified marketing and sales personnel staff if we are successful in raising capital. We do not have any verbal or written agreements regarding the retention of any qualified personnel to date.

Although the Company has no market for its common stock, management believes that the Company will meet all requirements to be quoted on the OTC market, and even though the Company's common stock will likely be a penny stock, becoming a reporting company will provide us with enhanced visibility and give us a greater possibility to provide liquidity to our shareholders.

We are currently a development stage company and to date we have recorded no revenue. Accordingly, our independent registered public accountants have issued a comment regarding our ability to continue as a going concern (please refer to the footnotes to the financial statements). Until such time that we are able to establish a consistent flow of revenues from our operations which is sufficient to sustain our operating needs, management intends to rely primarily upon debt financing to supplement cash flows, if any, generated by our services. We will seek out such financing as necessary to allow the Company to continue to grow our business operations, and to cover such cost, including professional fees, associated with being a reporting Company with the Securities and Exchange Commission ("SEC"); we estimate such costs to be approximately \$200,000 for 12 months following this Offering. The Company has included such costs to become a publicly reporting company in its targeted expenses for working capital expenses and intends to seek out reasonable loans from friends, family and business acquaintances if it becomes necessary. At this point we have been funded by our sole officer, family, friends and business acquaintances.

## Table of Contents

We are an Emerging Growth Company as defined in the Jumpstart Our Business Startups Act.

We shall continue to be deemed an emerging growth company until the earliest of:

(A) the last day of the fiscal year of the issuer during which it had total annual gross revenues of \$1,000,000,000 (as such amount is indexed for inflation every 5 years by the Commission to reflect the change in the Consumer Price Index for All Urban Consumers published by the Bureau of Labor Statistics, setting the threshold to the nearest 1,000,000) or more;

(B) the last day of the fiscal year of the issuer following the fifth anniversary of the date of the first sale of common equity securities of the issuer pursuant to an effective registration statement under this title;

(C) the date on which such issuer has, during the previous 3-year period, issued more than \$1,000,000,000 in non-convertible debt; or

(D) the date on which such issuer is deemed to be a 'large accelerated filer', as defined in section 240.12b-2 of title 17, Code of Federal Regulations, or any successor thereto.

As an emerging growth company we are exempt from Section 404(b) of Sarbanes Oxley. Section 404(a) requires Issuers to publish information in their annual reports concerning the scope and adequacy of the internal control structure and procedures for financial reporting. This statement shall also assess the effectiveness of such internal controls and procedures.

Section 404(b) requires that the registered accounting firm shall, in the same report, attest to and report on the assessment on the effectiveness of the internal control structure and procedures for financial reporting.

As an emerging growth company we are exempt from Section 14A and B of the Securities Exchange Act of 1934 which require the shareholder approval of executive compensation and golden parachutes.

We have irrevocably opted out of the extended transition period for complying with new or revised accounting standards pursuant to Section 107(b) of the Act.

**Because our auditors have issued a going concern opinion, there is substantial uncertainty we will continue operations in which case you could lose your investment.**

Our auditors have issued a going concern opinion. This means that there is substantial doubt that we can continue as an ongoing business for the next twelve months as we lack an operating history. The financial statements do not include any adjustments that might result from the uncertainty about our ability to continue in business. As such we may have to cease operations and you could lose your investment. We currently have no commitments to raise the minimum funds necessary to become a revenue generating company over the next twelve months.

**As of effectiveness of our registration statement of which this prospectus is a part, the Company will not become a fully reporting company, but rather, will be subject to the reporting requirements of Section 15(d) of the Securities Exchange Act of 1934.**

We will be required to file periodic reports with the SEC which will be immediately available to the public for inspection and copying. Except during the year that our registration statement becomes effective, these reporting obligations may be automatically suspended under Section 15(d) if we have less than 300 shareholders. If this occurs after the year in which our registration statement becomes effective, we will no longer be obligated to file periodic reports with the SEC and your access to our business information would then be even more restricted; however, that filing obligation will generally apply even if our reporting obligations have been suspended automatically under section 15(d) of the Exchange Act prior to the due date for the Form 10-K. After that fiscal year and provided the Company has less than 300 shareholders, the Company is not required to file these reports. If the reports are not filed, the investors will have reduced visibility as to the Company and its financial condition.

In addition, as a filer subject to Section 15(d) of the Exchange Act, the Company is not required to prepare proxy or information statements, and our common stock will not be subject to the protection of the ongoing private regulations. Additionally, the Company will be subject to only limited portions of the tender offer rules, and our officers, directors, and more than ten (10%) percent shareholders are not required to file beneficial ownership reports about their holdings in our Company, and will not be subject to the short-swing profit recovery provisions of the Exchange Act. Further, more than five percent (5%) holders of classes of our equity securities will not be required to report information about their ownership positions in the securities. This means that your access to information regarding our business will be limited.

As a reporting company under the Exchange Act, we are required to comply with the internal control evaluation and certification requirements of Section 404 of the Sarbanes-Oxley Act of 2002. Section 404 of the Sarbanes-Oxley Act requires annual management assessments of the effectiveness of our internal control over financial reporting, starting with the second annual report that we file with the SEC after the consummation of this Offering. In connection with the implementation of the necessary procedures and practices related to internal control over financial reporting, we may identify deficiencies that we may not be able to remediate in time to meet the deadline imposed by the Sarbanes-Oxley Act for compliance with the requirements of Section 404. We will be unable to issue securities in the public markets through the use of a shelf registration statement if we are not in compliance with Section 404. Furthermore, failure to achieve and maintain an effective internal control environment could have a material adverse effect on our business and share price and could limit our ability to report our financial results accurately and timely

**SUMMARY OF THIS OFFERING**

<b>The Issuer</b>	Scription Work Solutions Inc, f/k/a Transtech Solutions Inc.
<b>Securities being offered</b>	Up to 20,000,000 shares of Common Stock
<b>Offering Type</b>	The selling shareholders will sell our shares at a fixed price of \$0.01 per share.
<b>Per Share Price</b>	The selling stockholders may offer their shares through public or private transactions at a fixed price of \$0.01 per share. We will pay all expenses of registering the securities, estimated at approximately \$20,000 .
<b>Termination of the Offering</b>	The offering will conclude when all of the 20,000,000 shares of common stock have been sold, the shares no longer need to be registered to be sold due to the operation of Rule 144 or we decide at any time to terminate the registration of the shares at our sole discretion. In any event, the offering shall be terminated no later than two years from the effective date of this registration statement.
<b>Securities Issued And to be Issued</b>	50,100,000 shares of our common stock are issued and outstanding as of the date of this prospectus. All of 20,000,000 shares will be sold by existing shareholder
<b>Use of Proceeds</b>	We will not receive any proceeds from the sale of the common stock by the selling shareholders.
<b>Market for the Common Stock</b>	There is currently no public market for the shares of our common stock. There can be no assurance that a market maker will agree to file the necessary documents with FINRA to allow our shares of common stock to be traded on the OTCBB, nor can there be any assurance that such an application for quotation will be approved if filed. FINRA operates the OTCBB. We have agreed to bear the expenses relating to the registration of the shares for the Selling Stockholders.

Table of Contents

**Summary Financial Information**

The following audited financial information summarizes the more complete historical financial information at the end of this prospectus.

	<b>As of Dec 31, 2012 (Audited)</b>	
<b>Balance Sheet</b>		
Total Assets	\$	40,048
Total Liabilities	\$	0
Stockholders' Equity	\$	40,048
		<b>Period from July 12, 2011 (date of inception) to Dec 31, 2012 (Audited)</b>
<b>Income Statement</b>		
Revenue	\$	-
Total Operating Expenses	\$	10,052
Net Loss	\$	(10,052)

## **RISK FACTORS**

In addition to the other information provided in this Prospectus, you should carefully consider the following risk factors in evaluating our business before purchasing any of our common stock.

**Our lack of operating history makes it difficult for us to evaluate our future business prospects and make decisions in implementing our business plan. You are unable to determine whether we will ever become profitable, which increases your investment risk.**

We were incorporated on July 12, 2011. We have no operating history. Our business plan is speculative and unproven. There is no assurance that we will be successful in executing our business plan or that, even if we successfully implement our business plan, we will ever generate revenues or profits, which makes it difficult to evaluate our business. As a consequence, it is difficult, if not impossible, to forecast our future results based upon our historical data. Because of the uncertainties related to our lack of historical operations, we may be hindered in our ability to anticipate and timely adapt to increases or decreases in sales, revenues, or expenses. If we make poor operational decisions in implementing our business plan, we may never generate revenues or become profitable or incur losses, which may result in a decline in our stock price.

**Because we will need additional capital to implement our business plan and may not be able to obtain sufficient capital, we may be forced to limit the scope of our operations, and our revenues may be reduced.**

In connection with implementing our business plans, we will experience increased capital needs and accordingly, we may not have sufficient capital to fund our future operations without additional capital investments. Our capital needs will depend on numerous factors, including the following:

We cannot assure you that we will be able to obtain capital in the future to meet our needs. We have no sources of financing identified. If we cannot obtain additional funding, we may be required to:

- limit our ability to implement our business plan;
- limit our marketing efforts; and
- decrease or eliminate capital expenditures.

Even if we do find a source of additional capital, we may not be able to negotiate terms and conditions for receiving the additional capital that are acceptable to us. Any future capital investments could dilute or otherwise adversely affect the holdings or rights of our existing shareholders. In addition, new equity or convertible debt securities issued by us to obtain financing could have rights, preferences and privileges senior to our Common Stock. Any additional financing may not be available to us, or if available, may not be on terms favorable to us.

**We will require financing to achieve our current business strategy and our inability to obtain such financing could prohibit us from executing our business plan and cause us to slow down our expansion or cease our operations.**

We will need to raise a minimum of \$200,000 over the next twelve months through public or private debt or sale of equity to execute our business plan to become a revenue generating company. Such financing may not be available as needed. Even if such financing is available, it may be on terms that are materially adverse to your interests with respect to dilution of book value, dividend preferences, liquidation preferences or other terms. If we are unable to obtain this financing on reasonable terms, we would be unable to hire the additional employees needed to execute our business plan and we would be forced to delay or scale back our plans for expansion. This would delay our ability to get our operations to profitability and could force us to cease operations. In addition, such inability to obtain financing on reasonable terms could have a material adverse effect on our business, operating results or financial condition.

Moreover, in addition to monies needed to commence operations over the next twelve months, we anticipate requiring additional funds in order to execute any future plans for growth. No assurance can be given that such funds will be available or, if available, will be on commercially reasonable terms satisfactory to us. There can be no assurance that we will be able to obtain financing if or when it is needed on terms we deem acceptable.

**Our lack of an established brand name and relative lack of resources could negatively impact our ability to effectively compete in the medical transcription industry, which could reduce the value of your investment.**

We do not have an established brand name or reputation in the business of providing medical transcription services. We also have a relative lack of resources to conduct our business operations. Thus, we may have difficulty effectively competing with companies that have greater name recognition and financial resources than we do. Our inability to promote and/or protect our brand name may have an adverse effect on our ability to compete effectively in the market.

**Because our auditors have issued a going concern opinion, there is substantial uncertainty we will continue operations in which case you could lose your investment.**

Our auditors have issued a going concern opinion. This means that there is substantial doubt that we can continue as an ongoing business for the next twelve months as we lack an operating history. The financial statements do not include any adjustments that might result from the uncertainty about our ability to commence in business. As such we may have to cease operations and you could lose your investment. If we do not commence our operations, secure financing, and related activities or if we do not secure funding to implement our business plan, we estimate current available financial resources will sustain our operations only through the next few months, and then only if continued funding by the management of the company.

**If we do not make a profit, we may have to suspend or cease operations.**

Because we are small and do not have much capital, we must limit our marketing to the existing business relationships of our CEO, Mr. Christopher Weinhaupl. Because we will be limiting our marketing activities, we may not be able to attract enough clients to operate profitably. If we cannot operate profitably, we may have to suspend or cease our operations.

**We are dependent on our CEO, Mr. Christopher Weinhaupl, to guide our initial operations and implement our plan of operations. If we lose such services we will have to change our business plan/direction or cease operations.**

Our success will depend on the ability and resources of our CEO & President. If we lose the services of our CEO, we will be forced to either change our business plan and direction or cease operations. We have no written employment agreement with our CEO. We have not obtained any key man life insurance relating to our CEO. If we lose such services, we may not be able to hire and retain another CEO with comparable experience. As a result, the loss of Mr. Christopher Weinhaupl's services could reduce our revenues. We have no written employment agreement or covenant not to compete with Mr. Christopher Weinhaupl.

**Mr. Weinhaupl, the sole employee, officer and director, is committing a limited amount of time to the management of the company.**

Mr. Weinhaupl's involvement with his other businesses currently occupies most of his time and schedule. Certain tasks for Scription Work Solutions may not be completed in a timely fashion due to travel and other commitments. The Company has given consideration to conflicts of interest that may arise based on Mr. Weinhaupl's commitment to his other businesses. However, as the owner, Mr. Weinhaupl is fortunate to have a very flexible work environment and schedule; thus we believe he can fulfill his responsibilities both during the week and on the weekend, allowing him prioritize his schedule to devote time as needed to the Scription Work Solutions. **Due to Mr. Weinhaupl's current employment as Senior Network Support at Enterprise Contact Centers, he can currently devote approximately 20 hours per week to our operation. This employment may also impact his flexibility.**

## **Risks Relating To Our Common Stock**

**Because there is no public trading market for our common stock, you may not be able to resell your stock.**

There is currently no public trading market for our common stock. Therefore there is no central place, such as a stock exchange or electronic trading system, to resell your shares. If you do want to resell your shares, you will have to locate a buyer and negotiate your own sale in compliance with applicable federal and state securities laws.

**There is no assurance of a public market or that our common stock will ever trade on a recognized exchange or quotation system. Therefore, you may be unable to liquidate your investment in our stock.**

There is no established public trading market for our common stock. Our shares are not and have not been listed or quoted on any exchange or quotation system. There can be no assurance that a market maker will agree to file the necessary documents with FINRA, which operates the OTCBB, to create such listing or quotation, nor can there be any assurance that such an application would be approved if filed, or that a regular trading market will develop or that if developed, will be sustained. In the absence of a trading market, an investor may be unable to liquidate their investment.

**If our common stock is quoted on the OTC Bulletin Board which may have an unfavorable impact on our stock price and liquidity.**

We anticipate that our common stock will be quoted on the OTC Bulletin Board. The OTC Bulletin Board is a significantly more limited market than the New York Stock Exchange or NASDAQ system. The quotation of our shares on the OTC Bulletin Board may result in a less liquid market available for existing and potential stockholders to trade shares of our common stock, could depress the trading price of our common stock and could have a long-term adverse impact on our ability to raise capital in the future.

**We may be subject to penny stock regulations and restrictions and you may have difficulty selling shares of our common stock.**

The SEC has adopted regulations which generally define so-called “penny stocks” to be an equity security that has a market price less than \$5.00 per share or an exercise price of less than \$5.00 per share, subject to certain exemptions. If our common stock becomes a “penny stock,” we may become subject to Rule 15g-9 under the Exchange Act, or the “Penny Stock Rule.” This rule imposes additional sales practice requirements on broker-dealers that sell such securities to persons other than established customers and “accredited investors” (generally, individuals with a net worth in excess of \$1,000,000 or annual incomes exceeding \$200,000, or \$300,000 together with their spouses). For transactions covered by Rule 15g-9, a broker-dealer must make a special suitability determination for the purchaser and have received the purchaser’s written consent to the transaction prior to sale. As a result, this rule may affect the ability of broker-dealers to sell our securities and may affect the ability of purchasers to sell any of our securities in the secondary market.

For any transaction involving a penny stock, unless exempt, the rules require delivery, prior to any transaction in a penny stock, of a disclosure schedule prepared by the SEC relating to the penny stock market. Disclosure is also required to be made about sales commissions payable to both the broker-dealer and the registered representative and current quotations for the securities. Finally, monthly statements are required to be sent disclosing recent price information for the penny stock held in the account and information on the limited market in penny stock.

There can be no assurance that our common stock will qualify for exemption from the Penny Stock Rule. In any event, even if our common stock were exempt from the Penny Stock Rule, we would remain subject to Section 15(b)(6) of the Exchange Act, which gives the SEC the authority to restrict any person from participating in a distribution of penny stock, if the SEC finds that such a restriction would be in the public interest.

**Because we do not have an audit or compensation committee, shareholders will have to rely on the board of directors, which is not independent, to perform these functions.**

We do not have an audit or compensation committee comprised of independent directors. These functions are performed by the board of directors as a whole. The sole member of the board of directors is not independent. Thus, there is a potential conflict in that board members who are management will participate in discussions concerning management compensation and audit issues that may affect management decisions.

**Our management has limited experience in managing the day to day operations of a public company and, as a result, we may incur additional expenses associated with the management of our company.**

Our CEO Christopher Weinhaupl is responsible for our operations and SEC reporting. The requirements of operating as a small public company are new to him. This will require us to obtain outside assistance from legal, accounting, investor relations or other professionals that could be more costly than planned. We may also be required to hire additional staff to comply with additional SEC reporting requirements and compliance under the Sarbanes-Oxley Act of 2002. Our failure to comply with reporting requirements and other provisions of securities laws could negatively affect our stock price and adversely affect our results of operations, cash flow and financial condition.

**We have less than 300 record holders following the completion of the offering, and pose the risk of being suspended.**

The Company will not become a fully reporting company, but rather, will be subject to the reporting requirements of Section 15(d) of the Securities Exchange Act of 1934. As of the effectiveness of our Registration Statement of which this prospectus is a part, we will be required to file periodic reports with the SEC which will be immediately available to the public for inspection and copying. Except during the year that our Registration Statement becomes effective, these reporting obligations may be automatically suspended under Section 15(d) if we have less than 300 shareholders. If this occurs after the year in which our Registration Statement becomes effective, we will no longer be obligated to file periodic reports with the SEC and your access to our business information would then be even more restricted. After this Registration Statement on Form S-1 becomes effective, we will be required to deliver periodic reports to security holders. **However, we will not be required to furnish proxy statements to security holders and our directors, officers and principal beneficial owners will not be required to report their beneficial ownership of securities to the SEC pursuant to Section 16 of the Securities Exchange Act of 1934 until we have both in excess of \$10 million and a class of equity securities (other than exempted securities) held of record by either (i) 2,000 persons, or (ii) 500 persons who are not accredited investors. For these purposes, the "held of record" definition in Section 12(g)(5) does not include securities held by persons who received the securities pursuant to an employee compensation plan in transactions exempt from the registration requirements under Section 5 of the Securities Act of 1933, as amended ("Securities Act"). This means that your access to information regarding our business will be limited.**

**We are a shell company as defined in Securities Act Rule 405, and may not have available to us the Securities Act Rule 144 for purposes of meeting the safe harbor requirement.**

The unavailability of Securities Act Rule 144 from the definition of underwriter, may negatively affect liquidity of our shares and on our ability to attract additional capital to implement our business plan or sustain operations. Therefore, negatively affecting our cash flow and business plan moving forward.

**We may be exposed to potential risks resulting from new requirements under section 404 of the Sarbanes-Oxley Act of 2002.**

In addition to the costs of compliance with having our shares listed on the OTCBB, there are substantial penalties that could be imposed upon us if we fail to comply with all regulatory requirements. In particular, under Section 404 of the Sarbanes-Oxley Act of 2002, as a smaller reporting company, our management will be required to provide a report on the effectiveness of our

internal controls over financial reporting, beginning with our second annual report, and we will not be required to provide an auditor's attestation regarding such report. We have not assessed the effectiveness of our disclosure controls and procedures or our internal controls over financial reporting, and we expect to incur additional expenses and diversion of management's time as a result of performing the system and process evaluation, testing and remediation required in order to comply with the management certification requirements. Additionally, investors should be aware of the risk that management may assess and render the Company's internal controls ineffective, which could have a material adverse effect on the Company's financial condition or result of operations."

### **Forward Looking Statements.**

Some of the statements in this Prospectus are “forward-looking statements.” These forward-looking statements involve certain known and unknown risks, uncertainties and other factors which may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by these forward-looking statements. These factors include, among others, the factors set forth above under “Risk Factors.” The words “believe,” “expect,” “anticipate,” “intend,” “plan,” and similar expressions identify forward-looking statements. We caution you not to place undue reliance on these forward-looking statements. We undertake no obligation to update and revise any forward-looking statements or to publicly announce the result of any revisions to any of the forward-looking statements in this document to reflect any future or developments. However, the Private Securities Litigation Reform Act of 1995 is not available to us as a penny stock issuer and thus we may not rely on the statutory safe harbor from liability for forward-looking statements. Further, Section 27A(b)(2)(D) of the Securities Act and Section 21E(b)(2)(D) of the Securities Exchange Act expressly state that the safe harbor for forward looking statements does not apply to statements made in connection with this offering.

### **Use of Proceeds**

The selling stockholders are selling shares of common stock covered in the prospectus for their own account. We will not receive any of the proceeds from the resale of these shares. We have agreed to bear the expenses relating to the registration of the shares for the selling stockholders.

### **Determination of Offering Price**

The selling stockholders may offer their shares through public or private transactions at a fixed price of \$0.01 per share. We determined the price of our public offering by arbitrarily adding a \$0.009 per share premium to the last sale price of our common stock to investors. The price does not bear any relationship to our assets, book value, earnings, or other established criteria for valuing a privately held company.

### **Dilution**

The common stock to be sold by the selling shareholders is common stock that is currently issued and outstanding. Accordingly, there will be no dilution to our existing shareholders.

**PLAN OF DISTRIBUTION; TERMS OF THE OFFERING**

**Timing of Sales**

The selling stockholders may offer and sell the shares covered by this prospectus at various times. The selling stockholders will act independently of Scription Work Solutions Inc, f/k/a Transtech Solutions in making decisions with respect to the timing, manner and size of each sale.

The selling shareholders, who are underwriters, will sell our shares at a fixed price of \$0.01 per share for the duration of the offering.”

**Offering Price**

The selling stockholders, who are underwriters, will sell their shares at the fixed price until our shares are quoted on the OTC Bulletin Board and thereafter at prevailing market prices or privately negotiated prices. Our common stock is not currently listed on any national exchange or electronic quotation system. To date, no actions have been taken to list our shares on any national exchange or electronic quotation system. If our common stock becomes publicly traded, then the sales price to the public will vary according to the selling decisions of each selling stockholder and the market for our stock at the time of resale.

## **Manner of Sale**

The selling stockholders may sell their shares directly to purchasers or may use brokers, dealers, underwriters or agents to sell their shares. Brokers or dealers engaged by the selling stockholders may arrange for other brokers or dealers to participate. Brokers or dealers may receive commissions, discounts or concessions from the selling stockholders, or, if any such broker-dealer acts as agent for the purchaser of shares, from the purchaser in amounts to be negotiated immediately prior to the sale. The compensation received by brokers or dealers may, but is not expected to, exceed that which is customary for the types of transactions involved. Broker-dealers may agree with a selling stockholder to sell a specified number of shares at a stipulated price per share, and, to the extent the broker-dealer is unable to do so acting as agent for a selling stockholder, to purchase as principal any unsold shares at the price required to fulfill the broker-dealer commitment to the selling stockholder. Broker-dealers who acquire shares as principal may thereafter resell the shares from time to time in transactions, which may involve block transactions and sales to and through other broker-dealers, including transactions of the nature described above, in the over-the-counter market or otherwise at prices and on terms then prevailing at the time of sale, at prices then related to the then-current market price or in negotiated transactions. In connection with resales of the shares, broker-dealers may pay to or receive from the purchasers of shares commissions as described above.

If our selling stockholders enter into arrangements with brokers or dealers, as described above, we are obligated to file a post-effective amendment to this registration statement disclosing such arrangements, including the names of any broker dealers acting as underwriters.

The selling stockholders and any broker-dealers or agents that participate with the selling stockholders in the sale of the shares may be deemed to be "underwriters" within the meaning of the Securities Act. In that event, any commissions received by broker-dealers or agents and any profit on the resale of the shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act.

## **Sales Pursuant to Rule 144**

Currently, we are a "shell company" as defined in Rule 12b-2 of the Exchange Act, as amended and Rule 144 is not available for the resale of securities issued by any issuer that is or has been at any time previously a shell company unless the following conditions have been met:

- the issuer of the securities that was formerly a shell company has ceased to be a shell company;
- the issuer of the securities is subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act;
- the issuer of the securities has filed all Exchange Act reports and material required to be filed, as applicable, during the preceding 12 months (or such shorter period that the issuer was required to file such reports and materials), other than Form 8-K reports; and
- at least one year has elapsed from the time that the issuer filed current Form 10 type information with the SEC reflecting its status as an entity that is not a shell company.

## **Regulation M**

We have advised the selling security holders that the anti-manipulation rules of Regulation M under the Exchange Act may apply to sales of shares in the market and to the activities of the selling security holders and their affiliates. Regulation M under the Exchange Act prohibits, with certain exceptions, participants in a distribution from bidding for, or purchasing for an account in which the participant has a beneficial interest, any of the securities that are the subject of the distribution. Accordingly, the selling stockholder is not permitted to cover short sales by purchasing shares while the distribution is taking place. Regulation M also governs bids and purchases made in order to stabilize the price of a security in connection with a distribution of the security. In addition, we will make copies of this prospectus available to the selling security holders for the purpose of satisfying the prospectus delivery requirements of the Securities Act.

## **State Securities Laws**

Under the securities laws of some states, the shares may be sold in such states only through registered or licensed brokers or dealers. In addition, in some states the shares may not be sold unless the shares have been registered or qualified for sale in the state or an exemption from registration or qualification is available and is complied with.

## **Expenses of Registration**

We are bearing all costs relating to the registration of the common stock. These expenses are estimated to be \$20,000, including, but not limited to, legal, accounting, printing and mailing fees. The selling stockholders, however, will pay any commissions or other fees payable to brokers or dealers in connection with any sale of the common stock.

## **Selling Shareholders**

The selling shareholders named in this prospectus are offering all of the 20,000,000 shares of common stock offered for resale through this prospectus. The 20,000,000 shares that were previously issued were acquired from us in private placements that were exempt from registration provided under Regulation S of the Securities Act of 1933. Our reliance upon the exemption under Rule 903 of Regulation S of the Securities Act was based on the fact that the sale of the securities was completed in an "offshore transaction," as defined in Rule 902(h) of Regulation S. We did not engage in any directed selling efforts, as defined in Regulation S, in the United States in connection with the sale of the securities. Each investor was not a US person, as defined in Regulation S, and was not acquiring the securities for the account or benefit of a US person.

The following table provides as of the date of this prospectus, information regarding the beneficial ownership of our common stock held by each of the selling shareholders, including:

- the number of shares owned by each prior to this offering;
- the total number of shares that are to be offered for each;
- the total number of shares that will be owned by each upon completion of the offering; and
- the percentage owned by each upon completion of the offering.

The named party beneficially owns and has sole voting and investment power over all shares or rights to these shares.

The numbers in this table assume that none of the selling shareholders sells shares of common stock not being offered in this prospectus or purchases additional shares of common stock, and assumes that all shares offered are sold. The percentages are based on 20,000,000 shares of common stock outstanding on the date of this prospectus.

Other than disclosed above, none of the selling shareholders:

1. has had a material relationship with us other than as a shareholder at any time within the past three years;
2. has ever been one of our officers or directors;

3. is a broker-dealer; or broker-dealer's affiliate.

## **Description of Securities**

### **General**

The following description as a summary of the material terms of the provisions of our Articles of Incorporation and Bylaws as they relate to our capital structure. The Articles of Incorporation and Bylaws have been filed as exhibits to the registration statement of which this Prospectus is a part.

### **Common Stock**

We have 75,000,000 authorized shares of common stock with \$.001 par value. As of December 31, 2012, there were 50,100,000 shares of our common stock issued and outstanding. All shares are equal to each other with respect to liquidation and dividend rights. Holders of voting shares are entitled to one vote for each share that they own at any shareholders' meeting. Holders of our shares of common stock do not have cumulative voting rights.

Each share of common stock entitles the holder to one vote, either in person or by proxy, at meetings of shareholders. The holders are not permitted to vote their shares cumulatively. Accordingly, the shareholders of our common stock who hold, in the aggregate, more than fifty percent of the total voting rights can elect all of our directors and, in such event, the holders of the remaining minority shares will not be able to elect any of the such directors. The vote of the holders of a majority of the issued and outstanding shares of common stock entitled to vote thereon is sufficient to authorize, affirm, ratify or consent to such act or action, except as otherwise provided by law.

Holders of common stock are entitled to receive such dividends, if any, as may be declared by the Board of Directors out of funds legally available. We have not paid any dividends since our inception, and we presently anticipate that all earnings, if any, will be retained for development of our business. Any future disposition of dividends will be at the discretion of our Board of Directors and will depend upon, among other things, our future earnings, operating and financial condition, capital requirements and other factors.

Holders of our common stock have no pre-emptive rights or other subscription rights, conversion rights, redemption or sinking fund provisions. Upon our liquidation, dissolution or winding up, the holders of our common stock will be entitled to share in the net assets legally available for distribution to shareholders after the payment of all of our debts and other liabilities. There are not any provisions in our Articles of Incorporation or our Bylaws that would prevent or delay change in our control. There are no conversion, pre-emptive or other subscription rights or privileges with respect to any shares.

Table of Contents

**Preferred Stock**

We are not authorized to issue any shares of preferred stock.

**Dividend Policy**

We have not paid any cash dividends to shareholders. The declaration of any future cash dividends is at the discretion of our board of directors and depends upon our earnings, if any, our capital requirements and financial position, our general economic conditions, and other pertinent conditions. It is our present intention not to pay any cash dividends in the foreseeable future, but rather to reinvest earnings, if any, in our business operations.

**Share Purchase Warrants and Options**

We do not presently have any options or warrants authorized or any securities that may be convertible into common stock. However, our board of directors may later determine to authorize options and warrants for our Company.

**Interests of Named Experts and Counsel**

The legality of the shares offered under this registration statement is being passed upon by Dean Law Corp.

The financial statements included in this prospectus and the registration statement have been audited by Kenne Ruan, CPA to the extent and for the periods set forth in their report appearing elsewhere herein and in the registration statement, and are included in reliance upon such report given upon the authority of said firm as experts in auditing and accounting.

## **INFORMATION WITH RESPECT TO REGISTRANT**

THE FOLLOWING DISCUSSION AND ANALYSIS SHOULD BE READ TOGETHER WITH THE CONSOLIDATED FINANCIAL STATEMENTS OF SCRIPTION WORK SOLUTIONS INC F/K/A TRANSTECH SOLUTIONS, INC. AND THE NOTES TO CONSOLIDATED FINANCIAL STATEMENTS INCLUDED IN THIS REGISTRATION STATEMENT. THIS DISCUSSION SUMMARIZES THE SIGNIFICANT FACTORS AFFECTING OUR OPERATING RESULTS, FINANCIAL CONDITIONS AND LIQUIDITY AND CASH-FLOW SINCE INCEPTION.

### **Description of Business:**

#### **Organization:**

Scription Work Solutions Inc, f/k/a Transtech Solutions Inc. was incorporated to the laws of the State of Nevada on July 12, 2011. We are a development stage company that has limited operating history and has earned no revenues.

Since our inception, we have devoted our activities to developing our business plan, determining the market for our services, developing a marketing plan, as well as capital formation. Our day-to-day operations consist of working on these to ensure effective, efficient and timely completion.

There is substantial doubt about our ability to continue, as a going concern, over the next twelve months.

#### **Business**

Scription Work Solutions Inc, f/k/a Transtech Solutions Inc. is a Las Vegas-based business looking to provide services in the U.S. medical transcription marketplace. Scription Work Solutions Inc, f/k/a Transtech plans to provide medical transcription services to the Nevada medical community by offering our service through the use of digital equipment and careful proofing. The company intends to cater to the healthcare sector by providing timely, highly accurate medical transcriptions of dictated patient reports. Scription Work Solutions Inc, f/k/a Transtech aims to incorporate outsourcing operations overseas to take advantage of lower cost of labor, pending our sales effort. We believe this technology will allow an efficient way to manage transcription services on a web-based platform.

The main market sectors we aspire to penetrate are as follows:

- Offices of physicians
- Hospitals
- Medical and diagnostic laboratories

We expect Scription Work Solutions Inc, f/k/a Transtech's core service offerings to consist of medical record transcription services for the following:

- Office visits
- Surgery notes
- Lab results
- Admissions

- Assessments

## **Industry Overview**

The Bureau of Labor Statistics reports that employment of medical transcriptionists is expected to grow 6 percent from 2010 to 2020. According to BLS, this growth rate is slower than average for all occupations. We anticipate the volume of healthcare services to continue to increase, resulting in a growing number of medical tests and procedures, all of which will require transcription. In our opinion, an aging population contributing to an increased number of healthcare visits, combined with a continued emphasis of accessible documentation, is anticipated to stimulate the need for medical transcriptionists. In other words, increasing numbers of medical transcriptionists will be needed to amend patients' records, edit for grammar, and identify discrepancies in electronic records.

Contracting out transcription work overseas and advancements in speech recognition technology are not expected to significantly reduce the need for well-trained medical transcriptionists in the US. Outsourcing transcription work abroad—to countries such as India, Pakistan, Philippines, and the Caribbean—has grown more popular as transmitting confidential health information over the Internet has become more secure; however, we believe the demand for overseas transcription services is expected only to supplement the demand for well-trained domestic medical transcriptionists. Speech-recognition technology allows physicians and other health professionals to dictate medical reports to a computer that immediately creates an electronic document. In spite of the advances in this technology, the software has been slow to grasp and analyze the human voice and the English language, and the medical vernacular with all its diversity. As a result, we expect there will continue to be a need for skilled medical transcriptionists to identify and appropriately edit the inevitable errors created by speech recognition systems, and to create a final document.

While the tools used by medical transcriptionists have dramatically changed to digital devices, the fundamental nature of the practice has not. The BLS reports that in spite of advances in technology, there will continue to be a need for skilled medical transcriptionists.

## **Market Research**

The medical transcription business is a growing industry that is struggling to fulfill the demand created by physicians. We predict the drive to increase the quality of transcription services will result in insurance companies increasing their demand for qualified medical transcriptionists. We believe this is a highly fragmented and competitive industry that will continue to grow over the years, as demand is typically driven by quality of service, timely delivery and competitive pricing.

There are two general categories of customers that regularly need medical transcription services. There are physicians and psychologists who practice alone. The practitioners have the need for transcriptionists because they are typically too small to warrant their own in-house employee. The second group consists of hospitals, clinics, and other doctors who have an in-house solution, who at times are in need of supplemental services. These service requests are sporadic in nature and often require express services.

## **Market Needs**

Scripton Work Solutions Inc, f/k/a Transtech intends to provide its customers with a reliable, flexible, medically-trained transcription service. We believe the following benefits are important to our future customers:

- **Medical Background:** This is important due to the specialized language within the medical profession.
- **Convenience:** The ability to offer the service at the doctor's convenience is a significant advantage.
- **Accuracy:** Documents need to be accurate to guard against malpractice threats.

## **Market Trends**

The market trend for industries that utilize transcription services is decreasing overhead through the outsourcing of non-essential activities. We believe that this market trend will result in an increased demand for providers of outsourced transcription solutions so that they can focus on their core business competencies.

## **Market Growth**

As physician's practices are under increasing pressure to develop efficiencies (this pressure is primarily coming from the insurance companies which have significantly reduced their allowable reimbursement amounts), practices will be shedding non-essential employees and replacing them with outsourced service providers.

## **Competition**

The competition takes two general forms:

1. **General transcription service-** these are transcription services that offer medical services in addition to general service offerings. These firms typically have someone who had been trained in medical transcription, but does not do medical exclusively.
2. **Specialized medical transcription-** there are a number of exclusive medical transcription service providers. The market is controlled by larger companies that have established their brand over the years. Many of the smaller companies that provide are being driven out of the industry due to the larger more reputable companies being able to provide cheaper and faster services.

## Table of Contents

The buying patterns for medical transcriptionists are typically based on the type of relationship the physician or hospital has with the transcriptionist. If the physician does not have an in-house solution then they ideally will have a long-term relationship with a service provider. If the physician or hospital has in-house transcriptionists, then their relationships with the transcriptionist services are based on the sporadic service calls, filling a need when their service provider is unable.

### **Scriptation Work Solutions' Competitive Advantage**

New technology such as voice recognition transcription software have been disruptive force in the medical transcription industry. Although voice technology has been shown to be accurate in medical transcription, we believe hospitals and medical clinics have been slow to adopt the new technology due to their preference for a live transcriptionist with whom they can interact.

Despite current industry changes, we believe there is opportunity for our company in this market. We believe we can occupy the space left in the industry where the small shops were pushed out with newer and more efficient transcription technology and methods available now. Although we do not believe we can compete with the volume of the larger players in the transcription industry, we assume a smaller shop like ours, utilizing the web, can provide competitive services with lower overhead. By adopting global outsourcing and providing our medical transcriptionists and clients a web-based platform to communicate, we believe we can provide time-efficient services at a competitive price.

### **Plan of Operations**

Since inception, our operations have primarily consisted of the organization of our business and the development of our business plan. Our business plan includes a two-phase plan that details the purchase of a medical transcription platform. Currently we are still in Phase 1 of our plan which includes the following:

Formation of our Company

Completion of our business plan; and

The acquisition of additional funding

Phase 1 have been completed, with the exception of raising additional funding. To date, our **CEO**, Christopher Weinhaupl, has conducted all operations. As such, upon incorporating our Company, Mr. Weinhaupl was named as the Company's sole officer and director. Operations and expenditures have included the incorporation of Scriptation Work Solutions Inc, f/k/a Transtech Solutions, Inc. under the laws of the State of Nevada, and the formation of an extensive business plan in which we have mapped out all of the initial services that we plan to offer to our clients. Phase 1 will culminate with the completion of this Offering, which will hopefully allow us to raise capital through public or private debt or sale of equity and see us through Phase 2. Phase 2 involves purchasing a medical transcription platform and we do not intend on entering Phase 2 until the Company raises additional funding either through public or private debt or sale of equity.

## Services

Scription Work Solutions Inc, f/k/a Transtech plans to provide medical transcription services for the medical community. We expect to transcribe office visits, surgery notes, lab results, admissions, assessment, and discharge summaries. Our future customers may simply and efficiently use phone dictation or send voice files via the Internet.

- **Next Day Turnaround:** Scription Work Solutions Inc, f/k/a Transtech plans to offer 24 hour turnaround time on all dictation received by 6:00pm Central Time. If this isn't fast enough, we intend to also provide STAT transcription services with turnaround in less than 4 hours.
- **Physician Portal:** We plan to use a portal where physicians can review and correct the transcribed report using standard Word functionality and any changes will be saved to the server and will be accessed or distributed to all users. The physician will sign the document with a single mouse click upon which the report will be electronically stamped and marked as final.
- **98% Accuracy:** Physicians demand high quality medical transcription that is verifiable and accurate. All transcripts will be graded by proof-readers based on the American Association of Medical Transcription standards. Scription Work Solutions Inc, f/k/a Transtech plans to guarantee 98% accuracy or better or files are provided free.
- **24 Hour Data Access:** Scription Work Solutions Inc, f/k/a Transtech plans to provide 24/7 access to data. The company's servers will offer redundant power backups as well as complete backup Internet backbone to assure that data is always accessible.
- **Quality Assurance:** Scription Work Solutions Inc, f/k/a Transtech projects to provide 4 to 6 months of training to all transcriptionists that join Transtech. Once training is complete, transcriptionists will be placed in a live environment where all their work is scrutinized for accuracy. Only after 2 to 3 years will transcriptionists be promoted to Assistant Quality Assurance positions in the Quality Assurance Department. We plan for all transcriptions to be guaranteed for 98% accuracy or better based on American Association of Medical Transcription Standards.
- **Easy File Transfers:** Scription Work Solutions Inc, f/k/a Transtech's interface will be architected with usability for the computer illiterate as well as the tech savvy user. A minimal interface will allow future clients to copy their dictations from their recorders and send it to Scription Work Solutions Inc, f/k/a Transtech's servers with just 3 clicks of a mouse.
- **HIPAA Compliant:** Scription Work Solutions' medical transcription services will be fully compliant with Health Insurance Portability and Accountability Act of 1996 (HIPAA). HIPAA was a result of congressional healthcare reform proponents to reform healthcare. The HIPAA legislation has four primary objectives.
  1. Assure health insurance portability by eliminating job-lock due to pre-existing medical conditions
  2. Reduce healthcare fraud and abuse
  3. Enforce standards for health information
  4. Guarantee security and privacy of health information

Of the four primary objectives, the fourth objective has the most impact on medical transcription.

The rule requires that healthcare organizations, insurers and payors that have been using any electronic means of storing patient data and performing claims submission must comply with HIPAA legislation. Since medical transcription deals with electronic means of handling and storing patient data, our services will ensure the security and confidentiality of the patient's Protected Health Information (PHI), and maintain an audit trail of all individuals who have had access to a PHI.

Assuming we are able to successfully raise funding from public or private debt or sale of equity, we will begin the second part of our business plan. In order to initiate Phase 2 of our operations, we will have to raise enough money to purchase the medical transcription platform. While we are researching the medical transcription platform to purchase, we will begin initial preparations for the launch of our platform and website.

## Table of Contents

Platform purchase – We plan to purchase our medical transcription platform. The purchase of our platform and development of our website will entail the bulk of Phase 2. We plan to allocate \$65,000 to purchase the medical transcription software. At this time we will also allocate \$10,000 to purchase servers and hosting for our planned website and platform.

Hire additional staff – When our platform has been purchased, we will begin hiring additional staff to prepare for our launch. We plan to hire one full-time marketing representative to begin work on a marketing plan for our launch. We will allocate \$30,000 for the salary of the marketing representative, and up to \$50,000 on marketing materials. We will use the marketing ideas of our President, Christopher Weinhaupl, as set forth in our “Marketing” section. However, we will look to our new employees to come up with new and innovative ways to promote our Company.

Beta testing – Once our platform is fully deployed, and our sales and marketing teams are in place, we will begin beta testing our website and transcription platform.

Acquisition of clients – When we are ready to offer our medical transcription services to the public, we intend to launch a marketing campaign ourselves in order to promote our services to potential clients. This will complete Phase 2 of our development.

In order to complete Phase 2 of our business plan, we will rely on the management skills of our President. He will have to work closely with our sales and marketing team to make sure that there is constant communication between each. The sales of our services will be directly related to the work that our marketing team is providing. In the months that follow our launch, the work of our website developers will be critical as well. We hope to be in a phase of rapid growth, and our staff will be working hard to provide constant updates to our site, and fix any bugs that may occur. Our President will have to work hard to keep all components of our business on track.

With our currently available capital resources, we will be able to conduct phase one of our planned operations, which includes the formation of our company and the completion of our business plan. We will need to raise additional capital in order to commence phase two of our planned operations, which is to purchase the transcription platform and begin our sales and marketing efforts. **Using currently available capital resources, the minimum period of time that we will be able to conduct our planned operations is approximately the next few months, and then only if continued funding by the management of the company.**

Description	Time period	Estimated maximum expenses
Working Capital	10-12 months	\$10,000
Website Hosting and Servers	10-12 months	\$10,000
Platform Purchase	10-12 months	\$65,000
Marketing Representatives	10-12 months	\$30,000
Marketing Materials	10-12 months	\$50,000
Admin / Professional Fees	10-12 months	\$15,000
<b>Total</b>		<b>\$180,000</b>

## **Management**

### **Directors, Executive Officers, Promoters and Control Persons**

The Board of Directors elects our executive officers annually. A majority vote of the directors who are in office is required to fill vacancies. Each director shall be elected for the term of one year and until his successor is elected and qualified or until his earlier resignation or removal. Our directors and executive officers are as follows:

**Christopher Weinhaupl, 43, has numerous years of experience as an entrepreneur.** Mr. Weinhaupl’s active roles are contributing to the Technology and Business Development of new market technologies. Mr. Weinhaupl has forged and built a number of startup firms in diverse industries from services to product sales. Mr. Weinhaupl looks for opportunities where Technology is a major disruptive factor in a mature market segment.

Since 2010, Christopher Weinhaupl has held ownership and founder of Canadapack a North American cross boarder Logistics Company. From 2001 to present, Mr. Weinhaupl has been a Senior Partner at “mypharmacard”, a payment processor solution for web based Pharma companies. From 2005 to present, Mr. Weinhaupl has held a position as Senior Network Support at Enterprise Contact Centers, providing technology support for North American businesses.

**COMMISSION POSITION ON INDEMNIFICATION FOR SECURITIES ACT LIABILITIES**

<b>Name</b>	<b>Age</b>	<b>Position</b>
Mr. Christopher Weinhaupl	43	CEO, President & Director

Our Articles of Incorporation provides that we shall indemnify our directors and officers to the fullest extent permitted by Nevada law and that none of our directors will be personally liable to the Company or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability:

- for any breach of the director’s duty of loyalty to the Company or its stockholders;
- for acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of the law;
- under Nevada General Corporation Law for the unlawful payment of dividends; or
- for any transaction from which the director derives an improper personal benefit.

These provisions require us to indemnify our directors and officers unless restricted by Nevada law and eliminate our rights and those of our stockholders to recover monetary damages from a director for breach of his fiduciary duty of care as a director except in the situations described above. The limitations summarized above, however, do not affect our ability or that of our stockholders to seek non-monetary remedies, such as an injunction or rescission, against a director for breach of his or his fiduciary duty.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, we have been advised that in the opinion of the Securities and Exchange Commission, such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Table of Contents

**Employees**

As of the date of this filing, the Company has no full time employees other than our sole officer and director, Mr. Weinhaupl. We currently rely of Mr. Weinhaupl to manage all aspects of our business. We plan to use both in-house and freelance medical transcriptionists, who are trained and licensed, to perform the transcription work on our platform and servers.

<b>Name</b>	<b>Department</b>	<b>Function</b>	<b>Salary</b>	<b>Contractors</b>
ChristopherWeinhaupl	Admin	Business Development / Information Technology	None	N/A

***Employees and Consultants***

As of the date of this filing, the Company has no full time employees other than our sole officer and director, Mr. Weinhaupl. We currently rely on Mr. Weinhaupl, to manage all aspects of our business. Mr. Weinhaupl has committed to devote up to 30 hours per week to our Company. We plan to use third-party developers to assist in the production of our proposed website. We intend to add staff as the Company grows. Any such additions will be made at the judgment of management to meet the Company's then current needs.

***Legal Proceedings***

We know of no material, existing or pending legal proceedings against our Company, nor are we involved as a plaintiff in any material proceeding or pending litigation. There are no proceedings in which our director, officer or any affiliates, or any registered or beneficial shareholder, is an adverse party or has a material interest adverse to our interest.

Christopher Weinhaupl	0	0	0	0	0	0	0	0	0	

***Long-Term Incentive Plans***

We currently have no Long-Term Incentive Plans.

***Director Compensation***

None.

***Director Independence***

Our board of directors is currently composed of one member, Christopher Weinhaupl, who does not qualify as an independent director in accordance with the published listing requirements of the NASDAQ Global Market. The NASDAQ independence definition includes a series of objective tests, such as that the director is not, and has not been for at least three years, one of our employees and that neither the director, nor any of his family members has engaged in various types of business dealings with us. In addition, our board of directors has not made a subjective determination as to each director that no relationships exist which, in the opinion of our board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, though such subjective determination is required by the NASDAQ rules. Had our board of directors made these determinations, our board of directors would have reviewed and discussed information provided by the directors and us with regard to each director's business and personal activities and relationships as they may relate to us and our management.

***Security Holders Recommendations to Board of Directors***

We welcome comments and questions from our shareholders. Shareholders can direct communications to our Chief Executive Officer, Christopher Weinhaupl, at our executive offices. However, while we appreciate all comments from shareholders, we may not be able to individually respond to all communications. We attempt to address shareholder questions and concerns in our press releases and documents filed with the SEC so that all shareholders have access to information about us at the same time. Mr. Weinhaupl collects and evaluates all shareholder communications. All communications addressed to our director and executive officer will be reviewed by Mr. Weinhaupl unless the communication is clearly frivolous.

**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table sets forth certain information at March 28, 2013, with respect to the beneficial ownership of shares of Common Stock by (i) each person known to us who owns beneficially more than 5% of the outstanding shares of Common Stock (based upon reports which have been filed and other information known to us), (ii) each of our Directors, (iii) each of our Executive Officers and (iv) all of our Executive Officers and Directors as a group. Unless otherwise indicated, each stockholder has sole voting and investment power with respect to the shares shown. As of March 28, 2013, we had 50,100,000 shares of Common Stock issued and outstanding.

<b>Title of class</b>	<b>Name and address of beneficial owner</b>	<b>Amount and Nature of Beneficial Ownership</b>	<b>Percentage of Common Stock <sup>(1)</sup></b>
Common Stock	Christopher Weinhaul 47 Sundown Green SE Calgary, AB	30,100,000	60%
	<b>Total</b>	50,100,000	100%

(1)

Under Rule 13d-3 promulgated under the Exchange Act, a beneficial owner of a security includes any person who, directly or indirectly, through any contract, arrangement, understanding, relationship, or otherwise has or shares: (i) voting power, which includes the power to vote, or to direct the voting of shares; and (ii) investment power, which includes the power to dispose or direct the disposition of shares. Certain shares may be deemed to be beneficially owned by more than one person (if, for example, persons share the power to vote or the power to dispose of the shares). In addition, shares are deemed to be beneficially owned by a person if the person has the right to acquire the shares (for example, upon exercise of an option) within 60 days of the date as of which the information is provided. In computing the percentage ownership of any person, the amount of shares is deemed to include the amount of shares beneficially owned by such person (and only such person) by reason of these acquisition rights.

We are not aware of any arrangements that could result in a change of control.

**CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

On August 26, 2011, the Company issued 10,000,000 shares of common stock at a price of \$0.001 per share for a value of \$10,000 to Christopher Weinhaupl, its President. The Company relied on Section 4(2) of the Securities Act for this issuance.

On September 4, 2012, the Company issued 20,100,000 shares of common stock at a price of \$0.001 per share for a value of \$20,100 to Christopher Weinhaupl, its President. The Company relied on Section 4(2) of the Securities Act for this issuance.

As a result, Mr. Weinhaupl owns 60% of the issued and outstanding common shares of the Company.

Other than the foregoing, none of the following persons has any direct or indirect material interest in any transaction to which we were or are a party since the beginning of our last fiscal year, or in any proposed transaction to which we propose to be a party:

- (A) any of our director(s) or executive officer(s);
- (B) any nominee for election as one of our directors;

**Report of Independent Registered Public Accounting Firm**

To the Board of Directors and Stockholders  
Scription Work Solutions Inc  
(fka: Transtech Solutions Inc)  
(A Development Stage Company)

We have audited the accompanying balance sheets of Scription Work Solutions Inc (fka: Transtech Solutions Inc. ) (A development stage company) as of December 31, 2012 and 2011, and the related statements of operations, stockholders' equity and cash flows for the year ended December 31, 2012, the period from July 12, 2011(date of inception) to December 31, 2011, and the period from July 12, 2011 (date of inception) to December 31, 2012. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits include consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial positions of Scription Work Solutions Inc (fka: Transtech Solutions Inc.) as of December 31, 2012 and 2011, and the results of its operations and its cash flows for the year ended December 31, 2012, the period from July 12, 2011(date of inception) to December 31, 2011, and the period from July 12, 2011 (date of inception) to December 31, 2012 in conformity with accounting principles generally accepted in the United States of America.

The financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the financial statements, the Company's losses from operations raise substantial doubt about its ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

**Scripton Work Solutions Inc.  
(f/k/a: Transtech Solutions Inc.)  
(A Development Stage Company)  
Notes to the Financial Statements  
December 31, 2012  
(Audited)**

**1. ORGANIZATION AND BUSINESS OPERATIONS**

Scripton Work Solutions Inc. ("the Company") (f/k/a: Transtech Solutions Inc.) was incorporated under the laws of the State of Nevada, U.S. on July 12, 2011. The Company is in the development stage as defined under Statement on Financial Accounting Standards Accounting Standards Codification FASB ASC 915-205 "Development-Stage Entities." The Company has not generated any revenue to date and consequently its operations are subject to all risks inherent in the establishment of a new business enterprise. As of December 31, 2012 the Company has \$40,048.09 in cash.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

a) Basis of Presentation

The financial statements of the Company have been prepared in accordance with generally accepted accounting principles in the United States of America and are presented in US dollars.

b) Going Concern

The financial statements have been prepared on a going concern basis which assumes the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. The Company has incurred losses since inception and further losses are anticipated in the development of its business raising substantial doubt about the Company's ability to continue as a going concern. The ability to continue as a going concern is dependent upon the Company generating profitable operations in the future and/or to obtain the necessary financing to meet its obligations and repay its liabilities arising from normal business operations when they come due. Management intends to finance operating costs over the next twelve months with existing cash on hand and loans from directors and or private placement of common stock. These financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts, or amounts and classification of liabilities that might result from this uncertainty.

c) Cash and Cash Equivalents

The Company considers all highly liquid instruments with a maturity of three months or less at the time of issuance to be cash equivalents.

d) Use of Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

e) Foreign Currency Translation

The Company's functional currency and its reporting currency is the United States dollar.

f) Financial Instruments

The carrying value of the Company's financial instruments approximates their fair value because of the short maturity of these instruments.

g) Stock-based Compensation

The Company records stock based compensation in accordance with the guidance in ASC Topic 718 which requires the Company to recognize expense related to the fair value of its employee stock option awards. This eliminates accounting for share-based compensation transactions using the intrinsic value and requires instead that such transactions be accounted for using a fair-value-based method. The Company recognizes the cost of all share-based awards on a graded vesting basis over the vesting period of the award. To date, the Company has not adopted a stock option plan and has not granted any stock options.

h) Income Taxes

Income taxes are accounted for under the assets and liability method. Deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carry forwards.

Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled.

i) Basic and Diluted Net Loss per Share

The Company follows ASC Topic 260 to account for the earnings per share. Basic earnings per common share ("EPS") calculations are determined by dividing net loss by the weighted average number of shares of common stock outstanding during the year. Diluted earnings per common share calculations are determined by dividing net income by the weighted average number of common shares and dilutive common share equivalents outstanding. During periods when common stock equivalents, if any, are anti-dilutive they are not considered in the computation.

j) Fiscal Periods

The Company's fiscal year end is December 31.

k) Recent Accounting Pronouncements

The Company has evaluated the recent accounting pronouncements through ASU 2011-06 and believes that none of them will have a material effect on the company's financial statements.

### **3. COMMON STOCK**

The authorized capital of the Company is 75,000,000 common shares with a par value of \$ 0.001 per share.

During the period between January 2012 and December 2012, the Company issued 20,100,000 shares of common stock at a price of \$0.001 per share for a value of \$20,100 to Christopher Weinhaupl, its President. The Company relied on Section 4(2) of the Securities Act for this issuance.

During the period between January 2012 and December 2012, Company issued 20,000,000 shares of common stock under the private placements agreement to various investors at \$0.001 per share. Company received a total of \$20,000 net of offering proceeds.

There were no further issuances of stock as at December 31, 2012.

### **4. RELATED PARTY TRANSACTIONS**

Mr. Christopher Weinhaupl has not advanced funds to the Company to pay any costs incurred by it. These funds are unsecured, non-interest bearing and due on demand. The balance due Mr. Christopher Weinhaupl was \$0 as on December 31, 2012.

### **5. INCOME TAXES**

For the year ended December 31, 2012 and from January 2012 to December 31, 2012, the Company incurred net operating losses and, accordingly, no provision for income taxes has been recorded. In addition, no benefit for income taxes has been recorded due to the uncertainty of the realization of any tax assets. At December 31, 2012, the Company had approximately \$52 of federal and state net operating losses.

### **5. SUBSEQUENT EVENTS**

**In accordance with ASC 855, management evaluated the subsequent events through the date of December 31, 2012 the date the financial statements were issued, and there are no subsequent events to disclose.**

**Indemnification of Directors and Officers**

Our sole officer and Director is indemnified as provided by the Nevada Revised Statutes and our bylaws.

Under the NRS, director immunity from liability to a company or its shareholders for monetary liabilities applies automatically unless it is specifically limited by a company's articles of incorporation that is not the case with our articles of incorporation. Excepted from that immunity are:

- (1) a willful failure to deal fairly with the company or its shareholders in connection with a matter in which the director has a material conflict of interest;
- (2) a violation of criminal law (unless the director had reasonable cause to believe that his or her conduct was lawful or no reasonable cause to believe that his or her conduct was unlawful);
- (3) a transaction from which the director derived an improper personal profit; and

(4) willful misconduct.

## Table of Contents

Our bylaws provide that we will indemnify our directors and officers to the fullest extent not prohibited by Nevada law; provided, however, that we may modify the extent of such indemnification by individual contracts with our directors and officers; and, provided, further, that we shall not be required to indemnify any director or officer in connection with any proceeding (or part thereof) initiated by such person unless:

- (1) such indemnification is expressly required to be made by law;
- (2) the proceeding was authorized by our Board of Directors;
- (3) such indemnification is provided by us, in our sole discretion, pursuant to the powers vested us under Nevada law; or
- (4) such indemnification is required to be made pursuant to the bylaws.

Our bylaws provide that we will advance all expenses incurred to any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that he is or was our director or officer, or is or was serving at our request as a director or executive officer of another company, partnership, joint venture, trust or other enterprise, prior to the final disposition of the proceeding, promptly following request. The Company's obligations of indemnification, if any, shall be conditioned on the Company receiving prompt notice of the claim and the opportunity to settle and defend the claim. The Company may, to the extent permitted by law, purchase and maintain insurance on behalf of an individual who is or was a director, officer, employee or agent of the Corporation.

## Exhibits

The following is a list of exhibits filed as part of this Registration Statement. Where so indicated by footnote, exhibits which were previously filed are incorporated herein by reference. Any statement contained in an Incorporated Document shall be deemed to be modified or superseded for purposes of this Registration Statement to the extent that a statement contained herein or in any other subsequently filed Incorporated Document modifies or supersedes such statement. Any such statement so modified or superseded shall not be deemed, except as so modified or superseded, to constitute a part of this Registration Statement.

23.1	Auditor Consent
23.2	Consent of Dean Law Corp (included in Exhibit 5.1)

All other Exhibits called for by Rule 601 of Regulation S-K are not applicable to this filing.

### Undertakings:

Information pertaining to our common stock is contained in our Articles of Incorporation and Bylaws. Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of our counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by us is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

The undersigned registrant hereby undertakes:

To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

- i. To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;
- ii. To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set

forth in the "Calculation of Registration Fee" table in the effective registration statement.

iii. To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

2. That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

3. To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

Table of Contents

4. That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

ii. If the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

**Signatures**

In accordance with the requirements of the Securities Act of 1933, the registrant certifies that it has reasonable grounds to believe that it meets all of the requirements of filing on Form S-1 and authorized this registration statement to be signed on our behalf by the undersigned, on October 7, 2013 .

Washington, D. C. 20549

Dear Mr. Griswold:

**Re: Scription Work Solutions, Inc. (the “Company”)  
Amendment No.3 to Registration Statement on Form S-1  
Filed June 28, 2013  
File No. 333-187609**

I am President and C.E.O. of the Company and am writing this letter on behalf of the Company. Your comments are reprinted below along with our response and, if applicable, our proposed changes to the Registration Statement:

#### General

1. It appears that you have sought to change your company’s name from Transtech Solutions, Inc. to Scription Work Solutions, Inc. However, it does not appear that you have completed the name change in EDGAR. You may contact EDGAR Filer Support if you require assistance in this regard. Further, it appears that a provider of medical transcription software, eScription, which you reference in your document, shares a substantially similar name. Please tell us what consideration you have given to including risk factor disclosure addressing the risks associated with having a name that is substantially similar to one of your competitors.

ANSWER: We have completed the name change in EDGAR. eScription has updated their software’s name to The Dragon Medical 360 | eScription as per their website. Furthermore, their company name is Nuance, the reference above refers to names of software they offer. This has created enough of a distinction to not add a risk factor.

2. We note that you filed a current report on Form 8-K on June 6, 2013 to announce that you amended your articles of incorporation to effect a name change. Please note that until your registration statement is declared effective, you are not yet a reporting company under the Exchange Act. Accordingly, Exchange Act reports, including current reports on Form 8-K, are not yet required to be filed. Please file your amended articles of incorporation reflecting your name change as an exhibit to your amended registration statement.

ANSWER: We have filed our amended articles of incorporation reflecting our name change as an exhibit to our amended registration statement.

“Mr. Weinhaupl, the sole employee, officer and director...,” page 12

3. Please revise this risk factor to disclose the number of hours per week Mr. Weinhaupl expects to devote to your business. It appears that you should also disclose that, in addition to his involvement with his other businesses, Mr. Weinhaupl is currently employed as Senior Network Support at Enterprise Contact Centers, which may impact his flexibility.

ANSWER: The following has been added to the risk factor:

Due to Mr. Weinhaupl’s current employment as Senior Network Support at Enterprise Contact Centers, he can currently devote approximately 20 hours per week to our operation. This employment may also impact his flexibility.

“We have less than 300 record holders following the completion of the...,” page 14

4. Please revise to clarify the subheading of this risk factor. In addition, you state that certain disclosure obligations will not apply to you unless you have both 500 or more security holders and greater than \$10 million in assets. Please

amend this disclosure in light of recent amendments to Section 12(g) of the Securities Exchange Act.

ANSWER: The risk factor has been amended in to reflect recent updates to Section 12(g) of the Securities Exchange Act.

Information with Respect to the Registrant

Plan of Operations, page 25

5. We note your additional disclosure on page 27 where you state, using the currently available capital resources, the minimum period of time that you will be able to conduct your planned operations is approximately twelve months. However, we also note your disclosures on page 12 where you indicate that you estimate current available financial resources will sustain your operations only through the next few months. Please further revise these disclosures to address the apparent inconsistencies.

ANSWER: The disclosure on page 27 has been updated to be consistent with the disclosure on page 12. The disclosure appears as follows:

Using currently available capital resources, the minimum period of time that we will be able to conduct our planned operations is approximately the next few months, and then only if continued funding by the management of the company.

Products and Services, page 26

6. Your response to prior comment 20 notwithstanding, your discussion in this section requires additional revisions. Although this section is titled "Products and Services," it is unclear how the term "products" is applicable to your business as it appears that you intend to offer solely transcription services. In addition, your descriptions of the Physician Portal appear to suggest that the portal is currently operational. Please revise as appropriate.

ANSWER: We have updated the heading of this section to "Services". Reference to physician Portal has been amended to the following:

Physician Portal: We plan to use a portal where physicians can review and correct the transcribed report using standard Word functionality and any changes will be saved to the server and will be accessed or distributed to all users. The physician will sign the document with a single mouse click upon which the report will be electronically stamped and marked as final.

7. We note your disclosure that your company's services will be fully compliant with the Health Insurance Portability and Accountability Act of 1996. Please clarify how the Act impacts your services and expand your disclosure to describe what is required in order for you to be HIPAA compliant. Refer to Item 101(h)(4)(ix) of Regulation S-K.

ANSWER: We have updated the disclosure to the following:

HIPAA Compliant: Scription Work Solutions' medical transcription services will be fully compliant with Health Insurance Portability and Accountability Act of 1996 (HIPAA). HIPAA was a result of congressional healthcare reform proponents to reform healthcare. The HIPAA legislation has four primary objectives.

1. Assure health insurance portability by eliminating job-lock due to pre-existing medical conditions
2. Reduce healthcare fraud and abuse
3. Enforce standards for health information
4. Guarantee security and privacy of health information

Of the four primary objectives, the fourth objective has the most impact on medical transcription.

The rule requires that healthcare organizations insurers and payors that have been using any electronic means of storing patient data and performing claims submission must comply with HIPAA legislation. Since medical transcription deals with electronic means of handling and storing patient data, our services will ensure the security and confidentiality of

the patient's Protected Health Information (PHI), and maintain an audit trail of all individuals who have had access to a PHI.

Directors, Executive Officers, Promoters and Control Persons, page 27

8. You state that Christopher Weinhaupl has been "an accomplished serial entrepreneur" over the last 15 years. Please reasonably substantiate this characterization in your document or revise your disclosure as necessary.

ANSWER: This disclosure has been updated to state the following:  
Christopher Weinhaupl, 43, has numerous years of experience as an entrepreneur.

Certain Relationships and Related Transactions, page 32

9. We note your response to prior comment 30. Please provide us with your analysis supporting your view that Mr. Weinhaupl is not a promoter. In this regard, we note your disclosure on page 25 that Mr. Weinhaupl is your founder and specifically refer you to paragraph (1)(i) of the definition of promoter in Securities Act Rule 405. Alternatively, revise your disclosure to provide the information required by Item 404(c) of Regulation S-K.

ANSWER: The disclosure on page 25 has been amended to refer to Mr. Weinhaupl as our CEO.

Financial Statements

General

10. We note you removed the separate set of financial statements for the period from inception (July 12, 2011) to December 31, 2011, in response to our prior comment 31. However, we also note there is no reference to such financial statements in the index on page 33 and you do not include any information for that period in the Notes to the financial statements. Please revise the Notes to include any appropriate disclosures for such period. In addition, please revise the index to include reference to each of the respective financial statements as of December 31, 2011 and for the period from inception (July 12, 2011) to December 31, 2011. Alternatively, remove all references to the dates and refer only to the respective financial statements and the related pages.

ANSWER: The Financial Statements have been amended.

11. Revise the column header for December 31, 2011 in both the Statement of Operations and Statement of Cash Flows to refer to the period from inception (July 12, 2011) to December 31, 2011.

ANSWER: The Statement of Operations and Statement of Cash Flows has been amended to reflect the correct dates.

Statement of Cash Flows, page 37

12. The net increase (decrease) in cash and equivalents for the year ended December 31, 2012 should be \$40,048 and cash and cash equivalents at beginning of period should be \$0. Please revise accordingly. In addition, ensure that the amounts for the period from July 12, 2011 (inception) to December 31, 2012 and July 12, 2011 (inception) to March 31, 2013 are properly corrected as well.

ANSWER: The Statements of Cash Flows have been updated.

Notes to Financial Statements

Note 5 Subsequent Events, page 40

13. We note this additional disclosure. Please revise to state, as requested in our prior comment 35, the date through which subsequent events have been evaluated and state whether that date is the date the financial statements were issued or the date the financial statements were available for issuance pursuant to ASC 855-10-50-1. Similar revisions should be made to the Note 6 on page 45.

ANSWER: In accordance with ASC 855, management evaluated the subsequent events through the date of June 30, 2013, the date the financial statements were issued, and there are no subsequent events to disclose.

March 31, 2013 Financial Statements

Statement of Operations, page 42

14. Your statement of operations for the period from July 12, 2011 (Inception) to March 31, 2013 does not foot. Please revise accordingly.

ANSWER: The statement of operations has been amended to reconcile this discrepancy.

Part II

Exhibit 5.1

15. Given the company's name change, please have the legality opinion updated to reflect the company's new name.

ANSWER: The legality opinion has been amended to reflect the company's new name.

Exhibit 23

16. The revised consent refers to the report of the independent registered public accounting firm, dated February 8, 2012, except for the company name change which is as of June 5, 2013. The date of such report on page 34 is February 8, 2013, except for the company name change which is as of June 5, 2013. Please revise accordingly.

ANSWER: The consent has been updated.

17. Also, we note that you continue to reference specific financial statements in the consent of your independent registered public accounting firm. As stated in our prior comment 36, to the extent that you make reference to specific financial statements in the consent, please ensure that you refer to all of the audited financial statements. In this regard, revise to refer to the balance sheets for both December 31, 2012 and 2011 and the statement of operations, stockholders' equity and cash flows for the year ended December 31, 2012; the period from July 12, 2011 (date of inception) to December 31, 2011; and the period from July 12, 2011 (date of inception) to December 31, 2012. Alternatively, as we previously indicated, you may choose to refer to the report date only.

ANSWER: The consent has been updated.

Thank you.

# NEVADA STATE BUSINESS LICENSE

SCRIPTION WORK SOLUTIONS INC

Nevada Business Identification # NV20111458864

Expiration Date: July 31, 2013

In accordance with Title 7 of Nevada Revised Statutes, pursuant to proper application duly filed and payment of appropriate prescribed fees, the above named is hereby granted a Nevada State Business License for business activities conducted within the State of Nevada.

Securities and Exchange Commission  
100 F Street, N.E.  
Washington, D. C. 20549

Ladies and Gentlemen:

---

**Re: Scription Work Solutions Inc. (the "Company")**

We have acted as special counsel for the Company for the limited purpose of rendering this opinion in connection with the filing of the Registration Statement on Form S-1 with the Securities and Exchange Commission. In our capacity as special counsel to the Company, we have examined the originals, photocopies, certified copies or other evidence of such records of the Company, certificates of officers of the Company, and other documents we have deemed relevant and necessary as a basis for the opinion hereinafter expressed. In such examination, we have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as certified copies or photocopies and the authenticity of the originals of such latter documents. Please be advised that, we have reached the following conclusions regarding the offering:

1. The Company is a duly and legally organized and existing Nevada State Corporation, with its registered office and principal place of business located in Las Vegas, Nevada. The Articles of Incorporation and corporate registration fees were submitted to the Nevada Secretary of State's office and filed with the office on July 12, 2011. The Company's existence and form is valid and legal pursuant to Nevada law.
2. The Company is a fully and duly incorporated Nevada corporate entity. The Company has one class of Common Stock at this time. Neither the Articles of Incorporation, Bylaws, nor amendments thereto, nor subsequent resolutions change the non-assessable characteristics of the Company's common shares of stock. The Common Stock previously issued by the Company is in legal form and in compliance with the laws of the State of Nevada, its Constitution and reported judicial decisions interpreting those laws and when such stock was issued it was duly authorized, fully paid for and non-assessable.
3. To our knowledge, the Company is not a party to any legal proceedings nor are there any judgments against the Company, nor are there any actions or suits filed or threatened against it or its officers and directors, in their capacities as such, other than as set forth in the registration statement. We know of no disputes involving the Company and the Company has no claim, actions or inquiries from any federal, state or other government agency, other than as set forth in the registration statement. We know of no claims against the Company or any reputed claims against it at this time, other than as set forth in the registration statement.
4. The Company's outstanding shares are all common shares. There are no liquidation preference rights held by any of the Shareholders upon voluntary or involuntary liquidation of the Company.
5. The directors and officers of the Company are indemnified against all costs, expenses, judgments and liabilities, including

attorney's fees, reasonably incurred by or imposed upon them or any of them in connection with or resulting from any action, suit or proceedings, civil or general, in which the officer or director is or may be made a party by reason of his being or having been such a director or officer. This indemnification is not exclusive of other rights to which such director or officer may be entitled as a matter of law.

6. The Company's Articles of Incorporation presently provide the authority to the Company to issue 75,000,000 shares of common stock, with a par value of \$0.001 per share.
7. Under the applicable law of the State of Nevada (including statutory, regulatory and case law), the 20,000,000 shares of common stock of the Company being registered pursuant to the Registration Statement for resale by the selling shareholders were duly authorized by all necessary corporate action on the part of the Company and are validly issued, fully paid and nonassessable and, when sold as contemplated in the Registration Statement, will continue to be validly issued, fully paid and nonassessable.

We consent to filing this opinion as an exhibit to the Registration statement and also consent to the reference of our name in the prospectus which forms a part of the Registration Statement. In giving such consent, we do not thereby admit that we are in the category of persons whose consent is required under Section 7 of the Act or the rules and regulations of the Commission promulgated thereunder.

Yours very truly,

/s/ Dean Law Corp.

**THE REGISTRANT HEREBY AMENDS THIS REGISTRATION STATEMENT ON SUCH DATE OR DATES AS MAY BE NECESSARY TO DELAY ITS EFFECTIVE DATE UNTIL THE REGISTRANT SHALL FILE A FURTHER AMENDMENT WHICH SPECIFICALLY STATES THAT THIS REGISTRATION STATEMENT SHALL THEREAFTER BECOME EFFECTIVE IN ACCORDANCE WITH SECTION 8(a) OF THE SECURITIES ACT OF 1933 OR UNTIL THE REGISTRATION STATEMENT SHALL BECOME EFFECTIVE ON SUCH DATE AS THE COMMISSION, ACTING PURSUANT TO SECTION 8(a), MAY DETERMINE.**

**The information in this prospectus is not complete and may be changed. The selling stockholders may not sell these securities until the registration statement filed with the Securities and Exchange Commission is effective. This prospectus is not an offer to sell these securities and is not soliciting an offer to buy these securities in any state or other jurisdiction where the offer or sale is not permitted.**

**Subject to completion, dated \_\_\_\_\_, 2013**

Table of Contents

*The information in this prospectus is not complete and may be changed. We may not sell these securities until the Registration Statement filed with the Securities and Exchange Commission is effective. This prospectus is not an offer to sell these securities and is not soliciting an offer to buy these securities in any jurisdiction where an offer or sale is not permitted.*

**PRELIMINARY PROSPECTUS**

**Scirption Work Solutions Inc.**  
**(F/K/A: TRANSTECH SOLUTIONS, INC.)**  
**843 N Rainbow Blvd, Unit 1175**  
**Las Vegas, NV 89107**

**20,000,000 SHARES OF COMMON STOCK**

The selling shareholders named in this prospectus are offering all of the shares of common stock offered through this prospectus for a period of up to two years from the effective date.

Our common stock is presently not traded on any market or securities exchange.

-----

**THE PURCHASE OF THE SECURITIES OFFERED THROUGH THIS PROSPECTUS INVOLVES A HIGH DEGREE OF RISK. See section entitled "Risk Factors" on pages 8 to 14 of this prospectus.**

**The information in this prospectus is not complete and may be changed. This prospectus is not an offer to sell these securities and it is not soliciting an offer to buy these securities in any state where the offer or sale is not permitted.**

The selling shareholders, who are underwriters, will sell our shares at a fixed price of \$0.01 per share for the duration of the offering. We will not receive any proceeds from the offering. We intend to apply for quotation on the OTCBB, but there is no guarantee that we will be accepted for quotation or will engage a market maker to file an application on our behalf. There is no assurance of when, if ever, our stock will be listed on an exchange. The absence of a public market for our common stock makes our shares highly illiquid. It will be difficult to sell the common stock of our company.

We are currently in the development stage and have nominal operations and minimal assets, which makes us a "shell company" as defined in Rule 12b-2 of the Exchange Act.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

We are not a blank check company and have no plans or intention to engage in a business combination with another entity. Because our auditors have issued a going concern opinion, there is substantial uncertainty we will continue operations. We are an Emerging Growth Company as defined in the Jumpstart Our Business Startups Act.

**The Date of this prospectus is \_\_\_\_\_, 2013.**

**Explanatory Note**

This Amendment No.4 on Form S-1/A (this "Amendment") amends the Registration Statement on Form S-1 for the quarter ended June 30, 2013 which the Registrant previously filed with the Securities and Exchange Commission on October 7, 2013 (the "Original Filing"). The Registrant is filing this Amendment to include the Auditor Consent file which failed to properly upload to EDGAR with the main document files on the EDGARized version of the Original Filing.

Except as set forth above, the Original Filing has not been amended, updated or otherwise modified. Other events occurring after the filing of the Form S-1/A or other disclosures necessary to reflect subsequent events have been addressed in our reports filed with the Securities and Exchange Commission subsequent to the filing of this Form S-1.

## PROSPECTUS SUMMARY

Prospective investors are urged to read this prospectus in its entirety.

This summary highlights selected information contained elsewhere in this prospectus. This summary does not contain all the information that you should consider before investing in the common stock. You should carefully read the entire prospectus, including "Risk Factors", "Management's Discussion and Analysis of Financial Condition and Results of Operations" and the Financial Statements, before making an investment decision. The terms "Scription Work Solutions Inc" f/k/a "Transtech Solutions Inc" "we," "us" and "our" as used in this prospectus refer to Scription Work Solutions Inc.

### *Company Overview*

Scription Work Solutions Inc, f/k/a Transtech Solutions, Inc. (the "Company") was incorporated in the State of Nevada on July 12, 2011. We are a development stage company that plans to engage in the sale of medical transcription services. We intend to purchase a web-based platform that will give us the ability to reach potential customers. Christopher Weinhaupl, who is currently our sole officer and director, founded our Company. Our headquarters are located at 843 N Rainbow Blvd, Unit 1175, Las Vegas, NV 89107.

Medical transcription is converting confidential patient information from various sources such as voice recordings or medical notes into electronic text documents by medical transcriptionists. Scription Work Solutions intends to purchase one of many transcription platforms available on the market such as Dragon Medical Software or eScription, which our medical transcriptionists will use for physicians in hospitals, clinics and diagnostic laboratories in the United States. Since inception, our operations have primarily consisted of the formation of our company, completion of our business plan, and the acquisition of funding. We have not commenced in purchasing transcription software as we have not yet raised the minimum funds necessary to commence operations. A market-ready transcription platform will not be available for 10-12 months after we have raised the necessary funds.

We will need to raise a minimum of \$200,000 over the next twelve months through public or private debt or sale of equity to execute our business plan to become a revenue generating company. If we are unable to obtain the level of financing, our business may fail.

We are endeavoring to be a reporting company with the SEC as we believe doing so will provide us with greater opportunities to access and acquire the additional capital that we require for our growth and to further implement our business plan. In addition, becoming a reporting issuer may provide us with more financing alternatives, due to the transparency provided by the public reporting requirements.

Since inception, our operations have consisted of incorporating our Company and formulating our business plan. The Company intends to begin substantive operations within 10-12 months after we obtain our necessary funding requirements. The initial plan of operations calls for the Company to begin marketing our transcription services to potential business clients. We believe that if we are able to raise the full amount of funds contemplated herein, we would be able to launch our Company and properly market our transcription services. We will design a full marketing strategy to gain brand awareness, and ultimately obtain a large medical transcription client base.

## Table of Contents

Although our sole officer and director has only recently become interested in the medical transcription business, and does not have any professional training or technical credentials in the development and maintenance of such a company, he has experience running a business. We plan to purchase a medical transcription platform and hire qualified marketing and sales personnel staff if we are successful in raising capital. We do not have any verbal or written agreements regarding the retention of any qualified personnel to date.

Although the Company has no market for its common stock, management believes that the Company will meet all requirements to be quoted on the OTC market, and even though the Company's common stock will likely be a penny stock, becoming a reporting company will provide us with enhanced visibility and give us a greater possibility to provide liquidity to our shareholders.

We are currently a development stage company and to date we have recorded no revenue. Accordingly, our independent registered public accountants have issued a comment regarding our ability to continue as a going concern (please refer to the footnotes to the financial statements). Until such time that we are able to establish a consistent flow of revenues from our operations which is sufficient to sustain our operating needs, management intends to rely primarily upon debt financing to supplement cash flows, if any, generated by our services. We will seek out such financing as necessary to allow the Company to continue to grow our business operations, and to cover such cost, including professional fees, associated with being a reporting Company with the Securities and Exchange Commission ("SEC"); we estimate such costs to be approximately \$200,000 for 12 months following this Offering. The Company has included such costs to become a publicly reporting company in its targeted expenses for working capital expenses and intends to seek out reasonable loans from friends, family and business acquaintances if it becomes necessary. At this point we have been funded by our sole officer, family, friends and business acquaintances.

## Table of Contents

We are an Emerging Growth Company as defined in the Jumpstart Our Business Startups Act.

We shall continue to be deemed an emerging growth company until the earliest of:

(A) the last day of the fiscal year of the issuer during which it had total annual gross revenues of \$1,000,000,000 (as such amount is indexed for inflation every 5 years by the Commission to reflect the change in the Consumer Price Index for All Urban Consumers published by the Bureau of Labor Statistics, setting the threshold to the nearest 1,000,000) or more;

(B) the last day of the fiscal year of the issuer following the fifth anniversary of the date of the first sale of common equity securities of the issuer pursuant to an effective registration statement under this title;

(C) the date on which such issuer has, during the previous 3-year period, issued more than \$1,000,000,000 in non-convertible debt; or

(D) the date on which such issuer is deemed to be a 'large accelerated filer', as defined in section 240.12b-2 of title 17, Code of Federal Regulations, or any successor thereto.

As an emerging growth company we are exempt from Section 404(b) of Sarbanes Oxley. Section 404(a) requires Issuers to publish information in their annual reports concerning the scope and adequacy of the internal control structure and procedures for financial reporting. This statement shall also assess the effectiveness of such internal controls and procedures.

Section 404(b) requires that the registered accounting firm shall, in the same report, attest to and report on the assessment on the effectiveness of the internal control structure and procedures for financial reporting.

As an emerging growth company we are exempt from Section 14A and B of the Securities Exchange Act of 1934 which require the shareholder approval of executive compensation and golden parachutes.

We have irrevocably opted out of the extended transition period for complying with new or revised accounting standards pursuant to Section 107(b) of the Act.

**Because our auditors have issued a going concern opinion, there is substantial uncertainty we will continue operations in which case you could lose your investment.**

Our auditors have issued a going concern opinion. This means that there is substantial doubt that we can continue as an ongoing business for the next twelve months as we lack an operating history. The financial statements do not include any adjustments that might result from the uncertainty about our ability to continue in business. As such we may have to cease operations and you could lose your investment. We currently have no commitments to raise the minimum funds necessary to become a revenue generating company over the next twelve months.

**As of effectiveness of our registration statement of which this prospectus is a part, the Company will not become a fully reporting company, but rather, will be subject to the reporting requirements of Section 15(d) of the Securities Exchange Act of 1934.**

We will be required to file periodic reports with the SEC which will be immediately available to the public for inspection and copying. Except during the year that our registration statement becomes effective, these reporting obligations may be automatically suspended under Section 15(d) if we have less than 300 shareholders. If this occurs after the year in which our registration statement becomes effective, we will no longer be obligated to file periodic reports with the SEC and your access to our business information would then be even more restricted; however, that filing obligation will generally apply even if our reporting obligations have been suspended automatically under section 15(d) of the Exchange Act prior to the due date for the Form 10-K. After that fiscal year and provided the Company has less than 300 shareholders, the Company is not required to file these reports. If the reports are not filed, the investors will have reduced visibility as to the Company and its financial condition.

In addition, as a filer subject to Section 15(d) of the Exchange Act, the Company is not required to prepare proxy or information statements, and our common stock will not be subject to the protection of the ongoing private regulations. Additionally, the Company will be subject to only limited portions of the tender offer rules, and our officers, directors, and more than ten (10%) percent shareholders are not required to file beneficial ownership reports about their holdings in our Company, and will not be subject to the short-swing profit recovery provisions of the Exchange Act. Further, more than five percent (5%) holders of classes of

our equity securities will not be required to report information about their ownership positions in the securities. This means that your access to information regarding our business will be limited.

As a reporting company under the Exchange Act, we are required to comply with the internal control evaluation and certification requirements of Section 404 of the Sarbanes-Oxley Act of 2002. Section 404 of the Sarbanes-Oxley Act requires annual management assessments of the effectiveness of our internal control over financial reporting, starting with the second annual report that we file with the SEC after the consummation of this Offering. In connection with the implementation of the necessary procedures and practices related to internal control over financial reporting, we may identify deficiencies that we may not be able to remediate in time to meet the deadline imposed by the Sarbanes-Oxley Act for compliance with the requirements of Section 404. We will be unable to issue securities in the public markets through the use of a shelf registration statement if we are not in compliance with Section 404. Furthermore, failure to achieve and maintain an effective internal control environment could have a material adverse effect on our business and share price and could limit our ability to report our financial results accurately and timely

Table of Contents

**SUMMARY OF THIS OFFERING**

<b>The Issuer</b>	Scripton Work Solutions Inc, f/k/a Transtech Solutions Inc.
<b>Securities being offered</b>	Up to 20,000,000 shares of Common Stock
<b>Offering Type</b>	The selling shareholders will sell our shares at a fixed price of \$0.01 per share.
<b>Per Share Price</b>	The selling stockholders may offer their shares through public or private transactions at a fixed price of \$0.01 per share. We will pay all expenses of registering the securities, estimated at approximately \$20,000 .
<b>Termination of the Offering</b>	The offering will conclude when all of the 20,000,000 shares of common stock have been sold, the shares no longer need to be registered to be sold due to the operation of Rule 144 or we decide at any time to terminate the registration of the shares at our sole discretion. In any event, the offering shall be terminated no later than two years from the effective date of this registration statement.
<b>Securities Issued And to be Issued</b>	50,100,000 shares of our common stock are issued and outstanding as of the date of this prospectus. All of 20,000,000 shares will be sold by existing shareholder
<b>Use of Proceeds</b>	We will not receive any proceeds from the sale of the common stock by the selling shareholders.
<b>Market for the Common Stock</b>	There is currently no public market for the shares of our common stock. There can be no assurance that a market maker will agree to file the necessary documents with FINRA to allow our shares of common stock to be traded on the OTCBB, nor can there be any assurance that such an application for quotation will be approved if filed. FINRA operates the OTCBB. We have agreed to bear the expenses relating to the registration of the shares for the Selling Stockholders.

Stockholders' Equity	\$	40,048
	<b>Period from July 12, 2011 (date of inception) to Dec 31, 2012 (Audited)</b>	
<b>Income Statement</b>		
Revenue	\$	-
Total Operating Expenses	\$	10,052
Net Loss	\$	(10,052)

**RISK FACTORS**

In addition to the other information provided in this Prospectus, you should carefully consider the following risk factors in evaluating our business before purchasing any of our common stock.

**Our lack of operating history makes it difficult for us to evaluate our future business prospects and make decisions in implementing our business plan. You are unable to determine whether we will ever become profitable, which increases your investment risk.**

We were incorporated on July 12, 2011. We have no operating history. Our business plan is speculative and unproven. There is no assurance that we will be successful in executing our business plan or that, even if we successfully implement our business plan, we will ever generate revenues or profits, which makes it difficult to evaluate our business. As a consequence, it is difficult, if not impossible, to forecast our future results based upon our historical data. Because of the uncertainties related to our lack of historical operations, we may be hindered in our ability to anticipate and timely adapt to increases or decreases in sales, revenues, or expenses. If we make poor operational decisions in implementing our business plan, we may never generate revenues or become profitable or incur losses, which may result in a decline in our stock price.

## Table of Contents

**Because we will need additional capital to implement our business plan and may not be able to obtain sufficient capital, we may be forced to limit the scope of our operations, and our revenues may be reduced.**

In connection with implementing our business plans, we will experience increased capital needs and accordingly, we may not have sufficient capital to fund our future operations without additional capital investments. Our capital needs will depend on numerous factors, including the following:

We cannot assure you that we will be able to obtain capital in the future to meet our needs. We have no sources of financing identified. If we cannot obtain additional funding, we may be required to:

- limit our ability to implement our business plan;
- limit our marketing efforts; and
- decrease or eliminate capital expenditures.

Even if we do find a source of additional capital, we may not be able to negotiate terms and conditions for receiving the additional capital that are acceptable to us. Any future capital investments could dilute or otherwise adversely affect the holdings or rights of our existing shareholders. In addition, new equity or convertible debt securities issued by us to obtain financing could have rights, preferences and privileges senior to our Common Stock. Any additional financing may not be available to us, or if available, may not be on terms favorable to us.

**We will require financing to achieve our current business strategy and our inability to obtain such financing could prohibit us from executing our business plan and cause us to slow down our expansion or cease our operations.**

We will need to raise a minimum of \$200,000 over the next twelve months through public or private debt or sale of equity to execute our business plan to become a revenue generating company. Such financing may not be available as needed. Even if such financing is available, it may be on terms that are materially adverse to your interests with respect to dilution of book value, dividend preferences, liquidation preferences or other terms. If we are unable to obtain this financing on reasonable terms, we would be unable to hire the additional employees needed to execute our business plan and we would be forced to delay or scale back our plans for expansion. This would delay our ability to get our operations to profitability and could force us to cease operations. In addition, such inability to obtain financing on reasonable terms could have a material adverse effect on our business, operating results or financial condition.

Moreover, in addition to monies needed to commence operations over the next twelve months, we anticipate requiring additional funds in order to execute any future plans for growth. No assurance can be given that such funds will be available or, if available, will be on commercially reasonable terms satisfactory to us. There can be no assurance that we will be able to obtain financing if or when it is needed on terms we deem acceptable.

## Table of Contents

**Our lack of an established brand name and relative lack of resources could negatively impact our ability to effectively compete in the medical transcription industry, which could reduce the value of your investment.**

We do not have an established brand name or reputation in the business of providing medical transcription services. We also have a relative lack of resources to conduct our business operations. Thus, we may have difficulty effectively competing with companies that have greater name recognition and financial resources than we do. Our inability to promote and/or protect our brand name may have an adverse effect on our ability to compete effectively in the market.

**Because our auditors have issued a going concern opinion, there is substantial uncertainty we will continue operations in which case you could lose your investment.**

Our auditors have issued a going concern opinion. This means that there is substantial doubt that we can continue as an ongoing business for the next twelve months as we lack an operating history. The financial statements do not include any adjustments that might result from the uncertainty about our ability to commence in business. As such we may have to cease operations and you could lose your investment. If we do not commence our operations, secure financing, and related activities or if we do not secure funding to implement our business plan, we estimate current available financial resources will sustain our operations only through the next few months, and then only if continued funding by the management of the company.

**If we do not make a profit, we may have to suspend or cease operations.**

Because we are small and do not have much capital, we must limit our marketing to the existing business relationships of our CEO, Mr. Christopher Weinhaupl. Because we will be limiting our marketing activities, we may not be able to attract enough clients to operate profitably. If we cannot operate profitably, we may have to suspend or cease our operations.

**We are dependent on our CEO, Mr. Christopher Weinhaupl, to guide our initial operations and implement our plan of operations. If we lose such services we will have to change our business plan/direction or cease operations.**

Our success will depend on the ability and resources of our CEO & President. If we lose the services of our CEO, we will be forced to either change our business plan and direction or cease operations. We have no written employment agreement with our CEO. We have not obtained any key man life insurance relating to our CEO. If we lose such services, we may not be able to hire and retain another CEO with comparable experience. As a result, the loss of Mr. Christopher Weinhaupl's services could reduce our revenues. We have no written employment agreement or covenant not to compete with Mr. Christopher Weinhaupl.

**Mr. Weinhaupl, the sole employee, officer and director, is committing a limited amount of time to the management of the company.**

Mr. Weinhaupl's involvement with his other businesses currently occupies most of his time and schedule. Certain tasks for Scription Work Solutions may not be completed in a timely fashion due to travel and other commitments. The Company has given consideration to conflicts of interest that may arise based on Mr. Weinhaupl's commitment to his other businesses. However, as the owner, Mr. Weinhaupl is fortunate to have a very flexible work environment and schedule; thus we believe he can fulfill his responsibilities both during the week and on the weekend, allowing him to prioritize his schedule to devote time as needed to the Scription Work Solutions. Due to Mr. Weinhaupl's current employment as Senior Network Support at Enterprise Contact Centers, he can currently devote approximately 20 hours per week to our operation. This employment may also impact his flexibility.

## Table of Contents

### **Risks Relating To Our Common Stock**

#### **Because there is no public trading market for our common stock, you may not be able to resell your stock.**

There is currently no public trading market for our common stock. Therefore there is no central place, such as a stock exchange or electronic trading system, to resell your shares. If you do want to resell your shares, you will have to locate a buyer and negotiate your own sale in compliance with applicable federal and state securities laws.

#### **There is no assurance of a public market or that our common stock will ever trade on a recognized exchange or quotation system. Therefore, you may be unable to liquidate your investment in our stock.**

There is no established public trading market for our common stock. Our shares are not and have not been listed or quoted on any exchange or quotation system. There can be no assurance that a market maker will agree to file the necessary documents with FINRA, which operates the OTCBB, to create such listing or quotation, nor can there be any assurance that such an application would be approved if filed, or that a regular trading market will develop or that if developed, will be sustained. In the absence of a trading market, an investor may be unable to liquidate their investment.

#### **If our common stock is quoted on the OTC Bulletin Board which may have an unfavorable impact on our stock price and liquidity.**

We anticipate that our common stock will be quoted on the OTC Bulletin Board. The OTC Bulletin Board is a significantly more limited market than the New York Stock Exchange or NASDAQ system. The quotation of our shares on the OTC Bulletin Board may result in a less liquid market available for existing and potential stockholders to trade shares of our common stock, could depress the trading price of our common stock and could have a long-term adverse impact on our ability to raise capital in the future.

#### **We may be subject to penny stock regulations and restrictions and you may have difficulty selling shares of our common stock.**

The SEC has adopted regulations which generally define so-called "penny stocks" to be an equity security that has a market price less than \$5.00 per share or an exercise price of less than \$5.00 per share, subject to certain exemptions. If our common stock becomes a "penny stock," we may become subject to Rule 15g-9 under the Exchange Act, or the "Penny Stock Rule." This rule imposes additional sales practice requirements on broker-dealers that sell such securities to persons other than established customers and "accredited investors" (generally, individuals with a net worth in excess of \$1,000,000 or annual incomes exceeding \$200,000, or \$300,000 together with their spouses). For transactions covered by Rule 15g-9, a broker-dealer must make a special suitability determination for the purchaser and have received the purchaser's written consent to the transaction prior to sale. As a result, this rule may affect the ability of broker-dealers to sell our securities and may affect the ability of purchasers to sell any of our securities in the secondary market.

For any transaction involving a penny stock, unless exempt, the rules require delivery, prior to any transaction in a penny stock, of a disclosure schedule prepared by the SEC relating to the penny stock market. Disclosure is also required to be made about sales commissions payable to both the broker-dealer and the registered representative and current quotations for the securities. Finally, monthly statements are required to be sent disclosing recent price information for the penny stock held in the account and information on the limited market in penny stock.

There can be no assurance that our common stock will qualify for exemption from the Penny Stock Rule. In any event, even if our common stock were exempt from the Penny Stock Rule, we would remain subject to Section 15(b)(6) of the Exchange Act, which gives the SEC the authority to restrict any person from participating in a distribution of penny stock, if the SEC finds that such a restriction would be in the public interest.

## Table of Contents

**Because we do not have an audit or compensation committee, shareholders will have to rely on the board of directors, which is not independent, to perform these functions.**

We do not have an audit or compensation committee comprised of independent directors. These functions are performed by the board of directors as a whole. The sole member of the board of directors is not independent. Thus, there is a potential conflict in that board members who are management will participate in discussions concerning management compensation and audit issues that may affect management decisions.

**Our management has limited experience in managing the day to day operations of a public company and, as a result, we may incur additional expenses associated with the management of our company.**

Our CEO Christopher Weinhaupl is responsible for our operations and SEC reporting. The requirements of operating as a small public company are new to him. This will require us to obtain outside assistance from legal, accounting, investor relations or other professionals that could be more costly than planned. We may also be required to hire additional staff to comply with additional SEC reporting requirements and compliance under the Sarbanes-Oxley Act of 2002. Our failure to comply with reporting requirements and other provisions of securities laws could negatively affect our stock price and adversely affect our results of operations, cash flow and financial condition.

**We have less than 300 record holders following the completion of the offering, and pose the risk of being suspended.**

The Company will not become a fully reporting company, but rather, will be subject to the reporting requirements of Section 15(d) of the Securities Exchange Act of 1934. As of the effectiveness of our Registration Statement of which this prospectus is a part, we will be required to file periodic reports with the SEC which will be immediately available to the public for inspection and copying. Except during the year that our Registration Statement becomes effective, these reporting obligations may be automatically suspended under Section 15(d) if we have less than 300 shareholders. If this occurs after the year in which our Registration Statement becomes effective, we will no longer be obligated to file periodic reports with the SEC and your access to our business information would then be even more restricted. After this Registration Statement on Form S-1 becomes effective, we will be required to deliver periodic reports to security holders. However, we will not be required to furnish proxy statements to security holders and our directors, officers and principal beneficial owners will not be required to report their beneficial ownership of securities to the SEC pursuant to Section 16 of the Securities Exchange Act of 1934 until we have both in excess of \$10 million and a class of equity securities (other than exempted securities) held of record by either (i) 2,000 persons, or (ii) 500 persons who are not accredited investors. For these purposes, the "held of record" definition in Section 12(g)(5) does not include securities held by persons who received the securities pursuant to an employee compensation plan in transactions exempt from the registration requirements under Section 5 of the Securities Act of 1933, as amended ("Securities Act"). This means that your access to information regarding our business will be limited.

**We are a shell company as defined in Securities Act Rule 405, and may not have available to us the Securities Act Rule 144 for purposes of meeting the safe harbor requirement.**

The unavailability of Securities Act Rule 144 from the definition of underwriter, may negatively affect liquidity of our shares and on our ability to attract additional capital to implement our business plan or sustain operations. Therefore, negatively affecting our cash flow and business plan moving forward.

**We may be exposed to potential risks resulting from new requirements under section 404 of the Sarbanes-Oxley Act of 2002.**

In addition to the costs of compliance with having our shares listed on the OTCBB, there are substantial penalties that could be imposed upon us if we fail to comply with all regulatory requirements. In particular, under Section 404 of the Sarbanes-Oxley Act of 2002, as a smaller reporting company, our management will be required to provide a report on the effectiveness of our internal controls over financial reporting, beginning with our second annual report, and we will not be required to provide an auditor's attestation regarding such report. We have not assessed the effectiveness of our disclosure controls and procedures or our internal controls over financial reporting, and we expect to incur additional expenses and diversion of management's time as a result of performing the system and process evaluation, testing and remediation required in order to comply with the management certification requirements. Additionally, investors should be aware of the risk that management may assess and render the Company's internal controls ineffective, which could have a material adverse effect on the Company's financial condition or result of operations."

### **Forward Looking Statements.**

Some of the statements in this Prospectus are “forward-looking statements.” These forward-looking statements involve certain known and unknown risks, uncertainties and other factors which may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by these forward-looking statements. These factors include, among others, the factors set forth above under “Risk Factors.”

The words “believe,” “expect,” “anticipate,” “intend,” “plan,” and similar expressions identify forward-looking statements. We caution you not to place undue reliance on these forward-looking statements. We undertake no obligation to update and revise any forward-looking statements or to publicly announce the result of any revisions to any of the forward-looking statements in this document to reflect any future or developments. However, the Private Securities Litigation Reform Act of 1995 is not available to us as a penny stock issuer and thus we may not rely on the statutory safe harbor from liability for forward-looking statements. Further, Section 27A(b)(2)(D) of the Securities Act and Section 21E(b)(2)(D) of the Securities Exchange Act expressly state that the safe harbor for forward looking statements does not apply to statements made in connection with this offering.

### **Use of Proceeds**

The selling stockholders are selling shares of common stock covered in the prospectus for their own account. We will not receive any of the proceeds from the resale of these shares. We have agreed to bear the expenses relating to the registration of the shares for the selling stockholders.

### **Determination of Offering Price**

The selling stockholders may offer their shares through public or private transactions at a fixed price of \$0.01 per share. We determined the price of our public offering by arbitrarily adding a \$0.009 per share premium to the last sale price of our common stock to investors. The price does not bear any relationship to our assets, book value, earnings, or other established criteria for valuing a privately held company.

### **Dilution**

The common stock to be sold by the selling shareholders is common stock that is currently issued and outstanding. Accordingly, there will be no dilution to our existing shareholders.

**PLAN OF DISTRIBUTION; TERMS OF THE OFFERING**

**Timing of Sales**

The selling stockholders may offer and sell the shares covered by this prospectus at various times. The selling stockholders will act independently of Scription Work Solutions Inc, f/k/a Transtech Solutions in making decisions with respect to the timing, manner and size of each sale.

The selling shareholders, who are underwriters, will sell our shares at a fixed price of \$0.01 per share for the duration of the offering.”

**Offering Price**

The selling stockholders, who are underwriters, will sell their shares at the fixed price until our shares are quoted on the OTC Bulletin Board and thereafter at prevailing market prices or privately negotiated prices. Our common stock is not currently listed on any national exchange or electronic quotation system. To date, no actions have been taken to list our shares on any national exchange or electronic quotation system. If our common stock becomes publicly traded, then the sales price to the public will vary according to the selling decisions of each selling stockholder and the market for our stock at the time of resale.

## Table of Contents

### **Manner of Sale**

The selling stockholders may sell their shares directly to purchasers or may use brokers, dealers, underwriters or agents to sell their shares. Brokers or dealers engaged by the selling stockholders may arrange for other brokers or dealers to participate. Brokers or dealers may receive commissions, discounts or concessions from the selling stockholders, or, if any such broker-dealer acts as agent for the purchaser of shares, from the purchaser in amounts to be negotiated immediately prior to the sale. The compensation received by brokers or dealers may, but is not expected to, exceed that which is customary for the types of transactions involved. Broker-dealers may agree with a selling stockholder to sell a specified number of shares at a stipulated price per share, and, to the extent the broker-dealer is unable to do so acting as agent for a selling stockholder, to purchase as principal any unsold shares at the price required to fulfill the broker-dealer commitment to the selling stockholder. Broker-dealers who acquire shares as principal may thereafter resell the shares from time to time in transactions, which may involve block transactions and sales to and through other broker-dealers, including transactions of the nature described above, in the over-the-counter market or otherwise at prices and on terms then prevailing at the time of sale, at prices then related to the then-current market price or in negotiated transactions. In connection with resales of the shares, broker-dealers may pay to or receive from the purchasers of shares commissions as described above.

If our selling stockholders enter into arrangements with brokers or dealers, as described above, we are obligated to file a post-effective amendment to this registration statement disclosing such arrangements, including the names of any broker dealers acting as underwriters.

The selling stockholders and any broker-dealers or agents that participate with the selling stockholders in the sale of the shares may be deemed to be "underwriters" within the meaning of the Securities Act. In that event, any commissions received by broker-dealers or agents and any profit on the resale of the shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act.

### **Sales Pursuant to Rule 144**

Currently, we are a "shell company" as defined in Rule 12b-2 of the Exchange Act, as amended and Rule 144 is not available for the resale of securities issued by any issuer that is or has been at any time previously a shell company unless the following conditions have been met:

- the issuer of the securities that was formerly a shell company has ceased to be a shell company;
- the issuer of the securities is subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act;
- the issuer of the securities has filed all Exchange Act reports and material required to be filed, as applicable, during the preceding 12 months (or such shorter period that the issuer was required to file such reports and materials), other than Form 8-K reports; and
- at least one year has elapsed from the time that the issuer filed current Form 10 type information with the SEC reflecting its status as an entity that is not a shell company.

## Table of Contents

### **Regulation M**

We have advised the selling security holders that the anti-manipulation rules of Regulation M under the Exchange Act may apply to sales of shares in the market and to the activities of the selling security holders and their affiliates. Regulation M under the Exchange Act prohibits, with certain exceptions, participants in a distribution from bidding for, or purchasing for an account in which the participant has a beneficial interest, any of the securities that are the subject of the distribution. Accordingly, the selling stockholder is not permitted to cover short sales by purchasing shares while the distribution is taking place. Regulation M also governs bids and purchases made in order to stabilize the price of a security in connection with a distribution of the security. In addition, we will make copies of this prospectus available to the selling security holders for the purpose of satisfying the prospectus delivery requirements of the Securities Act.

### **State Securities Laws**

Under the securities laws of some states, the shares may be sold in such states only through registered or licensed brokers or dealers. In addition, in some states the shares may not be sold unless the shares have been registered or qualified for sale in the state or an exemption from registration or qualification is available and is complied with.

### **Expenses of Registration**

We are bearing all costs relating to the registration of the common stock. These expenses are estimated to be \$20,000, including, but not limited to, legal, accounting, printing and mailing fees. The selling stockholders, however, will pay any commissions or other fees payable to brokers or dealers in connection with any sale of the common stock.

### **Selling Shareholders**

The selling shareholders named in this prospectus are offering all of the 20,000,000 shares of common stock offered for resale through this prospectus. The 20,000,000 shares that were previously issued were acquired from us in private placements that were exempt from registration provided under Regulation S of the Securities Act of 1933. Our reliance upon the exemption under Rule 903 of Regulation S of the Securities Act was based on the fact that the sale of the securities was completed in an "offshore transaction," as defined in Rule 902(h) of Regulation S. We did not engage in any directed selling efforts, as defined in Regulation S, in the United States in connection with the sale of the securities. Each investor was not a US person, as defined in Regulation S, and was not acquiring the securities for the account or benefit of a US person.

The following table provides as of the date of this prospectus, information regarding the beneficial ownership of our common stock held by each of the selling shareholders, including:

- the number of shares owned by each prior to this offering;
- the total number of shares that are to be offered for each;
- the total number of shares that will be owned by each upon completion of the offering; and
- the percentage owned by each upon completion of the offering.

The named party beneficially owns and has sole voting and investment power over all shares or rights to these shares.

The numbers in this table assume that none of the selling shareholders sells shares of common stock not being offered in this prospectus or purchases additional shares of common stock, and assumes that all shares offered are sold. The percentages are based on 20,000,000 shares of common stock outstanding on the date of this prospectus.

Other than disclosed above, none of the selling shareholders:

1. has had a material relationship with us other than as a shareholder at any time within the past three years;
2. has ever been one of our officers or directors;
3. is a broker-dealer; or broker-dealer's affiliate.

## **Description of Securities**

### **General**

The following description is a summary of the material terms of the provisions of our Articles of Incorporation and Bylaws as they relate to our capital structure. The Articles of Incorporation and Bylaws have been filed as exhibits to the registration statement of which this Prospectus is a part.

### **Common Stock**

We have 75,000,000 authorized shares of common stock with \$.001 par value. As of December 31, 2012, there were 50,100,000 shares of our common stock issued and outstanding. All shares are equal to each other with respect to liquidation and dividend rights. Holders of voting shares are entitled to one vote for each share that they own at any shareholders' meeting. Holders of our shares of common stock do not have cumulative voting rights.

Each share of common stock entitles the holder to one vote, either in person or by proxy, at meetings of shareholders. The holders are not permitted to vote their shares cumulatively. Accordingly, the shareholders of our common stock who hold, in the aggregate, more than fifty percent of the total voting rights can elect all of our directors and, in such event, the holders of the remaining minority shares will not be able to elect any of the such directors. The vote of the holders of a majority of the issued and outstanding shares of common stock entitled to vote thereon is sufficient to authorize, affirm, ratify or consent to such act or action, except as otherwise provided by law.

Holders of common stock are entitled to receive such dividends, if any, as may be declared by the Board of Directors out of funds legally available. We have not paid any dividends since our inception, and we presently anticipate that all earnings, if any, will be retained for development of our business. Any future disposition of dividends will be at the discretion of our Board of Directors and will depend upon, among other things, our future earnings, operating and financial condition, capital requirements and other factors.

Holders of our common stock have no pre-emptive rights or other subscription rights, conversion rights, redemption or sinking fund provisions. Upon our liquidation, dissolution or winding up, the holders of our common stock will be entitled to share in the net assets legally available for distribution to shareholders after the payment of all of our debts and other liabilities. There are not any provisions in our Articles of Incorporation or our Bylaws that would prevent or delay change in our control. There are no conversion, pre-emptive or other subscription rights or privileges with respect to any shares.

Table of Contents

**Preferred Stock**

We are not authorized to issue any shares of preferred stock.

**Dividend Policy**

We have not paid any cash dividends to shareholders. The declaration of any future cash dividends is at the discretion of our board of directors and depends upon our earnings, if any, our capital requirements and financial position, our general economic conditions, and other pertinent conditions. It is our present intention not to pay any cash dividends in the foreseeable future, but rather to reinvest earnings, if any, in our business operations.

**Share Purchase Warrants and Options**

We do not presently have any options or warrants authorized or any securities that may be convertible into common stock. However, our board of directors may later determine to authorize options and warrants for our Company.

**Interests of Named Experts and Counsel**

The legality of the shares offered under this registration statement is being passed upon by Dean Law Corp.

The financial statements included in this prospectus and the registration statement have been audited by Kenne Ruan, CPA to the extent and for the periods set forth in their report appearing elsewhere herein and in the registration statement, and are included in reliance upon such report given upon the authority of said firm as experts in auditing and accounting.

**INFORMATION WITH RESPECT TO REGISTRANT**

THE FOLLOWING DISCUSSION AND ANALYSIS SHOULD BE READ TOGETHER WITH THE CONSOLIDATED FINANCIAL STATEMENTS OF Scription WORK SOLUTIONS INC F/K/A TRANSTECH SOLUTIONS, INC. AND THE NOTES TO CONSOLIDATED FINANCIAL STATEMENTS INCLUDED IN THIS REGISTRATION STATEMENT. THIS DISCUSSION SUMMARIZES THE SIGNIFICANT FACTORS AFFECTING OUR OPERATING RESULTS, FINANCIAL CONDITIONS AND LIQUIDITY AND CASH-FLOW SINCE INCEPTION.

**Description of Business:**

**Organization:**

Scription Work Solutions Inc, f/k/a Transtech Solutions Inc. was incorporated to the laws of the State of Nevada on July 12, 2011. We are a development stage company that has limited operating history and has earned no revenues.

Since our inception, we have devoted our activities to developing our business plan, determining the market for our services, developing a marketing plan, as well as capital formation. Our day-to-day operations consist of working on these to ensure effective, efficient and timely completion.

There is substantial doubt about our ability to continue, as a going concern, over the next twelve months.

**Business**

Scription Work Solutions Inc, f/k/a Transtech Solutions Inc. is a Las Vegas-based business looking to provide services in the U.S. medical transcription marketplace. Scription Work Solutions Inc, f/k/a Transtech plans to provide medical transcription services to the Nevada medical community by offering our service through the use of digital equipment and careful proofing. The company intends to cater to the healthcare sector by providing timely, highly accurate medical transcriptions of dictated patient reports. Scription Work Solutions Inc, f/k/a Transtech aims to incorporate outsourcing operations overseas to take advantage of lower cost of labor, pending our sales effort. We believe this technology will allow an efficient way to manage transcription services on a web-based platform.

The main market sectors we aspire to penetrate are as follows:

- Offices of physicians
- Hospitals
- Medical and diagnostic laboratories

We expect Scription Work Solutions Inc, f/k/a Transtech's core service offerings to consist of medical record transcription services for the following:

- Office visits
- Surgery notes
- Lab results
- Admissions
- Assessments

## **Industry Overview**

The Bureau of Labor Statistics reports that employment of medical transcriptionists is expected to grow 6 percent from 2010 to 2020. According to BLS, this growth rate is slower than average for all occupations. We anticipate the volume of healthcare services to continue to increase, resulting in a growing number of medical tests and procedures, all of which will require transcription. In our opinion, an aging population contributing to an increased number of healthcare visits, combined with a continued emphasis of accessible documentation, is anticipated to stimulate the need for medical transcriptionists. In other words, increasing numbers of medical transcriptionists will be needed to amend patients' records, edit for grammar, and identify discrepancies in electronic records.

Contracting out transcription work overseas and advancements in speech recognition technology are not expected to significantly reduce the need for well-trained medical transcriptionists in the US. Outsourcing transcription work abroad—to countries such as India, Pakistan, Philippines, and the Caribbean—has grown more popular as transmitting confidential health information over the Internet has become more secure; however, we believe the demand for overseas transcription services is expected only to supplement the demand for well-trained domestic medical transcriptionists. Speech-recognition technology allows physicians and other health professionals to dictate medical reports to a computer that immediately creates an electronic document. In spite of the advances in this technology, the software has been slow to grasp and analyze the human voice and the English language, and the medical vernacular with all its diversity. As a result, we expect there will continue to be a need for skilled medical transcriptionists to identify and appropriately edit the inevitable errors created by speech recognition systems, and to create a final document.

While the tools used by medical transcriptionists have dramatically changed to digital devices, the fundamental nature of the practice has not. The BLS reports that in spite of advances in technology, there will continue to be a need for skilled medical transcriptionists.

## **Market Research**

The medical transcription business is a growing industry that is struggling to fulfill the demand created by physicians. We predict the drive to increase the quality of transcription services will result in insurance companies increasing their demand for qualified medical transcriptionists. We believe this is a highly fragmented and competitive industry that will continue to grow over the years, as demand is typically driven by quality of service, timely delivery and competitive pricing.

There are two general categories of customers that regularly need medical transcription services. There are physicians and psychologists who practice alone. The practitioners have the need for transcriptionists because they are typically too small to warrant their own in-house employee. The second group consists of hospitals, clinics, and other doctors who have an in-house solution, who at times are in need of supplemental services. These service requests are sporadic in nature and often require express services.

## Table of Contents

### **Market Needs**

Scripton Work Solutions Inc, f/k/a Transtech intends to provide its customers with a reliable, flexible, medically-trained transcription service. We believe the following benefits are important to our future customers:

- **Medical Background:** This is important due to the specialized language within the medical profession.
- **Convenience:** The ability to offer the service at the doctor's convenience is a significant advantage.
- **Accuracy:** Documents need to be accurate to guard against malpractice threats.

### **Market Trends**

The market trend for industries that utilize transcription services is decreasing overhead through the outsourcing of non-essential activities. We believe that this market trend will result in an increased demand for providers of outsourced transcription solutions so that they can focus on their core business competencies.

### **Market Growth**

As physician's practices are under increasing pressure to develop efficiencies (this pressure is primarily coming from the insurance companies which have significantly reduced their allowable reimbursement amounts), practices will be shedding non-essential employees and replacing them with outsourced service providers.

### **Competition**

The competition takes two general forms:

1. **General transcription service-** these are transcription services that offer medical services in addition to general service offerings. These firms typically have someone who had been trained in medical transcription, but does not do medical exclusively.
2. **Specialized medical transcription-** there are a number of exclusive medical transcription service providers. The market is controlled by larger companies that have established their brand over the years. Many of the smaller companies that provide are being driven out of the industry due to the larger more reputable companies being able to provide cheaper and faster services.

## Table of Contents

The buying patterns for medical transcriptionists are typically based on the type of relationship the physician or hospital has with the transcriptionist. If the physician does not have an in-house solution then they ideally will have a long-term relationship with a service provider. If the physician or hospital has in-house transcriptionists, then their relationships with the transcriptionist services are based on the sporadic service calls, filling a need when their service provider is unable.

### **Scripton Work Solutions' Competitive Advantage**

New technology such as voice recognition transcription software have been disruptive force in the medical transcription industry. Although voice technology has been shown to be accurate in medical transcription, we believe hospitals and medical clinics have been slow to adopt the new technology due to their preference for a live transcriptionist with whom they can interact.

Despite current industry changes, we believe there is opportunity for our company in this market. We believe we can occupy the space left in the industry where the small shops were pushed out with newer and more efficient transcription technology and methods available now. Although we do not believe we can compete with the volume of the larger players in the transcription industry, we assume a smaller shop like ours, utilizing the web, can provide competitive services with lower overhead. By adopting global outsourcing and providing our medical transcriptionists and clients a web-based platform to communicate, we believe we can provide time-efficient services at a competitive price.

### **Plan of Operations**

Since inception, our operations have primarily consisted of the organization of our business and the development of our business plan. Our business plan includes a two-phase plan that details the purchase of a medical transcription platform. Currently we are still in Phase 1 of our plan which includes the following:

Formation of our Company

Completion of our business plan; and

The acquisition of additional funding

Phase 1 have been completed, with the exception of raising additional funding. To date, our CEO, Christopher Weinhaupl, has conducted all operations. As such, upon incorporating our Company, Mr. Weinhaupl was named as the Company's sole officer and director. Operations and expenditures have included the incorporation of Scripton Work Solutions Inc, f/k/a Transtech Solutions, Inc. under the laws of the State of Nevada, and the formation of an extensive business plan in which we have mapped out all of the initial services that we plan to offer to our clients. Phase 1 will culminate with the completion of this Offering, which will hopefully allow us to raise capital through public or private debt or sale of equity and see us through Phase 2. Phase 2 involves purchasing a medical transcription platform and we do not intend on entering Phase 2 until the Company raises additional funding either through public or private debt or sale of equity.

## Table of Contents

### Services

Scripton Work Solutions Inc, f/k/a Transtech plans to provide medical transcription services for the medical community. We expect to transcribe office visits, surgery notes, lab results, admissions, assessment, and discharge summaries. Our future customers may simply and efficiently use phone dictation or send voice files via the Internet.

- **Next Day Turnaround:** Scripton Work Solutions Inc, f/k/a Transtech plans to offer 24 hour turnaround time on all dictation received by 6:00pm Central Time. If this isn't fast enough, we intend to also provide STAT transcription services with turnaround in less than 4 hours.
- **Physician Portal:** We plan to use a portal where physicians can review and correct the transcribed report using standard Word functionality and any changes will be saved to the server and will be accessed or distributed to all users. The physician will sign the document with a single mouse click upon which the report will be electronically stamped and marked as final.
- **98% Accuracy:** Physicians demand high quality medical transcription that is verifiable and accurate. All transcripts will be graded by proof-readers based on the American Association of Medical Transcription standards. Scripton Work Solutions Inc, f/k/a Transtech plans to guarantee 98% accuracy or better or files are provided free.
- **24 Hour Data Access:** Scripton Work Solutions Inc, f/k/a Transtech plans to provide 24/7 access to data. The company's servers will offer redundant power backups as well as complete backup Internet backbone to assure that data is always accessible.
- **Quality Assurance:** Scripton Work Solutions Inc, f/k/a Transtech projects to provide 4 to 6 months of training to all transcriptionists that join Transtech. Once training is complete, transcriptionists will be placed in a live environment where all their work is scrutinized for accuracy. Only after 2 to 3 years will transcriptionists be promoted to Assistant Quality Assurance positions in the Quality Assurance Department. We plan for all transcriptions to be guaranteed for 98% accuracy or better based on American Association of Medical Transcription Standards.
- **Easy File Transfers:** Scripton Work Solutions Inc, f/k/a Transtech's interface will be architected with usability for the computer illiterate as well as the tech savvy user. A minimal interface will allow future clients to copy their dictations from their recorders and send it to Scripton Work Solutions Inc, f/k/a Transtech's servers with just 3 clicks of a mouse.
- **HIPAA Compliant:** Scripton Work Solutions' medical transcription services will be fully compliant with Health Insurance Portability and Accountability Act of 1996 (HIPAA). HIPAA was a result of congressional healthcare reform proponents to reform healthcare. The HIPAA legislation has four primary objectives.
  1. Assure health insurance portability by eliminating job-lock due to pre-existing medical conditions
  2. Reduce healthcare fraud and abuse
  3. Enforce standards for health information
  4. Guarantee security and privacy of health information

Of the four primary objectives, the fourth objective has the most impact on medical transcription.

The rule requires that healthcare organizations insurers and payors that have been using any electronic means of storing patient data and performing claims submission must comply with HIPAA legislation. Since medical

transcription deals with electronic means of handling and storing patient data, our services will ensure the security and confidentiality of the patient's Protected Health Information (PHI), and maintain an audit trail of all individuals who have had access to a PHI.

Assuming we are able to successfully raise funding from public or private debt or sale of equity, we will begin the second part of our business plan. In order to initiate Phase 2 of our operations, we will have to raise enough money to purchase the medical transcription platform. While we are researching the medical transcription platform to purchase , we will begin initial preparations for the launch of our platform and website.

## Table of Contents

**Platform purchase** – We plan to purchase our medical transcription platform. The purchase of our platform and development of our website will entail the bulk of Phase 2. We plan to allocate \$65,000 to purchase the medical transcription software. At this time we will also allocate \$10,000 to purchase servers and hosting for our planned website and platform.

**Hire additional staff** – When our platform has been purchased, we will begin hiring additional staff to prepare for our launch. We plan to hire one full-time marketing representative to begin work on a marketing plan for our launch. We will allocate \$30,000 for the salary of the marketing representative, and up to \$50,000 on marketing materials. We will use the marketing ideas of our President, Christopher Weinhaupl, as set forth in our “Marketing” section. However, we will look to our new employees to come up with new and innovative ways to promote our Company.

**Beta testing** – Once our platform is fully deployed, and our sales and marketing teams are in place, we will begin beta testing our website and transcription platform.

**Acquisition of clients**– When we are ready to offer our medical transcription services to the public, we intend to launch a marketing campaign ourselves in order to promote our services to potential clients. This will complete Phase 2 of our development.

In order to complete Phase 2 of our business plan, we will rely on the management skills of our President. He will have to work closely with our sales and marketing team to make sure that there is constant communication between each. The sales of our services will be directly related to the work that our marketing team is providing. In the months that follow our launch, the work of our website developers will be critical as well. We hope to be in a phase of rapid growth, and our staff will be working hard to provide constant updates to our site, and fix any bugs that may occur. Our President will have to work hard to keep all components of our business on track.

With our currently available capital resources, we will be able to conduct phase one of our planned operations, which includes the formation of our company and the completion of our business plan. We will need to raise additional capital in order to commence phase two of our planned operations, which is to purchase the transcription platform and begin our sales and marketing efforts. Using currently available capital resources, the minimum period of time that we will be able to conduct our planned operations is approximately the next few months, and then only if continued funding by the management of the company.

Description	Time period	Estimated maximum expenses
Working Capital	10-12 months	\$10,000
Website Hosting and Servers	10-12 months	\$10,000
Platform Purchase	10-12 months	\$65,000
Marketing Representatives	10-12 months	\$30,000
Marketing Materials	10-12 months	\$50,000
Admin / Professional Fees	10-12 months	\$15,000
<b>Total</b>		<b>\$180,000</b>

## **Management**

### **Directors, Executive Officers, Promoters and Control Persons**

The Board of Directors elects our executive officers annually. A majority vote of the directors who are in office is required to fill vacancies. Each director shall be elected for the term of one year and until his successor is elected and qualified or until his earlier resignation or removal. Our directors and executive officers are as follows:

Christopher Weinhaupl, 43, has numerous years of experience as an entrepreneur. Mr. Weinhaupl’s active roles are contributing to the Technology and Business Development of new market technologies. Mr. Weinhaupl has forged and built a number of startup firms in diverse industries from services to product sales. Mr. Weinhaupl looks for opportunities where Technology is a major disruptive factor in a mature market segment.

Since 2010, Christopher Weinhaupl has held ownership and founder of Canadapack a North American cross boarder Logistics Company. From 2001 to present, Mr. Weinhaupl has been a Senior Partner at “mypharmacard”, a payment processor solution for web based Pharma companies. From 2005 to present, Mr. Weinhaupl has held a position as Senior Network Support at Enterprise Contact Centers, providing technology support for North American businesses.

**COMMISSION POSITION ON INDEMNIFICATION FOR SECURITIES ACT LIABILITIES**

<b>Name</b>	<b>Age</b>	<b>Position</b>
Mr. Christopher Weinhaupl	43	CEO, President & Director

Our Articles of Incorporation provides that we shall indemnify our directors and officers to the fullest extent permitted by Nevada law and that none of our directors will be personally liable to the Company or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability:

- for any breach of the director’s duty of loyalty to the Company or its stockholders;
- for acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of the law;
- under Nevada General Corporation Law for the unlawful payment of dividends; or
- for any transaction from which the director derives an improper personal benefit.

These provisions require us to indemnify our directors and officers unless restricted by Nevada law and eliminate our rights and those of our stockholders to recover monetary damages from a director for breach of his fiduciary duty of care as a director except in the situations described above. The limitations summarized above, however, do not affect our ability or that of our stockholders to seek non-monetary remedies, such as an injunction or rescission, against a director for breach of his or his fiduciary duty.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, we have been advised that in the opinion of the Securities and Exchange Commission, such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Table of Contents

**Employees**

As of the date of this filing, the Company has no full time employees other than our sole officer and director, Mr. Weinhaupl. We currently rely of Mr. Weinhaupl to manage all aspects of our business. We plan to use both in-house and freelance medical transcriptionists, who are trained and licensed, to perform the transcription work on our platform and servers.

<b>Name</b>	<b>Department</b>	<b>Function</b>	<b>Salary</b>	<b>Contractors</b>
ChristopherWeinhaupl	Admin	Business Development / Information Technology	None	N/A

***Employees and Consultants***

As of the date of this filing, the Company has no full time employees other than our sole officer and director, Mr. Weinhaupl. We currently rely on Mr. Weinhaupl, to manage all aspects of our business. Mr. Weinhaupl has committed to devote up to 30 hours per week to our Company. We plan to use third-party developers to assist in the production of our proposed website. We intend to add staff as the Company grows. Any such additions will be made at the judgment of management to meet the Company's then current needs.

***Legal Proceedings***

We know of no material, existing or pending legal proceedings against our Company, nor are we involved as a plaintiff in any material proceeding or pending litigation. There are no proceedings in which our director, officer or any affiliates, or any registered or beneficial shareholder, is an adverse party or has a material interest adverse to our interest.

***Director Independence***

Our board of directors is currently composed of one member, Christopher Weinhaupl, who does not qualify as an independent director in accordance with the published listing requirements of the NASDAQ Global Market. The NASDAQ independence definition includes a series of objective tests, such as that the director is not, and has not been for at least three years, one of our employees and that neither the director, nor any of his family members has engaged in various types of business dealings with us. In addition, our board of directors has not made a subjective determination as to each director that no relationships exist which, in the opinion of our board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, though such subjective determination is required by the NASDAQ rules. Had our board of directors made these determinations, our board of directors would have reviewed and discussed information provided by the directors and us with regard to each director's business and personal activities and relationships as they may relate to us and our management.

***Security Holders Recommendations to Board of Directors***

We welcome comments and questions from our shareholders. Shareholders can direct communications to our Chief Executive Officer, Christopher Weinhaupl, at our executive offices. However, while we appreciate all comments from shareholders, we may not be able to individually respond to all communications. We attempt to address shareholder questions and concerns in our press releases and documents filed with the SEC so that all shareholders have access to information about us at the same time. Mr. Weinhaupl collects and evaluates all shareholder communications. All communications addressed to our director and executive officer will be reviewed by Mr. Weinhaupl unless the communication is clearly frivolous.

**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table sets forth certain information at March 28, 2013, with respect to the beneficial ownership of shares of Common Stock by (i) each person known to us who owns beneficially more than 5% of the outstanding shares of Common Stock (based upon reports which have been filed and other information known to us), (ii) each of our Directors, (iii) each of our Executive Officers and (iv) all of our Executive Officers and Directors as a group. Unless otherwise indicated, each stockholder has sole voting and investment power with respect to the shares shown. As of March 28, 2013, we had 50,100,000 shares of Common Stock issued and outstanding.

<u>Title of class</u>	<u>Name and address of beneficial owner</u>	<u>Amount and Nature of Beneficial Ownership</u>	<u>Percentage of Common Stock <sup>(1)</sup></u>
Common Stock	ChristopherWeinhaupl 47 Sundown Green SE Calgary, AB	30,100,000	60%
	<b>Total</b>	50,100,000	100%

(1)

Under Rule 13d-3 promulgated under the Exchange Act, a beneficial owner of a security includes any person who, directly or indirectly, through any contract, arrangement, understanding, relationship, or otherwise has or shares: (i) voting power, which includes the power to vote, or to direct the voting of shares; and (ii) investment power, which includes the power to dispose or direct the disposition of shares. Certain shares may be deemed to be beneficially owned by more than one person (if, for example, persons share the power to vote or the power to dispose of the shares). In addition, shares are deemed to be beneficially owned by a person if the person has the right to acquire the shares (for example, upon exercise of an option) within 60 days of the date as of which the information is provided. In computing the percentage ownership of any person, the amount of shares is deemed to include the amount of shares beneficially owned by such person (and only such person) by reason of these acquisition rights.

We are not aware of any arrangements that could result in a change of control.

**CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

On August 26, 2011, the Company issued 10,000,000 shares of common stock at a price of \$0.001 per share for a value of \$10,000 to Christopher Weinhaupl, its President. The Company relied on Section 4(2) of the Securities Act for this issuance.

On September 4, 2012, the Company issued 20,100,000 shares of common stock at a price of \$0.001 per share for a value of \$20,100 to Christopher Weinhaupl, its President. The Company relied on Section 4(2) of the Securities Act for this issuance.

As a result, Mr. Weinhaupl owns 60% of the issued and outstanding common shares of the Company.

Other than the foregoing, none of the following persons has any direct or indirect material interest in any transaction to which we were or are a party since the beginning of our last fiscal year, or in any proposed transaction to which we propose to be a party:

- (A) any of our director(s) or executive officer(s);
- (B) any nominee for election as one of our directors;
- (C) any person who is known by us to beneficially own, directly or indirectly, shares carrying more than 5% of the voting rights attached to our Common Stock; or
- (D) any member of the immediate family (including spouse, parents, children, siblings and in-laws) of any of the foregoing persons named in paragraph (A), (B) or (C) above.

**Report of Independent Registered Public Accounting Firm**

To the Board of Directors and Stockholders  
Scription Work Solutions Inc  
(fka: Transtech Solutions Inc)  
(A Development Stage Company)

We have audited the accompanying balance sheets of Scription Work Solutions Inc (fka: Transtech Solutions Inc. ) (A development stage company) as of December 31, 2012 and 2011, and the related statements of operations, stockholders' equity and cash flows for the year ended December 31, 2012, the period from July 12, 2011(date of inception) to December 31, 2011, and the period from July 12, 2011 (date of inception) to December 31, 2012. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits include consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial positions of Scription Work Solutions Inc (fka: Transtech Solutions Inc.) as of December 31, 2012 and 2011, and the results of its operations and its cash flows for the year ended December 31, 2012, the period from July 12, 2011(date of inception) to December 31, 2011, and the period from July 12, 2011 (date of inception) to December 31, 2012 in conformity with accounting principles generally accepted in the United States of America.

The financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the financial statements, the Company's losses from operations raise substantial doubt about its ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

**(A Development Stage Company)**  
**Notes to the Financial Statements**  
**December 31, 2012**  
**(Audited)**

### **1. ORGANIZATION AND BUSINESS OPERATIONS**

Scripton Work Solutions Inc. ("the Company") (f/k/a: Transtech Solutions Inc.) was incorporated under the laws of the State of Nevada, U.S. on July 12, 2011. The Company is in the development stage as defined under Statement on Financial Accounting Standards Accounting Standards Codification FASB ASC 915-205 "Development-Stage Entities." The Company has not generated any revenue to date and consequently its operations are subject to all risks inherent in the establishment of a new business enterprise. As of December 31, 2012 the Company has \$40,048.09 in cash.

### **2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### **a) Basis of Presentation**

The financial statements of the Company have been prepared in accordance with generally accepted accounting principles in the United States of America and are presented in US dollars.

#### **b) Going Concern**

The financial statements have been prepared on a going concern basis which assumes the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. The Company has incurred losses since inception and further losses are anticipated in the development of its business raising substantial doubt about the Company's ability to continue as a going concern. The ability to continue as a going concern is dependent upon the Company generating profitable operations in the future and/or to obtain the necessary financing to meet its obligations and repay its liabilities arising from normal business operations when they come due. Management intends to finance operating costs over the next twelve months with existing cash on hand and loans from directors and or private placement of common stock. These financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts, or amounts and classification of liabilities that might result from this uncertainty.

#### **c) Cash and Cash Equivalents**

The Company considers all highly liquid instruments with a maturity of three months or less at the time of issuance to be cash equivalents.

#### **d) Use of Estimates and Assumptions**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### **e) Foreign Currency Translation**

The Company's functional currency and its reporting currency is the United States dollar.

#### **f) Financial Instruments**

The carrying value of the Company's financial instruments approximates their fair value because of the short maturity of these instruments.

#### **g) Stock-based Compensation**

The Company records stock based compensation in accordance with the guidance in ASC Topic 718 which requires the Company to recognize expense related to the fair value of its employee stock option awards. This eliminates accounting for share-based compensation transactions using the intrinsic value and requires instead that such transactions be accounted for using a fair-value-based method. The Company recognizes the cost of all share-based awards on a graded

vesting basis over the vesting period of the award. To date, the Company has not adopted a stock option plan and has not granted any stock options.

h) Income Taxes

Income taxes are accounted for under the assets and liability method. Deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carry forwards. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled.

i) Basic and Diluted Net Loss per Share

The Company follows ASC Topic 260 to account for the earnings per share. Basic earnings per common share ("EPS") calculations are determined by dividing net loss by the weighted average number of shares of common stock outstanding during the year. Diluted earnings per common share calculations are determined by dividing net income by the weighted average number of common shares and dilutive common share equivalents outstanding. During periods when common stock equivalents, if any, are anti-dilutive they are not considered in the computation.

j) Fiscal Periods

The Company's fiscal year end is December 31.

k) Recent Accounting Pronouncements

The Company has evaluated the recent accounting pronouncements through ASU 2011-06 and believes that none of them will have a material effect on the company's financial statements.

### **3. COMMON STOCK**

The authorized capital of the Company is 75,000,000 common shares with a par value of \$ 0.001 per share.

During the period between January 2012 and December 2012, the Company issued 20,100,000 shares of common stock at a price of \$0.001 per share for a value of \$20,100 to Christopher Weinhaupl, its President. The Company relied on Section 4(2) of the Securities Act for this issuance.

During the period between January 2012 and December 2012, Company issued 20,000,000 shares of common stock under the private placements agreement to various investors at \$0.001 per share. Company received a total of \$20,000 net of offering proceeds.

There were no further issuances of stock as at December 31, 2012.

### **4. RELATED PARTY TRANSACTIONS**

Mr. Christopher Weinhaupl has not advanced funds to the Company to pay any costs incurred by it. These funds are unsecured, non-interest bearing and due on demand. The balance due Mr. Christopher Weinhaupl was \$0 as on December 31, 2012.

### **5. INCOME TAXES**

For the year ended December 31, 2012 and from January 2012 to December 31, 2012, the Company incurred net operating losses and, accordingly, no provision for income taxes has been recorded. In addition, no benefit for income taxes has been recorded due to the uncertainty of the realization of any tax assets. At December 31, 2012, the Company had approximately \$52 of federal and state net operating losses.

### **5. SUBSEQUENT EVENTS**

In accordance with ASC 855, management evaluated the subsequent events through the date of December 31, 2012 the date the financial statements were issued, and there are no subsequent events to disclose.

The authorized capital of the Company is 75,000,000 common shares with a par value of \$ 0.001 per share.

During the period between January 2012 and December 2012, the Company issued 20,100,000 shares of common stock at a price of \$0.001 per share for a value of \$20,100 to Christopher Weinhaupl, its President. The Company relied on Section 4(2) of the Securities Act for this issuance.

During the period between January 2012 and December 2012, Company issued 20,000,000 shares of common stock under the private placements agreement to various investors at \$0.01 per share. Company received a total of \$20,000 net of offering proceeds.

There were no further issuances of stock as at December 31, 2012.

### **4. RELATED PARTY TRANSACTIONS**

Mr. Christopher Weinhaupl has not advanced funds to the Company to pay any costs incurred by it. These funds are unsecured, non-interest bearing and due on demand. The balance due Mr. Christopher Weinhaupl was \$0 as on March 31, 2013.

### **5. INCOME TAXES**

For the quarter ended March 31, 2013, the Company incurred net operating losses and, accordingly, no provision for income taxes has been recorded. In addition, no benefit for income taxes has been recorded due to the uncertainty of the realization of any tax assets. At March 31, 2013, the Company had approximately \$15,349 of federal and state net operating losses.

### **6. SUBSEQUENT EVENTS**

In accordance with ASC 855, management evaluated the subsequent events through the date of June 30, 2013 the date the financial statements were issued, and there are no subsequent events to disclose.

**20,000,000 SHARES  
COMMON STOCK**

**PROSPECTUS**

**DEALER PROSPECTUS DELIVERY OBLIGATION**

**Until (180 days after the effective date), all dealers that effect transactions in these securities, whether or not participating in this offering, may be required to deliver a prospectus. This is in addition to the dealers' obligation to deliver a prospectus when acting as underwriters and with respect to their unsold allotments or subscriptions.**

**Part II**

**Information Not Required In the Prospectus**

**Other Expenses of Issuance and Distribution**

The following table is an itemization of all expenses, without consideration to future contingencies, incurred or expected to be incurred by us in connection with the issuance and distribution of the securities being offered by this Prospectus. Items marked with an asterisk (\*) represent estimated expenses. We have agreed to pay all the costs and expenses of this offering. Selling security holders will pay no offering expenses.

ITEM	AMOUNT
SEC Registration Fee*	\$27.28
Accounting Fees and Expenses*	\$15,000

**Indemnification of Directors and Officers**

Our sole officer and Director is indemnified as provided by the Nevada Revised Statutes and our bylaws.

Under the NRS, director immunity from liability to a company or its shareholders for monetary liabilities applies automatically unless it is specifically limited by a company's articles of incorporation that is not the case with our articles of incorporation. Excepted from that immunity are:

- (1) a willful failure to deal fairly with the company or its shareholders in connection with a matter in which the director has a material conflict of interest;
- (2) a violation of criminal law (unless the director had reasonable cause to believe that his or her conduct was lawful or no reasonable cause to believe that his or her conduct was unlawful);
- (3) a transaction from which the director derived an improper personal profit; and
- (4) willful misconduct.

## Table of Contents

Our bylaws provide that we will indemnify our directors and officers to the fullest extent not prohibited by Nevada law; provided, however, that we may modify the extent of such indemnification by individual contracts with our directors and officers; and, provided, further, that we shall not be required to indemnify any director or officer in connection with any proceeding (or part thereof) initiated by such person unless:

- (1) such indemnification is expressly required to be made by law;
- (2) the proceeding was authorized by our Board of Directors;
- (3) such indemnification is provided by us, in our sole discretion, pursuant to the powers vested us under Nevada law;  
or
- (4) such indemnification is required to be made pursuant to the bylaws.

Our bylaws provide that we will advance all expenses incurred to any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that he is or was our director or officer, or is or was serving at our request as a director or executive officer of another company, partnership, joint venture, trust or other enterprise, prior to the final disposition of the proceeding, promptly following request. The Company's obligations of indemnification, if any, shall be conditioned on the Company receiving prompt notice of the claim and the opportunity to settle and defend the claim. The Company may, to the extent permitted by law, purchase and maintain insurance on behalf of an individual who is or was a director, officer, employee or agent of the Corporation.

### **Exhibits**

The following is a list of exhibits filed as part of this Registration Statement. Where so indicated by footnote, exhibits which were previously filed are incorporated herein by reference. Any statement contained in an Incorporated Document shall be deemed to be modified or superseded for purposes of this Registration Statement to the extent that a statement contained herein or in any other subsequently filed Incorporated Document modifies or supersedes such statement. Any such statement so modified or superseded shall not be deemed, except as so modified or superseded, to constitute a part of this Registration Statement.

<b>Exhibit Number</b>	<b>scription</b>
3.1	Articles of Incorporation of Scription Work Solutions, Inc.
3.2	Bylaws of Scription Work Solutions, Inc.
4.1	Form of Subscription Agreement
5.1	Opinion of Dean Law Corp, re: the legality of the shares being registered
23.1	Auditor Consent
23.2	Consent of Dean Law Corp (included in Exhibit 5.1)

All other Exhibits called for by Rule 601 of Regulation S-K are not applicable to this filing.

### **Undertakings:**

Information pertaining to our common stock is contained in our Articles of Incorporation and Bylaws. Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of our counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by us is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

The undersigned registrant hereby undertakes:

To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

- i. To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;
- ii. To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement.
- iii. To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

2. That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

3. To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

Table of Contents

4. That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

ii. If the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

**Signatures**

In accordance with the requirements of the Securities Act of 1933, the registrant certifies that it has reasonable grounds to believe that it meets all of the requirements of filing on Form S-1 and authorized this registration statement to be signed on our behalf by the undersigned, on October 7, 2013 .

Ivan Griswold  
United States Securities and Exchange Commission  
100 F Street, N.E.  
Washington, D. C. 20549

Dear Mr. Griswold:

**Re: Scription Work Solutions, Inc. (the "Company")**  
**Amendment No.3 to Registration Statement on Form S-1**  
**Filed June 28, 2013**  
**File No. 333-187609**

I am President and C.E.O. of the Company and am writing this letter on behalf of the Company. Your comments are reprinted below along with our response and, if applicable, our proposed changes to the Registration Statement:

General

1. It appears that you have sought to change your company's name from Transtech Solutions, Inc. to Scription Work Solutions, Inc. However, it does not appear that you have completed the name change in EDGAR. You may contact EDGAR Filer Support if you require assistance in this regard. Further, it appears that a provider of medical transcription software, eScription, which you reference in your document, shares a substantially similar name. Please tell us what consideration you have given to including risk factor disclosure addressing the risks associated with having a name that is substantially similar to one of your competitors.

ANSWER: We have completed the name change in EDGAR. eScription has updated their software's name to The Dragon Medical 360 | eScription as per their website. Furthermore, their company name is Nuance, the reference above refers to names of software they offer. This has created enough of a distinction to not add a risk factor.

2. We note that you filed a current report on Form 8-K on June 6, 2013 to announce that you amended your articles of incorporation to effect a name change. Please note that until your registration statement is declared effective, you are not yet a reporting company under the Exchange Act. Accordingly, Exchange Act reports, including current reports on Form 8-K, are not yet required to be filed. Please file your amended articles of incorporation reflecting your name change as an exhibit to your amended registration statement.

ANSWER: We have filed our amended articles of incorporation reflecting our name change as an exhibit to our amended registration statement.

"Mr. Weinhaupl, the sole employee, officer and director..." page 12

3. Please revise this risk factor to disclose the number of hours per week Mr. Weinhaupl expects to devote to your business. It appears that you should also disclose that, in addition to his involvement with his other businesses, Mr. Weinhaupl is currently employed as Senior Network Support at Enterprise Contact Centers, which may impact his flexibility.

ANSWER: The following has been added to the risk factor:

Due to Mr. Weinhaupl's current employment as Senior Network Support at Enterprise Contact Centers, he can currently devote approximately 20 hours per week to our operation. This employment may also impact his flexibility.

"We have less than 300 record holders following the completion of the..." page 14

4. Please revise to clarify the subheading of this risk factor. In addition, you state that certain disclosure obligations will not apply to you unless you have both 500 or more security holders and greater than \$10 million in assets. Please

amend this disclosure in light of recent amendments to Section 12(g) of the Securities Exchange Act.

ANSWER: The risk factor has been amended in to reflect recent updates to Section 12(g) of the Securities Exchange Act.

Information with Respect the Registrant  
Plan of Operations, page 25

5. We note your additional disclosure on page 27 where you state, using the currently available capital resources, the minimum period of time that you will be able to conduct your planned operations is approximately twelve months. However, we also note your disclosures on page 12 where you indicate that you estimate current available financial resources will sustain your operations only through the next few months. Please further revise these disclosures to address the apparent inconsistencies.

ANSWER: The disclosure on page 27 has been updated to be consistent with the disclosure on page 12. The disclosure appears as follows:

Using currently available capital resources, the minimum period of time that we will be able to conduct our planned operations is approximately the next few months, and then only if continued funding by the management of the company.

Products and Services, page 26

6. Your response to prior comment 20 notwithstanding, your discussion in this section requires additional revisions. Although this section is titled “Products and Services,” it is unclear how the term “products” is applicable to your business as it appears that you intend to offer solely transcription services. In addition, your descriptions of the Physician Portal appear to suggest that the portal is currently operational. Please revise as appropriate.

ANSWER: We have updated the heading of this section to “Services”. Reference to physician Portal has been amended to the following:

Physician Portal: We plan to use a portal where physicians can review and correct the transcribed report using standard Word functionality and any changes will be saved to the server and will be accessed or distributed to all users. The physician will sign the document with a single mouse click upon which the report will be electronically stamped and marked as final.

7. We note your disclosure that your company’s services will be fully compliant with the Health Insurance Portability and Accountability Act of 1996. Please clarify how the Act impacts your services and expand your disclosure to describe what is required in order for you to be HIPAA compliant. Refer to Item 101(h)(4)(ix) of Regulation S-K.

ANSWER: We have updated the disclosure to the following:

HIPAA Compliant: Scription Work Solutions’ medical transcription services will be fully compliant with Health Insurance Portability and Accountability Act of 1996 (HIPAA). HIPAA was a result of congressional healthcare reform proponents to reform healthcare. The HIPAA legislation has four primary objectives.

1. Assure health insurance portability by eliminating job-lock due to pre-existing medical conditions
2. Reduce healthcare fraud and abuse
3. Enforce standards for health information
4. Guarantee security and privacy of health information

Of the four primary objectives, the fourth objective has the most impact on medical transcription.

The rule requires that healthcare organizations insurers and payors that have been using any electronic means of storing patient data and performing claims submission must comply with HIPAA legislation. Since medical transcription deals with electronic means of handling and storing patient data, our services will ensure the security and confidentiality of

the patient's Protected Health Information (PHI), and maintain an audit trail of all individuals who have had access to a PHI.

Directors, Executive Officers, Promoters and Control Persons, page 27

8. You state that Christopher Weinhaupl has been "an accomplished serial entrepreneur" over the last 15 years. Please reasonably substantiate this characterization in your document or revise your disclosure as necessary.

ANSWER: This disclosure has been updated to state the following:

Christopher Weinhaupl, 43, has numerous years of experience as an entrepreneur.

Certain Relationships and Related Transactions, page 32

9. We note your response to prior comment 30. Please provide us with your analysis supporting your view that Mr. Weinhaupl is not a promoter. In this regard, we note your disclosure on page 25 that Mr. Weinhaupl is your founder and specifically refer you to paragraph (1)(i) of the definition of promoter in Securities Act Rule 405. Alternatively, revise your disclosure to provide the information required by Item 404(c) of Regulation S-K.

ANSWER: The disclosure on page 25 has been amended to refer to Mr. Weinhaupl as our CEO.

Financial Statements

General

10. We note you removed the separate set of financial statements for the period from inception (July 12, 2011) to December 31, 2011, in response to our prior comment 31. However, we also note there is no reference to such financial statements in the index on page 33 and you do not include any information for that period in the Notes to the financial statements. Please revise the Notes to include any appropriate disclosures for such period. In addition, please revise the index to include reference to each of the respective financial statements as of December 31, 2011 and for the period from inception (July 12, 2011) to December 31, 2011. Alternatively, remove all references to the dates and refer only to the respective financial statements and the related pages.

ANSWER: The Financial Statements have been amended.

11. Revise the column header for December 31, 2011 in both the Statement of Operations and Statement of Cash Flows to refer to the period from inception (July 12, 2011) to December 31, 2011.

ANSWER: The Statement of Operations and Statement of Cash Flows has been amended to reflect the correct dates.

Statement of Cash Flows, page 37

12. The net increase (decrease) in cash and equivalents for the year ended December 31, 2012 should be \$40,048 and cash and cash equivalents at beginning of period should be \$0. Please revise accordingly. In addition, ensure that the amounts for the period from July 12, 2011 (inception) to December 31, 2012 and July 12, 2011 (inception) to March 31, 2013 are properly corrected as well.

ANSWER: The Statements of Cash Flows have been updated.

Notes to Financial Statements

Note 5 Subsequent Events, page 40

13. We note this additional disclosure. Please revise to state, as requested in our prior comment 35, the date through which subsequent events have been evaluated and state whether that date is the date the financial statements were issued or the date the financial statements were available for issuance pursuant to ASC 855-10-50-1. Similar revisions should be made to the Note 6 on page 45.

ANSWER: In accordance with ASC 855, management evaluated the subsequent events through the date of June 30, 2013, the date the financial statements were issued, and there are no subsequent events to disclose.

March 31, 2013 Financial Statements

Statement of Operations, page 42

14. Your statement of operations for the period from July 12, 2011 (Inception) to March 31, 2013 does not foot. Please revise accordingly.

ANSWER: The statement of operations has been amended to reconcile this discrepancy.

Part II

Exhibit 5.1

15. Given the company's name change, please have the legality opinion updated to reflect the company's new name.

ANSWER: The legality opinion has been amended to reflect the company's new name.

Exhibit 23

16. The revised consent refers to the report of the independent registered public accounting firm, dated February 8, 2012, except for the company name change which is as of June 5, 2013. The date of such report on page 34 is February 8, 2013, except for the company name change which is as of June 5, 2013. Please revise accordingly.

ANSWER: The consent has been updated.

17. Also, we note that you continue to reference specific financial statements in the consent of your independent registered public accounting firm. As stated in our prior comment 36, to the extent that you make reference to specific financial statements in the consent, please ensure that you refer to all of the audited financial statements. In this regard, revise to refer to the balance sheets for both December 31, 2012 and 2011 and the statement of operations, stockholders' equity and cash flows for the year ended December 31, 2012; the period from July 12, 2011 (date of inception) to December 31, 2011; and the period from July 12, 2011 (date of inception) to December 31, 2012. Alternatively, as we previously indicated, you may choose to refer to the report date only.

ANSWER: The consent has been updated.

Thank you.

# NEVADA STATE BUSINESS LICENSE

SCRIPTION WORK SOLUTIONS INC

Nevada Business Identification # NV20111458864

Expiration Date: July 31, 2013

In accordance with Title 7 of Nevada Revised Statutes, pursuant to proper application duly filed and payment of appropriate prescribed fees, the above named is hereby granted a Nevada State Business License for business activities conducted within the State of Nevada.

Securities and Exchange Commission  
100 F Street, N.E.  
Washington, D. C. 20549

Ladies and Gentlemen:

---

**Re: Scription Work Solutions Inc. (the "Company")**

We have acted as special counsel for the Company for the limited purpose of rendering this opinion in connection with the filing of the Registration Statement on Form S-1 with the Securities and Exchange Commission. In our capacity as special counsel to the Company, we have examined the originals, photocopies, certified copies or other evidence of such records of the Company, certificates of officers of the Company, and other documents we have deemed relevant and necessary as a basis for the opinion hereinafter expressed. In such examination, we have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as certified copies or photocopies and the authenticity of the originals of such latter documents. Please be advised that, we have reached the following conclusions regarding the offering:

1. The Company is a duly and legally organized and existing Nevada State Corporation, with its registered office and principal place of business located in Las Vegas, Nevada. The Articles of Incorporation and corporate registration fees were submitted to the Nevada Secretary of State's office and filed with the office on July 12, 2011. The Company's existence and form is valid and legal pursuant to Nevada law.
2. The Company is a fully and duly incorporated Nevada corporate entity. The Company has one class of Common Stock at this time. Neither the Articles of Incorporation, Bylaws, nor amendments thereto, nor subsequent resolutions change the non-assessable characteristics of the Company's common shares of stock. The Common Stock previously issued by the Company is in legal form and in compliance with the laws of the State of Nevada, its Constitution and reported judicial decisions interpreting those laws and when such stock was issued it was duly authorized, fully paid for and non-assessable.
3. To our knowledge, the Company is not a party to any legal proceedings nor are there any judgments against the Company, nor are there any actions or suits filed or threatened against it or its officers and directors, in their capacities as such, other than as set forth in the registration statement. We know of no disputes involving the Company and the Company has no claim, actions or inquiries from any federal, state or other government agency, other than as set forth in the registration statement. We know of no claims against the Company or any reputed claims against it at this time, other than as set forth in the registration statement.
4. The Company's outstanding shares are all common shares. There are no liquidation preference rights held by any of the Shareholders upon voluntary or involuntary liquidation of the Company.
5. The directors and officers of the Company are indemnified against all costs, expenses, judgments and liabilities, including

attorney's fees, reasonably incurred by or imposed upon them or any of them in connection with or resulting from any action, suit or proceedings, civil or general, in which the officer or director is or may be made a party by reason of his being or having been such a director or officer. This indemnification is not exclusive of other rights to which such director or officer may be entitled as a matter of law.

6. The Company's Articles of Incorporation presently provide the authority to the Company to issue 75,000,000 shares of common stock, with a par value of \$0.001 per share.
7. Under the applicable law of the State of Nevada (including statutory, regulatory and case law), the 20,000,000 shares of common stock of the Company being registered pursuant to the Registration Statement for resale by the selling shareholders were duly authorized by all necessary corporate action on the part of the Company and are validly issued, fully paid and nonassessable and, when sold as contemplated in the Registration Statement, will continue to be validly issued, fully paid and nonassessable.

We consent to filing this opinion as an exhibit to the Registration statement and also consent to the reference of our name in the prospectus which forms a part of the Registration Statement. In giving such consent, we do not thereby admit that we are in the category of persons whose consent is required under Section 7 of the Act or the rules and regulations of the Commission promulgated thereunder.

Yours very truly,

/s/ Dean Law Corp.

**20,000,000 SHARES OF COMMON STOCK**

The selling shareholders named in this prospectus are offering all of the shares of common stock offered through this prospectus for a period of up to two years from the effective date.

Our common stock is presently not traded on any market or securities exchange.

-----

**THE PURCHASE OF THE SECURITIES OFFERED THROUGH THIS PROSPECTUS INVOLVES A HIGH DEGREE OF RISK. See section entitled "Risk Factors" on pages 8 to 14 of this prospectus.**

**The information in this prospectus is not complete and may be changed. This prospectus is not an offer to sell these securities and it is not soliciting an offer to buy these securities in any state where the offer or sale is not permitted.**

The selling shareholders, who are underwriters, will sell our shares at a fixed price of \$0.01 per share for the duration of the offering. We will not receive any proceeds from the offering. We intend to apply for quotation on the OTCBB, but there is no guarantee that we will be accepted for quotation or will engage a market maker to file an application on our behalf. There is no assurance of when, if ever, our stock will be listed on an exchange. The absence of a public market for our common stock makes our shares highly illiquid. It will be difficult to sell the common stock of our company.

We are currently in the development stage and have nominal operations and minimal assets, which makes us a "shell company" as defined in Rule 12b-2 of the Exchange Act.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

We are not a blank check company and have no plans or intention to engage in a business combination with another entity. Because our auditors have issued a going concern opinion, there is substantial uncertainty we will continue operations. We are an Emerging Growth Company as defined in the Jumpstart Our Business Startups Act.

**The Date of this prospectus is \_\_\_\_\_, 2013.**

Explanatory Note

This Amendment No.4 on Form S-1/A (this “Amendment”) amends the Registration Statement on Form S-1 for the quarter ended June 30, 2013 which the Registrant previously filed with the Securities and Exchange Commission on October 7, 2013 (the “Original Filing”). The Registrant is filing this Amendment to include the Auditor Consent file which failed to properly upload to EDGAR with the main document files on the EDGARized version of the Original Filing.

Except as set forth above, the Original Filing has not been amended, updated or otherwise modified. Other events occurring after the filing of the Form S-1/A or other disclosures necessary to reflect subsequent events have been addressed in our reports filed with the Securities and Exchange Commission subsequent to the filing of this Form S-1.

## PROSPECTUS SUMMARY

Prospective investors are urged to read this prospectus in its entirety.

This summary highlights selected information contained elsewhere in this prospectus. This summary does not contain all the information that you should consider before investing in the common stock. You should carefully read the entire prospectus, including "Risk Factors", "Management's Discussion and Analysis of Financial Condition and Results of Operations" and the Financial Statements, before making an investment decision. The terms "Scription Work Solutions Inc" f/k/a "Transtech Solutions Inc" "we," "us" and "our" as used in this prospectus refer to Scription Work Solutions Inc.

### *Company Overview*

Scription Work Solutions Inc, f/k/a Transtech Solutions, Inc. (the "Company") was incorporated in the State of Nevada on July 12, 2011. We are a development stage company that plans to engage in the sale of medical transcription services. We intend to purchase a web-based platform that will give us the ability to reach potential customers. Christopher Weinhaupl, who is currently our sole officer and director, founded our Company. Our headquarters are located at 843 N Rainbow Blvd, Unit 1175, Las Vegas, NV 89107.

Medical transcription is converting confidential patient information from various sources such as voice recordings or medical notes into electronic text documents by medical transcriptionists. Scription Work Solutions intends to purchase one of many transcription platforms available on the market such as Dragon Medical Software or eScription, which our medical transcriptionists will use for physicians in hospitals, clinics and diagnostic laboratories in the United States. Since inception, our operations have primarily consisted of the formation of our company, completion of our business plan, and the acquisition of funding. We have not commenced in purchasing transcription software as we have not yet raised the minimum funds necessary to commence operations. A market-ready transcription platform will not be available for 10-12 months after we have raised the necessary funds.

We will need to raise a minimum of \$200,000 over the next twelve months through public or private debt or sale of equity to execute our business plan to become a revenue generating company. If we are unable to obtain the level of financing, our business may fail.

We are endeavoring to be a reporting company with the SEC as we believe doing so will provide us with greater opportunities to access and acquire the additional capital that we require for our growth and to further implement our business plan. In addition, becoming a reporting issuer may provide us with more financing alternatives, due to the transparency provided by the public reporting requirements.

Since inception, our operations have consisted of incorporating our Company and formulating our business plan. The Company intends to begin substantive operations within 10-12 months after we obtain our necessary funding requirements. The initial plan of operations calls for the Company to begin marketing our transcription services to potential business clients. We believe that if we are able to raise the full amount of funds contemplated herein, we would be able to launch our Company and properly market our transcription services. We will design a full marketing strategy to gain brand awareness, and ultimately obtain a large medical transcription client base.

## Table of Contents

Although our sole officer and director has only recently become interested in the medical transcription business, and does not have any professional training or technical credentials in the development and maintenance of such a company, he has experience running a business. We plan to purchase a medical transcription platform and hire qualified marketing and sales personnel staff if we are successful in raising capital. We do not have any verbal or written agreements regarding the retention of any qualified personnel to date.

Although the Company has no market for its common stock, management believes that the Company will meet all requirements to be quoted on the OTC market, and even though the Company's common stock will likely be a penny stock, becoming a reporting company will provide us with enhanced visibility and give us a greater possibility to provide liquidity to our shareholders.

We are currently a development stage company and to date we have recorded no revenue. Accordingly, our independent registered public accountants have issued a comment regarding our ability to continue as a going concern (please refer to the footnotes to the financial statements). Until such time that we are able to establish a consistent flow of revenues from our operations which is sufficient to sustain our operating needs, management intends to rely primarily upon debt financing to supplement cash flows, if any, generated by our services. We will seek out such financing as necessary to allow the Company to continue to grow our business operations, and to cover such cost, including professional fees, associated with being a reporting Company with the Securities and Exchange Commission ("SEC"); we estimate such costs to be approximately \$200,000 for 12 months following this Offering. The Company has included such costs to become a publicly reporting company in its targeted expenses for working capital expenses and intends to seek out reasonable loans from friends, family and business acquaintances if it becomes necessary. At this point we have been funded by our sole officer, family, friends and business acquaintances.

## Table of Contents

We are an Emerging Growth Company as defined in the Jumpstart Our Business Startups Act.

We shall continue to be deemed an emerging growth company until the earliest of:

(A) the last day of the fiscal year of the issuer during which it had total annual gross revenues of \$1,000,000,000 (as such amount is indexed for inflation every 5 years by the Commission to reflect the change in the Consumer Price Index for All Urban Consumers published by the Bureau of Labor Statistics, setting the threshold to the nearest 1,000,000) or more;

(B) the last day of the fiscal year of the issuer following the fifth anniversary of the date of the first sale of common equity securities of the issuer pursuant to an effective registration statement under this title;

(C) the date on which such issuer has, during the previous 3-year period, issued more than \$1,000,000,000 in non-convertible debt; or

(D) the date on which such issuer is deemed to be a 'large accelerated filer', as defined in section 240.12b-2 of title 17, Code of Federal Regulations, or any successor thereto.

As an emerging growth company we are exempt from Section 404(b) of Sarbanes Oxley. Section 404(a) requires Issuers to publish information in their annual reports concerning the scope and adequacy of the internal control structure and procedures for financial reporting. This statement shall also assess the effectiveness of such internal controls and procedures.

Section 404(b) requires that the registered accounting firm shall, in the same report, attest to and report on the assessment on the effectiveness of the internal control structure and procedures for financial reporting.

As an emerging growth company we are exempt from Section 14A and B of the Securities Exchange Act of 1934 which require the shareholder approval of executive compensation and golden parachutes.

We have irrevocably opted out of the extended transition period for complying with new or revised accounting standards pursuant to Section 107(b) of the Act.

**Because our auditors have issued a going concern opinion, there is substantial uncertainty we will continue operations in which case you could lose your investment.**

Our auditors have issued a going concern opinion. This means that there is substantial doubt that we can continue as an ongoing business for the next twelve months as we lack an operating history. The financial statements do not include any adjustments that might result from the uncertainty about our ability to continue in business. As such we may have to cease operations and you could lose your investment. We currently have no commitments to raise the minimum funds necessary to become a revenue generating company over the next twelve months.

**As of effectiveness of our registration statement of which this prospectus is a part, the Company will not become a fully reporting company, but rather, will be subject to the reporting requirements of Section 15(d) of the Securities Exchange Act of 1934.**

We will be required to file periodic reports with the SEC which will be immediately available to the public for inspection and copying. Except during the year that our registration statement becomes effective, these reporting obligations may be automatically suspended under Section 15(d) if we have less than 300 shareholders. If this occurs after the year in which our registration statement becomes effective, we will no longer be obligated to file periodic reports with the SEC and your access to our business information would then be even more restricted; however, that filing obligation will generally apply even if our reporting obligations have been suspended automatically under section 15(d) of the Exchange Act prior to the due date for the Form 10-K. After that fiscal year and provided the Company has less than 300 shareholders, the Company is not required to file these reports. If the reports are not filed, the investors will have reduced visibility as to the Company and its financial condition.

In addition, as a filer subject to Section 15(d) of the Exchange Act, the Company is not required to prepare proxy or information statements, and our common stock will not be subject to the protection of the ongoing private regulations. Additionally, the Company will be subject to only limited portions of the tender offer rules, and our officers, directors, and more than ten (10%) percent shareholders are not required to file beneficial ownership reports about their holdings in our Company, and will not be

subject to the short-swing profit recovery provisions of the Exchange Act. Further, more than five percent (5%) holders of classes of our equity securities will not be required to report information about their ownership positions in the securities. This means that your access to information regarding our business will be limited.

As a reporting company under the Exchange Act, we are required to comply with the internal control evaluation and certification requirements of Section 404 of the Sarbanes-Oxley Act of 2002. Section 404 of the Sarbanes-Oxley Act requires annual management assessments of the effectiveness of our internal control over financial reporting, starting with the second annual report that we file with the SEC after the consummation of this Offering. In connection with the implementation of the necessary procedures and practices related to internal control over financial reporting, we may identify deficiencies that we may not be able to remediate in time to meet the deadline imposed by the Sarbanes-Oxley Act for compliance with the requirements of Section 404. We will be unable to issue securities in the public markets through the use of a shelf registration statement if we are not in compliance with Section 404. Furthermore, failure to achieve and maintain an effective internal control environment could have a material adverse effect on our business and share price and could limit our ability to report our financial results accurately and timely

Table of Contents

**SUMMARY OF THIS OFFERING**

<b>The Issuer</b>	Scripton Work Solutions Inc, f/k/a Transtech Solutions Inc.
<b>Securities being offered</b>	Up to 20,000,000 shares of Common Stock
<b>Offering Type</b>	The selling shareholders will sell our shares at a fixed price of \$0.01 per share.
<b>Per Share Price</b>	The selling stockholders may offer their shares through public or private transactions at a fixed price of \$0.01 per share. We will pay all expenses of registering the securities, estimated at approximately \$20,000 .
<b>Termination of the Offering</b>	The offering will conclude when all of the 20,000,000 shares of common stock have been sold, the shares no longer need to be registered to be sold due to the operation of Rule 144 or we decide at any time to terminate the registration of the shares at our sole discretion. In any event, the offering shall be terminated no later than two years from the effective date of this registration statement.
<b>Securities Issued And to be Issued</b>	50,100,000 shares of our common stock are issued and outstanding as of the date of this prospectus. All of 20,000,000 shares will be sold by existing shareholder
<b>Use of Proceeds</b>	We will not receive any proceeds from the sale of the common stock by the selling shareholders.
<b>Market for the Common Stock</b>	There is currently no public market for the shares of our common stock. There can be no assurance that a market maker will agree to file the necessary documents with FINRA to allow our shares of common stock to be traded on the OTCBB, nor can there be any assurance that such an application for quotation will be approved if filed. FINRA operates the OTCBB. We have agreed to bear the expenses relating to the registration of the shares for the Selling Stockholders.

<b>Income Statement</b>		
Revenue	\$	-
Total Operating Expenses	\$	10,052
Net Loss	\$	(10,052)

**RISK FACTORS**

In addition to the other information provided in this Prospectus, you should carefully consider the following risk factors in evaluating our business before purchasing any of our common stock.

**Our lack of operating history makes it difficult for us to evaluate our future business prospects and make decisions in implementing our business plan. You are unable to determine whether we will ever become profitable, which increases your investment risk.**

We were incorporated on July 12, 2011. We have no operating history. Our business plan is speculative and unproven. There is no assurance that we will be successful in executing our business plan or that, even if we successfully implement our business plan, we will ever generate revenues or profits, which makes it difficult to evaluate our business. As a consequence, it is difficult, if not impossible, to forecast our future results based upon our historical data. Because of the uncertainties related to our lack of historical operations, we may be hindered in our ability to anticipate and timely adapt to increases or decreases in sales, revenues, or expenses. If we make poor operational decisions in implementing our business plan, we may never generate revenues or become profitable or incur losses, which may result in a decline in our stock price.

Table of Contents

**Because we will need additional capital to implement our business plan and may not be able to obtain sufficient capital, we may be forced to limit the scope of our operations, and our revenues may be reduced.**

In connection with implementing our business plans, we will experience increased capital needs and accordingly, we may not have sufficient capital to fund our future operations without additional capital investments. Our capital needs will depend on numerous factors, including the following:

We cannot assure you that we will be able to obtain capital in the future to meet our needs. We have no sources of financing identified. If we cannot obtain additional funding, we may be required to:

- limit our ability to implement our business plan;
- limit our marketing efforts; and
- decrease or eliminate capital expenditures.

Even if we do find a source of additional capital, we may not be able to negotiate terms and conditions for receiving the additional capital that are acceptable to us. Any future capital investments could dilute or otherwise adversely affect the holdings or rights of our existing shareholders. In addition, new equity or convertible debt securities issued by us to obtain financing could have rights, preferences and privileges senior to our Common Stock. Any additional financing may not be available to us, or if available, may not be on terms favorable to us.

**We will require financing to achieve our current business strategy and our inability to obtain such financing could prohibit us from executing our business plan and cause us to slow down our expansion or cease our operations.**

We will need to raise a minimum of \$200,000 over the next twelve months through public or private debt or sale of equity to execute our business plan to become a revenue generating company. Such financing may not be available as needed. Even if such financing is available, it may be on terms that are materially adverse to your interests with respect to dilution of book value, dividend preferences, liquidation preferences or other terms. If we are unable to obtain this financing on reasonable terms, we would be unable to hire the additional employees needed to execute our business plan and we would be forced to delay or scale back our plans for expansion. This would delay our ability to get our operations to profitability and could force us to cease operations. In addition, such inability to obtain financing on reasonable terms could have a material adverse effect on our business, operating results or financial condition.

Moreover, in addition to monies needed to commence operations over the next twelve months, we anticipate requiring additional funds in order to execute any future plans for growth. No assurance can be given that such funds will be available or, if available, will be on commercially reasonable terms satisfactory to us. There can be no assurance that we will be able to obtain financing if or when it is needed on terms we deem acceptable.

## Table of Contents

**Our lack of an established brand name and relative lack of resources could negatively impact our ability to effectively compete in the medical transcription industry, which could reduce the value of your investment.**

We do not have an established brand name or reputation in the business of providing medical transcription services. We also have a relative lack of resources to conduct our business operations. Thus, we may have difficulty effectively competing with companies that have greater name recognition and financial resources than we do. Our inability to promote and/or protect our brand name may have an adverse effect on our ability to compete effectively in the market.

**Because our auditors have issued a going concern opinion, there is substantial uncertainty we will continue operations in which case you could lose your investment.**

Our auditors have issued a going concern opinion. This means that there is substantial doubt that we can continue as an ongoing business for the next twelve months as we lack an operating history. The financial statements do not include any adjustments that might result from the uncertainty about our ability to commence in business. As such we may have to cease operations and you could lose your investment. If we do not commence our operations, secure financing, and related activities or if we do not secure funding to implement our business plan, we estimate current available financial resources will sustain our operations only through the next few months, and then only if continued funding by the management of the company.

**If we do not make a profit, we may have to suspend or cease operations.**

Because we are small and do not have much capital, we must limit our marketing to the existing business relationships of our CEO, Mr. Christopher Weinhaupl. Because we will be limiting our marketing activities, we may not be able to attract enough clients to operate profitably. If we cannot operate profitably, we may have to suspend or cease our operations.

**We are dependent on our CEO, Mr. Christopher Weinhaupl, to guide our initial operations and implement our plan of operations. If we lose such services we will have to change our business plan/direction or cease operations.**

Our success will depend on the ability and resources of our CEO & President. If we lose the services of our CEO, we will be forced to either change our business plan and direction or cease operations. We have no written employment agreement with our CEO. We have not obtained any key man life insurance relating to our CEO. If we lose such services, we may not be able to hire and retain another CEO with comparable experience. As a result, the loss of Mr. Christopher Weinhaupl's services could reduce our revenues. We have no written employment agreement or covenant not to compete with Mr. Christopher Weinhaupl.

**Mr. Weinhaupl, the sole employee, officer and director, is committing a limited amount of time to the management of the company.**

Mr. Weinhaupl's involvement with his other businesses currently occupies most of his time and schedule. Certain tasks for Scription Work Solutions may not be completed in a timely fashion due to travel and other commitments. The Company has given consideration to conflicts of interest that may arise based on Mr. Weinhaupl's commitment to his other businesses. However, as the owner, Mr. Weinhaupl is fortunate to have a very flexible work environment and schedule; thus we believe he can fulfill his responsibilities both during the week and on the weekend, allowing him prioritize his schedule to devote time as needed to the Scription Work Solutions.

Due to Mr. Weinhaupl's current employment as Senior Network Support at Enterprise Contact Centers, he can currently devote approximately 20 hours per week to or operation. This employment may also impact his flexibility .

## Table of Contents

### **Risks Relating To Our Common Stock**

#### **Because there is no public trading market for our common stock, you may not be able to resell your stock.**

There is currently no public trading market for our common stock. Therefore there is no central place, such as a stock exchange or electronic trading system, to resell your shares. If you do want to resell your shares, you will have to locate a buyer and negotiate your own sale in compliance with applicable federal and state securities laws.

#### **There is no assurance of a public market or that our common stock will ever trade on a recognized exchange or quotation system. Therefore, you may be unable to liquidate your investment in our stock.**

There is no established public trading market for our common stock. Our shares are not and have not been listed or quoted on any exchange or quotation system. There can be no assurance that a market maker will agree to file the necessary documents with FINRA, which operates the OTCBB, to create such listing or quotation, nor can there be any assurance that such an application would be approved if filed, or that a regular trading market will develop or that if developed, will be sustained. In the absence of a trading market, an investor may be unable to liquidate their investment.

#### **If our common stock is quoted on the OTC Bulletin Board which may have an unfavorable impact on our stock price and liquidity.**

We anticipate that our common stock will be quoted on the OTC Bulletin Board. The OTC Bulletin Board is a significantly more limited market than the New York Stock Exchange or NASDAQ system. The quotation of our shares on the OTC Bulletin Board may result in a less liquid market available for existing and potential stockholders to trade shares of our common stock, could depress the trading price of our common stock and could have a long-term adverse impact on our ability to raise capital in the future.

#### **We may be subject to penny stock regulations and restrictions and you may have difficulty selling shares of our common stock.**

The SEC has adopted regulations which generally define so-called "penny stocks" to be an equity security that has a market price less than \$5.00 per share or an exercise price of less than \$5.00 per share, subject to certain exemptions. If our common stock becomes a "penny stock," we may become subject to Rule 15g-9 under the Exchange Act, or the "Penny Stock Rule." This rule imposes additional sales practice requirements on broker-dealers that sell such securities to persons other than established customers and "accredited investors" (generally, individuals with a net worth in excess of \$1,000,000 or annual incomes exceeding \$200,000, or \$300,000 together with their spouses). For transactions covered by Rule 15g-9, a broker-dealer must make a special suitability determination for the purchaser and have received the purchaser's written consent to the transaction prior to sale. As a result, this rule may affect the ability of broker-dealers to sell our securities and may affect the ability of purchasers to sell any of our securities in the secondary market.

For any transaction involving a penny stock, unless exempt, the rules require delivery, prior to any transaction in a penny stock, of a disclosure schedule prepared by the SEC relating to the penny stock market. Disclosure is also required to be made about sales commissions payable to both the broker-dealer and the registered representative and current quotations for the securities. Finally, monthly statements are required to be sent disclosing recent price information for the penny stock held in the account and information on the limited market in penny stock.

There can be no assurance that our common stock will qualify for exemption from the Penny Stock Rule. In any event, even if our common stock were exempt from the Penny Stock Rule, we would remain subject to Section 15(b)(6) of the Exchange Act, which gives the SEC the authority to restrict any person from participating in a distribution of penny stock, if the SEC finds that such a restriction would be in the public interest.

## Table of Contents

**Because we do not have an audit or compensation committee, shareholders will have to rely on the board of directors, which is not independent, to perform these functions.**

We do not have an audit or compensation committee comprised of independent directors. These functions are performed by the board of directors as a whole. The sole member of the board of directors is not independent. Thus, there is a potential conflict in that board members who are management will participate in discussions concerning management compensation and audit issues that may affect management decisions.

**Our management has limited experience in managing the day to day operations of a public company and, as a result, we may incur additional expenses associated with the management of our company.**

Our CEO Christopher Weinhaupl is responsible for our operations and SEC reporting. The requirements of operating as a small public company are new to him. This will require us to obtain outside assistance from legal, accounting, investor relations or other professionals that could be more costly than planned. We may also be required to hire additional staff to comply with additional SEC reporting requirements and compliance under the Sarbanes-Oxley Act of 2002. Our failure to comply with reporting requirements and other provisions of securities laws could negatively affect our stock price and adversely affect our results of operations, cash flow and financial condition.

**We have less than 300 record holders following the completion of the offering, and pose the risk of being suspended.**

The Company will not become a fully reporting company, but rather, will be subject to the reporting requirements of Section 15(d) of the Securities Exchange Act of 1934. As of the effectiveness of our Registration Statement of which this prospectus is a part, we will be required to file periodic reports with the SEC which will be immediately available to the public for inspection and copying. Except during the year that our Registration Statement becomes effective, these reporting obligations may be automatically suspended under Section 15(d) if we have less than 300 shareholders. If this occurs after the year in which our Registration Statement becomes effective, we will no longer be obligated to file periodic reports with the SEC and your access to our business information would then be even more restricted. After this Registration Statement on Form S-1 becomes effective, we will be required to deliver periodic reports to security holders. However, we will not be required to furnish proxy statements to security holders and our directors, officers and principal beneficial owners will not be required to report their beneficial ownership of securities to the SEC pursuant to Section 16 of the Securities Exchange Act of 1934 until we have both in excess of \$10 million and a class of equity securities (other than exempted securities) held of record by either (i) 2,000 persons, or (ii) 500 persons who are not accredited investors. For these purposes, the "held of record" definition in Section 12(g)(g) does not include securities held by persons who received the securities pursuant to an employee compensation plan in transaction exempt from the registration requirements under Section 5 of the Securities Act of 1933, as amended ("Securities Act"). This means that your access to information regarding our business will be limited.

**We are a shell company as defined in Securities Act Rule 405, and may not have available to us the Securities Act Rule 144 for purposes of meeting the safe harbor requirement.**

The unavailability of Securities Act Rule 144 from the definition of underwriter, may negatively affect liquidity of our shares and on our ability to attract additional capital to implement our business plan or sustain operations. Therefore, negatively affecting our cash flow and business plan moving forward.

**We may be exposed to potential risks resulting from new requirements under section 404 of the Sarbanes-Oxley Act of 2002.**

In addition to the costs of compliance with having our shares listed on the OTCBB, there are substantial penalties that could be imposed upon us if we fail to comply with all regulatory requirements. In particular, under Section 404 of the Sarbanes-Oxley Act of 2002, as a smaller reporting company, our management will be required to provide a report on the effectiveness of our internal controls over financial reporting, beginning with our second annual report, and we will not be required to provide an auditor's attestation regarding such report. We have not assessed the effectiveness of our disclosure controls and procedures or our internal controls over financial reporting, and we expect to incur additional expenses and diversion of management's time as a result of performing the system and process evaluation, testing and remediation required in order to comply with the management certification requirements. Additionally, investors should be aware of the risk that management may assess and render the Company's internal controls ineffective, which could have a material adverse effect on the Company's financial condition or result of operations."

### **Forward Looking Statements.**

Some of the statements in this Prospectus are “forward-looking statements.” These forward-looking statements involve certain known and unknown risks, uncertainties and other factors which may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by these forward-looking statements. These factors include, among others, the factors set forth above under “Risk Factors.” The words “believe,” “expect,” “anticipate,” “intend,” “plan,” and similar expressions identify forward-looking statements. We caution you not to place undue reliance on these forward-looking statements. We undertake no obligation to update and revise any forward-looking statements or to publicly announce the result of any revisions to any of the forward-looking statements in this document to reflect any future or developments. However, the Private Securities Litigation Reform Act of 1995 is not available to us as a penny stock issuer and thus we may not rely on the statutory safe harbor from liability for forward-looking statements. Further, Section 27A(b)(2)(D) of the Securities Act and Section 21E(b)(2)(D) of the Securities Exchange Act expressly state that the safe harbor for forward looking statements does not apply to statements made in connection with this offering.

### **Use of Proceeds**

The selling stockholders are selling shares of common stock covered in the prospectus for their own account. We will not receive any of the proceeds from the resale of these shares. We have agreed to bear the expenses relating to the registration of the shares for the selling stockholders.

### **Determination of Offering Price**

The selling stockholders may offer their shares through public or private transactions at a fixed price of \$0.01 per share. We determined the price of our public offering by arbitrarily adding a \$0.009 per share premium to the last sale price of our common stock to investors. The price does not bear any relationship to our assets, book value, earnings, or other established criteria for valuing a privately held company.

### **Dilution**

The common stock to be sold by the selling shareholders is common stock that is currently issued and outstanding. Accordingly, there will be no dilution to our existing shareholders.

**PLAN OF DISTRIBUTION; TERMS OF THE OFFERING**

**Timing of Sales**

The selling stockholders may offer and sell the shares covered by this prospectus at various times. The selling stockholders will act independently of Scription Work Solutions Inc, f/k/a Transtech Solutions in making decisions with respect to the timing, manner and size of each sale.

The selling shareholders, who are underwriters, will sell our shares at a fixed price of \$0.01 per share for the duration of the offering.”

**Offering Price**

The selling stockholders, who are underwriters, will sell their shares at the fixed price until our shares are quoted on the OTC Bulletin Board and thereafter at prevailing market prices or privately negotiated prices. Our common stock is not currently listed on any national exchange or electronic quotation system. To date, no actions have been taken to list our shares on any national exchange or electronic quotation system. If our common stock becomes publicly traded, then the sales price to the public will vary according to the selling decisions of each selling stockholder and the market for our stock at the time of resale.

## Table of Contents

### **Manner of Sale**

The selling stockholders may sell their shares directly to purchasers or may use brokers, dealers, underwriters or agents to sell their shares. Brokers or dealers engaged by the selling stockholders may arrange for other brokers or dealers to participate. Brokers or dealers may receive commissions, discounts or concessions from the selling stockholders, or, if any such broker-dealer acts as agent for the purchaser of shares, from the purchaser in amounts to be negotiated immediately prior to the sale. The compensation received by brokers or dealers may, but is not expected to, exceed that which is customary for the types of transactions involved. Broker-dealers may agree with a selling stockholder to sell a specified number of shares at a stipulated price per share, and, to the extent the broker-dealer is unable to do so acting as agent for a selling stockholder, to purchase as principal any unsold shares at the price required to fulfill the broker-dealer commitment to the selling stockholder. Broker-dealers who acquire shares as principal may thereafter resell the shares from time to time in transactions, which may involve block transactions and sales to and through other broker-dealers, including transactions of the nature described above, in the over-the-counter market or otherwise at prices and on terms then prevailing at the time of sale, at prices then related to the then-current market price or in negotiated transactions. In connection with resales of the shares, broker-dealers may pay to or receive from the purchasers of shares commissions as described above.

If our selling stockholders enter into arrangements with brokers or dealers, as described above, we are obligated to file a post-effective amendment to this registration statement disclosing such arrangements, including the names of any broker dealers acting as underwriters.

The selling stockholders and any broker-dealers or agents that participate with the selling stockholders in the sale of the shares may be deemed to be "underwriters" within the meaning of the Securities Act. In that event, any commissions received by broker-dealers or agents and any profit on the resale of the shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act.

### **Sales Pursuant to Rule 144**

Currently, we are a "shell company" as defined in Rule 12b-2 of the Exchange Act, as amended and Rule 144 is not available for the resale of securities issued by any issuer that is or has been at any time previously a shell company unless the following conditions have been met:

- the issuer of the securities that was formerly a shell company has ceased to be a shell company;
- the issuer of the securities is subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act;
- the issuer of the securities has filed all Exchange Act reports and material required to be filed, as applicable, during the preceding 12 months (or such shorter period that the issuer was required to file such reports and materials), other than Form 8-K reports; and
- at least one year has elapsed from the time that the issuer filed current Form 10 type information with the SEC reflecting its status as an entity that is not a shell company.

## Table of Contents

### **Regulation M**

We have advised the selling security holders that the anti-manipulation rules of Regulation M under the Exchange Act may apply to sales of shares in the market and to the activities of the selling security holders and their affiliates. Regulation M under the Exchange Act prohibits, with certain exceptions, participants in a distribution from bidding for, or purchasing for an account in which the participant has a beneficial interest, any of the securities that are the subject of the distribution. Accordingly, the selling stockholder is not permitted to cover short sales by purchasing shares while the distribution is taking place. Regulation M also governs bids and purchases made in order to stabilize the price of a security in connection with a distribution of the security. In addition, we will make copies of this prospectus available to the selling security holders for the purpose of satisfying the prospectus delivery requirements of the Securities Act.

### **State Securities Laws**

Under the securities laws of some states, the shares may be sold in such states only through registered or licensed brokers or dealers. In addition, in some states the shares may not be sold unless the shares have been registered or qualified for sale in the state or an exemption from registration or qualification is available and is complied with.

### **Expenses of Registration**

We are bearing all costs relating to the registration of the common stock. These expenses are estimated to be \$20,000, including, but not limited to, legal, accounting, printing and mailing fees. The selling stockholders, however, will pay any commissions or other fees payable to brokers or dealers in connection with any sale of the common stock.

### **Selling Shareholders**

The selling shareholders named in this prospectus are offering all of the 20,000,000 shares of common stock offered for resale through this prospectus. The 20,000,000 shares that were previously issued were acquired from us in private placements that were exempt from registration provided under Regulation S of the Securities Act of 1933. Our reliance upon the exemption under Rule 903 of Regulation S of the Securities Act was based on the fact that the sale of the securities was completed in an "offshore transaction," as defined in Rule 902(h) of Regulation S. We did not engage in any directed selling efforts, as defined in Regulation S, in the United States in connection with the sale of the securities. Each investor was not a US person, as defined in Regulation S, and was not acquiring the securities for the account or benefit of a US person.

The following table provides as of the date of this prospectus, information regarding the beneficial ownership of our common stock held by each of the selling shareholders, including:

- the number of shares owned by each prior to this offering;
- the total number of shares that are to be offered for each;
- the total number of shares that will be owned by each upon completion of the offering; and
- the percentage owned by each upon completion of the offering.

The named party beneficially owns and has sole voting and investment power over all shares or rights to these shares.

The numbers in this table assume that none of the selling shareholders sells shares of common stock not being offered in this prospectus or purchases additional shares of common stock, and assumes that all shares offered are sold. The percentages are based on 20,000,000 shares of common stock outstanding on the date of this prospectus.

Other than disclosed above, none of the selling shareholders:

1. has had a material relationship with us other than as a shareholder at any time within the past three years;
2. has ever been one of our officers or directors;
3. is a broker-dealer; or broker-dealer's affiliate.

## **Description of Securities**

### **General**

The following description is a summary of the material terms of the provisions of our Articles of Incorporation and Bylaws as they relate to our capital structure. The Articles of Incorporation and Bylaws have been filed as exhibits to the registration statement of which this Prospectus is a part.

### **Common Stock**

We have 75,000,000 authorized shares of common stock with \$.001 par value. As of December 31, 2012, there were 50,100,000 shares of our common stock issued and outstanding. All shares are equal to each other with respect to liquidation and dividend rights. Holders of voting shares are entitled to one vote for each share that they own at any shareholders' meeting. Holders of our shares of common stock do not have cumulative voting rights.

Each share of common stock entitles the holder to one vote, either in person or by proxy, at meetings of shareholders.

The holders are not permitted to vote their shares cumulatively. Accordingly, the shareholders of our common stock who hold, in the aggregate, more than fifty percent of the total voting rights can elect all of our directors and, in such event, the holders of the remaining minority shares will not be able to elect any of the such directors. The vote of the holders of a majority of the issued and outstanding shares of common stock entitled to vote thereon is sufficient to authorize, affirm, ratify or consent to such act or action, except as otherwise provided by law.

Holders of common stock are entitled to receive such dividends, if any, as may be declared by the Board of Directors out of funds legally available. We have not paid any dividends since our inception, and we presently anticipate that all earnings, if any, will be retained for development of our business. Any future disposition of dividends will be at the discretion of our Board of Directors and will depend upon, among other things, our future earnings, operating and financial condition, capital requirements and other factors.

Holders of our common stock have no pre-emptive rights or other subscription rights, conversion rights, redemption or sinking fund provisions. Upon our liquidation, dissolution or winding up, the holders of our common stock will be entitled to share in the net assets legally available for distribution to shareholders after the payment of all of our debts and other liabilities. There are not any provisions in our Articles of Incorporation or our Bylaws that would prevent or delay change in our control. There are no conversion, pre-emptive or other subscription rights or privileges with respect to any shares.

Table of Contents

**Preferred Stock**

We are not authorized to issue any shares of preferred stock.

**Dividend Policy**

We have not paid any cash dividends to shareholders. The declaration of any future cash dividends is at the discretion of our board of directors and depends upon our earnings, if any, our capital requirements and financial position, our general economic conditions, and other pertinent conditions. It is our present intention not to pay any cash dividends in the foreseeable future, but rather to reinvest earnings, if any, in our business operations.

**Share Purchase Warrants and Options**

We do not presently have any options or warrants authorized or any securities that may be convertible into common stock. However, our board of directors may later determine to authorize options and warrants for our Company.

**Interests of Named Experts and Counsel**

The legality of the shares offered under this registration statement is being passed upon by Dean Law Corp.

The financial statements included in this prospectus and the registration statement have been audited by Kenne Ruan, CPA to the extent and for the periods set forth in their report appearing elsewhere herein and in the registration statement, and are included in reliance upon such report given upon the authority of said firm as experts in auditing and accounting.

**INFORMATION WITH RESPECT TO REGISTRANT**

THE FOLLOWING DISCUSSION AND ANALYSIS SHOULD BE READ TOGETHER WITH THE CONSOLIDATED FINANCIAL STATEMENTS OF SCRIPTION WORK SOLUTIONS INC F/K/A TRANSTECH SOLUTIONS, INC. AND THE NOTES TO CONSOLIDATED FINANCIAL STATEMENTS INCLUDED IN THIS REGISTRATION STATEMENT. THIS DISCUSSION SUMMARIZES THE SIGNIFICANT FACTORS AFFECTING OUR OPERATING RESULTS, FINANCIAL CONDITIONS AND LIQUIDITY AND CASH-FLOW SINCE INCEPTION.

**Description of Business:**

**Organization:**

Scription Work Solutions Inc, f/k/a Transtech Solutions Inc. was incorporated to the laws of the State of Nevada on July 12, 2011. We are a development stage company that has limited operating history and has earned no revenues.

Since our inception, we have devoted our activities to developing our business plan, determining the market for our services, developing a marketing plan, as well as capital formation. Our day-to-day operations consist of working on these to ensure effective, efficient and timely completion.

There is substantial doubt about our ability to continue, as a going concern, over the next twelve months.

**Business**

Scription Work Solutions Inc, f/k/a Transtech Solutions Inc. is a Las Vegas-based business looking to provide services in the U.S. medical transcription marketplace. Scription Work Solutions Inc, f/k/a Transtech plans to provide medical transcription services to the Nevada medical community by offering our service through the use of digital equipment and careful proofing. The company intends to cater to the healthcare sector by providing timely, highly accurate medical transcriptions of dictated patient reports. Scription Work Solutions Inc, f/k/a Transtech aims to incorporate outsourcing operations overseas to take advantage of lower cost of labor, pending our sales effort. We believe this technology will allow an efficient way to manage transcription services on a web-based platform.

The main market sectors we aspire to penetrate are as follows:

- Offices of physicians
- Hospitals
- Medical and diagnostic laboratories

We expect Scription Work Solutions Inc, f/k/a Transtech's core service offerings to consist of medical record transcription services for the following:

- Office visits
- Surgery notes
- Lab results
- Admissions
- Assessments

## Table of Contents

### **Industry Overview**

The Bureau of Labor Statistics reports that employment of medical transcriptionists is expected to grow 6 percent from 2010 to 2020. According to BLS, this growth rate is slower than average for all occupations. We anticipate the volume of healthcare services to continue to increase, resulting in a growing number of medical tests and procedures, all of which will require transcription. In our opinion, an aging population contributing to an increased number of healthcare visits, combined with a continued emphasis of accessible documentation, is anticipated to stimulate the need for medical transcriptionists. In other words, increasing numbers of medical transcriptionists will be needed to amend patients' records, edit for grammar, and identify discrepancies in electronic records.

Contracting out transcription work overseas and advancements in speech recognition technology are not expected to significantly reduce the need for well-trained medical transcriptionists in the US. Outsourcing transcription work abroad—to countries such as India, Pakistan, Philippines, and the Caribbean—has grown more popular as transmitting confidential health information over the Internet has become more secure; however, we believe the demand for overseas transcription services is expected only to supplement the demand for well-trained domestic medical transcriptionists. Speech-recognition technology allows physicians and other health professionals to dictate medical reports to a computer that immediately creates an electronic document. In spite of the advances in this technology, the software has been slow to grasp and analyze the human voice and the English language, and the medical vernacular with all its diversity. As a result, we expect there will continue to be a need for skilled medical transcriptionists to identify and appropriately edit the inevitable errors created by speech recognition systems, and to create a final document.

While the tools used by medical transcriptionists have dramatically changed to digital devices, the fundamental nature of the practice has not. The BLS reports that in spite of advances in technology, there will continue to be a need for skilled medical transcriptionists.

### **Market Research**

The medical transcription business is a growing industry that is struggling to fulfill the demand created by physicians. We predict the drive to increase the quality of transcription services will result in insurance companies increasing their demand for qualified medical transcriptionists. We believe this is a highly fragmented and competitive industry that will continue to grow over the years, as demand is typically driven by quality of service, timely delivery and competitive pricing.

There are two general categories of customers that regularly need medical transcription services. There are physicians and psychologists who practice alone. The practitioners have the need for transcriptionists because they are typically too small to warrant their own in-house employee. The second group consists of hospitals, clinics, and other doctors who have an in-house solution, who at times are in need of supplemental services. These service requests are sporadic in nature and often require express services.

## Table of Contents

### **Market Needs**

Scripton Work Solutions Inc, f/k/a Transtech intends to provide its customers with a reliable, flexible, medically-trained transcription service. We believe the following benefits are important to our future customers:

- **Medical Background:** This is important due to the specialized language within the medical profession.
- **Convenience:** The ability to offer the service at the doctor's convenience is a significant advantage.
- **Accuracy:** Documents need to be accurate to guard against malpractice threats.

### **Market Trends**

The market trend for industries that utilize transcription services is decreasing overhead through the outsourcing of non-essential activities. We believe that this market trend will result in an increased demand for providers of outsourced transcription solutions so that they can focus on their core business competencies.

### **Market Growth**

As physician's practices are under increasing pressure to develop efficiencies (this pressure is primarily coming from the insurance companies which have significantly reduced their allowable reimbursement amounts), practices will be shedding non-essential employees and replacing them with outsourced service providers.

### **Competition**

The competition takes two general forms:

1. **General transcription service-** these are transcription services that offer medical services in addition to general service offerings. These firms typically have someone who had been trained in medical transcription, but does not do medical exclusively.
2. **Specialized medical transcription-** there are a number of exclusive medical transcription service providers. The market is controlled by larger companies that have established their brand over the years. Many of the smaller companies that provide are being driven out of the industry due to the larger more reputable companies being able to provide cheaper and faster services.

## Table of Contents

The buying patterns for medical transcriptionists are typically based on the type of relationship the physician or hospital has with the transcriptionist. If the physician does not have an in-house solution then they ideally will have a long-term relationship with a service provider. If the physician or hospital has in-house transcriptionists, then their relationships with the transcriptionist services are based on the sporadic service calls, filling a need when their service provider is unable.

### **Scripton Work Solutions' Competitive Advantage**

New technology such as voice recognition transcription software have been disruptive force in the medical transcription industry. Although voice technology has been shown to be accurate in medical transcription, we believe hospitals and medical clinics have been slow to adopt the new technology due to their preference for a live transcriptionist with whom they can interact.

Despite current industry changes, we believe there is opportunity for our company in this market. We believe we can occupy the space left in the industry where the small shops were pushed out with newer and more efficient transcription technology and methods available now. Although we do not believe we can compete with the volume of the larger players in the transcription industry, we assume a smaller shop like ours, utilizing the web, can provide competitive services with lower overhead. By adopting global outsourcing and providing our medical transcriptionists and clients a web-based platform to communicate, we believe we can provide time-efficient services at a competitive price.

### **Plan of Operations**

Since inception, our operations have primarily consisted of the organization of our business and the development of our business plan. Our business plan includes a two-phase plan that details the purchase of a medical transcription platform. Currently we are still in Phase 1 of our plan which includes the following:

Formation of our Company

Completion of our business plan; and

The acquisition of additional funding

Phase 1 have been completed, with the exception of raising additional funding. To date, our CEO , Christopher Weinhaupl, has conducted all operations. As such, upon incorporating our Company, Mr. Weinhaupl was named as the Company's sole officer and director. Operations and expenditures have included the incorporation of Scription Work Solutions Inc, f/k/a Transtech Solutions, Inc. under the laws of the State of Nevada, and the formation of an extensive business plan in which we have mapped out all of the initial services that we plan to offer to our clients. Phase 1 will culminate with the completion of this Offering, which will hopefully allow us to raise capital through public or private debt or sale of equity and see us through Phase 2. Phase 2 involves purchasing a medical transcription platform and we do not intend on entering Phase 2 until the Company raises additional funding either through public or private debt or sale of equity.

## Table of Contents

### Services

Scripton Work Solutions Inc, f/k/a Transtech plans to provide medical transcription services for the medical community. We expect to transcribe office visits, surgery notes, lab results, admissions, assessment, and discharge summaries. Our future customers may simply and efficiently use phone dictation or send voice files via the Internet.

**Next Day Turnaround:** Scripton Work Solutions Inc, f/k/a Transtech plans to offer 24 hour turnaround time on all dictation received by 6:00pm Central Time. If this isn't fast enough, we intend to also provide STAT transcription services with turnaround in less than 4 hours.

**Physician Portal:** We plan to use a portal where physicians can review and correct the transcribed report using standard Word functionality and any changes will be saved to the server and will be accessed or distributed to all users. The physician will sign the document with a single mouse click upon which the report will be electronically stamped and marked as final.

**98% Accuracy:** Physicians demand high quality medical transcription that is verifiable and accurate. All transcripts will be graded by proof-readers based on the American Association of Medical Transcription standards. Scripton Work Solutions Inc, f/k/a Transtech plans to guarantee 98% accuracy or better or files are provided free.

**24 Hour Data Access:** Scripton Work Solutions Inc, f/k/a Transtech plans to provide 24/7 access to data. The company's servers will offer redundant power backups as well as complete backup Internet backbone to assure that data is always accessible.

**Quality Assurance:** Scripton Work Solutions Inc, f/k/a Transtech projects to provide 4 to 6 months of training to all transcriptionists that join Transtech. Once training is complete, transcriptionists will be placed in a live environment where all their work is scrutinized for accuracy. Only after 2 to 3 years will transcriptionists be promoted to Assistant Quality Assurance positions in the Quality Assurance Department. We plan for all transcriptions to be guaranteed for 98% accuracy or better based on American Association of Medical Transcription Standards.

**Easy File Transfers:** Scripton Work Solutions Inc, f/k/a Transtech's interface will be architected with usability for the computer illiterate as well as the tech savvy user. A minimal interface will allow future clients to copy their dictations from their recorders and send it to Scripton Work Solutions Inc, f/k/a Transtech's servers with just 3 clicks of a mouse.

**HIPAA Compliant:** Scripton Work Solutions' medical transcription services will be fully compliant with Health Insurance Portability and Accountability Act of 1996 (HIPAA). HIPAA was a result of congressional healthcare reform proponents to reform healthcare. HIPAA legislation has four primary objectives.

1. Assure health insurance portability by eliminating job-lock due to pre-existing medical condition
2. Reduce healthcare fraud and abuse
3. Enforce standards for health information
4. Guarantee security and privacy of health information

Of the four primary objectives, the fourth objective has the most impact on medical transcription.

The rule requires that healthcare organization insurers and payors that have been using any electronic means of storing patient data and performing claims submission must comply with HIPAA legislation. Since medical transcription deals with electronic means of handling and storing patient data, our services will ensure the security and confidentiality of the patient's Protected Health Information (PHI), and maintain an audit trail of all individuals who have had access to a PHI.

## Table of Contents

Assuming we are able to successfully raise funding from public or private debt or sale of equity, we will begin the second part of our business plan. In order to initiate Phase 2 of our operations, we will have to raise enough money to purchase the medical transcription platform. While we are researching the medical transcription platform to purchase, we will begin initial preparations for the launch of our platform and website.

**Platform purchase** – We plan to purchase our medical transcription platform. The purchase of our platform and development of our website will entail the bulk of Phase 2. We plan to allocate \$65,000 to purchase the medical transcription software. At this time we will also allocate \$10,000 to purchase servers and hosting for our planned website and platform.

**Hire additional staff** – When our platform has been purchased, we will begin hiring additional staff to prepare for our launch. We plan to hire one full-time marketing representative to begin work on a marketing plan for our launch. We will allocate \$30,000 for the salary of the marketing representative, and up to \$50,000 on marketing materials. We will use the marketing ideas of our President, Christopher Weinhaupl, as set forth in our “Marketing” section. However, we will look to our new employees to come up with new and innovative ways to promote our Company.

**Beta testing** – Once our platform is fully deployed, and our sales and marketing teams are in place, we will begin beta testing our website and transcription platform.

**Acquisition of clients**– When we are ready to offer our medical transcription services to the public, we intend to launch a marketing campaign ourselves in order to promote our services to potential clients. This will complete Phase 2 of our development.

In order to complete Phase 2 of our business plan, we will rely on the management skills of our President. He will have to work closely with our sales and marketing team to make sure that there is constant communication between each. The sales of our services will be directly related to the work that our marketing team is providing. In the months that follow our launch, the work of our website developers will be critical as well. We hope to be in a phase of rapid growth, and our staff will be working hard to provide constant updates to our site, and fix any bugs that may occur. Our President will have to work hard to keep all components of our business on track.

With our currently available capital resources, we will be able to conduct phase one of our planned operations, which includes the formation of our company and the completion of our business plan. We will need to raise additional capital in order to commence phase two of our planned operations, which is to purchase the transcription platform and begin our sales and marketing efforts. Using currently available capital resources, the minimum period of time that we will be able to conduct our planned operations is approximately the next few months, and then only if continued funding by the management of the company.

Description	Time period	Estimated maximum expenses
Working Capital	10-12 months	\$10,000
Website Hosting and Servers	10-12 months	\$10,000
Platform Purchase	10-12 months	\$65,000

## **Management**

### **Directors, Executive Officers, Promoters and Control Persons**

The Board of Directors elects our executive officers annually. A majority vote of the directors who are in office is required to fill vacancies. Each director shall be elected for the term of one year and until his successor is elected and qualified or until his earlier resignation or removal. Our directors and executive officers are as follows:

Christopher Weinhaupl, 43, has numerous years of experience as an entrepreneur. Mr. Weinhaupl’s active roles are contributing to the Technology and Business Development of new market technologies. Mr. Weinhaupl has forged and built a number of startup firms in diverse industries from services to product sales. Mr. Weinhaupl looks for opportunities where Technology is a major disruptive factor in a mature market segment.

Since 2010, Christopher Weinhaupl has held ownership and founder of Canadapack a North American cross boarder Logistics Company. From 2001 to present, Mr. Weinhaupl has been a Senior Partner at “mypharmacard”, a payment processor solution for web based Pharma companies. From 2005 to present, Mr. Weinhaupl has held a position as Senior Network Support at Enterprise Contact Centers, providing technology support for North American businesses.

**COMMISSION POSITION ON INDEMNIFICATION FOR SECURITIES ACT LIABILITIES**

<b>Name</b>	<b>Age</b>	<b>Position</b>
Mr. Christopher Weinhaupt	43	CEO, President & Director

Our Articles of Incorporation provides that we shall indemnify our directors and officers to the fullest extent permitted by Nevada law and that none of our directors will be personally liable to the Company or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability:

- for any breach of the director's duty of loyalty to the Company or its stockholders;
- for acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of the law;
- under Nevada General Corporation Law for the unlawful payment of dividends; or
- for any transaction from which the director derives an improper personal benefit.

These provisions require us to indemnify our directors and officers unless restricted by Nevada law and eliminate our rights and those of our stockholders to recover monetary damages from a director for breach of his fiduciary duty of care as a director except in the situations described above. The limitations summarized above, however, do not affect our ability or that of our stockholders to seek non-monetary remedies, such as an injunction or rescission, against a director for breach of his or his fiduciary duty.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, we have been advised that in the opinion of the Securities and Exchange Commission, such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Table of Contents

**Employees**

As of the date of this filing, the Company has no full time employees other than our sole officer and director, Mr. Weinhaupl. We currently rely of Mr. Weinhaupl to manage all aspects of our business. We plan to use both in-house and freelance medical transcriptionists, who are trained and licensed, to perform the transcription work on our platform and servers.

<b>Name</b>	<b>Department</b>	<b>Function</b>	<b>Salary</b>	<b>Contractors</b>
Christopher Weinhaupl	Admin	Business Development / Information Technology	None	N/A

***Employees and Consultants***

As of the date of this filing, the Company has no full time employees other than our sole officer and director, Mr. Weinhaupl. We currently rely on Mr. Weinhaupl, to manage all aspects of our business. Mr. Weinhaupl has committed to devote up to 30 hours per week to our Company. We plan to use third-party developers to assist in the production of our proposed website. We intend to add staff as the Company grows. Any such additions will be made at the judgment of management to meet the Company's then current needs.

***Legal Proceedings***

We know of no material, existing or pending legal proceedings against our Company, nor are we involved as a plaintiff in any material proceeding or pending litigation. There are no proceedings in which our director, officer or any affiliates, or any registered or beneficial shareholder, is an adverse party or has a material interest adverse to our interest.

***Long-Term Incentive Plans***

We currently have no Long-Term Incentive Plans.

***Director Compensation***

None.

***Director Independence***

Our board of directors is currently composed of one member, Christopher Weinhaupl, who does not qualify as an independent director in accordance with the published listing requirements of the NASDAQ Global Market. The NASDAQ independence definition includes a series of objective tests, such as that the director is not, and has not been for at least three years, one of our employees and that neither the director, nor any of his family members has engaged in various types of business dealings with us. In addition, our board of directors has not made a subjective determination as to each director that no relationships exist which, in the opinion of our board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, though such subjective determination is required by the NASDAQ rules. Had our board of directors made these determinations, our board of directors would have reviewed and discussed information provided by the directors and us with regard to each director's business and personal activities and relationships as they may relate to us and our management.

***Security Holders Recommendations to Board of Directors***

We welcome comments and questions from our shareholders. Shareholders can direct communications to our Chief Executive Officer, Christopher Weinhaupl, at our executive offices. However, while we appreciate all comments from shareholders, we may not be able to individually respond to all communications. We attempt to address shareholder questions and concerns in our press releases and documents filed with the SEC so that all shareholders have access to information about us at the same time. Mr. Weinhaupl collects and evaluates all shareholder communications. All communications addressed to our director and executive officer will be reviewed by Mr. Weinhaupl unless the communication is clearly frivolous.

**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table sets forth certain information at October 31, 2013, with respect to the beneficial ownership of shares of Common Stock by (i) each person known to us who owns beneficially more than 5% of the outstanding shares of Common Stock (based upon reports which have been filed and other information known to us), (ii) each of our Directors, (iii) each of our Executive Officers and (iv) all of our Executive Officers and Directors as a group. Unless otherwise indicated, each stockholder has sole voting and investment power with respect to the shares shown. As of October 31, 2013, we had 50,100,000 shares of Common Stock issued and outstanding.

<u>Title of class</u>	<u>Name and address of beneficial owner</u>	<u>Amount and Nature of Beneficial Ownership</u>	<u>Percentage of Common Stock <sup>(1)</sup></u>
Common Stock	Christopher Weinhaul 47 Sundown Green SE Calgary, AB	30,100,000	60%
	<b>Total</b>	<b>50,100,000</b>	<b>100%</b>

(1)

Under Rule 13d-3 promulgated under the Exchange Act, a beneficial owner of a security includes any person who, directly or indirectly, through any contract, arrangement, understanding, relationship, or otherwise has or shares: (i) voting power, which includes the power to vote, or to direct the voting of shares; and (ii) investment power, which includes the power to dispose or direct the disposition of shares. Certain shares may be deemed to be beneficially owned by more than one person (if, for example, persons share the power to vote or the power to dispose of the shares). In addition, shares are deemed to be beneficially owned by a person if the person has the right to acquire the shares (for example, upon exercise of an option) within 60 days of the date as of which the information is provided. In computing the percentage ownership of any person, the amount of shares is deemed to include the amount of shares beneficially owned by such person (and only such person) by reason of these acquisition rights.

We are not aware of any arrangements that could result in a change of control.

**CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

On August 26, 2011, the Company issued 10,000,000 shares of common stock at a price of \$0.001 per share for a value of \$10,000 to Christopher Weinhaupl, its President. The Company relied on Section 4(2) of the Securities Act for this issuance.

On September 4, 2012, the Company issued 20,100,000 shares of common stock at a price of \$0.001 per share for a value of \$20,100 to Christopher Weinhaupl, its President. The Company relied on Section 4(2) of the Securities Act for this issuance.

As a result, Mr. Weinhaupl owns 60% of the issued and outstanding common shares of the Company.

Other than the foregoing, none of the following persons has any direct or indirect material interest in any transaction to which we were or are a party since the beginning of our last fiscal year, or in any proposed transaction to which we propose to be a party:

- (A) any of our director(s) or executive officer(s);
- (B) any nominee for election as one of our directors;
- (C) any person who is known by us to beneficially own, directly or indirectly, shares carrying more than 5% of the voting rights attached to our Common Stock; or
- (D) any member of the immediate family (including spouse, parents, children, siblings and in-laws) of any of the foregoing persons named in paragraph (A), (B) or (C) above.

(A Development Stage Company)**

**Report of Independent Registered Public Accounting Firm**

To the Board of Directors and Stockholders  
Scription Work Solutions Inc  
(fka: Transtech Solutions Inc)  
(A Development Stage Company)

We have audited the accompanying balance sheets of Scription Work Solutions Inc (fka: Transtech Solutions Inc. ) (A development stage company) as of December 31, 2012 and 2011, and the related statements of operations, stockholders' equity and cash flows for the year ended December 31, 2012, the period from July 12, 2011(date of inception) to December 31, 2011, and the period from July 12, 2011 (date of inception) to December 31, 2012. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits include consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial positions of Scription Work Solutions Inc (fka: Transtech Solutions Inc.) as of December 31, 2012 and 2011, and the results of its operations and its cash flows for the year ended December 31, 2012, the period from July 12, 2011(date of inception) to December 31, 2011, and the period from July 12, 2011 (date of inception) to December 31, 2012 in conformity with accounting principles generally accepted in the United States of America.

The financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the financial statements, the Company's losses from operations raise substantial doubt about its ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

/s/Kenne Ruan, CPA, P.C.

**SCRIPTION WORK SOLUTIONS INC.  
(f/k/a: TRANSTECH SOLUTIONS INC.)  
(A DEVELOPMENT STAGE COMPANY)  
FINANCIAL STATEMENTS**

**AS OF JUNE 30, 2013**

**1. ORGANIZATION AND BUSINESS OPERATIONS**

Scription Work Inc. ("the Company") (f/k/a: Transtech Solutions Inc.) was incorporated under the laws of the State of Nevada, U.S. on July 12, 2011. The Company is in the development stage as defined under Statement on Financial Accounting Standards Accounting Standards Codification FASB ASC 915-205 "Development-Stage Entities." The Company has not generated any revenue to date and consequently its operations are subject to all risks inherent in the establishment of a new business enterprise. As of March 31, 2013 the Company has \$34,751.45 in cash.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

a) Basis of Presentation

The financial statements of the Company have been prepared in accordance with generally accepted accounting principles in the United States of America and are presented in US dollars.

b) Going Concern

The financial statements have been prepared on a going concern basis which assumes the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. The Company has incurred losses since inception and further losses are anticipated in the development of its business raising substantial doubt about the Company's ability to continue as a going concern. The ability to continue as a going concern is dependent upon the Company generating profitable operations in the future and/or to obtain the necessary financing to meet its obligations and repay its liabilities arising from normal business operations when they come due. Management intends to finance operating costs over the next twelve months with existing cash on hand and loans from directors and or private placement of common stock. These financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts, or amounts and classification of liabilities that might result from this uncertainty.

c) Cash and Cash Equivalents

The Company considers all highly liquid instruments with a maturity of three months or less at the time of issuance to be cash equivalents.

d) Use of Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

e) Foreign Currency Translation

The Company's functional currency and its reporting currency is the United States dollar.

f) Financial Instruments

The carrying value of the Company's financial instruments approximates their fair value because of the short maturity of these instruments.

g) Stock-based Compensation

The Company records stock based compensation in accordance with the guidance in ASC Topic 718 which requires the Company to recognize expense related to the fair value of its employee stock option awards. This eliminates accounting for share-based compensation transactions using the intrinsic value and requires instead that such transactions be accounted for using a fair-value-based method. The Company recognizes the cost of all share-based awards on a graded vesting basis over the vesting period of the award. To date, the Company has not adopted a stock option plan and has not granted any stock options.

h) Income Taxes

Income taxes are accounted for under the assets and liability method. Deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carry forwards. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled.

i) Basic and Diluted Net Loss per Share

The Company follows ASC Topic 260 to account for the earnings per share. Basic earnings per common share ("EPS") calculations are determined by dividing net loss by the weighted average number of shares of common stock outstanding during the year. Diluted earnings per common share calculations are determined by dividing net income by the weighted average number of common shares and dilutive common share equivalents outstanding. During periods when common stock equivalents, if any, are anti-dilutive they are not considered in the computation.

j) Fiscal Periods

The Company's fiscal year end is December 31.

k) Recent Accounting Pronouncements

The Company has evaluated the recent accounting pronouncements through ASU 2011-06 and believes that none of them will have a material effect on the company's financial statements.

Table of Contents

**3. COMMON STOCK**

The authorized capital of the Company is 75,000,000 common shares with a par value of \$ 0.001 per share.

During the period between January 2012 and December 2012, the Company issued 20,100,000 shares of common stock at a price of \$0.001 per share for a value of \$20,100 to Christopher Weinhaupl, its President. The Company relied on Section 4(2) of the Securities Act for this issuance.

During the period between January 2012 and December 2012, Company issued 20,000,000 shares of common stock under the private placements agreement to various investors at \$0.01 per share. Company received a total of \$20,000 net of offering proceeds.

There were no further issuances of stock as at December 31, 2012.

**4. RELATED PARTY TRANSACTIONS**

Mr. Christopher Weinhaupl has not advanced funds to the Company to pay any costs incurred by it. These funds are unsecured, non-interest bearing and due on demand. The balance due Mr. Christopher Weinhaupl was \$0 as on March 31, 2013.

**5. INCOME TAXES**

For the quarter ended March 31, 2013, the Company incurred net operating losses and, accordingly, no provision for income taxes has been recorded. In addition, no benefit for income taxes has been recorded due to the uncertainty of the realization of any tax assets. At March 31, 2013, the Company had approximately \$15,349 of federal and state net operating losses.

**6. SUBSEQUENT EVENTS**

In accordance with ASC 855, management evaluated the subsequent events through the date of June 30, 2013 the date the financial statements were issued, and there are no subsequent events to disclose.

**Indemnification of Directors and Officers**

Our sole officer and Director is indemnified as provided by the Nevada Revised Statutes and our bylaws.

Under the NRS, director immunity from liability to a company or its shareholders for monetary liabilities applies automatically unless it is specifically limited by a company's articles of incorporation that is not the case with our articles of incorporation. Excepted from that immunity are:

- (1) a willful failure to deal fairly with the company or its shareholders in connection with a matter in which the director has a material conflict of interest;
- (2) a violation of criminal law (unless the director had reasonable cause to believe that his or her conduct was lawful or no reasonable cause to believe that his or her conduct was unlawful);
- (3) a transaction from which the director derived an improper personal profit; and
- (4) willful misconduct.

## Table of Contents

Our bylaws provide that we will indemnify our directors and officers to the fullest extent not prohibited by Nevada law; provided, however, that we may modify the extent of such indemnification by individual contracts with our directors and officers; and, provided, further, that we shall not be required to indemnify any director or officer in connection with any proceeding (or part thereof) initiated by such person unless:

- (1) such indemnification is expressly required to be made by law;
- (2) the proceeding was authorized by our Board of Directors;
- (3) such indemnification is provided by us, in our sole discretion, pursuant to the powers vested us under Nevada law;
- or
- (4) such indemnification is required to be made pursuant to the bylaws.

Our bylaws provide that we will advance all expenses incurred to any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that he is or was our director or officer, or is or was serving at our request as a director or executive officer of another company, partnership, joint venture, trust or other enterprise, prior to the final disposition of the proceeding, promptly following request. The Company's obligations of indemnification, if any, shall be conditioned on the Company receiving prompt notice of the claim and the opportunity to settle and defend the claim. The Company may, to the extent permitted by law, purchase and maintain insurance on behalf of an individual who is or was a director, officer, employee or agent of the Corporation.

## **Exhibits**

The following is a list of exhibits filed as part of this Registration Statement. Where so indicated by footnote, exhibits which were previously filed are incorporated herein by reference. Any statement contained in an Incorporated Document shall be deemed to be modified or superseded for purposes of this Registration Statement to the extent that a statement contained herein or in any other subsequently filed Incorporated Document modifies or supersedes such statement. Any such statement so modified or superseded shall not be deemed, except as so modified or superseded, to constitute a part of this Registration Statement.

All other Exhibits called for by Rule 601 of Regulation S-K are not applicable to this filing.

**Undertakings:**

Information pertaining to our common stock is contained in our Articles of Incorporation and Bylaws. Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of our counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by us is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

The undersigned registrant hereby undertakes:

To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

i. To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

ii. To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement.

iii. To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

2. That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

3. To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

4. That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

ii. If the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

Table of Contents

**Signatures**

In accordance with the requirements of the Securities Act of 1933, the registrant certifies that it has reasonable grounds to believe that it meets all of the requirements of filing on Form S-1 and authorized this registration statement to be signed on our behalf by the undersigned, on October 31, 2013 .

**SCRIPTION WORK SOLUTIONS Inc., formerly known as TRANSTECH SOLUTIONS Inc.**

Washington, D. C. 20549

Dear Mr. Griswold:

**Re: Scription Work Solutions, Inc. (the “Company”)  
Amendment No. 4 to Registration Statement on Form S-1  
Filed March 29, 2013, May 10, 2013, June 28, 2013, October 7, 2013,**

**October 7, 2013**

**File No. 333-187609**

I am President and C.E.O. of the Company and am writing this letter on behalf of the Company. Your comments are reprinted below along with our response and, if applicable, our proposed changes to the Registration Statement:

**General**

1. It appears that you have sought to change your company’s name from Transtech Solutions, Inc. to Scription Work Solutions, Inc. However, it does not appear that you have completed the name change in EDGAR. You may contact EDGAR Filer Support if you require assistance in this regard. Further, it appears that a provider of medical transcription software, eScription, which you reference in your document, shares a substantially similar name. Please tell us what consideration you have given to including risk factor disclosure addressing the risks associated with having a name that is substantially similar to one of your competitors.

ANSWER: We have completed the name change in EDGAR. eScription has updated their software’s name to The Dragon Medical 360 | eScription as per their website. Furthermore, their company name is Nuance, the reference above refers to names of software they offer. This has created enough of a distinction to not add a risk factor.

2. We note that you filed a current report on Form 8-K on June 6, 2013 to announce that you amended your articles of incorporation to effect a name change. Please note that until your registration statement is declared effective, you are not yet a reporting company under the Exchange Act. Accordingly, Exchange Act reports, including current reports on Form 8-K, are not yet required to be filed. Please file your amended articles of incorporation reflecting your name change as an exhibit to your amended registration statement.

ANSWER: We have filed our amended articles of incorporation reflecting our name change as an exhibit to our amended registration statement.

“Mr. Weinhaupl, the sole employee, officer and director...,” page 12

3. Please revise this risk factor to disclose the number of hours per week Mr. Weinhaupl expects to devote to your business. It appears that you should also disclose that, in addition to his involvement with his other businesses, Mr. Weinhaupl is currently employed as Senior Network Support at Enterprise Contact Centers, which may impact his flexibility.

ANSWER: The following has been added to the risk factor:

Due to Mr. Weinhaupl’s current employment as Senior Network Support at Enterprise Contact Centers, he can currently devote approximately 20 hours per week to our operation. This employment may also impact his flexibility.

“We have less than 300 record holders following the completion of the....,” page 14

4. Please revise to clarify the subheading of this risk factor. In addition, you state that certain disclosure obligations will not apply to you unless you have both 500 or more security holders and greater than \$10 million in assets. Please amend this disclosure in light of recent amendments to Section 12(g) of the Securities Exchange Act.

ANSWER: The risk factor has been amended in to reflect recent updates to Section 12(g) of the Securities Exchange Act.

Information with Respect the Registrant  
Plan of Operations, page 25

5. We note your additional disclosure on page 27 where you state, using the currently available capital resources, the minimum period of time that you will be able to conduct your planned operations is approximately twelve months. However, we also note your disclosures on page 12 where you indicate that you estimate current available financial resources will sustain your operations only through the next few months. Please further revise these disclosures to address the apparent inconsistencies.

ANSWER: The disclosure on page 27 has been updated to be consistent with the disclosure on page 12. The disclosure appears as follows:

Using currently available capital resources, the minimum period of time that we will be able to conduct our planned operations is approximately the next few months, and then only if continued funding by the management of the company.

Products and Services, page 26

6. Your response to prior comment 20 notwithstanding, your discussion in this section requires additional revisions. Although this section is titled “Products and Services,” it is unclear how the term “products” is applicable to your business as it appears that you intend to offer solely transcription services. In addition, your descriptions of the Physician Portal appear to suggest that the portal is currently operational. Please revise as appropriate.

ANSWER: We have updated the heading of this section to “Services”. Reference to physician Portal has been amended to the following:

Physician Portal: We plan to use a portal where physicians can review and correct the transcribed report using standard Word functionality and any changes will be saved to the server and will be accessed or distributed to all users. The physician will sign the document with a single mouse click upon which the report will be electronically stamped and marked as final.

7. We note your disclosure that your company’s services will be fully compliant with the Health Insurance Portability and Accountability Act of 1996. Please clarify how the Act impacts your services and expand your disclosure to describe what is required in order for you to be HIPAA compliant. Refer to Item 101(h)(4)(ix) of Regulation S-K.

ANSWER: We have updated the disclosure to the following:

HIPAA Compliant: Scription Work Solutions’ medical transcription services will be fully compliant with Health Insurance Portability and Accountability Act of 1996 (HIPAA). HIPAA was a result of congressional healthcare reform proponents to reform healthcare. The HIPAA legislation has four primary objectives.

1. Assure health insurance portability by eliminating job-lock due to pre-existing medical conditions
2. Reduce healthcare fraud and abuse
3. Enforce standards for health information
4. Guarantee security and privacy of health information

Of the four primary objectives, the fourth objective has the most impact on medical transcription.

The rule requires that healthcare organizations insurers and payors that have been using any electronic means of storing patient data and performing claims submission must comply with HIPAA legislation. Since medical transcription deals with electronic means of handling and storing patient data, our services will ensure the security and confidentiality of the patient's Protected Health Information (PHI), and maintain an audit trail of all individuals who have had access to a PHI.

Directors, Executive Officers, Promoters and Control Persons, page 27

8. You state that Christopher Weinhaupl has been "an accomplished serial entrepreneur" over the last 15 years. Please reasonably substantiate this characterization in your document or revise your disclosure as necessary.

ANSWER: This disclosure has been updated to state the following:

Christopher Weinhaupl, 43, has numerous years of experience as an entrepreneur.

Certain Relationships and Related Transactions, page 32

9. We note your response to prior comment 30. Please provide us with your analysis supporting your view that Mr. Weinhaupl is not a promoter. In this regard, we note your disclosure on page 25 that Mr. Weinhaupl is your founder and specifically refer you to paragraph (1)(i) of the definition of promoter in Securities Act Rule 405. Alternatively, revise your disclosure to provide the information required by Item 404(c) of Regulation S-K.

ANSWER: The disclosure on page 25 has been amended to refer to Mr. Weinhaupl as our CEO.

Financial Statements

General

10. We note you removed the separate set of financial statements for the period from inception (July 12, 2011) to December 31, 2011, in response to our prior comment 31. However, we also note there is no reference to such financial statements in the index on page 33 and you do not include any information for that period in the Notes to the financial statements. Please revise the Notes to include any appropriate disclosures for such period. In addition, please revise the index to include reference to each of the respective financial statements as of December 31, 2011 and for the period from inception (July 12, 2011) to December 31, 2011. Alternatively, remove all references to the dates and refer only to the respective financial statements and the related pages.

ANSWER: The Financial Statements have been amended.

11. Revise the column header for December 31, 2011 in both the Statement of Operations and Statement of Cash Flows to refer to the period from inception (July 12, 2011) to December 31, 2011.

ANSWER: The Statement of Operations and Statement of Cash Flows has been amended to reflect the correct dates.

Statement of Cash Flows, page 37

12. The net increase (decrease) in cash and equivalents for the year ended December 31, 2012 should be \$40,048 and cash and cash equivalents at beginning of period should be \$0. Please revise accordingly. In addition, ensure that the amounts for the period from July 12, 2011 (inception) to December 31, 2012 and July 12, 2011 (inception) to March 31, 2013 are properly corrected as well.

ANSWER: The Statements of Cash Flows have been updated.

Notes to Financial Statements

Note 5 Subsequent Events, page 40

13. We note this additional disclosure. Please revise to state, as requested in our prior comment 35, the date through which subsequent events have been evaluated and state whether that date is the date the financial statements were issued or the date the financial statements were available for issuance pursuant to ASC 855-10-50-1. Similar revisions should be made to the Note 6 on page 45.

ANSWER: In accordance with ASC 855, management evaluated the subsequent events through the date of June 30,

2013, the date the financial statements were issued, and there are no subsequent events to disclose.

March 31, 2013 Financial Statements

Statement of Operations, page 42

14. Your statement of operations for the period from July 12, 2011 (Inception) to March 31, 2013 does not foot. Please revise accordingly.

ANSWER: The statement of operations has been amended to reconcile this discrepancy.

Part II

Exhibit 5.1

15. Given the company's name change, please have the legality opinion updated to reflect the company's new name.

ANSWER: The legality opinion has been amended to reflect the company's new name.

Exhibit 23

16. The revised consent refers to the report of the independent registered public accounting firm, dated February 8, 2012, except for the company name change which is as of June 5, 2013. The date of such report on page 34 is February 8, 2013, except for the company name change which is as of June 5, 2013. Please revise accordingly.

ANSWER: The consent has been updated.

17. Also, we note that you continue to reference specific financial statements in the consent of your independent registered public accounting firm. As stated in our prior comment 36, to the extent that you make reference to specific financial statements in the consent, please ensure that you refer to all of the audited financial statements. In this regard, revise to refer to the balance sheets for both December 31, 2012 and 2011 and the statement of operations, stockholders' equity and cash flows for the year ended December 31, 2012; the period from July 12, 2011 (date of inception) to December 31, 2011; and the period from July 12, 2011 (date of inception) to December 31, 2012. Alternatively, as we previously indicated, you may choose to refer to the report date only.

ANSWER: The consent has been updated.

**Re: Scription Work Solutions, Inc. (the "Company")**

**Amendment No. 5 to Registration Statement on Form S-1**

**Filed March 29, 2013, May 10, 2013, June 28, 2013, October 7, 2013,**

**October 7, 2013, October 30, 2013**

**File No. 333-187609**

We specifically note that you did not correct the consent of your independent registered public accounting firm as previously requested. In addition, you should include a recently dated consent related to the audited financial statements. In this regard, it is unclear why you included a consent dated October 2, 2013 referring to a report dated August 28, 2013 that is not even included in the Form S-1 filing and which relates to unaudited financial statements.

ANSWER: We have corrected the consent of our independent registered public accounting firm, and a recently dated consent related to the the audited financial statements have been included.

Thank you.  
Chris Weinhaupl

Washington, D. C. 20549

Ladies and Gentlemen:

---

**Re: Scription Work Solutions Inc. (the "Company")**

We have acted as special counsel for the Company for the limited purpose of rendering this opinion in connection with the filing of the Registration Statement on Form S-1 with the Securities and Exchange Commission. In our capacity as special counsel to the Company, we have examined the originals, photocopies, certified copies or other evidence of such records of the Company, certificates of officers of the Company, and other documents we have deemed relevant and necessary as a basis for the opinion hereinafter expressed. In such examination, we have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as certified copies or photocopies and the authenticity of the originals of such latter documents. Please be advised that, we have reached the following conclusions regarding the offering:

1. The Company is a duly and legally organized and existing Nevada State Corporation, with its registered office and principal place of business located in Las Vegas, Nevada. The Articles of Incorporation and corporate registration fees were submitted to the Nevada Secretary of State's office and filed with the office on July 12, 2011. The Company's existence and form is valid and legal pursuant to Nevada law.
2. The Company is a fully and duly incorporated Nevada corporate entity. The Company has one class of Common Stock at this time. Neither the Articles of Incorporation, Bylaws, nor amendments thereto, nor subsequent resolutions change the non-assessable characteristics of the Company's common shares of stock. The Common Stock previously issued by the Company is in legal form and in compliance with the laws of the State of Nevada, its Constitution and reported judicial decisions interpreting those laws and when such stock was issued it was duly authorized, fully paid for and non-assessable.
3. To our knowledge, the Company is not a party to any legal proceedings nor are there any judgments against the Company, nor are there any actions or suits filed or threatened against it or its officers and directors, in their capacities as such, other than as set forth in the registration statement. We know of no disputes involving the Company and the Company has no claim, actions or inquiries from any federal, state or other government agency, other than as set forth in the registration statement. We know of no claims against the Company or any reputed claims against it at this time, other than as set forth in the registration statement.
4. The Company's outstanding shares are all common shares. There are no liquidation preference rights held by any of the Shareholders upon voluntary or involuntary liquidation of the Company.
5. The directors and officers of the Company are indemnified against all costs, expenses, judgments and liabilities, including

attorney's fees, reasonably incurred by or imposed upon them or any of them in connection with or resulting from any action, suit or proceedings, civil or general, in which the officer or director is or may be made a party by reason of his being or having been such a director or officer. This indemnification is not exclusive of other rights to which such director or officer may be entitled as a matter of law.

6. The Company's Articles of Incorporation presently provide the authority to the Company to issue 75,000,000 shares of common stock, with a par value of \$0.001 per share.
7. Under the applicable law of the State of Nevada (including statutory, regulatory and case law), the 20,000,000 shares of common stock of the Company being registered pursuant to the Registration Statement for resale by the selling shareholders were duly authorized by all necessary corporate action on the part of the Company and are validly issued, fully paid and nonassessable and, when sold as contemplated in the Registration Statement, will continue to be validly issued, fully paid and nonassessable.

We consent to filing this opinion as an exhibit to the Registration statement and also consent to the reference of our name in the prospectus which forms a part of the Registration Statement. In giving such consent, we do not thereby admit that we are in the category of persons whose consent is required under Section 7 of the Act or the rules and regulations of the Commission promulgated thereunder.

Yours very truly,

/s/ Dean Law Corp.

**PRELIMINARY PROSPECTUS**

**Scripton Work Solutions Inc.  
(F/K/A: TRANSTECH SOLUTIONS, INC.)  
843 N Rainbow Blvd, Unit 1175  
Las Vegas, NV 89107**

**20,000,000 SHARES OF COMMON STOCK**

The selling shareholders named in this prospectus are offering all of the shares of common stock offered through this prospectus for a period of up to two years from the effective date.

Our common stock is presently not traded on any market or securities exchange.

-----

**THE PURCHASE OF THE SECURITIES OFFERED THROUGH THIS PROSPECTUS INVOLVES A HIGH DEGREE OF RISK. See section entitled "Risk Factors" on pages 8 to 14 of this prospectus.**

**The information in this prospectus is not complete and may be changed. This prospectus is not an offer to sell these securities and it is not soliciting an offer to buy these securities in any state where the offer or sale is not permitted.**

The selling shareholders, who are underwriters, will sell our shares at a fixed price of \$0.01 per share for the duration of the offering. We will not receive any proceeds from the offering. We intend to apply for quotation on the OTCBB, but there is no guarantee that we will be accepted for quotation or will engage a market maker to file an application on our behalf. There is no assurance of when, if ever, our stock will be listed on an exchange. The absence of a public market for our common stock makes our shares highly illiquid. It will be difficult to sell the common stock of our company.

We are currently in the development stage and have nominal operations and minimal assets, which makes us a "shell company" as defined in Rule 12b-2 of the Exchange Act.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

We are not a blank check company and have no plans or intention to engage in a business combination with another entity. Because our auditors have issued a going concern opinion, there is substantial uncertainty we will continue operations. We are an Emerging Growth Company as defined in the Jumpstart Our Business Startups Act.

**The Date of this prospectus is \_\_\_\_\_, 2013.**

## PROSPECTUS SUMMARY

Prospective investors are urged to read this prospectus in its entirety.

This summary highlights selected information contained elsewhere in this prospectus. This summary does not contain all the information that you should consider before investing in the common stock. You should carefully read the entire prospectus, including “Risk Factors”, “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and the Financial Statements, before making an investment decision. The terms “Scription Work Solutions Inc” f/k/a “Transtech Solutions Inc” “we,” “us” and “our” as used in this prospectus refer to Scription Work Solutions Inc.

### *Company Overview*

Scription Work Solutions Inc, f/k/a Transtech Solutions, Inc. (the “Company”) was incorporated in the State of Nevada on July 12, 2011. We are a development stage company that plans to engage in the sale of medical transcription services. We intend to purchase a web-based platform that will give us the ability to reach potential customers. Christopher Weinhaupl, who is currently our sole officer and director, founded our Company. Our headquarters are located at 843 N Rainbow Blvd, Unit 1175, Las Vegas, NV 89107.

Medical transcription is converting confidential patient information from various sources such as voice recordings or medical notes into electronic text documents by medical transcriptionists. Scription Work Solutions intends to purchase one of many transcription platforms available on the market such as Dragon Medical Software or eScription, which our medical transcriptionists will use for physicians in hospitals, clinics and diagnostic laboratories in the United States. Since inception, our operations have primarily consisted of the formation of our company, completion of our business plan, and the acquisition of funding. We have not commenced in purchasing transcription software as we have not yet raised the minimum funds necessary to commence operations. A market-ready transcription platform will not be available for 10-12 months after we have raised the necessary funds.

We will need to raise a minimum of \$200,000 over the next twelve months through public or private debt or sale of equity to execute our business plan to become a revenue generating company. If we are unable to obtain the level of financing, our business may fail.

We are endeavoring to be a reporting company with the SEC as we believe doing so will provide us with greater opportunities to access and acquire the additional capital that we require for our growth and to further implement our business plan. In addition, becoming a reporting issuer may provide us with more financing alternatives, due to the transparency provided by the public reporting requirements.

Since inception, our operations have consisted of incorporating our Company and formulating our business plan. The Company intends to begin substantive operations within 10-12 months after we obtain our necessary funding requirements. The initial plan of operations calls for the Company to begin marketing our transcription services to potential business clients. We believe that if we are able to raise the full amount of funds contemplated herein, we would be able to launch our Company and properly market our transcription services. We will design a full marketing strategy to gain brand awareness, and ultimately obtain a large medical transcription client base.

Table of Contents

Although our sole officer and director has only recently become interested in the medical transcription business, and does not have any professional training or technical credentials in the development and maintenance of such a company, he has experience running a business. We plan to purchase a medical transcription platform and hire qualified marketing and sales personnel staff if we are successful in raising capital. We do not have any verbal or written agreements regarding the retention of any qualified personnel to date.

Although the Company has no market for its common stock, management believes that the Company will meet all requirements to be quoted on the OTC market, and even though the Company's common stock will likely be a penny stock, becoming a reporting company will provide us with enhanced visibility and give us a greater possibility to provide liquidity to our shareholders.

We are currently a development stage company and to date we have recorded no revenue. Accordingly, our independent registered public accountants have issued a comment regarding our ability to continue as a going concern (please refer to the footnotes to the financial statements). Until such time that we are able to establish a consistent flow of revenues from our operations which is sufficient to sustain our operating needs, management intends to rely primarily upon debt financing to supplement cash flows, if any, generated by our services. We will seek out such financing as necessary to allow the Company to continue to grow our business operations, and to cover such cost, including professional fees, associated with being a reporting Company with the Securities and Exchange Commission ("SEC"); we estimate such costs to be approximately \$200,000 for 12 months following this Offering. The Company has included such costs to become a publicly reporting company in its targeted expenses for working capital expenses and intends to seek out reasonable loans from friends, family and business acquaintances if it becomes necessary. At this point we have been funded by our sole officer, family, friends and business acquaintances.

## Table of Contents

We are an Emerging Growth Company as defined in the Jumpstart Our Business Startups Act.

We shall continue to be deemed an emerging growth company until the earliest of:

(A) the last day of the fiscal year of the issuer during which it had total annual gross revenues of \$1,000,000,000 (as such amount is indexed for inflation every 5 years by the Commission to reflect the change in the Consumer Price Index for All Urban Consumers published by the Bureau of Labor Statistics, setting the threshold to the nearest 1,000,000) or more;

(B) the last day of the fiscal year of the issuer following the fifth anniversary of the date of the first sale of common equity securities of the issuer pursuant to an effective registration statement under this title;

(C) the date on which such issuer has, during the previous 3-year period, issued more than \$1,000,000,000 in non-convertible debt; or

(D) the date on which such issuer is deemed to be a 'large accelerated filer', as defined in section 240.12b-2 of title 17, Code of Federal Regulations, or any successor thereto.

As an emerging growth company we are exempt from Section 404(b) of Sarbanes Oxley. Section 404(a) requires Issuers to publish information in their annual reports concerning the scope and adequacy of the internal control structure and procedures for financial reporting. This statement shall also assess the effectiveness of such internal controls and procedures.

Section 404(b) requires that the registered accounting firm shall, in the same report, attest to and report on the assessment on the effectiveness of the internal control structure and procedures for financial reporting.

As an emerging growth company we are exempt from Section 14A and B of the Securities Exchange Act of 1934 which require the shareholder approval of executive compensation and golden parachutes.

We have irrevocably opted out of the extended transition period for complying with new or revised accounting standards pursuant to Section 107(b) of the Act.

**Because our auditors have issued a going concern opinion, there is substantial uncertainty we will continue operations in which case you could lose your investment.**

Our auditors have issued a going concern opinion. This means that there is substantial doubt that we can continue as an ongoing business for the next twelve months as we lack an operating history. The financial statements do not include any adjustments that might result from the uncertainty about our ability to continue in business. As such we may have to cease operations and you could lose your investment. We currently have no commitments to raise the minimum funds necessary to become a revenue generating company over the next twelve months.

**As of effectiveness of our registration statement of which this prospectus is a part, the Company will not become a fully reporting company, but rather, will be subject to the reporting requirements of Section 15(d) of the Securities Exchange Act of 1934.**

We will be required to file periodic reports with the SEC which will be immediately available to the public for inspection and copying. Except during the year that our registration statement becomes effective, these reporting obligations may be automatically suspended under Section 15(d) if we have less than 300 shareholders. If this occurs after the year in which our registration statement becomes effective, we will no longer be obligated to file periodic reports with the SEC and your access to our business information would then be even more restricted; however, that filing obligation will generally apply even if our reporting obligations have been suspended automatically under section 15(d) of the Exchange Act prior to the due date for the Form 10-K. After that fiscal year and provided the Company has less than 300 shareholders, the Company is not required to file these reports. If the reports are not filed, the investors will have reduced visibility as to the Company and its financial condition.

In addition, as a filer subject to Section 15(d) of the Exchange Act, the Company is not required to prepare proxy or information statements, and our common stock will not be subject to the protection of the ongoing private regulations. Additionally, the Company will be subject to only limited portions of the tender offer rules, and our officers, directors, and more than ten (10%) percent shareholders are not required to file beneficial ownership reports about their holdings in our Company, and will not be

subject to the short-swing profit recovery provisions of the Exchange Act. Further, more than five percent (5%) holders of classes of our equity securities will not be required to report information about their ownership positions in the securities. This means that your access to information regarding our business will be limited.

As a reporting company under the Exchange Act, we are required to comply with the internal control evaluation and certification requirements of Section 404 of the Sarbanes-Oxley Act of 2002. Section 404 of the Sarbanes-Oxley Act requires annual management assessments of the effectiveness of our internal control over financial reporting, starting with the second annual report that we file with the SEC after the consummation of this Offering. In connection with the implementation of the necessary procedures and practices related to internal control over financial reporting, we may identify deficiencies that we may not be able to remediate in time to meet the deadline imposed by the Sarbanes-Oxley Act for compliance with the requirements of Section 404. We will be unable to issue securities in the public markets through the use of a shelf registration statement if we are not in compliance with Section 404. Furthermore, failure to achieve and maintain an effective internal control environment could have a material adverse effect on our business and share price and could limit our ability to report our financial results accurately and timely

Table of Contents

**SUMMARY OF THIS OFFERING**

<b>The Issuer</b>	Scription Work Solutions Inc. f/k/a Transtech Solutions Inc.
<b>Securities being offered</b>	Up to 20,000,000 shares of Common Stock
<b>Offering Type</b>	The selling shareholders will sell our shares at a fixed price of \$0.01 per share.
<b>Per Share Price</b>	The selling stockholders may offer their shares through public or private transactions at a fixed price of \$0.01 per share. We will pay all expenses of registering the securities, estimated at approximately \$20,000 .
<b>Termination of the Offering</b>	The offering will conclude when all of the 20,000,000 shares of common stock have been sold, the shares no longer need to be registered to be sold due to the operation of Rule 144 or we decide at any time to terminate the registration of the shares at our sole discretion. In any event, the offering shall be terminated no later than two years from the effective date of this registration statement.
<b>Securities Issued And to be Issued</b>	50,100,000 shares of our common stock are issued and outstanding as of the date of this prospectus. All of 20,000,000 shares will be sold by existing shareholder
<b>Use of Proceeds</b>	We will not receive any proceeds from the sale of the common stock by the selling shareholders.
<b>Market for the Common Stock</b>	There is currently no public market for the shares of our common stock. There can be no assurance that a market maker will agree to file the necessary documents with FINRA to allow our shares of common stock to be traded on the OTCBB, nor can there be any assurance that such an application for quotation will be approved if filed. FINRA operates the OTCBB. We have agreed to bear the expenses relating to the registration of the shares for the Selling Stockholders.

**Summary Financial Information**

The following audited financial information summarizes the more complete historical financial information at the end of this prospectus.

	<b>As of Dec 31, 2012 (Audited)</b>	
<b>Balance Sheet</b>		
Total Assets	\$	40,048
Total Liabilities	\$	0
Stockholders' Equity	\$	40,048
<b>Income Statement</b>		
<b>Period from July 12, 2011 (date of inception) to Dec 31, 2012 (Audited)</b>		
Revenue	\$	-
Total Operating Expenses	\$	10,052
Net Loss	\$	(10,052)

## **RISK FACTORS**

In addition to the other information provided in this Prospectus, you should carefully consider the following risk factors in evaluating our business before purchasing any of our common stock.

**Our lack of operating history makes it difficult for us to evaluate our future business prospects and make decisions in implementing our business plan. You are unable to determine whether we will ever become profitable, which increases your investment risk.**

We were incorporated on July 12, 2011. We have no operating history. Our business plan is speculative and unproven. There is no assurance that we will be successful in executing our business plan or that, even if we successfully implement our business plan, we will ever generate revenues or profits, which makes it difficult to evaluate our business. As a consequence, it is difficult, if not impossible, to forecast our future results based upon our historical data. Because of the uncertainties related to our lack of historical operations, we may be hindered in our ability to anticipate and timely adapt to increases or decreases in sales, revenues, or expenses. If we make poor operational decisions in implementing our business plan, we may never generate revenues or become profitable or incur losses, which may result in a decline in our stock price.

Table of Contents

**Because we will need additional capital to implement our business plan and may not be able to obtain sufficient capital, we may be forced to limit the scope of our operations, and our revenues may be reduced.**

In connection with implementing our business plans, we will experience increased capital needs and accordingly, we may not have sufficient capital to fund our future operations without additional capital investments. Our capital needs will depend on numerous factors, including the following:

We cannot assure you that we will be able to obtain capital in the future to meet our needs. We have no sources of financing identified. If we cannot obtain additional funding, we may be required to:

- limit our ability to implement our business plan;
- limit our marketing efforts; and
- decrease or eliminate capital expenditures.

Even if we do find a source of additional capital, we may not be able to negotiate terms and conditions for receiving the additional capital that are acceptable to us. Any future capital investments could dilute or otherwise adversely affect the holdings or rights of our existing shareholders. In addition, new equity or convertible debt securities issued by us to obtain financing could have rights, preferences and privileges senior to our Common Stock. Any additional financing may not be available to us, or if available, may not be on terms favorable to us.

**We will require financing to achieve our current business strategy and our inability to obtain such financing could prohibit us from executing our business plan and cause us to slow down our expansion or cease our operations.**

We will need to raise a minimum of \$200,000 over the next twelve months through public or private debt or sale of equity to execute our business plan to become a revenue generating company. Such financing may not be available as needed. Even if such financing is available, it may be on terms that are materially adverse to your interests with respect to dilution of book value, dividend preferences, liquidation preferences or other terms. If we are unable to obtain this financing on reasonable terms, we would be unable to hire the additional employees needed to execute our business plan and we would be forced to delay or scale back our plans for expansion. This would delay our ability to get our operations to profitability and could force us to cease operations. In addition, such inability to obtain financing on reasonable terms could have a material adverse effect on our business, operating results or financial condition.

Moreover, in addition to monies needed to commence operations over the next twelve months, we anticipate requiring additional funds in order to execute any future plans for growth. No assurance can be given that such funds will be available or, if available, will be on commercially reasonable terms satisfactory to us. There can be no assurance that we will be able to obtain financing if or when it is needed on terms we deem acceptable.

## Table of Contents

**Our lack of an established brand name and relative lack of resources could negatively impact our ability to effectively compete in the medical transcription industry, which could reduce the value of your investment.**

We do not have an established brand name or reputation in the business of providing medical transcription services. We also have a relative lack of resources to conduct our business operations. Thus, we may have difficulty effectively competing with companies that have greater name recognition and financial resources than we do. Our inability to promote and/or protect our brand name may have an adverse effect on our ability to compete effectively in the market.

**Because our auditors have issued a going concern opinion, there is substantial uncertainty we will continue operations in which case you could lose your investment.**

Our auditors have issued a going concern opinion. This means that there is substantial doubt that we can continue as an ongoing business for the next twelve months as we lack an operating history. The financial statements do not include any adjustments that might result from the uncertainty about our ability to commence in business. As such we may have to cease operations and you could lose your investment. If we do not commence our operations, secure financing, and related activities or if we do not secure funding to implement our business plan, we estimate current available financial resources will sustain our operations only through the next few months, and then only if continued funding by the management of the company.

**If we do not make a profit, we may have to suspend or cease operations.**

Because we are small and do not have much capital, we must limit our marketing to the existing business relationships of our CEO, Mr. Christopher Weinhaupl. Because we will be limiting our marketing activities, we may not be able to attract enough clients to operate profitably. If we cannot operate profitably, we may have to suspend or cease our operations.

**We are dependent on our CEO, Mr. Christopher Weinhaupl, to guide our initial operations and implement our plan of operations. If we lose such services we will have to change our business plan/direction or cease operations.**

Our success will depend on the ability and resources of our CEO & President. If we lose the services of our CEO, we will be forced to either change our business plan and direction or cease operations. We have no written employment agreement with our CEO. We have not obtained any key man life insurance relating to our CEO. If we lose such services, we may not be able to hire and retain another CEO with comparable experience. As a result, the loss of Mr. Christopher Weinhaupl's services could reduce our revenues. We have no written employment agreement or covenant not to compete with Mr. Christopher Weinhaupl.

**Mr. Weinhaupl, the sole employee, officer and director, is committing a limited amount of time to the management of the company.**

Mr. Weinhaupl's involvement with his other businesses currently occupies most of his time and schedule. Certain tasks for Scription Work Solutions may not be completed in a timely fashion due to travel and other commitments. The Company has given consideration to conflicts of interest that may arise based on Mr. Weinhaupl's commitment to his other businesses. However, as the owner, Mr. Weinhaupl is fortunate to have a very flexible work environment and schedule; thus we believe he can fulfill his responsibilities both during the week and on the weekend, allowing him prioritize his schedule to devote time as needed to the Scription Work Solutions.

Due to Mr. Weinhaupl's current employment as Senior Network Support at Enterprise Contact Centers, he can currently devote approximately 20 hours per week to or operation. This employment may also impact his flexibility.

## **Risks Relating To Our Common Stock**

**Because there is no public trading market for our common stock, you may not be able to resell your stock.**

There is currently no public trading market for our common stock. Therefore there is no central place, such as a stock exchange or electronic trading system, to resell your shares. If you do want to resell your shares, you will have to locate a buyer and negotiate your own sale in compliance with applicable federal and state securities laws.

**There is no assurance of a public market or that our common stock will ever trade on a recognized exchange or quotation system. Therefore, you may be unable to liquidate your investment in our stock.**

There is no established public trading market for our common stock. Our shares are not and have not been listed or quoted on any exchange or quotation system. There can be no assurance that a market maker will agree to file the necessary documents with FINRA, which operates the OTCBB, to create such listing or quotation, nor can there be any assurance that such an application would be approved if filed, or that a regular trading market will develop or that if developed, will be sustained. In the absence of a trading market, an investor may be unable to liquidate their investment.

**If our common stock is quoted on the OTC Bulletin Board which may have an unfavorable impact on our stock price and liquidity.**

We anticipate that our common stock will be quoted on the OTC Bulletin Board. The OTC Bulletin Board is a significantly more limited market than the New York Stock Exchange or NASDAQ system. The quotation of our shares on the OTC Bulletin Board may result in a less liquid market available for existing and potential stockholders to trade shares of our common stock, could depress the trading price of our common stock and could have a long-term adverse impact on our ability to raise capital in the future.

**We may be subject to penny stock regulations and restrictions and you may have difficulty selling shares of our common stock.**

The SEC has adopted regulations which generally define so-called "penny stocks" to be an equity security that has a market price less than \$5.00 per share or an exercise price of less than \$5.00 per share, subject to certain exemptions. If our common stock becomes a "penny stock," we may become subject to Rule 15g-9 under the Exchange Act, or the "Penny Stock Rule." This rule imposes additional sales practice requirements on broker-dealers that sell such securities to persons other than established customers and "accredited investors" (generally, individuals with a net worth in excess of \$1,000,000 or annual incomes exceeding \$200,000, or \$300,000 together with their spouses). For transactions covered by Rule 15g-9, a broker-dealer must make a special suitability determination for the purchaser and have received the purchaser's written consent to the transaction prior to sale. As a result, this rule may affect the ability of broker-dealers to sell our securities and may affect the ability of purchasers to sell any of our securities in the secondary market.

For any transaction involving a penny stock, unless exempt, the rules require delivery, prior to any transaction in a penny stock, of a disclosure schedule prepared by the SEC relating to the penny stock market. Disclosure is also required to be made about sales commissions payable to both the broker-dealer and the registered representative and current quotations for the securities. Finally, monthly statements are required to be sent disclosing recent price information for the penny stock held in the account and information on the limited market in penny stock.

There can be no assurance that our common stock will qualify for exemption from the Penny Stock Rule. In any event, even if our common stock were exempt from the Penny Stock Rule, we would remain subject to Section 15(b)(6) of the Exchange Act, which gives the SEC the authority to restrict any person from participating in a distribution of penny stock, if the SEC finds that such a restriction would be in the public interest.

## Table of Contents

**Because we do not have an audit or compensation committee, shareholders will have to rely on the board of directors, which is not independent, to perform these functions.**

We do not have an audit or compensation committee comprised of independent directors. These functions are performed by the board of directors as a whole. The sole member of the board of directors is not independent. Thus, there is a potential conflict in that board members who are management will participate in discussions concerning management compensation and audit issues that may affect management decisions.

**Our management has limited experience in managing the day to day operations of a public company and, as a result, we may incur additional expenses associated with the management of our company.**

Our CEO Christopher Weinhaupl is responsible for our operations and SEC reporting. The requirements of operating as a small public company are new to him. This will require us to obtain outside assistance from legal, accounting, investor relations or other professionals that could be more costly than planned. We may also be required to hire additional staff to comply with additional SEC reporting requirements and compliance under the Sarbanes-Oxley Act of 2002. Our failure to comply with reporting requirements and other provisions of securities laws could negatively affect our stock price and adversely affect our results of operations, cash flow and financial condition.

**We have less than 300 record holders following the completion of the offering, and pose the risk of being suspended.**

The Company will not become a fully reporting company, but rather, will be subject to the reporting requirements of Section 15(d) of the Securities Exchange Act of 1934. As of the effectiveness of our Registration Statement of which this prospectus is a part, we will be required to file periodic reports with the SEC which will be immediately available to the public for inspection and copying. Except during the year that our Registration Statement becomes effective, these reporting obligations may be automatically suspended under Section 15(d) if we have less than 300 shareholders. If this occurs after the year in which our Registration Statement becomes effective, we will no longer be obligated to file periodic reports with the SEC and your access to our business information would then be even more restricted. After this Registration Statement on Form S-1 becomes effective, we will be required to deliver periodic reports to security holders. However, we will not be required to furnish proxy statements to security holders and our directors, officers and principal beneficial owners will not be required to report their beneficial ownership of securities to the SEC pursuant to Section 16 of the Securities Exchange Act of 1934 until we have both in excess of \$10 million and a class of equity securities (other than exempted securities) held of record by either (i) 2,000 persons, or (ii) 500 persons who are not accredited investors. For these purposes, the "held of record" definition in Section 12(g)(g) does not include securities held by persons who received the securities pursuant to an employee compensation plan in transaction exempt from the registration requirements under Section 5 of the Securities Act of 1933, as amended ("Securities Act"). This means that your access to information regarding our business will be limited.

**We are a shell company as defined in Securities Act Rule 405, and may not have available to us the Securities Act Rule 144 for purposes of meeting the safe harbor requirement.**

The unavailability of Securities Act Rule 144 from the definition of underwriter, may negatively affect liquidity of our shares and on our ability to attract additional capital to implement our business plan or sustain operations. Therefore, negatively affecting our cash flow and business plan moving forward.

**We may be exposed to potential risks resulting from new requirements under section 404 of the Sarbanes-Oxley Act of 2002.**

In addition to the costs of compliance with having our shares listed on the OTCBB, there are substantial penalties that could be imposed upon us if we fail to comply with all regulatory requirements. In particular, under Section 404 of the Sarbanes-Oxley Act of 2002, as a smaller reporting company, our management will be required to provide a report on the effectiveness of our internal controls over financial reporting, beginning with our second annual report, and we will not be required to provide an auditor's attestation regarding such report. We have not assessed the effectiveness of our disclosure controls and procedures or our internal controls over financial reporting, and we expect to incur additional expenses and diversion of management's time as a result of performing the system and process evaluation, testing and remediation required in order to comply with the management certification requirements. Additionally, investors should be aware of the risk that management may assess and render the Company's internal controls ineffective, which could have a material adverse effect on the Company's financial condition or result of operations."

### **Forward Looking Statements.**

Some of the statements in this Prospectus are “forward-looking statements.” These forward-looking statements involve certain known and unknown risks, uncertainties and other factors which may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by these forward-looking statements. These factors include, among others, the factors set forth above under “Risk Factors.” The words “believe,” “expect,” “anticipate,” “intend,” “plan,” and similar expressions identify forward-looking statements. We caution you not to place undue reliance on these forward-looking statements. We undertake no obligation to update and revise any forward-looking statements or to publicly announce the result of any revisions to any of the forward-looking statements in this document to reflect any future or developments. However, the Private Securities Litigation Reform Act of 1995 is not available to us as a penny stock issuer and thus we may not rely on the statutory safe harbor from liability for forward-looking statements. Further, Section 27A(b)(2)(D) of the Securities Act and Section 21E(b)(2)(D) of the Securities Exchange Act expressly state that the safe harbor for forward looking statements does not apply to statements made in connection with this offering.

### **Use of Proceeds**

The selling stockholders are selling shares of common stock covered in the prospectus for their own account. We will not receive any of the proceeds from the resale of these shares. We have agreed to bear the expenses relating to the registration of the shares for the selling stockholders.

### **Determination of Offering Price**

The selling stockholders may offer their shares through public or private transactions at a fixed price of \$0.01 per share. We determined the price of our public offering by arbitrarily adding a \$0.009 per share premium to the last sale price of our common stock to investors. The price does not bear any relationship to our assets, book value, earnings, or other established criteria for valuing a privately held company.

### **Dilution**

The common stock to be sold by the selling shareholders is common stock that is currently issued and outstanding. Accordingly, there will be no dilution to our existing shareholders.

**PLAN OF DISTRIBUTION; TERMS OF THE OFFERING**

**Timing of Sales**

The selling stockholders may offer and sell the shares covered by this prospectus at various times. The selling stockholders will act independently of Scription Work Solutions Inc, f/k/a Transtech Solutions in making decisions with respect to the timing, manner and size of each sale.

The selling shareholders, who are underwriters, will sell our shares at a fixed price of \$0.01 per share for the duration of the offering.”

**Offering Price**

The selling stockholders, who are underwriters, will sell their shares at the fixed price until our shares are quoted on the OTC Bulletin Board and thereafter at prevailing market prices or privately negotiated prices. Our common stock is not currently listed on any national exchange or electronic quotation system. To date, no actions have been taken to list our shares on any national exchange or electronic quotation system. If our common stock becomes publicly traded, then the sales price to the public will vary according to the selling decisions of each selling stockholder and the market for our stock at the time of resale.

## Table of Contents

### **Manner of Sale**

The selling stockholders may sell their shares directly to purchasers or may use brokers, dealers, underwriters or agents to sell their shares. Brokers or dealers engaged by the selling stockholders may arrange for other brokers or dealers to participate. Brokers or dealers may receive commissions, discounts or concessions from the selling stockholders, or, if any such broker-dealer acts as agent for the purchaser of shares, from the purchaser in amounts to be negotiated immediately prior to the sale. The compensation received by brokers or dealers may, but is not expected to, exceed that which is customary for the types of transactions involved. Broker-dealers may agree with a selling stockholder to sell a specified number of shares at a stipulated price per share, and, to the extent the broker-dealer is unable to do so acting as agent for a selling stockholder, to purchase as principal any unsold shares at the price required to fulfill the broker-dealer commitment to the selling stockholder. Broker-dealers who acquire shares as principal may thereafter resell the shares from time to time in transactions, which may involve block transactions and sales to and through other broker-dealers, including transactions of the nature described above, in the over-the-counter market or otherwise at prices and on terms then prevailing at the time of sale, at prices then related to the then-current market price or in negotiated transactions. In connection with resales of the shares, broker-dealers may pay to or receive from the purchasers of shares commissions as described above.

If our selling stockholders enter into arrangements with brokers or dealers, as described above, we are obligated to file a post-effective amendment to this registration statement disclosing such arrangements, including the names of any broker dealers acting as underwriters.

The selling stockholders and any broker-dealers or agents that participate with the selling stockholders in the sale of the shares may be deemed to be "underwriters" within the meaning of the Securities Act. In that event, any commissions received by broker-dealers or agents and any profit on the resale of the shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act.

### **Sales Pursuant to Rule 144**

Currently, we are a "shell company" as defined in Rule 12b-2 of the Exchange Act, as amended and Rule 144 is not available for the resale of securities issued by any issuer that is or has been at any time previously a shell company unless the following conditions have been met:

- the issuer of the securities that was formerly a shell company has ceased to be a shell company;
- the issuer of the securities is subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act;
- the issuer of the securities has filed all Exchange Act reports and material required to be filed, as applicable, during the preceding 12 months (or such shorter period that the issuer was required to file such reports and materials), other than Form 8-K reports; and
- at least one year has elapsed from the time that the issuer filed current Form 10 type information with the SEC reflecting its status as an entity that is not a shell company.

## Table of Contents

### **Regulation M**

We have advised the selling security holders that the anti-manipulation rules of Regulation M under the Exchange Act may apply to sales of shares in the market and to the activities of the selling security holders and their affiliates. Regulation M under the Exchange Act prohibits, with certain exceptions, participants in a distribution from bidding for, or purchasing for an account in which the participant has a beneficial interest, any of the securities that are the subject of the distribution. Accordingly, the selling stockholder is not permitted to cover short sales by purchasing shares while the distribution is taking place. Regulation M also governs bids and purchases made in order to stabilize the price of a security in connection with a distribution of the security. In addition, we will make copies of this prospectus available to the selling security holders for the purpose of satisfying the prospectus delivery requirements of the Securities Act.

### **State Securities Laws**

Under the securities laws of some states, the shares may be sold in such states only through registered or licensed brokers or dealers. In addition, in some states the shares may not be sold unless the shares have been registered or qualified for sale in the state or an exemption from registration or qualification is available and is complied with.

### **Expenses of Registration**

We are bearing all costs relating to the registration of the common stock. These expenses are estimated to be \$20,000, including, but not limited to, legal, accounting, printing and mailing fees. The selling stockholders, however, will pay any commissions or other fees payable to brokers or dealers in connection with any sale of the common stock.

### **Selling Shareholders**

The selling shareholders named in this prospectus are offering all of the 20,000,000 shares of common stock offered for resale through this prospectus. The 20,000,000 shares that were previously issued were acquired from us in private placements that were exempt from registration provided under Regulation S of the Securities Act of 1933. Our reliance upon the exemption under Rule 903 of Regulation S of the Securities Act was based on the fact that the sale of the securities was completed in an "offshore transaction," as defined in Rule 902(h) of Regulation S. We did not engage in any directed selling efforts, as defined in Regulation S, in the United States in connection with the sale of the securities. Each investor was not a US person, as defined in Regulation S, and was not acquiring the securities for the account or benefit of a US person.

The following table provides as of the date of this prospectus, information regarding the beneficial ownership of our common stock held by each of the selling shareholders, including:

- the number of shares owned by each prior to this offering;
- the total number of shares that are to be offered for each;
- the total number of shares that will be owned by each upon completion of the offering; and
- the percentage owned by each upon completion of the offering.

The named party beneficially owns and has sole voting and investment power over all shares or rights to these shares.

The numbers in this table assume that none of the selling shareholders sells shares of common stock not being offered in this prospectus or purchases additional shares of common stock, and assumes that all shares offered are sold. The percentages are based on 20,000,000 shares of common stock outstanding on the date of this prospectus.

Other than disclosed above, none of the selling shareholders:

1. has had a material relationship with us other than as a shareholder at any time within the past three years;
2. has ever been one of our officers or directors;
3. is a broker-dealer; or broker-dealer's affiliate.

## Description of Securities

### General

The following description is a summary of the material terms of the provisions of our Articles of Incorporation and Bylaws as they relate to our capital structure. The Articles of Incorporation and Bylaws have been filed as exhibits to the registration statement of which this Prospectus is a part.

### Common Stock

We have 75,000,000 authorized shares of common stock with \$.001 par value. As of December 31, 2012, there were 50,100,000 shares of our common stock issued and outstanding. All shares are equal to each other with respect to liquidation and dividend rights. Holders of voting shares are entitled to one vote for each share that they own at any shareholders' meeting. Holders of our shares of common stock do not have cumulative voting rights.

Each share of common stock entitles the holder to one vote, either in person or by proxy, at meetings of shareholders. The holders are not permitted to vote their shares cumulatively. Accordingly, the shareholders of our common stock who hold, in the aggregate, more than fifty percent of the total voting rights can elect all of our directors and, in such event, the holders of the remaining minority shares will not be able to elect any of the such directors. The vote of the holders of a majority of the issued and outstanding shares of common stock entitled to vote thereon is sufficient to authorize, affirm, ratify or consent to such act or action, except as otherwise provided by law.

Holders of common stock are entitled to receive such dividends, if any, as may be declared by the Board of Directors out of funds legally available. We have not paid any dividends since our inception, and we presently anticipate that all earnings, if any, will be retained for development of our business. Any future disposition of dividends will be at the discretion of our Board of Directors and will depend upon, among other things, our future earnings, operating and financial condition, capital requirements and other factors.

Holders of our common stock have no pre-emptive rights or other subscription rights, conversion rights, redemption or sinking fund provisions. Upon our liquidation, dissolution or winding up, the holders of our common stock will be entitled to share in the net assets legally available for distribution to shareholders after the payment of all of our debts and other liabilities. There are not any provisions in our Articles of Incorporation or our Bylaws that would prevent or delay change in our control. There are no conversion, pre-emptive or other subscription rights or privileges with respect to any shares.

Table of Contents

**Preferred Stock**

We are not authorized to issue any shares of preferred stock.

**Dividend Policy**

We have not paid any cash dividends to shareholders. The declaration of any future cash dividends is at the discretion of our board of directors and depends upon our earnings, if any, our capital requirements and financial position, our general economic conditions, and other pertinent conditions. It is our present intention not to pay any cash dividends in the foreseeable future, but rather to reinvest earnings, if any, in our business operations.

**Share Purchase Warrants and Options**

We do not presently have any options or warrants authorized or any securities that may be convertible into common stock. However, our board of directors may later determine to authorize options and warrants for our Company.

**Interests of Named Experts and Counsel**

The legality of the shares offered under this registration statement is being passed upon by Dean Law Corp.

The financial statements included in this prospectus and the registration statement have been audited by Kenne Ruan, CPA to the extent and for the periods set forth in their report appearing elsewhere herein and in the registration statement, and are included in reliance upon such report given upon the authority of said firm as experts in auditing and accounting.

**INFORMATION WITH RESPECT TO REGISTRANT**

THE FOLLOWING DISCUSSION AND ANALYSIS SHOULD BE READ TOGETHER WITH THE CONSOLIDATED FINANCIAL STATEMENTS OF SCRIPTION WORK SOLUTIONS INC F/K/A TRANSTECH SOLUTIONS, INC. AND THE NOTES TO CONSOLIDATED FINANCIAL STATEMENTS INCLUDED IN THIS REGISTRATION STATEMENT. THIS DISCUSSION SUMMARIZES THE SIGNIFICANT FACTORS AFFECTING OUR OPERATING RESULTS, FINANCIAL CONDITIONS AND LIQUIDITY AND CASH-FLOW SINCE INCEPTION.

**Description of Business:**

**Organization:**

Scription Work Solutions Inc, f/k/a Transtech Solutions Inc. was incorporated to the laws of the State of Nevada on July 12, 2011. We are a development stage company that has limited operating history and has earned no revenues.

Since our inception, we have devoted our activities to developing our business plan, determining the market for our services, developing a marketing plan, as well as capital formation. Our day-to-day operations consist of working on these to ensure effective, efficient and timely completion.

There is substantial doubt about our ability to continue, as a going concern, over the next twelve months.

**Business**

Scription Work Solutions Inc, f/k/a Transtech Solutions Inc. is a Las Vegas-based business looking to provide services in the U.S. medical transcription marketplace. Scription Work Solutions Inc, f/k/a Transtech plans to provide medical transcription services to the Nevada medical community by offering our service through the use of digital equipment and careful proofing. The company intends to cater to the healthcare sector by providing timely, highly accurate medical transcriptions of dictated patient reports. Scription Work Solutions Inc, f/k/a Transtech aims to incorporate outsourcing operations overseas to take advantage of lower cost of labor, pending our sales effort. We believe this technology will allow an efficient way to manage transcription services on a web-based platform.

The main market sectors we aspire to penetrate are as follows:

- Offices of physicians
- Hospitals
- Medical and diagnostic laboratories

We expect Scription Work Solutions Inc, f/k/a Transtech's core service offerings to consist of medical record transcription services for the following:

- Office visits
- Surgery notes
- Lab results
- Admissions
- Assessments

## Table of Contents

### **Industry Overview**

The Bureau of Labor Statistics reports that employment of medical transcriptionists is expected to grow 6 percent from 2010 to 2020. According to BLS, this growth rate is slower than average for all occupations. We anticipate the volume of healthcare services to continue to increase, resulting in a growing number of medical tests and procedures, all of which will require transcription. In our opinion, an aging population contributing to an increased number of healthcare visits, combined with a continued emphasis of accessible documentation, is anticipated to stimulate the need for medical transcriptionists. In other words, increasing numbers of medical transcriptionists will be needed to amend patients' records, edit for grammar, and identify discrepancies in electronic records.

Contracting out transcription work overseas and advancements in speech recognition technology are not expected to significantly reduce the need for well-trained medical transcriptionists in the US. Outsourcing transcription work abroad—to countries such as India, Pakistan, Philippines, and the Caribbean—has grown more popular as transmitting confidential health information over the Internet has become more secure; however, we believe the demand for overseas transcription services is expected only to supplement the demand for well-trained domestic medical transcriptionists. Speech-recognition technology allows physicians and other health professionals to dictate medical reports to a computer that immediately creates an electronic document. In spite of the advances in this technology, the software has been slow to grasp and analyze the human voice and the English language, and the medical vernacular with all its diversity. As a result, we expect there will continue to be a need for skilled medical transcriptionists to identify and appropriately edit the inevitable errors created by speech recognition systems, and to create a final document.

While the tools used by medical transcriptionists have dramatically changed to digital devices, the fundamental nature of the practice has not. The BLS reports that in spite of advances in technology, there will continue to be a need for skilled medical transcriptionists.

### **Market Research**

The medical transcription business is a growing industry that is struggling to fulfill the demand created by physicians. We predict the drive to increase the quality of transcription services will result in insurance companies increasing their demand for qualified medical transcriptionists. We believe this is a highly fragmented and competitive industry that will continue to grow over the years, as demand is typically driven by quality of service, timely delivery and competitive pricing.

There are two general categories of customers that regularly need medical transcription services. There are physicians and psychologists who practice alone. The practitioners have the need for transcriptionists because they are typically too small to warrant their own in-house employee. The second group consists of hospitals, clinics, and other doctors who have an in-house solution, who at times are in need of supplemental services. Their service requests are sporadic in nature and often require express services.

## Table of Contents

### **Market Needs**

Scripton Work Solutions Inc, f/k/a Transtech intends to provide its customers with a reliable, flexible, medically-trained transcription service. We believe the following benefits are important to our future customers:

- **Medical Background:** This is important due to the specialized language within the medical profession.
- **Convenience:** The ability to offer the service at the doctor's convenience is a significant advantage.
- **Accuracy:** Documents need to be accurate to guard against malpractice threats.

### **Market Trends**

The market trend for industries that utilize transcription services is decreasing overhead through the outsourcing of non-essential activities. We believe that this market trend will result in an increased demand for providers of outsourced transcription solutions so that they can focus on their core business competencies.

### **Market Growth**

As physician's practices are under increasing pressure to develop efficiencies (this pressure is primarily coming from the insurance companies which have significantly reduced their allowable reimbursement amounts), practices will be shedding non-essential employees and replacing them with outsourced service providers.

### **Competition**

The competition takes two general forms:

1. **General transcription service-** these are transcription services that offer medical services in addition to general service offerings. These firms typically have someone who had been trained in medical transcription, but does not do medical exclusively.
2. **Specialized medical transcription-** there are a number of exclusive medical transcription service providers. The market is controlled by larger companies that have established their brand over the years. Many of the smaller companies that provide are being driven out of the industry due to the larger more reputable companies being able to provide cheaper and faster services.

## Table of Contents

The buying patterns for medical transcriptionists are typically based on the type of relationship the physician or hospital has with the transcriptionist. If the physician does not have an in-house solution then they ideally will have a long-term relationship with a service provider. If the physician or hospital has in-house transcriptionists, then their relationships with the transcriptionist services are based on the sporadic service calls, filling a need when their service provider is unable.

### **Scripton Work Solutions' Competitive Advantage**

New technology such as voice recognition transcription software have been disruptive force in the medical transcription industry. Although voice technology has been shown to be accurate in medical transcription, we believe hospitals and medical clinics have been slow to adopt the new technology due to their preference for a live transcriptionist with whom they can interact.

Despite current industry changes, we believe there is opportunity for our company in this market. We believe we can occupy the space left in the industry where the small shops were pushed out with newer and more efficient transcription technology and methods available now. Although we do not believe we can compete with the volume of the larger players in the transcription industry, we assume a smaller shop like ours, utilizing the web, can provide competitive services with lower overhead. By adopting global outsourcing and providing our medical transcriptionists and clients a web-based platform to communicate, we believe we can provide time-efficient services at a competitive price.

### **Plan of Operations**

Since inception, our operations have primarily consisted of the organization of our business and the development of our business plan. Our business plan includes a two-phase plan that details the purchase of a medical transcription platform. Currently we are still in Phase 1 of our plan which includes the following:

Formation of our Company

Completion of our business plan; and

The acquisition of additional funding

Phase 1 have been completed, with the exception of raising additional funding. To date, our CEO, Christopher Weinhaupl, has conducted all operations. As such, upon incorporating our Company, Mr. Weinhaupl was named as the Company's sole officer and director. Operations and expenditures have included the incorporation of Scription Work Solutions Inc, f/k/a Transtech Solutions, Inc. under the laws of the State of Nevada, and the formation of an extensive business plan in which we have mapped out all of the initial services that we plan to offer to our clients. Phase 1 will culminate with the completion of this Offering, which will hopefully allow us to raise capital through public or private debt or sale of equity and see us through Phase 2. Phase 2 involves purchasing a medical transcription platform and we do not intend on entering Phase 2 until the Company raises additional funding either through public or private debt or sale of equity.

## Table of Contents

### Services

Scripton Work Solutions Inc, f/k/a Transtech plans to provide medical transcription services for the medical community. We expect to transcribe office visits, surgery notes, lab results, admissions, assessment, and discharge summaries. Our future customers may simply and efficiently use phone dictation or send voice files via the Internet.

**Next Day Turnaround:** Scripton Work Solutions Inc, f/k/a Transtech plans to offer 24 hour turnaround time on all dictation received by 6:00pm Central Time. If this isn't fast enough, we intend to also provide STAT transcription services with turnaround in less than 4 hours.

**Physician Portal:** We plan to use a portal where physicians can review and correct the transcribed report using standard Word functionality and any changes will be saved to the server and will be accessed or distributed to all users. The physician will sign the document with a single mouse click upon which the report will be electronically stamped and marked as final.

**98% Accuracy:** Physicians demand high quality medical transcription that is verifiable and accurate. All transcripts will be graded by proof-readers based on the American Association of Medical Transcription standards. Scripton Work Solutions Inc, f/k/a Transtech plans to guarantee 98% accuracy or better or files are provided free.

**24 Hour Data Access:** Scripton Work Solutions Inc, f/k/a Transtech plans to provide 24/7 access to data. The company's servers will offer redundant power backups as well as complete backup Internet backbone to assure that data is always accessible.

**Quality Assurance:** Scripton Work Solutions Inc, f/k/a Transtech projects to provide 4 to 6 months of training to all transcriptionists that join Transtech. Once training is complete, transcriptionists will be placed in a live environment where all their work is scrutinized for accuracy. Only after 2 to 3 years will transcriptionists be promoted to Assistant Quality Assurance positions in the Quality Assurance Department. We plan for all transcriptions to be guaranteed for 98% accuracy or better based on American Association of Medical Transcription Standards.

**Easy File Transfers:** Scripton Work Solutions Inc, f/k/a Transtech's interface will be architected with usability for the computer illiterate as well as the tech savvy user. A minimal interface will allow future clients to copy their dictations from their recorders and send it to Scripton Work Solutions Inc, f/k/a Transtech's servers with just 3 clicks of a mouse.

**HIPAA Compliant:** Scripton Work Solutions' medical transcription services will be fully compliant with Health Insurance Portability and Accountability Act of 1996 (HIPAA). HIPAA was a result of congressional healthcare reform proponents to reform healthcare. HIPAA legislation has four primary objectives.

1. Assure health insurance portability by eliminating job-lock due to pre-existing medical condition
2. Reduce healthcare fraud and abuse
3. Enforce standards for health information
4. Guarantee security and privacy of health information

Of the four primary objectives, the fourth objective has the most impact on medical transcription.

The rule requires that healthcare organization insurers and payors that have been using any electronic means of storing patient data and performing claims submission must comply with HIPAA legislation. Since medical transcription deals with electronic means of handling and storing patient data, our services will ensure the security and confidentiality of the patient's Protected Health Information (PHI), and maintain an audit trail of all individuals who have had access to a PHI.

## Table of Contents

Assuming we are able to successfully raise funding from public or private debt or sale of equity, we will begin the second part of our business plan. In order to initiate Phase 2 of our operations, we will have to raise enough money to purchase the medical transcription platform. While we are researching the medical transcription platform to purchase, we will begin initial preparations for the launch of our platform and website.

**Platform purchase** – We plan to purchase our medical transcription platform. The purchase of our platform and development of our website will entail the bulk of Phase 2. We plan to allocate \$65,000 to purchase the medical transcription software. At this time we will also allocate \$10,000 to purchase servers and hosting for our planned website and platform.

**Hire additional staff** – When our platform has been purchased, we will begin hiring additional staff to prepare for our launch. We plan to hire one full-time marketing representative to begin work on a marketing plan for our launch. We will allocate \$30,000 for the salary of the marketing representative, and up to \$50,000 on marketing materials. We will use the marketing ideas of our President, Christopher Weinhaupl, as set forth in our “Marketing” section. However, we will look to our new employees to come up with new and innovative ways to promote our Company.

**Beta testing** – Once our platform is fully deployed, and our sales and marketing teams are in place, we will begin beta testing our website and transcription platform.

**Acquisition of clients**– When we are ready to offer our medical transcription services to the public, we intend to launch a marketing campaign ourselves in order to promote our services to potential clients. This will complete Phase 2 of our development.

In order to complete Phase 2 of our business plan, we will rely on the management skills of our President. He will have to work closely with our sales and marketing team to make sure that there is constant communication between each. The sales of our services will be directly related to the work that our marketing team is providing. In the months that follow our launch, the work of our website developers will be critical as well. We hope to be in a phase of rapid growth, and our staff will be working hard to provide constant updates to our site, and fix any bugs that may occur. Our President will have to work hard to keep all components of our business on track.

With our currently available capital resources, we will be able to conduct phase one of our planned operations, which includes the formation of our company and the completion of our business plan. We will need to raise additional capital in order to commence phase two of our planned operations, which is to purchase the transcription platform and begin our sales and marketing efforts. Using currently available capital resources, the minimum period of time that we will be able to conduct our planned operations is approximately the next few months, and then only if continued funding by the management of the company.

Description	Time period	Estimated maximum expenses
Working Capital	10-12 months	\$10,000
Website Hosting and Servers	10-12 months	\$10,000
Platform Purchase	10-12 months	\$65,000
Marketing Representatives	10-12 months	\$30,000
Marketing Materials	10-12 months	\$50,000
Admin / Professional Fees	10-12 months	\$15,000
Public Offering and Registration Fees	10-12 months	\$ 20,000
Total		\$200,000

## **Management**

### **Directors, Executive Officers, Promoters and Control Persons**

The Board of Directors elects our executive officers annually. A majority vote of the directors who are in office is required to fill vacancies. Each director shall be elected for the term of one year and until his successor is elected and qualified or until his earlier resignation or removal. Our directors and executive officers are as follows:

Christopher Weinhaupl, 43, has numerous years of experience as an entrepreneur. Mr. Weinhaupl’s active roles are

contributing to the Technology and Business Development of new market technologies. Mr. Weinhaupl looks for opportunities where Technology is a major disruptive factor in a mature market segment.

Since 2010, Christopher Weinhaupl has held ownership and founder of Canadapack a North American cross boarder Logistics Company. From 2001 to present, Mr. Weinhaupl has been a Senior Partner at “mypharmacard”, a payment processor solution for web based Pharma companies. From 2005 to present, Mr. Weinhaupl has held a position as Senior Network Support at Enterprise Contact Centers, providing technology support for North American businesses.

**COMMISSION POSITION ON INDEMNIFICATION FOR SECURITIES ACT LIABILITIES**

<b>Name</b>	<b>Age</b>	<b>Position</b>
Mr. Christopher Weinhaupl	43	CEO, President & Director

Our Articles of Incorporation provides that we shall indemnify our directors and officers to the fullest extent permitted by Nevada law and that none of our directors will be personally liable to the Company or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability:

- for any breach of the director's duty of loyalty to the Company or its stockholders;
- for acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of the law;
- under Nevada General Corporation Law for the unlawful payment of dividends; or
- for any transaction from which the director derives an improper personal benefit.

These provisions require us to indemnify our directors and officers unless restricted by Nevada law and eliminate our rights and those of our stockholders to recover monetary damages from a director for breach of his fiduciary duty of care as a director except in the situations described above. The limitations summarized above, however, do not affect our ability or that of our stockholders to seek non-monetary remedies, such as an injunction or rescission, against a director for breach of his or his fiduciary duty.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, we have been advised that in the opinion of the Securities and Exchange Commission, such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Table of Contents

**Employees**

As of the date of this filing, the Company has no full time employees other than our sole officer and director, Mr. Weinhaupl. We currently rely of Mr. Weinhaupl to manage all aspects of our business. We plan to use both in-house and freelance medical transcriptionists, who are trained and licensed, to perform the transcription work on our platform and servers.

<b>Name</b>	<b>Department</b>	<b>Function</b>	<b>Salary</b>	<b>Contractors</b>
ChristopherWeinhaupl	Admin	Business Development / Information Technology	None	N/A

***Employees and Consultants***

As of the date of this filing, the Company has no full time employees other than our sole officer and director, Mr. Weinhaupl. We currently rely on Mr. Weinhaupl, to manage all aspects of our business. Mr. Weinhaupl has committed to devote up to 30 hours per week to our Company. We plan to use third-party developers to assist in the production of our proposed website. We intend to add staff as the Company grows. Any such additions will be made at the judgment of management to meet the Company's then current needs.

***Legal Proceedings***

We know of no material, existing or pending legal proceedings against our Company, nor are we involved as a plaintiff in any material proceeding or pending litigation. There are no proceedings in which our director, officer or any affiliates, or any registered or beneficial shareholder, is an adverse party or has a material interest adverse to our interest.

***Long-Term Incentive Plans***

We currently have no Long-Term Incentive Plans.

***Director Compensation***

None.

***Director Independence***

Our board of directors is currently composed of one member, Christopher Weinhaupl, who does not qualify as an independent director in accordance with the published listing requirements of the NASDAQ Global Market. The NASDAQ independence definition includes a series of objective tests, such as that the director is not, and has not been for at least three years, one of our employees and that neither the director, nor any of his family members has engaged in various types of business dealings with us. In addition, our board of directors has not made a subjective determination as to each director that no relationships exist which, in the opinion of our board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, though such subjective determination is required by the NASDAQ rules. Had our board of directors made these determinations, our board of directors would have reviewed and discussed information provided by the directors and us with regard to each director's business and personal activities and relationships as they may relate to us and our management.

***Security Holders Recommendations to Board of Directors***

We welcome comments and questions from our shareholders. Shareholders can direct communications to our Chief Executive Officer, Christopher Weinhaupl, at our executive offices. However, while we appreciate all comments from shareholders, we may not be able to individually respond to all communications. We attempt to address shareholder questions and concerns in our press releases and documents filed with the SEC so that all shareholders have access to information about us at the same time. Mr. Weinhaupl collects and evaluates all shareholder communications. All communications addressed to our director and executive officer will be reviewed by Mr. Weinhaupl unless the communication is clearly frivolous.

**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table sets forth certain information at October 31, 2013, with respect to the beneficial ownership of shares of Common Stock by (i) each person known to us who owns beneficially more than 5% of the outstanding shares of Common Stock (based upon reports which have been filed and other information known to us), (ii) each of our Directors, (iii) each of our Executive Officers and (iv) all of our Executive Officers and Directors as a group. Unless otherwise indicated, each stockholder has sole voting and investment power with respect to the shares shown. As of October 31, 2013, we had 50,100,000 shares of Common Stock issued and outstanding.

<b>Title of class</b>	<b>Name and address of beneficial owner</b>	<b>Amount and Nature of Beneficial Ownership</b>	<b>Percentage of Common Stock <sup>(1)</sup></b>
Common Stock	ChristopherWeinhaupl 47 Sundown Green SE Calgary, AB	30,100,000	60%
	<b>Total</b>	50,100,000	100%

(1)

Under Rule 13d-3 promulgated under the Exchange Act, a beneficial owner of a security includes any person who, directly or indirectly, through any contract, arrangement, understanding, relationship, or otherwise has or shares: (i) voting power, which includes the power to vote, or to direct the voting of shares; and (ii) investment power, which includes the power to dispose or direct the disposition of shares. Certain shares may be deemed to be beneficially owned by more than one person (if, for example, persons share the power to vote or the power to dispose of the shares). In addition, shares are deemed to be beneficially owned by a person if the person has the right to acquire the shares (for example, upon exercise of an option) within 60 days of the date as of which the information is provided. In computing the percentage ownership of any person, the amount of shares is deemed to include the amount of shares beneficially owned by such person (and only such person) by reason of these acquisition rights.

We are not aware of any arrangements that could result in a change of control.

**CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

On August 26, 2011, the Company issued 10,000,000 shares of common stock at a price of \$0.001 per share for a value of \$10,000 to Christopher Weinhaupl, its President. The Company relied on Section 4(2) of the Securities Act for this issuance.

On September 4, 2012, the Company issued 20,100,000 shares of common stock at a price of \$0.001 per share for a value of \$20,100 to Christopher Weinhaupl, its President. The Company relied on Section 4(2) of the Securities Act for this issuance.

As a result, Mr. Weinhaupl owns 60% of the issued and outstanding common shares of the Company.

Other than the foregoing, none of the following persons has any direct or indirect material interest in any transaction to which we were or are a party since the beginning of our last fiscal year, or in any proposed transaction to which we propose to be a party:

- (A) any of our director(s) or executive officer(s);
- (B) any nominee for election as one of our directors;
- (C) any person who is known by us to beneficially own, directly or indirectly, shares carrying more than 5% of the voting rights attached to our Common Stock; or
- (D) any member of the immediate family (including spouse, parents, children, siblings and in-laws) of any of the foregoing persons named in paragraph (A), (B) or (C) above.

Mr. Weinhaupl has been the sole officer and director of the company since inception and has founded the company, thus he is a promoter as defined in Rule 405 of Regulation C. Mr. Weinhaupl has not received nor is scheduled to receive anything of value either directly or indirectly from the Company.

**Report of Independent Registered Public Accounting Firm**

To the Board of Directors and Stockholders  
Scription Work Solutions Inc  
(fka: Transtech Solutions Inc)  
(A Development Stage Company)

We have audited the accompanying balance sheets of Scription Work Solutions Inc (fka: Transtech Solutions Inc. ) (A development stage company) as of December 31, 2012 and 2011, and the related statements of operations, stockholders' equity and cash flows for the year ended December 31, 2012, the period from July 12, 2011(date of inception) to December 31, 2011, and the period from July 12, 2011 (date of inception) to December 31, 2012. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits include consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial positions of Scription Work Solutions Inc (fka: Transtech Solutions Inc.) as of December 31, 2012 and 2011, and the results of its operations and its cash flows for the year ended December 31, 2012, the period from July 12, 2011(date of inception) to December 31, 2011, and the period from July 12, 2011 (date of inception) to December 31, 2012 in conformity with accounting principles generally accepted in the United States of America.

The financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the financial statements, the Company's losses from operations raise substantial doubt about its ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

**Scripton Work Solutions Inc.  
(f/k/a: Transtech Solutions Inc.)  
(A Development Stage Company)  
Notes to the Financial Statements  
December 31, 2012  
(Audited)**

**1. ORGANIZATION AND BUSINESS OPERATIONS**

Scripton Work Solutions Inc. ("the Company") (f/k/a: Transtech Solutions Inc.) was incorporated under the laws of the State of Nevada, U.S. on July 12, 2011. The Company is in the development stage as defined under Statement on Financial Accounting Standards Accounting Standards Codification FASB ASC 915-205 "Development-Stage Entities." The Company has not generated any revenue to date and consequently its operations are subject to all risks inherent in the establishment of a new business enterprise. As of December 31, 2012 the Company has \$40,048.09 in cash.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

a) Basis of Presentation

The financial statements of the Company have been prepared in accordance with generally accepted accounting principles in the United States of America and are presented in US dollars.

b) Going Concern

The financial statements have been prepared on a going concern basis which assumes the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. The Company has incurred losses since inception and further losses are anticipated in the development of its business raising substantial doubt about the Company's ability to continue as a going concern. The ability to continue as a going concern is dependent upon the Company generating profitable operations in the future and/or to obtain the necessary financing to meet its obligations and repay its liabilities arising from normal business operations when they come due. Management intends to finance operating costs over the next twelve months with existing cash on hand and loans from directors and or private placement of common stock. These financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts, or amounts and classification of liabilities that might result from this uncertainty.

c) Cash and Cash Equivalents

The Company considers all highly liquid instruments with a maturity of three months or less at the time of issuance to be cash equivalents.

d) Use of Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

e) Foreign Currency Translation

The Company's functional currency and its reporting currency is the United States dollar.

f) Financial Instruments

The carrying value of the Company's financial instruments approximates their fair value because of the short maturity of these instruments.

g) Stock-based Compensation

The Company records stock based compensation in accordance with the guidance in ASC Topic 718 which requires the Company to recognize expense related to the fair value of its employee stock option awards. This eliminates accounting for share-based compensation transactions using the intrinsic value and requires instead that such transactions be accounted for using a fair-value-based method. The Company recognizes the cost of all share-based awards on a graded

vesting basis over the vesting period of the award. To date, the Company has not adopted a stock option plan and has not granted any stock options.

**h) Income Taxes**

Income taxes are accounted for under the assets and liability method. Deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carry forwards. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled.

**i) Basic and Diluted Net Loss per Share**

The Company follows ASC Topic 260 to account for the earnings per share. Basic earnings per common share ("EPS") calculations are determined by dividing net loss by the weighted average number of shares of common stock outstanding during the year. Diluted earnings per common share calculations are determined by dividing net income by the weighted average number of common shares and dilutive common share equivalents outstanding. During periods when common stock equivalents, if any, are anti-dilutive they are not considered in the computation.

**j) Fiscal Periods**

The Company's fiscal year end is December 31.

**k) Recent Accounting Pronouncements**

The Company has evaluated the recent accounting pronouncements through ASU 2011-06 and believes that none of them will have a material effect on the company's financial statements.

Table of Contents

**3. COMMON STOCK**

The authorized capital of the Company is 75,000,000 common shares with a par value of \$ 0.001 per share.

During the period between January 2012 and December 2012, the Company issued 20,100,000 shares of common stock at a price of \$0.001 per share for a value of \$20,100 to Christopher Weinhaupl, its President. The Company relied on Section 4(2) of the Securities Act for this issuance.

During the period between January 2012 and December 2012, Company issued 20,000,000 shares of common stock under the private placements agreement to various investors at \$0.001 per share. Company received a total of \$20,000 net of offering proceeds.

There were no further issuances of stock as at December 31, 2012.

**4. RELATED PARTY TRANSACTIONS**

Mr. Christopher Weinhaupl has not advanced funds to the Company to pay any costs incurred by it. These funds are unsecured, non-interest bearing and due on demand. The balance due Mr. Christopher Weinhaupl was \$0 as on December 31, 2012.

**5. INCOME TAXES**

For the year ended December 31, 2012 and from January 2012 to December 31, 2012, the Company incurred net operating losses and, accordingly, no provision for income taxes has been recorded. In addition, no benefit for income taxes has been recorded due to the uncertainty of the realization of any tax assets. At December 31, 2012, the Company had approximately \$52 of federal and state net operating losses.

**5. SUBSEQUENT EVENTS**

In accordance with ASC 855, management evaluated the subsequent events through the date of December 31, 2012 the date the financial statements were issued, and there are no subsequent events to disclose.

**Indemnification of Directors and Officers**

Our sole officer and Director is indemnified as provided by the Nevada Revised Statutes and our bylaws.

Under the NRS, director immunity from liability to a company or its shareholders for monetary liabilities applies automatically unless it is specifically limited by a company's articles of incorporation that is not the case with our articles of incorporation. Excepted from that immunity are:

- (1) a willful failure to deal fairly with the company or its shareholders in connection with a matter in which the director has a material conflict of interest;
- (2) a violation of criminal law (unless the director had reasonable cause to believe that his or her conduct was lawful or no reasonable cause to believe that his or her conduct was unlawful);
- (3) a transaction from which the director derived an improper personal profit; and
- (4) willful misconduct.

## Table of Contents

Our bylaws provide that we will indemnify our directors and officers to the fullest extent not prohibited by Nevada law; provided, however, that we may modify the extent of such indemnification by individual contracts with our directors and officers; and, provided, further, that we shall not be required to indemnify any director or officer in connection with any proceeding (or part thereof) initiated by such person unless:

- (1) such indemnification is expressly required to be made by law;
- (2) the proceeding was authorized by our Board of Directors;
- (3) such indemnification is provided by us, in our sole discretion, pursuant to the powers vested us under Nevada law;  
or
- (4) such indemnification is required to be made pursuant to the bylaws.

Our bylaws provide that we will advance all expenses incurred to any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that he is or was our director or officer, or is or was serving at our request as a director or executive officer of another company, partnership, joint venture, trust or other enterprise, prior to the final disposition of the proceeding, promptly following request. The Company's obligations of indemnification, if any, shall be conditioned on the Company receiving prompt notice of the claim and the opportunity to settle and defend the claim. The Company may, to the extent permitted by law, purchase and maintain insurance on behalf of an individual who is or was a director, officer, employee or agent of the Corporation.

## **Recent Sales of Unregistered Securities**

During the period from August 2011 and September 2012, the Company issued 30,100,000 shares of common stock for cash at \$0.001 per share or for a value of \$30,100. We relied on Regulation S of the Securities Act of 1933 for these issuances. Our reliance upon the exemption under Rule 903 of Regulation S of the Securities Act was based on the fact that the sale of the securities was completed in an "offshore transaction," as defined in Rule 902(h) of Regulation S. We did not engage in any directed selling efforts, as defined in Regulation S, in the United States in connection with the sale of the securities. Each investor was not a US person, as defined in Regulation S, and was not acquiring the securities for the account or benefit of a US person.

On August 26, 2011, the Company issued 10,000,000 shares of common stock at a price of \$0.001 per share for a value of \$10,000 to Christopher Weinhaupl, its President. The Company relied on Section 4(2) of the Securities Act for this issuance.

On September 4, 2012, the Company issued 20,100,000 shares of common stock at a price of \$0.001 per share for a value of \$20,100 to Christopher Weinhaupl, its President. The Company relied on Section 4(2) of the Securities Act for this issuance.

## **Exhibits**

The following is a list of exhibits filed as part of this Registration Statement. Where so indicated by footnote, exhibits which were previously filed are incorporated herein by reference. Any statement contained in an Incorporated Document shall be deemed to be modified or superseded for purposes of this Registration Statement to the extent that a statement contained herein or in any other subsequently filed Incorporated Document modifies or supersedes such statement. Any such statement so modified or superseded shall not be deemed, except as so modified or superseded, to constitute a part of this Registration Statement.

<b>Exhibit Number</b>	<b>scription</b>
3.1	Articles of Incorporation of Scription Work Solutions, Inc.
3.2	Bylaws of Scription Work Solutions, Inc.
4.1	Form of Subscription Agreement
5.1	Opinion of Dean Law Corp, re: the legality of the shares being registered

- 23.1 Auditor Consent
- 23.2 Consent of Dean Law Corp (included in Exhibit 5.1)

All other Exhibits called for by Rule 601 of Regulation S-K are not applicable to this filing.

**Undertakings:**

Information pertaining to our common stock is contained in our Articles of Incorporation and Bylaws. Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of our counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by us is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

The undersigned registrant hereby undertakes:

To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

- i. To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;
  - ii. To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement.
  - iii. To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;
2. That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
  3. To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
  4. That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:
    - ii. If the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

**Signatures**

In accordance with the requirements of the Securities Act of 1933, the registrant certifies that it has reasonable grounds to believe that it meets all of the requirements of filing on Form S-1 and authorized this registration statement to be signed on our behalf by the undersigned, on November 25, 2013 .

Dear Mr. Griswold:

**Re: Scription Work Solutions, Inc. (the "Company")  
Amendment No.6 to Registration Statement on Form S-1  
Filed March 29, 2013, May 10, 2013, June 28, 2013, October 7, 2013,  
October 7, 2013, October 30, 2013  
File No. 333-187609**

General

1. Please update your financial statements in accordance with Rule 8-08(b) of Regulation S-X.

ANSWER: The financial statements have been updated.

2. We note your response to prior comment 2; however, it appears that the document filed as Exhibit 31 is not the amended articles of incorporation filed with the Form 8-K on June 5, 2013. Please file the amended articles of incorporation reflecting your name change with your next amendment as Exhibit 3.1.

ANSWER: The amended Exhibit 3.1 has been added.

3. It appears that your business license filed as Exhibit 31 expired on July 31, 2013. Please advise.

ANSWER: The Business License was renewed on July 31, 2013. Please refer to Exhibit 3.1. You may verify the document at <http://nvsos.gov>

4. We are unable to locate disclosure regarding recent sales of unregistered securities. Please include the information required by Item 15 of Form S-1 and Item 701 of Regulation S-K or advise.

ANSWER: Item 15 of Form S-1 and Item 701 of Regulation S-K has been added.

Plan of Operations, page 25

5. It appears that your revised disclosure on page 27 estimating offering expenses of \$15,000 is inconsistent with your disclosure on page 46 estimating offering expenses of \$20,000. Please revise to reconcile this apparent inconsistency.

ANSWER: The disclosure has been amended to reconcile the inconsistency.

Directors, Executive Officers, Promoters and Control Persons, page 27

6. We note your revisions in response to prior comment 8 and your disclosure that "Mr. Weinhaupl has forged and built a number of startup firms in diverse industries from services to product sales." We note further that the sole reference to Mr. Weinhaupl's role as a founder relates to his experience at Canadapack. Please revise your disclosure to substantiate this statement or consider removing it.

ANSWER: The disclosure has been amended.

Certain Relationships and Related Transactions, page 32

7. We note that in response to prior comment 9 you have removed the reference from page 25 identifying your CEO as founder. This revision does not appear to be responsive to our comment, which we reissue. Given that it appears that Mr. Weinhaupl has been the sole officer and director of the company since inception and has been described by you as founding the company, he is a promoter as defined in Rule 405 of Regulation C. Please revise your disclosure to identify him as such and provide disclosure responsive to Item 404(c) of Regulation S-K.

ANSWER: The following has been added to the disclosure:

Mr. Weinhaupl has been the sole officer and director of the company since inception and has founded the company, thus he is a promoter as defined in Rule 405 of Regulation C. Mr. Weinhaupl has not received nor is scheduled to receive anything of value either directly or indirectly from the Company.

Exhibit Index, page 47

Exhibit 5.1

8. Your counsel indicates that it has “acted as special counsel for the Company for the limited purpose of rendering this opinion in connection with the filing of the Registration Statement...” In light of the fact that counsel is listed on the cover page of the document, please have counsel revise the statement to clearly reflect the nature and scope of the legal engagement, or tell us why the existing description is accurate.

ANSWER: The contact information for Dean Law Corp has been removed from the cover page of the Registration Statement, and the current statement is now accurate.

Thank you.

Chris Weinhaupl

NEVADA STATE BUSINESS LICENSE

SCRIPTION WORK SOLUTIONS INC  
Nevada Business Identification # NV2011143884

Expiration Date: July 31, 2014

In accordance with Title 7 of Nevada Revised Statutes, pursuant to proper application duly filed and payment of appropriate prescribed fees, the above named is hereby granted a Nevada State Business License for business activities conducted within the State of Nevada.

This license shall be considered valid until the expiration date listed above unless suspended or revoked in accordance with Title 7 of Nevada Revised Statutes.

**THE REGISTRANT HEREBY AMENDS THIS REGISTRATION STATEMENT ON SUCH DATE OR DATES AS MAY BE NECESSARY TO DELAY ITS EFFECTIVE DATE UNTIL THE REGISTRANT SHALL FILE A FURTHER AMENDMENT WHICH SPECIFICALLY STATES THAT THIS REGISTRATION STATEMENT SHALL THEREAFTER BECOME EFFECTIVE IN ACCORDANCE WITH SECTION 8(a) OF THE SECURITIES ACT OF 1933 OR UNTIL THE REGISTRATION STATEMENT SHALL BECOME EFFECTIVE ON SUCH DATE AS THE COMMISSION, ACTING PURSUANT TO SECTION 8(a), MAY DETERMINE.**

**The information in this prospectus is not complete and may be changed. The selling stockholders may not sell these securities until the registration statement filed with the Securities and Exchange Commission is effective. This prospectus is not an offer to sell these securities and is not soliciting an offer to buy these securities in any state or other jurisdiction where the offer or sale is not permitted.**

**Subject to completion, dated \_\_\_\_\_, 2014**

Table of Contents

*The information in this prospectus is not complete and may be changed. We may not sell these securities until the Registration Statement filed with the Securities and Exchange Commission is effective. This prospectus is not an offer to sell these securities and is not soliciting an offer to buy these securities in any jurisdiction where an offer or sale is not permitted.*

**PRELIMINARY PROSPECTUS**

**Scripton Work Solutions Inc.  
(F/K/A: TRANSTECH SOLUTIONS, INC.)  
843 N Rainbow Blvd, Unit 1175  
Las Vegas, NV 89107**

**20,000,000 SHARES OF COMMON STOCK**

The selling shareholders named in this prospectus are offering all of the shares of common stock offered through this prospectus for a period of up to two years from the effective date.

Our common stock is presently not traded on any market or securities exchange.

-----

**THE PURCHASE OF THE SECURITIES OFFERED THROUGH THIS PROSPECTUS INVOLVES A HIGH DEGREE OF RISK. See section entitled "Risk Factors" on pages 8 to 14 of this prospectus.**

**The information in this prospectus is not complete and may be changed. This prospectus is not an offer to sell these securities and it is not soliciting an offer to buy these securities in any state where the offer or sale is not permitted.**

The selling shareholders, who are underwriters, will sell our shares at a fixed price of \$0.01 per share for the duration of the offering. We will not receive any proceeds from the offering. We intend to apply for quotation on the OTCBB, but there is no guarantee that we will be accepted for quotation or will engage a market maker to file an application on our behalf. There is no assurance of when, if ever, our stock will be listed on an exchange. The absence of a public market for our common stock makes our shares highly illiquid. It will be difficult to sell the common stock of our company.

We are currently in the development stage and have nominal operations and minimal assets, which makes us a "shell company" as defined in Rule 12b-2 of the Exchange Act.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

We are not a blank check company and have no plans or intention to engage in a business combination with another entity. Because our auditors have issued a going concern opinion, there is substantial uncertainty we will continue operations. We are an Emerging Growth Company as defined in the Jumpstart Our Business Startups Act.

**The Date of this prospectus is \_\_\_\_\_, 2014.**

## **PROSPECTUS SUMMARY**

**Prospective investors are urged to read this prospectus in its entirety.**

**This summary highlights selected information contained elsewhere in this prospectus. This summary does not contain all the information that you should consider before investing in the common stock. You should carefully read the entire prospectus, including “Risk Factors”, “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and the Financial Statements, before making an investment decision. The terms “Scription Work Solutions Inc” f/k/a “Transtech Solutions Inc” “we,” “us” and “our” as used in this prospectus refer to Scription Work Solutions Inc.**

### ***Company Overview***

Scription Work Solutions Inc, f/k/a Transtech Solutions, Inc. (the “Company”) was incorporated in the State of Nevada on July 12, 2011. We are a development stage company that plans to engage in the sale of medical transcription services. We intend to purchase a web-based platform that will give us the ability to reach potential customers. Christopher Weinhaupl, who is currently our sole officer and director, founded our Company. Our headquarters are located at 843 N Rainbow Blvd, Unit 1175, Las Vegas, NV 89107.

Medical transcription is converting confidential patient information from various sources such as voice recordings or medical notes into electronic text documents by medical transcriptionists. Scription Work Solutions intends to purchase one of many transcription platforms available on the market such as Dragon Medical Software or eScription, which our medical transcriptionists will use for physicians in hospitals, clinics and diagnostic laboratories in the United States. Since inception, our operations have primarily consisted of the formation of our company, completion of our business plan, and the acquisition of funding. We have not commenced in purchasing transcription software as we have not yet raised the minimum funds necessary to commence operations. A market-ready transcription platform will not be available for 10-12 months after we have raised the necessary funds.

We will need to raise a minimum of \$200,000 over the next twelve months through public or private debt or sale of equity to execute our business plan to become a revenue generating company. If we are unable to obtain the level of financing, our business may fail.

We are endeavoring to be a reporting company with the SEC as we believe doing so will provide us with greater opportunities to access and acquire the additional capital that we require for our growth and to further implement our business plan. In addition, becoming a reporting issuer may provide us with more financing alternatives, due to the transparency provided by the public reporting requirements.

Since inception, our operations have consisted of incorporating our Company and formulating our business plan. The Company intends to begin substantive operations within 10-12 months after we obtain our necessary funding requirements. The initial plan of operations calls for the Company to begin marketing our transcription services to potential business clients. We believe that if we are able to raise the full amount of funds contemplated herein, we would be able to launch our Company and properly market our transcription services. We will design a full marketing strategy to gain brand awareness, and ultimately obtain a large medical transcription client base.

## Table of Contents

Although our sole officer and director has only recently become interested in the medical transcription business, and does not have any professional training or technical credentials in the development and maintenance of such a company, he has experience running a business. We plan to purchase a medical transcription platform and hire qualified marketing and sales personnel staff if we are successful in raising capital. We do not have any verbal or written agreements regarding the retention of any qualified personnel to date.

Although the Company has no market for its common stock, management believes that the Company will meet all requirements to be quoted on the OTC market, and even though the Company's common stock will likely be a penny stock, becoming a reporting company will provide us with enhanced visibility and give us a greater possibility to provide liquidity to our shareholders.

We are currently a development stage company and to date we have recorded no revenue. Accordingly, our independent registered public accountants have issued a comment regarding our ability to continue as a going concern (please refer to the footnotes to the financial statements). Until such time that we are able to establish a consistent flow of revenues from our operations which is sufficient to sustain our operating needs, management intends to rely primarily upon debt financing to supplement cash flows, if any, generated by our services. We will seek out such financing as necessary to allow the Company to continue to grow our business operations, and to cover such cost, including professional fees, associated with being a reporting Company with the Securities and Exchange Commission ("SEC"); we estimate such costs to be approximately \$200,000 for 12 months following this Offering. The Company has included such costs to become a publicly reporting company in its targeted expenses for working capital expenses and intends to seek out reasonable loans from friends, family and business acquaintances if it becomes necessary. At this point we have been funded by our sole officer, family, friends and business acquaintances.

## Table of Contents

We are an Emerging Growth Company as defined in the Jumpstart Our Business Startups Act.

We shall continue to be deemed an emerging growth company until the earliest of:

(A) the last day of the fiscal year of the issuer during which it had total annual gross revenues of \$1,000,000,000 (as such amount is indexed for inflation every 5 years by the Commission to reflect the change in the Consumer Price Index for All Urban Consumers published by the Bureau of Labor Statistics, setting the threshold to the nearest 1,000,000) or more;

(B) the last day of the fiscal year of the issuer following the fifth anniversary of the date of the first sale of common equity securities of the issuer pursuant to an effective registration statement under this title;

(C) the date on which such issuer has, during the previous 3-year period, issued more than \$1,000,000,000 in non-convertible debt; or

(D) the date on which such issuer is deemed to be a 'large accelerated filer', as defined in section 240.12b-2 of title 17, Code of Federal Regulations, or any successor thereto.

As an emerging growth company we are exempt from Section 404(b) of Sarbanes Oxley. Section 404(a) requires Issuers to publish information in their annual reports concerning the scope and adequacy of the internal control structure and procedures for financial reporting. This statement shall also assess the effectiveness of such internal controls and procedures.

Section 404(b) requires that the registered accounting firm shall, in the same report, attest to and report on the assessment on the effectiveness of the internal control structure and procedures for financial reporting.

As an emerging growth company we are exempt from Section 14A and B of the Securities Exchange Act of 1934 which require the shareholder approval of executive compensation and golden parachutes.

We have irrevocably opted out of the extended transition period for complying with new or revised accounting standards pursuant to Section 107(b) of the Act.

**Because our auditors have issued a going concern opinion, there is substantial uncertainty we will continue operations in which case you could lose your investment.**

Our auditors have issued a going concern opinion. This means that there is substantial doubt that we can continue as an ongoing business for the next twelve months as we lack an operating history. The financial statements do not include any adjustments that might result from the uncertainty about our ability to continue in business. As such we may have to cease operations and you could lose your investment. We currently have no commitments to raise the minimum funds necessary to become a revenue generating company over the next twelve months.

**As of effectiveness of our registration statement of which this prospectus is a part, the Company will not become a fully reporting company, but rather, will be subject to the reporting requirements of Section 15(d) of the Securities Exchange Act of 1934.**

We will be required to file periodic reports with the SEC which will be immediately available to the public for inspection and copying. Except during the year that our registration statement becomes effective, these reporting obligations may be automatically suspended under Section 15(d) if we have less than 300 shareholders. If this occurs after the year in which our registration statement becomes effective, we will no longer be obligated to file periodic reports with the SEC and your access to our business information would then be even more restricted; however, that filing obligation will generally apply even if our reporting obligations have been suspended automatically under section 15(d) of the Exchange Act prior to the due date for the Form 10-K. After that fiscal year and provided the Company has less than 300 shareholders, the Company is not required to file these reports. If the reports are not filed, the investors will have reduced visibility as to the Company and its financial condition.

In addition, as a filer subject to Section 15(d) of the Exchange Act, the Company is not required to prepare proxy or information statements, and our common stock will not be subject to the protection of the ongoing private regulations. Additionally, the Company will be subject to only limited portions of the tender offer rules, and our officers, directors, and more than ten (10%) percent shareholders are not required to file beneficial ownership reports about their holdings in our Company, and will not be

subject to the short-swing profit recovery provisions of the Exchange Act. Further, more than five percent (5%) holders of classes of our equity securities will not be required to report information about their ownership positions in the securities. This means that your access to information regarding our business will be limited.

As a reporting company under the Exchange Act, we are required to comply with the internal control evaluation and certification requirements of Section 404 of the Sarbanes-Oxley Act of 2002. Section 404 of the Sarbanes-Oxley Act requires annual management assessments of the effectiveness of our internal control over financial reporting, starting with the second annual report that we file with the SEC after the consummation of this Offering. In connection with the implementation of the necessary procedures and practices related to internal control over financial reporting, we may identify deficiencies that we may not be able to remediate in time to meet the deadline imposed by the Sarbanes-Oxley Act for compliance with the requirements of Section 404. We will be unable to issue securities in the public markets through the use of a shelf registration statement if we are not in compliance with Section 404. Furthermore, failure to achieve and maintain an effective internal control environment could have a material adverse effect on our business and share price and could limit our ability to report our financial results accurately and timely

Table of Contents

**SUMMARY OF THIS OFFERING**

<b>The Issuer</b>	Scripton Work Solutions Inc, f/k/a Transtech Solutions Inc.
<b>Securities being offered</b>	Up to 20,000,000 shares of Common Stock
<b>Offering Type</b>	The selling shareholders will sell our shares at a fixed price of \$0.01 per share.
<b>Per Share Price</b>	The selling stockholders may offer their shares through public or private transactions at a fixed price of \$0.01 per share. We will pay all expenses of registering the securities, estimated at approximately \$20,000 .
<b>Termination of the Offering</b>	The offering will conclude when all of the 20,000,000 shares of common stock have been sold, the shares no longer need to be registered to be sold due to the operation of Rule 144 or we decide at any time to terminate the registration of the shares at our sole discretion. In any event, the offering shall be terminated no later than two years from the effective date of this registration statement.
<b>Securities Issued And to be Issued</b>	50,100,000 shares of our common stock are issued and outstanding as of the date of this prospectus. All of 20,000,000 shares will be sold by existing shareholder
<b>Use of Proceeds</b>	We will not receive any proceeds from the sale of the common stock by the selling shareholders.
<b>Market for the Common Stock</b>	There is currently no public market for the shares of our common stock. There can be no assurance that a market maker will agree to file the necessary documents with FINRA to allow our shares of common stock to be traded on the OTCBB, nor can there be any assurance that such an application for quotation will be approved if filed. FINRA operates the OTCBB. We have agreed to bear the expenses relating to the registration of the shares for the Selling Stockholders.

<b>Income Statement</b>		
Revenue	\$	-
Total Operating Expenses	\$	10,052
Net Loss	\$	(10,052)

**RISK FACTORS**

In addition to the other information provided in this Prospectus, you should carefully consider the following risk factors in evaluating our business before purchasing any of our common stock.

**Our lack of operating history makes it difficult for us to evaluate our future business prospects and make decisions in implementing our business plan. You are unable to determine whether we will ever become profitable, which increases your investment risk.**

We were incorporated on July 12, 2011. We have no operating history. Our business plan is speculative and unproven. There is no assurance that we will be successful in executing our business plan or that, even if we successfully implement our business plan, we will ever generate revenues or profits, which makes it difficult to evaluate our business. As a consequence, it is difficult, if not impossible, to forecast our future results based upon our historical data. Because of the uncertainties related to our lack of historical operations, we may be hindered in our ability to anticipate and timely adapt to increases or decreases in sales, revenues, or expenses. If we make poor operational decisions in implementing our business plan, we may never generate revenues or become profitable or incur losses, which may result in a decline in our stock price.

## Table of Contents

**Because we will need additional capital to implement our business plan and may not be able to obtain sufficient capital, we may be forced to limit the scope of our operations, and our revenues may be reduced.**

In connection with implementing our business plans, we will experience increased capital needs and accordingly, we may not have sufficient capital to fund our future operations without additional capital investments. Our capital needs will depend on numerous factors, including the following:

We cannot assure you that we will be able to obtain capital in the future to meet our needs. We have no sources of financing identified. If we cannot obtain additional funding, we may be required to:

- limit our ability to implement our business plan;
- limit our marketing efforts; and
- decrease or eliminate capital expenditures.

Even if we do find a source of additional capital, we may not be able to negotiate terms and conditions for receiving the additional capital that are acceptable to us. Any future capital investments could dilute or otherwise adversely affect the holdings or rights of our existing shareholders. In addition, new equity or convertible debt securities issued by us to obtain financing could have rights, preferences and privileges senior to our Common Stock. Any additional financing may not be available to us, or if available, may not be on terms favorable to us.

**We will require financing to achieve our current business strategy and our inability to obtain such financing could prohibit us from executing our business plan and cause us to slow down our expansion or cease our operations.**

We will need to raise a minimum of \$200,000 over the next twelve months through public or private debt or sale of equity to execute our business plan to become a revenue generating company. Such financing may not be available as needed. Even if such financing is available, it may be on terms that are materially adverse to your interests with respect to dilution of book value, dividend preferences, liquidation preferences or other terms. If we are unable to obtain this financing on reasonable terms, we would be unable to hire the additional employees needed to execute our business plan and we would be forced to delay or scale back our plans for expansion. This would delay our ability to get our operations to profitability and could force us to cease operations. In addition, such inability to obtain financing on reasonable terms could have a material adverse effect on our business, operating results or financial condition.

Moreover, in addition to monies needed to commence operations over the next twelve months, we anticipate requiring additional funds in order to execute any future plans for growth. No assurance can be given that such funds will be available or, if available, will be on commercially reasonable terms satisfactory to us. There can be no assurance that we will be able to obtain financing if or when it is needed on terms we deem acceptable.

## Table of Contents

**Our lack of an established brand name and relative lack of resources could negatively impact our ability to effectively compete in the medical transcription industry, which could reduce the value of your investment.**

We do not have an established brand name or reputation in the business of providing medical transcription services. We also have a relative lack of resources to conduct our business operations. Thus, we may have difficulty effectively competing with companies that have greater name recognition and financial resources than we do. Our inability to promote and/or protect our brand name may have an adverse effect on our ability to compete effectively in the market.

**Because our auditors have issued a going concern opinion, there is substantial uncertainty we will continue operations in which case you could lose your investment.**

Our auditors have issued a going concern opinion. This means that there is substantial doubt that we can continue as an ongoing business for the next twelve months as we lack an operating history. The financial statements do not include any adjustments that might result from the uncertainty about our ability to commence in business. As such we may have to cease operations and you could lose your investment. If we do not commence our operations, secure financing, and related activities or if we do not secure funding to implement our business plan, we estimate current available financial resources will sustain our operations only through the next few months, and then only if continued funding by the management of the company.

**If we do not make a profit, we may have to suspend or cease operations.**

Because we are small and do not have much capital, we must limit our marketing to the existing business relationships of our CEO, Mr. Christopher Weinhaupl. Because we will be limiting our marketing activities, we may not be able to attract enough clients to operate profitably. If we cannot operate profitably, we may have to suspend or cease our operations.

**We are dependent on our CEO, Mr. Christopher Weinhaupl, to guide our initial operations and implement our plan of operations. If we lose such services we will have to change our business plan/direction or cease operations.**

Our success will depend on the ability and resources of our CEO & President. If we lose the services of our CEO, we will be forced to either change our business plan and direction or cease operations. We have no written employment agreement with our CEO. We have not obtained any key man life insurance relating to our CEO. If we lose such services, we may not be able to hire and retain another CEO with comparable experience. As a result, the loss of Mr. Christopher Weinhaupl's services could reduce our revenues. We have no written employment agreement or covenant not to compete with Mr. Christopher Weinhaupl.

**Mr. Weinhaupl, the sole employee, officer and director, is committing a limited amount of time to the management of the company.**

Mr. Weinhaupl's involvement with his other businesses currently occupies most of his time and schedule. Certain tasks for Scription Work Solutions may not be completed in a timely fashion due to travel and other commitments. The Company has given consideration to conflicts of interest that may arise based on Mr. Weinhaupl's commitment to his other businesses. However, as the owner, Mr. Weinhaupl is fortunate to have a very flexible work environment and schedule; thus we believe he can fulfill his responsibilities both during the week and on the weekend, allowing him prioritize his schedule to devote time as needed to the Scription Work Solutions.

Due to Mr. Weinhaupl's current employment as Senior Network Support at Enterprise Contact Centers, he can currently devote approximately 20 hours per week to or operation. This employment may also impact his flexibility.

## Table of Contents

### **Risks Relating To Our Common Stock**

#### **Because there is no public trading market for our common stock, you may not be able to resell your stock.**

There is currently no public trading market for our common stock. Therefore there is no central place, such as a stock exchange or electronic trading system, to resell your shares. If you do want to resell your shares, you will have to locate a buyer and negotiate your own sale in compliance with applicable federal and state securities laws.

#### **There is no assurance of a public market or that our common stock will ever trade on a recognized exchange or quotation system. Therefore, you may be unable to liquidate your investment in our stock.**

There is no established public trading market for our common stock. Our shares are not and have not been listed or quoted on any exchange or quotation system. There can be no assurance that a market maker will agree to file the necessary documents with FINRA, which operates the OTCBB, to create such listing or quotation, nor can there be any assurance that such an application would be approved if filed, or that a regular trading market will develop or that if developed, will be sustained. In the absence of a trading market, an investor may be unable to liquidate their investment.

#### **If our common stock is quoted on the OTC Bulletin Board which may have an unfavorable impact on our stock price and liquidity.**

We anticipate that our common stock will be quoted on the OTC Bulletin Board. The OTC Bulletin Board is a significantly more limited market than the New York Stock Exchange or NASDAQ system. The quotation of our shares on the OTC Bulletin Board may result in a less liquid market available for existing and potential stockholders to trade shares of our common stock, could depress the trading price of our common stock and could have a long-term adverse impact on our ability to raise capital in the future.

#### **We may be subject to penny stock regulations and restrictions and you may have difficulty selling shares of our common stock.**

The SEC has adopted regulations which generally define so-called "penny stocks" to be an equity security that has a market price less than \$5.00 per share or an exercise price of less than \$5.00 per share, subject to certain exemptions. If our common stock becomes a "penny stock," we may become subject to Rule 15g-9 under the Exchange Act, or the "Penny Stock Rule." This rule imposes additional sales practice requirements on broker-dealers that sell such securities to persons other than established customers and "accredited investors" (generally, individuals with a net worth in excess of \$1,000,000 or annual incomes exceeding \$200,000, or \$300,000 together with their spouses). For transactions covered by Rule 15g-9, a broker-dealer must make a special suitability determination for the purchaser and have received the purchaser's written consent to the transaction prior to sale. As a result, this rule may affect the ability of broker-dealers to sell our securities and may affect the ability of purchasers to sell any of our securities in the secondary market.

For any transaction involving a penny stock, unless exempt, the rules require delivery, prior to any transaction in a penny stock, of a disclosure schedule prepared by the SEC relating to the penny stock market. Disclosure is also required to be made about sales commissions payable to both the broker-dealer and the registered representative and current quotations for the securities. Finally, monthly statements are required to be sent disclosing recent price information for the penny stock held in the account and information on the limited market in penny stock.

There can be no assurance that our common stock will qualify for exemption from the Penny Stock Rule. In any event, even if our common stock were exempt from the Penny Stock Rule, we would remain subject to Section 15(b)(6) of the Exchange Act, which gives the SEC the authority to restrict any person from participating in a distribution of penny stock, if the SEC finds that such a restriction would be in the public interest.

## Table of Contents

**Because we do not have an audit or compensation committee, shareholders will have to rely on the board of directors, which is not independent, to perform these functions.**

We do not have an audit or compensation committee comprised of independent directors. These functions are performed by the board of directors as a whole. The sole member of the board of directors is not independent. Thus, there is a potential conflict in that board members who are management will participate in discussions concerning management compensation and audit issues that may affect management decisions.

**Our management has limited experience in managing the day to day operations of a public company and, as a result, we may incur additional expenses associated with the management of our company.**

Our CEO Christopher Weinhaupl is responsible for our operations and SEC reporting. The requirements of operating as a small public company are new to him. This will require us to obtain outside assistance from legal, accounting, investor relations or other professionals that could be more costly than planned. We may also be required to hire additional staff to comply with additional SEC reporting requirements and compliance under the Sarbanes-Oxley Act of 2002. Our failure to comply with reporting requirements and other provisions of securities laws could negatively affect our stock price and adversely affect our results of operations, cash flow and financial condition.

**We have less than 300 record holders following the completion of the offering, and pose the risk of being suspended.**

The Company will not become a fully reporting company, but rather, will be subject to the reporting requirements of Section 15(d) of the Securities Exchange Act of 1934. As of the effectiveness of our Registration Statement of which this prospectus is a part, we will be required to file periodic reports with the SEC which will be immediately available to the public for inspection and copying. Except during the year that our Registration Statement becomes effective, these reporting obligations may be automatically suspended under Section 15(d) if we have less than 300 shareholders. If this occurs after the year in which our Registration Statement becomes effective, we will no longer be obligated to file periodic reports with the SEC and your access to our business information would then be even more restricted. After this Registration Statement on Form S-1 becomes effective, we will be required to deliver periodic reports to security holders. However, we will not be required to furnish proxy statements to security holders and our directors, officers and principal beneficial owners will not be required to report their beneficial ownership of securities to the SEC pursuant to Section 16 of the Securities Exchange Act of 1934 until we have both in excess of \$10 million and a class of equity securities (other than exempted securities) held of record by either (i) 2,000 persons, or (ii) 500 persons who are not accredited investors. For these purposes, the "held of record" definition in Section 12(g)(g) does not include securities held by persons who received the securities pursuant to an employee compensation plan in transaction exempt from the registration requirements under Section 5 of the Securities Act of 1933, as amended ("Securities Act"). This means that your access to information regarding our business will be limited.

**We are a shell company as defined in Securities Act Rule 405, and may not have available to us the Securities Act Rule 144 for purposes of meeting the safe harbor requirement.**

The unavailability of Securities Act Rule 144 from the definition of underwriter, may negatively affect liquidity of our shares and on our ability to attract additional capital to implement our business plan or sustain operations. Therefore, negatively affecting our cash flow and business plan moving forward.

**We may be exposed to potential risks resulting from new requirements under section 404 of the Sarbanes-Oxley Act of 2002.**

In addition to the costs of compliance with having our shares listed on the OTCBB, there are substantial penalties that could be imposed upon us if we fail to comply with all regulatory requirements. In particular, under Section 404 of the Sarbanes-Oxley Act of 2002, as a smaller reporting company, our management will be required to provide a report on the effectiveness of our internal controls over financial reporting, beginning with our second annual report, and we will not be required to provide an auditor's attestation regarding such report. We have not assessed the effectiveness of our disclosure controls and procedures or our internal controls over financial reporting, and we expect to incur additional expenses and diversion of management's time as a result of performing the system and process evaluation, testing and remediation required in order to comply with the management certification requirements. Additionally, investors should be aware of the risk that management may assess and render the Company's internal controls ineffective, which could have a material adverse effect on the Company's financial condition or result of operations."

### **Forward Looking Statements.**

Some of the statements in this Prospectus are “forward-looking statements.” These forward-looking statements involve certain known and unknown risks, uncertainties and other factors which may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by these forward-looking statements. These factors include, among others, the factors set forth above under “Risk Factors.”

The words “believe,” “expect,” “anticipate,” “intend,” “plan,” and similar expressions identify forward-looking statements. We caution you not to place undue reliance on these forward-looking statements. We undertake no obligation to update and revise any forward-looking statements or to publicly announce the result of any revisions to any of the forward-looking statements in this document to reflect any future or developments. However, the Private Securities Litigation Reform Act of 1995 is not available to us as a penny stock issuer and thus we may not rely on the statutory safe harbor from liability for forward-looking statements. Further, Section 27A(b)(2)(D) of the Securities Act and Section 21E(b)(2)(D) of the Securities Exchange Act expressly state that the safe harbor for forward looking statements does not apply to statements made in connection with this offering.

### **Use of Proceeds**

The selling stockholders are selling shares of common stock covered in the prospectus for their own account. We will not receive any of the proceeds from the resale of these shares. We have agreed to bear the expenses relating to the registration of the shares for the selling stockholders.

### **Determination of Offering Price**

The selling stockholders may offer their shares through public or private transactions at a fixed price of \$0.01 per share. We determined the price of our public offering by arbitrarily adding a \$0.009 per share premium to the last sale price of our common stock to investors. The price does not bear any relationship to our assets, book value, earnings, or other established criteria for valuing a privately held company.

### **Dilution**

The common stock to be sold by the selling shareholders is common stock that is currently issued and outstanding. Accordingly, there will be no dilution to our existing shareholders.

**PLAN OF DISTRIBUTION; TERMS OF THE OFFERING**

**Timing of Sales**

The selling stockholders may offer and sell the shares covered by this prospectus at various times. The selling stockholders will act independently of Scription Work Solutions Inc, f/k/a Transtech Solutions in making decisions with respect to the timing, manner and size of each sale.

The selling shareholders, who are underwriters, will sell our shares at a fixed price of \$0.01 per share for the duration of the offering.”

**Offering Price**

The selling stockholders, who are underwriters, will sell their shares at the fixed price until our shares are quoted on the OTC Bulletin Board and thereafter at prevailing market prices or privately negotiated prices. Our common stock is not currently listed on any national exchange or electronic quotation system. To date, no actions have been taken to list our shares on any national exchange or electronic quotation system. If our common stock becomes publicly traded, then the sales price to the public will vary according to the selling decisions of each selling stockholder and the market for our stock at the time of resale.

## Table of Contents

### **Manner of Sale**

The selling stockholders may sell their shares directly to purchasers or may use brokers, dealers, underwriters or agents to sell their shares. Brokers or dealers engaged by the selling stockholders may arrange for other brokers or dealers to participate. Brokers or dealers may receive commissions, discounts or concessions from the selling stockholders, or, if any such broker-dealer acts as agent for the purchaser of shares, from the purchaser in amounts to be negotiated immediately prior to the sale. The compensation received by brokers or dealers may, but is not expected to, exceed that which is customary for the types of transactions involved. Broker-dealers may agree with a selling stockholder to sell a specified number of shares at a stipulated price per share, and, to the extent the broker-dealer is unable to do so acting as agent for a selling stockholder, to purchase as principal any unsold shares at the price required to fulfill the broker-dealer commitment to the selling stockholder. Broker-dealers who acquire shares as principal may thereafter resell the shares from time to time in transactions, which may involve block transactions and sales to and through other broker-dealers, including transactions of the nature described above, in the over-the-counter market or otherwise at prices and on terms then prevailing at the time of sale, at prices then related to the then-current market price or in negotiated transactions. In connection with resales of the shares, broker-dealers may pay to or receive from the purchasers of shares commissions as described above.

If our selling stockholders enter into arrangements with brokers or dealers, as described above, we are obligated to file a post-effective amendment to this registration statement disclosing such arrangements, including the names of any broker dealers acting as underwriters.

The selling stockholders and any broker-dealers or agents that participate with the selling stockholders in the sale of the shares may be deemed to be "underwriters" within the meaning of the Securities Act. In that event, any commissions received by broker-dealers or agents and any profit on the resale of the shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act.

### **Sales Pursuant to Rule 144**

Currently, we are a "shell company" as defined in Rule 12b-2 of the Exchange Act, as amended and Rule 144 is not available for the resale of securities issued by any issuer that is or has been at any time previously a shell company unless the following conditions have been met:

- the issuer of the securities that was formerly a shell company has ceased to be a shell company;
- the issuer of the securities is subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act;
- the issuer of the securities has filed all Exchange Act reports and material required to be filed, as applicable, during the preceding 12 months (or such shorter period that the issuer was required to file such reports and materials), other than Form 8-K reports; and
- at least one year has elapsed from the time that the issuer filed current Form 10 type information with the SEC reflecting its status as an entity that is not a shell company.

## Table of Contents

### **Regulation M**

We have advised the selling security holders that the anti-manipulation rules of Regulation M under the Exchange Act may apply to sales of shares in the market and to the activities of the selling security holders and their affiliates. Regulation M under the Exchange Act prohibits, with certain exceptions, participants in a distribution from bidding for, or purchasing for an account in which the participant has a beneficial interest, any of the securities that are the subject of the distribution. Accordingly, the selling stockholder is not permitted to cover short sales by purchasing shares while the distribution is taking place. Regulation M also governs bids and purchases made in order to stabilize the price of a security in connection with a distribution of the security. In addition, we will make copies of this prospectus available to the selling security holders for the purpose of satisfying the prospectus delivery requirements of the Securities Act.

### **State Securities Laws**

Under the securities laws of some states, the shares may be sold in such states only through registered or licensed brokers or dealers. In addition, in some states the shares may not be sold unless the shares have been registered or qualified for sale in the state or an exemption from registration or qualification is available and is complied with.

### **Expenses of Registration**

We are bearing all costs relating to the registration of the common stock. These expenses are estimated to be \$20,000, including, but not limited to, legal, accounting, printing and mailing fees. The selling stockholders, however, will pay any commissions or other fees payable to brokers or dealers in connection with any sale of the common stock.

### **Selling Shareholders**

The selling shareholders named in this prospectus are offering all of the 20,000,000 shares of common stock offered for resale through this prospectus. The 20,000,000 shares that were previously issued were acquired from us in private placements that were exempt from registration provided under Regulation S of the Securities Act of 1933. Our reliance upon the exemption under Rule 903 of Regulation S of the Securities Act was based on the fact that the sale of the securities was completed in an "offshore transaction," as defined in Rule 902(h) of Regulation S. We did not engage in any directed selling efforts, as defined in Regulation S, in the United States in connection with the sale of the securities. Each investor was not a US person, as defined in Regulation S, and was not acquiring the securities for the account or benefit of a US person.

The following table provides as of the date of this prospectus, information regarding the beneficial ownership of our common stock held by each of the selling shareholders, including:

- the number of shares owned by each prior to this offering;
- the total number of shares that are to be offered for each;
- the total number of shares that will be owned by each upon completion of the offering; and
- the percentage owned by each upon completion of the offering.

The named party beneficially owns and has sole voting and investment power over all shares or rights to these shares. The numbers in this table assume that none of the selling shareholders sells shares of common stock not being offered in this prospectus or purchases additional shares of common stock, and assumes that all shares offered are sold. The percentages are based on 20,000,000 shares of common stock outstanding on the date of this prospectus.

Other than disclosed above, none of the selling shareholders:

1. has had a material relationship with us other than as a shareholder at any time within the past three years;
2. has ever been one of our officers or directors;
3. is a broker-dealer; or broker-dealer's affiliate.

## Description of Securities

### General

The following description is a summary of the material terms of the provisions of our Articles of Incorporation and Bylaws as they relate to our capital structure. The Articles of Incorporation and Bylaws have been filed as exhibits to the registration statement of which this Prospectus is a part.

### Common Stock

We have 75,000,000 authorized shares of common stock with \$.001 par value. As of December 31, 2012, there were 50,100,000 shares of our common stock issued and outstanding. All shares are equal to each other with respect to liquidation and dividend rights. Holders of voting shares are entitled to one vote for each share that they own at any shareholders' meeting. Holders of our shares of common stock do not have cumulative voting rights.

Each share of common stock entitles the holder to one vote, either in person or by proxy, at meetings of shareholders. The holders are not permitted to vote their shares cumulatively. Accordingly, the shareholders of our common stock who hold, in the aggregate, more than fifty percent of the total voting rights can elect all of our directors and, in such event, the holders of the remaining minority shares will not be able to elect any of the such directors. The vote of the holders of a majority of the issued and outstanding shares of common stock entitled to vote thereon is sufficient to authorize, affirm, ratify or consent to such act or action, except as otherwise provided by law.

Holders of common stock are entitled to receive such dividends, if any, as may be declared by the Board of Directors out of funds legally available. We have not paid any dividends since our inception, and we presently anticipate that all earnings, if any, will be retained for development of our business. Any future disposition of dividends will be at the discretion of our Board of Directors and will depend upon, among other things, our future earnings, operating and financial condition, capital requirements and other factors.

Holders of our common stock have no pre-emptive rights or other subscription rights, conversion rights, redemption or sinking fund provisions. Upon our liquidation, dissolution or winding up, the holders of our common stock will be entitled to share in the net assets legally available for distribution to shareholders after the payment of all of our debts and other liabilities. There are not any provisions in our Articles of Incorporation or our Bylaws that would prevent or delay change in our control. There are no conversion, pre-emptive or other subscription rights or privileges with respect to any shares.

Table of Contents

**Preferred Stock**

We are not authorized to issue any shares of preferred stock.

**Dividend Policy**

We have not paid any cash dividends to shareholders. The declaration of any future cash dividends is at the discretion of our board of directors and depends upon our earnings, if any, our capital requirements and financial position, our general economic conditions, and other pertinent conditions. It is our present intention not to pay any cash dividends in the foreseeable future, but rather to reinvest earnings, if any, in our business operations.

**Share Purchase Warrants and Options**

We do not presently have any options or warrants authorized or any securities that may be convertible into common stock. However, our board of directors may later determine to authorize options and warrants for our Company.

**Interests of Named Experts and Counsel**

The legality of the shares offered under this registration statement is being passed upon by Dean Law Corp.

The financial statements included in this prospectus and the registration statement have been audited by Kenne Ruan, CPA to the extent and for the periods set forth in their report appearing elsewhere herein and in the registration statement, and are included in reliance upon such report given upon the authority of said firm as experts in auditing and accounting.

## **INFORMATION WITH RESPECT TO REGISTRANT**

THE FOLLOWING DISCUSSION AND ANALYSIS SHOULD BE READ TOGETHER WITH THE CONSOLIDATED FINANCIAL STATEMENTS OF SCRIPTION WORK SOLUTIONS INC F/K/A TRANSTECH SOLUTIONS, INC. AND THE NOTES TO CONSOLIDATED FINANCIAL STATEMENTS INCLUDED IN THIS REGISTRATION STATEMENT. THIS DISCUSSION SUMMARIZES THE SIGNIFICANT FACTORS AFFECTING OUR OPERATING RESULTS, FINANCIAL CONDITIONS AND LIQUIDITY AND CASH-FLOW SINCE INCEPTION.

### **Description of Business:**

#### **Organization:**

Scription Work Solutions Inc, f/k/a Transtech Solutions Inc. was incorporated to the laws of the State of Nevada on July 12, 2011. We are a development stage company that has limited operating history and has earned no revenues.

Since our inception, we have devoted our activities to developing our business plan, determining the market for our services, developing a marketing plan, as well as capital formation. Our day-to-day operations consist of working on these to ensure effective, efficient and timely completion.

There is substantial doubt about our ability to continue, as a going concern, over the next twelve months.

#### **Business**

Scription Work Solutions Inc, f/k/a Transtech Solutions Inc. is a Las Vegas-based business looking to provide services in the U.S. medical transcription marketplace. Scription Work Solutions Inc, f/k/a Transtech plans to provide medical transcription services to the Nevada medical community by offering our service through the use of digital equipment and careful proofing. The company intends to cater to the healthcare sector by providing timely, highly accurate medical transcriptions of dictated patient reports. Scription Work Solutions Inc, f/k/a Transtech aims to incorporate outsourcing operations overseas to take advantage of lower cost of labor, pending our sales effort. We believe this technology will allow an efficient way to manage transcription services on a web-based platform.

The main market sectors we aspire to penetrate are as follows:

- Offices of physicians
- Hospitals
- Medical and diagnostic laboratories

We expect Scription Work Solutions Inc, f/k/a Transtech's core service offerings to consist of medical record transcription services for the following:

- Office visits
- Surgery notes
- Lab results
- Admissions
- Assessments

## Table of Contents

### **Industry Overview**

The Bureau of Labor Statistics reports that employment of medical transcriptionists is expected to grow 6 percent from 2010 to 2020. According to BLS, this growth rate is slower than average for all occupations. We anticipate the volume of healthcare services to continue to increase, resulting in a growing number of medical tests and procedures, all of which will require transcription. In our opinion, an aging population contributing to an increased number of healthcare visits, combined with a continued emphasis of accessible documentation, is anticipated to stimulate the need for medical transcriptionists. In other words, increasing numbers of medical transcriptionists will be needed to amend patients' records, edit for grammar, and identify discrepancies in electronic records.

Contracting out transcription work overseas and advancements in speech recognition technology are not expected to significantly reduce the need for well-trained medical transcriptionists in the US. Outsourcing transcription work abroad—to countries such as India, Pakistan, Philippines, and the Caribbean—has grown more popular as transmitting confidential health information over the Internet has become more secure; however, we believe the demand for overseas transcription services is expected only to supplement the demand for well-trained domestic medical transcriptionists. Speech-recognition technology allows physicians and other health professionals to dictate medical reports to a computer that immediately creates an electronic document. In spite of the advances in this technology, the software has been slow to grasp and analyze the human voice and the English language, and the medical vernacular with all its diversity. As a result, we expect there will continue to be a need for skilled medical transcriptionists to identify and appropriately edit the inevitable errors created by speech recognition systems, and to create a final document.

While the tools used by medical transcriptionists have dramatically changed to digital devices, the fundamental nature of the practice has not. The BLS reports that in spite of advances in technology, there will continue to be a need for skilled medical transcriptionists.

### **Market Research**

The medical transcription business is a growing industry that is struggling to fulfill the demand created by physicians. We predict the drive to increase the quality of transcription services will result in insurance companies increasing their demand for qualified medical transcriptionists. We believe this is a highly fragmented and competitive industry that will continue to grow over the years, as demand is typically driven by quality of service, timely delivery and competitive pricing.

There are two general categories of customers that regularly need medical transcription services. There are physicians and psychologists who practice alone. The practitioners have the need for transcriptionists because they are typically too small to warrant their own in-house employee. The second group consists of hospitals, clinics, and other doctors who have an in-house solution, who at times are in need of supplemental services. These service requests are sporadic in nature and often require express services.

## Table of Contents

### **Market Needs**

Scripton Work Solutions Inc, f/k/a Transtech intends to provide its customers with a reliable, flexible, medically-trained transcription service. We believe the following benefits are important to our future customers:

- **Medical Background:** This is important due to the specialized language within the medical profession.
- **Convenience:** The ability to offer the service at the doctor's convenience is a significant advantage.
- **Accuracy:** Documents need to be accurate to guard against malpractice threats.

### **Market Trends**

The market trend for industries that utilize transcription services is decreasing overhead through the outsourcing of non-essential activities. We believe that this market trend will result in an increased demand for providers of outsourced transcription solutions so that they can focus on their core business competencies.

### **Market Growth**

As physician's practices are under increasing pressure to develop efficiencies (this pressure is primarily coming from the insurance companies which have significantly reduced their allowable reimbursement amounts), practices will be shedding non-essential employees and replacing them with outsourced service providers.

### **Competition**

The competition takes two general forms:

1. **General transcription service-** these are transcription services that offer medical services in addition to general service offerings. These firms typically have someone who had been trained in medical transcription, but does not do medical exclusively.
2. **Specialized medical transcription-** there are a number of exclusive medical transcription service providers. The market is controlled by larger companies that have established their brand over the years. Many of the smaller companies that provide are being driven out of the industry due to the larger more reputable companies being able to provide cheaper and faster services.

## Table of Contents

The buying patterns for medical transcriptionists are typically based on the type of relationship the physician or hospital has with the transcriptionist. If the physician does not have an in-house solution then they ideally will have a long-term relationship with a service provider. If the physician or hospital has in-house transcriptionists, then their relationships with the transcriptionist services are based on the sporadic service calls, filling a need when their service provider is unable.

### **Scripton Work Solutions' Competitive Advantage**

New technology such as voice recognition transcription software have been disruptive force in the medical transcription industry. Although voice technology has been shown to be accurate in medical transcription, we believe hospitals and medical clinics have been slow to adopt the new technology due to their preference for a live transcriptionist with whom they can interact.

Despite current industry changes, we believe there is opportunity for our company in this market. We believe we can occupy the space left in the industry where the small shops were pushed out with newer and more efficient transcription technology and methods available now. Although we do not believe we can compete with the volume of the larger players in the transcription industry, we assume a smaller shop like ours, utilizing the web, can provide competitive services with lower overhead. By adopting global outsourcing and providing our medical transcriptionists and clients a web-based platform to communicate, we believe we can provide time-efficient services at a competitive price.

### **The Company - Who We Are; Mission Statement**

We are a Nevada corporation and were formed on July 12, 2011. Medical transcription is converting confidential patient information from various sources such as voice recordings or medical notes into electronic text documents by medical transcriptionists

At Scripton Work Solutions Inc. our mission it to provide state of the art transcription services, with a primary focus on building custom er trust by ensuring a high level of confidentiality. Our goal is to ensure that customer's associate simplicity and efficiency in reliable next day turn around services when they think of our brand. Customer satisfaction and loyalty is the backbone of our business. Our primary business objective is to maximize earnings and cash flow by constant marketing efforts to increase our client base.

### **Plan of Operations**

Since inception, our operations have primarily consisted of the organization of our business and the development of our business plan. Our business plan includes a two-phase plan that details the purchase of a medical transcription platform. Currently we are still in Phase 1 of our plan which includes the following:

Formation of our Company

Completion of our business plan; and

The acquisition of additional funding

Phase 1 have been completed, with the exception of raising additional funding. To date, our CEO, Christopher Weinhaupl, has conducted all operations. As such, upon incorporating our Company, Mr. Weinhaupl was named as the Company's sole officer and director. Operations and expenditures have included the incorporation of Scripton Work Solutions Inc, f/k/a Transtech Solutions, Inc. under the laws of the State of Nevada, and the formation of an extensive business plan in which we have mapped out all of the initial services that we plan to offer to our clients. Phase 1 will culminate with the completion of this Offering, which will hopefully allow us to raise capital through public or private debt or sale of equity and see us through Phase 2. Phase 2 involves purchasing a medical transcription platform and we do not intend on entering Phase 2 until the Company raises additional funding either through public or private debt or sale of equity.

## Table of Contents

### Services

Scription Work Solutions Inc, f/k/a Transtech plans to provide medical transcription services for the medical community. We expect to transcribe office visits, surgery notes, lab results, admissions, assessment, and discharge summaries. Our future customers may simply and efficiently use phone dictation or send voice files via the Internet.

**Next Day Turnaround:** Scription Work Solutions Inc, f/k/a Transtech plans to offer 24 hour turnaround time on all dictation received by 6:00pm Central Time. If this isn't fast enough, we intend to also provide STAT transcription services with turnaround in less than 4 hours.

**Physician Portal:** We plan to use a portal where physicians can review and correct the transcribed report using standard Word functionality and any changes will be saved to the server and will be accessed or distributed to all users. The physician will sign the document with a single mouse click upon which the report will be electronically stamped and marked as final.

**98% Accuracy:** Physicians demand high quality medical transcription that is verifiable and accurate. All transcripts will be graded by proof-readers based on the American Association of Medical Transcription standards. Scription Work Solutions Inc, f/k/a Transtech plans to guarantee 98% accuracy or better or files are provided free.

**24 Hour Data Access:** Scription Work Solutions Inc, f/k/a Transtech plans to provide 24/7 access to data. The company's servers will offer redundant power backups as well as complete backup Internet backbone to assure that data is always accessible.

**Quality Assurance:** Scription Work Solutions Inc, f/k/a Transtech projects to provide 4 to 6 months of training to all transcriptionists that join Transtech. Once training is complete, transcriptionists will be placed in a live environment where all their work is scrutinized for accuracy. Only after 2 to 3 years will transcriptionists be promoted to Assistant Quality Assurance positions in the Quality Assurance Department. We plan for all transcriptions to be guaranteed for 98% accuracy or better based on American Association of Medical Transcription Standards.

**Easy File Transfers:** Scription Work Solutions Inc, f/k/a Transtech's interface will be architected with usability for the computer illiterate as well as the tech savvy user. A minimal interface will allow future clients to copy their dictations from their recorders and send it to Scription Work Solutions Inc, f/k/a Transtech's servers with just 3 clicks of a mouse.

**HIPAA Compliant:** Scription Work Solutions' medical transcription services will be fully compliant with Health Insurance Portability and Accountability Act of 1996 (HIPAA). HIPAA was a result of congressional healthcare reform proponents to reform healthcare. HIPAA legislation has four primary objectives.

1. Assure health insurance portability by eliminating job-lock due to pre-existing medical condition
2. Reduce healthcare fraud and abuse
3. Enforce standards for health information
4. Guarantee security and privacy of health information

Of the four primary objectives, the fourth objective has the most impact on medical transcription.

The rule requires that healthcare organization insurers and payors that have been using any electronic means of storing patient data and performing claims submission must comply with HIPAA legislation. Since medical transcription deals with electronic means of handling and storing patient data, our services will ensure the security and confidentiality of the patient's Protected Health Information (PHI), and maintain an audit trail of all individuals who have had access to a PHI.

Table of Contents

Assuming we are able to successfully raise funding from public or private debt or sale of equity, we will begin the second part of our business plan. In order to initiate Phase 2 of our operations, we will have to raise enough money to purchase the medical transcription platform. While we are researching the medical transcription platform to purchase, we will begin initial preparations for the launch of our platform and website.

Platform purchase – We plan to purchase our medical transcription platform. The purchase of our platform and development of our website will entail the bulk of Phase 2. We plan to allocate \$65,000 to purchase the medical transcription software. At this time we will also allocate \$10,000 to purchase servers and hosting for our planned website and platform.

Hire additional staff – When our platform has been purchased, we will begin hiring additional staff to prepare for our launch. We plan to hire one full-time marketing representative to begin work on a marketing plan for our launch. We will allocate \$30,000 for the salary of the marketing representative, and up to \$50,000 on marketing materials. We will use the marketing ideas of our President, Christopher Weinhaupl, as set forth in our “Marketing” section. However, we will look to our new employees to come up with new and innovative ways to promote our Company.

Beta testing – Once our platform is fully deployed, and our sales and marketing teams are in place, we will begin beta testing our website and transcription platform.

Acquisition of clients – When we are ready to offer our medical transcription services to the public, we intend to launch a marketing campaign ourselves in order to promote our services to potential clients. This will complete Phase 2 of our development.

In order to complete Phase 2 of our business plan, we will rely on the management skills of our President. He will have to work closely with our sales and marketing team to make sure that there is constant communication between each. The sales of our services will be directly related to the work that our marketing team is providing. In the months that follow our launch, the work of our website developers will be critical as well. We hope to be in a phase of rapid growth, and our staff will be working hard to provide constant updates to our site, and fix any bugs that may occur. Our President will have to work hard to keep all components of our business on track.

With our currently available capital resources, we will be able to conduct phase one of our planned operations, which includes the formation of our company and the completion of our business plan. We will need to raise additional capital in order to commence phase two of our planned operations, which is to purchase the transcription platform and begin our sales and marketing efforts. Using currently available capital resources, the minimum period of time that we will be able to conduct our planned operations is approximately the next few months, and then only if continued funding by the management of the company.

Description	Time period	Estimated maximum expenses
Working Capital	10-12 months	\$10,000
Website Hosting and Servers	10-12 months	\$10,000
Platform Purchase	10-12 months	\$65,000
Marketing Representatives	10-12 months	\$30,000
Marketing Materials	10-12 months	\$50,000
Admin / Professional Fees	10-12 months	\$15,000
Public Offering and Registration Fees	10-12 months	\$ 20,000
Total		\$200,000

**Management**

**Directors, Executive Officers, Promoters and Control Persons**

The Board of Directors elects our executive officers annually. A majority vote of the directors who are in office is required to fill vacancies. Each director shall be elected for the term of one year and until his successor is elected and qualified or until his earlier resignation or removal. Our directors and executive officers are as follows:

Christopher Weinhaupl, 43, has numerous years of experience as an entrepreneur. Mr. Weinhaupl’s active roles are

contributing to the Technology and Business Development of new market technologies. Mr. Weinhaupl looks for opportunities where Technology is a major disruptive factor in a mature market segment.

Canadapack a North American cross boarder Logistics Company. Mr. Weinhaupl was apart of data and web based business development, along with managing their marketing team. He was responsible for overseeing day to day operations. From 2001 to present, Mr. Weinhaupl has been a Senior Partner at “mypharmacard”, a payment processor solution for web based Pharma companies. Mr. Weinhaupl' continues to oversee the marketing and development of this company's corporate brand imaging. From 2005 to present, Mr. Weinhaupl has held a position as Senior Network Support at Enterprise Contact Centers, providing technology support for North American businesses. Mr. Weinhaupl holds academic diplomas in International Marketing an International Finance. His organizational skills, marketing skills on building a brand, and his experience working in the medical industry with “mypharmacare” will assist Scription Work Solutions Inc. and help grow the business.

**COMMISSION POSITION ON INDEMNIFICATION FOR SECURITIES ACT LIABILITIES**

<b>Name</b>	<b>Age</b>	<b>Position</b>
Mr. Christopher Weinhaupl	43	CEO, President & Director

Our Articles of Incorporation provides that we shall indemnify our directors and officers to the fullest extent permitted by Nevada law and that none of our directors will be personally liable to the Company or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability:

- for any breach of the director’s duty of loyalty to the Company or its stockholders;
- for acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of the law;
- under Nevada General Corporation Law for the unlawful payment of dividends; or
- for any transaction from which the director derives an improper personal benefit.

These provisions require us to indemnify our directors and officers unless restricted by Nevada law and eliminate our rights and those of our stockholders to recover monetary damages from a director for breach of his fiduciary duty of care as a director except in the situations described above. The limitations summarized above, however, do not affect our ability or that of our stockholders to seek non-monetary remedies, such as an injunction or rescission, against a director for breach of his or his fiduciary duty.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, we have been advised that in the opinion of the Securities and Exchange Commission, such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Table of Contents

**Employees**

As of the date of this filing, the Company has no full time employees other than our sole officer and director, Mr. Weinhaupl. We currently rely of Mr. Weinhaupl to manage all aspects of our business. We plan to use both in-house and freelance medical transcriptionists, who are trained and licensed, to perform the transcription work on our platform and servers.

<b>Name</b>	<b>Department</b>	<b>Function</b>	<b>Salary</b>	<b>Contractors</b>
ChristopherWeinhaupl	Admin	Business Development / Information Technology	None	N/A

***Employees and Consultants***

As of the date of this filing, the Company has no full time employees other than our sole officer and director, Mr. Weinhaupl. We currently rely on Mr. Weinhaupl, to manage all aspects of our business. Mr. Weinhaupl has committed to devote up to 30 hours per week to our Company. We plan to use third-party developers to assist in the production of our proposed website. We intend to add staff as the Company grows. Any such additions will be made at the judgment of management to meet the Company's then current needs.

***Legal Proceedings***

We know of no material, existing or pending legal proceedings against our Company, nor are we involved as a plaintiff in any material proceeding or pending litigation. There are no proceedings in which our director, officer or any affiliates, or any registered or beneficial shareholder, is an adverse party or has a material interest adverse to our interest.

ChristopherWeinhaupl	0	0	0	0	0	0	0	0	0	

**Long-Term Incentive Plans**

We currently have no Long-Term Incentive Plans.

**Director Compensation**

None.

**Director Independence**

Our board of directors is currently composed of one member, Christopher Weinhaupl, who does not qualify as an independent director in accordance with the published listing requirements of the NASDAQ Global Market. The NASDAQ independence definition includes a series of objective tests, such as that the director is not, and has not been for at least three years, one of our employees and that neither the director, nor any of his family members has engaged in various types of business dealings with us. In addition, our board of directors has not made a subjective determination as to each director that no relationships exist which, in the opinion of our board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, though such subjective determination is required by the NASDAQ rules. Had our board of directors made these determinations, our board of directors would have reviewed and discussed information provided by the directors and us with regard to each director’s business and personal activities and relationships as they may relate to us and our management.

**Security Holders Recommendations to Board of Directors**

We welcome comments and questions from our shareholders. Shareholders can direct communications to our Chief Executive Officer, Christopher Weinhaupl, at our executive offices. However, while we appreciate all comments from shareholders, we may not be able to individually respond to all communications. We attempt to address shareholder questions and concerns in our press releases and documents filed with the SEC so that all shareholders have access to information about us at the same time. Mr. Weinhaupl collects and evaluates all shareholder communications. All communications addressed to our director and executive officer will be reviewed by Mr. Weinhaupl unless the communication is clearly frivolous.

**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table sets forth certain information at October 31, 2013, with respect to the beneficial ownership of shares of Common Stock by (i) each person known to us who owns beneficially more than 5% of the outstanding shares of Common Stock (based upon reports which have been filed and other information known to us), (ii) each of our Directors, (iii) each of our Executive Officers and (iv) all of our Executive Officers and Directors as a group. Unless otherwise indicated, each stockholder has sole voting and investment power with respect to the shares shown. As of October 31, 2013, we had 50,100,000 shares of Common Stock issued and outstanding.

<u>Title of class</u>	<u>Name and address of beneficial owner</u>	<u>Amount and Nature of Beneficial Ownership</u>	<u>Percentage of Common Stock <sup>(1)</sup></u>
Common Stock	Christopher Weinhaupt 47 Sundown Green SE Calgary, AB	30,100,000	60%
	<b>Total</b>	<b>50,100,000</b>	<b>100%</b>

(1)

Under Rule 13d-3 promulgated under the Exchange Act, a beneficial owner of a security includes any person who, directly or indirectly, through any contract, arrangement, understanding, relationship, or otherwise has or shares: (i) voting power, which includes the power to vote, or to direct the voting of shares; and (ii) investment power, which includes the power to dispose or direct the disposition of shares. Certain shares may be deemed to be beneficially owned by more than one person (if, for example, persons share the power to vote or the power to dispose of the shares). In addition, shares are deemed to be beneficially owned by a person if the person has the right to acquire the shares (for example, upon exercise of an option) within 60 days of the date as of which the information is provided. In computing the percentage ownership of any person, the amount of shares is deemed to include the amount of shares beneficially owned by such person (and only such person) by reason of these acquisition rights.

We are not aware of any arrangements that could result in a change of control.

**CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

On August 26, 2011, the Company issued 10,000,000 shares of common stock at a price of \$0.001 per share for a value of \$10,000 to Christopher Weinhaupl, its President. The Company relied on Section 4(2) of the Securities Act for this issuance.

On September 4, 2012, the Company issued 20,100,000 shares of common stock at a price of \$0.001 per share for a value of \$20,100 to Christopher Weinhaupl, its President. The Company relied on Section 4(2) of the Securities Act for this issuance.

As a result, Mr. Weinhaupl owns 60% of the issued and outstanding common shares of the Company.

Other than the foregoing, none of the following persons has any direct or indirect material interest in any transaction to which we were or are a party since the beginning of our last fiscal year, or in any proposed transaction to which we propose to be a party:

- (A) any of our director(s) or executive officer(s);
- (B) any nominee for election as one of our directors;
- (C) any person who is known by us to beneficially own, directly or indirectly, shares carrying more than 5% of the voting rights attached to our Common Stock; or
- (D) any member of the immediate family (including spouse, parents, children, siblings and in-laws) of any of the foregoing persons named in paragraph (A), (B) or (C) above.

Mr. Weinhaupl has been the sole officer and director of the company since inception and has founded the company, thus he is a promoter as defined in Rule 405 of Regulation C. Mr. Weinhaupl has not received nor is scheduled to receive anything of value either directly or indirectly from the Company.

**Report of Independent Registered Public Accounting Firm**

To the Board of Directors and Stockholders  
Scription Work Solutions Inc  
(fka: Transtech Solutions Inc)  
(A Development Stage Company)

We have audited the accompanying balance sheets of Scription Work Solutions Inc (fka: Transtech Solutions Inc. ) (A development stage company) as of December 31, 2012 and 2011, and the related statements of operations, stockholders' equity and cash flows for the year ended December 31, 2012, the period from July 12, 2011 (date of inception) to December 31, 2011, and the period from July 12, 2011 (date of inception) to December 31, 2012. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits include consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial positions of Scription Work Solutions Inc (fka: Transtech Solutions Inc.) as of December 31, 2012 and 2011, and the results of its operations and its cash flows for the year ended December 31, 2012, the period from July 12, 2011 (date of inception) to December 31, 2011, and the period from July 12, 2011 (date of inception) to December 31, 2012 in conformity with accounting principles generally accepted in the United States of America.

The financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the financial statements, the Company's losses from operations raise substantial doubt about its ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

/s/Kenne Ruan, CPA, P.C.

## Table of Contents

**Scripton Work Solutions Inc.  
(f/k/a: Transtech Solutions Inc.)  
(A Development Stage Company)  
Notes to the Financial Statements  
December 31, 2012  
(Audited)**

### **1. ORGANIZATION AND BUSINESS OPERATIONS**

Scripton Work Solutions Inc. ("the Company") (f/k/a: Transtech Solutions Inc.) was incorporated under the laws of the State of Nevada, U.S. on July 12, 2011. The Company is in the development stage as defined under Statement on Financial Accounting Standards Accounting Standards Codification FASB ASC 915-205 "Development-Stage Entities." The Company has not generated any revenue to date and consequently its operations are subject to all risks inherent in the establishment of a new business enterprise. As of December 31, 2012 the Company has \$40,048.09 in cash.

### **2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### **a) Basis of Presentation**

The financial statements of the Company have been prepared in accordance with generally accepted accounting principles in the United States of America and are presented in US dollars.

#### **b) Going Concern**

The financial statements have been prepared on a going concern basis which assumes the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. The Company has incurred losses since inception and further losses are anticipated in the development of its business raising substantial doubt about the Company's ability to continue as a going concern. The ability to continue as a going concern is dependent upon the Company generating profitable operations in the future and/or to obtain the necessary financing to meet its obligations and repay its liabilities arising from normal business operations when they come due. Management intends to finance operating costs over the next twelve months with existing cash on hand and loans from directors and or private placement of common stock. These financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts, or amounts and classification of liabilities that might result from this uncertainty.

#### **c) Cash and Cash Equivalents**

The Company considers all highly liquid instruments with a maturity of three months or less at the time of issuance to be cash equivalents.

#### **d) Use of Estimates and Assumptions**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### **e) Foreign Currency Translation**

The Company's functional currency and its reporting currency is the United States dollar.

#### **f) Financial Instruments**

The carrying value of the Company's financial instruments approximates their fair value because of the short maturity of these instruments.

#### **g) Stock-based Compensation**

The Company records stock based compensation in accordance with the guidance in ASC Topic 718 which requires the Company to recognize expense related to the fair value of its employee stock option awards. This eliminates accounting for share-based compensation transactions using the intrinsic value and requires instead that such transactions be accounted for using a fair-value-based method. The Company recognizes the cost of all share-based awards on a graded

vesting basis over the vesting period of the award. To date, the Company has not adopted a stock option plan and has not granted any stock options.

h) Income Taxes

Income taxes are accounted for under the assets and liability method. Deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carry forwards. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled.

i) Basic and Diluted Net Loss per Share

The Company follows ASC Topic 260 to account for the earnings per share. Basic earnings per common share ("EPS") calculations are determined by dividing net loss by the weighted average number of shares of common stock outstanding during the year. Diluted earnings per common share calculations are determined by dividing net income by the weighted average number of common shares and dilutive common share equivalents outstanding. During periods when common stock equivalents, if any, are anti-dilutive they are not considered in the computation.

j) Fiscal Periods

The Company's fiscal year end is December 31.

k) Recent Accounting Pronouncements

The Company has evaluated the recent accounting pronouncements through ASU 2011-06 and believes that none of them will have a material effect on the company's financial statements.

### **3. COMMON STOCK**

The authorized capital of the Company is 75,000,000 common shares with a par value of \$ 0.001 per share.

During the period between January 2012 and December 2012, the Company issued 20,100,000 shares of common stock at a price of \$0.001 per share for a value of \$20,100 to Christopher Weinhaupl, its President. The Company relied on Section 4(2) of the Securities Act for this issuance.

During the period between January 2012 and December 2012, Company issued 20,000,000 shares of common stock under the private placements agreement to various investors at \$0.001 per share. Company received a total of \$20,000 net of offering proceeds.

There were no further issuances of stock as at December 31, 2012.

### **4. RELATED PARTY TRANSACTIONS**

Mr. Christopher Weinhaupl has not advanced funds to the Company to pay any costs incurred by it. These funds are unsecured, non-interest bearing and due on demand. The balance due Mr. Christopher Weinhaupl was \$0 as on December 31, 2012.

### **5. INCOME TAXES**

For the year ended December 31, 2012 and from January 2012 to December 31, 2012, the Company incurred net operating losses and, accordingly, no provision for income taxes has been recorded. In addition, no benefit for income taxes has been recorded due to the uncertainty of the realization of any tax assets. At December 31, 2012, the Company had approximately \$52 of federal and state net operating losses.

### **5. SUBSEQUENT EVENTS**

In accordance with ASC 855, management evaluated the subsequent events through the date of December 31, 2012 the date the financial statements were issued, and there are no subsequent events to disclose.

**Indemnification of Directors and Officers**

Our sole officer and Director is indemnified as provided by the Nevada Revised Statutes and our bylaws.

Under the NRS, director immunity from liability to a company or its shareholders for monetary liabilities applies automatically unless it is specifically limited by a company's articles of incorporation that is not the case with our articles of incorporation. Excepted from that immunity are:

- (1) a willful failure to deal fairly with the company or its shareholders in connection with a matter in which the director has a material conflict of interest;
- (2) a violation of criminal law (unless the director had reasonable cause to believe that his or her conduct was lawful or no reasonable cause to believe that his or her conduct was unlawful);
- (3) a transaction from which the director derived an improper personal profit; and
- (4) willful misconduct.

## Table of Contents

Our bylaws provide that we will indemnify our directors and officers to the fullest extent not prohibited by Nevada law; provided, however, that we may modify the extent of such indemnification by individual contracts with our directors and officers; and, provided, further, that we shall not be required to indemnify any director or officer in connection with any proceeding (or part thereof) initiated by such person unless:

- (1) such indemnification is expressly required to be made by law;
- (2) the proceeding was authorized by our Board of Directors;
- (3) such indemnification is provided by us, in our sole discretion, pursuant to the powers vested us under Nevada law;
- or
- (4) such indemnification is required to be made pursuant to the bylaws.

Our bylaws provide that we will advance all expenses incurred to any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that he is or was our director or officer, or is or was serving at our request as a director or executive officer of another company, partnership, joint venture, trust or other enterprise, prior to the final disposition of the proceeding, promptly following request. The Company's obligations of indemnification, if any, shall be conditioned on the Company receiving prompt notice of the claim and the opportunity to settle and defend the claim. The Company may, to the extent permitted by law, purchase and maintain insurance on behalf of an individual who is or was a director, officer, employee or agent of the Corporation.

## **Recent Sales of Unregistered Securities**

During the period from August 2011 and September 2012, the Company issued 30,100,000 shares of common stock for cash at \$0.001 per share or for a value of \$30,100. We relied on Regulation S of the Securities Act of 1933 for these issuances. Our reliance upon the exemption under Rule 903 of Regulation S of the Securities Act was based on the fact that the sale of the securities was completed in an "offshore transaction," as defined in Rule 902(h) of Regulation S. We did not engage in any directed selling efforts, as defined in Regulation S, in the United States in connection with the sale of the securities. Each investor was not a US person, as defined in Regulation S, and was not acquiring the securities for the account or benefit of a US person.

On August 26, 2011, the Company issued 10,000,000 shares of common stock at a price of \$0.001 per share for a value of \$10,000 to Christopher Weinhaupl, its President. The Company relied on Section 4(2) of the Securities Act for this issuance.

On September 4, 2012, the Company issued 20,100,000 shares of common stock at a price of \$0.001 per share for a value of \$20,100 to Christopher Weinhaupl, its President. The Company relied on Section 4(2) of the Securities Act for this issuance.

## **Exhibits**

The following is a list of exhibits filed as part of this Registration Statement. Where so indicated by footnote, exhibits which were previously filed are incorporated herein by reference. Any statement contained in an Incorporated Document shall be deemed to be modified or superseded for purposes of this Registration Statement to the extent that a statement contained herein or in any other subsequently filed Incorporated Document modifies or supersedes such statement. Any such statement so modified or superseded shall not be deemed, except as so modified or superseded, to constitute a part of this Registration Statement.

<b>Exhibit Number</b>	<b>scription</b>
3.1	Articles of Incorporation of Scription Work Solutions, Inc.
3.2	Bylaws of Scription Work Solutions, Inc.
4.1	Form of Subscription Agreement
5.1	Opinion of Dean Law Corp, re: the legality of the shares being registered

- 23.1 Auditor Consent
- 23.2 Consent of Dean Law Corp (included in Exhibit 5.1)

All other Exhibits called for by Rule 601 of Regulation S-K are not applicable to this filing.

**Undertakings:**

Information pertaining to our common stock is contained in our Articles of Incorporation and Bylaws. Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of our counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by us is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

The undersigned registrant hereby undertakes:

To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

- i. To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;
  - ii. To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement.
  - iii. To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;
2. That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
  3. To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
  4. That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:
    - ii. If the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

Dear Mr. Griswold:

**Re: Scription Work Solutions, Inc. (the "Company")**  
**Amendment No. 7 to Registration Statement on Form S-1**  
**Filed March 29, 2013, May 10, 2013, June 28, 2013, October 7, 2013,**  
**October 7, 2013, November 1, 2013, November 25, 2013**  
**File No. 333-187609**

I am President and C.E.O. of the Company and am writing this letter on behalf of the Company. As per our telephone conversation last week, I have addressed your comments below along with our response and, if applicable, our proposed changes to the Registration Statement:

1. In our disclosure of Management in Directors, Executive Officers, Promoters and Control Persons you asked for clarification in for the use of the word "disruptive" in Mr. Weinhaupl's past or present work experience. It was then suggested that S-1 filings are inclusive of company mission statements, distinct management skills and corporate milestones.

ANSWER The use of the word disruptive in Mr Weinhaupl's management background is used to describe his business nature when seeking out new opportunities. The word is inclusive of his current opportunity within the medical transcription industry, which he believes to be a lucrative industry that continues to grow. Mr. Weinhaupl seeks out ventures that he believes advancement in technology and logistics development serve as a strategic differentiation in business growth.

The following disclosures have been added to the filing:

**The Company - Who We Are; Mission Statement**

We are a Nevada corporation and were formed on July 12, 2011. Medical transcription is converting confidential patient information from various sources such as voice recordings or medical notes into electronic text documents by medical transcriptionists.

At Scription Work Solutions Inc. our mission it to provide state of the art transcription services, with a primary focus on building customer trust by ensuring a high level of confidentiality. Our goal is to ensure that customer's associate simplicity and efficiency in reliable next day turn around services when they think of our brand. Customer satisfaction and loyalty is the backbone of our business. Our primary business objective is to maximize earnings and cash flow by constant marketing efforts to increase our client base.

Since 2010, Christopher Weinhaupl has held ownership and was a founder of Canadapack a North American cross boarder Logistics Company. Mr. Weinhaupl was apart of data and web based business development, along with managing their marketing team. He was responsible for overseeing day to day operations. From 2001 to present, Mr. Weinhaupl has been a Senior Partner at "mypharmacard", a payment processor solution for web based Pharma companies. Mr. Weinhaupl' continues to oversee the marketing and development of this company's corporate brand imaging. From 2005 to present, Mr. Weinhaupl has held a position as Senior Network Support at Enterprise Contact

Centers, providing technology support for North American businesses. Mr. Weinhaupl holds academic diplomas in International Marketing and International Finance. His organizational skills, marketing skills on building a brand, and his experience working in the medical industry with “mypharmacare” will assist Scription Work Solutions Inc. and help grow the business.

2. On page 49, the Signature page should be phrased as precisely as it is on the SEC’s S-1 file format.  
<http://www.sec.gov/about/forms/forms-1.pdf>

ANSWER: This disclosure has been revised to reflect your recommended changes.

Thank you.  
Chris Weinhaupl

Hi Faiyaz,

Yes, please send me an invoice for the time that you will be spending to review the S1A1 and the comment letter responses.

We are in the process of changing the company name from Transtech Solutions Inc to Scription Work Solutions Inc. When the name change has been completed with the Nevada SoS, I think we will have to file something on EDGAR advising of the name change. Is this something that we add to the S1 amendment that we are filing? Or is there a separate filing for company name changes?

Thank you.  
Paul

---

Hi Faiyaz,

We only require a review of Q8-Q10 and Q37 of the comment letter.

Attached is the S1A1 with the changes tracked only pertaining to those questions. We did all the changes on htm, and it would take several hours to track all changes made for the 38 questions to word.

If you really need the changes made to the entire S1A1 tracked, then I can get it to you later tonight.

Thank you.  
Paul

Hi Faiyaz,

Quick question.

For Transtech, we currently have 30.1mil shares to the President and 20mil shares to the shareholders.

If we want to increase the number of shares for both the President and the shareholders, what is the best way to do it? Would it be to register the additional shares via another S1 or a stock split?

Thank you.  
Paul

Hi Faiyaz,

Thank you for the heads up.

On the html version of our filing, the changes and revisions are highlighted. I will locate the revisions on our html file and highlight it on the word copy that I will send you later today.

Thank you  
Paul

Hi Paul,

You need to redline all changes to the S-1 on the amendments so that the SEC is able to pick up the changes. Please redlined and send back to me or if you'd like, e-mail me a copy of the document that was filed and I can do a compare and pick up the changes.

Regards,

Faiyaz Dean

Hi Faiyaz,

Did you have a chance to look over the attached letter that I sent you?

The legal letter has set an April 19th deadline to comply so we should act on this quickly.

Please let me know.

Thank you  
Paul

---

Hi Faiyaz,

I just wanted to give you a heads up that with Transtech, we have completed with Nevada the corporate name change to Scription Work Solutions, Inc. The 8-K for the name change was filed today.

If you hear any updates regarding Flow Tech's DTC or Enviro Cleanse's 15C, please let me know.

Thank you

Paul

Hey guys,

Just got a call from the SEC and they noticed a spacing issue with the President's name. There aren't any spaces between his first and last names. This will need to be resolved in the next amendment.

Regards,

Faiyaz Dean

1 Kwon to help us do that and facilitate it with us -- or  
 2 with me.  
 3 BY MR. MILLER:  
 4 Q Okay. So Mr. Jagpal and Mr. Rai told you  
 5 about Mr. Kwon so that you could, on behalf of  
 6 Scription, retain Mr. Kwon so that Scription could go  
 7 public. Did I get that right?  
 8 A Correct.  
 9 Q What did they tell you about Mr. Kwon that  
 10 caused you to want to use him?  
 11 A Nothing specific. Just a --  
 12 Q And then --  
 13 A -- recommendation.  
 14 Q I apologize again. Did you finish your  
 15 answer?  
 16 A Just a recommendation.  
 17 Q And then when you say Mr. Kwon assisted with  
 18 the -- and a secretary, that you can't recall the name  
 19 of, assisted in the production and the search for  
 20 documents pursuant to Genufood 45, did Mr. Kwon have  
 21 access to Scription's documents?  
 22 A Yes.  
 23 Q How about to documents kept electronically?  
 24 A I think all of our documents are in  
 25 electronic format. Is that what you're referring to?

1 Q I don't know if you have hard copies or not;  
 2 but if you're telling me everything is electronic,  
 3 that's your answer.  
 4 A Okay. Yeah, everything is in electronic  
 5 format.  
 6 Q So Mr. Kwon had access to Scription's systems  
 7 where it keeps its electronic documents?  
 8 A I think it would be correct to say that Paul  
 9 kept them for Scription.  
 10 Q And since what period of time?  
 11 A Since we started the process for the filing.  
 12 Q And when was that, sir?  
 13 A 2013. Sometime in 2013.  
 14 Q So when you first retained Mr. Kwon -- well,  
 15 strike that.  
 16 Did Scription ever retain Mr. Kwon as its  
 17 counsel for registration?  
 18 A I'm sorry. What does that mean, "for  
 19 registration"?  
 20 Q Okay. You said you wanted -- that Scription  
 21 wants to go public; is that right?  
 22 A Correct.  
 23 Q In order to go public, did Scription retain  
 24 Mr. Kwon?  
 25 A Yes.

1 Q When did it retain Mr. Kwon?  
 2 A This would have started maybe the spring of  
 3 2013.  
 4 Q And at that point to present, does Mr. Kwon  
 5 have access or -- strike that.  
 6 From the time Scription retained Paul Kwon to  
 7 present, does Mr. Kwon have possession of all of  
 8 Scription's documents, corporate documents?  
 9 A Yes, he does.  
 10 Q Do you as CEO have any possession of any of  
 11 Scription's documents?  
 12 A I have copies.  
 13 Q Of every document?  
 14 A Yes.  
 15 Q And what about emails? Does Scription, or  
 16 you in your capacity as Scription's CEO, use emails?  
 17 A Yes, we do.  
 18 Q And who has custody of the emails?  
 19 A I think I would have my emails, and Paul  
 20 would have, for example, his -- he would have his  
 21 emails.  
 22 Q What email address have you used, since  
 23 Scription came into existence to present, in order to  
 24 communicate on behalf of Scription?  
 25 A I may have used a few email accounts, and I

1 don't know which ones specifically I would have used.  
 2 Q It's fine. You can just name them all. And  
 3 this starts in the period July 2011 to the present.  
 4 A [REDACTED]  
 5 [REDACTED] And [REDACTED]  
 6 Just those three.  
 7 Q Nothing else?  
 8 A Nothing else.  
 9 Q Are you certain of that?  
 10 A I'm not sure, no. Not certain.  
 11 Q Do you want to take a few minutes to think  
 12 about it?  
 13 A Those would be the email addresses I would  
 14 have used to communicate with Paul.  
 15 Q I wasn't -- I'm sorry. The question wasn't  
 16 just with Paul. I'm talking about, in general, emails  
 17 that you used in your capacity as the CEO of Scription.  
 18 A Yes, as my -- for Scription, yes, those would  
 19 be the three email accounts.  
 20 Q And what about Mr. Kwon? Does he have any  
 21 email accounts, that you're aware of, where he  
 22 communicates on behalf of -- well, strike that.  
 23 Does Mr. Kwon, that you know of, communicate  
 24 on behalf of Scription using email?  
 25 A No.

Page 30

1 Q Have you ever gotten an email from Mr. Kwon?  
2 A Yes.  
3 Q Do you know what his email address is?  
4 A May I look it up?  
5 MR. VARNAVIDES: If you know, you know.  
6 MR. MILLER: Sure.  
7 THE WITNESS: I don't know it at the moment,  
8 but do you want me to --  
9 MR. VARNAVIDES: Gary, are you --  
10 MR. MILLER: Counsel, do you --  
11 MR. VARNAVIDES: Gary, are you instructing  
12 Mr. Weinhaupt to look up Mr. Kwon's email? Is that  
13 the --  
14 MR. MILLER: No, I'm not instructing him to  
15 do anything. I'm asking him the question; but if he  
16 has volunteered to and he'd like to assist, that's  
17 terrific.  
18 MR. VARNAVIDES: For the record, Mr.  
19 Weinhaupt is checking his phone to look up Paul Kwon's  
20 email address.  
21 MR. MILLER: Thank you, Counsel.  
22 THE WITNESS: [REDACTED]  
23 [REDACTED]  
24 BY MR. MILLER:  
25 Q Did you grant Mr. Kwon the authority to use

Page 31

1 any of your email addresses to communicate on behalf of  
2 Scription?  
3 A No.  
4 Q Did you grant anyone else authority to use  
5 your email addresses to communicate on behalf of  
6 Scription?  
7 A No.  
8 Q Did Scription produce emails pursuant to  
9 Exhibit 45?  
10 A Not that I recall.  
11 Q Did you search for responsive emails in  
12 response to Exhibit 45?  
13 A I'm sorry. What does that mean?  
14 Q Did you search your emails to see whether or  
15 not any of the emails that you had regarding Scription  
16 were responsive to any of the questions and requests  
17 that are made in Exhibit 45?  
18 A No.  
19 Q Did you as CEO of Scription do anything in  
20 order to search for responsive documents to Exhibit 45?  
21 A No.  
22 MR. VARNAVIDES: Just to --  
23 BY MR. MILLER:  
24 Q Why is that?  
25 MR. VARNAVIDES: -- to clarify, the earlier

Page 32

1 question was when you're referring to "you," that was  
2 to Scription, the company as a whole, Mr. Miller.  
3 So I believe Mr. Weinhaupt testified earlier  
4 that the secretary for Scription had searched for  
5 documents responsive to the subpoena, Exhibit 45.  
6 So to be clear, I think Mr. Miller's first  
7 question was directed to Scription on the whole,  
8 because his subsequent question asked you specifically  
9 as CEO. So I think there might be some confusion there.  
10 MR. MILLER: Thank you very much for that,  
11 Counsel. You're 100 percent right.  
12 BY MR. MILLER:  
13 Q Do you have -- do you understand what the  
14 question is now, Mr. Weinhaupt?  
15 A No. Pardon me.  
16 Q No problem. I'll rephrase.  
17 A Thank you.  
18 Q As your counsel just correctly pointed out,  
19 the first one was what did Scription do in order to  
20 comply with Exhibit 45. You said that a secretary of  
21 Scription and Mr. Kwon were responsible and did produce  
22 pursuant to Exhibit 45.  
23 Now my question is, what did you personally  
24 do as CEO of Scription in order to respond to Exhibit  
25 45 on behalf of Scription?

Page 33

1 A I asked Paul to prepare the documents to  
2 forward.  
3 Q Did you review any of the documents before  
4 they were sent to the SEC staff?  
5 A No.  
6 Q Why is that?  
7 A They were coming from Paul's office, and they  
8 were being expedited to Gary's office in New York. So  
9 I'm not in the same town as Paul, and that would have  
10 taken extra time.  
11 Q So when you answered my first question that I  
12 asked a few moments ago, has Scription tendered all  
13 documents responsive to Exhibit 45, you said yes. How  
14 do you know that's the right answer if you didn't  
15 review the documents?  
16 A I was just told that it was.  
17 Q By who?  
18 A By Paul.  
19 Q Did you ever read the requests in Exhibit 45?  
20 A Yes.  
21 Q Where was Scription's secretary physically  
22 located? What city?  
23 A Vancouver.  
24 Q What address in Vancouver?  
25 A I don't know the exact address. She works

1 THE WITNESS: I'm -- more on just the  
2 semantics of it, I'm not sure if I hired Gary to  
3 represent myself, or Scription hired Gary to represent  
4 Scription.

5 BY MR. MILLER:

6 Q Okay. But -- but one of the two of you --  
7 you're saying that Mr. Varnavides' firm represents  
8 Scription; is that right?

9 A Yes.

10 MR. VARNAVIDES: I think he just got a little  
11 crossed up on the semantics, Gary.

12 MR. MILLER: No worries. No worries.

13 THE WITNESS: Sorry.

14 BY MR. MILLER:

15 Q And in order to secure Mr. Varnavides' firm  
16 to provide legal services, did Scription pay a retainer  
17 to Mr. Varnavides' firm?

18 A Yes.

19 Q How much was the retainer?

20 A Maybe 5 or \$7,000 U.S. maybe or --

21 Q And what was the source -- I apologize. What  
22 was the source of the money for Mr. Varnavides' firm's  
23 retainer?

24 A I wanted to transfer the funds right away, so  
25 I had asked a friend with money sitting in an account

1 to forward the funds on my behalf to Gary's firm in a  
2 wire transfer for me.

3 Q And who's the friend?

4 A Andy Jagpal.

5 Q Where did he wire the funds from?

6 A Andy would know. I knew, it was another -- I  
7 think it was one of his -- I can't say, but --

8 Q Has Scription paid him back?

9 A Not yet.

10 Q Have you personally paid him back?

11 A No.

12 Q Why is that?

13 A I think it's just I haven't gotten to it yet.

14 Q What's Mr. Jagpal's full mailing address and  
15 phone number?

16 A I don't have his address. Like, his home  
17 address?

18 Q His home address and his phone number. You  
19 can look in your phone if you need to. What's his  
20 phone number?

21 A His phone number would be -- so area code

22 [REDACTED]

23 Q And his address?

24 A He lives in Vancouver, British Columbia. But  
25 for the street address, I wouldn't know specifically

1 the street address, or is it -- pardon me. Vancouver's  
2 broken up into suburbs kind of like the greater  
3 Vancouver regional area. So he would live in a suburb  
4 of Vancouver. I think he's either in Surrey or Delta.  
5 I apologize for not knowing. He's on the boundary of  
6 one of those two areas.

7 Q No worries. And why -- what about his email  
8 account? What is his email address?

9 A Ajagpal -- J-a-g-p-a-l --  
10 @alliancevancouver.com.

11 MR. MILLER: Madam Court Reporter, could you  
12 pull folder number 41 and mark that as Exhibit Genufood  
13 47, and hand it to the witness?

14 THE REPORTER: Yes.

15 (SEC Exhibit No. 47 was marked for  
16 identification.)

17 BY MR. MILLER:

18 Q Mr. Weinhaupl, I think you have in front of  
19 you Genufood Exhibit 47. It should be Bates stamped at  
20 the bottom, right-hand corner Scription 000158 through  
21 160. Are we looking at the same document?

22 A Yes, yes.

23 Q All right. Do you see the last page of  
24 Exhibit 47? In the signature block, do you see that  
25 signature? Is that you?

1 A Yeah -- yes, that's me.

2 Q And it is page Bates stamped and ends at 159  
3 and 160, is that the retainer of Mr. Varnavides' firm  
4 for Scription?

5 A Yes.

6 Q Thank you.

7 MR. MILLER: Madam Court Reporter, could you  
8 please pull the folder that's labeled 42 and mark that  
9 as Exhibit 48, and hand that to the witness, please?

10 THE REPORTER: Yes.

11 (SEC Exhibit No. 48 was marked for  
12 identification.)

13 THE REPORTER: (Indicating).

14 THE WITNESS: Thank you.

15 THE REPORTER: Uh-huh.

16 BY MR. MILLER:

17 Q Okay. I think you have in front of you  
18 Genufood 48, which should be Bates stamped Scription  
19 000525. Are we looking at the same document,  
20 Gentlemen? Or Mr. Weinhaupl?

21 A 48? Genufood 48?

22 Q Yes. Is it Bates stamped in the bottom,  
23 right-hand corner Scription 000525?

24 A Yes.

25 Q Okay. This looks like it's a wire transfer

Page 102

1 marked 18. It should be a blank page, totally blank  
 2 page. Do you see that?  
 3 A Yes.  
 4 Q Turn to the next page, and there should be a  
 5 lot of names there.  
 6 A Yes.  
 7 Q Who are these people?  
 8 MR. VARNAVIDES: For the record, it's a list  
 9 of names identified under the heading Selling  
 10 Shareholders.  
 11 THE WITNESS: Where's Selling Shareholders?  
 12 MR. VARNAVIDES: (Indicating).  
 13 THE WITNESS: Oh, there? My understanding is  
 14 these are people that want to participate in the  
 15 company, Scription.  
 16 BY MR. MILLER:  
 17 Q And how did you have that understanding?  
 18 A Through Paul.  
 19 Q What did he tell you?  
 20 A We contract -- or I contract staff in the  
 21 Philippines to do transcription work and do some  
 22 management tasks, and -- no, these aren't -- no. Yeah,  
 23 and some of these people here are those people --  
 24 Q Who?  
 25 A -- that are participated -- that I am

Page 103

1 currently contracting work to to do my transcription  
 2 work.  
 3 Q Who are they?  
 4 A What do you mean by "who are they?"  
 5 Q Point out the names. Read the names into the  
 6 record of who you contract with.  
 7 A Well, I would have to get a current list.  
 8 Some of these names look old to me. And what I mean by  
 9 "old," not currently working or currently contracted by  
 10 me. And one of the reasons --  
 11 Q Okay.  
 12 A And one of the reasons for that was earlier  
 13 this year, we took a management change -- or I took a  
 14 management change because the approach that we had used  
 15 for hiring -- or contracting some of the work was not  
 16 being successful in that I saw a duplication of work,  
 17 and it wasn't cost-effective to continue operating that  
 18 way. And what we did -- or I did at that time was  
 19 change away -- change the operations around. And I'm  
 20 actually still doing that now, so --  
 21 Q Okay. I guess my question is, do you know  
 22 any of these names that are on this list?  
 23 A Not personally.  
 24 Q Did any of these people own -- do any of  
 25 these people own shares of Scription?

Page 104

1 A No.  
 2 Q Could you turn to page 21?  
 3 A Okay.  
 4 Q Before when you say none of those people own  
 5 shares of Scription, have any of those people ever  
 6 owned shares of Scription?  
 7 A No.  
 8 Q Okay. On page 21, it says, Interest of named  
 9 experts and counsel. Do you see that?  
 10 A Yes.  
 11 Q It says, The legality of the shares offered  
 12 under this registration statement is being passed upon  
 13 by Dean Law Corp. Have you ever heard of something  
 14 called Dean Law Corp.?  
 15 A I believe I've heard the name, but I don't  
 16 recall the context.  
 17 Q What does "legality of the shares" mean?  
 18 A I don't know.  
 19 Q Did Scription ever retain Dean Law Corp.?  
 20 A I don't recall.  
 21 Q The next sentence says, The financial  
 22 statements included in this prospectus and the  
 23 registration statement have been audited by Kenne,  
 24 K-e-n-n-e, next name is Ruan, R-u-a-n, CPA. Have you  
 25 ever heard of Kenne Ruan, CPA?

Page 105

1 A No.  
 2 Q Can you turn to the next page? It should  
 3 say, Information with respect to registrant.  
 4 A Yes.  
 5 Q Who's the registrant?  
 6 A Scription.  
 7 Q And then it says Business. Do you see that?  
 8 A Yes.  
 9 Q Scription Work Solutions, Inc., FKA Transtech  
 10 Solutions, Inc., is a Las Vegas-based business looking  
 11 to provide services in the U.S. medical transcription  
 12 marketplace. Is that a true statement?  
 13 A Yes.  
 14 Q Scription Work Solutions, Inc., FKA  
 15 Transtech, plans to provide medical transcription  
 16 services to the Nevada medical community by offering  
 17 our service through the use of digital equipment and  
 18 careful proofing. Is that an accurate statement?  
 19 A Yes.  
 20 Q Okay. So Scription is planning to provide  
 21 medical transcription services to the Nevada medical  
 22 community?  
 23 A And Nevada would be part of the United  
 24 States.  
 25 Q Why is it limited to Nevada?

Page 110

1 Phase 2 involves purchasing a medical  
 2 transcription platform, and we do not intend on  
 3 entering Phase 2 until the company raises additional  
 4 funding either through public or private debt or sale  
 5 of equity.

6 Is that the business plan and Plan of  
 7 Operations description, those two phases?

8 A Those are two phases of the business, yes.

9 Q Okay. So the other information that you gave  
 10 before about the amalgamation of your three existing  
 11 medical transcription companies, is that located or  
 12 listed under the Plan of Operations?

13 A Where's the Plan of Operations listed? Oh,  
 14 right there.

15 Q I just read it to you.

16 A Oh, pardon me. No.

17 Q Why is that?

18 A I don't know.

19 Q Have you ever read this -- have you ever seen  
 20 this portion or read this portion that I just read to  
 21 you before today?

22 A No.

23 Q Did you authorize this information be put in  
 24 the -- into Exhibit 49?

25 A I contributed a lot of this information

Page 111

1 that's here, and much of this information has come from  
 2 my business plan.

3 Q Okay. Does what we just read there, what I  
 4 just read to you, the Plan of Operations, does that  
 5 accurately portray Scription?

6 A Yes.

7 Q I thought you said earlier that Scription was  
 8 the amalgamation of your three existing medical  
 9 transcription businesses, and the acquisition of  
 10 additional ones. Is that listed under the Plan of  
 11 Operations here?

12 A It's not listed there.

13 Q Then why is that accurate?

14 A We have two phases in our plan. We're  
 15 working those two phases. So that's part of our plan.

16 Q Okay. Can you turn to the page that says 27?

17 A Sure.

18 Q Okay.

19 A Directors? Yes.

20 Q Okay. It says, Canada Pack -- it's got your  
 21 name and age there. Do you see that?

22 A Yes.

23 Q And then it says Canada Pack. It lists that.  
 24 Do you see that?

25 A Canada Pack and North American, Cross Border.

Page 112

1 That part?

2 Q Yes, sir.

3 A I see that.

4 Q It says, Mr. Weinbaupl was a part of data and  
 5 web-based business development, along with managing  
 6 their marketing team. He was responsible for  
 7 overseeing day-to-day operations.

8 Does that say that you were an owner of  
 9 Canada Pack or the owner?

10 A It doesn't say that.

11 Q Is that a correct statement then?

12 A I do that as well.

13 Q Okay. The next sentence says, From 2001 to  
 14 present, Mr. Weinbaupl has been a senior partner at,  
 15 quote, M-y-p-h-a-r-m-a-c-a-r-d, close quote, a payment  
 16 processor solution for web-based pharma companies. Is  
 17 that a true statement?

18 A That -- that business didn't start or didn't  
 19 go anywhere, so that wouldn't be a true statement.

20 Q Why is it in there?

21 A Maybe someone clipped it from somewhere by  
 22 accident.

23 Q Who's "someone"? Who's "someone"?

24 A Paul Kwon might have clipped it from a  
 25 document that I might have provided that's out of date.

Page 113

1 Q Then it says at the bottom, His  
 2 organizational skills, marketing skills on building a  
 3 brand and his experience working in the medical  
 4 industry with Mypharmacare will assist Scription Work  
 5 Solutions, Inc., and help grow the business.

6 Is that a true statement, that your  
 7 experience working in the medical industry with  
 8 Mypharmacare will assist Scription Work Solutions and  
 9 help grow the business?

10 A I'm sorry. I'm trying to -- oh, at the last  
 11 line, Mypharmacare. I'm not sure why Mypharmacare is  
 12 in quotes. I think -- I believe the experience that's  
 13 being referred to is the experience I have with the  
 14 medical industry doing the medical transcription work  
 15 that I'm doing --

16 Q Okay.

17 A -- currently.

18 Q It says here, quote, M-y-p-h-a-r-m-a-c-a-r-e,  
 19 close quote. Do you see that?

20 A I do.

21 Q Have you ever heard of something called that?

22 A No.

23 Q Do you see above it says, quote,  
 24 M-y-p-h-a-r-m-a-c-a-r-d, close quote? Have you ever  
 25 heard of that?

1 A Yes.  
 2 Q Did you ever work for that company,  
 3 Mypharmacard?  
 4 A That never became a company. That was an  
 5 idea.  
 6 Q When did you have the idea?  
 7 A 2000-2001. Year 2000-2001.  
 8 Q Okay. And then if you go to the page before  
 9 that, it says -- there's a bunch of line items there.  
 10 Do you see that?  
 11 A Yes.  
 12 Q It says, Platform purchase time period, 10 to  
 13 12 months. Estimated maximum expenses, \$65,000. Is  
 14 that for the software we talked about before?  
 15 A That's correct.  
 16 Q Didn't you testify earlier that that was  
 17 \$15,000?  
 18 A Since the writing -- since the writing of  
 19 this, the market's changed.  
 20 Q Since January 21, 2014 --  
 21 A Yes.  
 22 Q -- it's gone from 15,000 to 65,000?  
 23 MR. VARNAVIDES: I think the opposite of  
 24 that.  
 25 THE WITNESS: It's come down in price.

1 MR. MILLER: Oh, I see. Thank you for the  
 2 clarification, Counsel.  
 3 BY MR. MILLER:  
 4 Q Let's go to page 29.  
 5 A Okay.  
 6 Q You see Employees and Consultants. As of the  
 7 date of this filing, the company has no full-time  
 8 employees other than our sole officer and director, Mr.  
 9 Weinhaupl. We currently rely on Mr. Weinhaupl to  
 10 manage all aspects of our business. So that's just  
 11 you; is that right?  
 12 A That's correct.  
 13 Q Is there any -- has Scription ever had any  
 14 part-time employees?  
 15 A Scription?  
 16 Q Scription/Transtech, the same company.  
 17 A No, no part-time employees.  
 18 Q How about consultants?  
 19 A Just Paul and the -- and then the person who  
 20 is doing the accounting as consultants.  
 21 Q Who's the person doing the accounting?  
 22 A I don't recall their name here, but Paul had  
 23 administrated that for me.  
 24 Q Okay. And now let's go to page 32.  
 25 A Okay.

1 Q Certain Relationships and Related  
 2 Transactions, do you see that?  
 3 A Yes.  
 4 Q It says, On August 26, 2011, the company  
 5 issued 10 million shares of its common stock at a price  
 6 of -- it says \$0.001 per share for a value of \$10,000  
 7 to Christopher Weinhaupl, its president. The company  
 8 relied on Section 4(2) of the Securities Act for this  
 9 issuance.  
 10 Did the company issue you 10 million shares  
 11 for a value of \$10,000 on August 26, 2011?  
 12 A That would have been the time we  
 13 incorporated, and I put money in for the business to  
 14 fund it.  
 15 Q Okay. That's not my question. That's not my  
 16 question. Did the company issue those shares to you on  
 17 August 26, 2011?  
 18 A I don't recall.  
 19 Q Do you have 10 million shares -- do you have  
 20 10 million common shares?  
 21 A In Scription?  
 22 Q Yes.  
 23 A Yes.  
 24 Q On September 4, 2012, the company issued  
 25 20,100,000 of its common stock at a price of \$0.001 per

1 share for a value of \$20,100 to Christopher Weinhaupl,  
 2 its president. Is that a true statement?  
 3 A I don't recall.  
 4 Q It says, The company relied on Section 4(2)  
 5 of the Securities Act for this issuance. What is  
 6 Section 4(2) of the Securities Act?  
 7 A I don't know.  
 8 Q If you go to the bottom of the page, it says,  
 9 Mr. Weinhaupl has been the sole officer and director of  
 10 the company since inception, and has founded the  
 11 company, thus, he is a promoter as defined in Rule 405  
 12 of Regulation C. Did you know you were a promoter  
 13 before today?  
 14 A I did not know I was a promoter.  
 15 Q Mr. Weinhaupl has not received, nor scheduled  
 16 to receive, anything of value either directly or  
 17 indirectly from the company. Have you read that  
 18 statement before today?  
 19 A No.  
 20 Q Is it a true statement?  
 21 A Yes.  
 22 Q Okay. If you would turn to page 34, it's the  
 23 report of the independent registered public accounting  
 24 firm. Have you ever seen this page before today?  
 25 A I think I did. I don't recall though.

Page 130

1 (SEC Exhibit No. 56 was marked for  
2 identification.)  
3 THE REPORTER: (Indicating).  
4 THE WITNESS: Thanks.  
5 THE REPORTER: Uh-huh.  
6 THE WITNESS: Okay.  
7 BY MR. MILLER:  
8 Q Have you ever seen this email thread that  
9 starts with Bates stamp Ruan 974 and runs through 978  
10 before today?  
11 A No.  
12 Q Okay. You see the first page of it, there's  
13 an email from Chris Weinhaupl on May 17, 2013 at 10:50  
14 a.m. Do you see that? On the first page.  
15 A Sorry, what -- pardon me. The question? I  
16 was on the wrong page.  
17 Q Do you see the first page, bottom of the  
18 page, email from Chris Weinhaupl to Kenne Ruan, May 17,  
19 2013 at 10:50 a.m.?  
20 A Right, I see that.  
21 Q Are you familiar with that email address,  
22 scriptonworksolutions@gmail.com?  
23 A No.  
24 Q You don't have that email address?  
25 A No.

Page 131

1 Q That's not yours?  
2 A No.  
3 Q Did you ever authorize anyone to use that  
4 email address and put your name to it?  
5 A No.  
6 Q At the bottom it says, Hi, Kenne. And at the  
7 end it says, Thank you, Paul. Who's Paul?  
8 A I would only make an assumption, so I don't  
9 know.  
10 Q That's the first time you've seen that email  
11 address, other than today?  
12 A Yes.  
13 MR. MILLER: Can you -- Madam Court Reporter,  
14 can you pull folder 13 and put Exhibit 57 on it?  
15 THE REPORTER: Yes.  
16 (SEC Exhibit No. 57 was marked for  
17 identification.)  
18 MR. MILLER: Hand it to the witness, please.  
19 THE WITNESS: So there's two documents here?  
20 MR. MILLER: Have you ever -- 57?  
21 THE WITNESS: I've just got two copies of the  
22 same --  
23 MR. VARNAVIDES: That's an extra copy.  
24 THE REPORTER: Oh, thank you.  
25 BY MR. MILLER:

Page 132

1 Q Sorry, 57 should be DLC 000235 through 237.  
2 Do you have number 57 in front of you, sir?  
3 A Yes.  
4 Q Have you ever seen this before today?  
5 A I don't recall.  
6 Q Why is Dean Law Corp. sending an invoice for  
7 professional services rendered to Transtech Solutions,  
8 attention Chris Weinhaupl, President? Do you have an  
9 answer?  
10 A I'm just -- I'm trying to recall the  
11 situation back in 2011 that would bring this together.  
12 I can't recall back then what brought this together.  
13 Q Did you ever send any money to Mr. Dean's law  
14 firm -- or Dean Law Corp.?  
15 A I don't recall.  
16 Q Did you ever talk with anyone from Dean Law  
17 Corp.?  
18 A Could I have a moment?  
19 Q Let me rephrase. Have you ever heard of the  
20 name Faiyaz Dean before today?  
21 A No.  
22 MR. MILLER: Madam Court Reporter, could you  
23 mark the document in folder 16 as Exhibit 58, and hand  
24 it to the witness? Did you still need a minute,  
25 Mr. Weinhaupl?

Page 133

1 THE WITNESS: Yeah, please.  
2 MR. MILLER: Do you want to go off the  
3 record?  
4 THE WITNESS: If that's okay, yes, please.  
5 MR. VARNAVIDES: It should be very brief,  
6 Gary.  
7 MR. MILLER: It's 5:04 p.m. Off the record.  
8 (A brief recess was taken.)  
9 (SEC Exhibit No. 58 was marked for  
10 identification.)  
11 MR. MILLER: We're back on the record at  
12 5:07 p.m. And we went off the record at Mr.  
13 Weinhaupl's request so that he could confer with  
14 Counsel. Did you have something to say, Counsel?  
15 MR. VARNAVIDES: Yes. Mr. Weinhaupl advised  
16 me during the break that he would like to change his  
17 earlier answer to one of your preceding questions about  
18 whether he had heard the name Faiyaz Dean before today.  
19 BY MR. MILLER:  
20 Q Go ahead, Mr. Weinhaupl.  
21 A So I've heard of the gentleman through  
22 Paul -- working with Paul. And that's where that  
23 name --  
24 Q What did Paul tell you about him? Besides  
25 telling you the name, what did Paul tell you about him?

1 A Didn't mention anything about him  
 2 specifically.  
 3 Q Okay. How did his name come up?  
 4 A I apologize. I don't recall.  
 5 Q Okay.  
 6 MR. MILLER: Madam Court Reporter, we didn't  
 7 mark 58 yet, did we?  
 8 THE REPORTER: Yes. I have it ready right  
 9 here.  
 10 MR. MILLER: Okay. That's folder 16?  
 11 THE REPORTER: Yes.  
 12 MR. MILLER: You'll hand that to the witness,  
 13 right?  
 14 THE REPORTER: I just did.  
 15 MR. MILLER: Okay.  
 16 BY MR. MILLER:  
 17 Q And 58 should be DLC 000347 and run through  
 18 349. Do you have number 58 in front of you, sir?  
 19 A Yes.  
 20 Q Okay. This appears to be a document dated  
 21 October 15, 2012, minutes of a meeting of the director  
 22 of the company held on October 15, 2012 at the Las  
 23 Vegas address from Nevada -- in Las Vegas, Nevada. Did  
 24 you hold a meeting in Las Vegas, Nevada on October 15,  
 25 2012, Mr. Weinbaupl?

1 A Not in Las Vegas.  
 2 Q How about anywhere?  
 3 A Well, it would have been -- it would have  
 4 been me at home in my home office.  
 5 Q Okay. And have you ever seen Exhibit 58  
 6 before? And if so, what is it? Let's start with the  
 7 first question. Have you ever seen it before today?  
 8 A Yes.  
 9 Q What is it?  
 10 A From my understanding, was to disseminate  
 11 some shares to the shareholders here.  
 12 Q How did you get that understanding?  
 13 A We had a discussion on how we wanted to  
 14 allocate shares in the company for people --  
 15 Q Who's "we"?  
 16 A Just Paul and I.  
 17 Q How did you come up with these names?  
 18 A These were people that wanted to participate  
 19 in what we were doing with the transcription business.  
 20 Q Who located these people?  
 21 A We have -- or I have some business people I  
 22 know in the Philippines.  
 23 Q What did you tell them?  
 24 A When I was setting up the Philippine vendors  
 25 or the transcriptionists, we were talking to them about

1 participating in the business as it becomes profitable,  
 2 and they could look at participating in a share  
 3 offering to participate in the business growth.  
 4 Q Did these people pay any money that are  
 5 listed on 58 for their shares?  
 6 A Not yet.  
 7 Q Okay. And did you authorize your signature  
 8 on here --  
 9 A Yes.  
 10 Q -- or your name being put on there?  
 11 A Yeah.  
 12 Q And it says here, Upon motion. And then it  
 13 says, Fully paid. So they didn't pay?  
 14 A I have to --  
 15 Q Okay. Let's --  
 16 A I don't recall. I apologize.  
 17 Q Okay.  
 18 MR. MILLER: Madam Court Reporter, can you  
 19 pull the documents that are in folder 14 and mark it as  
 20 59, and hand it to the witness?  
 21 THE REPORTER: Yes.  
 22 (SEC Exhibit No. 59 was marked for  
 23 identification.)  
 24 THE REPORTER: (Indicating).  
 25 THE WITNESS: Thanks.

1 THE REPORTER: Uh-huh.  
 2 BY MR. MILLER:  
 3 Q Exhibit 59 is Scription Number 34. Have you  
 4 ever seen Exhibit 59 before today?  
 5 A Yes.  
 6 Q Okay. Did you authorize these 30,100,000  
 7 shares to be issued to you?  
 8 A Yes.  
 9 Q In Exhibit 58, did those shares that are  
 10 depicted and those shareholders that are depicted on  
 11 58, did they have anything to do with Scription's Form  
 12 S-1 filing?  
 13 A In that they're shareholders?  
 14 Q Yeah.  
 15 A So how --  
 16 Q Are they going to be participating in any way  
 17 in Scription's Form S-1?  
 18 A They would be shareholders for participation,  
 19 if that's what you're referring to.  
 20 MR. MILLER: Okay. Madam Court Reporter, if  
 21 you could take the documents in folder 18 and mark it  
 22 as Number 60.  
 23 (SEC Exhibit No. 60 was marked for  
 24 identification.)  
 25 BY MR. MILLER:

Page 142

1 BY MR. MILLER:  
 2 Q Have you taken -- Mr. Weinhaupt?  
 3 A Yes?  
 4 Q Mr. Weinhaupt, have you ever withdrawn any  
 5 money from the Wells Fargo bank account for Scription  
 6 for any reasons for your personal use?  
 7 A There was a transaction to help cover a bill  
 8 for ATS, and then the --  
 9 Q How much was that? How much was that?  
 10 A I can't recall. I just remember the  
 11 trans --  
 12 Q Anything -- anything else?  
 13 A Pay bills -- are you asking me what all the  
 14 transactions were? Sorry.  
 15 Q No. I'm just asking you, did you ever  
 16 authorize the withdrawal of any monies from Scription's  
 17 Wells Fargo bank accounts for either yourself or any of  
 18 your companies, like The Perfect Word, ATS or North  
 19 Alliance -- North American Alliance?  
 20 A Not to myself, but to ATS, yes.  
 21 Q How much?  
 22 A I don't recall.  
 23 MR. MILLER: Can you mark folder 31 as  
 24 Exhibit 62, and hand them to the witness?  
 25 THE REPORTER: Yes.

Page 143

1 (SEC Exhibit No. 62 was marked for  
 2 identification.)  
 3 THE REPORTER: (Indicating).  
 4 THE WITNESS: Thanks.  
 5 THE REPORTER: Uh-huh.  
 6 THE WITNESS: Okay.  
 7 BY MR. MILLER:  
 8 Q This is Bates stamped -- it's a Wells Fargo  
 9 statement Bates stamped 415 through 419. Are we looking  
 10 at the same document, sir?  
 11 A Yes.  
 12 Q Can you turn to the one that's Bates stamped  
 13 417? It's three pages in.  
 14 A Yes.  
 15 Q Do you see a withdrawal of \$5,000 on November  
 16 7th; \$5,000 on November 13th; and \$5,000 on November  
 17 20th all to The Perfect Word, Incorporated?  
 18 A Yes.  
 19 Q Did you authorize those transfers?  
 20 A Yes.  
 21 Q Was that for -- were those monies used for  
 22 Scription?  
 23 A It was used for ATS.  
 24 Q Not Scription; is that right?  
 25 A That's correct.

Page 144

1 Q Why did you withdraw those monies?  
 2 A ATS had a shortfall in the accounting  
 3 statement -- or in the accounts for paying the vendors  
 4 at that time. And because I do the banking in the same  
 5 place, I withdrew those funds to cover the vendor  
 6 payments for --  
 7 Q Did you tell anybody about that? Did you  
 8 tell anybody about that?  
 9 A No.  
 10 Q Okay. Why is that?  
 11 A Probably at the time, it didn't seem  
 12 important.  
 13 Q Okay.  
 14 MR. MILLER: Can you, Madam Court Reporter,  
 15 take folder 37 and mark it as Exhibit 63, and hand it  
 16 to the witness?  
 17 THE REPORTER: Yes.  
 18 (SEC Exhibit No. 63 was marked for  
 19 identification.)  
 20 THE REPORTER: (Indicating).  
 21 THE WITNESS: Thanks.  
 22 THE REPORTER: Uh-huh.  
 23 BY MR. MILLER:  
 24 Q Folder 37 -- the document from 37 is now  
 25 Bates stamped as Exhibit -- or is now marked as Exhibit

Page 145

1 63. Its Bates stamp number is 1428. Do you have that  
 2 in front of you, sir?  
 3 A Yes, yes.  
 4 Q It's an invoice November 20, 2013. Have you  
 5 ever seen this document before today?  
 6 A No.  
 7 Q It says, Chris Weinhaupt/The Perfect Word,  
 8 Incorporated. And it's an invoice to Scription Work  
 9 Solutions. And the description is Corporate Consulting  
 10 Services, November 2013, Total, \$5,000.  
 11 Did you perform corporate -- did you and The  
 12 Perfect Word, Incorporated, perform corporate  
 13 consulting services in November 2013, and invoice  
 14 Scription for \$5,000 for those services?  
 15 A At the end of the day, I knew -- at the end  
 16 of the day, the money was being paid to vendors that I  
 17 had on the ATS side of things.  
 18 And what's missing here in the gap is The  
 19 Perfect Word account at Wells Fargo is the one that  
 20 makes the what we call ACH payments, so the funds go  
 21 into The Perfect Word account. So I could see where  
 22 the confusion came there.  
 23 Q Who directed this to be prepared, Exhibit 63?  
 24 Did you direct it?  
 25 A I don't know.

Page 146

1 Q Who would know that?

2 A Maybe Paul.

3 Q Scription never produced this document, do

4 you know why --

5 A No.

6 Q -- to the SEC? Do you know why?

7 A No.

8 Q Did you or The Perfect Word perform corporate

9 consulting services in November 2013 for Scription, and

10 charge Scription \$5,000?

11 A No.

12 Q Are there any other invoices like this that

13 you're aware of?

14 A I don't want to make the -- not that I'm

15 aware of.

16 MR. MILLER: Okay. Madam Court Reporter,

17 could you mark the document in Exhibit 36, and hand it

18 to the witness as Exhibit 64?

19 (SEC Exhibit No. 64 was marked for

20 identification.)

21 THE REPORTER: (Indicating).

22 THE WITNESS: Thanks. Yes.

23 BY MR. MILLER:

24 Q Okay. Is this Exhibit 64, State of Alaska,

25 Certificate of Involuntary Dissolution/Revocation, is

Page 147

1 that the document you have in front of you dated

2 June 11, 2013?

3 A Yes.

4 Q And is that for The Perfect Word,

5 Incorporated?

6 A Yes.

7 Q Okay. So is The Perfect Word, Incorporated

8 current in the state of Alaska --

9 A It appears not to be.

10 Q -- with its -- were you aware of that before

11 today?

12 A No.

13 Q Besides Exhibit 62 where monies were taken

14 out of Trans -- of Scription's bank accounts and moved

15 over to The Perfect Word, were there any other

16 instances?

17 A That I moved the funds over to The Perfect

18 Word?

19 Q Yes, sir.

20 A I believe it was just that one time -- or the

21 one month.

22 MR. MILLER: Madam Court Reporter, can you

23 take the folder marked as 32 and mark that as Exhibit

24 65, and hand it to the witness?

25 THE REPORTER: Yes.

Page 148

1 (SEC Exhibit No. 65 was marked for

2 identification.)

3 BY MR. MILLER:

4 Q Exhibit 65 is a Wells Fargo statement for

5 Transtech Bates stamped 420 through 424. Is that the

6 document you have in front of you, sir?

7 A Yes.

8 Q Can you turn to the third page, please?

9 A Yes.

10 Q Do you see a withdrawal on December 19th for

11 \$10,000 to The Perfect Word, Incorporated, business

12 checking account?

13 A Yes.

14 Q Did you authorize that?

15 A Yes.

16 Q What's it for?

17 A Was this the next month after the month

18 before?

19 Q You mean on Exhibit 62? It appears to be

20 that way.

21 A That might have been all in the same -- as I

22 described before, there was a short in the ATS account

23 for paying the vendors, so that might have -- I don't

24 recall all the totals, but that's what I was doing at

25 that time, from what I recall.

Page 149

1 MR. MILLER: Madam Court Reporter, can you

2 take the document in folder 40 and mark it as 66?

3 THE REPORTER: Yes.

4 (SEC Exhibit No. 66 was marked for

5 identification.)

6 THE WITNESS: Okay.

7 BY MR. MILLER:

8 Q Okay. Number 66 is another invoice. It's

9 Ruan 542. And it's dated December 19, 2013. Have you

10 ever seen -- is that the document you're looking at,

11 Number 66, sir?

12 A Yes.

13 Q Okay. Have you ever seen this before today?

14 A No.

15 Q Are these true statements here, that Chris

16 Weinhaupl, The Perfect Word, is providing corporate

17 consulting services to Scription in December 2013 in

18 the amount of \$5,000, and corporate consulting services

19 in January 2014 for \$5,000? Is that accurate?

20 A No.

21 Q Who prepared Exhibit 66?

22 A I don't know.

23 MR. MILLER: Okay. And the last exhibit is

24 folder 32B, please. Madam Court Reporter, if you

25 could, mark that as Exhibit 67. Hand it to the

## IMPORTANT ACCOUNT INFORMATION

### Online and Telephone Transfers from a Savings Account May Be Declined

Beginning December 11, 2013, transfers from this savings account through online banking (including mobile and text) or by telephone may be declined for the remainder of the monthly statement period if the federal limit of six (6) transfers is reached. We are taking this step to help customers stay within the federal limit.

As stated in your Account Agreement, most transfers from savings accounts are limited by Regulation D to six (6) per month including transfers for overdraft protection coverage, online banking, or by telephone (automated and banker assisted). If the limit is exceeded, an excess activity fee applies and the account may be converted to a checking account.

There are no limits on transfers or withdrawals made in person at ATMs or Wells Fargo banking locations or on any types of deposits.

If you have questions, please contact your local banker or call the phone number on the top of your statement.

## Your Business and Wells Fargo

Getting ready for tax season can be a challenge! Creating a checklist, and preparing in advance will set you up for a successful meeting with your tax preparer. Remember to bring your deposit routing and account number when preparing your taxes and you may be able to take advantage of using direct deposit for your tax refund into one of your Wells Fargo checking or savings accounts.

## Account options

A check mark in the box indicates you have those convenient services with your account. Go to [wellsfargo.com/biz](http://wellsfargo.com/biz) or call the number above if you have questions or if you would like to add new services.

- Business Online Banking
- Online Statements
- Business Bill Pay
- Business Spending Report
- Overdraft Protection

Your statement includes a "Monthly service fee summary" section that gives you the ability to proactively manage the monthly service fee on your account. This section provides you with the view of your checking or savings account monthly service fee, the requirements to waive the monthly service fee, if applicable, and the current status for each requirement. You may view this information on your statement or in your secure online banking session by clicking "View Monthly Service Fee" on the left-hand navigation bar. If you'd like to schedule an account review or to learn about other accounts or services we offer, please contact Wells Fargo at 1-800-225-5335 or visit your local Wells Fargo store.

## IMPORTANT ACCOUNT INFORMATION

Primary account number: [REDACTED] ■ December 1, 2013 - December 31, 2013 ■ Page 4 of 5

---

**Online and Telephone Transfers from a Savings Account May Be Declined**

Beginning December 11, 2013, transfers from this savings account through online banking (including mobile and text) or by telephone may be declined for the remainder of the monthly statement period if the federal limit of six (6) transfers is reached. We are taking this step to help customers stay within the federal limit.

As stated in your Account Agreement, most transfers from savings accounts are limited by Regulation D to six (6) per month including transfers for overdraft protection coverage, online banking, or by telephone (automated and banker assisted). If the limit is exceeded, an excess activity fee applies and the account may be converted to a checking account.

There are no limits on transfers or withdrawals made in person at ATMs or Wells Fargo banking locations or on any types of deposits.

If you have questions, please contact your local banker or call the phone number on the top of your statement.

---

We want to let you know of the following fee change effective April 1, 2014:

- Collections - Domestic Auto Draft - \$25 per item

If you have questions about these changes, or would like a complimentary financial review to ensure that you have the right accounts to meet your financial goals, please contact your local banker or call the phone number listed at the top of your statement.
